The Warlords

By Tin Nam Chun

He said,
that the day he climbed from
out of the mountain of bodies,
he was already dead
All my men are dead
I am the only one left
That is because you have a good life
I pretended to be dead
My men, over 1600 strong
Fought for 3 days and nights
All gone
The Kui Army bastards just stood the rear and watched.
Watching my men die one by one
All dead ...
He said, he met a woman that day
and spent a night in an abandoned run-down house
He wasn't sure if it was the bowl of gruel, or the woman
that made him feel
that he was still alive
Where can I get some rice to eat?
Go wait in front of the old house on the main street
He said
That on the first day he met me
The sky was ashen, just like his mood
But I remember vividly, that it was a clear day
Glaring to the eye
After you've eaten, come and work to repay your lives
After you've eaten, come and work
Food!
Come, eat!
You fight well ... follow me!
I'll bring you to see big brother!
What work is it?
Robbery!
Steal army provisions!
He later said, that we were foolishly brave
to dare to steal from troops
I replied, that there was no food within a 100 mile radius
When you're about to die from starvation,
I doesn't matter who's provisions they are
Charge out!
Kill!
Quick! Kill the leader!
That day, not only did he save me

He also taught me
[?] When beating a snake, you must beat it 7 inches,
To catch a thief, you must first catch the king
Brother WuYang
Look
It was from 'that' person
That's what Generals wear
Brother WuYang is a General
Brother WuYang is a General
What are you thinking about?
My home
They're back ...
Don't be impatient, come, we have food!
Tonight we're going to have a feast!
Why are you alone?
I ran away from home
By your accent, you are from YangZhou?
You picked up on it?
How did you pick that I had a YangZhou accent?
Have you heard of the YangZhou market?
That's where they pick out the prettiest girls,
teach them the arts
And after they've grown up,
sell them to rich men as wives, right?
But ...
When I was 15
and about to be sold
A childhood friend
stole me back
He even killed someone
and took me to hide
in the mountains as a felon.
He didn't realize that you'd changed,
and thought that he was saving you
He is a good person
Rest in peace!
Rest in peace!
Big Brother's rules
Leave an empty place at the table
with a full cup, to honor the dead.
Were you a commander in the army?
It's in the past now
Why did you leave?
Come, drink!

We were Imperial troops,
and had agreed to join up to eliminate the enemy
The Kui Army promised but did not deliver
And we could not suppress the enemy
So all of my men died
The world is big, but not bigger
than the bond between brothers-in-arms
Right?
Without comrades
Life is not worth living
WuYang
Time to eat
Will the new people in the village, stay?
With rice to eat, who will leave?
Yes, there's one named Pang,
who is quite impressive
Whether he will leave, I do not know
Doesn't it look nice?
I got it from a body
Do you know what this is?
No idea
A protection charm
Was that night real?
I stayed there waiting
I thought it was but a dream
If you'd already run away,
why did you come back?
I've run away many times
It seems a good idea,
but each time I come back
Why do you come back?
One's fate should be decided by oneself
Hide here
... why are you taking our food
You want to hit me with your rod?
-Hit me! Hit me!
-Don't move! Don't move!
Stop!
How old are you? You'd hit a grandmother?
Don't move, I'll shoot! People will die!
I'm not afraid of you
I'm serious, I'll shoot. I'm serious ...
I'm not afraid! You kill me!
You

Nobody move
Why aren't you looking at me?
Did you think that by raiding our supply cart,
the provisions would be all yours?
I'm giving you a chance today
[?] report yourselves to the imperial government
Leave!
If we only had guns, we'd fight them
It'd still be suicide
Living like this, I'd rather die
Being a bandit is a dog's life; always on the run
Why don't we join the army?
In the army, we'd get paid
With the money we can buy food for our families
In the army we'd have weapons.
With weapons, no-one would dare attack us.
The village would have true peace
We are bandits
Would the government accept us?
The Kui Army is a big military power
They won't even bother with our little band
But ChenGong needs manpower
His Lu Army is constantly being harassed by the Kui Army
And he wants to be a major military power
If we side with him, it would be perfect timing
ErHu, grasp this opportunity
And let today's events, never happen again
Fine
Bandits
We have to be the best!
In the past you were a Qing soldier
Now you want us to join the army?
You have no loyalty
Why should we trust you?
Swear a blood oath
Today, Pang ChingYun
Cao ErHu
Jiang WuYang
Swear an oath, to be blood brothers
[?] In each other we entrust, to save from danger
[?] Together in prosperity or difficulty
[?] If an outsider disrupts our brotherhood
[?] By our oath, they must die
[?] If a brother disrupts our brotherhood

