# Over My Dead Body

By Seon-ho Wu

Prosecutor's office investigating  
the missing microchip at HS Biotech  
has failed to build a case against  
Kim Taek-su, the chairman  
and de facto owner of  
the research corporation  
Kim's overseas travel ban  
was lifted as of yesterday  
which led to a massive backlash  
from angry researchers  
The microchip contains  
entire research data  
on our groundbreaking  
research on artificial skin  
Chairman Kim is faking an illness  
in an attempt to smuggle out  
this multi-million dollar technology  
Multi-million?  
You mean billions...  
We have a chartered plane  
waiting at the airport  
How do you feel, Mr. Kim?  
You're not going anywhere  
What the heck?  
Don't let them pass  
Don't touch me  
Come on, Hyeon-cheol!  
Let's go after him  
Security check at departure  
is tightened  
They're giving me  
a hearty send-off  
I'll start the procedure  
Look out!  
How do we stop the ambulance?  
Perfect  
What the heck is  
that punk doing?  
Get him out of my face  
He gets up from the gurney  
and throws things in rage  
I thought the chip would  
turn up in the search  
Forget the police

Let's find it by ourselves  
Drop me off here  
My car is parked right across  
We were great today  
Haven't seen you  
smile in a while  
How can I when I'm  
out of food at home?  
I'm getting pocket money from  
my daughter Pathetic, eh?  
- Things must be tough for you too  
- I'm fine  
As long as we get the chip back  
we can raise fundings to reopen the lab  
And get all the unpaid  
research fees Sweet!  
I don't seem to be able  
to shut up today  
See you tomorrow kid  
Chief  
- What?  
- I'm not coming in to work  
I'm starting at a food  
company's lab in two days  
I understand  
I did wrong by you I'm so sorry  
See ya  
Take care, Chief  
Call me bro from now  
I'm not your boss anymore  
Chief  
Are you... Jin- su's daughter?  
Are you Han Dong- hwa?  
Huh?  
He just came out of  
an emergency surgery  
No, I'm at the police station  
not the hospital  
You gotta contribute what  
you can I'm begging you!  
- No battery  
- Hello? Hello?  
We're like family and  
our brother is in trouble

- Put yourself in his shoes  
- This is no hit and run  
- What do you mean?  
- They used a stolen registration plate  
and carefully chose an exit route  
to avoid surveillance cameras  
It was premeditated  
- Can I help?  
- I'm here for Han Jin- su  
You're the victim's daughter?  
This way please  
Thank you for your statement  
You can go now  
Thanks  
Does your father have enemies?  
- Enemies?  
- Yes  
Going to the hospital? Hop in  
Who would hold  
a grudge against him?  
The man is practically a saint  
There is only one man who can do this  
The bastard's not even human  
You should've just  
finished him off  
We can't take risks  
for our own sake  
Leave it all to me  
American buyers are bailing out  
We'll have Dr. Johnson notify  
them about the situation  
Do we have another  
exit plan for me?  
I got one set up  
You'll find out by tomorrow  
You have to nothing to worry about  
- Take the doctor to the airport  
- Yes, sir Follow me  
Johnson on the move  
The deal is closed?  
- Set up a tracker on the vehicle  
- Yes, sir  
Urgh, dirrrrty! All these litters  
They're moving away Hurry!

What's he doing?  
Sweet Jesus, my leg...  
My leg hurts!  
Return to base  
I stopped by on the way to work  
Did you get some sleep?  
Sleep? How could I?  
BS Biotech Chairman Kim Taek- su  
- Bastards!  
- I'll kill them  
What are you going to do?  
It's like hitting a rock with an egg  
Who are you calling an egg?  
You gotta be cracked to pieces  
before you know that?  
I know that you are definitely one  
We gotta think about Jin- gu  
About saving your father  
- We gotta come up with the money  
- How?  
Let's think about it  
We'll get money from them  
Whether by begging or pleading  
or by blackmailing them!  
Maybe not blackmailing...  
We'll threaten them for their lives  
Hey  
Kim Taek- su who was being  
investigated for a stolen microchip  
died of heart attack this morning  
Kim was scheduled to travel to US  
to treat his heart condition  
when an emergency travel ban  
was enforced two days ago  
and he has been staying  
at a hospital in Seoul  
Kim's representative blamed  
the prosecution for Kim's death  
and stated that his family will seek  
justice against the authority  
as soon as funeral procedure is over  
It happened suddenly  
We turned the hospital upside down  
but the chip wasn't there

