the front row the core front row I can't
even get out the back yes you don't know
me because I didn't kill with this - may

keys to the other young lady and we turn
the burner on the Baroness Oh Sam is
grim yet oh I didn't know she was.

manage.

Oh

should have taken that furnished flat
though huh

so I gotta pay for that myself without
you and your friend I'm sick of being
driven home and great big expensive cars
to a moth-eaten tenement house see that
place I was doing a bloody minute food
fresh out of Austin believe me is no fun
gonna come to ask your special I meant
drop your hair they'll realize even

after something what good is that thing
then oh well most girls in the Cedars
have little dogs but I like this better
than a dog he doesn't barking I don't
have to feed him or take him out for a
run

uh he's really very nice mm-hmm you
could have this wall and your friend can
have that

what in her name who left this here
hiya hey I guess that's Marcus Marcin

peddler by any chance would she
oh just infrared but she is a Baroness
hmm well I've heard of beer burns coal
burns meat burns but never a necktie
banner

agreement concise a half the rent you to
pay the other half I'm certain about
them at all if anybody fell down yet you
know superstition my gypsy nurse told me
when you're moving to a new home the
first thing you must do is count the
corners of a room and sit down first
that spoils it afterwards you sit down
and make a wish what are we sit on the
floor on you oh anything I'll go ahead
all right 1234 no wait a minute
567 8 nothing all right

I'm very with her rich husband when you
buy me a five-story house lots of furs
and jewels - the bank one was not too
hard to repair

good home well I've bothered I might as
well push for a man someone to love and
look after and children no even if we do
get our beds in here this place still
gonna be pretty empty I don't know but

seems the children have a French act for
the day the a derived and start ask
questions in French don't hurry up I'll
lose another job today.

druggist don't you want me to feed them
tomorrow no the money daddy man that's
not the question I've reached the point
- where there must be an absolute accuracy.
- I'll have to do it myself
I think these are pets to play games
with but you realize what I'm trying to
do with these rabbits I can prove my
theory of molecular character of
everybody yes I can't let anything
interfere with them not anything you
understand what well please man I jump

how long now we met at this afternoon I
can't remember where I've seen it before

familiar all women in love has the same
look those fields I would looking at the
ghost of someone else Yulia I haven't
seen you say that last party here that
fatal party so well you met John I
admire your taste but what happens when

you go to it
I still had my job there's talking to
you a few minutes before you're
introduced to him do remember we're in
- this room Timon what you said then I
- hope the rather pleasant things will.
Interests off at us
perhaps how'd you do then I said it was
a pity parties for you and young and for
me none we're just talking battle
wondering when you plan to go back to.
South America well you had at first to
wish people were asked no no no I might
have hoped that you'd never come back to
Budapest the last person in the world I
- wanted to go now much to interest in
- URis happiness.
Oh women always like to hear man say
that even if it isn't true aren't you
rather a hurry to choose my successor
then I our old friend no quotation marks
around that Island my support is not my
bid
let's get out of here I've had enough of
you.
Jory I don't know what it is but at a
party like this you seem like a stranger
what you want me to do follow you around
double I'd like a like a lovesick bride
why are you so anxious to come here
tonight so you're looking for another
adventure what were you looking for the
night that we met here someone like me
- wasn't it someone with whom you could
- enjoy your vacation someone you said.
Would understand that you'd have to go
away and wouldn't cry on your shoulder
when you did that's what you've got are
you complaining now I'm not complaining
I'm not shouting him merely trying to
tell you that I'm sick of your
everlasting frequency would you like to
go out to dinner with me would you like
to stay in the night mr. Horvath Jade

- how much aid you in your prison bed
- timber.