[?] By our oath, they must die
[?] With the heaven and earth as our witness
[?]
[?] Together in one heart
He later told me,
He didn't believe in blood oaths
I asked what he did believe in
He said that he believed in Brother ErHu
and me
Wait, take these shoes
Be careful on the road
Mother won't be able to see you again
Mum, I'm leaving
Brother ErHu
Shi JiMiao has taken a group of men
He only said one thing
That he'd rather die than join the army
I heard
You led a battalion of men to suppress the enemy in HeChuan
But they all perished
You disappeared for 2 months, and you have the audacity to return?
Lord Chen
At the battle of HeChuan
Lord Jiang sent the Kui Army to guard my left wing
He Kui, fearing the enemy, retreated 30 Li
This is how my battalion of men all died
The whole army perished
And you were the only survivor?
I didn't die
So that I could come back to see you, Lord Jiang
How many men do you have?
Eight Hundred
Give me another 800
And within 15 days, I will take SongCheng
A soldier should not tell lies
I will take SongCheng in 10 days
Fine
I ...
I will give you another 1500 soldiers
But there will be no pay
That's not necessary
After I take the city, I want half of everything
Pang ChingYun
Your banner is [Deer Mountain]

Well call them the Mountain Army then
Thank you, my lords
You're taking a gamble
With the lives of 800 men
War has always been a gamble
I won't gamble
These 1500 soldiers are ChenGong's foundation
If they go
ChenGong will lose all power in the Imperial court
So when will you make your move?
My soldiers
Will only serve to make your force look more threatening
This is your only chance for victory
Otherwise
The Kui Army will forever have you under their feet
Big Brother
They're all faulty
Over there are 200 guns
It will be a difficult battle
There is only one way to win
A blind charge, to destroy their artillery
A battle of ruthlessness
Comrades
Tell him, who is the fiercest?
We're the fiercest!
Our armies are separated by 300 paces
Their guns have a range of 200 paces
Arrows have a range of 100 paces
We need 200 men in the frontline to charge
Followed by 200 archers
When they fire, don't stop. Continue the charge
Follow it through to the end
To let the archers gain that 100 paces
Many men will die
I'll go!
Who will go with me?
The families for those who go will be paid extra
Those who die, 2 pieces, those who live 3 pieces!
Go make your fortunes
[?]
Come
Damn it, I'll go!
Me too!
Include me, I'll go ...

Me too ...
I'll go ... Me too ...
Defeat SongCheng!
Seize gold, seize food, seize land!
Defeat SongCheng!
Seize gold, seize food, seize land!
[?], the victor has already been decided
We are merciful, surrender and we will spare your lives
Kill!
Fire!
Kill!
Fire!
Fire!
Fire!
Kill!
They're almost all dead, why aren't we going yet?
Don't you ever forget
On the battlefield, there can only be one commander
Kill!
Release the arrows!
Release!
Brother!
Brother!
Brother!
Ready!
Blindfold the horses
Charge!
Save Big Brother!
Big Brother!
Don't pull it out!
Hold steady
We're really going to die here!
We made a blood oath
We pray not to be born together, but to die together!
Well said
Even in death we need to take something with us
Everyone we kill counts!
Charge out!
Kill!
Insane!
Those 800 men have thrown 5000 soldiers into chaos
We can fight!
We desperately need this victory!
On me! Charge!

WuYang!

Lord Li

Pang ChingYun can be considered a blessing

Pang ChingYun, it seems we have a destiny together

Seems you've found yourself a treasure there

With the SongCheng battle, you've made name for yourself

Pang ChingYun

I'll put another 5 battalions under your command.

How about it?

[?] It's like adding flowers to a bouquet

-Lun DaShan

-Present

From now you are responsible for transferring funds

Thank you, Sir

Pang ChingYun

There's an old friend from the Kui Army waiting for you

He Kui

Present

My Lord

General Pang

Long time no see

As you already know each other,

you should continue to cooperate together

You conquer the cities, and he'll defend them

With him here, how'll we split it?

Lord Li

Lord Chen

I trust you're agreeable with this?

I'm scared that he'll be too slow to keep up

First we'll take SuZhou, then Nanjing

How about it?

