ACROSS THE CEMETERY
Brig. Gen. FRANCIS XAVIER HUMMEL stands before a headstone:
BARBARA MCLEAN HUMMEL 1946-1996.
Hi Barb. The house sold yesterday. I know, I know, the market's depressed.
(MORE)

Anyway, I'm leaving the area. Some things I have to do. I couldn't do while you were here. Maybe you would have approved. Hell, I know you wouldn't have.
(beat)
I've tried everything and I can't seem to get their attention. But now they'll learn how it feels on the other side. Let's hope it elevates thinking.

Hummel puts new flowers on the grave. Walks off.

FOUR MARINES in black suits dive through a hole in the truckbed floor into a MANHOLE IN THE ROAD.

EXT. ARMY WEAPONS COMPOUND - FRONT GATE - NIGHT
Three ARMY M.P.s at the front GUARDHOUSE. GENERAL HUMMEL pulls up in a SUBURBAN. The M.P.s immediately recognise him and stand more rigidly.

General Hummel, sir. It's an honour. Is the Colonel expecting you, sir?

Held better be. This is a security inspection.
ARMY M. P.
Yes, sir!
The M.P. waves Hummel in, saluting crisply.

200 YARDS AWAY - TWO ARMY "MAGAZINE CHECKERS" emerge from a building with clipboards, on routine check.

INT. BUNKER SECURITY BUILDING - NIGHT

The Army M.P.s escort General Hummel inside. THREE ARMY GUARDS spring up from their SURVEILLANCE MONITORS. Everyone's nervous, in awe, rigid at attention. COLONEL CALLAHAN emerges from an adjacent room, sleepy-eyed.

COLONEL CALLAHAN
General Hummel! This is a surprise!

HUMMEL:
That's the idea, Colonel.

EXT. BUNKER COMPOUND - WATCH TOWER - NIGHT

Two marines position themselves outside the door to the bunker compound's elevated watch tower.

Marines 1 and 2, now in MAGAZINE CHECKERIS UNIFORMS, move to the BUNKER DOOR. They open the door with the Magazine checker's CODED CARDS.

INT. CHEMICAL WEAPONS BUNKER - NIGHT

Two ARMY GUARDS, playing poker, look up at the entering marines. Marines 1 and 2 walk straight up to the Army Guards, holding them at bay with M-16s.

Before any words are spoken, one of the marines injects each of the guards with a VACCINE PISTOL.

INT. BUNKER SECURITY BUILDING - NIGHT

Four more marines led by SGT. CRISP enter, holding Col. Callahan, General Hummel and the Army Guards at bay.

SGT. CRISP This is a security exercise, sir. We've fully breached and infiltrated your compound. I'm afraid you and your men are my prisoners, sir.
The marines begin cuffing the Army Guards to the radiator and taping their mouths.

SGT. CRISP

Sorry sir, you realise the importance of these exercises.

EL:

(to Callahan)

Ten men who could have been terrorists are out there doing whatever they damn well please to your compound, Colonel. Here you sit with your ass chained to a fucking radiator. This is not a tight ship. I would not want to be in your shoes in the morning.

Sgt. Crisp hits the FRONT GATE IS OPEN BUZZER and follows Hummel out of the room.

EXT. F.B.I. FIELD OFFICE, FT. DIETRICK, MD. - DAY

Establish headquarters for chemical/biological weapons.

INT. F.B.I. OFFICE - CHEMICAL/BIOLOGICAL DIVISION - DAY

A WINDOWED DOOR stencilled "Chemical/Biological Weapons Division." A RUBBER=
DART hits the glass and drops into A TRASH CAN next to the door.

ISHERWOOD (V.O.)
Son of a bitch...

GOODSPEED (V.O.)
You owe me five dollars, Marvin.

ACROSS THE ROOM - BILL GOODSPEED, 30, and partner/trainee MARVIN ISHERWOOD, 25, feet up on desks, with toy guns. This is Man's Boredom. A ceiling fan circles. Isherwood yawns; scratches neck with his gun barrel.

GOODSPEED reloads. Aims. Fires.

THE DART hits A CARDBOARD TARGET across the room which activates a Rube Goldberg series of events ending in a PLASTIC GIRL being ignited in a PAN OF CHEMICALS.

GOODSPEED, without even getting up, casually sprays the pan with flame retardant foam.

ISHERWOOD:
(yawns)
I was told this was exciting work.

GOODSPEED:
Patience, Marvin. It has its moments.

A KLAXON sounds. Isherwood smiles excitedly.

INT. F.B.I. CHEMICAL WEAPONS - BASEMENT CORRIDOR - DAY
Isherwood follows Goodspeed down a grimy, off-white corridor illuminated by antiseptic light. This is an older building. Hasn't been refurbished and shows it.

INT. F.B.I. CHEMICAL WEAPONS - LABORATORY - DAY
A medium-sized laboratory, where 5 F.B.I. TECHNICIANS are bent over tables of beakers, test-tubes, Bunsen burners, etc. The room and equipment are old and used; could be 1976 rather than 1996. Along one side of the lab is a plexi-glass wall. Inside the plexi-glass is an airlocked GAS CHAMBER. F.B.I chemists LONNER and LING motion to Goodspeed.

DR. LONNER
C'mere, Billy.
(points inside gas chamber)
A dog at J.F.K. got a whiff of something postmarked to a Bosnian refugee camp. Could be detergent, could be seran gas.
INSIDE THE GAS CHAMBER - is a LARGE WOODEN CRATE next to a TABLE OF POISON DETECTION INSTRUMENTS.

ISHERWOOD:
Bosnian refugee camp? I don't get it.

GOODSPEED:  
Half a million Serbians reside in the U.S., Marvin. Serbians don't like= Bosnians. Read a newspaper. It's good for you. Hold out your= hand.  
Isherwood does so. It's shaky.

ISHERWOOD:  
I'm okay. Really. Let's do it=  
Hold on Goodspeed's uncertain look, and CUT TO:  
INT. GAS C ER - DAY - MINUTES LATER  
The door HISSES open. Goodspeed and Isherwood, in vulcanized rubber suits and visored helmets, enter. They go to the INSTRUMENT TABLE before the crate.  
A GLASS VESSEL with tiny air holes (like a salt shaker) descends from the ceiling. Inside are COCKROACHES. .

GOODSPEED:  
Coal miners use canaries, we use those.  
Sorry guys.  
DR. LING  
(into mike)  
We have airlock, Bill. Proceed.  
GOODSPEED , (into helmet mike)  
July 1, 0.900 hours, agent william Goodspeed and agent/trainee Marvin= Isherwood. Initiating exam of a wooden crate. Suspicion of seran gas= device inside.  
Goodspeed grabs a pry-bar from the instrument table-and slowly pries open= the crate's wooden lid. He motions to Isherwood. Together they gingerly= lift the lid.  
INSIDE THE CRATE - it's filled with "UNICEF" type stuff.  
Goodspeed lifts out a HOT-PLATE. Isherwood lifts out an EGG BEATER. Gocidspeed runs a POISON SENSOR past each.  

GOODSPEED:  
Appears to be kitchen items, cleaning agents, and...  
(lifts out a sweatshirt)  
... old clothes.
ISHERWOOD:
This is thrilling
Isherwood lifts out a DOLL. Goodspeed's POISON SENSORIS
NEEDLE goes crazy... !

GOODSPEED:
Careful, coddamn it Marvin!
The doll's eyes open. Its mouth blast a PINKISH SPRAY,
hitting Goodsweet's forearm and Isherwood's palm.
OUTSIDE THE GAS CHAMBER - DR. LING stabs a button marked
"exhaust" and another marked "emergency."
A KLAXON sounds. F.B.I. TECHNICIANS race for the exit.
IN THE GAS C~ER - The pinkish gas hovers in the air.
CEILING EXHAUST FANS begin to suck it up.
IN THE GLASS VESSEL ~ The cockroaches convulse, flip in the
air and explode, guts splattering the vessel walls.

ISHERWOOD:
What's hap... what's happening....?
DR. LING looks at a DIGITAL CLOCK on the control panel.
DR. LING
Don't panic, Bill. 50 seconds and the
gas will clear. You're okay.
Goodspeed grabs the doll from Isherwood, slams it on the
table, and grabs A SCALPEL. Cuts open the doll's chest.

GOODSPEED:
I've got some bad news and some really bad news. The bad news is the gas
is=
corrosive. It's eating our suits.
ISHERWOOD looks at his RUBBER GLOVES. The rubber is
beginning to bubble and corrode.
DR. LING
What's the really bad news.
GOODSPEED peels back the doll's plastic chest, revealing: a
C-4 EXPLOSIVE DEVICE and TEN POISON AMPULES.
GOODSPEED Enough C-4 explosive to blow the chamber and enough poison gas
to=
kill everybody in the building.
Isherwood's and Goodspeed's rubber gloves are melting.

ISHERWOOD:
The acidls eating... it's eating my
fucking suit...
GOODSPEED:
Chill, Marvin.
(yells outside)
WHERE'S THE GODDAMN SPRINKLERS?
Dr. Lonner flips on the sprinklers. The pipes KNOCK. A FEW PATHETIC DROPS trickle from the SPRINKLER HEADS.
DR. LONNER
Something's blocking the pipes, Bill. When in Christ's name are they gonna=
give us a new building ...
DR. LING
Get the atropine, Isherwood. The atropine, Marvin.
Isherwood, terrified, jerks open an OVERHEAD CABINET, revealing several 6 inch needled SYRINGES.
DR. LING
You die, we all die, Bill. Inject yourself, then diffuse it.
(Goodspeed continues to inspect-the device
Goddamn it, Bill, take the antidote.
Isherwood fumbles with a huge syringe.

GOODSPEED:
Get that away from me.
(to himself)
I hate needles.
DR. LING
INJECT YOURSELF!

GOODSPEED:
LONNER, WHERE'S THE GODDAMNED WATER?
The pipes are KNOCKING, now they're COUGHING.
DR. LONNER
It's coming, it's coming ...
ISHERWOOD sinks to his knees, holding the huge syringe in front of his heart, hari-kari style, hands trembling ...
GOODSPEED concentrates on the device; his calm is unsettling. His hands= flash, grabbing instruments and performing precise, deft, functions. He= snips a wire and splices it. Another. Another.
DR. LING
(sweating it out)
Ten seconds, Bill.
Isherwood moves the syringe closer to his chest.
ISHERWOOD:
Oh fuck oh shit oh fuck THIS IS LIKE
FUCKING PULP FICTION ONLY IT'S REAL.
ISHERWOOD drops the syringe. Fumbles for another...
GOODSPEED, ice-cold, continues on the device ...
DR. LING
Five seconds, Bill, four seconds, Jesus Christ ...
GOODSPEEDIS RUBBER GLOVE is stretched to transparency. we see GOODSPEEDIS=
FLESH through the acid-eaten rubber. He makes one final cut-and-clamp. =
THE DETONATOR on the poison gas turns off.
DR. LING
Three, two... the gas is clear!
OUTSIDE THE GAS CHAMBER - GREEN LIGHTS FLASR on the control panel and A=
TORRENTIAL SPRAY soaks GOODSPEED AND ISRERWOOD. Isherwood is wide-eyed and=
trembling. Goodspeed glares at him.
DR. LING
Next time use the atropine!

GOODSPEED:
I don't like needles.
EXT. GEORGETOWN - STREETS/ALLEYWAY - DAY
The bohemian part around Georgetown U. Goodspeed heads down an alley between=
two townhouses. LOUD COUNTRY MUSIC emanates from an apt. above.
Goodspeed=
ascends.
INT. GEORGETOWN - GOODSPEED'S APARTMENT - DAY
A young woman stands in the middle of the living room, belting out a
Carlene=
Carter tune in cowboy boots, rhinestone blouse and skirt. CARLA=
PESTALOZZI, 20's, is playing guitar, accompanied by a boom=
box.

CARLA:
Every little dream I dream about you, Every little song I sing about you,
It=
drives me crazy when you go away,
(notices Goodspeed)
Wanna keep you locked up at home ...
Goodspeed walks past her into the kitchen. Carla turns down the music. Goodspeed re-enters with a Budweiser.
CARLA:
(New Jersey accent)
Hey there.

GOODSPEED:
Hey honey.

CARLA:
Wrote a new song. Wanna hear it?
Goodspeed sits heavily on the couch. Rubs his temples.

GOODSPEED:
Not now.
- CARLA
Boy, somebody's in a bad mood.

GOODSPEED:
Yeah, somebody's in a bad mood.
Carla changes the c.d.: A PUCCINI OPERA=
plays.

CARLA:
Better?

GOODSPEED:
Much better.
She sits with him. Puts her arm around him.

CARLA:
What happened baby. Tell me.

GOODSPEED:
Had a close one.

CARLA:
You want to talk about it?

GOODSPEED:
Not really.

CARLA:
You know how I feel about what you do.
GOODSPEED:
Could we change the subject?

CARLA:
That record company in Nashville wants
to hear my demo tape.

GOODSPEED:
Hey! Now there's some good news.

CARLA:
You think I'm too... ethnic for country
music?

GOODSPEED:
Carla Pestalozzi? No. Definitely not. You could have posed for the Mona=
Lisa. Sophia Loren looks Swedish next to you.
(smiles)
I hope that's a compliment. I could change my name. How 'bout Bobby Sue=
Pestalozzi? Billy io Pestalozzi?

