We go for here  
We go to go up you  
Back and elbows pra are  
E the cinturo of you weigh of the fat person?

It knows what I find?  
I placed them, I take off you here  
"the Atlantis has the marine habitat  
vaster of the world.  
The female tubares  
they reach 4 meters e....  
they are not fed as other tubares  
they suck its canine tooth for an inhalation  
e swallows it entire  
Vocs had heard this?  
Already they had bitten you some time?  
Yes.Gina was very brincalhona  
with me one day...  
but to the majority of the attacks they are  
a case of wrong identity  
Hi Boone  
What its father is conspiring?  
It smells well there  
What?  
That I smell it is good there inside.  
He is my Chile celebrity  
with maize bread

What?

The last time that made this,  
its former ones was in the island  
in the previous time to the this, it brought one  
sticky loafer for tres lguas

The last time that had a storm  
as the one that we had, Kan Jackson...

...it found a gold cross in the stack  
of ballast to the north of the island

Who knows, how many naufragios  
after they had found?

Is there where enters its Chile?

I would have to be there exploring

Left its work?

Not, I was fired,

but already it is part of the plan.

I go to arrange this, will leave it perfect,

I will make a great finding and then...

...we will follow our proper agenda.

I thought that already it was thus.

Yes, but we will be rich.

You are well?

It leaves I to see

I am well

My love.

Excrement boat

It knows that I would live with you

in this broken boat

I taste when you

it says things thus

They are well?

Yes. Stuffing some holes,

It knows?

Or either Robin is sensational!

We take off it of the sea before the storm

We are working all day since then.

Looking for what?

Already they had found the Titanic?.

That one of plates?

I look to only gold and silver.

Vocs knows.

Sam hears

I found in this morning, perhaps this face

it finds a rock pra to place.

It wants that my men  
it gives one looked at in its boat?  
Not, it is everything under control.  
The minimum that I can make is to offer.  
The rumor, is of that it is without work.  
Another time can work pra me.  
I work now for personal account.  
But it could re-contract me.  
We could arrive at the one agreement.  
Perhaps half the half one.  
Nobody leaves rowing e  
it finds a treasure  
I am I have ten years to find  
my first boot  
It has led in account what it said you.  
If to need aid, informs to me  
To the sea!  
It hears, Quinn! If you want to work  
for a truth captain, it informs to me.  
You he is a captain now?  
it looks at, the water goes pra it are of the boat.  
We in see them, Sam.  
I cannot work as an insane person  
for You beat another time  
I know.  
I do not go to commit suicide working  
while, it is rich.  
E beyond that dinamita it the reef.  
I do not work thus.  
I know.  
I only want that it is happy.  
You know.  
Yes, I know  
"welcome to the Bahamas".  
Welcome to the paradise.  
It is a pleasure to have it here.  
Pra is a pleasure me to be here.  
Negocios or pleasure  
We go, brother.  
What you find?  
They enjoy its stay  
I cannot believe.  
Mr..G. pretencioso.  
Oi, rato of the beach, disaligned

I go to play you of  
bunda in the soil.  
it sleeps, sleeps.  
Already it is well.  
It passes much time  
in the courts.  
It waits, not if it moves  
for as  
This, if feels very better  
Depraved of excrement  
I am happy in seeing you.  
How it is treated in New York?  
I am paid. Many bad faces need  
that I defend them. E I defend them.  
This gives fear to me.  
My God, gives this to me  
with potatoes you fry?  
It looks at this body. He is ridiculo.  
Caralho! How it felt my lack?  
Each minute.  
So firm E! It is thus in all place.  
I am happy in seeing you, Sam.  
If we tivessesmos in the known one before,  
the things would be very different.  
Calm, insane person.  
You must be the Smooth one.  
Who Is Smooth?  
Yes, Who is porra of the Smooth one?  
Amanda, Amanda.  
Amanda.  
Oi, I am the Sam.  
Welcome To The Bahamas.  
I am Jared. It pardons me.  
We go. These faces are ridiculos.  
She is an idiot.  
It covered direitinho. Very well.  
It was not horrible.  
I taste of the Caribbean. Much  
heat to use long skirts or pants.  
E we are  
two girls sexy  
You dive?  
Yes, I defend myself.  
It has how much time knows this?