but what about the eyes what about them
Shanna the magician why don't know him
I've hardly ever spoken to him I told
him Martha told him

told her what Karl I told him that I
loved him

I had this because I didn't think I'd
ever see him again only nine won't
anyway I'm glad I told him y'all think
I'm a fool but you understand don't you
Martha

no your power back honey all you had to

do was look at me to know that I want to
do so why shouldn't I tell him honey

time for autographs now why don't would
you like that what the letter you want
famous crap you had two weeks after the
show
could you find ice my friend wait Reggie
white bitch oh she's a person been
misgendered I would cut the pie
and now ladies and gentlemen I shall
attention illusion that I discovered
while stepping through the wilds of
India but I must have absolute silence
because the slightest noise might result
in injury or perhaps even death to the
young lady I ready
thank you and now there's and gentlemen
destra seek my illusions of their
mechanical tricks I shall prove to you
that even from the distance of a few
feet the hand is still tricker than the
eye
now who will come up here and see for
themselves if they can
the young men in the gray suit was a
pretty girl by his Oh
no pet you're doing all right where you
are
ah the young lady that wanted my
autograph come down you look lonely
there oh come along well upset oh you've
got to early Peppard you're gonna give
me a little demonstration in magic have
a bit of a left it here someone might
- steal it she was afraid you'd next year

- someone might steal it.
I don't worry it will be perfectly safe
here well how careless of it it must be
around somewhere little not there that's
it isn't it
now what have you in this case neckties
what do you do with them try and tell
them clearly
I need neckties so supposing instead of
me showing you my magic you show me your
neck tie well why not well any more
public than the sidewalk that is quite
an ingenious contraption
now here is a very lovely crepe stop a
crepe time does it shrink absolutely not
it's made by one of the best company it
doesn't shrink you'll find out
it shrank all right
that was too crowded to kroehner well
let me see is something a little more
expensive
here to my better time guaranteed
wrinkle proof wrinkle proof you'll find
out about that now I have here an
ordinary silk scarf which I playfully
called my wrinkle tester we fold it like
that again like that put the ties in
there that's still there walk cuple
them again Eddie
six Cronin pull up for my tie Oh your
time did you mind if I have a drink I'm
told you have one

it pay when it comes back you don't
suppose think it will come back after
you're discharged Kim will you please
give me that time
I'm manservant didn't what you need give
me that tie yes you'll probably magic it
away from me anyway what makes you think
a magician can't tie his own tie if
you'll just stand still I can do it
perfectly what you need is a woman
around someone who understands taking
care of men someone who can keep a man's
place neat and clean I will have you
understand that think it work for Prince
Roger before he came to me for five
years
Charlie why was so lady too many other
servants tell you what I'll do I'll let
you have that tie for only four cronies

you'll give me his job think it's job

since you've had a decent chicken
paprika thank you

what do you know about chicken paprika
my father taught me how to make it the
only proper way and grit Suzette's I
don't imagine think it could do much for
those crepe suzette cigarette

what is this all about anyway why do you
want the job what sort of girl are you
oh I know your stage star count you know
me naturally I'm fascinated seen you do
your tricks but you see I really need a
job I'm so used to looking after
children children that oh oh I mean it
would be wonderful if I could work for

that there's a street number fall at 9 o
clock in the morning what about the 10
cronin you said 4 if you got the job

that what we analyze I don't know just
analyze do I really love you do you
really love me so we do so we don't what
difference does it make as long as we

to let it go it if that's how you want
me for you never talk about love again I
promise you from now on I'll be known as
sensible John

cousin

I'm not a cousin we are not related at
all except by marriage what are you
doing here

I found out it come back to Budapest
what when mother and I visited you five
years ago you were so kind to me and if
you seen that who's this oh this is mrs.
Yuri Hyden oh how do you do are you
engaged uh well we are uh don't worry I
understand your hands things differently
in Budapest what made you leave your
mother she saw on my orchard that I
planted myself and give the money to me
herb wha

