I - Pavel Antonov , head of the labor camp sports .
Pavel , come closer .
Please !
I know Kireyeva since last winter .
This is our new practice

life.

that he
not disguise , as do the other guys .
As it should be in the classroom in the sports section .
I walked over , reprimanded him and he ...

He was very offended , and month did not go to the club.
Then I learned that he had no pants.
You know - this boy ...
No elementary cowards !
And these kids ...
They never knew what parental affection or care .
They have no mother.
They live with her father , it's ...
This The three friends , brutalized people.
He spends on drink his pay , and the two live on scholarship
Margarita which brings out the PTU !
Look at him !
He's fifteen years old!
You give him fifteen years? ..
He did not physically developed , but it is - it remedied .
Even worse is the case with his spiritual development , he does not read
books.
She is a student learns ... barely ...
He was not allowed in a decent home, so he did not ruin the good boys
and therefore the only place where he feels a man - that gateway !
Many times they spent the night with a margarita in my club
because the father brings home companions and casual women .
I can say good things about his pupil KIREEVA ? ..
He was ashamed .
He was ashamed of himself , his sister , and even his father !
This means - he has a conscience !
I guarantee that in his life he did not drink a drop of alcohol .
I ask to give us Kireyeva bail .
I promise - it amends .
Questions ?
No.
Attorney ?
No, everything is clear.
Are there any questions ?
Are you sure?
No.
Pavel , you said " I can vouch ."
Can you imagine that ...
as guarantor , you are known responsibility?
The most important thing for me in this case ,
if I'm wrong - I would be very humanly ...
very bitter .
But I think ...
I think it will not happen .

I have no questions .

You are given the last word , Kira.

Stand up, please.

Stand Kireev !

Court gives you the last word ! Clear ? ..

So - let drink anywhere , not only with us !
Where are they?
In the city , I think.
Tomorrow you will go and bring back them .
Because of these ... You're putting me in a stupid situation !
My friends, let each of us to think about how good deed ,
which he made on this day.
Think !
State Farm will meet us ,
but it would be good to play them in the House of Culture , at a dance .
Victor ? ..
Well - play !
Well , that's all clear. Let us listen to the commander , "Vanguard" .
Detachment worked haymaker zaskirdovali about three tons of hay ,
sanitary condition of the tents - excellent, not guilty .
How many points accrue "Vanguard" ?
Two .
Well, what are you - stupid or what? ..
Just think - hay naskirdovali ...

Quiet, quiet , quiet ...
Two points - of course, not enough.

Psychology , will not believe - "excellent" !
About working with difficult teenagers ...
Psychology is not about to allow them to " poke "
you excuse me , Pasha ...
You know , man,
each boy , in my opinion , should be the man to whom he could say "you" .
Well, if it is the father . And if not ?
It is primitive . Should look further .
I did not finish pedagogical universities , the old man , so here ...
I think. Excuse me, please.
Pasha , you know - their life must be taught life! And so it is - a
difficult thing !
It is necessary that the men they were! Strong will!

...

CYCLE " SITUATION "
At this time - the life of one young man.
His name is Alexander Fedorov , shortly after the transfer , he wrote a
letter
we met, and it seemed to me that everything that happened to him in life,
is of great interest to a wide audience.
What led you to write me a letter ?
When I saw it all here ... kid on the screen,
when he saw the foolishness they toil ...
First of all - who does that?
Believe as I once believed that all goes quiet
that no one will ever know - a sense of impunity .
First of all I feel sorry for them was , well then ...
Maybe someone at least for my bitter experience ...
Stop ... From what does.
I want them to bring themselves to themselves , you know? Return to people
.
Well, you know , after all, something generally ...
Must be able to stir up their civic sense , to awaken the heart , you know?
..
What does it mean to "wake up the heart " ?
I understand that " their best to stir up feelings" , but - how?
I would like , for example, that person suddenly felt ashamed by itself ,
to himself , not because I 'm here next , or some kind of a strict uncle
another ...

