# Kummeli Stories

By Heikki Hela

Timo, hey.

-Yes?

Could you turn on the projector?

-It's on

Where those hairs come from?

Again there's one on the lens

I don't know.

-Red hair

And it's curly.

-It's your erogenous hair

It's not, it's armpit hair

It is your penis hair,

blow it away

Good evening

Finnish trucker Reino Laakso -

has ended up in open conflict -

at Luxembourg's border station

A truck full of carrots has been -

denied entry to

the country by the customs

with too weak arguments

according to Laakso

Here're some great carrots

for Luxembourgiens

(German gibberish)

What is loss?

Here's the car papers

Filthy car

Oh damn. You see, for 20 years -

I have done this work

and one thing I've learned -

is that to never give up

If need to deliver carrots to

Luxembourg I'm going to finish it

(gibberish)

Laakso's numerous contact attempts -

have been shrugged off

by Luxembourg's government

It's so that you can keep the carrots

Finland's EU-Commissioner

Erkki Liikanen disapproves -

both Laakso's and

Luxembourg goverment's actions

I think, I have to,

with this note -  
touch my arse  
I see  
Luxembourgian ministers  
have performed -  
rituals that dishonor Finnishness  
Klaus, just look.  
-Good job  
Finnish government has given  
Luxembourg government -  
an ultimatum. If profanity  
doesn't come to an end -  
Finland threatens  
to adopt further secret measures  
Esa.  
-Moth has cocooned  
Fox acknowledges  
Listen up, it's best now  
that girls go home  
What? I haven't got anything yet  
And Jari as well  
Open, open away  
Pirjo, could you  
hand over those forceps  
Open  
Open, open, open  
Kariluoto.  
-Moth has cocooned  
Hare acknowledges  
Ilmo, Ilmo, you have a call  
Ilmo  
Lynx acknowledges  
Mom, I must go now  
-Oh my goodness  
So this is what it meant when my  
buttocks began to tickle terribly  
Boy goes to war  
Ilmo, Ilmo, I brought  
you some lunch box  
Oh you, mom  
Don't worry about me,  
I take care of myself  
I'll be back by the hay-making  
-So said you father -

and he only went to deliver  
milk churns, never returned  
Captain Rankkanen,  
captain Rankkanen -  
your suit has arrived  
from washing  
At ease  
Fox?  
-Here  
Hare?  
-Here  
Lynx?  
-Here  
Cigarette man is always cigarette man  
Your mission -  
is to strike enemy's living  
and materialistic force -  
everywhere in the areas  
that they are ruling  
This mouse-shit here  
is Luxembourg -  
An area about the size of Forssa.  
Know that -  
even at this very moment they  
are fucking us pretty harshly  
It's the end now!  
The mission will be accomplished  
quickly and efficiently -  
after which you will exit the area  
according to your own judgment  
Air Force will transport you  
to the enemy's airspace

**At 19:**

will open, any questions?  
Check your clocks  
Dismissed!  
And remember!  
Today the shit rang here too  
and called me gay  
Even if I was gay -  
there's no need to tell it to me  
Oh Sibelius,  
oh, Juha Mieto...

Please

Please

Dear passengers, prepare

to jump in 30 seconds

Weather is beautiful

at Luxembourg, but partly cloudy

Captain Rantala and crew

wish a successful jump

The most important is that

we were not detected

It's only an advantage

Have to burrow.

-And fast

Watch out, right side

Don't recall me,

I take care of my plot

This is quite rally

No boys, rally is

something very different

He has bought some

random tires worth 50 marks -

from some junkyard

When Stefa installs it's precise.

-As always

There's no time to lose now.

-As always

What?

What, what?

It's fun to have spot check here

It's joy to give you fines

Radar stops you,

it stimulates us

Here's the end of your ride

It's fun to breathalyze drunkards

We are hepaticas of the roads

We may loosen your plates,

it refreshes us -

if can dry up the licence

Fines, fines,

great fines

We don't skimp,

we gladly give -

fines, fines,

fines to everybody

Come and get yours  
Hey dudes, you hear?  
You hear me?  
Yes we hear  
Quite cold is here,  
quite cold is here  
Yes. -Shall we exchange?  
Shall we exchange?  
In a minute. -Let's exchange  
already. Let's exchange already  
In a minute  
Dudes, now some 96 comes  
at least 600 mph  
I guess it's red, perhaps red  
To what hell's rally  
are you going to?  
Nordics rally  
Red Opel Kadett HKR-420,  
child is screaming inside  
Release the child  
Have a good rally to you  
Girls, after the final race  
at the hotel a bit...  
You are just awful  
Hi there  
This is the place for signing up?  
Oh fuck, I have eaten  
cabbage casserole 4 days straight -  
my stomach's upset.  
-Class, certificate and licence  
A-group.  
-Have you got any charcoal tablets -  
my stomach's messed up  
Sorry but I only have  
a full tube of rectal wax  
These are fine, have a  
good rally. -Yes thanks  
Was there any trouble?  
-Nope  
Well what then? -I was just  
looking at those other teams  
Well what about them?  
-They are quite clowns  
Sure are