What are they laughing at?

Nanjing is the enemies heart

To break Nanjing, you must take SuZhou first

If the war ends, they have nothing to gain

They won't let us fight SuZhou

Can they do anything if we do go and fight?

Inserting the Kui Army

was so that they could keep an eye on us

Come quick, they're back!

XiaoWu

XiaoWu

XiaoWu's shoes

XiaoWu ...

XiaoQi

XiaoQi, my son!

We were no longer bandits

He said, that bandits only kill for their own

But we, were risking ourselves for others

I'm willing to be this kind of person

You've lost weight

Big Brother said, that this time we'll be back in 3 years

I know that you don't like it here

Once I'm done fighting, I'll take you somewhere nice to spend our days

Where's Big Brother?

He's just outside the village

He said that he won't come in

We set out early tomorrow morning

Remember

All's fair in war

Begin!

Kill!

We're here to take over defense of the city

And let our comrades indulge themselves for 3 days

Seize money, seize food, seize land!

Come out, the battle is over

Come out

Come on out

Don't be afraid

You haven't eaten, right?

Are you hungry?

What are you doing? Miss!

Are you going to watch?

GouZi, I'm leaving

Brother Pang

Move!

What is it?

Why are you holding me?

Move!

What is it?

Harming the innocent, will be punished on the spot!

Brother ErHu!

Big Brother, what happened?

Rape of a girl

Looting the city for 3 days, these are the rules

From today, this sort of thing cannot occur in our ranks

We've always done this

We were bandits, now we're soldiers

If we don't change, we won't accomplish anything
If we continue to do this
We'll be just like those Kui Army bastards
Rules must start somewhere. That day is now
We've just finished killing their family members
Now that we're here
You want protect them?
Who will fight for you in the future?
Big Brother
Listen to me
Look at them
They get it
You don't need to kill them, right?
What are you doing?
Hurry up and admit your mistake!
Big Brother, we were wrong. We won't do it again!
Big Brother, we were wrong. We won't do it again!
GouZi
I can't hear you, say it again!
GouZi, quick, admit you were wrong! Quick!
Say it!
Say it GouZi! Big Brother, we were wrong!
Big Brother
They know they were wrong, let them off
In the past, when I was an official
I saw a merchant on the street
Hold down a poor person, and give him a beating
Until his body was covered in wounds and bleeding
Without any reason
Just because he was poor
And this poor person, didn't utter a thing
As if it was all completely right and justified
From that day on, I promised
If I was in charge, these things must never happen
The army is there so that people do not get threatened
I'm telling you, not being threatened by others
Does not allow you to threaten the commoners yourself
Do you know, in doing so, you ruin my heart's ambition?
At that moment, we were moved
Afterwards I found out
It was all a lie
That was the start of his change
Stop
Is it your place to kill my men?

Get lost!
Big Brother
Let them be
Who do your lives belong to?
Who's are they?
Big Brother's
Big Brother, we'll never do it again!
Close your eyes
It will be fast
I always thought
People are killed only in wars and looting
Now I know
Even when doing good, people need to be killed
I promise that I'll finish this war quickly
We'll take SuZhou in 3 months
Oh
GuZi
Why are you the same as Pang ChingYun?
[?]
Wanting to take SuZhou with a few thousand men
He doesn't know his limits!
I'm just looking out for ChenGong
If you kill the roots, there's no grain
You're dead
Victory and defeat exists on a knife edge
If I go here
And it connects
Pang ChingYun will rise to the top in one fell swoop
At that time
And you think I'll let Pang ChingYun connect?
Pawns
Are useful to everyone
[SuZhou City - One year later]
SuZhou City has become a death trap
Those who attack it die
The Kui Army just waits outside
How long are you going to gamble for?
I heard
I heard there's a God
Who at noon, gives everyone in SuZhou named Huang,
And just randomly dividing it out
Lets over 5000 people fill their stomachs
No matter how they divide it up, it never ends
Pig