And now, my eyes happened , I can tell you exactly say
I can call you examples ... I do not know ... Ten !
When a person in twenty years ...
In twenty years, first became ashamed of myself, believe me? ..
Well, what are you going to do with such as Zaitsev ?
Zaitsev - bastard .
But, you know , it is also necessary to awaken .
And while you budish him , he 'll do so much harm to you ! ..
For that you have condemned , at what age ?
I was fourteen years old, and ... charged :
" For his part in the robbery "
Fair accusation?
Yes, fair .
In what ways? What did you do ?
We , as a couple , so ... Second - my partner - he was thirteen years old,
stopped the woman and demanded money ...
Had a knife ?
Yes, with a knife.
Needed the money ?
No, rather than money , then somehow had such a desire , whether that ...
Well, childish ...
The desire of some risk , some adventure ...
What was the verdict ?
Two years ' imprisonment.
You are totally spent that time ?
Yes, completely .
You , when freed , were convinced that you will live a normal life ?
Of course, freed - I thought that with all done, that we should live a
normal life ...
And so ... And so it was ...
Do you think that with him on it?
Tied man .
Well, yes - tied ! What - just shot him? ..
Second Walker probably was ! By drunk !
Well, in general, the way it was .
Again began to meet with friends,
alcoholic drinks consumed - vodka and other ...
Well, where vodka - there it is - a crime.
Went on the little things ... Here, with pavilions ...
Then more - more .
So you had a series of crimes. And you were sentenced ...
For eight years in prison .
Strict regime , and .
Strict regime.

How many years have you spent in the colony ?

Seven years.

Start a completely different life in what was decided to stay in the colony ?

Somewhere in the third year , maybe ...

Why did you come to this decision ?

Well, having lived there , you see the whole situation , everything that is happening around

and these same "criminals " as they call themselves , they say one thing and do something else entirely.

They are talking about some kind of honor, saying that they have some dignity

that if said - they will do , and they do quite differently .

What is this principle of " Chechev "?

" Man to Man - Wolf"

And the good wolf who - big teeth .

And who is trying to implement this principle into practice , especially with minors ?

Those who have already passed more who already know this life , who have , therefore, seeks to subjugate someone , for his own benefit. Man as soon as he arrives , young - crush !

That seeing all this meanness, all what they do among themselves , I internally as opposed to this, and so there I have chosen its own way , I decided this way: not as your - our , left-right , go, so if something is chosen , then go for it straight.

You yourself believe that you never anything like this will not happen again ?

Yes, I do .

So let's instead of any discussions , look better here this coinage . She is one of the colony. This Sasha left me a souvenir.

Yes, on the back of the main thing on the back !

Show me! Gimme!

"I swear that more than - ever. Fedorov "

Guys, one more thing. These are the same questions that I asked you once . There again - you can hit a man , huh?

And that is not you?

Get pleasure ?

Looking for that hit , but it is already something wrong ...

Well, it - too answer.

And then ... I once asked Volodya Kireyeva who he wants to be .

And he said to me ... Volodya , you can repeat here now ?

As Pasha !

For example, that you have food ?

Earned , and then eat.

Comrades, why now to solve this problem ?

Well? ..

What ... will earn - and then eat ! ..

So , comrades , wait a minute , wait a minute !

I understand , I agree with you that the omissions in the work of the camp commander was .

And we must understand . But the deal should carefully!

And probably not here , but directly in the camp.

Yes, of course ...

I have a suggestion :

appoint a visiting session of the Commission , to talk with the guys

see how they work, how they rest ,

then have to decide - who is to blame , to blame ,

who deserves and what punishment.

Do you mind ?

No ... No ...

Ludmila , I think you first need to resolve the issue with the new Deputy , and then to understand and to punish.

Of course ...

Right - right, this question should be solved now .

Natasha , from the Komsomol district committee which deals ?

We have two candidates in District Committee Danube or Kondakov .

You know them well ?

Better send both.

Yes , I agree , I agree with you ...

Well - Pavel Vasilyevich work

so then let's focus on these nominations .

No objections ?

Themselves and sort out ...

Natasha , then the week - the District Committee to comrades could get to work.

All right.

Comrades, but with all the guys what to do?

Yes !

With what ?

With Shalaev , Onion ?

But to me ... You know - I do not have seats.

But still it is necessary. It is necessary because we leave them in the city can not .

After all, they Zaitsev before the crime can be reached .

You still have to take them.

Have to take Comrade Antonov .

And where are they ?

Spend please the boys .
