# **Imprisoned: Survival Guide for Rich and Prodigal**

By Toni Shum

1

(400 Days Earlier...)

- You damn kids and your streaking!

- Sorry, lady

Shame on you!

Have you got the address?

I'll come pick you up

Hi, Auntie! (Argot for swearing)

Screw the address! There're

guys want to kill me!

Just around the corner down the hill.

Come quickly!

He's over there! Hold it, stop!

Hold it, stop!

Did anybody see

the plate number?

What he looked like?

I could recognize his buttock

Lean and firm, very solid

Yeah, that's right

Solid

Solid!

- Solid!

- Boss, don't!

Solid!

(300 Days Earlier...)

Island South

One of the priciest

area on earth

The only place fit for

my high-end living style

(Stanley Prison)

Eyes straight ahead. Move it

The morning paper

said a rich brat

was going to jail

for drunk driving

I'm that rich brat

If you ask how I felt?

Right then, not much

Because I was still high

One diamond watch

A set of keys. Cash. One wallet

Your earring! Take it off!

People seemed to be  
talking so loudly  
And that's not rude?  
Don't move!  
Once I was in new uniform  
got my hair cut  
and had photos taken  
I started to feel like  
I'd entered a whole other world  
Why were my legs shaking?  
Because my cabinets were  
about to be searched  
And we all know what that means  
But what most don't think about  
are the three  
directions involved  
In, Up, Down  
Pay attention! Stand straight!  
Dang, brother. What  
are so jumpy for?  
We're about to be  
cavity searched  
Who wouldn't be scared?  
In this day and age?  
Cavity searches?  
It's all X-ray scans now  
Hakken Lam, you're up  
Okay  
Nelson Yu, you're up  
Sir, the machine's down  
Hey! I already passed it  
We'll do it manually  
- Got it. Switching to manual mode - If  
the machine is down, you can fix it.  
- He said manually, didn't you hear?  
- I already passed!  
Sir, it's working again  
You heard him, it's fixed!  
Let go, or I'll file complaints!  
Complaint? Oh, I'm so scared!  
Are you?  
Oh, sure  
My hands are shaking now  
So scared, I'm going...In!

Up!  
Down!  
Damn, relax  
The worst is over,  
it's civilized now  
simpler then what  
you're thinking  
I hoped that search  
was the end of my nightmare  
and not the beginning  
I bet your impression  
of jail-life, like mine  
came from that movie  
"Prison on Fire"  
That it's a horrifying place  
filled with thugs  
But I never expected  
the inmates looked the  
same way as the movie  
Hey, let me in, let me in.  
- I'm good for two smokes  
- Beat it, roach  
How many times did we tell you?  
Get lost  
Twenty in the hall, all  
accounted for, Sir  
3602438, Hakken Lam  
Armed assault, two years  
3609981, Nelson Yu  
Reckless driving,  
eighteen months  
Hey, Szeto  
Yeah  
Show some respect!  
Certainly  
Sorry, sir  
Debrief these newbies for me  
Yes, sir  
Over here, you two  
Stand straight and listen up  
- Stand closer, Dummy!  
- Stand straight!  
The rule here is  
there are no rules

You guys follow orders.  
Don't screw around  
When the officer is  
here, listen to him  
When he's not, follow  
what I've said  
Because I'm the boss  
- Understand?  
- Got it  
Anything unclear?  
All clear  
Move it  
Sharpen up  
Move!  
Boss...Hey, buddy.  
What group you with?  
Group?  
Oh, you're not a made man  
Let me tell you  
Don't try to pretend  
you're a made man  
Making up gang cred  
will get you busted up  
Hey, Roach  
No threatening the  
new guys, got it?  
We're civilized in here  
Just giving him some advice  
Mister Roach  
what's that older guy  
over there doing?  
Oh, making a joy  
bag...a bubble tube  
You mean...  
For jerking off  
So...a love cup?  
But don't you worry this thing now.  
I'll watch your back  
A lot of people here respect me  
Thanks so much, Mister Roach  
Don't call me Roach  
Only Szeto can call me that  
My last name is Ng  
Just call me Ng Jai, got it?

Move it, Roach!  
Always in the way  
Sorry, sorry  
Attention!  
The Chief officer is here  
Let it go  
I want to clarify  
something for you all  
You already know Hakken  
is in for assault  
But he's also accused of rape  
The witness never  
showed in court  
so that charge won't stick  
That's it  
No further details  
Hakken, right? Rapist?  
Rape?  
The name of the Chief  
officer is Lik  
You can tell by his  
shit-eating face  
that he loves messing with us  
\$0 you got grabby, eh?  
What kind of girl  
did you feel up?  
Tell us about it  
Just a private model  
Oh, taking dirty pictures?  
They couldn't prosecute!  
I'm innocent!  
Hold it! You can tell  
your defense to the judge  
Sorry, but I hope you understand  
Unlike the jury in court  
In this cell we run a  
different ruling system  
But, we do still have a jury  
Jury? Your verdict is?  
Beat him to death!  
Goddamn it!  
The verdict hasn't  
even been handed out  
Don't you know that there

is due procedure to follow?  
Don't you know?  
I thought you said  
they were civil?  
Of course they are  
but punishing sex offenders...  
he's got it coming  
Let's do this again  
Gentlemen of the jury,  
your verdict is?  
Beat him!  
Wait, wait, wait  
I'm gonna take a piss  
Let's get out of the way  
You don't want to get  
caught up in that  
I, Zhang Fei  
command this bridge! (Singing  
lines from "Three Kingdoms")  
Actually, she'd already  
agreed to a hand job!  
But I just couldn't  
control myself!  
Couldn't control yourself?  
The great general  
can stand this...  
no more!  
One moment!  
What the heck are they doing?  
TV series "Three Kingdoms"  
has been very popular lately  
Everyone's totally into it  
Brother Zhang Fei, he  
is in our jurisdiction  
If you insist on  
taking action on him  
surely we should come  
to an agreement, yes?  
General Zhou must have  
a grand opinion on it?  
I would not say a grand opinion  
But it seems you are insistent  
So I, Zhou Yu, will not stand  
watching the attack from a far

Why not rally all the generals  
and vanquish the  
villain Lu Bu earnest!  
It'll be a good show!  
Have they nothing better to do?  
What the hell? That  
piece of junk is Lu Bu?  
Hey, maybe he is a brave warrior  
Oh...it's started  
cross the divide,  
defeat the generals!  
That's no big deal  
If my leg wasn't like this  
I'd kick him into next week  
Beat him!  
Keep it down  
The beating is not quite legit  
Beat him, but easy  
on the lockers  
Okay!  
Chief Officer Lik is here  
Everyone up and at attention!  
Hey, shut it.  
Put your shirt back on  
What's going on?  
You all fighting?  
No, sir  
Some druggie was  
walking just slipped  
Yeah  
Looks serious for a slip  
How is my report supposed  
to explain all that  
Uh, a dozen of us  
watched him slip  
He hit the corner of the bed  
bounced over to the wall  
then bounced back to  
the bed corner again  
See, right over here  
Yes...  
Uncle Dat, you're the  
most honest one here  
Did you witness their fighting?

I'm really sorry, sir  
I was sitting here  
facing the other way  
Didn't see anything  
Everyone agrees that he  
fell by himself, right?  
Right  
But I'm not sure he would agree  
That's all, then  
You two, carry him out  
You should be more careful  
Seriously, falling  
down for no reason  
falling down!  
Uncle Dat, your mag  
Don't be shooting holes in it  
Wow, a skin mag from '84  
Every girl in there's  
older than my mom!  
And they're still  
able to get off on it  
If they knew how I used to party  
even just hearing the story  
would probably get them off  
(Just before prison)  
This is May,  
my actual girlfriend.  
Isn't she pretty?  
I really do love her  
because she's perfect  
in every way  
Except her figure  
It's just that it wasn't  
until after England  
that I knew what love meant  
Better yet, what  
"making love" meant  
But no matter how  
much I played around  
May was always the  
one in my heart  
Even my HKGolden forum login  
ID was inspired by her  
(G F-Has-Mini-Titties)