...already 35 times  
Five, four, three,  
two, one, drive  
Oh darn.  
-Go to push  
Moisio, third gear, clutch down -  
when car moves, clutch up  
Clutch... Brake  
Right, different fast,  
left, different fast  
75 right, flat out  
Over 50, jump, right fast  
Where are we?  
Bottom of the bank,  
right's okay, left down, up  
Left full speed forward,  
not fast  
Left fast, this is most of all  
goddamn curvy road  
Pull your owns.  
-Right  
I could pull one cigarette  
during this interval  
If okay?  
-Hey, this stick snapped  
Well then, let's replace it.  
Stefa will do  
That's precise  
Hey, clutch's gone.  
Could you steer? -Okay  
To right  
To left.  
-Stefa  
New clutch. Stefa's working on it  
That's precise.  
-Right  
Hey, cigarette dropped  
Bench is burning.  
-Stefa will take care of it  
Foam to the eggs  
I'm foamed all over  
Ha, ha, looking good  
Really fast, hundred  
Right down,

left full speed  
Really embarrassing to say but...  
Of course you can go and pee now  
May Day drink is?  
That's mead  
Mead  
"Tsorry."  
-That's ok  
It was very difficult  
and hard race  
We had some troubles  
with the tires  
But the team is  
working very fine -  
and I'm drinking and  
fucking all the time  
I heard that Carlos  
is coming very strong  
Anyway I think that if I try my  
best we're gonna win this race  
Tomorrow of course I'm  
gonna have lot of troubles -  
because I'm gonna have  
hangover and some other diseases  
But I think that anyway  
it's gonna be alright  
Well boys, there's  
nothing to worry about  
We are less than 5 minutes  
behind the second last  
I'll put 20x bigger nozzles -  
and I think we'll make it  
to winner's podium  
That's great when team functions  
well and we get feedback  
We have had good thing going today  
We come strong and  
aggressively to the curves  
But need to get out of there  
Lampinen, you have to be able  
to tighten your map reading  
It's great when team functions  
well and we get feedback  
And need to give that to you

What do you think those  
other teams are doing?  
They also give feedback  
to their drivers  
It's not enough to  
be born as winner -  
but we need to polish the diamond  
You know?  
-Yeah  
Did we come here to  
win or lose? -We did  
Lampinen, hey?  
-Yeah  
Go to reserve those  
hotel rooms now -  
so we can get some sleep.  
-Okay. Give money  
What money? -Give cash  
Take from the sponsor funds.  
-Which sponsor fund?  
This car is full of stickers.  
You have sold advertizing space...  
Lampinen, tell me what is sponsoring?  
Sponsoring?  
-Yes?  
It's a kind of modern marketing -  
where athlete or someone such -  
obtains stickers or fabric brands  
Right. I see  
Don't say that you have  
let the stickers to be -  
glued on the car for free!  
-No, I sure paid for them  
Hey, the main thing is,  
that the team works, yes?  
I'm going to pee now  
After that we'll take  
one more tier  
Then we all go to  
a restaurant to eat lamb  
So those boys slept  
their night in the car  
They didn't mind  
That's how they

had done it before  
Look at that, I guess  
we are last right in the morning  
They trusted their  
mechanic like stone wall  
Because he knew his red Saab  
like his own mother  
I have had -99 model  
But that's different.  
-I know that  
That mechanic didn't  
run out of tricks  
I left the keys inside by the way  
Wouldn't have needed the second one  
If Stefa takes care, it's precise  
Let it be  
With this the competition  
will get fiercer -  
because I'm pouring nitro  
into the fuel tank, Moisió  
Thank you  
Yes, this kind of lighter bodywork -  
needs a little bit wider tires  
50 full speed up  
(unclear driving instructions)  
50 over hillock  
Right fast, 100 down  
What? What you said?  
(gibberish)  
Well this is clear advantage to us  
Spare weight away, Stefa leaves  
Fuck, I think  
they won't come anymore  
No they won't come,  
let's take the rag down -  
and let's go home  
I wonder what yummy my wife  
has made from potatoes today?  
Oh fuck, surely we have  
fucking dill meat again  
Wait now, we'll make it  
together to the finish line  
It's quite a bit the same, are  
we doing it together or separate