GOODSPEED:
Stick with Carla.

CARLA:
Okay. How 'bout Carla Goodspeed?
(Goodspeed frowns)
Six years, Bill. We've lived together
six years.

GOODSPEED:
We've talked about this, Carla, we've
talked it up, down, inside and out ...

CARLA:
Billy, this probably isn't the best
time ...
Bill, I'm uhhh.

CARLA:
I'm pregnant.

GOODSPEED:
You're what ... ?
She holds up a positive home pregnancy test and cut to:

PARK RANGER JOE:
I don't think so hah hah.
Baxter draws a .45 and places it to Ranger ioe's head.

HUMMEL:
I think so.
Startled, Park Ranger Joe backs into a cell. Baxter grabs the cell door open/shut lever and yanks it. The cell doors CLANG shut. Hummel, Baxter and the others walk off.

F.B.I. Director JAMES WOMACK exits his office in a tuxedo, trailed by MARGIE WOOD, a young F.B.I. Agent.

F.B.I. DIRECTOR WOMACK

Can it wait till morning, Agent Wood,
I'm going to hear Bruce Springsteen ...

AGENT WOOD:

(re:)

In that?

F.B.I. DIRECTOR WOMACK

Christ, the concert's for the Prince of Wales or somebody ...

AGENT WOOD:

I really think you should take this
call personally.

They stare at each other and CUT TO:

54 INT.  HOOVER BUILDING - DIRECTOR WOMACK'S OFFICE - NIGHT -- Womack,= grabbing his phone.

F.B.I. DIRECTOR WOMACK F.B.I. Director Womack.

HUMMEL (V.O.)

First:

Make=
an excuse to their families and do not alert the media or there will not be=
eighty. Second: fifteen guided rockets armed with V.X. poison, are=
currently aimed at the population of San Francisco. I will call again at=
0-hundred hours and state my demands.

F.B.I. DIRECTOR WOMACK

Wait. Who is this?

HUMMEL:

Brigadier General Francis X. Hummel.

CLICK. Womack stares at the phone: calls to outer office:

F.B.I. DIRECTOR WOMACK

Mary Jane, get the Pentagon!

(to Agent Wood)

Call the San Francisco office. It seems Alcatraz was just re-opened.
Agent wood gives him a curious look and CUT TO:
INT. ALCATRAZ - INFIRMARY/COMMAND CENTER - AFTERNOON
Cpts. Hendrix, before Hummel.
Frye, and Darrow, and Sgt. Crisp at attention
Maj. Baxter at Hummell's side.

HUMMEL:
At ease, Gentlemen. It is traditional for me to meet with my officers before an operation. The heart performs one thing, the legs another, the brain another - all better function together or the body becomes ill, is prone to disease.

(beat)
Major Baxter, Gunny Crisp and I have been on the front lines since 'Nam.' Captain Hendrix was my adjutant in the Gulf. Get a haircut, Pete, you're lookin' like a beatnik.

(the crew-cutted HENDRIX smiles)
Captain Frye, Captain Darrow. You and your men are new to me.

CAPTAIN FRYE:
Would the General like a recitation of our service records?

HUMMEL:
I'm well aware of your service records, Captain, they are excellent. I want to be clear on why you - why all of us are here. You both stand to profit from this.

CAPTAIN FRYE:
Profit is not my motive, sir. I am here to redress a wrong.

CAPTAIN DARROW Yes, sir, and to learn some people a lesson.

HUMMEL:
This country has places where wrongs are redressed, Captain Darrow: They are called courts of law. In the military, they are called Courts Martial.

(MORE)
HUMMEL (cont'd)
This country has places where lessons a-re leaned. They are called schools.
CAPTAIN DARROW:
Well, sir, frankly ...

EL:
I see that I am '
(beat)

HUMMEL:
The only accurate term for what we are doing here is treason. Plain and= simple. An insurrection against a government to which we have sworn= allegiance. Everyone in this room must understand that. Hummel looks from face to face, studying each.

HUMMEL:
The question is what kind of traitor are we. Coward or lion? Benedict= Arnold, or Thomas Jefferson? I have posed that question to myself, have= answered it, and my conscience is clear. Have all of you?

HUMMELS' OFFICERS
Yes, sir.

HUMMEL:
Within thirty-two-hours you will leave this country and not return. All= of= you can live with that?

OTHER OFFICERS:
(unison)
Yes, sir.

HUMMEL:
Well, I cannot. So, regardless of what happens on this island in the= hours= ahead, I will stay.
The men exchange surprised glances.

CAPTAIN HENDRIX:
But General, you'll be prosecuted.

HUMMEL:
Yes, Captain. And I plan on conducting my own defense. it will make the= O.J. Simpson trial look like an episode of "Perry Mason." Take your= posts,
gentlemen. Semper fi.

Hummel's men fall out and exit. Baxter, the last to exit, salutes Hummel.

INT. PENTAGON - SITUATION ROOM - NIGHT

Many people around a table, each with a DOSSIER on Hummel:
F.B.I. Director Womack (still in tuxedo), F.B.I. agent Margie Wood, White House Chief of Staff HAYDEN SINCLAIR, National Security Advisor LOUIS LINDSTROM, Chairman of the Joint Chiefs GENERAL ALBERT KRAMER, Air Force General PETERSON, and C.I.A. Director MILTON AMWAY.

GENERAL KRAMER Last night Hummel and eleven marines, under the guise of a security exercise, walked off with fifteen V.X. rockets. It wasn't discovered until the shift change this morning.

GENERAL KRAMER:
Here he is in Vietnam - I think a Major at the time.

MORE SLIDES OF HUMMEL in various international theaters.

HAYDEN SINCLAIR:
Four tours in Vietnam, Grenada, Panama, Desert Storm. Three purple hearts... two silver stars and... the Congressional Medal of... Jesus.
(looks up)
The man is a hero.

GENERAL KRAMER A legend. During Tet he held off a brigade of V.C. single-handedly. Saved his whole company. Hence the nickname "gunfighter."

F.B.I. DIRECTOR WOMACK
What was this book Hummel wrote on Vietnam? Anybody read it?

RAYDEN SINCLAIR:
No. Give me the skinny.

GENERAL KRAMER:
The "skinny," Mr. Sinclair, is that the U.S. should have either won the war or gotten the hell out of Vietnam and stopped wasting American lives. I happen to share General Hummell's view.
The door opens. A NAVAL ATTACHE pokes his head in.

NAVAL ATTACHE:
General, it's him.
The call connects to a phone on the table.

**GENERAL KRAMER:**
Frank, this is Albert Kramer.

**HUMMEL:**
Hello Al. How're Judy and the kids?

**GEN'ERAL KRAMER**
They're fine. I'm with General Peterson, F.B.I. Director Womack, Chief of Staff Sinclair, Security Advisor Lindstrom, and C.I.A. Director Amway. You've got a lot of people worried, Frank. Can you help us out?

**INTERCUT - PENTAGON and ALCATRAZ as necessary.**

**HUMMEL:**
I'll come straight to the point, General Kramer: Eighty-three Force Reconnaissance Marines have died under my various commands. Forty-seven in northern Laos and southern China ...

**HAYDEN SINCLAIR**
Southern China? We never admitted we sent troops into China.

There is a pause.

**HUMMEL:**
Who is that. Identify yourself.
Everyone stares at Sinclair.

**HAYDEN SINCLAIR**
White House Chief of Staff Sinclair, General.

**HUMMEL:**
How old are you, white House Chief of Staff Sinclair.

**RAYDEN SINCLAIR:**
I'm thirty-three.

**HUMMEL:**
Well White House Chief of Staff Sinclair, by your ninth birthday I had led over two hundred incursions into China and personally killed that many of the enemy.

(MORE)

**HUMMEL (cont,d)**
General, put some duct tape over Mr. Sinclair's fat, ignorant mouth. He has shit for brains and he is wasting my time.

Sinclair's irritation is relieved by the Naval Attache,
entering again, who hands him a phone and whispers:

**NAVAL ATTACHE:**
The President calling from Moscow.
Sinclair walks to the far corner of the room with the phone, speaking sotto voice.

**GENERAL KRAMER:**
Continue Frank.

**HUMMEL:**
Eighteen others died in covert, illegal operations in Chile and El Salvador.=

Remember the Gulf War. Those pretty "smart bomb" pictures on C.N.N.? My=
men lased those targets. Ten were left to rot outside Baghdad when the= conflict ended - and let's not even mention Mogadishu, gentlemen. No= benefits were paid to their families; no medals conferred. These men died= for their country and they weren't even given a coddamn military= burial.

(beat)
This situation will not stand: you will transfer 100 million dollars from a= Grand Cayman "Red Sea Trading Company" account to an account I designate. =

From these funds, reparations of one million dollars will be paid to each= of the 83 marines, families. The rest of the money will pay for my= outfit's expenses. Am I clear?

**F.B.I. DIRECTOR WOMACK**
Except for the Red Sea Trading Company.
What is that?

**HUMMEL:**
Identify yourself.

**F.B.I. DIRECTOR WOMACK**
F.B.I. Director Womack, General.

**HUMMEL:**
You'll be particularly interested: It's a slush fund where the Pentagon= keeps proceeds from illegal arms sales.

**GENERAL KRAMER:**
Frank, Jesus, this is classified information.
WOMACK:
(stunned)
Is this true?
General Kramer, embarrassed, nods yes.

HUMMEL:
If you want the money back, you'll have to tell the attorney General and the=
boys down at Justice where it came from. Good luck.
Hayden Sinclair returns to the table.

HAYDEN SINCLAIR:
General, I've just spoken to the President and he is clear as hell on this:=
We will not negotiate with you and we do not care if ...

HUMMEL:
Someone please gag that man.
(beat)
Alert the media, I launch the gas. Refuse payment, I launch the gas. It is=
just after midnight. You have 36 hours - all of today and half of=
tomorrow, until 12 noon - to transfer the money. Don't even consider the=
standard countermeasure, General.

GENERAL KRAMER:
What's the potential casualty rate of a single rocket armed with V.X.,=

GENERAL PETERSON
In a dense urban area, sixty, seventy ...

RAYDEN SINCLAIR:
Well that's not so bad ...

I GENERAL PETERSON
Thousand. Seventy thousand. Dead. one teaspoon will kill all living=organisms in a three story office building. Get the point?

F.B.I. DIRECTOR WOMACK
What did Hummel mean by ',standard countermeasure," General?

GENERAL PETERSON
Napalm. Standard poison gas can be neutralized by napalm. It burns it up=-- consumes it upon detonation. The problem is that V.X. gas is ten times=
more toxic and designed to withstand napalm. Hummel must know about
Willy=
Peter, General.

GENERAL KRAMER:
'Course he does.
(explaining to others) "Willy Peter," short for "White Phosphorous=
Incendiary Device," still in its test phase. It detonates at 6,000=
degrees, enough to burn up V.X.
(dawning on him)
That explains Hummells time frame. He knows we're not operational. What=
would it take, General?
GENERAL PETERSON
To equip a flight of F-16s with Willy Peter in 36 hours? An act of=
God.
(off Kramer's look)
All right, we can trv. But view the use of Willy Peter as a secondary=
initiative.

GENERAL KRAMER:
Then on to our primary initiative.
(hits intercom button)
Send in S.E.A.L. Team Leader Anderson.
(to F.B.I. Womack)
Who's your best chemical biological
man?

AGENT WOOD:
(rises)
I'll find out.
F.B.I. DIRECTOR WOMACK
Tell him to pack a bag for San
Francisco.
EXT. GOODSPEED'S HOUSE - ROOFTOP - NIGHT
Tarpaper and gravel roof. Candles burning. Loretta
Lynns "Stand by Your Man" on the boom box. AMONGST THE
RUSTY SUPPORT SCAFFOLDS of an old sign from the 120's --
CARLA and GOODSPEED are, to put it delicately, madly
passionately athletically fucking. Standing up. They both
have robes on. A CORDLESS PHONE RINGS. Again.

CARLA:
Don't stop... do no stop.
GOODSPEED:
Shit, shit, shit what time is it.
(fumbles for phone)
Hello.
(pause)
I'll be downstairs in ten minutes.
Goodspeed hangs up. The couple stares at each other.
Carla's seen this look before ...

GOODSPEED:
I've got to go to San Francisco.

CARLA:
No. I'm sorry, but NO. I need you here with me. We need to talk about ...
this...

GOODSPEED:
I've got to go.
She grabs his arm.

GOODSPEED:
I can't... I cannot deal with this right now ...
(softly)
Bill, I am very Catholic. And very pregnant. And very unmarried. Help me= with this.
She turns away from him. He pulls her back...

GOODSPEED:
I love you. I will marry you. I just didn't plan on this, that's all.=

Tell you what:

CARLA:
Really? (smiles) Really?

GOODSPEED:
It's probably just a training exercise. Check into a hotel, order up some= champagne, I'll finish up my business and ...