Let me introduce you  
This is Vivian, a chick I keep  
on the side for 50k a month  
Check her out...  
She even knows how to  
yoga-pose when she blows  
You can tell it's like  
a mission for her  
(Baby May)  
Hello, baby  
Where are you?  
Nowhere, just meeting  
up with friends  
What's with your face?  
L...got a...cramp  
I'll call you right back, ok?  
You have a leg cramp?  
See me down here  
how difficult it is?  
Never had a cramp  
You are so gorgeous!  
Wait, wait  
Clean that up  
They're partying  
outside...let's go  
All clear...  
Hello, everybody. I'm late  
- Latecomer!  
- Whoah!  
That's a museum-quality rack...  
What an aura!  
Even Vivian has got  
to make room for her  
Actually, Vivian understands  
our arrangement  
And even knows the right time  
to provide assistance  
Your friend is drunk  
I'll go send him home  
Wait a sec  
While you're at it, have  
the valet get my car  
I firmly believe...  
that every Hong Kong

girl has a G-spot  
No, wait. A weak spot  
Every Hong Kong girl's  
G-spot is materialistic  
My brand new Maserati  
proved the rule again  
girls get wet once they're in  
So naughty  
Why do supercars  
use V12 engines?  
As said on HKGolden Forum  
The louder your car engine roars  
the louder your  
girl moans in bed  
What's wrong? What happened?  
My new paint...  
Hello? I'm at Aldrich Bay Park  
There's a Maserati here,  
license plate SV7102  
He just ran over an old lady  
Send someone over, quickly  
Hey, he's getting back into the car!  
Forget the details, he is taking off!  
Well? Can we go now?  
Move it  
Granny, are you okay?  
Don't arrest me  
Well? Can you get into the van?  
I don't feel too well, officer  
Can I help you, ma'am?  
I'm his mother  
I'm the attorney for  
the party involved  
I want to go home  
Nelson?  
Nelson? Are you okay?  
- I don't feel well, Mamma  
- Everything alright?  
Don't worry, Mommy's here.  
Don't you worry  
Hey, you're the mother, right?  
Your son drove drunk  
struck a pedestrian, and fled  
I'm arresting him

Have you checked  
him for injuries?  
He didn't ask to be checked  
Not asking means he  
doesn't need it?  
Then how do you know  
whether he's injured?  
He said himself he's fine  
You can't take that  
attitude with my mom!  
It's okay. Just sit down  
Unless he asks, he  
doesn't need checking?  
Don't you see his mental state?  
Do you know if he has  
internal injuries?  
Mr. Wong, take down  
his badge number  
- Sure - File a complaint  
with his supervisor  
What's your badge number?  
Mom may have gotten the  
better of that cop  
but two clays later,  
I still went to jail  
The defendant, Nelson Yu  
standing accused of  
reckless driving  
in consideration of  
a plea of guilty  
is hereby sentenced  
to 18 months...  
The time is now 6:30am  
All inmates must now rise  
The time is now 6:30am  
Boss, wake up  
Hey, s-s-sorry, buddy  
W-w-wake up, man  
Get up!  
Wake up now!  
Sorry about that  
Ever since Marx's Das Kapital  
I started to understand  
that all our actions

revolve around the  
evil that is money  
In prison, everything revolves  
around the evil  
that is cigarettes  
And prison is an  
evil cigarette world  
Morning, Boss (grunts)  
You know, Szeto cutting  
in line I can understand  
but why can everyone  
else jut right in?  
They have smokes  
Hey! Oh! Morning, sir  
You all know what prison  
commerce means, right?  
It means as long as you  
have no cigarettes  
even a scumbag can  
push you around  
What do you want?  
Set-meal A  
Oh, set-meal A  
What's wrong with that?  
Nothing wrong. The food  
is guaranteed to be safe  
Then I'll switch to Set B  
Sure...next time!  
Hi, Auntie! (Argot for swearing)  
Eat up!  
Hey! That's outta line  
You're cleaning it up  
Sorry!  
What is this?  
It tastes really off  
Doesn't it taste a  
lot like dish soap?  
That question  
was the talk of the town  
and I was stupid  
enough to pick meal A  
Want better choices?  
If you have cigarettes then you  
can score real food like them

A lot of working stiffs  
think work is worse than prison  
But nothing is  
worse than working  
while you're already in prison  
Here, work means  
paying down debt  
But a new guy like me?  
I'd have to endure an entire month  
before I could buy a pack of smokes  
it's worse than North Korea!  
New guys not only make nothing  
they also get the  
worst work in laundry  
...handling "pastries"  
Oh, god!  
Are those feces in these briefs?  
That so damned strange?  
Hey, I saw a load of  
feces where inside  
was a wholly intact  
piece of vegetable  
It was a mess  
but the vegetable was untouched  
Pretty damned weird, right?  
Hey!  
- What the hell, man!  
- You're getting it everywhere  
That any worse than this?  
Hey, you got some nerve  
Sorry, sorry  
He's just not used to it  
How about a little slack  
We'll straighten this right up  
Make it quick. That's messed up  
Hurry up! It stinks!  
Got it all over my  
pants, you degenerate...  
Sorry, Uncle Dat  
Got you all caught up in this  
Forget it  
When everyone's a tough  
guy, you just suck it up  
What, are you going

to throw up again?  
Then pull one out  
I mean smoke one  
The guards know it's a lousy job  
They'll let it go  
I don't have any  
Here's two. Call it a loan  
Thanks, Uncle Dat  
One good deed today  
Returns in spades tomorrow  
It's fine  
I'm not worried about  
the cigarettes  
Keep it safe  
It's gonna go quick  
Way more appropriate, here  
Hey, you have any smokes?  
Let's Happy-share  
Happy-what?  
Share  
We share one  
Oh...English  
Hang on  
How does this one count?  
Let's not make this awkward  
Here, you and I each grab an end  
Guess which side is longer  
Get it right, it's on me  
Yours is longer  
Here's the middle  
Bad guess. It's on you  
Now we share  
Roach always had a  
new way to gamble  
for smokes and he'd  
win every single time  
I knew he was cheating  
but in this whacked-out world  
what choice have I got?  
You know what?  
If you can dig up  
three packs of smokes  
I can get someone to  
sub you for a day

You screwing with me?  
I only earn one pack  
even if I did a  
month of pastries  
So you're telling me to  
do three months there  
in return for one day off?  
B-b-but you can get someone  
to write-in for you  
What?  
Meaning someone  
buys them for you  
On family visit day  
You can ask your  
relatives make a deposit  
into this account  
What's the rate?  
Two grand, five packs  
Then that's...4()0 per pack?  
That's how it is in here  
How fast will I get it  
Soon, once the money's there  
Another shakedown  
What's that mean?  
It's a surprise  
raid for contraband  
See, if the guards get word of  
something they jump in right away  
If they dig anything up,  
then...the whole block  
will collect smokes  
and give it to a fall guy  
who gets reported  
Then how much does  
the fall guy get?  
Two packs...b-but he  
has to do solitary  
How do you know this?  
Why wouldn't I?  
Hey! What's he up to?  
Penis Pearlring  
How does that work?  
He gives an implant  
to your under part

Takes lot of skills  
for this trade  
You can special order  
one for yourself  
Hey look...he's filthy  
Ming's skill is excellent  
A lot of people  
come back in here  
just to have him do one for them  
Come back just for that?  
Bullshit  
Bullshit? There's Sum Lam  
He's got seven pearls  
Seven of them?  
Oh...  
I finally understood how  
Sum Lam got his name  
I thought the characters  
meant "deep blue"  
Wait. That should be  
"spiky sea cucumber"  
There's no need to admire this  
You don't have it now,  
but you'll get it  
Hey, do people here  
pick up their soap?  
Why not pick it up'?'  
Won't someone take  
advantage and...  
stick you in the rear?  
Just an urban myth  
Mommy, I never realized how much  
you cared until I got locked up  
Let me just say that  
I truly love you  
But please wire money  
soon to the account below  
Do it right after you read this  
Dear May, I'm late in writing  
because I don't know what to say  
And though you haven't  
been by in so long  
I completely understand  
I trust that our love

will stand the test  
In prison, the time I  
look forward to most  
are the outdoor breaks  
It's only during that hour  
that I can really relax  
What are you doing here,  
feeding mosquitoes?  
Come, there's something  
we should discuss  
The hell are you laughing at?  
Come here. Don't worry  
Get over there  
Move it  
It's like this  
Countries have laws and  
prisons have rules  
Now that you're  
here, you're family  
but our organization  
must protect itself  
I understand  
My boss wants to know  
if this butt-head doing a  
write-in for you on the side  
We didn't have an agreement  
We were just chatting  
Ok, I like your confidence  
Wolfy, explain it to him  
I'm telling you right now  
if you want to write-in  
you can't do it on the side  
It's gotta be an  
approved purchase  
Twelve hundred for one  
ticket, that's ten packs  
minus one pack for  
transaction fee  
So that's twelve hundred  
for four packs?  
How do you get four out of that?  
You said one ticket  
was five packs  
One ticket is ten

packs, that's official!  
Minus one for commission  
and that's nine packs, moron!  
What? How can you pull  
a cheat like that?  
No no no  
l-|-l think you  
remember it wrong  
See? The truth comes to light  
Hey. Take him to the dark corner  
Ok, boss  
Brother Szeto! Brother Szeto!  
Please don't!  
Huh?  
Somewhere without the sunshine!  
Brother Szeto! Brother Szeto!  
Under the shade  
Brother Szeto!  
You want extra helpings?  
How about I feed you some wings!  
One...Two...  
Stop!  
It was me. It's my fault  
I asked him to write-in for me  
How about this...  
Since I didn't know  
about the system  
how about I write you  
in for ten packs  
as an apology?  
Buddy  
if everyone did it  
on the side like you  
Then...the system  
would be out of funds  
It's not just for  
the boys in here  
Out there...  
Lots of guys are doing  
their part out there!  
Then what do you  
propose, brother Szeto?  
Well...  
50 packs, deal?

