[Good Morning Life by Dean Martin]

Good morning life

Good morning sun how are your skies above

Gee it's great to be alive and in love

Good morning life

Good morning birds sing out your happy tunes

Feels so good because I'll be seeing her soon

Last night she said she loved me

What a pity to part

I slept with both eyes open waiting for today to start

Good morning life

Good morning world how are you happiness

All at once I know what livin' can be

It's life, it's free, it's someone waiting for me

Hey, honey how 'bout it

Who'll someday be my wife, good morning life

Good morning life

Oh, God. It was...

you know what? You should come with us next time

No, man. I don't like zoos.

Aw, man. But the kids go apeshit for it.

Yeah, well, I don't see my kids that much.

Besides, it's depressing

What? Getting up close to animals?

I mean, where the hell else you going to get that close to a cheetah?

Yeah, that cheetah can run like a motherfucker, but in a zoo, they ain't got enough room to hit second gear.

I mean it ain't like they're in their natural habitat.

Yeah, no shit, man. That's cause they'd be dead if they were in their natural habitat.

These animals have been rescued.

Usually injured or something in like the, you know the wild, or blind.

No shit?

No shit.

See? I didn't know that.

Yeah, that's what I'm saying.

That's even more depressing.

That's what I'm talking about. A blind ass cheetah bumping into trees and shit.

That shit's fucked up.

I didn't say the cheetah was blind.

Well then what's blind?

N-nothing's blind. It's just an example.

Well then that's a fucked up example of some shit right there, man.

That's what I'm talking about.
Blind cheetahs is a shit.
I just meant...
