# The Cured

By David Freyne

1

[PANTING]

[DROPLETS FALLING]

[PANTING INTENSIFIES]

[GAGS]

[SCREAMING]

[BREATHING HEAVILY]

[RUNNING TAP]

[DOOR CREAKING]

Are you okay?

What do you think it's  
gonna be like out there?  
It'll get back to normal.  
You'll see.

[INTENSE MUSIC]

How long

were you infected?

Four years.

Did you have to be  
potty-trained again?

[CHUCKLES]

Are you having  
any violent impulses?

No.

Any nightmares?

Good.

They're there to remind  
you what you did.  
The suffering you caused.  
The nightmares mean there might  
be something human left.  
Makes you wonder about those  
that don't have them, huh?

[INHALES]

You'll report to me  
every week.

Lateness will not  
be tolerated.

Skipping work  
will not be tolerated.

Anti-social behavior  
will not be tolerated.

Basically you do  
what I say

and your life will be..  
...better.  
Your sister-in-law,  
Abigail Reynolds  
has agreed  
to take you in.  
I didn't put  
in a request.  
Charlie Three Three Bravo,  
this is..  
Not everyone gets  
to go home, Senan.  
You should be grateful.  
Bus ready to depart. Out.  
Close the gate.  
Delta Echo One Zero.  
Bus passes,  
checkpoint four. Over.  
Charlie Three Three Bravo  
this is Charlie  
Two One Alpha.  
- The last bus is loading.  
- Get on the bus quickly.  
- Ready the gate. Over.  
- Single file.  
Take your seats.  
Charlie Three Three Alpha.  
Transport departing  
in two minutes. Out.  
The cure was supposed to  
be some sort of great hope  
but things are  
just gettin' worse.  
That's not fair.  
My daughter was released.  
Whatever she did she can't  
hurt anyone anymore.  
People need to give  
them a second chance.  
We've given them  
every chance.  
They're not integrating. No  
wonder crime's on the rise.  
They're not

like us anymore.  
They would if they were  
given some choices  
instead of being treated like  
they were still infected.  
Have you seen the news?  
The violence?  
The vandalism? There's  
something wrong with them.  
They're not human.

[INDISTINCT RADIO CHATTER]

They don't, they don't  
have a worry.

They're just scum.

[OBJECT HITS GLASS]

[INDISTINCT SHOUTING]

Scumbags! Murderers!

Scum! Scum! Scum!

Welcome to the  
accommodation center.

[SIRENS BLARING]

For those of  
you going home  
please make your way  
to the left.

Which is my right.

Make your way  
to my right.

Which is your left.

Left is home.

Senan.

You're not human!

You're not human!

[INSTRUMENTAL MUSIC]

Don't tell her.

We need to look out for  
each other out here, okay?

[HELICOPTER WHIRRING]

Keep it moving, people.

Thank you.

Through that door,  
please.

Don't stop. Keep going,  
please. Through the door.

[INSTRUMENTAL MUSIC]

[INDISTINCT CLAMORING]

What are your thoughts on the  
release of the Third Wave?

I think we can't  
take any more.

I think the First Wave  
and the Second Wave  
have been

a fucking disaster.

No one wants them here.

Not much against them.

Just... just no craic.

- Yeah.

- You know what I mean?

They just mope around.

Bit of a hum

off them, to be honest.

[INDISTINCT YELLING]

[SIRENS BLARING]

Oh, shit!

My uncle came back

in the First Wave.

And how is he now?

He killed himself

last year.

UN's pullin' out. Who the

fuck is gonna stay put?

They're out there,

right now.

Infected, Cured,

they're all the same.

Wipe the fuckin' lot of them

out, that's what I say.

The government now face

a very difficult dilemma

of what to do with

the 25% of infected

who remain resistant

to the cure.

I mean, what they did..

I mean..

How do you get over that?

Repent!

Repent!

Hop on.

Ready, activate. Go!

Whoosh!

Is this it? Is this  
all your homework?

Hmm. Great job.

[CHUCKLES]

You don't even need me.

[KNOCK ON DOOR]

Hi.

I don't have to stay.

It's what.. It's what  
Luke would have wanted.

Besides... technically  
it's your house.

It hasn't changed at all.

I was... gonna hire  
an interior designer,  
but, um..