Alright, since you  
get the picture  
Hold off  
No need to break him into pieces  
Thank you, Brother Szeto!  
I will send some someone  
who tell you how to pay  
Thank you, Brother Szeto!  
Thank you, Brother Szeto!  
Are you alright?  
Thank you Brother Nelson.  
Thank you, boss  
Boss, what boss?  
You took me for a fool  
You wanted two thousand  
for five packs?  
Those guys said twelve  
hundred for nine!  
You wanted a cut almost  
four times higher!  
If I'd put in a hundred grand  
you'd get over  
five hundred packs  
You scammer!  
Harder, harder, boss, harder!  
Hit me  
Sorry, boss  
Have a smoke first! Smoke!  
Matches...  
This one's on me. It's on me...  
It's my fault! It's my fault!  
I already put a hundred thousand  
into the account you gave me  
But each month, ok?  
I know  
And that other  
account I gave you  
Remember to put fifty  
grand in each month  
I'll remember  
The Vivian Wong one, right?  
Oh, and mommy?  
How is my Maserati?  
It's not a problem

Mommy's already  
ordered you a new one  
What's important is  
helping you appeal  
I've already got some friends  
looking for a big lawyer  
to clear your record  
Don't you worry  
I'm already in jail  
what's there to appeal?  
Silly boy  
Your record stays  
with you for life  
How can you face others  
once you're out?  
As long as there is  
any irregularity  
in the breathalyzer  
used for evidence  
the chance for a successful  
appeal is very high  
I had one ordered from overseas  
They're testing it now  
at Hong Kong University  
But I plead guilty already  
How can that be fixed?  
You admitted guilt  
under pressure  
from a tired and angry policeman  
Did you forget?  
The chance is there  
That's not the most important  
What matters is...  
By the time I'm out, the  
car will be outdated  
Mommy...  
Why didn't you ask before  
ordering a new one?  
If we get a faster appeal  
and you get released earlier  
then when you get  
out, you can drive it  
And if it's really  
outdated by then...

I'll buy a new one for you  
Time's up!  
That was fast  
Watch your health, okay?  
Use an extra blanket at night  
Make sure you eat  
enough, alright?  
Mommy!  
Yes?  
Remember to deposit the money  
Oh  
No effing way  
How can he be here?  
Don't remember who he is? Why  
don't we rewind the tape  
I've already forgotten  
which of the rabble  
brought me to the  
friend of a friend  
of a friend  
meaning this chubby  
guy's house party  
I learned later that  
his name was Jack  
He was extremely rich  
and extremely vicious  
because his uncle was  
head of a powerful gang  
What I hoped for the most  
was that he was  
extremely forgetful  
and wouldn't remember me  
But what happened that night  
would be very hard to forget  
Hey, is that chick safe to hit?  
There's chicks here?  
Which one?  
That one  
As far as I know,  
I don't know 'em  
So does that mean she's cleared?  
Any chick showing up to my pad  
has got to be cleared to go  
I swear

I truly did not know  
that Jack didn't know  
that the girl I  
was talking about  
was his girl

If I'd have known  
I'd rather be struck  
dead than chase her  
Your phone  
(Baby May)

Hi, baby. Good morning  
Where have you been?  
No, last night I had a headache  
and went to bed early  
You slut!  
Get up!

What's wrong?  
Get off the bed!  
Are you nuts? It's barely morning  
and you've already lost it!  
Who did you screw last night?

I didn't  
You didn't?  
You mean you didn't do enough  
You're crazy!  
Didn't! Didn't! Didn't!

Who did this?  
Come out!  
Get up!

- What happened?  
- Somebody messed with my girl!  
Did anyone come down here?  
Nobody came down  
Don't leave me here, take me  
Go up and find him!

Get off  
Where is he?  
Go after him!

Go...  
That's the reason  
that made me run naked  
A seven! Seven loses!  
Twenty prisoners in  
cell, all accounted for

3610438, Jack Leui  
Rape. Two years term  
What do you want?  
We want to follow Wu Sung  
slay the tiger on the mountain  
Watermargin only  
just started playing  
These guys are fast  
Then do you know who I am?  
I know you're a punk!  
Don't miss out  
Give him a couple kicks  
Hey, you guys finished?  
Got enough in?  
Brother Mike, what's his story?  
He's a somebody  
I don't care what body he is  
Sex-offenders get punished  
Princes and paupers have  
equal guilt, brother  
This fatso already got  
wrote-in on the outside  
and all of you got a cut  
Hell, small favors,  
small returns  
Do we change our prison  
rules so easily?  
Exactly  
All you gotta do is throw down a  
few packs and everything's settled  
Who's gonna be scared?  
Hey, this time it's  
ten packs per person  
Got that? Each person  
I think there is  
another prison rule  
Prosperity of the whole  
outweighs all else  
What about your guilt  
of princes and paupers?  
Hah. Money don't break the  
law, it makes the law  
Don't you know anything, Mr.  
Pauper?

Got that right  
Like I was saying  
Hold your fury, the  
storm will pass  
One step back, sail seas of glass.  
Right?  
How many true friends do  
he have in this world?  
Part as friends today,  
meet as friends tomorrow  
Ain't right, everybody?  
Back to your life, Regular Man  
Hey, you kicked him  
a couple times  
So did you  
With so many of  
us, he can't know  
If he doesn't know,  
then we didn't  
Well? You all right?  
Oh, right. My uncle called you?  
He entrusted someone  
to find me to save you  
Oh, then where were you earlier?  
You didn't show late  
on purpose, right?  
We never agreed on  
a time, did we?  
Old man, you sure can represent  
Kiddo, do you know who I am?  
Do you know who I am?  
Stupid old man  
Worthless fake!  
I'll tell your uncle  
and he'll kill you!  
You fake!  
Lucked out  
Jack was so busy beating him  
he never even noticed me  
And with that, Jack  
was put into solitary  
Every now and then Government  
Officials came to visit the convicts  
Councilor Chiang

is here to survey  
If you have  
complaints or demands  
please raise your hand  
Each of you has broken the law  
but even convicts  
have human rights  
You all should have no fear  
If there are any complaints  
tell them to me  
Did you want to  
go to the toilet?  
No  
I want to give some praise  
for excellent management  
of this prison  
All of us here live  
happy and healthy  
Knowing how to "read the wind"  
is a concept even  
foreigners grasp  
And you?  
You look pale and  
your lips are white  
Have you been mistreated?  
- Get over there - Yes, sir  
You're disgusting, you pervert!  
Take him to the clinic!  
So are you!  
Wow, what an ear-piercing shriek  
We'd later find out  
that Sum Lam's  
sea cucumber had become infected  
Tough luck for the Chief Warden  
That Zidane header almost put him  
in front of the legislative council  
Do you feel embarrassing?  
Sorry  
Hey, did you write  
two in for me?  
Can't we talk about this later?  
So did you write two or not?  
Yes  
No. Couldn't be that few

Really? I only got two  
So will you "right" or not?  
What "right" or not?  
Can you confirm?  
Con...Confirm  
If you confirm, then say "right"  
That's the rule  
Right. Right!  
In here, if you have cigarettes  
you can get someone to  
do anything for you  
In dollar terms, one pack  
is one-hundred twenty  
With smokes  
you can have public  
showers turned private  
Then you can pick  
up your own soap  
In your dream  
"1 Pack = Private  
Shower, 10 minutes"  
Disgraceful! Disgraceful...  
With smokes, you get  
someone to make your bed  
"5 Packs = Bed Linen  
Service, 1 Month"  
With smokes, you  
can get a massage  
Your kidneys are weak  
"2 Packs = Half-hour Massage"  
right or not?  
Right  
With smokes, you don't  
worry about A-B-C meals  
because if you have smokes  
you can bribe the jail-chef  
to cook gastronomic meal  
"10 Packs = 1 Luxury Feast"  
If you didn't know better,  
you might think you were eating  
at a Michelin star restaurant  
right or not?  
Right  
Once I had cigarettes