Did you get the result back  
on the blood sample?  
Came back negative forttoxins  
Handle the transfer  
with greatest care  
Memorial altar is set up  
at the hospital  
but the official funeral  
will take place  
in the States attended  
by family members  
The latest development is likely to  
put the investigation in jeopardy...  
I only thought about it  
and he drops dead  
I've had people dodging calls  
to avoid paying me  
but dying on me is a first  
I was once ripped off for 780 bucks  
by a convenient store owner  
I crashed his wedding  
to get my money  
Do you mind?  
What about the funeral?  
What's the most important  
thing in a funeral?  
The body  
The body?  
The body goes missing We steal  
the body and demand a ransom  
Should be easier  
than kidnapping  
Hey!  
Have you lost your mind?  
The hospital bill is snowballing  
by 500 dollars a day  
There's gotta be  
some other way  
What other way?  
Should I turn tricks?  
Watch your mouth  
They owe you money too  
Are you in or what?  
Don't care, do you? It's a war for me

if I get ripped off for a month's pay  
Mr. Rotten Egg  
I'm sorry I can't  
Can you please go now?  
Can I help you?  
I've been looking all over for you  
Let's get out of here  
- I'm her uncle  
- Please take her away  
She's bugging me about a job  
We don't hire people  
to wash the bodies  
Hello? One moment...  
I see  
We had three come in yesterday  
Two will go out tomorrow  
And the last one...  
It's for a long term stay  
What's a long term stay?  
An unidentified body  
No- one claiming the body  
hence 'long term stay'  
There you go  
Is that... a guard  
watching corpses?  
Because someone might  
steal dead bodies?  
Excuse me?  
Who in their right mind...  
His best friend died  
He's been mourning for hours  
Please go now  
It's been a hour already  
Per hour, that's twenty...  
rounding up the decimals  
You're stalling by pretending  
to whip up a plan  
You're scared  
I'm not scared  
I'm weighing the possibilities  
Thinking is all you'll end up doing  
Thoughts eat up courage  
Without thinking you get reckless  
Step back, mister

I'll do this on my own  
Okay, I'm done  
Here  
What the heck?  
How do you remember all this?  
The first principle of research  
is observation  
You haven't even been  
in this part  
Made a rough calculation based on  
the height of person on screen  
From the looks of it,  
it can't be so hard  
As long as there is no major unforeseen  
variables, we could pull it off  
There is one thing  
we need for this to work  
1 dead body  
We need a body  
We need a body to steal a body?  
Can you play a dead body?  
We got a Jane Doe  
- Do you have the time?

**- It's 12:**

Five past Thanks  
Excuse me? Excuse me!  
Who the hell are you?  
You can't be here Please leave  
- Where is Ahn Jin- oh?  
- Pardon me?  
He owes me money  
and he dropped dead  
You don't die on me  
without paying me back  
This is no place to find people  
Please leave  
What the heck...  
I'll just gouge his eyeballs out  
before the cornea hardens  
- I'm recuperating my loss  
- I said get out  
You little punk  
What do you think you're doing

in this sacred place?  
Ahn Jin- oh! You little punk  
I said get out  
Let's leave for now  
We'll come back  
It's okay, boss  
Let's get out of here  
It's all fine Come on  
Let's get the paperwork done  
I got tons of work  
Jeong Myeong- gwan...  
It's nothing, boss Let's go  
Come on, let's do this  
I'm a real busy man  
No time to waste  
Let's finish the paperwork  
Have some water  
Kim Taek- su  
- I'm not normally like this  
- Drink up Come on  
What's the matter?  
- My tongue! It was hot water  
- It was hot? I'm sorry  
I'm real sorry Here, drink up  
- What the f...?  
- What's wrong?  
You gave me hot water again  
Oh I'm sorry  
Dip yourtongue in cold water  
Dip it in the water All the way down  
Jane Doe  
What's the matter?  
I'm at the Nuclear Energy  
Hospital mortuary  
Where would I go with a dead body?  
To an ER? Hold on  
Now! Does it hurt now?  
Yes, it hurts now  
What?  
This is not the right hospital?  
Since when? Oh, great!  
I'm sorry There must have been a mix- up  
It's supposed to go to a different hospital  
Do you smell that?