I know they are going to get married
just a moment who is mr. Dubois he says
he used to be another potato but now he
only sees when he gets drunk and
mother's apricot brandy what am I going
to do with you I know all about raising
pigs and I cannot an attractor now
that's fine that's just the thing for
Budapest that's but I suppose I consult
with a boarding school or something kept

a bit a vest to go to school that's
where you're going to go just the same
in the meantime perhaps your cousin
would like something to eat tell you
your friend that I'm not your cousin
I understand yeah if you're hungry I can
make a print something yeah the coffee
house at the corner still open let's
take her there that's all right but but
afterwards oh I suppose I could send her
to a hotel though I won't be in the way
and beside they won't let me in without
any luggage that's right

well I am going to a hotel then come
along let's get something to eat yeah
that first cut here I'm glad work of my
engagement to him engagement to be
married it was not a real engagement he
had a motorcycle and he was supposed to
drive me here only got a friend you mean
we might have Monsieur Pierre be that's
now if he hadn't lost his now she's one
of those warriors what would happen is
your cousin John in the dare suppose I
can't get the job right would we leave
on many sick I feel a certain sympathy
for Pierre guru needle just haven't
gotten een initiation army actually
means initiative

no I said what suppose cousin John had
asked enough question then he never have
gone to South America right

I turned him but on him I had Mary he
sounded like you he was not afraid to do
things.

I can't stand people don't ever do you
want wouldn't you like to have some more
schnitzel I certainly would
please inform at mizzou
with the shadow with the shadow no go
away

cold eyes do good yeah I think oh yeah
oh it's you about ready and very well if
you must know I was drunk last night

wheeling wriggling drunk and I see no
reason to regret it
after all I am an artisan is my
privilege to dissipate my talents as I
see fit
what is it no but you that'll get cool
after being here three weeks you should
- realize that my bath is accustomed to
- waiting for me.
Eggs eggs
take them away not happy in stem eat the
more what I make them disappear up your
sleeve did I ever tell you that you
annoy me intensely
36 we're pair ventricle make 57 groaning
you oh the liquor store for just a sweet
so how did you get in here anyway
we add you every morning with Mikey you
don't give me some money for the gastic
I turn it off tomorrow with sweet cronic
that's what I mean is how did you get in
here in the first place and 15 kroner to
be electric light you know my life was
very simple until you came and now
ceaselessly I hear on businesses I owe
that I owe debt you'll be telling me are
you something in the end you do walk row
in the last week at first I thought you
were infatuated with me there's more to
it than that although that in itself
should explain everything there's some
subtle plot afoot to undermine me it's
very simple I needed a job in Heaven's
knows you need someone to look after you
uh would you mind going back into the
bedroom I'd like to clean up in here is
my own home anymore
do you think you could ship me from room
to room like a piece of furniture I
asked you a question why did you get
ready to drop this in fresh air
alright alright
I admit that I drank too much last night
for nothing I say matters you know a

woman once told me that these were hands
that Chrysler would have ended it was
very easy for you to criticize my
drinking but you'll never bother to ask
me why I drink Wow

it would be a pity if the doctors were
right what I had meant to tell anyone
but well my family is cursed with a
strange affliction with the hapsburgs
atomo failure with us it affects the
nerves the vessel motor nerves get on
with your sleeping but Victor Shannon
what it's nothing important except that
perhaps tonight tomorrow or perhaps even
a year from now these hands might
suddenly lose their cunning Oh what are
you talking about it's nothing nothing
I had hoped the curse would not fall on
me.

I miss to shandur don't you believe
those doctors nothing can happen to your
hands it would be too bad if you lost
your job because my hands failed we're
not thinking of my job here let me have
them who was the doctor you went to with
your really good ones what was his name
he's a specialist in this sort of thing
he he calls it a hereditary poly digital
itis poly did slightest straightest well
this is better than any doctor get that
bus land of little thing I haven't I
always told you how important that is
oh he that woman who told you Chrysler
would attend attend did she massaged
them too

yes as well as it she had finesse that's
what counts

oh uh what did you say it with what Poli.
Oh poly digit slightest what have you
got on your hair

it smells like shampoo ah good afternoon
your excellency hello Java now you just
telephoned you be a few minutes late oh
well thank you yes you shouldn't call me

your excellency as you wish your
activity I hope you wouldn't say that to
all young ladies how else would I
address a lady who enjoys a year the
admiration of count Lang you I know
you're flattering me Joseph but I like
it makes me feel as if I were never mind
just don't stop her anything I can get
for your excellency no thank you
oh yes Joseph will you make some of
those little NGO everything on the Bob's
you know the ones comes on you like so
much
certainly
you.