I started to think  
prison wasn't so bad  
I even got back some  
quality of life  
Three packs gets me a  
substitute for pastries  
I wholeheartedly believe  
it's a better value  
than hiring maids  
Three-hundred sixty  
for a day's work  
That's forty-five an hour  
Quite cheap?  
If you can take an  
economics view of it  
You would know that I'm paying  
sky-high prices for this help  
If I were to do the work  
I'd only get one-hundred  
twenty a month  
Fifty cents an hour,  
those are slave wages  
But for ninety times  
that, I get substitutes  
That's a CEO's multiple  
just to do odd jobs  
To put it more visually  
you could say I'm  
hiring ninety subs  
just so I can take a siesta  
Get to work!  
3610438, Jack Leui, change over  
Step out  
Your uncle told me about you  
But we have our own rules here  
The rule is I call the shots  
Do you understand?  
What the hell are  
you laughing at?  
Pay attention!  
Shhh...  
You want to talk about rules?  
I am the rules!  
You. Go check on that

Okay  
Hey, are you all right?  
Wake up, wake up  
There's one injured  
- Situation in hall, situation in the hall  
- Did anyone see  
what happened?  
Did you see anything?  
Did you?  
Sir, I'm the one who  
knocked him out  
Why didn't you speak up sooner?  
Rumor has it Long  
was sent to the ICU  
I hadn't seen him  
again ever since  
On top of that  
Jack took over his hall  
With the support of fools  
and mainlanders gang  
Soon, nobody would  
dare mess with him  
Only he could mess with you  
Lately, I've been more easygoing  
I got my confidence back  
That's thanks to basketball  
I used to play as a  
reason to collect shoes  
I never really  
respected the game  
but I never thought  
that when I got here  
I'd be like a retired NBA  
star playing the CBA  
and turning into their MVP  
They said I rejuvenated  
the sport for them...  
because there was  
intramural competition  
with open betting  
The system was surprisingly good  
with club members  
sharing in the take  
But money was only secondary

Basketball helped me  
win status and respect  
Oh, sorry! Sorry! Sorry!  
Didn't mean it!  
I'm fine, I'm fine  
Hey, I'm sorry. Are  
you all right?  
Fine. Fine  
He)'  
You're pretty good  
Did he actually mean it  
or was it an accident?  
It wouldn't be unusual  
to forget who I was  
After all, my hair was cut  
-and I had clothes on - Fall out  
Stop flinching!  
You're smarter. Come here  
Hey, boss  
You had some game back there  
Of course. I've been practicing  
Big improvement, right?  
A regular Shaquille O'Neal  
Asshole  
Don't think being brown  
makes you O'Neal  
Do you know how much  
you made me lose?  
You piece of shit  
That's right, go pick  
up your kind of people  
Garbage  
Here you go boys,  
for your trouble  
Okay, you first  
Dear Vivian  
It's been so long  
since I part with you  
that I'm worried about you  
Your firm titties are so bouncy  
and your tongue  
skills are not bad  
Hold one sec  
I trust that this episode

will bring us much  
closer because...  
I finally have the  
time to slow down  
I finally have time...  
away from you  
Speak a little slower. Slower...  
...and your tongue  
skills are not bad  
Right, right  
You are so damned sexy  
How is it your wetness  
is so endless?  
You've noticed that I  
keep wiring money to you  
Just consider it is paid leave  
Hold on, hold on...  
Only through this...  
have I realized that you  
are the one I truly miss  
I will propose to  
you immediately  
Even if you turn me down  
I will persist until you accept  
Once I'm out of here  
I will do you silly  
I'm convinced...  
you also look forward  
to that coming day  
P.S.  
I can never forget you.  
Yours, Nelson  
Hey, this is a little weird  
What's weird?  
Dearest May  
Thank you for your visits  
I'm always hurting you, sorry  
I trust that this episode  
will bring us much  
closer because  
I finally have the  
time to slow down  
I finally have  
time away from you

Only through this  
have I realized  
that you are the  
one I truly miss  
I'm serious this time.  
Once I'm out of here  
I will do you silly. You tell me  
Hold up  
These two lines are  
for him to write  
Your letter is for May,  
this is for Vivian  
Don't mix them up, guys  
-or I'll get into endless trouble  
- Really?  
You know the time? Going to bed?  
Shut the lights  
Okay, time for bed  
Hey, let me use your mop  
What are you using the mop for?  
To wipe the fan handle  
You're using the mop to  
wipe the fan handle?  
Do you know that there's a  
new saying for everything?  
Inspired by internet culture  
- Let me ask you something  
- What?  
I can sort of accept why  
a towel is called a mop  
But why is the toilet  
called a 'fan handle'?  
Who knows  
And if you want to know that  
Then why is jerking off  
called 'nightfall'?  
Why?  
Who knows? That's just  
what they call it  
What else would it be called?  
Let me tell you something...  
Nobody'd ever call it  
that in today's slang  
Today, everyone says

it's "Working the J"  
Working the J?  
See, J is your junk, your thing  
So...jerking off  
is working your J  
Doesn't that sound  
more colorful?  
Yeah, that is kinda clever  
Let's see it, boss! Aw...  
Your turn  
Scumbag!  
Hi, Auntie  
So filthy. Who can  
be so out of it?  
No need to Check the IP  
It's that same son of a bitch!  
Sexual offences, one year  
When the culture  
starts to change  
it can sometimes happen  
so fast it's scary  
Come over and have some peanuts  
Time for peanuts!  
Are you that stupid?  
You're going left  
and going right  
You're crazy!  
What a joke!  
Sorry, boss! Wait up! Wait up!  
Argyle Street, where're  
the smokes you owe?  
Don't think I won't  
jik-jik-bird you  
What the hell are you  
two shits babbling?  
I said...  
Butthead, where're  
the smokes you owe?  
Don't think I won't  
whirlwind kick you  
You dummy! You dummy!  
You idiot! The both of  
you are just convicts  
You can't even get your

Cantonese straight  
and you're copying slang?  
You're not allowed!  
You're not allowed!  
Using that kind of...  
Mind your business!  
S-s-sorry! Brother Jack, sorry!  
Ease-up, will you?  
You've got so much power  
you might kill me by accident  
you know?  
A lot of power, eh?  
I'll give you two  
more days to pay  
Two days...  
- Can you remember that?  
- I'll remember. Two days  
Louder!  
Two days! Two days!  
Booth Four  
- Uncle, uncle!  
- Kiddo! How are you?  
How is it in here?  
Why'd you have to  
beat up Big Mike?  
Well...he didn't want to help me  
And I even got beaten up  
Also, also...  
He talked crap about you  
That worthless piece of scum  
I've been easy on him  
But you shouldn't have  
punished him yourself  
Now your term's been extended!  
But you know beating  
people up is what I like  
and there's already  
nothing to do here  
so what do you expect me to do?  
That's why I arranged for fools  
and mainlanders to thump  
Smack them up and it  
won't extend your term!  
All right, I got it

Your uncle cares about you  
Whatever happens  
no matter what, don't slip-up  
or your uncle won't have anyone  
to arrange his final rites  
Oh! I also have some  
good news for you  
- What is it?  
- The info on the guy you wanted me to find?  
I dug it up!  
Cigarettes will get you  
good, private meals  
We all know that  
But how good?  
You wouldn't believe how good  
Of course, not every  
day is like this  
but today is a special day  
Eat up!  
Here...  
A lucky first dish  
of suckling pig  
That's right?  
Sure is  
but...  
if you put it all out at once  
by the time we've eaten  
half, it'll all be cold!  
Next time, bring them  
out one at a time  
Dirtbag!  
Is this a celebration banquet?  
How 'bout putting out a  
couple mahjong tables?  
You're out of your mind  
Just kidding, general  
Jesus fed a crowd with  
five loaves and two fish  
That's a miracle  
You're using over a hundred  
packs of cigarettes  
to take care of hall of people  
That's cocky  
Uncle Dat

It's my birthday, aren't  
I allowed to be cocky?  
No one is...except me  
But since you did ask in advance  
and lately you've given  
so much to the hall  
I'll let it go this time  
Thank you, brother Szeto!  
Brothers, today is my birthday  
Sorry if the spread isn't much  
Eat and have your fill. If it's  
not enough, we'll get more!  
Eat up!