Must be the alcohol they  
use to clean the body  
I feel sick  
I have a package  
You should see this  
'm taking Kim Taek- su with me  
The Grim Reaper  
- What's going on?  
- The body's gone  
I can do this Confident,  
business- like tone...  
I'll do it  
They won't take you seriously  
Give it to me  
No  
What's wrong with you?  
Give me the phone  
I said I'll do it  
Whose side are you on?  
Give me the phone  
- Give it!  
- Hey  
Give it to me  
Owner of registration 5351,  
move your vehicle  
- What's with the mask?  
- Suspicious  
- Let's check it out  
- Yes, sir  
- Let's get out of here  
- They're coming, they're coming  
- Let's go  
- Keep calm Act cool  
Excuse me  
Can I see your license please?  
You got some ID on you, lady?  
What is this about? I've never had  
as much as a speeding ticket  
Well, let's have a look  
Please remove your mask  
Remove the mask  
- Run this number  
- Yes, sir  
I have terrible allergies

My nose won't stop running  
Is it against the law to  
block your own nostrils?  
- Sir  
- Officer?  
- Have you been drinking?  
- No, I haven't  
- Look! Smell anything?  
- But I smell booze  
Have you been drinking?  
So early in the day?  
Shame on you, young lady  
This is a no- stopping zone  
You can't pull up here even briefly  
- I'm sorry  
- Take this  
- Can I go now?  
- Wait Stop!  
- Put your hands up!  
- Hands where I can see them  
What the hell is that?  
Excuse me Are you okay?  
Busted  
We're all a little sick  
We got allergies and the one  
in the back, he is an alcoholic  
He likes to drink  
until he passes out  
Nasty habit, really  
He needs to wrap up  
in blankets to sober up  
Funny, huh?  
It's all very pathetic  
Have you been drinking?  
How much did you drink?  
How can you have had so much  
to drink at this time of day?  
Everything seems to be in order  
Unbelievable!  
Move your car now  
Can you pull over for a second?  
I don't feel well  
Please, I really don't...  
That's the one

He took me to his office  
for some paperwork  
Did you see that?  
Did you see that  
body just move?  
These are the loan sharks  
This one is the underdog  
and that is me  
I found these  
in Mr. Chairman's slot  
Gosh, I'm freezing  
You finished it already?  
- Why is it so cold in here?  
- I got a couple more for you  
- Drink up when you need it  
- What's the temperature here?  
- It's 4C  
- 4C is fucking freezing  
No, it's not Not at all  
Don't you worry  
And, don't do that  
It'll make you cold  
How long do I  
have to stay here?  
Can't you keep quiet  
for a moment?  
I'll take care of everything  
You got nothing to worry about  
I'm freezing, man  
If you don't keep quiet,  
I'll make you shut up  
That will help you keep warm  
Tell me if it gets too warm  
- Leave the door ajar, will ya?  
- Alright, don't worry  
We use them to store  
beverages time to time  
or they'll go bad  
I'm not proud of myself either  
What the hell is that?  
Ahn Jin- oh  
Jane Doe  
Kim Taek- su  
Ahn Jin- oh

They worn out in  
the middle of the fight  
Simultaneously! How weird is that?  
I tried to stop them but...  
We'll keep this between us  
- Keep your mouth shut  
- Cross my heart  
The surveillance camera stopped  
working since yesterday Got that?  
If they contact you,  
call me  
What the f...?  
I don't have driver's license  
Move the car  
Yo, corpse! Get up!  
- Who are you people?  
- That's what I want to ask you  
This morning...  
I had a heart attack  
I passed out from  
an indescribable pain  
Then I saw this bright light and  
the pain disappeared like magic  
Afigure emerged in the light  
He had a beard. Aforeign man  
wearing thorny branch on his head  
Oh, Jesus my Lord!  
Passion of Christ! Yes!  
And behind him...  
were the angels  
When the roll is called  
up yonder, I'll be there  
They sounded  
the horn of the Lord  
It's trumpet  
Yes, the trumpet of the Lord...  
Then he said to me  
It's not yourtime yet  
Go your way  
Look at him talk out of his ass  
Who the fuck are you?  
It was worth a shot  
I'm just as curious about you  
but we don't need

to know, do we?  
You're stealing a body  
I'm playing a dead body  
Can't be for a good reason  
Let's pretend this never happened  
I'm gonna bounce  
- Why are you doing this to me, sir?  
- Sneaky punk  
- Hello?  
- It's me  
- Who is this?  
- The corpse  
- You! Give me the phone  
- Here  
Answer my question  
The fact that Chairman's body is still there  
who knows about this otherthan us?  
Nobody  
Listen I struck a deal  
with your buddy  
We'll swap yourfriend  
forthe Chairman's body  
A swap? Is this a joke?  
Don't get me involved  
It's between you people  
- Steve Jeong, 010 8979 5665  
- Hello? Don't hang up on me  
Bastard!  
Mr. Jeong. I'm sorry  
if I mistreated you earlier  
No harm done  
You're a friend of my former  
client Ahn Jin- oh's  
You consigned for his loan  
That's a beautiful friendship  
We're real good buddies  
I know nothing even if you  
draw a knife on my neck  
There is no need for a knife  
I only need 170 grand from you  
Or I'll take your eyeballs for it  
I'm the beneficiary of Jin- oh's  
Always treat the client  
with courtesy