They all got eaten.

[CHUCKLES]

Sorry.

I thought that maybe if you made  
it you would have gone home.

Cillian was born here.

And only uninfected US  
nationals are considered.

I guess we're a risk.

Did they give you a job?

There was a..

...an opening

at the treatment center.

Why would you

wanna stay there?

It's just being

a porter again.

Luke always said you were  
wasting your time with that.

Were you with him?

At the end?

We got separated.

[INDISTINCT CHATTER]

You wanna go say hi?

Hey.

[CLATTERING]

[SNIFFS]

[CLICKING TONGUE]

Are you one  
of the Cured?

Yeah.

Will you be sick again?

I don't think so.

[CLOCK TICKING]

Is it nice to be back?

Yeah. It is.

[BREATHING HEAVILY]

[INTENSE MUSIC]

[SIRENS BLARING]

Make your way to the  
nearest evacuation point.

[INDISTINCT ANNOUNCEMENT]

- Abbie! Abbie!

- Even if a loved one.

Make your way to the nearest  
evacuation point.

Luke.

Luke!

We have to go.

Abbie knows what to do.

[DRAMATIC MUSIC]

[PANTING]

[GROWLING]

[PANTS]

No!

Senan!

Run!

Run!

[GRUNTING]

[GROWLING]

[SOBBING]

[PANTING]

Do you have  
what it takes to join  
the Irish Defense  
Volunteers?

Well, call..

[BIRDS CHIRPING]

[DOOR OPENS]

Hi, Dad.

[CHUCKLES]

They have me working

as a cleaner.

It's ridiculous.

I thought maybe..

...you could put in a good  
word at some firms you know.

Get me back

in the courtroom.

Please, Dad.

Mum wouldn't want this.

Don't you dare

mention her.

I saw what you did to her.

You're a monster.

Dad..

[CAR DOOR CLOSSES]

[ENGINE STARTS]

[ENGINE REVS]

[BIRD HOOTING]

[SEAGULLS SQUAWKING]

[DOG BARKS]

[INSTRUMENTAL MUSIC]

[SEAGULL SQUAWKING]

This is Foxtrot

Sierra Nine Two.

There's been another

attack on a Cured. Over.

November Oscar 64

this is

Papa Golf Twenty-Two.

Perimeter is secure. Out.

[INDISTINCT CHATTER ON RADIO]

[INTENSE MUSIC]

Twenty-six, seven..

[DOG BARKS]

Sierra Two One,

UN withdrawal

commencing at

1400 hours.

[MAN SCREAMING]

You're over there.

[RATTLING]

[METALLIC CREAKING]

[GRUNTING]

[PANTING]

[METAL CLANGING]

[PANTING HEAVILY]

[METAL RATTLING]

[DRAMATIC MUSIC]

[DOOR OPENS]

[GROWLS]

You must be the help.

She one of the Resistant?

What do you think?

[GROWLING]

Do you have any  
medical training?

I was a porter.

Jesus Christ!

They take away  
my staff and give me  
a fucking trolley pusher.

Hold her arm.

Are you here to help me or not?

Hold her fucking arm!

[GROWLING]

[SCREAMING]

Good girl.

She's not attackin' me.

It's the same reason you  
can't get chicken pox twice.

Once infected, your cells retain  
a trace of the Maze virus.

She thinks

you're one of them.

- Where are the others?

- I don't have access any more.

They've allowed me to  
continue caring for her.

She's all that matters.

We have to cure her.

[INDISTINCT CHATTER]

How could you  
take one in? Huh?

Please, this

isn't the place.  
They're murderers,  
the lot of them.  
Come on, love,  
now's not the time.  
Back off.

Murderers!

[KNOCK ON DOOR]

Can I make Senan  
lunch tomorrow?

What do you

wanna make him?

If it's peanut butter  
and chocolate chip..

...and I'm gonna  
cut it in half.

[INSTRUMENTAL MUSIC]

[BREATHING HEAVILY]

[WHIMPERS]

[BREATHING HEAVILY]

Despite condemnation  
from around the world  
the Irish government  
will commence  
the humane elimination  
of the resistant 25%.  
The Taoiseach has called  
it an act of mercy  
insisting the hope  
of refining the cure  
is no longer a reality.

You.

- Hmm?