**OK:**

Have some suckling  
pig, Brother Szeto  
What? Not enough?  
Give him seconds!  
Yes, boss!  
Enough!  
That's enough?  
Wow, that looks great  
Thank you! Happy birthday!  
Jack Leui  
Stop  
Why did you attack him?  
Oh no! I don't know  
He was eating and  
"phew!", he flipped over  
Sorry, it was all me. I  
slipped on something  
You think I'm blind?  
Too arrogant, little punk  
Have you heard it said  
Mind your things  
and your business  
then you get much less sadness  
I only ever heard  
Give an inch, they take a mile  
Back away, they take away  
Sit down now  
You like getting  
pounded on so much

I'll pound you to death  
Don't move  
Don't you move  
What happened?  
"Wishing you long  
life and harmony"  
"celebrating your  
happy birthday"  
"Years and years like today"  
"Every year just like today"  
"Congratulations"  
Who'd have thought you could cut  
candles and blow out cake in prison  
Thanks, brothers  
This birthday cake-like  
lump is actually milk  
digestive cookies, wafers,  
and chocolate mixed together  
Honestly, it was terrible  
But it was a birthday cake with the  
most heart that I'd ever eaten  
To many more years like this  
Thank you  
Hey, I have made something  
special for you  
If you'll notice  
look carefully at this joy bag  
she's extra meaty  
And it's even pink  
And...take this  
This one's not necessary  
Tonight, I've ordered everyone  
to stay out of the fan handle  
for half hour so you can  
have a real comfy nightfall  
No, wait...Work the J  
Work the J  
Consider it everyone's  
gift to you  
Thank you, brother Szeto  
Hey, boss. Hot water  
Thank you, Ng Jai  
This is the good stuff.  
Go easy with it

Thank you, Wolfy  
Look out  
Take this girlie-girl, too  
Have some extra fun tonight  
Borrowed this from the officers  
Thanks, Loco-Hay  
It's stable  
Take your time  
Better get going  
Hey, you really don't want this?  
The "Joy bag" can be considered  
one of the great  
prison inventions  
Fuse a plastic bag together  
pour water inside  
and put some baby oil on it  
A human substitute  
warm  
soft...  
Are you guys really  
already asleep?  
Quit playing  
Trionychidae  
Earlier, I forgot to say...  
Happy Birthday  
Come on!  
How did you get  
transfer to our cell?  
Just to keep you company  
He)'  
you done talking?  
If you're done, go to  
sleep, don't bother me  
Get some rest  
Trionychidae  
The time is now 6:30am  
All inmates must now rise  
Morning, sir. All  
accounted for, sir  
- Open' em up - Y es, sir.  
This is a shakedown. Get  
up, stand straight!  
Everyone up!  
Shakedown, everyone up!

When is it ever this early, sir?  
When is a shakedown  
ever this early?  
Do I have to clear  
it with you first?  
Sorry, sir  
We've found a plastic knife  
Why is it so dirty over there?  
Clean it up now!  
Morning, sir  
Warden inspecting. Any  
requests raise your hands  
I have received a tip  
that someone here is  
hiding contraband!  
Sir, we just finished searching  
There was nothing  
Your shakedown's so  
lame, why even bother  
Do you know what you're saying?  
Do it again!  
Sir, we found something.  
Possible drugs  
Take him away  
It's not mine, sir.  
It's really not mine  
Sir, sir!  
I put that packet there  
You put it there?  
He told me to put it  
there to frame him  
What are you talking about!  
That guy's got a  
problem with him!  
And I owe him cigarettes  
so he forced me to frame him!  
You rat!  
Fighting right in front of me?  
Take all three of them away!  
Go  
Szeto, you're coming, too  
We got real problems this time  
Needless to explain,  
we were framed by Jack

Roach said it's best to take it  
down with together with Jack  
That resulted in Roach  
getting a "Four-68B"  
Four-68B means  
solitary, longer term,  
no benefit, no visitors  
68B is the ruling term  
It was serious punishment  
Because Jack was ratted out by Roach  
As the instigator and especially  
since drugs were involved He  
was hauled back into court  
and was sent to solitary for  
three months right-after  
Why didn't you wake me, Roach?  
With Roach gone, the  
world a little different  
but Uncle Dat started  
talking more  
Jesus said  
Whosoever smites thee  
on thy left cheek  
watch out he doesn't  
smite the other  
That's not right  
Didn't he say, "Turn to  
him the other also"?  
If someone can hit  
your left cheek  
they're definitely going  
to hit your right one  
You should expect it  
In other words if they  
mess with you once  
they'll mess with you  
again, so be careful  
Confucius said  
Standing at thirty  
confidence at forty  
Fate at fifty  
In other words  
When you're thirty,  
you know nothing

just like you standing  
here like an idiot  
When you're forty, stop  
running with gangs  
If at fifty you're still nothing  
then you'd better  
accept your fate  
Hi Auntie! I'd better  
write that down  
Solitary coming out.  
Welding group adding one  
Change out  
Change out. Work over here  
Come on  
You sure have grit  
Of course  
Solitary  
I know how to handle it  
You? A rich boy?  
Two days and you'd  
have hanged yourself  
I checked  
Why did you take the hit for me?  
You're my best friend  
a...brother  
That's what  
have some smoke  
Seriously, though  
You haven't been  
outside in so long  
have you thought about  
what you'd get into  
Guy like me?  
What do you think  
I could get into?  
What did you used to do?  
I'm not saying  
Come on...  
I've seen your wife  
always coming to visit  
If not for yourself,  
then at least for her  
Wife?  
My wife ran off with a

guy a long time ago  
That one's a social worker  
She looks after my  
grandmother and my daughter  
You have a daughter?  
How old?  
- Five!  
- Wow, I'd never have guessed  
Don't you miss her?  
Doesn't your mother miss you?  
What? That your daughter?  
My daughter drew this  
She's got a talent for drawing  
Your daughter is  
even more reason  
to be looking for an honest job  
These days, a lot of people hire  
handicapped-but-able workers  
Cleaning toilets?  
But don't worry  
I won't sell smack any more  
Too easy to get into trouble  
Maybe I'll switch to Ketamine  
No, all the clubs  
have been swept clean  
Or maybe...sell near the schools  
but seems a little wrong  
selling right nearby  
Or do hooker transport  
But local hookers have  
serious attitude issues  
And those northern girls...  
Those chicks are such hicks  
squatting around while  
smoking...how silly!  
Back to work!  
Did I really consider  
Roach as a friend?  
Would the rabble  
that I call friends  
do time for me the  
way Roach did?  
As a matter of fact  
it doesn't seem like I'd

had concern for him  
Hey, seriously...  
You gotta come up with  
a honest job to do  
I'd thought of doing  
a little business  
but I don't have start-up money  
You were so willing  
to cover for me  
setting you up with  
200 packs is nothing  
Just returning the favor  
Two-hundred. Two-hundred packs!  
Thank you, boss!  
I just want to be clear  
that I wasn't covering  
for you to get smokes!  
- I know!  
- Thanks, boss  
Hey, when can I get them?  
I need them  
Don't worry, I won't  
leave you hanging  
Thank you, boss, thanks  
Hey, let me get that...  
Don't pick that up  
Give yourself some respect  
it's...a force of habit  
You're a boss now  
Two-hundred packs  
Ain't that right?  
Others don't even  
treat me like a human  
Only you treat me like a friend  
As I looked at Roach  
it was the first time I felt  
this is a true friend  
I never would've guessed that  
my first friend would  
be a drug addict  
Daddy  
MY angel  
Take your time  
Well, how were your tests?