Shall we make our way to  
the insurance company?  
Wouldn't it look bad to  
collect the money so soon?  
Every second you mourn his death  
the interest is accumulating  
What's more heart- breaking?  
Losing a buddy or a lot of money?  
Let's go  
The office closes at 4pm  
Let's get moving  
- Where are we going?  
- Just going  
- So where?  
- I don't know  
Why are you shouting at me?  
You're new at this, aren't you?  
- What are you a professional corpse?  
- I'm a professional  
at stealing people's hearts  
Let's see how long  
you'll go babbling about  
Where are we going?  
To the nearest police station to  
drop off a bigmouthed corpse  
Wow, bro! That's not very nice  
A professional at stealing people's hearts?  
Try stealing some cops' hearts  
Help me, brother  
I was going to take my own life  
I was going to inhale coal gas  
but it didn't work  
Okay, I'll give it another shot!  
Give life another chance  
I'll put my last fighting  
spirit into it  
So I got thinking and  
this was the only way  
I had to die to be  
able to live again  
That's the reason I'm doing this  
In order to save myself  
We're doing this to save a life too  
Believe it or not

I have an idea  
They all believe that it's  
Chairman's body that's gone missing  
We can tweak things a little  
to change theft into a fraud  
The moment you start believing  
is when you're conned  
I can play Chairman's body  
Simple as that  
What a beautiful scenario  
It's a brilliant idea  
Go on, wrap it around me  
You're doing well That's good, honey  
How much should I demand?  
How much should I prepare?  
If they ask for 10 million,  
they're after the chip  
Professionals, if they demand one million  
Under a million, small-time crooks  
Should I demand big?  
Like... 500,000?  
Our unpaid salary and  
severance package  
plus, the medical expenses...  
How much do they add up to?  
It would look suspicious  
if I demand a precise figure  
It would  
Ten thousand 50 dollar bills  
Loaded in the trunk of a car and  
delivered by a single person  
I would like the drop  
to be made by a woman  
In case there is a physical struggle  
I have weak joints  
Send a woman  
Can you write a note saying the body  
is kept in the morgue?  
Why?  
It's like a safety device  
It'll help me feel better  
- Don't say a word if you get caught  
- Yes, ma'am  
- Play dumb

- Yes, ma'am  
- You don't know us  
- Of course not  
Check the goods before  
handing over the money  
What's the goods?  
You don't need to know  
Just follow my instructions  
No mistakes allowed  
It's an extremely important deal  
I think they're talking  
about the chip  
Put this in the car  
Take the calls on speaker  
Yes sir  
Money is not importance  
Make sure you get the goods  
- What car are you driving?  
- It's a white Sonata. 3300  
Copy that Take Olympic Road  
then exit at Jamsu Bridge  
Is Steve tapping  
the conversation?  
Report back when you can  
- Maintain the speed  
- Yes Chief  
She's here  
Hello?  
- Talk to me  
- Pull over onto the shoulder  
You can't even tail a car, damnit?  
- I'll turn around at the end of the bridge  
- Get off the wheel, moron!  
Open the trunk and  
step out of the car  
Trunk, check! She is alone  
Close the trunk  
Shut the car door  
Leave the key in the ignition  
and cross the road  
I'm not going anywhere  
until I have checked the goods  
Fine. Take the keys and get out of  
the vehicle Look across the road

My man, can I have a cigarette?

Come here

Thank you

Thank you for helping us out

Haven't heard that in a long time

It's mostly swear words that I hear

I'm gonna clean up my act

and lead a good life

I'll do the same

once this is over

- Did you check the goods?

- Negative

- I have the visual

- Is it a microchip?

It's big... Size of human

wrapped in a sheet

- Like... a mummy

- A mummy?

Stand by

The moment you believe

is when you're conned

- It's getting away

- What is getting away?

Stop right there

Yeah baby

- It jumped off

- What?

Get him

Go, now!

I'm afraid the benefit

cannot be paid out

What are you talking about? Is there  
a problem with the paperwork?

Papers were fine but the policyholder  
breached a contract term

The policyholder died of  
heart attack, correct?

