By Triluck Makmeongpad

Friends, you don't need lots of friends
but you need to keep the good ones
Some one once said that
some where on the web
It's obvious only true friend is your friend.
But who would refuse to have lots of friends
Uh! these are not my friends!
I'm a total loner, I have too many flaws
I have no friend, lover nor admirer
It's like having an L on my forehead
so i ran from reality and ended up here.
Atlas! My most important friend returns
There's never a stranger only new friend that you haven't met yet
Which one is it...7 o' clock in Thai or US?

I've been dreaming the dream
And It has been forgotten, then it will come unexpected
as time goes by
And one day, may all feeling just as silent
as it has been hidden, will come to live
For you, may also have been dreaming the same dream
And I'd not want to see your dream be forgotten like mine
And one day it will come
You and I will walk hand in hand
Looking up at the bright sky and down to the deep blue sea
As far as to the eye can see, we are only grain of sand
in this ocean that knows no bound
Knows no Bound....Still I only want to walk with you,
to walk with you....knows no Bound....
You guys are so bad...
Go away!

Since then the main character never eat squid again...
The female character in the movie was cute by the way...
let's see!
If you were one of the squid...
How would you do it?
Oh no! I forgot, it must be all wet
Ahh.. that's the picture of your man, the biker guy.
You still carry lover's picture in your wallet?
That's your opinion...anyway it was nothing...
We are like brother and sister now, give it back!
Let's me see...
Are these your brothers also?
You have sibling everywhere, very handsome!
You're a dork, never idolized anyone before in your life?
This is your idol? so what? ...He's a comedian...
let me imitate..ti..ti...ti Crazy! that's not it!
Josh, who's your idol?

There is one right in front of me..
They adore each other...
That's enough for me to be happy..
eh...listen i have a story to tell...
There was an island, and on it, it had all the feelings.
There was Happiness, Sadness, Knowledge.....
and even Love..
One day the island was going under...
All feelings boarded their ships and sail away
But only Love stayed with the island to the last minute
That was stupid move!
Hah...Love will jump ship at the last minute!
Love requested Success as it sailing away...
But Success refused to let Love on board...
My ship is full of treasure, there no more room.
Love then turned to Selfishness..
Please Selfishness i beg of you!
Selfishness replied: I won't be bothered!
Then came Sadness, Love was awfully distressed
But Sadness disregarded Love's existence
and just wanted to be alone
Happiness also sailed by, but did not even notice Love,
for it was intoxicated with its own happiness
All of a sudden there was a loud voice:
Love come with me, I will take you.
It was the voice of an old man, Love was so happy
it forgot to ask for his name.
When on land, Love came to its senses and turned to Knowledge,
Who took us here?
Knowledge replied: it was Time
Because time will help us understand how great love is.
I dated Kang for a short time, He was my dad's favorite disciple,
But when dad knew about he and I, dad kicked him out.
Kang went away on his bike, that how we were separated.
Men need a son to carry on the Muay Thai legacy
Talented Muay Thai fighter is essential and is in needed.
Dad said many times, girl is a burden around the house
I have done nothing to make him proud.
This time I will prove to him that
Girls also has potential.
Hey Josh! How did schooling in the US work out for you?
It doesn't matter where, I can't seem to focus on one thing.
I spent most of my time photographing,
waiting table, washing dishes

I try to save money to travel the world.

May be so. I have to count on my only friend.
