Rege Engleze fenomenalul the comedy,
Ricky Gervais!
Thank you. Thank you very much.
Not too exaggerated, right?
I spent entire budget it.
It's just me and the microphone now.
Not even makeup are not. Incredible.
It is fantastic to be here, at mre city in the world.
Thank you very much.
This is my second night here in New York. I had a few small shows in Los
Angeles, but ...
most earnings there I gave the American Cancer Society.
This is better, because you keep all ... money.
We managed to raise thousands of dollars or one hundred pounds, as you
prefer.
As to trii in a third world country?
I know what you're thinking. Ricky Gervais Still busy with charity? May
tcei!
No more ...
"Fac prea mult". Ba nu, deloc.
"As we gathered last year, only for cancer?"
It does not matter. For what?
"Dan-ne estimate the sum."
Millions ...
Millions ...
And I hope to be welcomed.
Give v spun pole,
If I ever make cancer, I will go into the nearest hospital and have to say,
"Well, I paid for that equipment,
dai chelul wing mic or part of the de-acolo. "
Speaking about small keys nenorocii,
Last year I thin a show for teenagers with cancer.
This?
At the Royal Albert Hall. I thin and earlier, in 2006.
But they called me again last year.

"Inca Suntem bolnavi!"
Athi rezistat ...
There is a nice show.
Adolescents with cancer have free entry.
A a eu sunt.
It brings up to the forefront, lucky them ...
And I can come backstage after the show to meet me.
How great it can be for them.
Much better than to go to Disneyworld, where they can be bad, given their state.
While, you know me ... Maximum.
So thin now show the second time,
I look and I recognize one of them. It was two years ago backstage.
He told me about his illness, and I've signed some autographs you,
And he told me how that turned 18 and how hard it was ...
And I said, that was 2 years ago.
Means that now has 20.
The khan of the of ce naiba adolescent and Inca?
Lying bastard ...
Not lie in respects of cancer, and it hurt when he laughed, but it would be ...
the decision and the IMI continuam spectacolul rdea the rdea, "Da, Razi you ..."
I seethed with anger.
And when I'm tired, I said "Dude, you recognize."
"Ai culise needle comes in 2 of the anus."
"Ziceai c to 18 ani atunci, decision acum to 20."
"Ie, first the Afara!"
i am Chemat Paz ...
Opun ncerca the SA, was slbit give ...
They served, see.
Although they got a little hard at first,
then caught and they ...
Scotei it out! And to room started to boo.
I-am zis, "the Auzi you? Nu vor s-Auda eg nimeni c if SUPARA pe mine."
"Face-te!"
Health all!
It's a big box, right?
Nu M two mare.
But we want to know that is large box, not that I am a dwarf.
I thin a show charity last year for autism.
And like most, my only experience related to autism, until recently,
he was Dustin Hoffman i know prestaia extraordinar din "Rainman".
I recently purchased a new home in London

and neighbors are all walking around there ...
"Salut ..." Bgau i i i nasul, practic.
But I thought, "to be nice to them, for now."
"When I raise my high fence, you can go to hell."
And a couple had a son with autism.
And his mother was talking to me, "Hey, this is Douglas is 17."
"It never comes-out because he has no friends."
So I thought, "This is a good opportunity to show that I'm not just rich
that guy on TV
ci khan i am from the Inim aur ".
i am i-spus "IE scale with el."
"-Serious?" "-Da."
So get back on a Saturday and I. ..
She tells me that he likes the zoo.
Which is only one kilometer away from my new house.
The so so ... walking down the street ... by Douglas ...
And he did not take his eyes and his mother all the way, as I was walking
down the street.
And his mother to stand on the threshold of the door, making them by hand,
crying ...
Finally close the door and go inside.
Eu opresc a taxi, "the cazinou Ducei-tion."
Should you choose and you with something, right? So ...
I entered, he wore a suit and everything perfect, excellent what else ...
Jump to Black Jack table. It is their strong point, do not know why ...
Are brilliant at this game!
I-am zis, "Bine, Doug, St tii cum treaba ..."
"Paiezi two for good and one for evil, understand?"
The zice, "Da."
So I bet ... in a half an hour already lost 1,000 pounds.
i i-am zis, "Douglas, f chestia Hague, Numara crile."
"Tell me when it comes to a good book, two for good ..."