Yes and the policy covers heart attack

Or he would have died differently

His medical records

show a history of

vascular disease

from 5 years ago

Under duty of declaration,

you must notify it to us  
What the hell are  
you talking about?  
Are you pulling some kind of  
trick to avoid paying out?  
It's all in terms and conditions  
What terms and conditions?  
If look right here  
It is in there  
God damnit  
What are we going to do about her?  
- Let her go  
- No  
She'll only be a burden  
What if she gets hurt?  
It's okay She doesn't know that  
Chairman's body is in the mortuary  
Chairman's body is in the morgue  
Clear hand- writing  
She wouldn't have seen it  
if you didn't let him smoke  
Who the hell are you?  
Let me go now!  
You stole Chairman's dead body?  
What's wrong with you people?  
Wait I'm not  
Chairman's bodyguard  
I'll identify myself to  
clear up any confusion  
I'm an NIS agent  
I wasn't dispatched to catch  
small time thieves like you  
If you let me go, I'll make sure  
you get lenient treatment  
On the condition that you  
keep my identity a secret  
And I'm the mother  
of this kingdom  
Don't tell anyone about this  
- I'm not lying  
- You're not?  
How come everyone is  
try to con me today?  
Stop there

- Let me go

- Catch her

You know he specifically

asked to send a woman?

That fucking corpse

son of a bitch!

Who's talking shit about me?

You shouldn't talk

bad of the dead

Come and get me

Bring some money

- Listen, buddy... We have a problem

- What problem?

Where are you, friend?

I told them exactly as

you told me to do

They gave me this thick book

entitled terms and conditions

- I read it covertly to cover

- Cut to the chase

They're saying I went to the hospital and got

a prescription for a blood vessel medicine?

I have never been

to a hospital ever!

I can't stand the needles

Think hard It was 5 years ago,

back in 2006

Korea played against France

in the World Cup that day

Go, Korea!

On that day, we were

at my place

watching the game together

Spirit is high in Korea team

Go, Korea!

Can I borrow it?

Shush

It's a through pass

An opportunity for Korea

You asked me about

A chance for Korea

borrowing something

Goal?

What was it?

I was a credit delinquent and  
my medical insurance had expired  
I got my vasculartreatment  
thanks to your insurance card  
You really saved me, man  
So you had a vascular problem?  
I'm a lot better now  
thanks to that medicine  
That's wonderful  
I risked my life  
swimming across the river  
And we're not getting insurance  
payout because of you?  
Son of a bitch, you wanna die?  
You wanna fucking die?  
I'll hit you for real this time  
I'll rip your head off,  
motherfucker  
Yo bro! Calm down  
Sorry  
Stop shaking!  
You're making me barf  
How are we supposed  
to drag her around?  
It's not mine  
It's her cell phone  
You sure complicate things for us  
I said send the woman alone  
We followed her  
Right behind you  
I could've gotten you if I wanted  
Could have crashed into you and  
taken the Chairman from you  
Could have made  
a bloody mess if I wanted  
But all I want is a quiet funeral  
Let's close the deal right here and now  
There is 500,000 in the briefcase  
Leave the body in the car  
Take the money and walk  
No need for a fuss  
Step out of the car  
I change my mind  
I want one million

One million it is  
And next time, get a car  
with a bigger trunk  
Son of a bitch  
Stop the car now  
One million dollars?  
He wanted the body now  
What was I supposed to do?  
- But dude, one million dollars?  
- Fuck!  
Where do we go now?  
With that woman, too  
I know an abandoned house  
An old house  
Jin- su's old house  
You're drifting and drifting  
and drifting away  
into a deep sleep  
For crying out loud, go to sleep  
Are you shooting him right?  
It's a third shot I'm giving him  
This stuff knocks out cows  
I feel great, yes!  
Are you sure you're not  
giving him rutting hormones?  
Hormones?  
Bro, it's a big deal  
I'm talking about millions  
- Millions of dollars!  
- Alright, man I hear ya  
Finally Let's pull them out  
Jesus! You scared me  
- Sweet Mother of Jesus  
- This is an enormous opportunity  
We can get our hands on  
half a million dollars  
Give him another shot  
and let's just do it  
Aw! It hurts  
- Hello  
- Yo bro! It's me, corpse  
- You fucking corpse bastard!  
- You're really mad at me, right?  
You're not dead yet?

Where the hell are you?  
Gimme that  
How did you get my number?  
You called my buddy on  
your cell Remember?  
Where are you?  
I really want to see you, bro  
Don't you call me 'bro'  
You might die in my hands  
You know this cell phone I'm using  
This is a disposable phone  
that cannot be tracked on GPS  
I went through so much  
trouble getting this  
And I want to give it to you  
Where are you, man?  
Wow, really? Let's meet up now  
You expected me to  
respond like this, moron?  
Bro! Would you rather that  
I call the Chairman's people  
and tell them the body is  
kept safe in the mortuary?  
I don't want to threaten you  
Where are you?  
We're almost there Lower... lower  
- Catch her  
- You!  
Hold the corner  
Put it down gently  
That son of a bitch  
Hey, my man!  
Bro Bro  
You alright, man?  
It doesn't hurt at all  
I had tons of anesthetic  
One two, one two  
This is your chance Hit me all you want  
Until you feel better, come on  
Get out of my sight  
- I hold the key to everything  
- You don't give up, do you?  
I'm the third mystery figure Let's make  
this a 3- men scheme We're a trio