CARLA:
... We'll finish what we started. Baby, are you sexy in those boots ...
Goodspeed walks off in COWBOY BOOTS, robe and boxers,..
INT. PENTAGON - SITUATION ROOM - NIGHT
U.S.N. commander CHARLES ANDERSON, 35, just the hardest looking man you've ever seen, stands before the group. Anderson is a Navy S.E.A.L., an Incursion Team Leader. Before Anderson are AERIAL RECON PHOTOS of Alcatraz.
COMMANDER ANDERSON
A precision night drop is out due to the full moon. Likewise on a frontal,

**seaside attack:**

in=

command is working on an attack from within the prison.
(beat)
The idea is to penetrate the tunnels under the prison, undetected, emerge in=

its center, and jump the marines from behind - take their rocket positions=

without a shot fired. But I need better intelligence.

**GENERAL KRAMER:**
You've studied the architectural plans.
COMMANDER ANDERSON
They're useless. Alcatraz was originally a Civil War fort. It's been ripped up and rebuilt for years. Under there is a maze of shit, excuse my=

language.
(beat)
What I need is personal, firsthand intelligence on the island's=

 tunnels.
CAMERA FOCUSES ON F.B.I. Director Womack, who gives a very significant look to C.I.A. Director AMWAY.

**GENERAL KRAMER:**
The former warden?

**AGENT WOOD:**
Died in 1979. The guards we contacted are useless. There was a janitor,=

"Alcatraz Al,ll worked there for twenty years, but he died in=

1983.
GENERAL PETERSON Didn't three guys escape? I thought I saw a movie about=

it.
AGENT WOOD It's a Hollywood myth. No one's escaped Alcatraz and=

lived.
F.B.I. Director trades a very significant look with C.I.A. Director AMWAY.

Amway clears his throat. He is older, very old school. Everyone turns to him.

C.I.A. DIRECTORY AMWAY
There is someone who can help us.

F.B.I. DIRECTOR WOMACK
The C.I.A. Director and I have something to discuss in private.

Womack and Amway rise and exit together. Everyone else sits there, confused.

INT. PENTAGON - CORRIDOR - NIGHT
Womack and Amway exit into the corridor. They huddle tightly against the wall. Sotto voice: -

F.B.I. DIRECTOR WOMACK
You're not actually suggesting ...

C.I.A. DIRECTORY AMWAY
The man spent every night for six months making a dry-run of his escape. He knows every inch of that island. We have to, Jim.

F.B.I. DIRECTOR WOMACK
I am very uncomfortable about this.

INT. WOLFBURG PENITENTIARY - CELL BLOCK - NIGHT
A long row of cells. CAMERA slowly DOLLIES past cell after cell. Sullen INMATES stare blankly at us ...

F.B.I. DIRECTOR WOMACK (O.S.)
I knew, I knew someday, this would come back to bite us.

CAMERA moves through a door marked "ISOLATION." At the end of a gloomy corridor is a CAST-IRON DOOR.

BACK TO THE PENTAGON CORRIDOR

C.I.A. DIRECTORY AMWAY
it won't bite anyone - if handled correctly. When was the last time you saw him?

F.B.I. DIRECTOR WOMACK
when he escaped from San Quentin.

C.I.A. DIRECTORY AMWAY
The man was an S.A.S. trained killer.

BACK TO WOLFBURG - IN THE ISOLATION CELL

TWO FEDERAL MARSHALS open the cell.'s steel locking bar. They push open the door. Dark inside. A MAN sits on the bed.

C.I.A. DIRECTORY AMWAY
Can we risk letting him out?

A SHAFT OF LIGHT cuts across the cell floor.

C.I.A. DIRECTORY AMWAY

The question is:

THE SHAFT OF LIGHT slices the face of JOHN PAUL MASON. He is British, at least once was, imprisoned without trial for 33 years on U.S. soil. For now, we have no idea why.

EXT. WASHINGTON D.C. - DULLES AIRPORT HANGAR - MIGHT

Raining. An F.B.I GULFSTREAM 4 JET sits on the tarmac.

EXT. F.B.I. GULFSTREAM - NIGHT

F.B.I. Director Womack sits with FRANCIS REYNOLDS, 30, an Assistant U.S. Attorney from the Justice Dept. Goodspeed sits across the aisle.

F.B.I. DIRECTOR WOMACK

I'm told you're our best chemical weapons man, Goodspeed. What's your education?

GOODSPEED:

F.B.I. DIRECTOR WOMACK

Excellent. What do you know about V.X. gas?

Pause. Goodspeed stares at Womack.

GOODSPEED:

This isn't a training exercise, it it sir.

F.B.I. DIRECTOR WOMACK

No Goodspeed. It's not a training exercise.

HOLD ON GOODSPEEDIS reaction, and CUT TO:

EXT. SAN FRANCISCO - FEDERAL BUILDING - DAWN

Dawn breaks over San Francisco. A BLACK SEDAN and BLACK SUBURBANS pull up to the F.B.I.'s West Coast office. Goodspeed, Womack and Reynolds get out, go inside.

INT. F.B.I. - OBSERVATION ROOM - MORNING

We watch MASON being led into an INTERROGATION ROOM, his legs in irons, his hands cuffed behind him.

'We are watching through a TWO-WAY MIRROR, and WIDEN TO: Womack, Goodspeed,'

Reynolds and ERNEST SANCHEZ, S.F. Bureau Agent in Charge, are watching Mason. Sanchez is a gruff guy with the subtlety of a heart=
The following is a state secret. Disclose it to any party and you will be subject to prosecution. His name is John Mason. A British national incarcerated on Alcatraz island in 1962, escaped in 1963.

AGENT SANCHEZ:
Director, no one's ever escaped from Alcatraz ...

F.B.I. DIRECTOR WOMACK
I'm telling you facts, Agent Sanchez. Do not argue and do not question. He was recaptured and sent to San Quentin, from which he escaped in February, 1976. He's been held at Wolfburg since. He has no identity. He does not exist. Understood?
(turns to Sanchez)
I want one thing: how he escaped Alcatraz - specifically the route he took through the island's tunnels.

AGENT SANCHEZ:
You want him conscious or unconscious afterward?

F.B.I. DIRECTOR WOMACK
Don't even entertain it. This man laughs at strong arm tactics. dodium pentathol doesn't work either.

GOODSPEED:
Why, is he going to help us now?

U.S. ATTORNEY REYNOLDS
(hands Womack PARDON)
Mason's papers are in order, sir.

F.B.I. DIRECTOR WOMACK
Because I'm willing to give him what he wants, Goodspeed - a full pardon.

AGENT SANCHEZ:
Steep price for some information.
(waves pardon away)
I don't need that to get what you want.

F.B.I. DIRECTOR WOMACK
Sanchez - try subtlety.
AGENT SANCHEZ
It's my middle name.
(to Goodspeed)
Watch kid, maybe you'll learn something.
Sanchez exits.
F.B.I. DIRECTOR WOMACK
(grumbles)
I ask for an interrogator and what do I get ...

IN THE INTERROGATION ROOM - MASON
looks around. He focuses on the mirror. He stares right through at GoodsDeed. Goodspeed is fascinated, unnerved.

GOODSPEED:
(to himself)
Jesus look at this quv.

INT. F.B.I. - INTERROGATION ROOM - MORNING
Sanchez walks in, sipping coffee. Mason sits there,= eyes forward.

SANCHEZ:
I'm F.B.I. Special Agent in Charge Sanchez.
Sanches sits. Mason stares at the table.

MASON:
In charge of what? Fucking me over for another three decades?

SANCHEZ:
(congenial)
Hey. Easy. I just want to talk.

MASON:
You know what F.B.I. stands for Sanchez? Fucking Bloody Idiots. I don't= want to talk to you.
A pause. Sanchez glares at Mason.

SANCHEZ:
Just some questions about Alcatraz. It's a tourist attraction now. You= remember Alcatraz, Mason.
The word "Alcatraz" registers with Mason.
MASON:
Do I remember Alcatraz.

SANCHEZ:
Not the island itself. The tunnels underneath it.

IN THE OBSERVATION ROOM
F.B.I. DIRECTOR WOMACK
Real subtle, Sanchez ... 

IN THE INTERROGATION ROOM

SANCHEZ:
There's no harm in cooperating with us.

MASON:
Who's "us?" F.B.I.? C.I.A.? Why should I do that?

SANCHEZ:
Maybe there's a gift in it for you.

MASON:
(to the mirror)
Timeo danaos et dona ferentes.

THE OBSERVATION ROOM
Goodspeed smiles slightly:

GOODSPEED:
"I fear the Greeks even when they bring gifts."

THE INTERROGATION ROOM

MASON:
Are you capable of reading, Sanchez? Sanchez is getting flustered.

SANCHEZ:
I don't have time for this shit... (pause; stares at mason) Yes. I can= read.

MASON:
The story of Alchimadus. Know it?

SANCHEZ:
GOODSPEED:
(to himself)
Ancient Greece. Alchimadus was imprisoned by his king.

THE INTERROGATION ROOM

MASON:
Thomas a Beckett. Heard of him?

SANCHEZ:
Maybe. Not really.

THE OBSERVATION ROOM

GOODSPEED:
(to himself)
Archbishop of Canterbury. Imprisoned and executed by Henry the Second ...

THE INTERROGATION ROOM

MASON:
Solzhenitsyn. I've a sneaking suspicion you've heard of him.

THE OBSERVATION ROOM

GOODSPEED:
(to himself)
Russian poet and dissident exiled to Siberia.

THE INTERROGATION ROOM
Sanchez draws a blank on Solzhenitsyn.

SANCHEZ:
Look, I'm asking the fucking questions here.

(beat)
You can trust the F.B.I.

MASON:
That's a good one, Sanchez. What do you call a F.B.I. Agent who can't tell a lie? A mute.

Mason turns away. As if Sanchez no longer exists.
Suddenly, over a wall-mounted INTERCOM:
U.S. ATTORNEY REYNOLDS (V.O.)
Uhm, Agent Sanchez, could we have a word with you?

SANchez:
Here, call your lawyer and tell him you're going back to jail.
Sanchez tosses a quarter on the desk and exits.
IN THE OBSERVATION ROOM
F.B.I. DIRECTOR WOMACK
Impressive, Sanchez.

GOODSPEED:
You mind if... uhm.... I take a shot?

SANchez:
He'll eat him alive.
F.B.I. DIRECTOR WOMACK
He's already had you for the first course.
(hands Goodspeed the pardon)

WOMACK:
Go.
Goodspeed takes the pardon, goes for the door.
THE INTERROGATION ROOM
GOODSPEED enters. He's completely out of his element, has no idea what he's doing, and is-suddenly face-to-face with this.... Mason creature.
The two men regard each other.

GOODSPEED:
Take his cuffs off.
The Marshal uncuffs Mason's wrists. Mason rubs his wrists, staring now at Goodspeed.

MASON:
Who the fuck are you, Mother Theresa?
So much for Goodspeed's confidence.

GOODSPEED:
No actually, I'm Bill Goodspeed.
(rallys)
Mr. Mason, we really need your help. That's a pardon and release contract=
from the Attorney General's office. It makes you a free man, provided you cooperate.

He slides a ballpoint pen across to Mason. Mason looks at the pen, then Goodspeed.

**MASON:**
What do you do for the F.B.I., Goodspeed.

**GOODSPEED:**
(lying)
I'm a field agent.

**MASON:**
Tell me what you really do.

**IN THE OBSERVATION ROOM**
F.B.I. DIRECTOR WOMACK
Don't answer that, Goodspeed ....

**IN THE INTERROGATION ROOM**

**GOODSPEED:**
I'm a chemical biological weapons expert.

**MASON** registers this information....

**73 IN THE OBSERVATION ROOM**
F.B.I. DIRECTOR WOMACK
Stupid, stupid, stupid ....

**IN THE INTERROGATION ROOM**

Mason stares at the pardon contract, thinking.

**MASON:**
You said I'd be a free man. Define free.

**GOODSPEED:**
Uhm, well, emancipated. Unfettered.

**MASON:**
I know what the fucking word means, idiot. In this context.

**GOODSPEED:**
I don't understand....
MASON:
During the time I cooperate, will I be outside? Outside a jail?

GOODSPEED:
Well yes I suppose ...

MASON:
You suppose?

GOODSPEED:
Yes. You'll be outside.

IN THE OBSERVATION ROOM
F.B.I. DIRECTOR WOMACK
Don't give away the farm, Goodspeed.

IN THE INTERROGATION ROOM

MASON:
What's happening on Alcatraz, Goodspeed?

GOODSPEED:
A hostage situation. A matter of life and death.
Mason thinks. He picks up the pen.

MASON:
(looks at mirror)
Then on one condition: a minimum of two hours in the Fairmont Hotel - I trust it still exists. I want a shower and a new suit of clothes.

GOODSPEED:
I think we can arrange that.

With that Mason picks up the pen and signs the pardon contract. He hands it to Goodspeed, who exits. Mason turns toward the mirror, staring right through.

INT. F.B.I. ~ OBSERVATION ROOM ~ DAY
Sanchez and Goodspeed enter. Goodspeed hands U.S. Attorney Reynolds the signed pardon contract.

