It's nothing important.
His second book is about what?
I wrote a second novel...

... Oh, no. Rejection

You know, my grandfather
Thomas Edison quotes for me...

His favorite line:...
'Many of the failures of life

and then there is only an illusion.

I am just a matter of urgency
more than words.

Then, as planned.
When Ben agree

Dnde... have you been all night?...
... How you can just forgive me...

ZNO... bother you?
Of course I'm upset.
But at least not lied in this regard.
You are completely
lost at this time.
So I say to myself
which is not us.
Maybe later, I get upset.
But now we have more things to try.
As for why not go home.
Simply can not.
It's selfish.
Es.. is not...
... Are you being an idiot.
Treatment...
ZTE... seems there is no hope?
I do not want to be patient.
No, it does not make sense.
We have still not out...
... even the fight? By
course that makes sense.
And if this fight?
And if this is the right thing?
I know.
Changed everything.
But Why?
What happened?...
... Why not have
only by the diagnosis.
Because, Samantha, I am watching
a wall that can not overcome.
Because I do not know
cules are good answers...
so be honest... What?
Well...
Quieres know... what was the first
What went through my head...
... when the doctor said I had cancer?
The first thing?
Is that I wanted to cancel the marriage.
I absolutely wanted to marry...
... and do not want to return to work,
and do not want to do what it was.
This is a normal reaction.

So I wanted to cancel the wedding.
However, Samantha,
it is not cancer,
has to do with life
he built for me.
Why I have so much insurance?
Because I care so much
to be responsible all the time?
Because I have to mess with that
tools that we put in our kitchen?
I am becoming like my father.
And no offense to him, love him...
... is a decent man, but this
was never the ambition of my life.
So cul is the alternative?
This!
This is the alternative.
You can simply walk
to travel by bike forever.
At some point,
This leaves you on top.
Especially you.
I just want time.
If you can have every
in this day and make life...
... then it must be a better choice.
But you should not be killed.
You know that. Allows
go against the odds.
That has allowed us to do this.
This has nothing to do with us.
This is the problem, Samantha.
This has to do with me...
... Alguna once loved me?
Is not the way it deserved...
... Why I asked you to marry?
Due to the large part of me wanted...
Why not find...
a reason for not having done so.
I never thought it had been withdrawn.
A security option...
... How they have seen?
Any indecision,
All questions...

They always see us.
And do not see you.
I'm an idiot.

Hi, Mom.
It has a good point.

one of the most beautiful countries in the world.

Love them was not an illusion....
... However, as in
most relationships,...

treacherous it could sink....
... In these times of
storm at sea,...

Nobody knew say

Well, I guess they are.
When it comes to people

You have to.
You have to stop it?
I asked a man
walking on the road...
'How you know you love?'...
... He told me 'If you have to ask...

You never had to ask

It's worth a lifetime.
When we have the
rare moments of clarity,...
those moments...
that the universe makes sense,...

tried desperately to...
agarrarmo us to them....
... They are the life rafts
sometimes the darkest,...
... in the vastness of everything,
the incomprehensible nature
of life...
... escapes us completely.
So the question becomes,
or should have been:...
... if they knew what
that there was only one day...
... or a week,
or month of life...
What lifeboat hold.....
What secret.....