They could have called the police  
and saved the trouble  
Why didn't they go to the police?  
Must have a reason they couldn't  
- Do you have one million ready?  
- Let's meet up first  
Change of plans  
I want 1.5 million  
The more you hesitate  
the higher the ransom will go up  
I need time to get the money  
Are you kidding me?  
He said he would get 2 million  
It's not just the body  
that they're after  
They're no small-time crooks  
They're after the microchip  
Track their position  
Sir, we're getting a radio  
transmission from Agent Jang  
Is it coated in gold or something?  
Did you hear that?  
That mindless corpse!  
Still poking around?  
Cut it out, will ya?  
- Please! Help me  
- Who... are you?  
Help me  
I need your cooperation with  
my investigation I'm from NIS  
Well, I'm a corpse  
Maybe you can do  
something for me  
We're at Samik Apartments  
- Get away from me!  
- Get to Samik Apartments  
I'm almost done  
You!  
I'm done, I'm done  
What the heck? Did you  
wrap her in street banner?  
Yo bro  
- What are you doing?  
- Wait...

I have a great idea  
We can tell them this is  
the Chairman's body and  
I've had enough of you  
I don't know, man I can't do this  
any more I'm screwed S.F.G!  
Screwed for good  
Why don't we all die together?  
Is that what you want?  
Come here  
Let's jump together  
- Let's just die here  
- I won't No!  
- Come on, let's just do it  
- I'm not gonna do it  
I can't! I won't  
What's your problem, man?  
I can't die  
I'm only twenty- nine  
It's way too dark in here  
Let's bring in some light  
and talk about our bright future  
I'll make fire  
Burn, fire!  
What the fuck?  
Put out the fire  
Stormy water raging ocean  
Sing along everyone!  
I said put out the fire  
Get moving  
All because of me  
Oh my God  
She's gone  
What?  
Damn it  
I'll make love to you  
when I catch you  
Ouch! Hot!  
Who are you people?  
Are you playing hide- and- seek?  
I'm not 'it.' You can't tell anyone  
that you saw me here  
Promise me, mister  
Get lost

Where will you hide, mister?  
Can I hide with you?  
Come on  
Let me hide with you  
Ready or not, here I come  
Psst  
Get up! Quickly!  
Hey!  
Stop! Look out  
No  
Gotcha  
Dong- hwa  
- Where is the body?  
- The body? Dead, what else?  
Go around the back  
I'll kill you  
It's 2 million dollars  
It's locked  
Don't move  
Get her! Hurry!  
Whose car is that?  
What the heck is that?  
That's the mummy?  
Try to act natural  
Catch her and we'll  
get out of here  
- Laugh  
- Come on, laugh  
Are we acting naturally?  
At least we won't look  
like bad people  
Is that...?  
- Chief  
- Damn it  
Over here  
Stop wriggling  
What are you doing here?  
- Are you hurt, Agent Jang?  
- I'm fine  
Let's get out of here  
- Is she really an NIS agent?  
- Why is NIS involved?  
Maybe she is after me? Shouldn't  
have told her that I was a corpse

Should have said I  
was a regular citizen  
What would NIS want with you?  
How did Chairman's people find us?  
- Did you use the cell phone I gave you?  
- Yeah  
Give it to me  
What the...?  
You said it was untraceable  
Where would I get  
a phone like that?  
You fucking lunatic!  
You should have double- checked  
with me before using it  
God... What's wrong  
with you, man?  
Get out Get out of the car  
Get out, punk I said get out  
- But it's dangerous here  
- Get out of the car now  
Should've done that long ago  
What?  
There is something  
in the body that  
both NIS and  
Chairman's people are after  
The chip is in the body  
Gandhis the man of your dreams?  
No, it's Grim Reaper  
The Grim Reaper?  
What the...?  
- I'm so sorry  
- Please forgive us  
What did we do wrong?  
Who made a call from here?  
- It wasn't me  
- Me neither  
Jin- oh... Where did he go?  
- Ahn Jin- oh? The rutting hormone?  
- Ahn Jin- oh?  
I'll find that sneaky bastard  
I gave him a GPS phone  
in case he does a runner  
Ahn Jin- oh