Eram derutat.
Am Josh o i l-pe aruncat cteva scobitori am ntrebat "Cates are?" "Nu tiu

"Sunt fit! Pot s VAD i had c sunt fit, de-AICI"
Why I stuck with this?
So I went back home and I told her and her mother, "It was a mistake."
"It works like Rainman, but it has nothing to isteime shit."
I know it's wrong ...
I do not like to talk about it, but do a lot of charity shows.

But I mentioned some causes worth more than others.
Leaving the joke aside, obviously deserves attention cancer, autism also
but recently I was asked to give a show of charity for those suffering from
obesity.

"Ce?"

She answers me, "For those who suffer from obesity."

Eu...

"I referi the oamenii gra i?"

She answers me, "No, because obesity ..."

Well, actually said ... Because eating.

Good, the so happened. Basically I made myself in front of the doctor.
I came home and I told a friend what had happened.

It would have been much less embarrassing, right?
When he should have thought so, "Oh no, I watered, what to do?"
"From sigur, scot the chiloi."

Trebuie s m fac "command" !
The commando troops not wearing chiloi?

Definitely one to see it now ...

And Sarma ghimpata acolo or s thi-o pierzi.

Trebuia s m fac "command" ...

Mulumesc.

I'm a little overweight and I, but I never questioned before he became famous.

i nu s mai Vanity acum.

But read it about you. Newspapers need adjectives ...

I can not say the so simply, Ricky Gervais, humorist.

Say something like, "Ricky Gervais, humorist plinu."

Why do you say that? Why?

Why to add something?

You can not be more specific than saying the full name ...

"Ricky Gervais..."

"Cu ce ocup themselves?" "Umorist."

"Ricky Gervais, umoristul ..."

"Grsanul, da, IL tiu!"

A Ziar but numit "Umorist corpolent."

There are full-bodied, right?

There was a photo in two British newspapers last weekend're ...

I caught you some paparazzi in Los Angeles, I stay so,

i a aprut in Daily Mail to News of the World .

And I have asked a question in Picture:

"Este Ricky gravid?"

Is zis sa mai "bucalatul hazliu."

Sounds like the name of a gay porn star, right?

"Uite-l, sose hazliu buclatul you."

Face jogging Odate, iPod cu-ul meu.

Arata bine ...

Paparazzi caught me a full page of the next day,

titlul cu "iPodgy" (podgy = ndesat).

La naiba, in puii Mei.

In Fine ... Unde rmsesem?

Ah, yes, all the charities that I do.

I do not want to talk about it, but I ...

One of the great works of charity in which I was involved,

Several years ago, while working at the University of London,

Terrence Higgins was Fund, the largest fund for AIDS charity in the UK.

Was going through the 80's, and yet people still ask,

What's new thing called AIDS?

It is doing well, has gone around the world,

E Global.

Are i ziua ei ...

1 decembrie, Ziua Mondiala Shida.

I do not think you get to have Christmas aura.

Pentru khan ... emanates to the negative energie.

And card companies have missed the opportunity. Usually they throw in everything before them again.

Pothi naked face of rost carduri "Do Rau firewall avei AIDS."

Does not exist.

Or stuff-those who sing a short song to cheer someone.

A suitable song. I do not know which would be suitable song ...

No matter ...

Not always keep this number in San Francisco ...

Oh, mai dad!

However I learned something fascinating while working at Terrence Higgins Fund.

People always learns something new in my sermons.

Tell you something absolutely true ...

The first HIV virus was a combination of two viruses and different who engaged in dwarf monkeys and created a rudimentary form of AIDS.

Then passed from chimpanzees. Chasing monkeys and chimpanzees sometimes eat them.