- You.

- He's the king.

- Gosh.

Can't we work  
together, maybe?

Okay.

Cool.

[INDISTINCT CHATTER]

I was in prison.

This is worse.

We're treated

like lepers.  
It's right that  
they're scared, though.  
I mean.. What we did..  
Why?  
Why is it right  
that they're scared?  
They're not  
the ones living here  
having their every  
move monitored.  
We need to march.  
We need to stand up  
and say..  
[SIGHS]  
You didn't tell her.  
[SIREN BLARING]  
You were right to lie.  
They're all the same when  
they know the truth.  
They just want us  
to continue  
killing ourselves,  
and solve the problem..  
Did you see them?  
The Resistant  
don't attack us.  
[DOOR OPENS]  
They think  
we're still infected.  
What does that mean?  
Means we're safer  
with them than the rest.  
[EXHALES]  
Move.  
You've been  
skippin' work.  
I'm not a cleaner.  
[CHUCKLES]  
You know..  
...I knew people  
like you..  
...before the outbreak.  
They thought the world

was theirs on a platter.  
Lookin' down on  
the rest of us.  
But here... now..  
...I'm in charge.  
I decide whether your life  
is happy or miserable.  
You just have to  
learn to obey.  
- Is that it?  
- No.  
Stop harassing  
your family.  
They don't want you back.  
[YELLS]  
Get the fuck back.  
[EXHALES]  
[INTENSE MUSIC]  
It's not your world  
any more.  
[GRUNTS]  
[GROANS]  
[INDISTINCT CHATTER]  
[GROWLS]  
[PANTING]  
[GIGGLES]  
He's awake!  
It's just kids.  
We've been through worse.  
[BIRDS CHIRPING]  
They suit you.  
His clothes.  
Where were you  
last night?  
I had to go see  
a friend.  
I have to go.  
Smile, Cillian.  
- We love you, ma.  
- Smile!  
[CHUCKLES]  
[GRUNTS]  
- Hi.  
- Hm.

He suits you, yeah?

- Yeah!

- Cute.

Oh, my God, that  
toy is gonna be  
the death of me.

- It's trippy, isn't it?

- It is a bit, yeah.

[SKYPE CALL]

Abbie. How's it going?

Did you get my footage?

The withdrawal's  
started already

whatever talks they're  
having are bullshit.

Yeah, yeah, I got it,  
but look, um..

It's just not a story of  
interest for us right now.

No, it's too soon,

I'm telling you  
the country isn't ready.

The Resistant  
are still alive  
it's not safe yet.

Tell that to  
the families here.

Look, I... I do have  
something for you to cover.

The first McDonalds  
is reopening.

I need some coverage.

If it's beneath you,  
I can..

Despite protests,  
the humane elimination  
of the resistant 25%  
is now under way  
with the military  
estimating it will be  
completed by the end  
of the week.

[GROWLING]

[GATE CREAKING]

Abbie.

Sorry, I'm a friend  
of Senan's.

From quarantine?

What gave it away?

I was working  
and I just saw you.

Anyway, it's nice  
to finally meet you.

Was Senan with  
you last night?

[SEAGULLS SQUAWKING]

It must have been tough.

Raising a child alone  
through the outbreak.

I managed.

Of course.

I didn't mean  
anything by it.

I'm sorry.

It's just force of habit.

I guess being a cleaner wasn't  
your top career choice, huh?

[CHUCKLES]

No.

I'm a barrister.

I was actually running for  
election before all this.

Well, maybe you can  
run again.

No, I doubt it.

It's nice  
to have your vote.

How did you get that?

This?

Um, I was late for work.

You have to complain.

The guy we complain to has a  
pretty decent right hook.

What was it like?

Quarantine?

No, before that.

Why don't you ask Senan?

I can't.

Everyone says it's hell.  
It's like being trapped  
inside your body.  
Fighting to stop yourself.  
But what they  
don't talk about..  
...is the moment  
when you stop fighting.  
When you start to  
just go with it.  
[INTENSE MUSIC]  
Gosh, I have to  
get back to work.  
Thank you.  
For what?  
For not treating me  
like an animal.  
Senan's very lucky  
to have you.  
[INTENSE MUSIC]  
[GRUNTING]  
[SIGHS]  
Nerve degradation  
remains the same.  
Subject 301 shows  
no sign of change.  
Recommend  
upping the percentage  
of Bendamustine  
in the formula.  
Sometimes I feel it.  
Screaming to get out.  
The cure prevents  
reinfection  
or transmission.  
You're one of  
the lucky ones.  
[KEYS CLACKING]  
[MOUSE CLICKS]  
They were never gonna  
keep the Resistant alive  
with the  
withdrawal happening.  
We have to do something

to stop them.