One 14 hours.I raised it  
to the night in the Mercer Club.  
I raised you.  
It does not start to lie.  
I find that I am gotten passionate.  
Serious.  
I do not speak serious!  
The owner of this place, was accused  
of 44 times of organized crime.  
Our company of  
lawyers protected it.  
Thus it is as in it paid them.  
It is of jokes  
Problems with the boat?  
Problem none.  
Boat and jet-ski come together with the house.  
They go in giving the boat to them?  
You know me.  
They go in giving the boat to them?  
it is this.  
They go in giving the boat to them!  
They go in giving the boat to them!  
It teaches to me, brother!  
What it says me now  
This was fantastico!  
Tubaro!.Skirt of agua!  
This is a Tubaro.  
It swims!.Nothing for me!  
skirt, skirt! It is hurried.  
At that it is laughing?  
It has tubares for all the parts!  
It gives mine to me masks and the wings  
You do not need you mask  
it has a Tubaro, I I swear you  
Yes, but I lost my clock  
It needs an arm to use a clock  
skirt of agua!  
Sam gave this clock to me.  
It does not import me. What it is making?  
They only feel curiosity  
Curiosity of that?  
Of as, he is its back one?  
Skirt!  
Ah my God, looks at this Tubaro!

What it is making?  
There!  
You are well?  
It does not make this. Already it arrives  
He is not funny?  
Not  
It looks at what I found!  
Incredible!. Insurance the breath  
per 3 minutes and it finds a rock  
Which are the probabilities?  
Wait until it counts to my colleagues  
It is a ballast rock  
The boats had it in  
hoof old  
Good, I have a box of  
cigars Cohiba and Ron...  
...old in the terrestrial part of the Land.  
We go to analyze it in house.  
It always finds rocks.  
what it always lacks is the boat.  
It helps me. We go to come back to dive.  
You find that she has something there under?  
I do not know.  
It waits. You are wild?. You find that  
I go to thread myself there, with these things?  
It is worried only about  
the tubares tiger.  
You have reason. The tubares tigers  
they are maldosos.  
They are hairy and has rays.  
That good joke. My friend is funny.  
Not, I do not go to fall in the water.  
It is gold, certain?  
You it found something?  
Yes.  
What?  
An airplane!  
How a aerea ship?  
Yes, as a aerea ship.  
That strange.  
How many of these, it has there under?  
Sufficients to construct a house  
A multimillionaire palacio of cocaina.  
With a swimming pool and a waterfall

e a giraffe eating the gram.  
What it says me, of a cell  
during 10 years  
Yes, we go to leave daqui  
E this?  
That thing?  
It is not estúpida  
In they had caught them  
We will not take it  
It is for us.  
We keep this for one day bad.  
Or one bad month.  
It leaves I to see  
It waits Sam.It comes here.  
It waits, it comes here, it comes  
Sam, stops!  
It leaves that the defense presents  
its case.  
I do not consume drugs,as I hate.  
But to take off this,  
it can be that I oppose myself.  
You it does not seem idiotic, to find it in the edge?  
It plays in the ocean?  
It leaves I to see this.  
I find...What it is making?  
It goes to disappear  
It goes.Fast.  
This boat is new, Jared  
It shot in a new boat  
We go to leave daqui.  
It took off a boat of the ocean.  
Vocs two is very funny.  
You are with this, certain?  
Idiot.  
It is well.  
You find that she has more  
treasures there under?  
Great storms, in bring them  
great treasures.  
Ok.What it means this?  
Hurricanes as what we had,  
it can remove things in the sand that...  
The centuries are embedded.  
Thus that to come back tomorrow

e to excavate  
Not, if to denounce the beaten airplane.  
It will be the scene of the crime.  
Bodyguard, agencia of drugs.  
Never we will be able in approaching them.  
E the idea of that  
"That one that finds is what it is"?  
This is not the law here.  
The case is that we have  
that to complain the right  
To make this, we have that  
to identify the boat  
We have that to know to describe as it was  
e of where it came  
As I said you, we come back tomorrow,  
we excavate and we inquire  
E the airplane?  
What it has with this?  
We find bodies.  
We would not have to inform?  
They are dealing of drugs...  
..e not prisioneros taking food  
the hungry children.  
It neglects.Its namoradas ones seram new  
caguetas before that the law if makes  
E nobody wants its  
lost equipment?  
I am certain that yes.Plus a reason  
to keep the closed mouth  
Yes.Linguas untied sinks ships  
Truth. Untied languages sink ships  
What we will make we are to dive,  
to identify the remaining portions and then...  
...we inform on the airplane.  
Certain?.Unless...  
...if it does not matter that another person  
it complains its treasure.  
This is not as what it sees  
in the deep one of a aquario  
It could be extended for all  
the deep one of the ocean  
You have reason.  
But Sam,  
I find that we can make this.