A cimpanzei in the evolution,

and because we are able to 98.6% identical to chimpanzees, genetically speaking,

was possible to pass to humans.

And the first person who contacted AIDS installments of chimpanzee meat, No tiat the deget and healthy.

Although, that's the excuse I would have found it and I ...

You have to come with an excuse when you go to the doctor, "I feel very sorry, Doctor."

"Nu m surprinde"

"E t om care Primula has contracted AIDS."

"Cum m-a fi cu ales pole?"

"DOUA posibiliti ..."

"Unu ..."

"I trgeai eg the spate unui cimpanzeu."

"Eu, unui cimpanzeu ...?"

"I trgeam unui cimpanzeu ..."

"n nici a cat on."

"When the o fi altfel Putuo iau growl?"

"Nu tion, tran ay cimpanzeu of meat and tea-ai tiat the deget ..."

"Aia!"

"Chestia ciopritul cu ..."

I bet that went straight into the jungle and found the chimp that.

"I Nenorocitule-ai dat AIDS."

"THI-AM gives ce?"

"I-ai dat AIDS."

"Thi-am dat a blowjob."

"Am tine AIDS."

"Unde th eu i am Luat AIDS?"

"The lack maimue."

"I mnnc maimue naked."

"I missed the Ori, the gold-or trgeai."

"The mncam."

Give ...

The coolest thing I learned while working for AIDS charity fund is that it is the best in the world and waving.

This is a really waving and published by Terrence Higgins Fund.

It was published at the university where I worked, in 1999.

i ..

It was adresat populaiei masculine homo, that still does not protect, and who treated HIV risk like any other occasion.

Admit the existence of the virus, but not taking precautions and.

So this last demographic group was asked where the information enters harder.

On the front is a picture with you some bananas, and write the word "fuck".

No ce Nu ting naked tion ...

In principle a plan with 10 points ...

with health tips for avoiding contracting HIV.

This is the title and the waves.

You will know that you have something good, when you say that's the title ...

Suntei pregtii?

"You know, you should not always do anal sex?"

Bine the E tiut, now?

Think of an old couple in the waiting room at the doctor.

Rsfoind principles Reader's Digest ...

and the Zice, "Ce and auction?"

"You know, you should not always do anal sex?"

"Vezi, Thi-am SPUS eu!"

In principle there are 10 suggestions ... alternative act.

I will read a few.

Numrul unu ...

It's real.

Numrul unu ...

"From what s naked ..." Mereu ncepe the fel, "From what s naked ..."

This puin subtil, nu forces you, give ...

Numrul unu ...

"De ce nu s v masturbai reciproc?"

Gndiiv the horn ...

"Am Noul Flutura , Larry."

"There Zice?"

"Pai s vedem ... You s FACEM a chiar acum."

"Without pulled back from now on.'s Number one ..."

"De ce nu s v masturbai reciproc?"

"Bine ..."

Number two ...

Mereu ncepe the fel, "From what s naked ..."

Number two ...

"Why not ejaculate on his back?"

It naturaleea with that said ...

As if such a prescription. "Why not add an onion ...?"

As if you go to the doctor,

"Buna ziua doctore, sunt homo, i am the relaie of mi-nu sound and team iau AIDS."

"This pot face?"

"Oh, ejaculate on his back!"

Number three ...

Number three ...

I read it all cunoscuilor, and laughed at number one and two, and when I got to number three ...

Number three ...

"Why not ejaculate in his hair?"

Nu n Par ...

Nu n pair.

Back, for sure.

"Pe spate, you."

"Pe spate. Spate eg You."

"Unde Naib Thinta first you ass nurse? Naked!"

"Nu pe pair, nu!" Acolo! "

"Acolo!"

"I trust you, I put my shower cap."

Nu n Par ...

Number four ...

Never before or after, I found so useful term "eg." (For example) that in the next sentence.

Number four.

"De ce nu ncerci only ..."

Try ... Maybe people think that's a little more difficult, so it's phrased as a request.

Not neurosurgery, next, but put "try".