Oh Joseph when count long here comes
with u-turn I couldn't wait no other
message no what is it now she's here
who's here miss her any who do you think
I meant she's up with the rabbits what
alright supposing she is here does that
mean you have to stand up grinning like
an idiot get out.

Thanks how do you like that one Martha
what are you doing here becoming vines
what I'd like to see the rabbit
Don one feeling perky perky might think
these are pets to be played with no cute
fine laboratory assistant you'd make I
always send them on time and gave him
- their medicine improving there's no
- doubt of that.

I think I better way him check his
heartbeat.

I don't know why they stay so quiet for
you they've missed you Magnus game isn't
only the rabbits things seem different
to me since you went away really Rudy
yeah uh stethoscope tick I am was
wondering maybe in taken care of again.
I got a couple of patients last week
think I can make it for Chrome in a week
this time good like well I'd love to
because yeah I've got a job now I know I

couldn't come regularly well could you
come and visit us anyway I wasn't sure
you wanted me to naturally I what what
is this job how would you support an de.
Paul Chander you don't mean that the
magician the one that calls himself
schandle the great even what he calls
himself it's what everybody else calls
him what in the name of heaven kind of
work you're doing for him
why cook for him in the doctors
apartment and when he's up the theater
on sort of a dresser a dresser you mean
you only lots of active have women
dresses or you do it look after their
clothes and help them into them I mean
with their coats and I guess you don't
know much about life in the theatre no I
certainly don't
what were you thinking up to take a job
like that you told me I had to live my
own life I didn't mean you should go out
and be a ballot for it a cheap card
sharper he's not a card shopper what he
does takes just as much science is
raising rabbits I'm using these for
experiments that's not raising well you
started with only two and now you've got
24 but that's merely a biological
coincidence why it's preposterous that's
what it is you're working for the
student tokus focus artist he's not a
pocus hocus oddities a very fine
magician
you're in love oh you must be crazy you
think I don't know the symptoms what
kind of a psychologist do you think I am
besides I've seen him on the stage I
recognize the type at once
it makes love everybody he meets he does
not make love to everybody oh so you
don't want to think that about him I see
jealousy reflex already you know so much
I'll pull over here just to see you you

say things like that to me now you said
you come over to see the rabbits anyway
all you talked about is Shanter all
right suppose I was in love with him
what business would it be of yours you'd
probably put it down on a chart are you
no look at you every time he's speaking
to me pupils dilated your face of use
tell me a symptom you haven't got it
why if I ever saw a case of emotional
malady can I tell you the symptoms I've
got I'm so sick of you and your science
why don't you give the head and dance
I'm all right here I'll take care of
your MP we'll take care of you
poor Suzy I want her to bear she
couldn't have listened to advice from an
expert
what are you doing here alone fine.
Franz Brennan olicity man at the theater
has anyone ever warned you about me
Franz Brenda why aren't you in the show
tonight
I told him I wasn't feeling well she
came down with the mumps - it should be
alright with a matinee of the moon it's
alright I won't say a word
what's happened to his Excellency what
what kind of a publicity man wouldn't
know who's been calling for you at the
stage door every night did you get the
air shut up alright alright that's Dan
he's getting married tomorrow come on
we're alone I'm alone let's get together
you're right back with us common folks
now so you might just as well not be so
choosy
wanna
you
but you're the one who got Milly Frisch
kicked out of the cars because she
wouldn't go out with you mm-hmm
Brenda the cockroach my friends call me
it suits you