Stefa takes care, it'll be precise.  
-Right  
Yea, that is precise  
Like that  
Oh, hey, coming  
So they do  
Let's go to watch Cindy Crawford  
video at my trailer  
I keep myself fit with that  
No, no, need no,  
we need no team, nor group  
No, no, we don't follow Vatanen  
Leather suit doesn't squeeze balls,  
this is heavenly rally  
Now the end is spark plug changing  
and messing with the oil  
Map reading was shitty job,  
never learnt it  
Couldn't care less, whole  
stepping on the gas pisses me off  
Now past is cruising,  
devil's gnashing has come to an end  
No, no, we need no team, nor group  
No, no, we don't follow Vatanen  
Leather suit doesn't squeeze balls,  
this is heavenly rally  
No, no, we need no team, nor group  
No, no, we don't follow Vatanen  
Leather suit doesn't squeeze balls,  
this is heavenly rally  
Try and hit the right once in awhile  
I guess I have eyes on my head  
Yes, two and third in the ass  
Boys, come to eat  
They are seriously  
trying to rush through  
We'll make them  
quiet down eventually  
Alright then, welcome to the  
inauguration of the dugout  
There's like wedding here or what?  
Here's ammo and supplies storage.  
-Yea-a  
On the left,

naturally next to the door -  
gun rack

I laid 1.5 meters of  
concrete above -  
so it's nice to loll here

I was thinking if  
Kari would sleep here

This is stove, don't  
burn your ass, it's hot

Whose radio is that?

It is radio.

-So

Alright, here's the holiest  
of the holies, the dining area  
Ilmo, if you could sleep there -  
then I could sleep there  
in the corner

This is rather practical -  
but quite conventional

This sort of shitty outhouses  
these have been for 50 years

But this isn't even ready yet  
Or what Esa?

-No

I cooked some whitefish for you

I don't like fish at all

Wife ordered me to say that

I'm allergic to fish

Nevertheless I did it according  
to couple city boys' recipe

Naked, naked,

soon everyone are naked,

Naked, naked...

-Very good evening to everyone

And welcome to watch

entertainment show: Naked

For fifth week in a row

in the studio -

brothers Kulkerson Kille and Kalle

And their opponent today -

gentleman who doesn't

pee to his socks: -

mister Jortikka

What made you decide to

take part in this?

I didn't have any idea to come -  
but our neighbor Pete Mulkvisti  
registered us here

Very nicely done by Pete.

What hobbies you have?

Well, mainly graphics.

-What sort of graphics?

Pornographics

Lovely hobby and now to  
the business, a question:

Who was the first person -  
who performed naked on screen?

Mister Jortikka has an answer.

-Buster Keaton

Wrong answer, sock off!

I'm embarrassed for them.

-So am I

Noble fish swims drowsily to my net,  
fresh salted salmon in my thoughts  
Blazed salmon, smoked salmon, salmon,  
broiled salmon fins -  
and of course, salmon soup

This Pentti Ahvanainen's poem is  
certainly about experienced life -  
but could it be reality -  
also to us ordinary fishermen?

-Surely it can, Timo

Already thousands of fishermen  
all over the world trust -  
this new invention and now  
we got it here in Finland  
Catch-a-fish, unbelievable lure,  
all fish grasp to it -  
in salty as well as in freshwater  
He gutting the fish...

-How much is whitefish per kilo?

In blink of an eye Catch-a-fish  
prepares a fish meal

Shall we ring?

-Chops wood, fills tax return

My life was changed by Catch-a-fish

Night-frosts

in the bedroom are history

New wife fishes  
with Catch-a-fish also  
Sure thing. -Can I  
order Catch-a-fish from you?  
Yes.  
-Frankly  
Generously. Sixteen  
-Twenty  
Twenty it is  
Here's great sports car  
for the boys  
We need a car -  
that manages a more  
challenging circumstances  
So, a jeep?  
-Yeah  
Here we actually have a  
unbeatable model  
But unfortunately it costs.  
-It doesn't matter  
This kind of tire spins easily  
Not necessarily,  
because this has 4-wheel drive  
What does it mean?  
It means that  
all wheels are tensile  
Four wheels.  
-But is this good?  
Not just good,  
but this is the best  
We take this  
And final sum  
including accessories -  
in cash is 499,499 marks  
Thank you  
Well then  
it's still missing 1000 marks  
Thank you  
Boys are looking for boat right?  
-Yes, for trolling  
This is unbeatable,  
but surely not the cheapest  
Well, it doesn't matter  
but is it good?