- Now.

- We need to target the IDV.

[GROWLING]

[YELLING]

Fuckin' screamers.

Hey, what the fuck

are you doing?

- Prick.

- Nick, I need help here!

- You're one of them.

- Aah!

[GRUNTS]

Shit!

[GROWLS]

[GUNSHOT]

[INDISTINCT GROWLS]

[INSTRUMENTAL MUSIC]

Squadron Eight.

Perimeter clear.

They're gonna die anyway.

[THE RESISTANT CLAMORING]

[ALL CHANTING] Cured rights now!

Cured rights now!

Cured rights now!

[SIREN BLARING]

[INDISTINCT CHANTING]

The truth is

that every day

that the Resistant

remain alive

is a day that we risk

another outbreak.

But I can find a cure.

I just need time

and resources.

We have a stretched

medical system.

We have to redirect

our efforts

back to the populace.

You're talking

about killing

almost 5000 people.

Joan... I fear  
your personal loss  
has clouded your judgment.  
But I would ask you,  
and indeed all those  
with loved ones  
amongst the Resistant  
do you really want them  
to live  
as these monsters  
forever?

They won't stop  
with the Resistant.  
They want us all dead.  
We have to stop them.

[DOOR SQUEAKS]

[INTENSE MUSIC]

[MUSIC CONTINUES]

Senan. Senan.

[PANTING]

They're all empty targets.  
I promise you no one  
will get hurt.

[EXHALES]

[GLASS SHATTERS]

[INTENSE MUSIC]

[FIRE CRACKLING]

- Hello.

- Hey, there's been a series of bombings.

- How many?

- They're reporting five.

Okay. Okay, just, uh..

I have to drop off my son.

Give me 30 minutes.

Cillian?

Cillian, let's go.

[SIREN BLARING]

Senan?

Cured en route.

Understood.

There have been several  
injured and one dead.

The targets were the homes  
of Irish Defense Volunteers.

The Cured Alliance have claimed  
responsibility for the attacks.

The government have  
insisted that they are  
a terrorist  
organization.

It's several weeks now  
since the..

Squadron Eight.

Perimeter clear.

[ALL CHANTING] Cured rights now!

Cured rights now!

Calm down, will you?

Get in the car!

Get in the fuckin' car!

Calm down! Get in the car.

[ALL CHANTING] Cured rights now!

Cured rights now!

Cured rights now!

Cured rights now!

Cured rights now!

Cured rights now!

Cured rights now!

Cured rights now!

Cured rights now!

[WHIMPERING]

[PANTING]

Senan.

Senan, it's me. Please.

Senan, please.

Senan..

Senan, please!

Please, Senan!

[PANTING HEAVILY]

[GROWLS]

No! Stop!

Please!

[SOBS]

I know it's been hard

for you all

being beaten and bullied

and forgotten.

There's no one

looking out for us

but I promise  
that ends now.  
Today will be  
the first day  
on the road  
to our freedom.

Whoo! Yeah!

- Yes!

- Whoo!

[LOUD GROWLS]

[HEAVY BREATHING]

You know we found  
the cure together?

You can't imagine  
the excitement.

Later we realized that..

...the subject remembered

what they did

when infected.

Was it worth it?

After everything

we've done?

You weren't in control,

you were just sick.

We cured you.

You get to choose

who you want to be.

Does puppy's baby

have a name?

Uh... Andrew.

- Andrew?

- Yeah.

[LAUGHS]

I'm just making up..

I'm just making up

normal names.

Mm.

Are you involved

with the Cured Alliance?

No.

So where do you go

at night?

I don't want to

get in your way.