[?] Arrives every day
Sit down
Sit down
What if I go into the city and kill General Huang?
Those who go never come back
I don't need you to sacrifice yourselves
I'll go find Li Gong
Get provisions, and cannons
Our battle at SuZhou, is already against military orders
I'm still useful to them
You two should leave
Give me provisions, and I'll take down SuZhou
My men can only die from battle, not from starvation
I'm begging you!
The Lord has already said, he knows nothing about any fighting in SuZhou
We'll go to the Kui Army
Big Brother, we can't ask them!
If you can't do it, then go back
Quick, run!
Quick
Come, grab hold
They tried to climb the wall
And said that there was food inside
No, I've got to go in
Give me provisions, and firearms
We'll make an exchange
If I don't give you, SuZhou is still mine
I'm talking about
Nanjing
I'll fight the battle, charge the city, take the casualties
The Kui Army just needs to be there for appearances sake
Nanjing, we'll split half-and-half
And we'll join hands into the city
Are you willing to be under the feet of those 3 old men forever?
We need to take down Nanjing first
So the Imperial court knows it had nothing to do with He Kui
But we only have 10 days food left
So we must be fast
to take down SuZhou
God is kind
To bring you here at this time
It's for protection
At the 'Mou' hour
If you don't see red smoke from the city walls

My men will take you away
Tell Big Brother and WuYang that,
ErHu was a good man
The General is back
General Pang, the provisions have arrived
General ErHu has entered the city
Said he saw red smoke in his dreams
Which represented his success
Friend, did you bring what they want?
Everyone says that there's food in the city
If this continues, we'll be eating each other
I promised them that they'd eat well and dress warm
And in 3 years return home to enjoy their riches
It's 5 years now
Tomorrow, we charge the city
Elder brother's wife
I like to see people's faces
SuZhou is surrounded
It's been a year since I've seen a new face
So when I heard that a new person was delivering opium ...
I've already quit
It can only relieve pain
My wife's grave is in a small forest just outside the city
I want to go see her
But I can't
Do you know how a prisoner feels?
SuZhou city is like a big prison. It's been too long already
I want to leave, but I can't
You want to enter, but you can't
Except if ...
I let you in
Your fellow villager
You joined the army; he followed me
Quick
Sir, the time has come
Prepare my horse
Escort Mrs. Zhao
ErHu left a message
Said that he was a good man
If I survive
I'll marry you
Outside there are 4000 half-starved soldiers
If you kill me
SuZhou will turn into a ghost town

Everyone will die
I also have that many soldiers
They will defend every inch of SuZhou
Until their last drop of blood
Everyone back
Throw down your weapons
Surrender
I sold my business
Closed my shop
And joined the rebel army
From that day
the word 'surrender'
disappeared forever
If I don't die
Everyone in this SuZhou prison
will never get out
Let the troops go home to their farms
Do not abuse the commoners in the city
Rest in peace
Ready
ErHu! ErHu!
Get ErHu
I want to see ErHu
ManTou (bread)
Do we really have to give it to them?
They won't agree
So many captives, how many mouths
How many army provisions do you want to waste on them?
Big Brother
Sparing their lives was a condition of surrender
The stores in SuZhou were gone long ago
Our provisions will only last 10 days
We need to save it to fight Nanjing
Fight Nanjing?
Big Brother, fight Nanjing?
The Kui Army gathers its forces
And can attack Nanjing at anytime
I can't read, don't give it to me
Tell me, where did the food come from?
Where?
The Kui Army
Why did you deal with them?
[?]
If we fight Nanjing, SuZhou city becomes an empty city

Do you feel comfortable handing them an empty city?
Big Brother, listen to me ...
You listen to me!
If these people pick up a gun, they become soldiers
ManTou! ManTou!
Open the gates!
Let them go
No!
Pang ChingYun, I knew that you were a liar
Imperial dog!
Look at this ManTou
It was originally for our men
You want to give half to these people
And another half to the citizens
Our men laid siege the city for 9 months
Starved for 9 months
Tell me, this ManTou ...
Should it be for us, or them?
I don't care
Release them
Release! Release!
In a while
After they've eaten
I promised that they would live
All's fair in war. This is a war
Without trust we are animals
Brother Er
Big Brother is right
Move
Get out of my way
Let go of me ... let go ...
Let me go! I promised they would live!
Ready the arrows
Quiet
You can't kill them!
Release again!
You can't kill them! You can't!
Release again
After that day
Brother Er never spoke to me again
I felt bad, but
I had no regrets
I'm returning home
Who's with me?

ErHu

You can't go

We still need to go fight Nanjing

You want me to watch you kill more unarmed men?

They were soldiers

Who had surrendered

They're still soldiers

Do you remember what you told us before?

You told us to remember, not to threaten the common people

What have you done?