This is the best.  
-We take this  
Let's go and find  
a proper engine for it  
Stop, stop, stop, stop  
This here's The engine  
Isn't there normally  
2 engines on a trolling boat?  
Not necessarily. 4-stroke engine  
doesn't choke even on low speeds  
It's probably cheaper?  
-Not necessarily  
Well it doesn't matter anything.  
Is it good?  
This is the best.  
-We take this  
So then let's go to  
look at accessories  
499,070  
How we get the boat to the shore?  
-With a trailer  
We take such.  
-Okay then  
This is missing 1000  
It's going to be warm day  
I think I'll sunbathe  
without shirt  
May I wax your back?  
-Yes that would be nice  
What's that rock pile?  
-I don't know  
(background song lyrics:)  
"I met you on the beach then"  
"and soon we were holding hands"  
This is how it goes.  
-Codger  
Hey codger,  
you think you're getting fish?  
This runs pretty sweet.  
-This is the best  
Sure is  
Manu.  
-Yes?  
We could do some spinning here

Could you drop the anchor?  
Well of course we  
can do trolling too  
Did these cost a lot?  
-Sure did  
Doesn't matter  
Oh damn.  
-What?  
That Mao Zedung is  
catching fish like crazy  
Sure is  
Oh goddamnit.  
-What now?  
That's the boat seller.  
-Show me  
Lumumbas.  
-Looks like  
How about we will just troll  
Last Catch-a-fish  
We won't get anything  
Hey  
What? -It's a fish  
Take the net.  
-I will, I will  
That's it  
Pull, pull  
Start pulling.  
Reel in, reel in  
It's a fish. It is big.  
-What is it?  
Use the net now.  
-What is it?  
Ui-jui.  
-Good, good  
Nice.  
-Is it roach?  
No it's whitefish.  
-Whitefish, okay, okay  
Drop it there.  
-Handsome fish  
Hey shall we take glasses of  
sherry in the honor of this?  
Oh my  
Should we kill it?

-No, let it live  
It's fun to breathalyze drunkards  
we are hepaticas of the roads  
We may loosen your plates,  
it refreshes us -  
if can dry up the licence  
Fines, fines,  
great fines,  
We don't skimp,  
we gladly give -  
Fines, fines,  
fines to everybody,  
come and get yours  
You seem to have  
all kinds of gadgets -  
but, I don't see  
the most important -  
there're no life jackets,  
no anchor, no paddle  
But soon you got fines. -Ask  
do they have fishing licence  
Do they have fishing licence?  
-No  
I guessed that.  
-You go and breathalyze them  
Sure, I go and breathalyze them  
Yes, you got 2.6 per mills together -  
so 1.7 per man  
So there are quite  
generous fines upcoming -  
that we will go to count them  
while we have a coffee break  
Would you give that sherry  
bottle from the cooler?  
You don't move anywhere  
and wait right here  
Well then Osku, look at  
what came out from oven  
Hasn't it gotten a bit smaller?  
Things always shrivel a bit  
in hot. -My dear  
Take gadgets away  
This is good looking  
Have you thought about

becoming fighter jet pilot?  
Look. -By buying this  
for 60 billion per piece -  
you'll be part of project,  
that makes you fighter jet ace  
And that's not all -  
pilots are traditionally  
firm ladies' men  
Should we ring?  
One.  
-Two...  
Five.  
-Six  
Sorry about interrupting the movie -  
but our sponsor  
has something to say  
Och samma p svenska, urskta -  
(And same in Swedish, excuse me -)  
sponsoren har ngonting att sga  
(sponsors have nothing to say)  
This is Pastirol-day.  
A day that will be remembered  
With the income from  
that commercial we are able to -  
finance the next scene.  
Please, var so god (please in Swedish)  
Dear viewers -  
in every ambitious Finnish movie -  
boobs are shown.  
Please  
After the end credits  
there will be some more boobs  
In hopes that the movie producers  
wouldn't be seen as chauvinists -  
here's some eye candy for womenfolk  
4000 years ago at Hellaa -  
young men gathered to compete -  
in following sports:  
wrestling, discus throwing  
and javeling  
Women weren't let in to the stadion,  
because the athletes were -  
naked  
No doubt that being at war

is the best action -  
that a man can do with  
his pants on. -That's true  
And ice hockey is another  
Our town has a team  
called Kangasalan Voitto  
It was used to be coached by  
rather pricey codger, Esko  
I recall when they  
went to one memorable game  
Dear gentlemen, it's  
a new season ahead -  
and new gimmicks  
We can't let the relegation  
to the 6th division -  
discourage our minds  
Instead for tonight's match -  
we go to chest in arc  
and victory in mind  
Our team has gotten  
some foreign reinforcement  
From Alaska's farm league  
an actual "pencil man" -  
mister Begining.  
-Hello everybody  
Tonight's tactics -  
is based on Napoleon's  
and Hitler's gambits -  
as well as Raattentie battles  
We are not going to  
attack for nothing -  
to the enemy's territory -  
but we give the puck for  
the enemy at the faceoff  
We switch to turtle defence  
And when the enemy  
approaches our blue line -  
the attackers  
skate via the wing -  
and strike enemy's back  
Preferably by cross-checking.  
-Listen to coach  
In the meanwhile the defenders  
hide behind the net -