Know your stuff?  
Yeah. Daddy...  
when will you come  
back from vacation?  
Daddy has good news for you  
Daddy's going to get hired  
Once I'm back from vacation  
I can go right back to work  
Doing what...  
Just a really big company  
I'd have to take  
care of everything  
Wow, daddy, you're super!  
Daddy, I made drawing for you  
This one is daddy,  
this one is me  
this one is great-granny  
It's beautiful  
Baby...daddy's not super  
Baby's the most super  
making such a beautiful drawing  
Do you have enough to wear?  
...look after her  
Baby, promise daddy  
you'll study hard, okay?  
Daddy will be back  
from vacation soon  
I know, old windbag  
Wake up!  
Jack was eventually  
released from solitary  
and even got into our hall  
I never guessed he  
was crazy enough  
to swap ten packs of smokes  
just to sleep in the  
bed next to mine  
I thought...  
No matter, what I had to find  
someone to take him down  
In view of the recent,  
extreme discord  
between these two  
whose situation has

become intense  
and to avoid affecting others  
it is necessary to  
use fair, reasonable  
and non-violent methods  
to settle differences  
That's right  
No damned settling  
No way will I accept  
this ill-deal  
You can all see this  
It's this piece of crap  
who won't let it go  
Look  
neither violence nor threats  
will solve problems  
Breaking an impasse  
demands dialog!  
This idiot...stuck my girl!  
Whoah, poaching a man's  
woman is unforgivable  
You dumb!  
How could I know  
that was his girl?  
And before I stuck  
her, I asked him  
I only hit it when  
he said I could  
Oh, you gave  
permission to hit it  
-then your crime is worse  
- That's right  
Well how was I supposed to know  
the one he was talking  
about was my girl?  
I'm guessing he couldn't  
possibly be so dumb  
as to allow you to  
stick his own girl  
- That's damn stupid - Right-0  
How could I know  
that he didn't know  
the one I was talking  
about was his girl?

This is so confusing, I don't even  
know what you're talking about  
Here's how I see it, Jack  
either you just kill him now  
or you pay him twenty  
tickets and call it even  
I don't think so  
Like I'm poor?  
How's this  
you used that to do my girl  
for payback, then pay  
me back with your junk  
Are you out of your mind?  
Don't need to cut it off  
Just insert a pearl in it  
Insert it into your oblivion!  
Hey, out of nowhere  
you want him inserting pearls...  
seems a little extreme  
Right, how about this  
gamble with cards  
You each draw once,  
high card wins  
One hand, sudden death, okay?  
Can't believe I got  
the Deuce of hearts  
You ran out of luck this hand  
Are you retarded?  
All right, time to pay up  
Hold on a moment  
We never said I can't  
substitute with smokes  
That's right  
You can consider that  
Isn't it more practical to take two  
or three hundred packs, instead?  
Two, three hundred packs?  
One thousand packs  
If you have a thousand  
packs as substitute  
A thousand packs?  
You only have one dick  
Once it's inserted,  
it's in there

A thousand packs is fair  
But we still take a  
ten percent charge  
- Got that right - Think it over  
I have a hundred-odd  
right now, take it first  
I'll take you to hell. Cut it!  
Ain't a thousand packs  
in the whole hall!  
Hold it  
With a thousand packs,  
the matter is settled?  
Let's see if you have it first  
Here's a hundred fifty-six  
How many does Nelson have?  
One hundred twenty-two  
One thousand packs  
There's also this  
All the cigarettes  
everyone owes me  
I have it marked right here  
A total of seven hundred  
twenty-one and a half  
I'll collect it all for  
you within three days  
Including what's here  
Nine hundred ninety-nine  
and a half packs  
I have half a pack  
You call those smokes?  
These aren't smokes?  
Here's an extra...my treat!  
You low-life!  
Aren't you scared you won't  
live to see your daughter?  
I know everything about you!  
Are you threatening me?  
I've already...put up with you!  
Uncle Dat, why do you  
have so many smokes?  
I've been here  
nine years already  
Hey, you're gonna  
pay me back, right?

Of course  
Thank you, Uncle Dat  
Is the number correct?  
It's good  
You want to jump in, old man?  
Better watch your step!  
Fine. I accept your  
thousand cigarettes  
You messed with me, so  
I'm still gonna get you  
Well, then it's like  
nothing was settled  
Then what's it take  
for you to back off?  
Don't like it, then wager  
your junk for another round  
Fine. Then I'll wager my junk  
If I lose, I'll put in the pearl  
If you lose, you put  
all these smokes  
back into Uncle Dat's locker  
and all scores are settled  
That's gambling two for one  
Tell you what  
the pearl you use will be these  
Seriously now  
where did you find  
these bearings out?  
Now hold on...  
Before, you only said  
inserting a pearl  
Before, no one said you  
could sub with smokes  
All right, deal the cards  
Brother Szeto, you said  
Deuces were low, yeah?  
You don't need to  
Check-in to know, right?  
Check IP  
Here, I beat you clean this time  
Oh...my goodness, the 2-heart  
seems to like him big-time  
Wow...there's not much here  
won't this take a lot of skill?

Don't you worry  
With Brother Ming's experience  
he has seen it all!  
Be that as it may, for  
such a small penis  
to have such a big  
bearing inserted?  
It's a first for me  
Thank you, Brother Ming  
You've all thought this through?  
If so, then how about  
we begin the surgery?  
L...I'd like to know...  
if I can have some anesthesia?  
Anesthesia  
Better I hold you down  
Or else when you start squirming  
you might get it really cut up  
No need. If you  
really want to help  
can you all p-please go outside?  
Everybody staring is  
a lot of pressure  
Why don't we all give  
these two some respect  
Right, everyone out  
Look, kid. Consider  
me as on your side  
Aw, it's nothing  
Just talk. Talk and  
you'll be fine  
What happened after  
Sum Lam got infected?  
Nothing, he was fine  
once they cut off his penis  
Brother Ming  
could you do things a  
little more properly?  
Hey, I'm helping you  
disinfect this bearing  
How's that not proper?  
What is that, Savlon?  
Savlon...Who's got that?  
Here...it's my piss...

Pee has uric acid in it  
Look, it's even  
better than Savlon  
Don't play around, Brother Ming  
I average two of these a day  
And you still don't trust me?  
Look, you should learn to relax  
Try imagining that later...  
when you're with your girl  
she'll say 'Yeah, yes,  
yes', it gets really high  
you know?  
So...I've never put  
a bearing in before  
but it's all the  
same damned thing  
Seriously now, don't  
get a hard-on  
or else I'll cut through  
your soft tissue  
and blood will flow like a river  
then get mad like it's my fault  
How could I have a hard-on?  
It's already pulled  
back inside now  
Wow, it really has pulled back  
Are you testing me?  
It's okay, don't be scared  
It's nothing  
Don't shake  
Steady, steady...  
Hey, hold this. What the  
hell are you doing?  
Almost done, almost  
done, almost...  
I fell  
But I'm okay  
So baby  
How come you haven't  
visited in so long?  
What?  
Are you not well?  
If you're sick, you don't  
have to come see me

Did you get the  
letter I wrote you?  
I did  
Let me read it to you  
Dear Vivian  
It's been so long  
since I part with you  
that I'm worried about you  
Your firm titties are so bouncy  
and your tongue  
skills are not bad  
You are so damned sexy  
How is it your wetness  
is so endless?  
Well? Should I keep reading?  
I didn't write those words  
Someone must have pranked me  
You recognize my writing, right?  
Enough!  
After all these years  
every time you lied to me  
I chose to believe you  
I thought being in  
jail would change you  
I thought you would  
learn to really love me  
I thought that so long as I  
waited for you to get out  
we would turn out all right  
I'm so stupid...  
May, no...  
Right now I really do want to...  
have a simple life  
and have a family with you  
Yeah?  
Do you know what?  
I hate myself!  
Because I couldn't  
let go of you!  
I asked myself,  
why am I so vile?  
But I am absolutely sure  
I will never be with you again!  
May, don't say these things

Don't look for me  
when you get out  
No, May  
I would rather kill myself  
than let you find me  
- Baby!  
- So don't make me to  
May, baby!  
Stay calm...take it easy  
I later wrote a letter  
breaking up with her  
Did you get that one?  
Nelson Yu  
Go to hell!  
- May, baby!  
- Sit down now  
Thanks, brother...  
I'm fucked this time  
My girl doesn't swear  
She told me to go to hell  
now I really feel like hell  
Yeah, but you can  
win women back easy  
Mine, I don't know where she  
went now that's hard to get back  
Your girl is there every day  
you can get her back any time  
Sorry, you go ahead  
let's game  
I lose every time. I  
know full well you cheat  
but I just don't know how  
Roach! You have a visitor!  
Oh, I'm coming!  
Let you know how  
when I come back  
Ng Jai!  
Help! Help!  
Wake up!  
Help!  
Someone hanged himself!  
Come quick!  
Come back here  
Okay, we'll take it from here