Steve Jeong  
Steve Jeong has a cargo  
scheduled to ship out to the States  
What is it?  
Kim's body... his funeral  
will be held in the States  
The body is being shipped  
to the States  
There are people who were  
trying to steal his body  
- Steve is also after the body  
- Discreetly  
You said the Chairman's body  
is safely kept at the mortuary  
I did good by you, didn't I?  
My job is done once I take you there  
Take a few days off work  
Call in sick  
I'll take care of everything  
If things go wrong,  
don't give away my name  
I'm not like you, am I?  
Back- stabbing bastard  
You piece of crap  
How much is my share?  
This is a real complex mission  
but things are going smoothly  
Just stay put  
I'll take care of everything  
I will stay put alright  
So, how much?  
What the heck, man?  
Don't throw cold water at it  
You'll never get rich  
by being so greedy  
All I'm saying is  
Where are you?  
We should get moving  
- Hello? Hello?  
- I'll be there  
See you later  
Hey, did you have breakfast?  
We got a deal to discuss  
Where are you?

The bastard brought us  
all the way out here  
He's cooking  
something up I can tell  
Whatever it is,  
I won't be surprised  
That's the attitude  
Where is the body?  
I buried it down there  
So many dead... May they rest in piece  
Where exactly?  
I believe a deal is in order  
That would be the order of things,  
wouldn't you say?  
the going rate for a body is 500  
That will be 1 million in total  
Clean and simple  
Alright, alright! I don't want  
to take your share  
Let's meet half way 500 for you and  
I've never been a greedy man  
- Fine  
- Deal?  
Where exactly?  
You'll just dig up  
the body and run  
I know you will  
I'll keep the location to myself  
until my money is wired  
You  
Hey, we're on the same boat  
Don't do this  
This is no way to  
treat your friend  
Same boat?  
- You mean enemies on the same boat  
- You know what's important?  
That we're on the same boat  
whether as friends or foes  
Like it or not, we're gonna fight  
the rough sea together  
Let's put our fighting  
spirit into this  
Let's go team

Together into the ocean  
Let's yell "victory" together  
Checkmate  
Checkmate  
Checkmate  
I heard you were off sick  
I came by to look in on you  
but you look good  
I needed some air  
There is an old saying  
in this business  
The only person the loan sharks  
cannot track down are the buried  
As long as you're breathing  
we'll find you  
Like I found Ahn Jin- oh  
Like I found you  
Look at my face  
It's real colorful, isn't it?  
People looking for Ahn Jin- oh  
did this to my face  
They were carrying  
something like this  
So I got one for myself  
Does it work alright?  
- Haven't tested it yet  
- Now would be a good time  
Why are you doing this do me?  
Why should I get beat up  
foryour little asshole buddy?  
I sometimes have  
trouble understanding  
You gotta explain to me in detail  
All I see are graves  
Where are you going?  
I don't understand  
We have the real body in our possession  
Why do we need a plan?  
We gotta look at this simply  
One, we take the money  
Two, direct them to the grave  
End of the story  
No One, we take the money  
Two, direct me to the grave

What are you going to  
do with the body?  
- Three, we'll hand it over to NIS  
- But why?  
Why do you care? You'll be happy  
as long as you get your money  
That's right  
Here lies beloved 500,000 dollars  
So you put the million dollar- worth body  
in Ahn Jin- oh's grave site?  
Yes, sir  
Good job explaining it thoroughly  
Good for you  
See you around  
You thought this through  
One watch man, one contact  
and one playing the body  
That's right  
Great! Who's playing the body?  
Why you looking at me?  
Last to finish will play the body  
On your marks  
- Get set  
- No, wait  
What?  
First to finish should be the body  
It only makes sense  
Okay. First to finish it is  
On your marks...  
- Get set  
- Still not right  
What now?  
Who will run fast, if the fastest  
is to play the corpse?  
Then the middle one will do it  
Are you sure about it?  
Not the first, not the last  
For crying out loud,  
are we doing this or not?  
I need to go soon  
Alright, alright!  
First to finish will be the body  
and gets extra 100,000 Okay?  
- That's right

- Alright I'm the corpse then  
I won't lose out to two  
old men in a race No way!  
It's not about  
the power but balance  
Don't trip Ready?  
On your marks Get set Go!  
Why did you stop  
in the middle of the race?  
No reason  
you stopped for no reason?  
You feel so terribly  
about losing 100,000?  
Why did you stop?  
You fell  
I stopped to check you're okay  
Do you like me?  
Don't flatter yourself  
What are we talking about here?  
- She has some serious issues  
- I don't believe this guy  
- Are you gonna eat?  
- It's too hot  
This will cool down the soup  
and make it taste better  
You're in love with me  
You eat this  
- Thanks, man  
- Go on, eat up  
It's really good  
Is this the best coffin you have?  
Don't pound on it so hard  
It'll get bruised  
That's a good paulownia  
casket 480 bucks  
Looks really good  
- Do you have a cheaper one?  
- Cheaper one?  
Sure Paulownia plain, 280 bucks  
What about the cheapest  
coffin you have?  
Cheapest one here?  
Don't be so cheap  
That's plywood