and reveal themselves to  
the enemy when they reach -  
our goalie area  
If they nevertheless score -  
fat-Salonen will be exchanged.  
Any questions?  
Esko, shall I give you  
your own sports drink?  
No need to  
Hey listen Kalle, don't put more  
It's the last tape of the firm  
Alright then let's do it  
Good luck. Close the wings  
Put helmet on, boy  
Good spirits  
Try to try even  
"Raipe" is iron.  
No penalties, Summanen  
Good ice hockey.  
Thank you very much  
Let's fuck.  
-Hey, hey, hey, hey, hey....  
Good job dudes,  
just catch them  
Go to the barbershop tomorrow.  
This is our game  
Catch him!  
You, do something,  
I don't pay for nothing  
Let's fuck.  
-Thank you very much  
I kill you  
Go, go, go  
Oh well here we go again  
What?  
Hey, mister referee  
Mister referee! It wasn't my  
fault, it was the other guy  
You, back.  
-Thank you very much  
Raipe, do you think should we  
put more blade to the lubricant?  
Give me the drink.  
-Here you go

They have a phone call for me.

-Alright

Is everything alright

with your equipments?

I mean in equipments?

-Yeah, shit man

Perfect

Game, game

Shit, man

Zero five, who cares.

Finnish boy will still rise

Remember Syvri, Raatteentie

(Winter war battle location)

land Islands war was terrible

Sumppe, you had

your screws loose again

This is now

at it's biggest, try

It's good.

-It is?

Yes.

-Well I guessed that

Raipe, look I rockered

really proper curves for you

You could even shave your beard

Fuck the shit,

fuck the shit, fuck the shit

Hey, Alaska, Alaska

No penalties anymore.

-No penaltys, yes

No penalty.

-"Ei jehuje?"

Yes, yes.

-Couch, thank you very much

Be good, good spirits

Mister referee, it was...

Mister referee.

-So calm down then

Don't you see it was a kick goal?

He scored,

I'm going to beat that bloke

Stoneblind owl-referee

It was a kick goal, get it?

Score. -You see anything?

What sign is this?  
Spirits are good  
Good spirits end now,  
get down from there  
No tearing.  
-Let go  
Let go  
Here's little bit...  
Hey Begining,  
that 99 there, kill him  
Don't take that now.  
-Sure, coach  
Let's see how Alaska boy shines  
Hey, coach, what you doing, man?  
Good looking bitch you got.  
-Yeah. That's my wife  
Then what?  
-That's my wife  
Monkey, you just got beaten up  
That's not fair.  
-Shut up!  
That's not fair.  
-Shut up!  
You are fired, you're fired  
Summanen doesn't go anywhere  
You're fired,  
you are over-aged anyways  
Helminen also  
Esko is running so hot -  
that it's better  
that you go to that direction  
Jonna, take a snap?  
You can pull until that mark there  
Okay then, I take myself  
I'm able to do a handstand  
Do you want to see? Take a look  
Oh honey, please, help me.  
-Joanna  
Let's go home, back to Arkansas.  
-Yeah  
Hey, take your bitch monkey,  
and go back to Alaska  
Damn. This is starting  
to be done for tonight

I'm moving to Pori next year,  
to coach Porin Karhut  
Peekaboo, how are you monkeys?  
Weird jobs "hammeli"  
Esko, isn't it best  
that you went home?  
I can't,  
the game isn't finished yet  
Vin, let's pull the finger trap.  
-Hell no  
Let's put the man on the ice  
Just sit very near  
Go on, Salonen.  
-Esko, don't you go there  
Now I go on the ice  
There's no problem here  
End came.  
-Oh no, Esko  
That's alright  
Salonen to the net  
Salonen to the net  
Five, four, three -  
two, one, zero  
Ow-owowow  
Bus is coming  
Fellas...  
What do you think of  
our new kitchen?  
Under these conditions a  
damn good performance by me  
This is a bit awkward to say -  
but I think this is  
quite artificially made  
Not my taste.  
-Not mine either  
I see. Well, I thought that  
today we would eat lightly  
Here's the season's salad,  
gravlax rosette  
As dessert, strawberries  
and cherries on meringue bed  
Fucking dude, do you think -  
that we get enough for warfare  
from this rabbit food?