Ng Jai...  
That's not an easy thing  
You make rope from the  
edge of the covers  
tie it around your neck,  
then drop hard...  
Do you have to teach the whole  
hall how to kill themselves?  
I'm just worried he  
can't see past it  
Still talking back  
Not one person here  
treats me like a human  
You treat me like a friend  
You know those offices  
aren't there lots of women?  
Then don't call me roach, okay?  
It's really embarrassing  
Then I'll call you Ng  
Jai again, all right?  
Why would Roach kill  
himself out of the blue?  
Or was he pushed into  
taking his own life?  
Jack Leui, Lau Jun-ho,  
Moshin, pack up  
I'm switching you  
to another hall  
Bye...  
Aren't you scared you won't  
live to see your daughter?  
I know everything about you!  
Roach, I want to tell you  
that many people here  
consider you a friend  
except for him  
Don't move  
Stop  
3609981, Nelson Yu is here, sir!  
Every single one of  
you gives me problems  
Tell me, what grudge  
does he have?  
Ng Jai owed Jack and it

wasn't just a little  
Jack had beaten him up before  
And then time with the drugs...  
It was Ng Jai who  
ratted Jack out  
What is it you're trying to say  
Two days ago I hired him  
to help me at my company  
With a proper job and  
a daughter outside  
what reason would he  
have to kill himself?  
His daughter...  
accidentally tumbled  
down a hill to her death  
Social Services informed  
him just yesterday  
It had to be Jack  
Jack got someone  
to mess with him!  
Do you have proof?  
Jack threatened him before  
saying he knew Ng  
Jai had a daughter  
I know he had a daughter  
Does that mean I  
wanted him dead?  
You have to have proof, evidence  
Then what's considered  
proof and evidence?  
His daughter was outdoors  
She accidentally  
fell to her death  
Everyone knows he loved  
his daughter dearly  
Because he could not  
handle the loss  
he hanged himself  
That is called evidence  
Sir, you're clearly  
siding with Jack  
You just don't want  
to piss him off  
We in corrections do our jobs

straight and on the level!  
We take no one's side!  
Any infraction  
will be sternly prosecuted!  
Sir, is this not an infraction?  
Is it straight and on the level?  
Or is it disguised brutality?  
Do you want to get  
that looked at?  
Or do you want to antagonize me?  
Don't ever antagonize me!  
I'm not going anywhere until  
you tell me everything!  
Get out of my sight!  
Sir, I'm filing a complaint!  
Filing against Jack!  
Filing against you!  
I'm reporting you!  
Loco-Hay, I need someone waxed  
What's going on?  
Pay back the smokes,  
that's what!  
Pay back what smokes?  
The eight hundred seventy-seven and  
a half packs you owe Uncle Dat  
Adding administration  
and interest  
by today, that's already  
twelve hundred packs  
What?  
You paying or not?  
Damn  
It's just a cigarette debt  
you don't have to beat me!  
Sorry  
but beatings are a  
fixed part of payback  
Otherwise, people will say  
we don't take action  
Getting your money is  
taking action, right?  
You want cigarettes?  
Here you go, take  
it, take it all

This enough? Is this enough?  
Is this enough now?  
Hi your hell  
You just want to get paid  
Something wrong  
with getting paid?  
Does me getting paid offend you?  
Huh? Can everyone be like you?  
No need to work?  
Your parents have money  
You are nothing.  
You have nothing!  
You would starve to death!  
Worthless kids like these  
as useless dead or alive!  
Hey, I'm not just  
getting paid for myself  
The whole hall of people  
needs me to get paid!  
They have family out  
there, young and old!  
Making money! Do you understand?  
That's what men do!  
Go die!  
Getting paid, understand?  
Go die!  
Old bastard, you got a problem?  
Having guys shake me down  
What are you barking for?  
You don't have to  
pay what you owe?  
Couldn't you ask me yourself?  
Gotta send guys after me?  
Did reading that Bible  
turn you stupid?  
Because I don't want to talk  
or even lay my eyes on  
your kind of people  
What do you mean your  
"kind of people"?  
What do you need Loco-Hay for?  
What difference is there  
between you and Jack?  
If I'd known earlier,

I wouldn't have  
offered up all my  
cigarettes to save you  
What's all this big  
talk about principles?  
Your bottom line is  
still about smokes!  
Go to hell!  
Money makes you the boss?  
Money means you can kill people?  
That right?  
Are you stupid?  
You're fighting with  
me over that scum?  
I now have a bearing  
in my penis!  
Ng Jai lost two lives!  
Am I not supposed to  
give him payback?  
You're positive he had  
Ng Jai messed with?  
Do you have proof?  
Even if he did, so what?  
If you get someone  
to take him down  
that's not going back on you?  
Once you're back in here  
you either go to maximum  
or you're in for life!  
Then what, let him off?  
Is there no justice now?  
You were born rich.  
Good food, good life  
You call it justice?  
Is being born rich my fault?  
What did I do wrong?  
At least I'm not like him going  
around and messing with people!  
Did you go around  
messing with girls?  
How many did you screw with?  
Did cause pain to anyone?  
Plenty of people  
everywhere want you dead

just the same, so why  
don't you go die!  
I've seen plenty  
of people like you  
spoiled by your parents  
I'm positive that all your life  
they did anything to please you  
And if it didn't,  
you'd have a tantrum  
You have a tantrum,  
they bow to your wishes  
Over time, you get used to it  
and think it's all  
supposed to be that way  
Isn't that right?  
The world doesn't work that way!  
The world doesn't  
revolve around you!  
You live it up, they suck it up  
Keep thinking without your head  
and let your desire  
do the leading  
and all your life  
you'll be worthless  
Ever since I was a kid  
nobody had the nerve  
to scold me like that  
Once Uncle Dat started scolding  
it last for a whole hour  
But as I faced him  
he seemed surprisingly fatherly  
Uncle Dat, can I ask  
you a question?  
What did you actually  
do to get in here?  
- Closing up early tonight, Uncle Dat?  
- Hi, Mrs. Wong  
- Let's do mahjong tonight!  
- Sure,  
see you in a bit  
Ayu!  
Rotten kid, won't listen  
to a thing you say  
Do you know this

man, Lam Tin Yu?  
He lives in his father's,  
just around the corner  
Thank you  
What did you do?  
They're cops!  
Run!  
Over here. Police, open up!  
Use the window, damned kid, go!  
Hold it!  
Freeze! What is that?  
You're under arrest  
You don't have to speak  
Anything you say  
will be recorded  
with pen and paper...  
I thought sacrificing  
myself would save him  
but eventually I realized  
that I'm what ruined him  
Stop. Stop now! Don't move!  
Now you know why all these years  
I worked so hard to save  
up those cigarettes  
You wanted to compensate  
the girl's family  
Nothing I do could  
compensate for that  
"To feed without teaching  
is the father's fault"  
I wanted to protect him  
but ultimately hurt us both  
It's a heavy burden  
I failed to teach him  
properly that day  
He was like you,  
year of the dragon  
Uncle Dat, do you feel that...  
I'm a lot like your son?  
Don't be so corny  
I just don't want you  
to turn out like him  
I don't want your mother  
to wind up like me

The same meal can be feast  
or it can be foul  
Which one you eat is up to you  
Once Uncle Dat scanned my system  
it was like I was a computer  
with antivirus installed  
Problems started coming out  
I think I needed  
to reboot my life  
But sometimes, after a few reboots  
the system might still hang  
Hey, something just came up  
What happened?  
Uncle Dat was in B zone  
and fell down the stairs,  
hitting his head  
They called for a car  
to get it taken care of  
It's pretty serious  
You want to jump in, old man?  
Better watch your step!  
Where are Jack's duties  
scheduled for today?  
Jack? Today he  
should be in B zone  
But he should be done  
and out in the yard now  
Stop! What are you doing? Stop!  
Escape! All prisoners, kneel!  
Stop! On your knees, everybody!  
What are you doing? Stop!  
Escape! All prisoners, kneel!  
On your knees! Everyone  
on your knees!  
Nail him  
Stop! On your knees  
Have him carried out of here!  
Yes, sir!  
I knew Jack had no  
shortage of enemies  
but I wouldn't have guessed  
he got stabbed by his own guy  
I really want to thank that hero  
If not for him, I could

easily be serving life  
You think prison is bad?  
The worst is being  
kept in solitary  
with no one to talk to  
And after only  
three days of this  
you will want to die  
But I didn't kill myself  
And even had 45 days  
added to my sentence  
In these 45 days, I  
figured out a lot  
I figured out the secret of why the  
assistant warden would hit people  
when he didn't have  
on his sunglasses  
Everything has a reason  
Now that I mention it  
Why was I really here  
in the first place?  
Solitary, coming out  
Solitary, coming out  
3609981, Nelson Yu,  
bunk number one  
When you get out of solitary  
you usually get  
switched to a new hall  
There's no Ng Jai here  
no Uncle Dat, no Jack  
I felt it was really serene  
May really didn't  
come back to visit  
and never answered my letters  
I heard that Uncle Dat and Jack  
were both still unconscious  
in the hospital  
Maybe Heaven wanted  
to give Uncle Dat  
a chance to rest  
Inmates about to be released  
usually are assigned  
work outside the jail  
because we have no

incentive to escape  
and also to show how  
we're getting closer  
to the outside world Boss  
Boss!  
I took all the  
cigarettes and gave them  
to the bottom-rung  
inmates and minorities  
After all, being inside  
prison or outside  
You're getting out.  
Take the name tag off  
With no narrow line  
between life and death  
no people singing "Light  
of Friendship" to you  
no one telling you to eat your  
food without turning around...  
The reality of being released  
is that kind of tranquility  
Nelson, when we get back home  
you go shower with pomelo leaves  
and change into new clothes  
I have one more  
meeting, I'll come home  
and we'll go to Fook Lam  
Moon for dinner, okay?  
Mom, do you think  
what I did was wrong?  
Don't think about the past  
We should look  
towards the future  
Mr. Choi, could you  
please pull over for me?  
I want to discuss  
something with my mom  
Yes, sir!  
Mom  
I did some gambling in there  
and lost over a hundred thousand  
That's all right  
I'll write you a cheque  
and you forget about all that