what'd he do to me if I didn't blow it
you're out with me now aren't you

Stanley I'd like to crawl away quietly
somewhere and die I'm gonna play it the
tragedy I what do you mean what's a card
anyway this isn't before the war waiter
the double brandies on the double yes
what's about you and me Susie that's
what's about you you could do much worse
yeah I probably will be fine through hmm
brand-new please waiter excuse me how
did there
see let's get at her why did you wait
for me especially I I had another
engagement that I couldn't believe that
none of you Susie why now not to these
last few weeks I know so much about you
your niceness your sweet if you hadn't
seen me here tonight you just thought
yourself lucky
wouldn't you you that have to be men
then why didn't you leave me alone
tonight.
Susie why can't we say goodbye
pleasantly there is sensible girl
principle Oh Karl you've been with me
every day for the last two weeks and
that's all you know about me I'm a
sensible girl so sensible it every night
I've dreamed of all the peasant girls in
satara books of Mary printed and all the
top girls in cinnamon who made
millionaires and hope and pray that
something like that would happen to me
you know now Karl but I love you so much
that earthing us by building a pardon me
they better bet your friends.
I just came back to the bar I'll join
you I'm just meeting reunion hm
I was just going back to you come on
still I thought you checked out it's

it's come along I'm sorry I'm Freddie
no no don't go yet countless we're just
about to get the big dramatic punch huh
titled villain pull back I'm not I don't
be idiot hang him on it you and I go
home huh let's unite why should we go
well we've written a leash off his.
Excellency the only this is mr. Brennan
is hiding you miss Potter
I met you at Benoit box do you remember
it didn't take something I picked up
your ham sorry
what do you mean you picked me up I
think you try to pick up there France
why don't you have some champagne well I
don't mind if I can thank you we were
just about to go away oh how - I'll go
would excuse me oh sure
alright alright Yoli I don't need any
lessons on how to behave like a lady
I've seen him and I I made a graceful
exit now he has nothing to worry about
my name is Joe Smith we can't go now
Kevin oh my head feet you don't mind if
we bucket you thought me to you there
you see John going practice been a night
well no of course not
thanks anyway.
Oh Kalamata hi Rudy I'm awfully glad I
ran into you because I wanted you to
know that I I didn't really mean all
those things I said this afternoon
that's alright what's sort of a shock to
me at first I mean you're working for it
well I I should have known that anyone
- that's nice and sweet as you I could and
- why understand Doody Martha I know a.
Place across the river
it's a Turkish restaurant I was
wondering you can stop wondering right
now
vexy
wonder what she's singing no I don't
understand Turkish she see the Barry

said song my mum come fooling love
always dad always you mean every month
she has yes very sad song
this seems a very unscientific sort of
play for you to discover yes I haven't
the slightest doubt it should be
reported to the Department of Public.
Health
yeah I love it you the first time
anybody's ever taken me any place late
at night would you like some more wine.
Rudy can you afford it
I told you I have new patients as we
another bhavet okay yes the one thing I
don't want to talk about is patients I'm
so happy I don't need to talk at all I
can hear your heart uh-huh my heart
isn't on that side oh um Rudy what honey
did you tinnitus poet one how did
digital itis I never heard of it if that
makes me to share a drink you so much to
keep him worrying about it Oh Shonda
he's gonna ask about it this afternoon
was that the real reason you came to see
me mm-hmm poly digit to the lightest and
there isn't any such thing it's
something he made up to make him feel
sorry for it he could have made it up it
runs in his family Rudy uh let's just
sit quiet listen to the music huh you
you are sorry fine aren't you I
certainly don't want to see him lose the
use of his hand
oh so it's those tricky hands of here's
the fascinate you mean if not oh I see
it's not only his hands you're
fascinated by everything about it you
I don't know why I should get so excited
it was only to be expected oh Rudy a few
minutes ago everything was so pleasant
and friendly I'm only trying to discuss
it in a friendly way there's no reason
why we can't look at it calmly in the
first place a man like mr. shandur is