You can't put a man in that  
Maybe use as a dumpster  
How much?  
Rendezvous at Siloam cemetery  
midnight sharp  
Prepare a van that can load a coffin  
and 2 million dollars in cash  
Yes, sir  
Let's go

**AHN:**

JiN

**OH:**

- What does it say?  
- I don't know  
- It's all in Chinese  
- We need a dictionary  
He won't know Chinese either  
This is not his grave  
They're here  
What is it?  
The car stopped  
Put the money in the coffin  
Load the coffin in the van  
Bring the key over to me  
Stop with the child's play  
This is no child's play  
from now on  
Start walking slowly  
You're walking up and  
I'm walking down  
The chip hidden in the body  
How much are you selling it for?  
- What are you talking about?  
- Isn't it what you're after?  
I'm here to collect  
the Chairman's body  
Really?  
Then you can just take the body  
- Because I pulled out this chip  
- Get him  
Stop  
Here! Your 3 million

I'm real sorry  
but I haven't even seen the body  
So the chip must be in the body  
Watch what you say  
Ghosts are listening to us  
Step back or you could get hurt  
Go  
Can you spare me perhaps?  
I can tell you where the body is  
We went to the grave before  
We would have gotten millions  
if we knew some Chinese  
Millions...  
- Found it  
- Pull it up  
Can I go my way now?  
- Bury him  
- Mister! Sir! Brother!  
How should I address you?  
Wait, wait!  
I found the body for you  
Please, can we talk for a second?  
Let him go I'll give you  
your money back  
Here is your 2 million  
Get out of there  
Good job, man  
Give it to the dogs  
Freeze  
Steve Jeong, You're under arrest for  
violation of Technology Leak Prevention law  
Who the hell are you?  
Don't you see what's going on?  
Fucking bastard  
Freeze  
Let's put the past behind  
I'll help you this time  
He was trying to bury  
me alive, that bastard  
- Good job, sweetie  
- I said freeze!  
What? Are you scared?  
Hyeon-cheol  
- Are you alright?

- Don't worry It'll be over soon  
You'll never get out alive Alright?  
You're laughing?  
Yeah! It's perfect. Beautiful!  
What now?  
- Nice work  
- Chief  
I'll take them in my car  
I'll let you go after  
some quick questions  
You've been a tremendous help  
in the investigation  
Thank you  
The one that got away...  
He seemed very suspicious  
Who is he?  
Stop the car, please  
I don't really know  
We ran into him by chance  
Don't you know  
any personal details?  
What about his name?  
Ahn Jin- oh! Ahn Jin- oh!  
Where are you, Jin- oh?  
- Ahn Jin- oh?  
- Ahn Jin- oh  
Here lies beloved 500,000 dollars  
- We don't even know his name  
- Are you covering for him?  
You'll take the money and run  
- I will come back, I promise  
- No, you'll run  
I'm not like you  
I stick to the plan  
- Why would we coverfor him?  
- He ran off with the money  
He can't have died... can he?  
He has 'long life' written  
all over his face  
You know what?  
Let's go with plan B  
- I'll get three veneer coffins  
- Three? Sure  
What shall we fill it with?

Hey!  
This is what we've been  
looking for so badly  
Chinese dictionary  
I'll kill anyone who use  
Chinese characters  
I knew it  
Bro, I've been digging these holes  
while waiting for you  
You could have moved  
the whole mountain  
I could have done that, right?  
Where did you bury it?  
- I don't know She buried it  
- Stop playing around and tell me  
I gotta get the money and  
go to the hospital I'm injured  
You seemed just fine  
working your shovel  
- Where did you bury it?  
- Under that tree over there  
Oh, that one  
Wait a minute...  
May it wasn't this tree  
Oh bless! My money  
Oh smell!  
Hallelujah  
How is the food?  
Too salty  
Especially the soup  
Adding some water helps  
On behalf of the researchers who  
will lead this ground- breaking  
research development program,  
please welcome the head  
researcher, Mr. Han Jin- su  
Thank you all for coming  
I would like to take this opportunity  
to pay tribute to a very special man  
whose generous donation  
of one million dollars  
enabled us to continue this project  
Late Mr. Ahn Jin- oh  
We'll take a minute of

silence in his honor  
OVER MY DEAD BODY