It's not as simple as  
losing money, either  
I lost so much that down there  
I was forced to insert  
a bearing this big  
How could things get like that?  
I'll call Dr. Lau and  
see how to handle it  
Mom, that isn't even  
the most urgent thing  
Most urgent is the  
one who forced me  
is still in there, right now  
When he gets out he'll  
definitely send someone after me  
What kind of people did  
you get mixed up with?  
How about this  
Hire bodyguard to protect you?  
It's no use, this  
guy is very tricky  
I have two friends in there  
One was made to commit suicide  
the other was put into a coma  
Then how about going  
overseas to hide a while?  
I've thought this over  
The best bet is to have  
someone take him down  
What? Isn't there another way?  
You can negotiate.  
They just want money  
This guy has much  
more money than we do  
On top of that, he's crazy  
There really is no other way  
But if they find out you did it  
that will still be a problem  
I've asked about this  
They said that if I  
pay a full stipend  
even if every person is caught  
no one will rat me out  
Then where do we

find these people?  
How much money will it take?  
You're really considering this?  
Your son is asking you  
to have someone killed  
Are you seriously  
thinking about this?  
All this time, did  
you ever think  
about how to properly  
teach your son?  
I went to prison. I became  
this type of person  
Who bears the most  
responsibility for that?  
Nelson, has exhaustion  
made you unwell?  
Don't frighten your mother  
All along, whatever I  
wanted, you gave me  
Right or wrong, you  
spoiled me like that  
How did you think  
I would turn out?  
I did this because  
I care about you  
- You know that - I know  
But you never taught me properly  
Not even once  
I'm only a single woman  
I had to deal with your  
grandfather's business  
How would I have had the time?  
I work so hard  
because I want you to  
have a better life  
I wanted you to be happy.  
Isn't that right?  
You think having so much  
money is that useful?  
You thought that if  
I had more money  
that I would be happier?  
Your father passed away early

Your childhood was  
without a father  
I always feel  
that to you there was  
always something missing  
I wanted to make up for that  
I want you to be happy,  
don't you know that?  
If you wanted to  
make up for that  
why didn't you spend  
just a little more time  
to teach me right?  
The way you spoiled me...  
Did you know I've done a lot  
of bad things out there?  
You are very  
responsible for that  
I hurt a lot of people out there  
and you are very responsible  
That old woman I ran  
into and killed?  
You are very  
responsible for that!  
What are you saying?  
Do you know what born with  
no mother as guide means?  
That's me  
I was born with no  
mother to teach me!  
Shut it!  
Forgive me...  
I feel so guilty  
I don't know why I did that  
I feel so much guilt...  
Forgive me, mother  
Sorry  
Mom, I've thought it through  
I know I need to become  
a different person  
I don't want to rely  
on family anymore  
Let me try to make it  
outside on my own, okay?

Mommy?

Okay

I never went back  
home after that day  
because I just wanted  
some tranquility  
and to live my life  
I looked for May  
but it was like she disappeared  
I think she really must hate me  
which means she must  
have really loved me

Uncle Dat

Been well?

Yes

Does anyone still  
push you around?  
Had...a stroke  
Nothing to do...with Jack  
Nothing to do with him?  
Ng Jai's...daughter also...  
nothing to do with him  
How do you know?

Social Services...said...  
an accident...an accident

I'm so stupid

When I got angry  
I forgot all those  
things you told me

You're okay  
so it's fine

I'm doing well now  
Standing on my own,  
relying on myself  
You had an argument  
with your mother?

No

I don't want to rely on family  
Children...only  
have...this life...  
no afterlife

Cherish it

The Ten Commandments...talks  
about it

I know  
Hey, I brought  
something to show you  
I...had Ng Jai and your son  
enshrined next to each other  
Ng Jai had so much to talk about  
Your son and he would  
make good friends  
Thank you...  
Uncle Dat  
I should be thanking you  
The things Uncle Dat would say  
were always so powerful  
I insisted not to move back home  
In spite of I have to live  
in tiny flat with high rent  
While I started spending  
more time with mom  
rebuilding relationship  
Nelson  
How come you know how  
to give massages  
and are even good at it?  
I learned a lot on the inside.  
You just don't know about it  
Vivian even opened a new account  
By the looks of this moneyman  
his wealth was about  
proportional to his age  
It's just that,  
from what I can see  
not even Vivian's  
magical flute skills  
can stand him back up  
Ah, what a waste of talent  
I watched TV one day and  
recalled the meaning of  
The same meal can be  
feast or it can be foul  
A murder occurred this  
morning in Causeway Bay  
A Chinese male  
was attacked by several southeast  
asian men wielding knives

The victim was stabbed  
numerous times  
but died while en  
route to the hospital  
(Three Years Later)  
Hey, don't worry  
May didn't just give  
up the way Vivian did  
This...  
is May's father  
Ng Jai was right when he said  
that as long as they're alive  
you can win a girl back  
Two years earlier,  
I ran into May  
After suffering that break-up  
surprisingly, she went to Korea  
When she returned, her  
cleavage was a foot long!  
And married her right away  
To commemorate her sacrifice  
I purposefully changed  
my HKGolden login name  
(WifeWithBigBoobs)  
It's a little arrogant  
to say that I, Nelson Yu  
have played with  
all kinds of girls  
but as it turns out, this  
girl is the most fun  
You can't make a  
mess, understand?  
You want to play with this one?  
By the way...Did May ever  
cheat on me when I was away?  
Oh, Cousin and Man together  
Yes, have a meal together  
Meet Professor Do  
He got his doctorate at  
Seoul Medical School  
He can speak Cantonese  
because his mother is Chinese  
You'll have no  
problems communicating

Is a rich man  
He is super rich and  
has special abilities  
He can sweep girls  
off their feet  
See how gentleman he is!  
May absolutely loves Korea  
watching Korean soaps,  
eating kimchee, and  
especially drinking samgyetang  
For skincare, uses only  
Sulwhasoo products  
Next time you visit Korea  
I'll take you ice fishing  
Sure. I'll bring  
my boyfriend along  
What boyfriend?  
Don't keep your mind  
on that damned convict  
Damned convict, that's so rude  
Hey, but he is a convict  
Don't be so stupid  
Even Cheon Song-yi ignored  
the rich boy in the drama  
Excuse me  
Something came up, I should go  
Chat a little longer  
Actually, in two months  
I have to go somewhere very far  
and I don't even  
know if I'll be back  
If he's not right for  
you, he's right for me  
Do Min-Joon-ssi!  
She's crazy  
What does "the same meal can be  
feast or foul" actually mean?  
A feast is great, right?  
Yeah  
You've eaten it.  
Then hurl it back up  
And now it's foul  
Would you eat that?  
They're the same thing, dummy

Have you all thought of what you  
want to do once you get back out?  
I've been training so long  
I want to be Mr. Hong Kong  
When I get out, I  
will have my revenge  
Whatever the boss goes out to do  
that's what I'll go do  
Once I get out,  
I'll think up a way  
to get back in here soon  
Will you come back?  
Hey, nice shot! My turn  
Old man, you sure can represent  
Kiddo, do you know who I am?  
Why you move so quickly?  
Is this for real?  
Like I was saying  
Hold your fury, the  
storm will pass  
One step back, sail seas of glass.  
Right?  
How many true friends do  
he have in this world?  
Part as friends today,  
meet as friends tomorrow  
Ain't right, everybody?

Ho 1948-2015)
