NORMAL LIFE 1996

- "Lock & Load."

Ready? Time to go!

FBI! Do not move!

You're under arrest!

-Is there a gun in the bag! He takes the gun!

-Let me see your hands, immediately or I'll head her brains blown out!

Why do not you just fuck?!

-Why do not you just kill him?!

-Henderson!

What hell did?

-Shots, shots ...

Suspect goes to the east ...

Police uzvraa, we have a unit, chase

vehicle in which the armed preparedness.

FBI! Drop your weapon, leaving the vehicle

arms above your head, you have 10 seconds!

-Comes in action, you do not know anything about guns

but wanted something to protect the home.

The character wants grenade, I can not

to sell, raznee wrist.

I sold him miserable 38-cu instead,

If Sindi hear, odlepie.

I thought we were in it for the money.

-Too much stuff, too few people, well you did.

Tell it Sindi.

You know, it becomes clear that you do not care about me.

-Well, fuck you! No, fuck you!

-I go now, do not be going back!

Well go, get out of here!

-I dig here, stupid, fucking bitch!

Yes, and you, a fucking loser!

Hey, let me see it.

Do not worry, clean it.

Hold raised like this.

Would you like to dance?

-I do not dance.

-I do not either. Come on.

Maybe you'll have to hold yourself to me.

-I can do it.

-I Pem.

-What are you reading?

-The guy in a wheelchair.

Well, how did you find me?

-I am a police officer, I did not tell you? -No.

Basically parking.

That's why you're here?

No, during lunch I thought

Ranges to practice the target.

Your time? Yes, I organize my self

time, just like me here.

-Okay, take a deep breath.

Take the middle and holding,

now aim, press.

Again.

I do not suppose you're killing animals?

-No.

For me, the shooting accuracy,

control, if something happens, I'm ready.

I'm surprised that someone like you does not carry weapons.

-What do you mean, someone like me?

-Prelepa you guys must

you are constantly flirting.

-Always taking the girls to shoot?

Enough I shot on the ground,

it's just a hobby.

-Good hobby.

Pem-Hey!

-What is it?

-Tomorrow at the same time! You showed me

her, now I'll show you mine.

Unit-103, answers

arrest on the pitch.

-What is this? On the car!

Possession of drugs, driving fast

resisting arrest.

-That's your name?

Fuck you, nerd!

Get up, come on in the car.

Come on!

-Well, try now.

I see, it looks almost blue ...

A little down on the left.

It's not very clear, it is blurry.

Like the dilutions? -Yes.

That's why it's not a star, it's a new galaxy.

-Incredibly ...

-The force of gravity of the black hole is so

strong that all nearby pulled ...

Not even light can not escape,

because they are invisible ...

As a big hole in the sky.

-How do you know you exist?

Just in theory, even before 100

years, something hit Siberia

and miles of forest have been razed, but nobody ever

nothing was found, or meteor, nothing.

Well, some people think it is a small

black hole passed through the Earth.

-Through the Earth?

Like a bullet through the smoke.

Black holes are really mighty, are part of the

of something called the "Black Thing of the universe."

I love it. Most of the stuff in the universe

it is invisible, and no one knows what he is or where he

I think I see what's there,

but not so.

-Does not seem to be that o seas

everything you do is not important?

Yes, is not it great?

As you do not have to be afraid.

Do you ever think about dying?

-Sometimes.

He was one shot training

at the academy.

The policeman on duty followed
someone for some committing violations.

He approached the driver's side, acted

is friendly when he took the driver's.

But on the radio is something ulo, and

He turned his head for a moment.

White light, the end of the tape ...

Can that happen every day, I want to

be one clean shot to the head, almost.

No-touch.

I wish, I wish, I wish that I fall

the black hole so that I die.

As the disappearance of a big nothing

my pictures forever hovering on the horizon.

For billions of years the alien

spacecraft would have passed by me.

Be seen to continue to fly.

-My God, you're so crazy ...
Hey Pem! No, I did not think so ...
Pem, I think so, Pem ...
Please do not, I, Pem, wait, wait
I ... I did not mean it.