E the team that we need  
e we do not have?  
E is there, where it enters  
Mr.. bolsinhos full of the grana  
Accurately.Perfect.  
We could pass the life all  
waiting another chance as this.  
This well.  
This well.  
With a little of enthusiasm?  
With a condition!  
Ok.  
We go to inform on this airplane  
when to complain the right  
E we do not go in approaching them to it  
until then.  
They do not look at for me  
I will be here absorbing the finger while  
vocs plays of pirates of the Caribbean.  
Plus a thing  
Nor a word to nobody  
Certain?  
Understood.understood.  
We can drink a toast therefore?  
We go to be rich! Health!  
We go to drink a toast for being rices.  
We need a compressor,  
a air bomb...  
four teams AGA,  
Hookah teams.You have this?  
It is not problem.  
A boat with sensors?  
Certain  
I need one magnetometro,  
a sonar of ample proporso.  
I will give this boat to you with sonar  
hidraulico fan, everything the necesario.  
But it has that to pay to me.  
How much?  
Thirty a thousand.  
It is there?  
Its friend is annoying me.  
He is the banker.This congregating  
the deep ones.30 a thousand?

Thirty a thousand. You have two weeks.  
I go to guarantee the payment. If to fulfill,  
you take the toys  
A meeting? He is a criminal!  
The criminals do not make meetings!  
Not desl  
I cannot believe this face.  
How it confronts!  
I saved this man  
of 10 years in a military prison...  
...e does not loan to me, some milharees.  
What it is saying?  
It does not have money?  
I counted to you on las Vegas?  
It said that it was not great thing.  
I lay.  
I have a pride problem.  
Why it did not say me?  
It wants to hear my sad historia?  
I count you. I asked for money  
loaned to the wrong person.  
I asked for a loan  
e now I am very overwhelming.  
It must have said me.  
By chance, it would pay my debts?  
It will deliver to its estampillas?  
I only...  
Why it did not say me?  
So that we came here, if it does not have money?  
It is making me to lose time.  
How unhappy!  
Oi I am. I have information  
that it will leave you without spirit.  
It looks at this.  
Where Amanda Is?  
It is with you.  
It gives a tank to me.  
It gives another tank to me.  
It is not with you?  
it gives this tank to me, rapido!  
What it is making here?  
What you find?  
It was looking its boat.  
It gave a return to me and it disappeared.

Then I came here to look for to you.  
What?  
I said you I stop  
not to come close itself to the airplane  
I did not catch nothing.  
It wants to register me?  
it walks in front.  
We go even so.  
The salty water transforms the silver  
in sulfuro of silver, This inverts it  
It converts it another time into treasure  
This is old mosquete.  
One sets old.  
It is seeing the precursor and the trigger?  
That marks are these?  
It asks To the Mexican.  
It is Spanish?  
Imbecile.  
This is not Spanish.  
It leaves I to give one looked at.  
It is Latin."Sic to semper tyrannis"  
"For in such a way always a tyrant"  
Catolico Boarding school.  
It is a Roman boat then?  
With a dagger of century XVII?  
I doubt very.  
It is a North American boat.  
Here it is.  
"Sic to semper tyrannis"  
"For in such a way always the tyrants"  
I arrived close."the motto of the state  
of Virginia that says that it cried out...  
...John Wilkes Booth later  
to kill Abraham Lincolnd in 1865  
Jared.  
It looks at this.  
It seems a map  
of the New It provides.  
It is this island, certain?  
yes  
Horn of silver for polvora  
Horn of silver  
e two weapons of silver.  
"the enslaved pirate with its horn