You stood there and killed all those poor people, do you know?

Without poor people, who would fight wars?

Xiao Chun, Xiao Wu, Xiao Qi. Who wasn't poor?

But they were soldiers

And soldiers die

But in Nanjing, there are over 1 million citizens

If He Kui enters first, then it's all over

To fight Nanjing, I need you

Do not go

If you leave, the soldiers will change

The Mountain army will start fighting itself

Do you know the result?

Do not force me

Whoever makes a move of Brother Er, I will kill

Brother Er

Whatever happens, you can't leave

If you leave, our family will really be finished

ErHu

Kui's troops are already on the move

If we don't move now, we won't make it

I guarantee to you

After Nanjing

I will put down my arms

You will see, in the future,

that my decision today was the right one

Fine

When we enter Nanjing, I'll be watching you

If you're right, I'll kneel before you

If you're wrong

I will kill you

Go!

Cao ErHu

Pang ChingYun

Jiang WuYang

Kill

Fireworks fill the sky, Nanjing falls,
The cannons fire a salute, the Empress prospers
[Nanjing - 1 month after takeover]
Rest in peace!

We swore

that we are all men of the Mountain army
If anywhere in the world, someone is starving or being threatened
Someone is suffering from injustice
The Mountain Army will be there!
Distribute the military pay!

Zhang WenFang 5 pieces ... Wang XiaoSan ...

ErHu, do you know what you are doing?

Privately distributing military funds is a serious offence!
After we entered Nanjing, half was promised as military funds
If you won't distribute it, I will help you

You must remember

In the army there is only one commander
This commander is General Pang

Hurry up and thank him

Thank you Lord Pang

Again

Thank you Lord Pang! Thank you Lord Pang!

Continue the distribution

Wang XiaoSan, 3 pieces, Wang Lao, 4 pieces

Lord He

To fight Nanjing, you gave him provisions
After entering Nanjing, now you're the beggar
I'm going to kill him sooner or later

If one step is slow, every step is slow
The Empress wants him to [?govern] JiangSu

So what?

He Kui

This time, there's nothing I can do

If we can drag Cao ErHu over to our side

He will never be able to keep the JiangSu position

Drink up!

... swore a blood oath

[?]

[?] Righteously under heaven and earth

Prayed not to be born together, but to die together

[?] Together in prosperity

[?]

Lord Cao

You fought the battle
But the accolade was given to another
Are you angry?
So what?
This brotherhood that they sing about
If you were brothers
Why did he leave you holed up here?
Make you break your promises, and be laughed at by the people
Cut out this weed
Join with me, and everything is solved.
Nanjing will be ours to use
Think about it, Lord Cao
General He is looking out for your interests
Come
Well struck
The little revenge that you take on him is easy
But your anger inside is harder to solve
Lord Cao, take your time to consider it. No rush
Lord He
Are you wondering,
how long it takes to get from the Palace gate to here?
As a youngster standing outside the Palace gates, I wondered the same thing
But by the time you get here
Your temples are already grey
It took a total of 30 years
A shame, I almost can't walk anymore
Xiao LiZi
Empress says
You are still young, [?]
Empress also says
Pang ChingYun fought hard to take back Nanjing
And bequeaths him the golden jacket, and the JiangSu [?governorship]
Hurry and give thanks!
I, Pang ChingYun humbly request the Empress exempt
taxes in the JiangSu region for 3 years
to help save the people
Permitted
My thanks, Empress
You kill in SuZhou, and save in Nanjing
Lord Pang is a leopard who can change his spots
You really are an official to unite the country
It is because Lord Pang doesnt belong to any faction
That he got the Empress' blessing
Nanjing is yours

[?]But Lord Jiang is angry about the sickness from the south
And He Kui is eager for action
Can you hold your position?
Lord Pang, [?] I've looked it up
Take the post at noon on the 8th of April
A good day for the people, the country and for you
Very auspicious
[?] Your actions should be purposeful
Lord Pang, [?] you should live well
[?] Live well
I have a official business to attend
Excuse me
[?]
[?] But the people in the manor are all heavily armed soldiers
Lord Pang
The Empress is concerned
I will disarm the Mountain army
Good
If Lord Pang's army comes to a close
Then you can focus on your official duties
Your Brother Cao ErHu
Says that he wants to leave SuZhou, then what?
[?] Chaos
In Nanjing
Privately distributing military funds
Was a Mountain Army man named Cao!
My Lord, it's dangerous
My whole life, has been like skating on thin ice
Do you think I'll make it to the other side?
You're awake?
I'm awake
Maybe they're right
Nanjing
Doesn't need people like me
I want to return home
Are you willing?
I don't need it any more
What is it?
Master Er, something big has happened
The Kui army is rebelling, He Kui wants to kill Lord Pang
It's nothing
Master Er
Big Brother
Master Er

Big Brother

Master Er

Where is Big Brother?