There was so much chaos  
after the Outbreak.  
It was two years before we could  
begin to re-enter the city.  
We started to hear  
a rumor of a cure.  
I actually convinced myself  
that Luke was infected.  
Just... waiting  
to be rescued.  
And then I came home.  
I thought they'd cleared  
the entire city.  
The smell hit me first.  
Luke's gone.  
We're your family.  
Abbie..  
Mom?  
Hey, sweetie.  
How far outside the city  
can we go?  
[INSTRUMENTAL MUSIC]  
[BIRDS CHIRPING]  
[MUSIC CONTINUES]  
Me and your dad used to come  
here when we were kids.  
It's as if  
nothing happened.  
Liar, liar,  
pants on fire.  
- What's her name?  
- What?  
What's her name?  
Beatrice.  
Don't get me started  
on this.  
[INDISTINCT]  
Yeah.  
Then what we doing  
with them?  
[KNOCK ON DOOR]  
I'll get it.  
What's that?  
We were just

having dinner.

I won't stay long.

[DRAMATIC MUSIC]

Take a seat.

Hello.

Hi.

I'm Conor.

I'm a friend

of your uncle's.

Cillian, bedtime.

Now, please.

He's a good-looking boy.

I can see

the resemblance.

I called earlier,

but you weren't in.

Where did you go?

Killiney Hill.

Oh. Nice.

It's good to

see you bonding.

It must be tough at the accommodation

center after the bombing.

At least they

arrested someone.

She didn't act alone.

Well, there's a lot of

anger out there, you know?

Particularly

with the Elimination.

Maybe it's for the best.

Dr. Lyons will

find a cure.

- And what if she can't?

- She needs time.

And one of them gets out, and...

and we're right back there.

We're all in danger.

Not all of us.

It's late.

You need to go.

Can I ask you something?

Do you think

we deserve forgiveness?

Yes.

And if you were faced with the man that killed your husband..

...would you forgive him?

They weren't in control.

I'd better check on Cillian.

I'm sorry.

I didn't mean to upset you.

You didn't.

She takes you in and suddenly you forget about us?

You told me

they were empty targets.

There's always casualties, Senan.

We're dying every day because of them.

I'm not gonna be a part of this anymore.

I have to look after them.

You think you can just shut the door and pretend it's all okay?

You're the reason...

they're not safe.

They'll find out eventually.

[PANTING]

[GASPS]

Sweetheart, can you go and brush your teeth?

I'm gonna be late.

Cillian, now!

I can take him to school.

Uh, you don't know where it is.

I can show him.

Okay.

Okay, but straight to school, okay?

[INSTRUMENTAL MUSIC]

- Aah..

- Fall off.

I'd never fall off.

[BIRDS CHIRPING]

- Aah..

- Yeah.

I just wanted to check to make sure that he wasn't late.

[CAR APPROACHES]

Yes, thank you. Bye.

[CAR DOOR OPENS, CLOSES]

What's this about?

It's customary to check in with families

to see

how everything's going.

So, how is Senan settling back in?

Well.

It's natural for there to be problems at first.

Everything's fine.

You know, I have to say..

...I think it's brave of you

to take one back in.

Especially with a young boy in the house.

They can be aggressive.

And it probably doesn't help that their

rehab officer kicks

the shit out of them.

You've met Conor.

The alpha of the pack.

They're friends.

From quarantine.

Is that

what they told you?

We try to make ourselves feel better

feel safe, by saying

it wasn't their fault.

They're just

mindless monsters.

But the Infected  
aren't mindless.  
They hunt together.  
They communicate  
with each other.  
They decide who to kill..  
...and who to infect.  
They're connected in a way  
that we will never understand.  
What do you want from me?  
I want you to contact me.  
If you think there's  
anything I should know.

[INTENSE MUSIC]

[INDISTINCT CHATTER]

[MUSIC CONTINUES]

[INDISTINCT SINGING]

[HEAVY BREATHING]

They're killing  
the Resistant  
because they think  
they're a threat.  
But they're not  
a threat to us.  
They're the key  
to our freedom.  
Now, we're not gonna change  
anything by simply crying  
and breaking windows  
like petulant teenagers.  
We need something that  
will make them listen.  
Something they're truly  
scared of.

- Yes! Yes!

- This is our country too.

- Yes. Yes.

- Yes!

[APPLAUSE]

[GRUNTS]

Katie.