SANchez:
Why didn't you throw in a trip to Fiji?
U.S. ATTORNEY REYNOLDS
I'll have this forwarded to the
President, Director.
F.B.I. DIRECTOR WOMACK
No. You'll give it to me.
(pause)
Give it to me, Reynolds.
Reynolds reluctantly hands the pardon to Womack.
F.B.I. DIRECTOR WOMACK
(to Sanchez)
Show Attorney Reynolds outside there's a car waiting for him. And Sanchez
-

I'll handle the next stage.
Sanchez leads the perturbed Reynolds out. Goodspeed and
Womack are alone now. And WOMACK tears up the pardon

GOODSPEED:
Sir, that's a legal document.
F.B.I. DIRECTOR WOMACK
I'll decide what's legal, Goodspeed.
Over WOMACK'S SHOULDER, GOODSPEED WATCHES AS --
IN THE INTERROGATION ROOM - MASON

places THE QUARTER on the floor. He raises his metal chair;
SLAMS it down on the quarter.

GOODSPEED:
Sir, those references to Alchimadus, Beckett, Solzhenitsyn: all had=
something in common.

GOODSPEED watches MASON over Womack's shoulder.
IN THE INTERROGATION ROOM - MASON
picks up the coin. It has a DEEP BURR in it. He moves to
the mirror; begins carving into the glass.

GOODSPEED:
They were imprisoned for doing nothing
wrong. What's going on, sir?
GOODSPEED watches MASON over Womack's shoulder.
F.B.I. DIRECTOR WOMACK
You're out of your depth, Goodspeed. You are on a need to know basis and=
you do not need to know.
MASON has etched a circle in the mirror. He slams his elbow
against it. The glass caves in, CRASHES to the floor.
Goodspeed and Womack whirl around, startled. Mason leans
into the observation room.
MASON:

**one more thing:**
(see womack)
Hello Womack.
Mason and WoMack stare at each other and CUT TO:

EXT. MOJAVE - DESERT FLATS - MORNING
A hot desert-vista. Miles of nowhere. A DODGE sits under a tripod. Suspended from the tripod, a BLINKING DEVICE.
The device DETONATES, showering the car with WHITE HOT BURNING LIQUID and amazingly, the car melts into a pool of molten steel, disintegrating to ash, which blows across the desert.

50 YARDS AWAY - U.S.A.F. LT. JIMMY FISK and CPT. LARRY GILER (both late 20's) emerge from the heat waves in heat-reflective suits, walking toward A=
HEAT PROTECTIVE BUNKER (a wall coated with heat reflective metal.)
BEHIND THE BUNKER
U.S.A.F. General Peterson watches with other Air Force OFFICERS and TECHNICIANS.
Fisk and Giler enter, pulling off their suit hoods. Their faces are beet red from the heat.
CPT. GILER
What it's all about, sir: Willy Peter burns steel, burns titanium; it'll sure burn up your poison and everything else in the atmosphere.
GENERAL PETERSON I need four F-16's equipped with air-to-ground missiles within...
(consults wristwatch)
.... twenty-six hours.
LT. FISK
Let me name some things that are more possible, General, with all due=

**respect:**
getting a=
parking space at Yankee Stadium, marrying Sharon Stone ...
CPT. GILER
Can't do it, General.
GENERAL PETERSON
You can. And you will.
General Peterson walks off.
CPT. GILER
Get yer minds off Budweiser, baseball, and broads, fellahs - we're goin, round the clock!

CUT TO:
INT., F.B.I. VAN - BACK COMPARTMENT - DRIVING - MORNING

A van with no windows. Mason is shackled to a steel loop at one end of the seating bench. GOODSPEED sits across from him, a CELLULAR PHONE at his ear.

THREE F.B.I. AGENTS (CORD, STAR and HUNT) sit down the bench, talking amongst themselves.

CARLA (V.O.)
(recorded voice message)
Hi! Bill and Carla ain't in! State your business! Make it interesting!

GOODSPEED:
(into phone)

Listen Carla:
don't come to San Francisco.
CLOSE ON MASON, watching Goodspeed, picking up anything he can from the conversation.

INT. GOODSPEED'S APARTMENT - DAY
CARLA stands in the threshold of the apartment, watching the answering machine --
GOODSPEED (V.O.)
(on the machine)
I repeat, don't come to San Francisco.

CARLA:
Like hell I'm not...
She exits, slamming the door.

INT. F.B.I. VAN - BACK COMPARTMENT - CONTINUOUS
Goodspeed clicks off the phone, thinking, nervous.
GOODSPEED notices that MASON is staring at him.

MASON:
(sotto)
Who's Carla? And why don't you want her to come to San Francisco?
Goodspeed doesn't answer. He notices the F.B.I. AGENTS staring at Mason and him. He straightens up.

GOODSPEED:
You're on a need to know basis and you don't need to know.
MASON:
You learn that line in Cub Scouts,
Goodspeed?

The van STOPS:
SERVICE ENTRANCE.
INT. FAIRMONT HOTEL - PENTHOUSE SUITE - DAY
Top floor suite with a private elevator. Grand, with French doors leading to a balcony. Director Womack, Goodspeed and F.B.I. Agents Star and Hunt are in the room. Jackets off, shoulder holsters on.

F.B.I. DIRECTOR WOMACK
I personally picked this suite.
(points at elevator)
Only one exit.

IN THE SUITE'S BATHROOM
Steamy, from the shower. F.B.I. Agent Cord sits on the sink. MASON'S VOICE = emanates from the shower. He's singing some ditty off-key. But Mason isn't washing.

INSIDE THE SHOWER STALL
-- Mason's tampering with the BELL HOUSING of THE RETRACTABLE CLOTHESLINE on the shower wall.
Mason pops off the bell-housing. he pulls out the nylon clothesline cord (it's thick, about 10 ft.) and rips it from the bell housing. Tests its strength.
Satisfied, he knots A NOOSE on one end of the clothesline cord, then coils.

IN THE BATHROOM - MASON emerges from the shower wearing a huge hotel bathrobe.
Cord hands him a SUIT OF CLOTHES. Mason inspects them.
MARSHAL CORD Put 'em on. You've got forty-five minutes.

MASON:
You going to stand there and watch?

MARSHAL CORD:
That's right.

MASON:
well if it excites-you ...

MARSHAL CORD:
Put the goddamn clothes on.

IN THE SUITE'S LIVING ROOM
Womack is dumping the contents of a BARBERIS BAG on the sideboard.
Hands THE HOTEL BARBER, a swishy guy, a COMB, ELECTRIC TRIMMER and BIB. The BARBER frowns.

BARBER:
I can't do a decent job with these.
F.B.I. DIRECTOR WOMACK
That's all you get.

BARBER:
I'm an artist, not a barber.
F.B.I. DIRECTOR WOMACK
(holds up scissors)
without these he can't stab you in the throat.
MASON, dressed, emerges from the bathroom. Motions the barber toward the balcony.

MASON:
Shall we do this outside? In the sunshine?
The barber gulps. Follows Mason onto the balcony.
ON THE SUITEIS BALCONY
Mason sits in the sun on a balcony chair. Bib on.

BARBER:
How would you like it sir?

MASON:
whatever's in style.

BARBER:
oh fabulous. You look shabby. Shall I snip and cut the shabbiness away?
The barber begins trimming Mason's hair...
THE BALCONY - SOME MINUTES LATER
Mason's hair and beard are neatly trimmed. The barber holds a mirror up; Mason examines himself.

MASON:
Good. Thank-you.
The barber stands. Clears his throat. Rubs his thumb and forefinger together.
MAISON:
Yes of course. My secretary will take
care of you.
(to Agent Star)
See to the good man will you?
Agent Star, glaring at Mason, leads the Barber out.

MAISON:
What say we bury the hatchet, Womack.
Mason extends his hand. Womack looks at it. As Womack reluctantly takes=
Mason's hand, MASON slides the noose over Womack's wrist. He yanks it=
tight and shoulders director womack bodily over the balustrade.

MAISON:
In Your head.
Womack plunges, HOWLING, 9 stories to his death. No, he only falls 10 feet.=
SPROOOOING he stops, hanging by his wrist off the side of the building,=
held there by --
-- MASON on the balcony, clutching the other end of the
nylon clothesline, staring at Goodspeed.

GOODSPEED:
Jesus... JESUS CHRIST....
Goodspeed fumbles for his gun. Finally unholsters it.
DIRECTOR WOMACK, hanging below, is SCREAMING.
MAISON -
Drop the gun or I'll drop your boss.

EXT. FAIRMONT HOTEL - ACROSS THE STREET - DAY
Two F.B.I. AGENTS, loitering by their vehicle, look up at
WOMACK, dangling off the side of the building.
F.B.I. AGENT
Holy shit, we got a jumper.
F.B.I. AGENT 2 raises binoculars to his eyes.
F.B.I. AGENT 2
Looks like.... Womack...!

ENT. FAIRMONT HOTEL - PENTHOUSE SUITE - DAY
Mason and Goodspeed as before.

MAISON:
Whoops ....
I'm feeling tired .... Whoops ....
mason lets Womack drop a foot.
Womack SCREAMS!
Goodspeed drops his gun and grabs the clothesline. MASON bolts from the balcony into the suitels library.
AGENT STAR sprints onto the balcony. Star and Goodspeed begin hauling Womack up as -- 
MASON steals through the suite, through the vestibule, and into the elevator.
ON THE BALCONY - Agent Star and Goodspeed hoist Directory Womack, red-faced= and sputtering, over the railing. Goodspeed grabs Star's= walkie-talkie.

GOODSPEED:
All units, this is Caretaker. WE'VE GOT A SIGNAL SIX. Mason's in the= elevator! Let me know where he stops!
INT. FAIRMONT HOTEL - BASEMENT - HOTEL KITCHEN - DAY
Mason exits the elevator. The kitchen is bustling with COOKS AND BUSBOYS. =
Mason moves toward the side exit. Two F.B.I. AGENTS enter. Mason ducks= into the dishwashing room. Waits for the Agents to run past.
Mason emerges, running right into..... GOODSPEED.
WHAMM. MASON'S FIST slams into Goodspeed's jaw. Goodspeed goes down on the=
huge dishwasher. Mason moves off quickly toward the side exit.
EXT. FAIRMONT HOTEL - SIDE EXIT - DAY
Mason exits the hotel. 20 feet away is the PARKING VALET. 10 incredibly fast=
expensive European cars are waiting to be parked. First in line, however,=
however,=
is a E.
EXT. FAIRMONT HOTEL - SIDE EXIT - DAY
Goodspeed exits, looking at MASON getting into the HUMVEE.
The Humvee explodes out of the hotel driveway.
GOODSPEED shouts to the F.B.I. AGENTS across the street:

GOODSPEED:
That Is him!
The F.B.I. SEDANS ROAR off after Mason.
Goodspeed looks around. A Ferrari sitting there.
Goodspeed gets behind the wheel.
THE FERRARI blasts out of the driveway after the Humvee.
EXT. SAN FRANCISCO - STREETS - DAY
The HUMVEE lumbers up to a traffic light. Stops behind several vehicles ahead.
INT. MASON'S CAR - DRIVING - DAY
mason looks-up in the rear vie'w mirror. The F,B.I. SEDANS are behind him, closing fast. Mason rams the stickshift into gear; throws the wheel.

EXT. SAN FRANCISCO STREET - DAY
MA.SON'S HUMVEE veers to the side and CLIMBS OVER a parked, day-glow painted VW BEETLE, squashing it's hood. The Humvee ROARS through the intersection, leaving -- The F.B.I. SEDANS and GOODSPEEDIS FERRARI trapped at the light behind the other cars.

EXT. THE STREET AHEAD - DAY
MASON'S HUMVEE plows through traffic, hitting the left and right bumpers of the cars in front of it, knocking them aside. It blows through ten cars like ten-pins.
GOODSPEEDIS FERRARI slaloms through the Humvee's wake of dented cars and accelerates after the Humvee.
TWO POLICE PATROLMEN scramble into their cruisers, throwing on the CHERRY TOP LIGHTS.
The CRUISERS charge after the Humvee and the Ferrari.

EXT. SAN FRANCISCO STREETS (HILL #1) - DAY

GOODSPEED:
Shit shit SHIT SHIT ...

ISHERWOOD:
Two guys. Joseph Wainwright, and a.... they don't have a name, just

GOODSPEED:
Hit nine nine nine nine.

ISHERWOOD:

ACROSS THE PARK - JADE ANGELOU enters a city park with a rotunda of classical design. A walk-way under massive Corinthian columns. She moves through the rotunda.

MASON sees her. He steps behind the column as she passes. There is a moment of indecision. Mason looks at THE PIECE OF PAPER in his hand.

MASON:
Jade.
Jade Angelou stops cold. Slow-ly turns. And regards Mason.

ACROSS THE ROTUNDA - GOODSPEED sees Mason and Jade. he stealthily moves toward them.

BY THE COLUMN - MASON AND JADE
Jade approaches Mason tentatively. He is stunned by her.
By her beauty, her bearing, her likeness to 'him.

MASON:
Hello. Yes. It's me.

JADE:
I uhm... I'm not quite sure what to say.
This is all a bit much ...
Several POLICE CARS ROAR past, sirens BLARING. Mason pockets the PIECE OF PAPER.

MASON:
Let's uhm... let's walk a ways.
They walk off next to a TALL HEDGE. GOODSPEED follows on the other side of the hedge. INTERCUT between Mason and Jade, and Goodspeed eavesdropping.

GOODSPEED pulls out his cellular phone, begins punching numbers.

JADE:
So how long have you been out?

MASON:
A while.

JADE:
A while. And you didn't call? You are free now, right?

MASON:
I'm here with you, aren't I?

JADE:
Why now? I mean why today.