of silver and its two weapons of silver "  
This age it.  
Of who?  
Of Tillman Thorp.  
Fugitive slave transformed into pirate.  
It was wild  
It controlled the pantanos of the flowery one.  
It and its crew drank lead,  
bullets of mosquettes mijavam  
They had passed for the wharf and for  
confederates. It was its revenge.  
Then it is  
Snoop Dogg the Pirate.  
This is the flock, resting.  
It seems that they are drinking rum.  
Very calm, yes.  
What it has, there then, flags of  
confederation and ribbons of rock?  
I do not find that it is the boat of it.  
I find that we find the Zephyr.  
The Zephyr was a rich person  
French trader of New Orleans.  
The war blows up  
E this man catches the family,  
its gold, its silver, and embark them.  
route to France  
But Mr. Two Mosquettes  
e a horn intercepts it the itinerario  
e tambem takes the son of the French  
It sequestrou it  
Not. It was with it  
Much after being sunk the boat '  
they turn them, living in the Eleutera.  
That pretty story of fairies.  
Vocs knew that the Frenchmen  
they would pursue. They had sunk  
boat for confundiz them.  
Certain. It renounced the gold for the girl.  
They leave of if kissing. In first place  
he is revolting!, They stop of if kissing!  
No pirate with autoestima would make this.  
He is ridiculo.  
I bet 10 to whom the man  
he was so stubborn with...

...with francesinha pretty...  
...That it deviated the sight of way e  
it beat in a rock.  
It was this that happened.  
This is my new romeu  
This is reality  
It seems equal to that it happened with  
the Zephyr is there under.  
If finding, we will descubriremos  
the biggest bar of gold that has.  
Of that type of bar of gold,  
we are speaking?  
Sets of ten of millions.  
In 1861.  
It seems hundreds of millions.  
More  
How madness!  
But obstaculo has one.If we want  
that he is ours ' exempts and legally...  
...we need to find something  
that "Zaphyr" is written.  
Not, what we need  
to make is to calculate...  
...To that they are equivalent dollar millions  
divided for four.  
Friends, this is a madness.  
I cannot imagine.  
Amanda, you is in the boat.  
Why?  
It must be remained alert to the visits.  
I will receive my equal, certain part for?  
Yes, we are socios in equal parts.  
e I will be here and I will bronze myself.  
A moment  
It is all good?  
Yes  
This certainty of this?  
Leveling bronzed mine.  
It wants to be dressed, Srta?  
It has drugs or weapons on board  
Not  
We have right to register the boat.  
Sir, I found something  
Formulated drugs seem.

They are its?  
Not, they are not mine.  
How you if it calls?  
Amanda.  
She is all orderly one?  
Jared?  
Yes, it is all good  
I did not recognize the boat.  
It is of a friend.  
Oi Sam  
Oi Roy  
How they are Allison and Emilly?  
Very well.  
Good youngsters finish!  
It is my Bryce friend.  
What it finds? It is the Amanda.  
In we know them.  
What it was in its arm?  
I came close myself very  
of the chorale.  
You need to cover  
this muto well  
Where she is its  
diver flag?  
It gave laziness to me. It does not have very  
I traffic today of boats.  
But jellyfishes.  
E I traffic of drugs.  
It comes of the colombia.  
Its load in agua plays.  
You already know.  
We saw a fin of Tubaro  
e I could not resist  
It wanted to show to the this people  
of the city, a Tubaro.  
I did not think.  
If it approached as much that  
it almost mijou in me  
They are wild. if I vesse a Tubaro,  
running on agua as Jesus  
Very well brother.  
I mount alone seeing the girls.  
It takes care of of this its arm.  
Very well, we go going!

Tchau youngsters  
They have a good day.  
Tchau youngsters. Debtor  
If everything to leave well,  
We will divide half the half.  
Half for me and half for you e  
Sam. It waits. How?  
It does not say nothing.  
Amanda is not family.  
It goes to exclude it?  
It will count pra everybody.  
If to speak, in proximo year will participate  
of the delayed olimpiadas ones for.  
It will not speak  
Youngsters!  
We go Now!  
It protects my back one.  
I need to go to refresh me  
Oi Jared  
Some rastafaris were  
asking on you  
They were scaring me...  
...with its questions, as where  
it dives, with who is.  
What it said to it?  
It did not say nothing to it  
I protect you.It trusts me.  
It did not seem to be daqui.  
I thank the acknowledgment to you. Debtor.  
All good?  
Yes, it is all good.Debtor danny.  
I am thankful to you very.  
White man wet passing!  
It comes here.  
Where it is the Amanda?  
I do not know  
You know yes?  
Friend hears!  
Friend. The girl is with me.  
I am only talking  
with the lady.  
E I say you that it is with me.  
It does not have problem  
It is prime.