Lord Pang left for the capital, but hasn't returned

You've decided?

Then I'll go

Who are they?

Imperial guards from the capital

Get the red tablecloth, we'll need it in a while

We'll need this in a while

Act quickly

-3rd Master

-What's this? Is there a guest?

Don't you know? Lord Pang has invited Lord Cao for dinner

They've reconciled

Big Brother has returned?

I heard he's coming back in the afternoon

why have all the guards in the household been changed?

General Cao, wait!

General Cao

I've received report that Lord Pang will take the JiangSu governorship

He Kui wants to rebel

Lord Pang can't enter the city

He will meet you at JiangHuZhen to discuss the countermeasure

Get WuYang to join us there with his men

WuYang

I'm looking for Brother Er

Brother Er went to see Big Brother Pang

You're hiding something from me

There are a lot of new people in the yard

You are making a move on Brother Er?

Because of his wife?

You've forgotten our blood oath?

When is Brother Er arriving?

Give me the time!

'Hai' Hour

Brother Er is arriving at 'Hai' Hour

You wait for me

You scared me

Elder Brother's wife

WuYang has come to bid you farewell

Are you leaving?

I'll deliver you

Where am I going?

I'm waiting for ErHu to come back
I've just made dinner for him
Because of you, Big Brother wants to kill Brother Er
That's not possible. It can't be.
Come down
I won't
I need to put up these curtains
Have you ever seen curtains as beautiful as this?
I haven't seen curtains as beautiful as this for over 10 years
Yesterday in the shop, I also saw a red one
I wanted the green one, but also the red one
I asked ErHu what I should do?
ErHu said
Green one this year, Red one next year
Next year I'll be 29
After 14 years of war
I didn't die of starvation, or get stabbed
It's because my life is big
Next year I have to put up the red curtains
Next year I have to put up the red curtains
Come down
You won't kill me, I won't let you kill me
If I don't kill you, how can I save Brother Er
If you kill me, can you save Brother Er?
I don't know
But it's all I can do
If an outsider disrupts our brotherhood
They must die!
And risked their lives to earn a bite to eat
These were the first comrades in the Mountain army
And the 3 of us, were their leaders
Today, I need a good place to send you off
I said once before
That one day, you will realize I was right
This time next year, I will offer you a drink
And tell you what I have done over the year
I've just returned from the capital
I want to tell you, we've suffered 5 years of hardship
Today
Our hopes are about to come reality
You will eventually understand
XiaoQi and GouZi's ...
Deaths were worth it
The men of SuZhou

Their deaths were also worth it
You ...
You ...
were also worth it
You wanted to commit mutiny in SuZhou
I would have killed you then
But I couldn't do it
But now the Imperial court
The Imperial court wants you
Tell me, what can I do?
ErHu
Rest in peace
Big Brother
Don't kill Brother Er

His wife is already dead

There's no reason for you to kill him now

Pang ChingYun's ceremony to become JiangSu Governor
Will be at noon of the 8th of April
He actually killed Brother Er
Before, he said killing GouZi and the captives,
was so that the common people would not get abused
He was lying
It was all for himself
But he had forgotten,
our blood oath
A fence with only 3 supports
Without Lord Jiang
It seems somewhat quieter
Quarter till noon
Stop!
Brothers who kill my brothers
Must be killed!
Brothers who kill my brothers, must be killed
The time has come
Don't keep forcing me!

Brothers who kill my brothers, must be killed
WuYang
I beg you, don't fight on
Brothers who kill my brothers, must be killed
Pang ChingYun
Pang ChingYun is a talent, but he doesn't understand politics
Nanjing was a key point
The Empress wants to calm her kingdom, so why would she rely on an
outsider?
A pity, this is fate
It is noon. Cannons
Blood oath
Quick
Pang's death, is by the hand of Jiang WuYang!
At that moment, the ceremonial phrase echoed in my head
Although not born together, we must die together