Damn, quite a crackle  
you have arranged  
Tried to hit my head with  
this potato mashing mallet -  
but I managed to catch it  
at the last minute  
I'm not hungry afterall,  
I go to keep guard  
Reporter Oy Mauno Ahonen Yleisradio Ab  
Is the reporter hungry?  
Table is set here  
Oh well, I should manage to produce  
some shitty report to the airwaves  
But why not  
Looks like all silverware  
is already set  
"Hilirimpsis" (bottoms up!)  
Ruffino Chianti, 11.6 years  
Goddamnit, dudes have drinks  
available like at Kaanaa wedding -  
Only Jesus is missing, naturally  
Show me what you are reading there,  
Commando comics?  
No, I'm just trying to study.  
-I see  
Even it is Friday -  
we are not on vacation yet  
Good morning  
Banana fly's importance -  
in the field of genetics -  
can never be over-estimated, Sami  
Czech monk Gregori Mendel -  
whom shouldn't be mixed up with -  
later influencer -  
Mengele-named fella...  
-Good arse  
...was master of peas and flies, Sami  
Let's write down  
the most important terms  
Mitosis and meiosis  
(wrong on purpose)  
Mitochondriasis (wrong on purpose)  
"Tsygootti" (fertilized egg)  
Conjugation, stamen.

Sami, I have about had enough  
There's specific amount  
of chromosomes -  
which transform to diploid  
during intercourse, Sami!  
Huh! I've been nicely the  
whole time, it's that Keinonen  
Exit my class!  
It's Spiidi playing with  
those gadgets all the time!  
Out! U-L-O-S!  
Yes, suspend it  
Goodbye, wind nest.  
-Keinonen  
Why this fly has red eyes?  
Let's see, it's probably  
a communist fly -  
having a terrible hangover.  
Right  
Well, Sakari stermalm -  
why this fly has yellow wings?  
Sakari, don't say you're sleeping?  
Sakari stermalm,  
why fly has yellow wings?  
Good day  
Hey, look. Soikkeli.  
-Hey moron, come here -  
and let's talk about planes  
Hey Soikkeli, what are we  
going to do in woodshop?  
How's band saw doing?  
Today is Friday, for you it's  
Good Friday (Long Friday literally)  
Pain  
Go and get Hyl  
Hey, Hyl  
Could you come and  
check our previous work?  
We have kind of a surprise  
Yes, I like surprises  
Hyl, could I  
already take this home?  
Do you think that that  
sta-starling fits in from this?

Does it need to fit to go in too?  
I thought they only come out  
Don't your hear bell rang already?  
-Yes yes  
Go home with that goldeneye-nest.  
-Happy weekend  
Happy week-e-e-end  
So, "silvuplee" to you too, thanks  
Soikkeli is good and waits there  
Yep  
Yep, yep.  
-Yep  
Gee, boys have a ca-ca-ca-canoe  
Not actually. -This is  
sophisticated, who is this?  
It's the metal works teacher  
Just kidding, it's rubber  
Let's remove the lid.  
-Very elegant decor  
Is this leop-leop-leopard?  
No, it's "geopard" (cheetah).  
-I see  
Quadraphonic stereos.  
-Yes, I got those in my car  
You did, or I mean you do. In the middle  
there's support for small of the back  
Soikkeli is good and experiments  
I don't think so.  
-Harri goes now  
Well okay then.  
-Please, please  
It's like made for the teacher.  
-Quite suit-suited  
Let's try...  
-Just fine  
Does the teacher know  
who is Houdini? -I don't  
That is good  
Yep, yep, yep, yep, yep  
Soikkeli,  
prepare for an art pleasure  
Here comes our demo  
Summer hit, Doomsday  
On an infinite cassette

Open.  
-Good day  
Good morning, students  
Good morning, mister Aarnio  
It's another  
tough workweek ahead  
It's not beginning on  
very bright circumstances  
Is anyone having  
pangs of conscience?  
Loved workshop teacher,  
Harri "Hyl" Soikkeli -  
has been barred  
in his workshop class  
But we are letting  
Harri himself to tell -  
what happened and  
name the guilty ones  
On Friday afternoon  
I was holding last -  
workshop cl-cl-class  
When two per-per... who  
shall remain nameless...  
persons...  
When Harri's able to tell what happened,  
the guilty ones will be punished  
Next, traditional morning prayers -  
is going to be held by -  
loved religion and  
sports teacher, Sampo Ekman  
When I came  
to school this morning -  
I watched how little squirrel -  
collected cones to store  
Then I said to myself -  
look Sampo, this is how it is -  
also in humans' lives  
We have to collect  
life-cones to life's store  
And morning prayers music  
is performed -  
by Sakari stermalm and Pertti.  
-Thanks  
Cool outfit

This our piece somewhat  
relates to those life-cones  
In a way, it's name is Doomsday  
Galaxies blow up  
and Keinonen descends  
to punish everyone  
Skeletons rise from their graves  
Keinonen is released from his chains  
Doomsday,  
Doomsday -  
it's Keinonen's name day  
It's Doomsday,  
it's Doomsday  
Pertti's name day  
That was flik flak -series.  
This lecture's subject  
Even though the move  
is very simple -  
we must recall,  
that it begins -  
from the hips  
When we play baseball?  
Not on the spring term, now  
we practise flik flak -series  
The first one is Sakari stermolm  
Well, how about Prtti.  
-Alright  
So the movement  
begins from the hips  
Indeed.  
-Yes, from deep  
Can we play baseball already?  
Alright Prtti, it's best  
to forget that flik flak now  
Focus on the bar,  
this also is pelvis sport  
And let go  
Yes, don't brake  
We still spin Keinonen, or  
could we play baseball already?  
Okay then, the slow ones  
should also be ready by now  
Who would come to translate  
this sentence on the board?