[BREATHING HEAVILY]

What are you doing here?  
I wanted to see it

for myself.  
I thought you might've  
come to see me.  
Do you want to  
ask me something?  
You were involved  
in the bombings.  
You can't link me  
to any violence.  
So you're denying it?  
All I've done is  
tried to help people.  
It's not just  
for the power then?  
Now, look at  
how they treat us.  
Look at how we're  
forced to live  
what choice do we have?  
You have the choice  
not to eat people.  
[CHUCKLES]  
Well, there's the thing.  
We're not  
the only killers.  
We're just the ones  
being reminded of it.  
I want you to stay away  
from me.  
And stay away from Senan.  
Senan... is my family...  
Why? Because  
you killed together?  
'Cause you're a pack?  
That's not a family,  
it's a sickness.  
He wouldn't have  
told you that.  
Stay away from us.  
[INTENSE MUSIC]  
[PANTING]  
[SCREAMS]  
[SCREAMS]  
Elimination of

level one complete.  
Moving all remaining Resistant  
to the holding area.  
[INSTRUMENTAL MUSIC]  
Jo?  
[BREATHING HEAVILY]  
My love?  
It's me.  
[GROWLING]  
No!  
What are you doing?  
She's being brought to the  
rest for euthanization.  
I can save her!  
Please, no!  
- Done.  
- What am I?  
A dog.  
You're gonna love this.  
I look a bit more  
like a gerbil.  
- No, you look like a dog.  
- I look like a hamster.  
- And it's all your fault.  
- You look like a dog.  
It's all your fault.  
...windows like  
petulant teenagers.  
We need something that  
will make them listen.  
We need to make ourselves  
heard properly.  
- Yes!  
- This is our country too.  
[ALL CHANTING]  
Yes!  
[WATER DRIPPING]  
[INSTRUMENTAL MUSIC]  
[KNOCK ON WINDOW]  
[GASPS]  
- You okay?  
- Yeah.  
Sorry, just on edge.  
[LAUGHS]

You look ridiculous.

Yeah.

I'll go wash it off.

I'm so used to doing this  
on my own.

It's so weird  
having someone here.

Yeah.

When Cillian was born,  
Luke was petrified.

Well, it wasn't  
exactly planned, so..

Hmm.

He said it was like somebody put  
his heart inside somebody else.

Christ.

[BOTH LAUGH]

He could be  
so pretentious.

He'd be happy  
you're here.

[GRUNTS]

Cured scum!

Luke..

[INDISTINCT CHATTER]

Was there any  
distinctive features?

No. Just the anti-Cured  
symbol.

Did they say anythin'?

No.

We'll do everything  
we can to catch them

but, uh,

this sort of thing

it's not uncommon

in homes with..

Eh..

- You can say Cured.

- E... exactly. Yes.

You were right.

I can't keep them safe.

[SIREN BLARING]

I need your help.

They'll never  
leave us alone.  
We need something that  
will make them listen.  
[INSTRUMENTAL MUSIC]  
[TELEPHONE RINGING]  
Sergeant Cantor.  
It's about Conor.  
I think he's planning  
something.  
Dr. Lyons?  
What's goin' on?  
I asked her to come.  
Sit down.  
They took Jo.  
We're gonna save her,  
Senan.  
If we have  
one of the Resistant  
they'll have to  
take us seriously.  
No more bombings,  
no more violence.  
What about the military?  
Mm?  
People could get killed.  
It's mainly  
defense volunteers left.  
Scouts have  
better trainin'.  
You don't know what the  
fuck you're talkin' about.  
Joan, you can't agree  
with this.  
I have to save her,  
Senan.  
They're the same as us.  
We can't stand by  
and do nothing.  
[CLATTERING]  
[INDISTINCT CLAMORING]  
[CLAMORING]  
Get off, get off!  
Run! Run, run, run, run!