MASON:
I was driving through San Francisco. I decided it was time.

JADE:
Well there's not a lot I know about you other than you escaped from San Quentin, had a four day affair with my mother, and I'm the result. You can imagine I'm pretty confused.

MASON:
I tried to explain in my letters.

JADE:
Ahh. You letters. They weren't very easy to follow.
She fishes in her pocket. Pulls out A LETTER. WHOLE SECTIONS OF THE LETTER have been scissored out. Mason. frowns.

MASON:
I see.
(grumbles)
Bloody prison censors.

JADE:
How about explaining now?
In the b.g. we HEAR POLICE SIRENS. Mason looks around.

MASON:
Maybe this isn't the best time...
(off her look)
.Jade. Here sit down.
Mason and Jade sit on a bench. MORE SIRENS in the b.g.
Mason looks off nervously.
MASON:
All will be explained. You must trust me on this.
(MORE)
MASON (cont'd) Someday very soon, after I get a few things settled, I will come back for you. What I need to know is: do you want me in your life?

JADE:
How can I answer that? I don't know if we can.... after 19 years, just start like that.

MASON:
We are the same blood.

JADE:
But I don't know you.

MASON:
where to begin.
(sighs)
My name is John Paul Mason. I'm Scottish. I attended Dartmouth Naval College. My favorite color is green. I like books. I like a good joke. =At one time I shot a pretty fair round of golf. I'm in my 60's and I've been in jail half my life.
(jade looks away)
Maybe it's better I go.
She smiles. Puts her hands on his.

JADE:
No. You're doing okay.
Police sirens BLARE. And the entire park is suddenly surrounded by F.B.I. AND POLICE VEHICLES.

JADE:
You lied to me.
Goodspeed approaches. Mason makes no attempt to move. Jade turns to him.

GOODSPEED:
(flashes his I.D.)
F.B.I. miss. Your father is working with us. He's helping us resolve a....
(looks at Mason)
... dangerous situation.

JADE:
He is?

GOODSPEED:
Yes malam. We've got to go, John.
Mason extends his hand to Jade. She takes it.

MASON:
Jade - remember what I said.
They hug. Then Mason walks off with Goodspeed and --
-- Jade opens her hand, revealing the PIECE OF PAPER upon
which Mason wrote his instructions.
ACROSS THE PARK - F.B.I. AGENTS STAR and CORD run=
up.

GOODSPEED:
(sharply)
No cuffs until we get to the cars,
They continue toward the waiting cars.

MASON:
You surprise me, Goodspeed. Now I'm going to surprise myself: thank-you,=
you could have handled that differently.

GOODSPEED:
(tight)
You almost got me killed. Twice.

MASON:
Hows your jaw?
Goodspeed wheels on Mason and swings. SNATCH. Mason
catches Goodspeed's fist. Three inches from his face.

GOODSPEED:
It hurts.
SANCHEZ, DIRECTOR WOMACK and the F.B.I. AGENTS approach.
Womack's arm is in a sling; he's in a volcanic rage.
F.B.I. DIRECTOR WOMACK
You cocksucker you dislocated my shoulder and cost the city of San
Francisco= ten million dollars. You try to escape again and Agent Chaney here will=
break your legs.
AGENT CHANEY, large and mean, comes to Mason's side.

MAISON:
Pleased to meet you.

INT. PIER 39 - F.B.I. COMMAND CENTER - DAY
Night is falling. A large warehouse room with windows
looking out to Alcatraz Island. Looks like N.A.S.A.
AT A RECTANGULAR TABLE - MASON sits at the head of the table 122 in front of=
 a SCALE MODEL OF ALCATRAZ. COMMANDER ANDERSON and ten NAVY S.E.A.L.s
look=
toward Mason.
Anderson is agitated, staring at Mason.
COMMANDER ANDERSON
Okay, one more time: down this second fork fifty-seven paces to a septic=
 chamber. Turn left at the water pump, then forty-two paces to the prison=
 showers ...

MAISON:
No. Forty-two paces to the septic
chamber. Fifty-seven to the showers.
COMMANDER ANDERSON
(pointedly)
That's not what you said three minutes
ago.

MAISON:
(innocently).
It's not?
COMMANDER ANDERSON (dagger stare at Mason)
   Excuse me. (rises) womack.
Womack follows Anderson aside. They confer heatedly.
COMMANDER ANDERSON I ask for someone with knowledge of the island's
 tunnels.=
   you give me a fuckin, convict who wants to play "twenty=
   questions."
F.B.I. DIRECTOR WOMACK
He knows every inch of those tunnels,
Commander.
COMMANDER ANDERSON
Then he's keeping it to himself. He's
fucking with me and I don't have the time.
F.B.I. DIRECTOR WOMACK
(pause; he thinks)
What if he went with you?
COMMANDER ANDERSON
Out of the question. He'll endanger the mission - he'll endanger my men. =
He's a security risk. Who says he won't bolt as soon as we turn our
backs=
on him?
F.B.I. DIRECTOR WOMACK
I'll handle that. Chaney.
The hulking Chaney escorts Mason over.
F.B.I. DIRECTOR WOMACK
You're not cooperating, John. Maybe this will help. I'm sure you're=
curious about what's happening on Alcatraz.
(no response)
Twelve United States Marines - a terrorist rogue force - have seized it. =
They've aimed fifteen poison gas rockets at the city. Enough poison gas
to=
killed every man, woman and child in San Francisco.
(smiles)
Yes, John, including your daughter.

MASON:
You son-of-fucking-Satan.
F.B.I. DIRECTOR WOMACK
Mr. Mason has a strong incentive to
help us, Commander Anderson.
Mason boils. Then springs at Womack. Chaney grabs Mason, headlocking him. =
So Mason kneels Womack in the balls. Womack doubles over. Recovers,=
coughing.
F.B.I. DIRECTOR WOMACK
Get him some gear. He's going to the
Rock. Goodspeed!
ACROSS THE ROOM - GOODSPEED looks up from a computer screen generating 3-D=
images of different angles of a V.X. ROCKET. He walks over to the table. =
Anderson and the other S.E.A.L.s stare at him.
COMMANDER ANDERSON
The goal is to take out the launchers and neutralize the V.X.chem rounds,=
Goodspeed. Tell us what you know.

GOODSPEED:
Well, the thermal imaging photos picked up the poison gas. Here. The=
prison morgue.
It's probably being kept refrigerated. makes sense. V.X. gas begins to lose its toxicity at higher temperatures.

COMMANDER ANDERSON
Have you ever actually seen one of these devices?

GOODSPEED:
No sir, but I've studied them ....
COMMANDER ANDERSON
(sarcastic)
That's great, Goodspeed. You're in the Bureau, so you've had weapons training.

GOODSPEED:
A little, sir.
COMMANDER ANDERSON
So you've never been in a combat situation.

GOODSPEED:
No sir.
(beat)
Should I begin the briefing on diffusing and detoxification sir?
COMMANDER ANDERSON
Won't be necessary.

GOODSPEED:
Sir, these are very complicated devices...
COMMANDER ANDERSON
I know they are, Goodspeed. That's why you're going with us.

GOODSPEED:
Sir?
COMMANDER ANDERSON
(to S.E.A.L. Reigert)
Get him some gear.
MASON stares at Goodspeed.

MASON:
Wait just a minute. This little twat's going
to deal with the poison? He's gonna get us all fuckin' killed!
mason walks off muttering.
INT. PIER.39 COMMAND CENTER - BATHROOM - A MINUTE LATER
S.E.A.L. DANDO
Nice to meet you too. Sanchez enters.

SANCHEZ:
You look like shit.
Goodspeed leans back against the wall.

GOODSPEED:
Thank you.

SANCHEZ:
You're not wimping out on us,
Goodspeed.

GOODSPEED:
I join the F.B.I. I ask for fieldwork. They say, "Bill, you're too fucking=
smart for field work." Every year I put in for a transfer and every year I=
sit in that goddamn lab like the fucking Maytag repairman in the=
commercial. Then the call finally comes, and it's a whole fuckin, city at=
stake? Oh Jesus...

SANCHEZ:
Chemical Weapons isn't a cakewalk,
Goodspeed.
Goodspeed splashes cold water on his face.

GOODSPEED:
I've got some bad news and some really bad news sir. Maybe the bad news=
isn't bad, maybe actually it's good ....

SANCHEZ:
Spit it out.

GOODSPEED:
MY girlfriend's pregnant.

SANchez:
(pause)
What's the really bad news.

INT. PIER 39 - OUTSIDE THE BATHROOM - DAY

He's not too happy about this.
Chief of Staff Hayden Sinclair enters.

HUMMEL:
Well he'd better give me a goddamn assurance ...

CLOSE-UP on Boyer's fluorescent green INSTRUMENT PANEL charting their= approach to the island.

They've drawn close to the island. ' COMMANDER ANDERS6N swings an UNDERWATER SPOTLIGHT, which reveals --

A LARGE WATER INTAKE PIPE jutting out from the Island's bedrock, 7 ft. in= 
diameter, covered by a GRATE thick with rust, barnacles and seaweed. = There's a SMALL JAGGED HOLE, presumably through which Mason escaped 33 years earlier.

EXT. UNDERWATER - POWER P INTAKE PIPE - NIGHT
The S.E.A.L.s cast off the S.D.U.s and direct their GREEN FLUORESCENT SPOTLIGHTS inside the hole in the grate.
MASON stares at the hole. COMMANDER ANDERSON nods to Mason: "lead the way."
Mason does so. Enters the pipe. one by one, the S.E.A.L.s and Goodspeed follow Mason in.

EXT. ALCATRAZ - SHORELINE NEAR POWER PLANT - NIGHT
Pvts. Royce, Scarpetti, Gamble and Starling walk the shoreline, peering into the black water.

ROYCE:
Looks all clear, sir.

INT. ALCATRAZ - INFIRMARY COMMAND CENTER - NIGHT
Baxter turns to Hummel:

BAXTER:
Nothing.

HUMMEL:
Tell 'em to stay out there.

INT. ALCATRAZ - SUBTERRANEAN POWER PLANT - NIGHT
A large subterranean room under the island's power plant. =B7large WOODEN CISTERN in the middle.
The S.E.A.L.s emerge in the cistern and climb out. The room has one exit, sealed with a HEAVY IRON door.
COMMANDER ANDERSON Thank-you very fucking much, Mr. Mason, you've led us to=
a room with no exit.
S.E.A.L. BOYER
Skipper, blow it or burn it?
COMMANDER ANDERSON
No time for the torch. Explosiveslll bring the fucking world down on=
us.
(tURNS TO MASON)
An idea, please, we're tight on time.

MASON:
Wait for me to unlock the door.
COMMANDER ANDERSON You do not look like Jesus Christ, Mr. Mason, so I'm havin@ a hard time how you're going to accomplish= 
that.

**MASON:**
(points)
Under there.
UNDERNEATH THE STEAM ENGINE is a tiny crawl space. 10 STEAM
RELEASE VALVES periodically emit BURSTS OF STEAM.
COMMANDER ANDERSON
You are shitting me. You catch one
of those steam bursts and you're a corpse.

**MASON:**
True.
(unshoulders his
equipment)
I memorized their timing.
Mason sits on the edge of the crawl space. F.B.I. looks inside the crawl=

space:

DOWN.

S.E.A.L. SHEPHERD
Uhh sir, you said never leave his
side ...
COMMANDER ANDERSON
You're not required to follow,
Lieutenant Shepherd. This man is going
to die.

**MASON:**
(grumbles to himself)
That's been said to me before ....
Mason takes a deep breath and he rolls --
INTO THE CRAWL SPACE - Mason logrolls one revolution... STEAM
BURST another evolution STEAM BURST another
revolution STEAM BURST
Mason rolls to a stop on his side. STEAM BURSTS on either side of him. =
Mason collects himself. Breathes deeply and rolls again. His movements=
are precise, from memory. He rolls past each burst, any imprecision=
certain death ...
IN THE CISTERN ROOM - GOODSPEED, ANDERSON AND THE S.E.A.L.s
watch Mason, amazed.
S.E.A.L. REIGERT
Who the fuck is this guy? Houdini?
IN THE CRAWL SPACE - MASON rolls past the STEAM RELEME
VALVE and disappears.

IN THE CISTERN ROOM - Several seconds pass. We HEAR THE DOOR being unbolted. It CREAKS open. There stands Mason.

**MASON:**

Welcome to the Rock.
The Incursion Team files through the door and CUT TO:

INT. TUNNELS UNDER ALCATRAZ - NIGHT

Here, the tunnel moves up a steep incline to a LOCKED STEEL BULKHEAD. S.E.A.L.'s REIGERT and DANDO check it out.

S.E.A.L. DANDO

She's at least three inches thick sir.

COMMANDER ANDERSON

Shit. Burn it.

Dando unpacks an ACETYLENE TORCH. Reigert turns on the ACETYLENE VALVES= (tanks rigged to Dandols gear) and sparks the torch. IT FLAMES UP, white= hot.

Dando starts toward the bulkhead. MASON steps past him, .bending his= KITCHEN FORK into an awkward shape. He fishes the fork in the lock; twists= it, and...... POP.

Mason throws open the thick bulkhead door. And climbs through the bulkhead.

**MASON:**

(muttering)

Guys are worthless.

COMMANDER ANDERSON

Who is this guy... ?

