some friends of mine told me
there will be no train!!!
we need more money to buy the defense for the homies that are in jail
finally,, some Homies have screwed up in their obligations
and the "kiddos" are getting in the territory
we cannot allow those dogs bringing their garbage in the neighborhood
there will be "cut" for Casper and Smiley
they fooled me
and you know that you cant lie to the leader.... worst, lie to the
neighborhood
now i want to hear your version
where did you go after the "Bombilla"?
Smiley, where did you go?

this is the largest tree in Tapachula, if you go to the top, you can see
very far away
why Will couldnt come?
Willie? you refer to Casper?

if u dont kill him, than dont even dare to come back to the neighborhood
son of a bitch, he doesnt even know where his dick is!!
we have to communicate it to all the gangsters in L.A.
that dog cannot have even a shadow to hide!!
coming or not?
thank you,
my name is Sayra
i am Willie.
he killed the "Magician"
he got warned, there is green light to kill him, those are the rules
and how are you going to kill him?
wow!, thats so pretty! how many you got?
enough to kill you all.
kill him but hiding.
sleep, i will stay awake
you see, my family is very poor, we barely had a little bit of beans to eat
once in a while
you are not going to wash yourself?
it feels good.
i dont know, maybe later
when there is less people
what will you do later?
i dont know.
will you stay here tonight?
Sayra..Sayra
if i find food around i will bring you later.
what were you talking with him?
we can help him

are you crazy? we have to stay away from him.
no, you dont understand
he is a killer
he is in trouble
i am ordering you,
but he is in trouble!
damn, i dont care about him, i care about you and my brother Orlando.
look, we still have a long way to get there,
we have to be aware, we cant let anyone separate us, ok?
who is the boss?
i am.
i am Smiley from the Confetti neighborhood
who is the boss now in the Confetti?
the "Sol"
we knew what happened, are you hungry or thirsty?
have you ever got into one of those?
me neither,
in a road heading to Texas, i saw a factory where they build them.
there was a letter board, very big, with the world shape, and it was shiny
so beautifull
i wanted to get on it.
when i go through there i will see it and it will remind me of you
if u make it all the way.
i will make it..i am sure
in Tegus i went with my friend Clarissa, to my neighbors house
a crazy old lady called Leonor,
she was a witch, damn,
she told me with scared voice, you will make it to the U.S.
but not holding god's hand, but holding the devil's spawn.
if you come with us, you can show me the letter board you are talking about
we are heading to New Jersey
they are coming for you right?
i think so, sooner or later they will find me, the gang has good memory.
are you afraid?
no, i live the day.
what worries me is not knowing what time and which day they will kill me.
so you have not seen him?
he has a teardrop tatoood here.
no, i havent seen anyone tatoood, since 5 days ago until now you guys.
hey,, sons of a bitch!! hahaha
i know about that guy you are looking for, he has a tear drop tatoood here.
Thank you!!
we have to get down...
why?

in this station, immigration is always shitting the tree
and sometimes the police also
so what do we do?
we get down and surround the train fast, we must be alert!
good day for running huh
me and Smiley will go the other way
we see each other in the other side of the station.
hey, look at the guy, he is from the other gang
take out your fucking gun Smiley
dont worry Homie, these guys always miss the target
except this one...
where the fuck were you Homies?
didnt you hear the gunshots?
yes Homie, but we almost catch Casper.
you left us behind with those assholes, and.. where is Casper?
in the train,
i want to take that fucker down.
get on, Smiley, you go in the front
you are leaving just like that?
so what do you want
go with you
oh god, she really fucked up.
i cant take care of you,
i am not asking you for it.
for god sake Sayra, realize that i am a dead man!, dont you get it?
dont worry Willie, everything will be ok.
you messed up, you dont have any idea about the mess you are in
Horacio, Sayra is not here.
oh Casper, why the fuck you came here?
you are just putting me into trouble
i can do what you are asking for, but really its trouble.
i have to do some things first, you guys hungry?
you can stay sleeping in the sofa,, do you guys want to take a shower?
you are a little one
well, let me see what i 've got
i thought you didnt have family,
i dont, she is not my aunt,
i used to take people on her territory
and she will take us to the border
are you coming with me?
lets see, try this on.. i think it fits you.
the shower is over there, but dont get close to the window ok?
i dont want anyone to know you are here
what are you going to do with the girl?

i will help her get to the border so she can find her family overthere
and what do you get with all this,
nothing
thats good Casper, going to the border.
you know what awaits for you, did you know they already called me?
and what did you tell them?
nothing, the truth, that i havent seen you.. but they called me yesterday
you are not going to tell them right?
i always do the right thing.
maybe she went down to take a pee and the train left her.
she left.
so we wait here?
we cannot wait, we have to go or we wont get there either.
ok, fuck!
here,
thank you aunt
dont thank me
"Sol", its a pleasure to hear you.
are you afraid?
no, if i am with you i am ok
the opposite, while you are with me you are not ok
i dont care, i trust you
this scar here, my aunt took me to leave some "chickens" to the border
and in Tamaulipas, a cop started to shoot me
and here, one from the 18, there was a fight in their territory
this scar here,,, is from the night that the Homies that i have defended
all my life
killed my love.
and i couldnt do anything for her
if u still trust me Sayra
we both know what a loss is
all that i know, is that my whole life has been worthless
and that i can ruin your life too
get off, go away!!
i love you
come on, say it with more feeling
its just that i love you so much that i dont even know what to tell you
i dont know how to express it
if you can measure it with your hands, how much would it be?
it wouldnt be possible, i would need many miles, or the whole universe to
tell you how much i love you.
get off you assholes!!
hide, hide, hide there
come here

ok this card is your pass, its only valid for 3 nights
then you have to leave to give space to the people that just arrived
you have two meals during the day, one is the dinner and please respect the
rules in the wall
hey you, we dont want low life people like you here you fucking gangster
not now,
thats the least, you cant be here!
let him go kid, let him!
hey, i cant believe that you are still here
have you seen my dad and my uncle?
what?
your uncle was deported, and.....
your father is not with us anymore
when we are in the other side, i want you to promise something
what?
that no matter what you will look for your family in New Jersey
now you have to little sisters that have no father anymore
i would be trouble for them, as i am for everyone
not for me
but you have to help them in something, working
are you coming with me?
yes
i am looking for a boat
you want to cross?
come on!
i can only pass one at the time
the money?
when we cross we give it to you
go on fast.
turn around
hurry up and get in the water
no,,,,, we have to go back!!!!
let me go!
Smiley....
Die Homie.
my lips became sealed at this moment.
when i tried to say goodbye
and how would my soul be if..
i will live far away from you
come to my side,
come life of my own being
i want to see you in my eyes
and get drunk in the breath that your mouth has
with the sweetness

natural from your loving soul
that destiny forces me with pain to let you go.
abscent from you i will live woman
but you live in my sad heart
yours it is
you are the angel that came from the sky
to this tough life, to sweeten my bitter youth
but if there is a disgrace
that you die, or i die
over there in the sky, in front of the creator i will join you
a pay call please..from Sayra
Hello.. Yessenia?
