Floyd:

I know

Especially since drew was in love with him first i can see right through that she just wants to change because he is a good looking guy and just wants play with him and make him the guy she wants Thats not how love goes now if you love someone you love them for them like drew loves danny she loved no matter what especially how he did her you and i know that

Hattie:

Floyd :

Hattie:

was finally getting over him huh