INT. DRAINAGE PIPES LTNDER MAIN CELL HOUSE - NIGHT

The team arrives at a series of concrete drainage pipes. Mason points up to one of them.

COMMANDER ANDERSON

The shower room?

(Mason nods yes)

After you.

Mason and the S.E.A.L.'s climb into the drainage pipe.

INT. DRAINAGE PIPE UNDER SHOWER ROOM - NIGHT

The S.E.A.L. team, Mason leading the way, climbs toward a FAINT LIGHT emanating from a DRAINAGE GRATE above.

S.E.A.L. REIGERT readies a FIBRE OPTIC SEEING DEVICE; he pushes the fibre-optic camera up through the grate.

INT. ALCATRAZ - PRISON SHOWER ROOM - NIGHT

The FIBRE-OPTIC CAMERA turns, looking in a 360 degree...
radius, and transmitting images of --

THE PRISON SHOWER - a tiled room with shower heads and a 20 160A ft.

ceiling. Above, a mezzanine circles the showers; here Alcatraz's guards

once watched inmates below.

INT. DRAINAGE PIPE UNDER SHOWER ROOM - NIGHT

Commander Anderson views the shower room images on a TINY (2 inch by 2

inch)=

WRIST-HELD VIDEO MONITOR. The shower is deserted, but there's something

of=

interest --

A MOTION DETECTOR (a blue beam flashed from a transmitter to 161A

a receptor) across the grate.

COMMANDER ANDERSON

Motion sensor.

Anderson gingerly lifts the grate. Reigert wiggles his hands past the

edges=

of the grate and nudges the beam transmitter (with one hand) and the beam=

receiver (with the other) away from the grate.

INT. INFIRMARY COMMAND CENTER - NIGHT

A SILENT ALARM next to Pvt. Royce blinks on. Royce turns to

Maj. Baxter.

ROYCE:

Sir. Anti-disturbance temblar tripped

in the shower. We got visitors.

INT. MAIN CELL HOUSE - SHOWER ROOM

The grate pops open. S.E.A.L.s BOYER and REIGERT, wearing NIOHT VISION=

GLASSES, emerge taking defensive positions back-to-back. Commander=

Anderson follows. Then, one by one, the rest of the S.E.A.L.s=

emerge.

COMMANDER ANDERSON

(to Lt. Shepherd in the

drainage pipe)

Stand fast. We'll secure the area.

ANDERSON directs Boyer and Reigert to a TILED COLUMN. They creep across

the=

tiled floor, taking "check and defefid" positions behind the shower's

TILED=

COLUMNS. But suddenly, shockingly.....FLOODLIGHTS flash on. Coming from=

the mezzanine above.

The S.E.A.L.s whip off their night vision goggles.

165 INT. PIER 3-9 - MOBILE COMMAND TRAILER - NIGHT

ON THE VIDEO MONITOR - We see the illumination of the shower

room (transmitted from the S.E.A.L.s cameras.)
SANchez:
What's that...what the hell is that?
INT. ALCATRAZ - DRAINAGE PIPE UNDER SHOWER ROOM - NIGHT
Goodspeed, Mason, and Lt. Shepherd react to the sudden illumination above. Goodspeed whispers:
What's going on?
S.E.A.L. SHEPHERD
(whispers)
Don't know.
INT. SHOWER ROOM - NIGHT
The S.E.A.L.s whirl around, startled, unnerved, squinting into the blinding whiteness of the floodlights.
HUMMEL (V.O.)
Drop your weapons.
The S.E.A.L.s, terrified, hesitate but do not drop their weapons. They stand back-to-back, weapons trained at the catwalk, squinting into the white light.
The S.E.A.L.s behind the tiled columns take cover. We cannot yet see Hummel and the marines. This plays with as much tension as possible. The situation is chilling:
COMMANDER ANDERSON
Anderson here, General Hummel.
Commander. Team Leader.
HUMMEL (V.O.)
Commander Anderson, if you have any concern for the lives of your men, you will order them to safety their weapons and place them on the deck at their feet.
INT. PIER 39 COMMAND CENTER - NIGHT
ON THE VIDEO MONITOR - We see the floodlights above on the Mezzanine and hear Hummel's voice:
SANchez:
Oh Christ this isn't happening.
INT. ALCATRAZ - SHOWER ROOM MEZZANINE - NIGHT
HUMMEL looks down at the S.E.A.L.s. Baxter's text to him. The other marines are at positions around the mezzanine perimeter, M-16's trained and ready.
COMMANDER ANDERSON
Sir, we know why you're out here. God knows I agree with you sir, but like
you sir, I swore to defend this country against all enemies. Foreign, sir,=
    and domestic.
(shouts now)
General, we've spilled the same blood in the same mud. You know goddamn=
    well that I cannot give that order...
BEHIND A COLUMN - S.E.A.L.s REIGERT and BOYER stare into the
floodlights.

HUMMEL:
Your unit is covered from an elevated position, Commander. I'm not going
to=
    ask again.
ON THE MEZZANINE
CPTS. FRYE, DARROW and PVTS. COX, MCCOY, have their weapons
trained; they're pumped and trigger happy.

HUMMEL:
Don't do anything stupid, Commander.
No one has to die here.
COMMANDER ANDERSON You men following the General: You are United States=
    Marines and under oath you forgotten that? We all have shipmates we=
    remember - some of 'em were shit on and spit on by the Pentagon - that=
    doesn't give you the right to mutiny.

HUMMEL:
That's a nice speech, Commander. I heard plenty like it in the Pentagon
and=
    on Capitol Hill. They all added up to zero. Pretty words aren't gonna
get=
    you out of this, Commander. Now abort this mission. Goddamn it,=
    abort.
BEHIND THE COLUMN - S.E.A.L. BOYER, just 20, having never
seen combat, is trembling with fear, indecision.
S.E.A.L. BOYER It's us or them, Reigert, fuck they're gonna waste us=
    ...
S.E.A.L. REIGERT
Get a grip on yourself ....
ON THE MEZZANINE - PVT. COXIS BOOT nudges a TILE which has come loose
from=
    its mortar. The tile inches to the edge of the mezzanine. Then it falls=
    ........
BOYER, reacting to THE FALLING TILE, brings up his machine
gun and fires A SUSTAINED BURST in its direction --
And all hell breaks loose. THE MARINES fire in unison. A cruel withering fusillade.

--- THE S.E.A.L.s in the middle of the floor take the brunt of it. They gamely return fire. But they're hit. Again. Again. Again.

IN THE DRAINAGE HOLE - Goodspeed, Mason, and Lt. Shepherd listen (and watch, when the view allows) in utter horror to the firefight above. Lt. Shepherd scrambles up the ladder. Goodspeed grabs him. Tries to pull him down.

GOODSPEED:
Don't do it.
S.E.A.L. SHEPHERD
Let go of me.

Lt. Shepherd climbs the ladder.

IN THE SHOWER ROOM - ANDERSON takes a bullet in his leg. His automatic blazing, he takes a bullet in the forearm. The chest. The shoulder.

-- THREE MARINES on the mezzanine are hit and killed.

-- LT. SHEPHERD climbs out of the drainage pipe and comes up firing. He instantly takes a bullet through the visor, killing him instantly. SHEPHERD falls to his knees and pitches over, falling face first into

THE DRAINAGE HOLE, where SHEPHERD'S lifeless eyes come face-to-face with Goodspeed, who nearly passes out, then looks away in horror.

S.E.A.L.S BEHIND THE COLUMNS return fire. They're hit, picked off one by one.

-- MARINE COX AND MCCOY fire a 50 CAL. GUN (as powerful as anti-aircraft or anti-tank round) through the column, killing REIGERT and BOYER.

HUMMEL:

HOLD YOUR FIRE HOLD YOUR FIRE ....

INT. DRAINAGE PIPE UNDER SHOWER ROOM - NIGHT
Suddenly the-firing stops. Goodspeed and Mason freeze. Thinking fast,

Mason rips the TAC RADIO from Shepherd's helmet, takes his 9 MM PISTOL and

MACHINE GUN, and his SAW-TOOTHED KNIFE AND SHEATH, and climbs down.

Goodspeed, indecisive at first, clambers down after Mason.

INT. PIER 39 - MOBILE COMMAND TRAILER - NIGHT

ON THE VIDEO MONITOR - An image transmitted from Anderson's helmet camera. =

Anderson has fallen, so this is at ground level. We see corpses and near=corpses.
SANCHEZ:
It's over.
F.B.I. TECHNICIAN
We've still got movement. Numbers eleven and twelve. That's Goodspeed and.... Mason.
F.B.I. DIRECTOR WOMACK
If mason's still alive, it's not over.
INT. ALCATRAZ - TUNNELS UNDER SHOWER ROOM - NIGHT
Mason and Goodspeed exit the drainage pipe. Goodspeed is panting, nearly hysterical.

GOODSPEED:
We're never gettin off this island.
INT. PIER 39 - WAREHOUSE - NIGHT
CARLA peers through a crowd of F.B.I. TECHS huddled around video and audio monitors. She freezes, her hands covering to her mouth at the sound of:

GOODSPEED:
(over tac radio)
..... god Jesus we're gonna die
Sanchez, agitated, exits the Command Trailer with Director Womack. They huddle, speaking in hushed voices.

SANCHEZ:
You told me I am on a "need to know" basis. Well goddamn it, I need to know. Who the fuck is John Mason. Start talking, Director, or I swear I will go to the press.
A tense pause. Then Womack sighs, and his voice travels back three decades ...
F.B.I. DIRECTOR WOMACK
1962. J. Edgar Hoover is head of the F.B.I., some say the country. It's no secret the esteemed Mr. Hoover kept microfilm files on prominent Americans and Europeans. de Gaulle, British members of Parliament, even the Prime Minister. The man had dirt on everyone in the world.
A174 INT. ALCATRAZ - TUNNELS UNDER THE SHOWERS - NIGHT
Goodspeed, slumped in a corner, watches Mason arm himself. He is a different person. Alive. Now in his element. pops the clip on Shepherd's g mil gun. Inspects it. Unsheathes the saw-toothed knife. =
Sheathes it.

174 INTERCUT - PIER 39 COMMAND CENTER / ALCATRAZ TUNNELS

F.B.I. DIRECTOR WOMACK The British sent over their best operative, John Mason, to steal it.

MASON grabs Shepherd's machine gun, pops the clip.

F.B.I. DIRECTOR WOMACK

Our agents caught Mason at the Canadian border but with no microfilm. It's never been found. So Hoover held him without trial. The British claimed they didn't know him.

SANCHEZ:

What about the daughter? why didn't Hoover use her as leverage?

F.B.I. DIRECTOR WOMACK

He died in 1972. She wasn't born yet Today it's a different Bureau and no one wants to touch this.

SANCHEZ:

My god, you're not saying ...

MASON slides the clip back in the machine gun. Tests the action. obviously comfortable with firearms ...

F.B.I. DIRECTOR WOMACK

John Mason has been incarcerated without trial on American soil since 1962.

(MORE)

F.B.I. DIRECTOR WOMACK (cont'd) He knows our most intimate secrets of the last half century. The alien landing at Roswell, the truth about the J.F.K. assassination.

INT. ALCATRAZ - TUNNELS BELOW SHOWER ROOM - NIGHT

F.B.I. DIRECTOR WOMACK (O.S.)

John Mason was an S.A.S. trained killer, one of MI-6's best operatives ever -

John Mason was one of the most dangerous men on earth.

MASON, armed and dangerous for the first time in 33 long years, faces Goodspeed. Brings his machine gun up. Goodspeed raises his -9 mil pistol in self-defense.

GOODSPEED:

Don't shoot me.

Mason was actually slinging it over his shoulder...
MASON:
For christ's sake.
Mason trudges down the teal. Goodspeed follows him.

GOODSPEED:
Wait. Where're you going?

MASON:
Off this island. You mind?

GOODSPEED:
Yes I mind. I mind very much.
From the tac radio in Mason's hand:
SANCHEZ (O.S.)
(over tac radio)
Goodspeed, Goodspeed, come in.

MASON:
You've got a phone call.
Mason throws the tac radio at Goodspeed's feet and trudges off. Goodspeed grabs the tac radio.

GOODSPEED:
It's me sir.
SANCHEZ (O.S.)
What is happening? Where's Mason?

GOODSPEED:
He says he's leaving the island sir.

SANCHEZ:
Don't let him do that.

GOODSPEED:
He's got a gun, sir.

SANCHEZ:
What do you have, a FUCKING WATER PISTOL? Get him back!
Goodspeed hurries off after Mason.
INT. ALCATRAZ - SHOWER ROOM - NIGHT
Commander Anderson and the S.E.A.L.s lie dead, their blood running over the= 
tiles into the drainage grate. Hummel, Baxter walk amongst the corpses.

HUMMEL:
I never wanted this. Jesus christ.

BAXTER:
We knew it might happen, Frank.

CAPTAIN DARROW:
Maybe now they'll pay up.

CAPTAIN HENDRIX:
Maybe now they won't.

CAPTAIN DARROW:
Then maybe we'll execute a few hostages.
One S.E.A.L. DANDO, is still alive. He's gurgling blood.
Staring up at Hummel.
S.E.A.L. DANDO
You'll go to hell for this General.

CAPTAIN DARROW:
(to Pvt. Royce).
Put a bullet in him.
Pvt. Royce, appalled, can't bring himself to do it.