Keinonen Pertti, please.  
-With pleasure, teacher  
Sami, say in two ways -  
a horse, that runs  
Hst, hsten springer -  
som hsten,  
it's at least one and...  
Hst...  
I can't figure out another  
Sakari,  
could you help Sami a bit?  
En hst, som springer  
(a horse, that runs)  
Or from the same motif, using  
the present participle -  
en springande hst (a running horse)  
-Very good, Sakari  
And, looks like  
Pertti is done already  
Yes teacher, jag r allt frdigt hr  
(I'm all finished here)  
And the sentence was approximately:  
widespread, uniform -  
and rectangular color surfaces  
are... -No doubt  
...no doubt very mondrianic,  
and same in Swedish  
Och samma p svenska  
(And same in Swedish)  
(reads what's on board  
very fast in Swedish)  
Alright then,  
could you still write -  
that dressmakers are slow  
and oh my pincers  
Oh my pincers.  
-And, voluntary homeworks' -  
feedback right after the class  
And Sami has  
remedial teaching tomorrow  
Tack s bra (thanks a lot)  
Sakari had written  
about space shuttles'  
fuel systems,

it was very good Swedish -  
but somewhat  
too technical subject  
Nevertheless 9 and half  
Is the teacher married?  
-Oh my Sakari -  
those are my personal affairs  
I didn't know that  
Pertti is such a romantic  
Wonderful poems, especially  
this, "your blue eyes sake" -  
was just charming.  
-It's about a teacher  
For daring to have feelings,  
9 and half  
Good day  
I'm sickly excited.  
-I'm so much in love  
See, I did a napkin holder  
for the teacher  
Perfect. -Hey, now she comes,  
now she comes  
Oh my vitals.  
-I'll give her life-cones  
Teacher? Teacher?  
Austere  
Oh, life's harsh cones -  
that is sickest,  
that I've never seen  
Went through quite a heavy  
human relationship there, yes?  
You wrote surprisingly good lyrics  
for Doomsday by the way  
Well, your melody  
isn't much shittier  
So, school wisdom and life wisdom  
do not go hand in hand -  
here is very living example of it  
They're seriously  
trying to get through  
Kari is alone out there  
Let's go and help  
Don't have any hurry back  
Can't drink anything here,

it's so dusty  
Well let's taken when...  
Here it goes  
It's good like this too  
What's banging there?  
I don't know damnit,  
devil has gotten loose, look  
True leader  
It'll be tough  
Now the devil comes,  
go and get bazooka  
I can go and get it,  
but we have no ammo  
Where are they?  
-I left them home under the bed  
They're going to roll over us  
Welcome to the velvety,  
Kalevi Hrm front to front -  
or From front to front  
-entertainment tour  
This next song  
got hugely popular -  
at Luxembourg side  
The name is,  
"I have returned"  
Disco lights guide my ship  
like a lighthouse  
I miss a pilot, my keel  
is scraping the bottom  
I find you in corner,  
behind a round table  
Evening so hot  
and song this -  
will unite us tonight  
I have done a comeback  
He has returned  
I composed a hit for you  
in other words  
I plagiarized disco piece  
He made a comeback  
Eventhough he had  
never been missing  
Kalevi brought the mood  
Hrm (Finnish region)

and organs play  
Greetings from home forces  
Asked to bring you  
this videocassette  
It should have something exciting  
to watch. -Thanks  
We had a room reservation,  
for a week  
Name? -Maakanen,  
mister ja Mrs Maakanen  
Maakanen  
Your room is not ready yet  
You can wait  
in the winter garden  
And I will serve you sherry  
This is nice  
I poured slightly more for the bride  
I wonder why  
can't we get to our room yet?  
Because sweepers are coming there  
You are late again.  
-We are sorry -  
but town house cleaning  
took hours...  
Don't explain!  
Clean the honeymoon suite quickly  
Quickly!  
So this is the honeymoon suite  
Look, look  
Look at that, it's a rat  
Rat.  
-Yes, a rat  
Rat  
Rat  
Verner, don't squeeze the rat  
too hard, it can die  
Cat. -Yes, the cat lost its life,  
when you squeezed too hard  
Shall we start working?  
Verner?  
-Look  
Verner, sweet under the bed.  
-Okay  
What was that?

