Industrial Symphony No. 1: The Dream of the Brokenhearted

By Unknown

Where are you?
You sound far away.
Yeah...
well.
What's wrong?
Listen...
I'm...
What is it?
I'm taking off baby.
I can't do no more.
Can't do what?
What?
I guess I'm sayin' goodbye,
that's what I'm doin'.
Goodbye?
What you're sayin',
you don't love me anymore?
I can't...
I mean I gotta go.
You're joking me aren't you baby?
No, I ain't sugar.
Ain't nothin' wrong with you.
It's just...
us I can't handle.
I'm sayin' goodbye.
Don't say that...
please don't go.
I can't do no more.
I gotta go.
Please...
Please..

"Up In Flames"
I fell for you baby...
like a bomb
Now my love's gone...
up in flames
We're history baby
Read it in a book
It ended in the fire
That started with the look
I fell for you baby...
like a bomb
Now my love's gone...
up in flames

My head's full of smoke
Heart's full of pain
That tender love is gone
Gone up in flames
You should've shot me, baby
My life is done
You could've shot me, baby
Shot me with a gun
I hear those sirens...
scream my name
I know my love's gone
Up in flames.
"I Float Alone"
Floating through this darkness
All alone
Love is gone in darkness
Cold as a stone
Searching through the shadows you have known
Love's gone
Bare as a bone.
Trying to hold the memory face
You seem to have vanished without a trace
And in this darkness
This empty space
I float alone.
Now the night is falling
You have gone
Sad dreams blow through dark trees
Love's gone wrong
Clouds of sadness raining all night long
Love's gone
The end of our song.
I float alone.
"The Black Sea"
"Into the Night"
Now it's dark
Into the night
I cry out
I cry out...
your name
Into the night
I search out
I search out your love.
Night so dark

Where are you?
Come back in my heart
So dark
So dark.
Into the night
Shadows fall
Shadows fall so blue.
I cry out
I cry out for you.
Night so dark
Where are you?
Come back in my heart
"I'm Hurt Bad"
"Pinky's Bubble Egg"
In the far away world of Pinky's Bubble Egg,..
things changed
I know one thing
I wasn't alone
I could hear you
I wasn't alone
I could hear you coming closer
Pinky's Bubble Egg
Repeats in the dead hunger
Darkness my heart was stuffed in a trunk
Beating like hell
Saturn fell rolling
The Twins Spoke
"The Dream Conversation"
I like to tell you all about a sad dream.
It's the Dream of the Broken Hearted.
Where are you?
You sound far away.
Yeah... well.
What's wrong?
Listen... I...
What is it?
I'm taking off baby.
I can't do no more.
Can't do what?
What?
I guess I'm sayin' goodbye,
that's what I'm doin'.
Goodbye?
What's that mean,

you don't love me anymore?
I can't... I mean... I gotta go.
You're joking with me,
ain't you baby?
No, I ain't sugar.
I ain't nothin' wrong with you...
It's just... us... I can't handle.
I'm sayin' goodbye.
Don't say that...
Please don't... go.
I can't do no more.
I gotta go.
Please... Please..

Click

"Rockin' Back Inside My Heart"

Tell your heart that I'm the one

Tell your heart it's me

I want you

Rockin' back inside my heart

I want you

Rockin' back inside my heart

Rockin' back inside my heart

Shadow in my house

The man he has brown eyes

She'll never go to Hollywood

Love moves me

I want you

Rockin' back inside my heart

I want you

Rockin' back inside my heart

Rockin' back inside my heart

Tell your heart you make me cry

Tell your heart don't let me die

I want you

Rockin' back inside my heart

I want you

Rockin' back inside my heart

Rockin' back inside my heart

Shadow in my house

The man he has brown eyes

She'll never go to Hollywood

Love moves me

I want you

Rockin' back inside my heart

I want you
Rockin' back inside my heart
Rockin' back inside my heart
She'll never go to Hollywood
Do you remember
our picnic lunch?
We both went up
to the lake
And then we walked
among the pines
The birds sang out
a song for us
We had a fire
when we came back
And your smile
was beautiful
You touched my cheek
and you kissed me
At night we went
for a stroll
The wind blew out hair
The fire made us warm
The wind blew the waves
Out on the lake
We heard the owl
in a nearby tree
I thought our love would last...
forever.
"The Final Battle"
"The World Spins"
Moving near the edge of night
Dust is dancing in the space
A dog and bird are far away
The sun comes up and down each day
Light and shadows change the walls
Halley's comet is come and gone
The things I touch are made of stone
Falling through this night alone
Love don't go away
Come back this way
Come back and stay
Forever...
and ever
Please stay

Dust is dancing in the space
A dog and bird are far away
The sun comes up and down each day
The river flows out to the sea
Love don't go away
Come back this way
Come back and stay
Forever...
and ever
The world spins