CAPTAIN FRYE:
You heard him. End it.
Cpt. Darrow pulls his sidearm and levels it.

HUMMEL:
CAPTAIN, HOLSTER THAT SIDEARM.

CAPTAIN DARROW:
(lowers sidearm)
Yes sir.
Royce kneels. Feels Dando's carotid artery.

ROYCE:
He's dead anyway sir.
Hummel leans down. Stares into Dando's video feed.
INT. PIER 39 - NIGHT
womack and Sanchez stare at HUMMEL on the monitor.

HUMMEL (V.O.)
(over monitor)
You have made a terrible mistake and more of our brothers have died in vain. Let's not repeat this.
The transmission goes dead.

INT. ALCATRAZ - SHOWER ROOM - NIGHT
Suddenly, SGT.
drainage pipe,
CRISP bent over SHEPHERD'S CORPSE in the
shouts to Hummel:

SGT. CRISP
General! This man's weapons and tac radio are missing!

HUMMEL:
Rodent problem, people. Let's flush the pipes.
Pvts. Cox and McCoy go to the drainage pipe.

EXT. ALCATRAZ - MAIN CELL HOUSE - NIGHT
Hummel and his men exit the Main Cell House and fan out in teams across the island.

SGTS. CRISP and CPT. HENDRIX move toward the power plant (above the tunnel traveled by Mason and Goodspeed.)

INT. TUNNELS UNDER ALCATRAZ - NIGHT
Goodspeed's still trailing after Mason.

GOODSPEED:
would you stop. Just stop.
(Mason stops)
I don't know what you did or why you were sent to jail, but there are a million people across that bay who might die...
(Mason continues)
Fuck this. Stop. Freeze.
Mason turns. Goodspeed has his g gun trained on him. He's not the most convincing gun handler.

EXT. ALCATRAZ - IN FRONT OF POWER PLANT - NIGHT
Sgt. Crisp and Capt. Hendrix, walking toward the power plant, hear something. Beneath them, through a VENTILATION GRATE. VOICES.

CAPTAIN HENDRIX:
(whispers in tac mike)
Rodents located.
Hendrix and Crisp begin preparing a SATCHEL EXPLOSIVE.
INT. TUNNELS UNDER ALCATRAZ - NIGHT
Mason and Goodspeed as before. Mason advances.

GOODSPEED:
F.B.I. Stop right there. I really mean it.

MASON:
(stops)
If you really mean it, take the safety off.
Goodspeed fiddles with the safety catch. With a swipe, Mason snatchesthe gun. They glare at each other.
SANCHEZ (V.O.)
(over tac radio)
Goodspeed. Goods, come in. Have you resolved this?

GOODSPEED:
How he has all the guns, sir.
(clicks off the tac radio)
You've got to help me. What do you want me to do, beg?

MASON:
Save your breath and your dignity, if you have any. I am leaving. I am getting my daughter and getting the hell out of here.
Mason walks off. Suddenly stops. THE SATCHEL EXPLOSIVE has fallen at his feet. Mason turns, looks at Goodspeed. And they sprint back, the way they came.

IN THE TUNNEL BEHIND THEM - A MONSTROUS EXPLOSION blows in the tunnel and knocks Mason and Goodspeed to their feet.

INT. ALCATRAZ - SHOWER ROOM - NIGHT
PVTs. COX AND MCCOY attach a bundle of C-4 to A TANK OF GASOLINE and toss it down the drainage pipe.

INT. TUNNELS UNDER ALCATRAZ
The gas bomb detonates, blowin'g a wall of flame through the tunnel. The fire is looking for an escape, hunting and burning everything in its path.
DOWN THE TUNNEL - MASON AND GOODSPEED see the wall of flame ROARING toward them. Mason grabs Goodspeed.
MASON:
Hold your breath.
They dive into a pool of stagnant water, submerging as the
WALL OF FLAME blows through the tunnel over their heads.
Mason, then Goodspeed, drags himself out of the water.

MASON:
Come on. And keep your mouth shut.
Mason hurries off, Goodspeed on his tail.

EXT. ALCATRAZ - SUBTERRANEAN CIVIL WAR RUINS - NIGHT
The tunnel leads here, to the Civil war era dungeon. The
tunnel's bricked up; brick and mortar circa 1855.

GOODSPEED:
Now what?
Mason moves to the bricked-up wall. Feels around the mortar. Smiles. =
Removes a brick. another. Another. A WHOLE CLUMP of bricks falls,= revealing A HOLE.

MASON:
Came out right through there. (squeezes through the hole; mutters)
'Course I've gained a few since ...
Goodspeed follows Mason through the hole.

INT. CIVIL WAR DUNGEON - OTHER SIDE OF THE WALL - NIGHT
Mason and Goodspeed emerge to a ledge which faces A POOL OF
DANK STAGNANT WATER. It's about 3 ft. deep.

MASON:
Across that, then 50 yards to the morgue.
(off Goodspeed's blank
stare)
You said that's where the fucking poison is, Goodspeed.

GOODSPEED:
I don't get it. You're going to help me?

MASON:
No. I'm going to give you dancing lessons. What the fuck do you think?

GOODSPEED:
You don't have to get all bent out of
MASON:
What's bent out of shape, idiot, is the tunnel I was going through to freedom five minutes ago.

GOODSPEED:
All right, all right. Don't call me idiot, okay?

MASON:
what did I do to deserve this? What God did I offend ..... Goodspeed begins to wade into the pool.

MASON:
Stop.
(Goodspeed stops)
There. And there.
Goodspeed squints. The water slithers with COTTONMOUTHS.
Mason unpacks the QUART OF MOTOR OIL in spray bottle.

MASON:
Cottonmouth snakes. They breath through their skin. Oil clogs it. They= hate the stuff.
mason sprays the motor oil across the pool. The snakes scatter. The pool's=
now coated with an OIL SLICK. Mason wades in. Goodspeed follows.
The COTTONMOUTHS, repulsed by the oil, stay away. GOODSPEED tries not to look at the snakes. They make it= across.

GOODSPEED:
Something's a little off here: I'm the F.B.I. Agent, you're the convict, and=
you have all the guns.
Mason slaps the .9 MM pistol into Goodspeed's hand. walks off. Goodspeed follows.

INT. ALCATRAZ - TUNNEL UNDER PRISON MORGUE - NIGHT
Mason and Goodspeed arrive at a fork in the tunnel. _
DOWN THE FORK IN THE TUNNEL - is the PRISON MONO-RAIL SYSTEM: a single rail=
suspended from the tunnel ceiling, upon which SMALL CARTS are= suspended.
GOODSPEED:
The morgue?
Mason nods. Moves to a STEEL-RUNGED LADDER leading to a
GARBAGE CHUTE against the wall. Goodspeed follows.
INT. ROOM ADJACENT TO MORGUE - NIGHT
Mason and Goodspeed emerge from the garbage chute. They
hear VOICES in the next room.
INT. MORGUE - NIGHT
PVTs. GAMBLE and STARLING are guarding the poison.
Starling's walking around. Gamble's seated on a MORTICIANIS
TABLE, smoking.
The door bursts open. MASON stands in the doorway. GAMBLE
dives away. STARLING whirls, raising his M-16.
MASON'S HAND flashes. THE SAW-TOOTHED KNIFE flies the
length of the room and buries in Starling's neck.

MASON:
Never hesitate.
Gamble fires from his position around the corner. Mason and Goodspeed
dive=
for cover behind a cabinet. Goodspeed fires from cover without looking,= his gun raised over the cabinet. Mason, underneath the cabinet, fires at= GAMBLE'S FOOT. Gamble, shot, hits the deck.
GAMBLE unclips a GRENADE. Before he can pull the pin....
Mason FIRES HIS CLIP EMPTY at the AIR CONDITIONER MOUNT on the ceiling
above= Gamble. The mount gives; the ENORMOUS AIR CONDITIONER falls, crushing= Gamble. Gamble's GRENADE, still secured with the pin, rolls= away.
GOODSPEED rises. Looks at Gamble under the air conditioner. Just HIS LEGS=
stick out. (Note: the rest of the scene's action plays out around
Gamble's=
legs.

GOODSPEED:
You didn't learn that in prison.

MASON:
No, and I used to be a lot quicker.

GOODSPEED:
I've got some questions for you but
they can wait.
Goodspeed opens the CORPSE DRAWERS revealing the V.X-. CHEM
ROUNDS (shaped like big tennis ball cans).
Goodspeed carefully lifts out a chem round. Mason grabs
one, accidentally knocking it against the drawer.
GOODSPEED Careful. The second you don't respect this, it kills=
you.
Goodspeed and mason set the V.X. chem rounds on the mortician's table. =
Goodspeed pulls out his EQUIPMENT KIT. Begins detaching the tops of the=
chem rounds.
Goodspeed reaches inside a chem round and carefully pulls out..... a
STRAND=
OF V.X. POISON PEARLS: ping-pong ball sized glass bubbles filled with=
poison.

GOODSPEED:
I need a hand here.
(MASON looks anxiously at the poison pearls.) Mason. Now.
Goodspeed hands the poison pearl strand to Mason. Mason
holds it like a string of wind chimes.

MASON:
What... exactly does this do to you?

GOODSPEED:
Any epidermal exposure or inhalation and you'll know: A twinge at the
small=
of your back as the poison seizes the nervous system.
(hands over another
poison pearl strand)
Then loss of muscular function. Then you spit your guts out, it looks
like=
a tub of spaghettis spilled on the floor, then your skin turns=
black...
Mason stares uneasily at the pearl strands.

MASON:
Sounds like my first marriage.
Goodspeed has the chem round's GUIDANCE SYSTEMS exposed. Inside are tiny=
GUIDANCE SYSTEM MICRO-CHIPS. Goodspeed plucks the chip from each chem=
round and pockets it.

GOODSPEED:
(into tac radio)
Pier 39 come in.
SANCHEZ (V.O.)
(tac radio)
Goodspeed? Where the hell have you been. Talk to me.

GOODSPEED:
We're in the morgue. I'm removing the rocket's guidance system= chips.
(MORE)
GOODSPEED (cont'd)
(to Mason).
Without em the rockets will fly about 500 feet and splash down like a wounded=
duck.
Goodspeed moves on to the third and fourth chem rounds.
Suddenly there's a BEEP. Goodspeed and Mason whirl. Pvt.
Gamble's WALKIE TALKIE is talking to them:
HUMMEL (O.S.)
Gamble, Starling. Come in.
Mason and Goodspeed exchange a nervous look.
HUMMEL (O.S.)
Privates Gamble and Starling, come in.
EXT. ALCATRAZ - INFIRMARY COMMAND CENTER - NIGHT
Hummel clicks off his walkie-talkie. Stands there a= second,
thinking.

HUMMEL:
The morgue.
Hummel and Baxter exit quickly.
INT. ALCATRAZ - MORGUE - NIGHT
Goodspeed goes faster; his hands are sweating, trembling. It's like he's= lost his spine. (And thinking about Carla, perhaps he has.)

MASON:
Clmon c'mon.... faster ....
Goodspeed nearly drops a chem round. Mason recoils.

MASON:
I thought you were cool under pressure.

GOODSPEED:
Shut up; you're making me nervous.
EXT. ALCATRAZ - BETWEEN CELL HOUSE AND MORGUE - NIGHT
Hummel and his men race toward the morgue.

INT. ALCATRAZ - MORGUE - NIGHT
Goodspeed has dealt with eight chem rounds. There should be seven more, but there's not. Goodspeed counts them ....

MAISON:
They'll be on us in twenty seconds.

GOODSPEED:
Wait a minute. Fuck. Hummel stole fifteen chem rounds. There's only twelve here. Here. Quickly. Do these last four.
Mason raises the poison pearl strands from each of the remaining four chem rounds. Goodspeed quickly plucks the chips from the guidance systems.

EXT. ALCATRAZ - MORGUE - NIGHT
Hummel and the marines converge on the morgue. Surround the door. They burst inside, guns trained.

INT. ALCATRAZ - MORGUE - NIGHT
COX, MCCOY, and DARROW fire machine gun bursts at --
-- MASON AND GOODSPEED sprinting across floor, BULLETS chewing the floor. =
They dive into the MORGUE INCINERATOR CHUTE, Goodspeed leaving the tac radio behind ....

INT. TUNNEL UNDER MORGUE - NIGHT
Goodspeed and Mason tumble out of the chute. Two MONO-RAIL CARTS are hanging there. They exchange a look and climb into the first cart.
Mason=
throws the cart's RELEASE LEVER. The cart glides down the mono-rail.

INT. ALCATRAZ - MORGUE - NIGHT
HUMMEL goes to the mortician's table. Sees the theft of the guidance chips.

HUMMEL:
Hendrix! Take Royce and Scarpetti!
CAPTAIN HENDRIX and PRTS. ROYCE and SCARPETTI dive into the incinerator chute after Mason and Goodspeed.

BAXTER:

CAPTAIN HENDRIX:
FOLLOW ON FOOT!

INT. ALCATRAZ - MONO-RAIL TUNNEL - NIGHT

The three carts fly down the mono-rail: Goodscape and Mason (in CART 1) 50 feet ahead of Scarpetti (in CART 2), who is 50 feet ahead of Hendrix (in CART 3)

IN CARTS 2 AND 3 - SCARPETTI and HENDRIX fire M-16s.