attracted to an entirely different type woman but he wants his mystery and glamour there's nothing to worry about it I'm not merely thinking about his feelings toward you I'm considering your feelings told him are you going to try and explain my feelings to me don't you want to be able to understand your emotional responses and I do understand not thoroughly you see what we have is a fairly common occurrence young woman type B pronounce maternal instincts comes in contact with masculine type be temperamental exotic personality result young woman is dazzled our original desire to protect us transformed into romantic love very simple I am NO dazzled oh yes you are but you don't know it the important thing in diagnosing cases like what I am Acacia the important thing is to know what classification the nation fits into I was reading about a case just the other thing you're worried because you can't analyze your feelings you react me swagga wait check check retain check I'm sorry to have kept you waiting so long anything wrong no I hope mom could be there to take care of her but I gave her a sleeping tablet I guess she'll be all right shall we go to my place over where Kaplan 18 allomere seats yes fixed I got to that your picture what would I do in South America without it yeah are you here is this her oh they're the native use it under women when they don't behave John what are you going why I thought you didn't want to know just to end well I didn't but that was before I am taking the 6 o'clock train tomorrow afternoon darling have you forgotten what you said don't tell me when you are going just say that you have to go out to bait a letter or get a haircut and don't come back and then

there will be no silliness about saying
goodbye did I say that yeah and a lot of
other very sensible thing
just because I said that in the
beginning doesn't mean that I like a 20
year old boy I'm so glad you didn't let
me make a fool of myself how much of a
fool would you have made her wonder oh
limit I get do you know what happy we
came back to be the best fans to find a
wife just what kind of a wife did you
hope to find Oh some substantial soul
that would spend life in a mining camp
in the Andes no you sorry you didn't
find her I would have missed all the fun
I've had with you yes has been fun
hasn't it you know I'd forgotten the
devil women like you know how to enjoy
love instead of making it a tragedy I'm
glad I could contribute to your
education is tonight goodbye no we could
have lunch tomorrow your train leaves at

6:

dine with him
I suppose he knew you were going yes
he's off he's got my tickets are you
going to dine with him why he wouldn't
want me to lose any time would you of
course not John why do I say those
things darling
help me doubt my heart you I want you to
know that that really I
this is getting to be a habit with her I
thought she was supposed to be away in
school she is what is it now
you aren't you are going back to South
America how did you get here I won't
walk from school 30 miles what should I
do with her this time
you might try different hotel last time
it was the Hungaria why not be Daniel
palace tonight there's no reason he has
to go to hotel oh excuse me I know there

isn't

do whatever you want sir I've been up
since 3 o'clock this morning and I'm so
sure poor kid hmm

what do you say oh I didn't say anything
imaginative walking or that way yes very
touching devotion I call it it is
sincere and I am touched by it
poor kid she must get some sleep that
reminds me

hi us two again Julie why I running away
like this I'm practicing so I can say
goodbye gracefully tomorrow at the
station I don't understand you tonight
no I'm afraid you never will
oh good night good night.

Oh

here he

she's just talking in her sleep
the partner hasn't yet to look for his
heaven all the things we hopefully
leading doing me a problem for something
wrong with her with me at any reason I
find you how to get along without my
sitting out was bothering you though
what after tonight I didn't think it'll
trouble me anymore

morning nonny now what do we do well
you've got to take the 6 o'clock tray
everything was so simple and here you
popped up what is wrong at the school
did they beat you or did you know too
much of what hey you are not listening
do you remember the head waiter.

Edison Galya when he said and what would.
Madame design what that was the night
when we were visiting you and mother was
he ill so you took me out to dinner
alone this was five years ago yes twelve
not only the waiter calling me madam it
was trans being out alone who is you
that mid-mission own up up Marie I must
make you realize that I've
that was the night I knew what are you