"De ce nu only ..."

"Why not try to ejaculate into a fruit ..."

" Eg. lubeni? "

As if, without the example of this, the world would be asked ...

"Ce fruct FEL Or nu, nu one ananas!"

"Ce fel of fruct?"

"Trebuie s fie never tans i, there FRUCT?"

- "Ce fel of fruct?" - "Lubeni".

"Mulumesc."

And so on a ...

I want to jump straight to number ten.

Because this may be the best phrase ever written.

i l includ pe Shakespeare, Dickens...

"The Office"...

Mulumesc.

Suntei pregtii?

Number ten ...

I think the guy who wrote those already struggling ...

I think he went to his chief and said:

"Am terminat, reu am gsesc Noua sound of it."

And his chief:

"Adevrat?"

"From there, it trebuie zece."

"Am a novelty."

"I Chiar trebuie zece."

"I ejaculated hair in fruit at all ..."

"We have ten, we need two rows of five."

"... Two rows of five, clearly."

"Bottom simetria place."

"Think back to another one, you have a half an hour."

"Intrm the tipar, ..."

She returned to her office where she devised and the tenth, a minute before six o'clock, I think.

Number ten.

Tot cu "De ce nu only ..."

Number ten.

Absolut adevrat. Gata?

"Why not ejaculai both out the window?"

I do not even say if it's on the ground floor window.

"Buna dimineaa ..."

"No, this is number 17, number 19 is opposite ..."

That's why I consider waving and my favorite of all time, thanks.

He was born in Oxford and speaks with that accent fake American.

In fact, he is one of my idols.

Not the greatest, the greatest idol of mine is ...

Nelson Mandela.

What man does not? An extraordinary man.

I think it's on the right track.

This demonstrates that our prison institution operates.

Last year we learned about one of your heroines U.S., Rosa Park.

It celebrated 200 years of the abolition of slavery in Britain last year.

We took a little before that.

No ToTu I, happy.

Felicitari ...

Abolition of slavery did not mean the end of racism.

Racism was rooted in society,

Until the 50 and 60 in England and in America.

And that incident was the spark that triggered the civil rights movement.

A young black woman, Rosa Parks refused to give up her seat to a white bus.

The so was the law, but it is saturated. And was arrested for it.

But then, the law was changed.

But it did not stop there.

And has started to hide the places reserved for disabled ...

He spoke with the driver, as he drove ...

There are political comedy ...

I used to talk about politics, the young Aram.

At 15, 16 years ago, when I became aware ...

Well, it only does it to annoy the parents, obviously. But ...

I think we flood policy at an early age.

Everything is so charged by politics, morality, the way we live.

It's everywhere, fables, children's songs, sayings ...

I remember when we six years, I had a meeting in kindergarten,

're all coming every Monday of the week, our Turkish ezam of the fish,

and the director came and told us a story.

And every time have a moral that we should think,

and that we would have to make ... the great leaders of mankind ...

Character building ... And take an eternity ...

And he loved it, it was his favorite day.

I remember the story of the two and everything.

And oricelul and oricelul lazy and industrious.

It was summer ... And two were out in the woods and any.

The sun was high in the sky ... Ripple springs ...

There were flowers, fruits were ... Were peanuts.
And I oarecele lazy, crazy run in the sun,

There were a lot of fruit, it will never end.
You get industrious and he oricelul a fruit bineneles but eat it all and

And oricelul lazy fun, sun tan, a little bite and throw the rest ...

Ce-Thi belt, cap ptrat!
Autumn is coming ... Same story.
Last fruit, chew and throw a little rest,

Where is the lesson of morality here?

Do you do the head, and fun, then profii from an idiot.

Terrible lesson for kids, right?

Horrible.

Ne-to SPUS-o p-aia cu biatul care Striga "lupul." O tithi?

Nothing, may I say it again.

A boy ... in the Bible, I do not know ...

Can a naked da n particular, right?

The boy takes care of sheep villagers, that was his job.

"-Ai de grij oile alea, biete." "-Da, bine ..."