Nothing. Calm down my love  
I took liberty  
to bring more sherry  
We have happy hour now  
Maybe no more sherry -  
but could be order dinner?  
-What?  
Coq au vin (Wine rooster)  
We serve the best  
wine booster in the region  
I leave these sherries anyway -  
perhaps you want them later  
See my rooster -  
you are going to be a meal  
for the bride and groom  
Namely, a memento meal  
Could we get to our room already?  
Let's go and see  
Is that bag very heavy?  
-It isn't  
Well then I could have  
carried it too  
It is this one  
Gentlefolk is good  
and shall do well  
I took the liberty to  
bring your forgotten sherries  
Thank you.  
-Place them there  
Excellent  
By the way, is it too hot here?  
-No  
Not at all.  
-As it should be  
It is clean here -  
but we could rearrange  
some things a bit  
Excellent  
Verner, Verner  
You have to be careful  
with glassware. -Okay  
What was that?  
Go and see  
Go, go

What a dusty chandelier  
Verner, go and catch crystal  
polisher from the bucket  
Bucket  
It sure is strange  
Verner, go and get brush.  
-Brush  
Wine rooster eh?  
Wine taste has to be thick -  
gushing -  
and bloody  
This is wrong  
Brush  
Fetch... brush  
Otto? Otto?  
Here you go, relaxed and happy  
No, no, no  
Otto? Otto?  
(gibberish)  
Come here  
That boy up there,  
he is Juhani  
He is lord's little brother  
And lord keeps him  
in the cage because -  
he is somewhat like you.  
He is a bit weird  
Hey don't cry now  
Strong and bloody,  
this is just right  
Hands off taffel!  
We were practising Chopin in  
honor of afternoon. -Don't explain!  
Don't you see that floors  
are still not been scrubbed?  
Act!  
Goddamn it  
Sherry is not having an effect -  
so fate shall intervene the game  
So this is what happened  
You didn't drink your sherries  
There's no soft pine soap left  
Dear friends, my darling wife  
Now that evil

has been defeated -  
and our brutal lord is dead -  
I want to thank you all  
You Juhani, I want to  
congratulate for being set free  
You have life ahead of you and  
you can become whatever  
Such as... like a novelist  
Otto and Verner...  
Thank you, you saved my life  
and our young marriage  
Few words.  
-Otto, Otto  
For my behalf and  
Verner's behalf I can say -  
that lord's demise  
was to us too -  
immense relief  
One more request  
Seeing young love -  
makes us immensely happy  
Could you kiss?  
Dudes  
I think this decoration thing  
begins to be ready  
At least I'm damn proud.  
What do you think?  
I have no opinion anymore  
Kari?  
All the same  
So what says reporter Ahonen?  
Mauno?  
-Right  
What do you think of the cabin?  
-Well personally I don't like  
Besides this your surface  
renovation comes a bit late  
According to radio  
this war ends in 3 seconds  
Which is right now  
So has this been  
totally wasted trip then?  
Don't get depressed now, the war  
has its positive side too -

as it employs soldiers, arms dealers -  
cuts off trash population  
and indeed arse brushing -  
Finns have something worth to  
defend, er, Juha Mieto, buttermilk -  
land Islands, Sweden, Norway  
It sure got silent  
the Finnish Broadcasting Corp,  
Mauno Ahonen  
Do you hear Jarkki?  
Would you mind going to Siwa -  
and buy one 6-pack, I should  
be coming back on the next flight  
I can get strong drinks  
on the plane, but for morning  
Right  
Let's run away from the oat field  
Run and disarm  
Heaven leaks its light there  
Let's bury the iron  
to rust already  
Da daa dada dada daada  
sunflowers remain  
They give yellow color to gold  
but it is white  
Believed in the right  
and swore  
but unnecessary murder  
got tired, won  
Or lost?  
To whom bells these ring for?  
Could I raise my head straight up?  
Let's run away from from oat field  
run and disarm  
Heaven leaks its light there  
Let's bury the iron  
to rust already  
Because light is fast  
Da daa da dada daada  
sunflowers remain -  
They give yellow color to gold  
but it is white  
Da daa da dada daada  
naked souls remain

so let's drink  
young wine of freedom  
Da daa da dada daada  
sunflowers remain -  
They give yellow color to gold  
but it is white  
Da daa da dada daada  
naked souls remain -  
so let's drink  
young wine of freedom  
Da daa da dada daada  
sunflowers remain  
great man withered so small  
Da daa da dada daada  
naked souls remain -  
again a final war ended  
Da daada dada daada  
Goddamn,  
what perverts are still here?  
There are no boobs shown anymore  
Go home