talking about that there cannot ever be
anyone else for me thank you
nonsense yeah just a child in school and
it is not nonsense
I came back from school when I heard you
we're leaving
I would have got if I had to swim all
the way and you should go to South
America
I don't suppose I'll swim let's get to
you there somehow this is preposterous
what difference does it make if you
haven't thought of it before I have done
enough ginger but it's for both of us
but I'm leaving this afternoon at 6:00
see now you are thinking about it it
Budapest on your vacation you can find
plenty of elegant women who will share
your good times with you part in South
America where you work is you want
someone you can count on so when you
know we love you always and always how
do you know these things cuz I love you
I couldn't simply take you with me
it had to be married now what am I
talking about
oh and Johnny don't be so Judas what if
you would what is that about you'd makes
me believe everything you say only my
love for you but that can do anything
was it you I wanted I came back to
Budapest Oh fine.
I thought I had trouble enough being the
best man of cards reading and trying to
catch the train now I have my own
wedding to worry about our wedding hole
ready trick I thought you were gonna yes
sir um oh please egg go down imply
another talk yeah all right 7:30 goodbye
whoo I heard the telephone was it for me
no it was my bow uh-huh still waiting
for that call from me Martha
yeah bring me a glass of water coming
thank you did I ever show you this trick

hmm do it again do it again one spent a lifetime perfecting a trick like that you say do it again as though you were reporting a clown in the circus well after all perhaps that's what I am a plan to amuse the rabble oh no mr. Shandy don't say things like that I suppose you envy me because of the position I'm in yes out there in front of the footlights with everyone's eye on you it's it's fine enough it's a lonely sort of life it's not until one gets home that one realizes the empty mockery of it all never do why I'm telling you why I'm fine

how long have you been here now three four weeks well it just shows how much taken one can be about what well I might as well admit it

I didn't engage you just because I needed a servant there was something about the way you looked at me that first night I had a feeling that you were a woman who would understand my loneliness and that perhaps sooner or later we well just didn't happen at all what didn't happen

are you in love with someone ah there is someone no there isn't anyone um can I get you a cigarette mr. Chander

mr. Shantou Oh Martha has being here meant nothing but just a job to you oh yeah well what has it meant I've been so happy doing things for you I haven't felt like a servant at all good nice knowing that was someone who wanted me to take care of them is that all you haven't fallen in love with me just a little in love haven't you sometimes hope for that Oh Martha have you no feeling for me at all

I don't want you to be lonely lonely you've never thought any more than that about me yeah yeah at time you were sick

in bed with a sore throat and I read to
you and then you went to sleep and I sat
by your bed all afternoon
and you loved me then well it it gave me
a very happy kind of feeling watching
over you
no matter your do love me for a moment I
thought I was losing my grip but not her
comeback I I didn't mean Jewish
something in smitten it's another.

Fishman

thank you

you

thanks really

why did you go there anyway just to see
how bad you could really make yourself
you know I went there because I wanted
to see if I'd imagined it right Bryan

one of his stage trips why'd he make
this appear this turn himself I could
have told you it was no good you weren't
in love with him by any chance for you I
thought he really needed me you're not
worried about a man gets me all mixed up
I guess I don't understand love Oh

gentlemen yes if I mean ladies and

gentlemen ceressus mr. Paul Shonda
why not we'd make him appear just as he
makes rabbits appear come on a toast a
toast to SH and all the great who
condescended to raise the bareness.
Corinne yay from a necktie peddler to
his maid of all work did he start a
direct phrasing that may have all worked
from putting him to bed when he comes
home drunk to darning his socks and
cleaning his bathtub would she Peter the
princely sum the 15 grown under each and
on top of that mind you a lot of the
privilege of falling in love with him I
did not oh yeah
champagne to zero no not enough to make
to the very noble count Carlon yay what
some courts have been drunk to you today
your excellency no toasts quite like
this so all honours go to you you who
gallantly accepted the love of Suzy.
Schmidt best of all it led a dreamers
hell he dreams into it was time for you
to go away Suzy challenge Mr there just
one more toast mr. John bata
mr. bata who tried to break the heart of
your Lehighton but didn't succeed for
the simple reason that the young lady
- hasn't got a heart you don't have it all
- settled in poor John did you expect to.
Leave you only crying her heart out as
your train pulled away so she'd go out
to dinner with Ben Horvath with her eyes
all red oh it's still a John a lot you
know about the only hiding a lot you
know about it I thought too champagne
was supposed to make you happy I don't I
know about you you're you know all the