Move, move, move!  
Senan, come on!  
Where are they?  
Down. Get down.  
- Get down. I said stay down.  
- And the rest of them.  
Get up against the wall!  
Go look in the basement,  
there are more in there.  
Where are they off to?  
Where are they going?  
Where?  
[CILLIAN LAUGHS]  
[SEAGULLS SQUAWKING]  
I told you  
to stay away from us.  
Senan told me  
about the break-in.  
I wanted to make sure  
you were okay.  
I know it was you.  
You know,  
for a while there  
I thought you and I,  
that we had something.  
But it turns out you're  
just like everybody else.  
Scared.  
And the truth is,  
you're right to be scared.  
No matter how much  
we pretend..  
...we're not  
the same people anymore.  
All because daddy  
wouldn't get you a job.  
You know,  
I met your husband once.  
Bless him,  
he tried his best.  
You're lying.  
You should ask  
Senan about him.  
It's all very

Cain and Abel.  
[INTENSE MUSIC]  
[SQUEAKING]  
No!  
Senan?  
Where's Conor?  
[SNAPS FINGER]  
What's he planning?  
Senan?  
He doesn't care  
about you.  
- He looked after me.  
- He infected you!  
You have to give me  
something.  
Before it's too late.  
Before the withdrawal  
is over.  
[KNOCKING ON DOOR]  
Time's up.  
[EXHALES]  
I can help.  
I can help your family.  
Isn't that what  
Luke would want?  
[POLICE SIREN WAILING]  
Conor needs to see ya.  
Hey.  
12 o'clock.  
The baths.  
[DOORKNOB RATTLES]  
[DOOR CLOSES]  
Hey.  
I'm sorry  
I didn't come home.  
What's wrong?  
What happened to Luke?  
How did he die?  
- Abbie..  
- Tell me.  
I thought it would be better  
if you didn't know the truth.  
[SOBBING]  
What happened?

- What good will it do?  
- Tell me!  
We were here.  
We..  
Luke thought that..  
...maybe you'd been  
trapped here.  
But you'd already gone  
by the time we got here.  
Then there was  
an Infected.  
And he attacked me.  
Conor.  
Yeah.  
Luke tried  
to fight him off.  
But it was too late.  
And then he barricaded  
himself in the bedroom.  
I wasn't in control.  
Believe me,  
I... I didn't know  
what I was doing, and...  
How could you not tell me?  
How could you sleep here?  
- I'm so sorry...  
- Get out!  
Get the fuck out!  
Get the fuck out!  
[GASPS]  
[SOBBING]  
[BREATHING HEAVILY]  
I had to show you.  
They're all the same  
when they know the truth.  
I'm your real family,  
Senan.  
You never had  
any nightmares, did you?  
Why should I?  
This is Sergeant Cantor.  
I need back-up  
at the baths.  
[WALKIE-TALKIE BEEPS]

On your knees,  
hands on your head.  
Understood.  
We're on our way.  
We will be  
with you shortly.  
Get down.  
Now.  
I'm arresting you  
for the murder  
of Cadet Jack Dermody.  
I did tell you, Conor.  
It's not your world  
any more.  
Cuff yourself.  
Conor!  
[GRUNTING]  
Conor! Stop! Stop!  
[GRUNTING]  
[CANTOR GROANING]  
[CONOR BREATHING HEAVILY]  
Why?  
Why?  
I can't let you  
go through with it.  
People will get hurt.  
I told you..  
...there's always  
casualties.  
What're you planning?  
Conor.  
What're you  
really planning?  
It's already done.

ON RADIO]

Following the recent outbreak of the Maze virus in Ireland, the country is beginning to regain control once again.

People are desperately trying to track down loved ones, suspected to be amongst the 8000 newly Infected cases.. Outcry against the humane elimination is growing with families joining the Cured Alliance who are leading the protests against the government.

The government have agreed that continuing the humane elimination is the only option available if we are going to stamp out this infection once and for all.

..the government are preparing to declare Ireland Infection free. We've obtained evidence that a cure for the resistant strain was perfected by Doctor Joan Lyons.

Now, either the government knew this

and covered it up,  
or they rushed  
into the  
clean-up missions  
without considering  
any options.  
The people of Ireland  
deserve better  
they deserve  
true leadership  
that is there  
for the many and not...  
Sorry, we have  
to interrupt here.  
We're receiving  
breaking news.  
Despite reports,  
camera traps  
have discovered pockets  
of Infected still  
remaining in the west  
of the country.  
The footage shows  
at least 20 infected  
but the exact figures  
have yet  
to be determined.  
The government has just  
released a statement  
assuring those in  
the area that a military  
platoon will be  
dispatched  
to evacuate them.  
Now this begs  
the question  
if the military failed  
to detect these Infected  
how many more of them..