IN CART 1 - MASON and GOODSPEED duck as BULLETS RICOCHET around the tunnel walls. They pop up and return fire.

IN CART 2 - SCARPETTI arms hi over/under M-16 grenade launcher with a grenade and... FIRES.

THE GRENADE PROJECTILE shoots down the monorail tunnel.

IN CART 1 - MASON AND GOODSPEED duck as the GRENADE PROJECTILE wings over their heads, continues down the tunnel and DETONATES against the tunnel wall.

CART 1 roars through smoke and debris left by grenade explosion. As it rounds a corner, Mason grabs a SPLINTERED TIMBER and releases from the cart. CART 1, with Goodspeed alone continues down the mono-rail.

MASON yanks down a 5 ft. long BROKEN SECTION OF SEWAGE PIPE and presses himself against the tunnel wall.

AS CART 2 rounds the corner...

WHAM!! Mason swings, hitting Scarpetti flush in the forehead, killing him and blowing him off the cart. Cart 2, without Scarpetti, continues down the mono-rail.

Mason waits. As CART 3 rounds the corner Mason swings again But Hendrix is waiting for it. Hendrix grabs the swinging pipe and pulls Mason into Cart 3!

IN CART 3 - HENDRIX AND MASON FIGHT SCENE

Mason's sprawled on the floor of the cart. Hendrix levels his M-16. Mason whipsaws the legs under Hendrix, bowling him over, the M-16 falling away from the cart.

Mason and Hendrix get to their feet. They trade blow after blow as the Cart ROARS through the tunnel.

IN CART 1 ~ GOODSPEED looks over his shoulder at Mason and Hendrix locked in= 
mortal combat. He pulls the CART BRAKE. Cart 1 begins slowing down.

CART 2 (Scarpettils) rams into it. Now Carts 1 and 2 are together. And on comes --

CART 3 - Hendrix knocks Mason to the floor of the cart. Hendrix dives atop Mason, strangling him. Mason’s head is bent over the front lip of the cart.

Mason looks down the mono-rail track. To his horror he sees CARTS 1 and 2 slowing down ...

IN CART 1 - GOODSPEED realizes that his cart is going to ram Mason's outstretched head. He releases the brake, and Cart 1 picks up speed ...

IN CART 3 - Hendrix draws the knife. Hendrix raises the knife. With his last strength, Mason rolls away. Hendrix plunges the knife down, missing Mason, his momentum carrying his head and shoulders over the front lip of the cart. Mason SCREAMS at Goodspeed.

MAISON:
BRAKE! ! !

IN CART 1 - GOODSPEED pulls the cart brake and --

-- CART 3 SLAMS into CARTS 1 and 2 at 20 m.p.h., crushing Hendrix's head and torso between Carts 2 and 3.
The collision knocks Mason off Cart 3, SLAMMING his head against the tunnel wall. Mason falls unconscious to the tunnel floor, while --

-- CART 1 is shoved by the collision across a DITCH OF WATER in the tunnel floor. GOODSPEED groggily gets to his feet. Jumps down from the cart.

GOODSPEED:
Mason!
In the midst of this PVT. ROYCE runs up. Sees Mason concussed, helpless. =

Royce draws his GLINTING KNIFE. Kneels over Mason. He's going to cut his throat.

GOODSPEED:
Wait.
Royce lowers the knife. Looks across the ditch at Goodspeed. The ditch is=
20 ft. wide and filled with dank, stagnant water and we've seen dank, stagnant water before.

GOODSPEED:
Pretty easy killing an unconscious man.
How about trying me? Punk.

(beat)
What, re you waiting for? Limp dick.

ROYCE:
I am going to fuck you up something fierce. You rolled the wrong number, shithead. You crapped out.
And ROYCE begins to wade into the ditch. And GOODSPEED is looking at the water, waiting... ROYCE is waist deep now. Royce feels something. He winces. Looks down at --
FIVE COTTONMOUTH SNAKES, fangs wide and white, plunging into him. Royce screams. His knees buckle. He falls to his knees in the water. A COTTONMOUTH stuck to his neck... Royce SHRIEKS again ...
And slides gently under the water.

GOODSPEED:
I rolled snake-eyes. Shithead.
Goodspeed, hand over hand on the monorail, eases the cart across the stagnant ditch. Hops out. MASON gets to his feet. The two exchange a look.

MASON:
Limp dick?

GOODSPEED:
It's all I could think of.
They stumble off down the mono-rail tunnel.

MASON:
I think I've got arthritis.

Mason and Goodspeed freeze.

GOODSPEED:

GOODSPEED:
What, vou?

MASON:
I'm not the chemical weapons expert.
GOODSPEED:
Good point. Okay here, take 'em.
Goodspeed unpockets the V.X. ROCKET'S GUIDANCE CHIPS. Hands them to Mason. Mason heaves them into the bushes.

GOODSPEED:
What are you doing?

MASON:
Now they only have three rockets left.

GOODSPEED:
What about Mr. Henderson?

MASON:
Hummel's a soldier, not a murderer.

GOODSPEED:
Wait.

MASON:
(stops; turns)
Find the rockets. If they're guarded, kill the men guarding them.

GOODSPEED:
I... I don't know if I can do this.

MASON:
There's only one way to find out. I'll try to give you time. And Goodspeed....
(tosses Goodspeed his ATROPINE SYRINGE)

CAPTAIN DARROW:
Gotta be kidding me. They send an old man.

Mason gives Darrow a hard-eyed glance. Hummel takes a lap around Mason, sizing him up.

HUMMEL:
I thought I'd been in the service a long time. Name and rank, sailor.

MASON:
John Paul Mason.
(stares at Hummel)
Royal Navy. Commander.

HUMMEL:
You're a long way from England, Commander Mason.

MASON:
I feel strangely at home.

HUMMEL:
Howls that?

MASON:
You wouldn't believe me if I told you.

HUMMEL:
Do you have some unique knowledge of this prison facility, Commander Mason?

MASON:
Quite unique.
HUMMEL:
How's that?

MASON:
I was a guest here.
Glances all around. Someone laughs. Everyone laughs.

EXT. CHINA ALLEY ROCKET LAUNCH STATION - NIGHT
Pvt. COX mans the launcher. Suddenly a voice:
GOODSPEED (V.O.)

Pvt. Cox drops his weapon. Slowly turns. Goodspeed, one hand on his

Hummells demeanor changes. Hard now. Tight.

HUMMEL:
Give me the guidance chips.

MASON:

GOODSPEED:
Mason. (no response) Mason?
MASON (V.O.)
It's about time.

GOODSPEED:
Where are you?
A CELL ON THE TIER ABOVE GOODSPEED . - MASON sits on a bed.

MASON:
Above you.
(under his breath)
Literally and figuratively.
WIDENING, we see that MASON'S MATTRESS has been ripped into long strips. = Mason is BRAIDING THE STRIPS into a long rope. The rope is quite finely=
constructed. Mason's been at this several hours. INTERCUT BETWEEN THE TWO CELLS (and during the following, Mason keeps busy with his rope braiding).

GOODSPEED:
This is tiny.

MASON:
You referring to your intellect, Goodspeed? Or another portion of your anatomy....

GOODSPEED:
The cell, Mason.

MASON:
Five feet by seven. Try living in one for a year. What happened?

GOODSPEED:
I only got one chem round. There are two left. I fucked up.

MASON:
(sarcastic)
Surprise, surprise.

GOODSPEED:
I'm not a field agent, all right? So cut me a break.

MASON:
An F.B.I. Man asking me for a break. How droll.

GOODSPEED:
What is your beef with the Bureau, anyway Calmon. Tell me.

MASON:
Let's say our countries had a little dispute. They both knowingly shafted me.

GOODSPEED:
How?
MASON:
Familiar with the name Hoover, Goodspeed? I don't mean a vacuum cleaner=

INT. LONG BEACH AIR FORCE BASE HANGAR - MORNING

TECHNICIANS are frantically installing WILLY PETER
INCENDIARY BOMBS under the wings of an F-16.
ACROSS THE HANGAR - General Peterson and Captain Giler brief
FOUR F-16 TOP GUN PILOTS.
GENERAL PETERSON The target. Alcatraz Island. This is not a precision=
strike. The entire island is to be blanketed.
LWO F-16 PILOT Sir, we hit that Island with Willy Peter and it's going to=
look like Iwo Jima. No one can survive it.
GENERAL PETERSON
(grimly)
That's why this is a volunteer mission, Captain. If any of you have
doubts=
you can carry it out, speak up.
The pilots look at each other. Silence.
GENERAL PETERSON
Captain Giler?
CPT. GILER We jerry-rigged a release lever. You'll find it on the left=
side of the cockpit. It's got two positions: safety and release. Throw it=
on release, the bomb drops in five seconds. Change your mind, throw it=
back on safety. Any questions?
INT. ALCATRAZ - GOODSPREAD'S CELL - MORNING
Goodspeed stares blankly into space. INTERCUT between the
two cells again.

GOODSPREAD:
Jesus.
(thinks)
Why didn't you just tell Hoover and the bureau where the microfilm was? =
Make a trade?

MASON:
Some trade. They'd get the microfilm
and I'd get a bullet in the head.
I see your point. Something's been on my mind. About your escape.

MASON:
What?
Mason rises. Lifts the bed. Pulls off the bed's heavy ROLLING CASTER. Knots the caster onto one end of the braided rope.

GOODSPEED:
You went down the shower drain, through the tunnels to the power plant, under the steam engine and out through the intake pipe - that much I've got. But... how did you get out of your cell?
Mason leans out his cell and tosses the rolling caster down the cell block. The braided rope, tied to it, plays out to its full length.

GOODSPEED (cont'd)
I only ask because, in our current situation, it might be useful information.

The result:
rolling caster tied to it. Mason holds the other end of the rope through the bars of his cell.

MASON:
Trade secret, Billy, I'll tell you this:

Mason fiercely yanks the rope toward him. The heavy rolling caster jerks from the floor. The CASTER, pulling the rope, flies past Mason's cell --
-- shooting in an arc around the corner of the cell block, still pulling the rope, where --
-- the caster-pulled ROPE catches the CELL RELEASE LEVER against the wall. The rope coils, WRAP WRAP WHAP, around the release lever handle.
MASON tugs the rope taut like he's just snagged a fish. Then he pulls slowly and delicately.
THE CELL DOOR RELEASE LEVER pulls down and --
-- MASON'S CELL DOOR (and all the doors on that tier) open
at once. And Mason smiles.
INT. GOODSPEED'S CELL - MORNING
Goodspeed hears the doors opening above him.

GOODSPEED:
Hey! Hey what's happening?
(no response)
Mason. Mason?
Suddenly Goodspeed's cell door opens. Goodspeed exits the cell. MASON stands there.

MASON:
You're on your own, kid. Your gear's over there.
Mason motions to a HEAP OF THEIR GEAR (clothes, weapons, flares) in the corner of the cell tier.

GOODSPEED:
Shit....
Goodspeed grabs his guns and gear and follows after Mason.

227 EXT. ALCATRAZ - PARADE GROUND - MORNING
MASON emerges from the parade ground ruins and moves down the embankment toward the water. GOODSPEED stays above.

GOODSPEED:
Mason. John.
(Mason stops)
What happened - the injustice done to you - doesn't mean you can walk away from this. A million people across that Bay will die.

MASON:
Only one of them I care about.
GOODSPEED:

MASON:

GOODSPEED:

CAPTAIN FRYE:
They are not going to call General.

HUMMEL:
I... I don't understand this.

CAPTAIN DARROW:
I understand it. They're calling our bluff. We have two operational rockets left. We have to stick one of those rockets in their ear, General.

HUMMEL:

BAXTER:
I'...I don't know Frank.

HUMMEL:
Seventy thousand people... I didn't... i didn't ever...

CAPTAIN FRYE:
You didn't ever what?
(no response)
You didn't ever what, General? (gets in Hummel's face) General, forty-eight hours ago I was in a cushy job=
at Pendleton. As of this moment I am subject to prosecution for treason=and murder. Do you know what that means. It means the electric chair. =For all of us.

The President hits his INTERCOM to the room where his cabinet is gathered.

= INTERCUT with the authorities, reactions, as needed:

PRESIDENT:

These past few hours have been the longest, darkest of my life. This is when you wish the buck did not stop here.

(beat)

A balance between two tragedies.

(MORE)

PRESIDENT (contld)

On one hand the fate of a million civilians. On the other, Frank Hummel. That we have ignored or abandoned or marginalized a great soldier like Frank Hummel and that American boys have paid the price of that neglect in blood, is equally real, and equally tragic.

HAYDEN SINCLAIR The glass is half full not half empty, sir. No civilian casualties so far.

PRESIDENT:

I don't believe in half full or half empty, Sinclair. There are chemical weapons and there are civilians. And there are men on Alcatraz who've proved they're willing to use the one on the other.

(beat)

We are at war with terror. Fighting a war means casualties. This is the worst call I've ever had to make.

(takes the phone)

Air strike approved.

You're gutless. I knew it.

**CAPTAIN DARROW:**

**HUMMEL:**
Careful son. I'd maintain discipline if I were you.

Darrow draws his .45, levels it at Hummel. INTERCUT with Mason and Goodspeed's reactions.