He is the owner of this bar.  
It is all good, brother.  
It hears, you wants to fly  
a bit?  
Yes, clearly.  
This excrement is for failed.  
We go even so  
It asks to it as it went to pay.  
How?  
Pregunte to it.  
It has this  
Care!  
They open way! They open way!  
It arrives!  
It speaks with its friend, Jared.  
We go even so!  
Rendered unhappy!  
I will kill its friend!  
This is horrible.  
What you have Bryce?  
It is looking at what?  
It would not have to provoke this face.  
It does not provoke it  
Not, it only caught the man.  
The mouth is silent! The mouth is silent!  
One keeps silent you.E not  
it annoys me with this.  
Excuse, excuse.  
It is well? I ask for excuses.  
We go even so.  
You are well?  
We go even so, we go even so!  
We go to leave daqui.  
Son of the mother!  
I am with mandibula broken.  
What porra was this?  
Very well, we go in congregating them here,  
far of the ropes.  
Who knows, what it is this?  
It is called post-office box "  
It binds the engine.  
They observe this  
We use the post-office boxes  
to deviate...

..the mat of the helice, the enclosure for bullfighting and the remaining portions,  
to find been shipwrecked boats.  
Ah, my God!  
What it is this?.What it is this  
How is called this?  
What it has?  
A treasure!  
We go there.  
Chocolate for all!  
As I said to them I,eu I am not  
a hunter of treasures, I am one...  
Finder of treasures  
Finder, yes  
Tchau, Pirate.  
Very it was amused  
We pass very well.  
I wait that they come back.  
We in see them.  
If they amuse in the school.  
Oi jared  
What friend counts to me?  
Bonzel was the naufragio  
that it found  
What he was captain?  
Jared found a cap.  
He is very enthusiastic with this.  
Generally I do not buy the souvenirs  
that seeing, but if it needs silver...  
It says its men stops  
not to come close itself.  
My men?  
Vocs chatearam this man?  
Not captain.  
I had one hundred people, working I stop  
me in the Bonzel.Vendi many caps.  
This could be of any one.  
If it does not approach to us.  
Who was you went up in  
my boat, without my permission.  
For here, still they shoot in  
people therefore  
Time is money, Jared.  
This requires the rescue of naufragios.

I have both the things.  
What you have?  
Given time and loaned money?  
That horrible.  
Good, it is taken care of.  
It directs com.cuidado.  
It is time question, until You beat  
it finds this boat been shipwrecked  
While this, we go in dragging them for  
deep, looking treasure with spoons.  
E I know where to obtain the money...  
To buy what we need.  
but I cannot go down and bring it alone.  
We speak of this already.  
But on what, we talk?  
We do not speak of very, only the sufficient  
to buy the necessary one.  
My face looks at pra and it says me in that  
I am thinking  
You know that yes.  
Already it thought about the punishment  
for I traffic of drugs?  
Yes, I know which I am.  
They go to put you in an arrest.  
In maximo...  
for who it traffics for the first time  
they are 5 years.  
I take more time pra to study right  
e to transform me into a lawyer.  
Only 5 years. It would not go to last five days  
in the arrest daqui.  
We risk our life, all day...  
Looking a boat of 150 years  
that perhaps it is embedded...  
...in the deep one of the ocean.  
while hundreds of millions...  
...facil, sleeps in an airplane  
the 200 meters.  
We could obtain the money  
for the boat.  
E we pass swimming as if it did not exist.  
It is a madness.  
My God.Read I with this people.  
I defend them.They move tons of

drugs for these islands. They are not genios.  
This is not ciencia nuclear.  
E I am not a narcotics trafficker.  
Not, it is not.  
You he is a vagabond  
of 29 years that it dives.  
Certain.I speak serious.What he is so funny?