Give it cam plictise you.

Would probably fall asleep if they would count.

Has little imagination ... And I say, "I'll try again."

"Unde-i-lupul?" "Nu-cal and a hop."

A Treia zi ...

Chiar appear one lup.

Lupul appropriates ...

But villagers do not occur and all sheep eat the wolf.

And we were told that the moral is "do not ever lie."

No, not ...

Moral of this "healthy niciodat naked Spui ACEEEE i minciun dou ori."

Din ...

Terrible example for children.

Songs for Children ...

"Jack Jill i deal s pe-au ia suit or galeata s cu re."

"Jack a alunecat i Coroana to a spart ... "

I later learned that it refers to the skull 's.

I figured I fell hat!

" i came from Jill rostogolindu dup self-el."

It is a true fable about two amani century. XVI,

who were climbing in fountain, to escape the prying eyes of the villagers.
Again, what's the moral here?
Do not go with whores for I choose to easta hole.
What can you learn from it some 5 years back?
Niciodat cu nu am neles morala "Humpty Dumpty".
"Humpty Dumpty full ZID fixed coccoat"
"Humpty Dumpty a czut to the spart."
"Toi the slujitorii the CaII mpratului a loc"
"Nu au putut SA-1 pe repair Humpty loc."
All I can think is ...
Do not wait coccoat on a wall, if you're an egg.
And again, how can a child learn from this man for 5 years?
Say that a group of children 5 years ...
"Sa nu're coccoat zid pe and DACA you an ou."
"It vrei s Spui sunt one or FLAC? Nu sunt or one."
"There's no sense If I am ... There's no egg there."
And even if it were an egg there, it would not make sense.
I-ai spune, "Nu is coccoat eg zid."
And he, "I am an egg, I hear nothing, I have nothing, I have ears, I eye ..."
Nu neleg there drac '... ce? "Nu-coccoat is ..."
"Date nimic Nu Nu ..."
"I have nothing ... I am nothing here ..."
"And I can not climb walls, as you no longer."
Do not send horses to perform medical procedures.
Bineneles that could not stick it on Humpty back together.
They have little dexterity.
I can not sew to save someone's life.
No fingers ... No opposable thumbs.
Do not send ... Trimii to a horse? It is delicate ... An egg?
We have a broken egg, you send a horse? In any case.
If you have a doctor or someone who works at Faberg? Do not ...
We're talking about a creature half a ton without fingers ...
Do not submit such a thing.
A quadruped with ... No, no ...
In any case.
I can not put his ... gloves i You can not wash your hands.
Nu pot ...

"GREAT!"
Could ... Nor would think ...
"L-bulit am!" Asta e.
I could not even see. It goes on ...
Ce? Bulit! Asta e.

Do not ... You could never explain ...
what happened.
Do not send ...
And ridiculously ...
If you had to design the perfect device for broken eggs would be a hoof.
"Am nevoie ... Avem one or crpat AICI, -l am nevoie s sparg tot."
Copita!
Copita this perfect.
Do not send a horse ...
No matter you are king or horses.
Do not send ... Clearly not send them all.
It would be chaos.
If it was a horse with a bit of skill,
like ... graduated a year before to be expelled from Harvard ...
" tiu ni ... you chestii rudimentare Bulit! "
"La varied!"
"The Athi-printed tiat plague all."
"Acum the Athi-fcut PRAF all."
What would have happened if we were invadai the French on that day?
And they were all there ...
A messenger comes running, "You take all the king's horses?"
"Sau slujitorii atoned for?"
"Da."
"Francezii-Vin". "-There?"
"Come francezii. Unde sunt toi caii ...?"
"-I-am Trimis s repare an ou." "Tmptit-Idiot!"
"When you add i-ai Trim SA creep un ou?"
If your name is Dumpty ...
nu-thi boteza copilul Humpty.
How to stigmatize him like that?
For a child who already is an egg ...
Shell by shell ...
I bet that was thrown on the wall.
I do not think you can learn something so ...
