The Last Face

By Erin Dignam

Differing in 10 years, the war
Civil liberties of 2003 and the
conflict affecting today's South
Sudan, share a brutal and
singular innocence corrupted.

A corruption of innocence only
known in the West, for
Some remote degree in common ...

... through brutality
Of an impossible love ...
... shared by a man ...
... and a woman ...

Referring to Fig.

CAPE TOWN,

SOUTH AFRICA 2014 / b

There is a concert.

Why you have to entertain them

To make them listen?

eleven

It's good to remind you

Of other things

Of which the

Human nature.

You should come.

Come with me.

fifteen

I do not need to, I just

Read your beautiful speech

Especially when

I took with him.

I treasure the days that

I went with my father.

It is said that only death can

To separate a father from his daughter.

Until my own father

Died at the age of 80.

twenty

It was life saving a

Life, what separated us.

twenty-one

While growing up, every day

I thought about what I would become.

Where would I leave my mark?

How would ... save the world?

2. 3

Before meeting

Miguel, was an idealist.

It did not really exist.

DOCTORS OF THE WORLD / b

Representative

UN special and daughter

co-founder of MDM, the

Dr. Peter Peterson ...

Please receive the

Dr. Wren Peterson.

Bront once wrote:

"I could not at that time,

see God for his creature.

TEN DAYS BEFORE / b

Come, come!

Take it,

Take it! Quick!

3. 4

Take it!

Prepare table four for

A polytrauma. Table four.

"THE LAST FACE" / b

Rest well.

Food.

Refuge.

Security. Everybody

We need security.

Raise your hands if you believe

That the bowl is full.

Now change

The story, right?

Who thinks it's full?

Definitely? Definitely.

I heard a definite yes.

Four. Five

- Oh, I did not see him coming.

- What?

Come? Look at that.

What does that tell you?

- I know!

- I know!

That there are always

Space for more.

fifty

Yes.

He is always who

Answer, right?

- Yes!

- Yeah.

I can tell.

I think it means if not

We put the big rocks

First never

They will fit.

Urgent call. Dear ones

Residents of MSA camp.

They are kindly asked not to

They wash their feet in the sink.

It is a totally

Unacceptable and should stop immediately.

Use the wash of the entrance,

Thank you for your cooperation.

This is the first time the UN

Allows refugees on a basis.

Everyone on the outside is

Being shot down by the opposition.

- Received.

- My dream come true.

Control Helicopter 00-R,

Share your mission order, change.

Control UNMISS, transport

Of MSF staff.

Medical emergency, carry

The region of Mount Yuba.

On the facade of the east slope

Southwest there will be a signal.

Approach the area of

Landing from the north, change.

Received. Already

I see the signs.

Mahmoud Idris.

Doctor Miguel Len.

I was the one who brought the Red Hot CD

Chili Peppers to Yuba last year.

Take the baby.

Take the baby.

Take it, please,

We are not going to Yuba.
Let's go to a bad place.
Last year in Yuba, the CD
Of Red Hot Chili Peppers, it was me.
- Okay, let's get out of here.
- Agree.
Let's go!
Look at that shit.
They burned everyone there.
That's why I smoke grass.
Mary!
This man received a
Shot in the abdomen.
Is his daughter?
Give her an IV and
Begins to draw the blood.
UN High Commission for
Human Rights, Geneva, Switzerland / b
Wren?
- They started.
It's okay. This meeting is
An unnecessary distraction.
Should have the ratings
Of East Africa.
Increasing Access
To antiretrovirals in
8 million people.
8 countries in Africa
Sub-Saharan Africa where
Mortality from malaria
Was reduced to 75%.
I know, I know. The
Child mortality,
Health education,
Girls, peace missions ...
Wren?
- I can read.
We are all in one
Budget crisis,
And we are the target of a
Heap of impatient critics
That there are no solutions.
Just get some
Stories of good news.

Is our mission
Serious enough
As to assume our failures
Besides our conquests?
Wren, do not you see our
Mission as it would be?
Of course, Ivan.
Saving lives is
A serious mission.
In that case, any
Human interaction
Make a
Change, it's serious.
- I...
- I have not finished.
Sorry but...
Every time we publish
Statements like these,
We lost all
Credibility.
Alone...
Can we be so
Honest with the media
As I think we are with
Ourselves in this room?
That is all.
Ivan, how about this ...
Wren sat down and
Wrote another text,
Online exactly
With their proposals.
And we join that touch
Self-flagellation with her?
Is it all right for you, Wren?
Yes.
Doctor is
Losing the pulse.
It's not his fault.
She already lost her mother and
To his sister in the attack.
Can I take charge?
Can I take charge?
Do I inform you
The girl, doctor?

Dr. Miguel
Will tell you tomorrow.
Goodnight.
You know, the girl who
He danced with us
She saw her sister as
They raped her to death.
She was also raped.
They ripped the
Vagina until the anus
But ... it was there,
Dancing with me
You get the urine,
But he is dancing
Is beautiful.
Peace.
It's another attack!
They want the food!
Do not shoot! Do not shoot!
Stay here, do not move.
- My father.
- Your father...
Your father ... I know.
I know. Stay here.
Hide well.
Father.
Father.
They want my machine!
They have gone crazy!
Damn bastards!
I will think of you.
That you were here.
Your family was here.
I will remember.
Shit!
Sorry. A double express.

HUMAN RIGHTS OF:

THE UNITED NATIONS / b
Some messages.
The flight to Cape Town is
Ready for next week
Mandy, an MDM, said that everyone there
They are very excited about your visit.

Do you want to go back to Geneva
Immediately after the event,
Or the other day?
I'm at Drake Longchamp.
You're good?
Search for a flight to Cape Town
Available for tomorrow.
Very good.
I leave the door
Open or closed?
Agree.
I will accept any victory
That you can get.
That's what I'm talking about.
They refunded us the other week,
So it will be tomorrow night.
May I ask for
What are you leaving so soon?
Very good. I will trust
In you about that.
And I make myself
Charge of everything here.
You're an angel.
- Goodnight.
- Goodnight.
Wren?
Wren?
I'm leaving tomorrow morning.
I wrote you a letter.
FOR WREN / b
After death
Of my father,
I became your
Genetic substitute.
Natural Disaster Areas
He had visited with them.
But the
War forbade me in life,
were my heritage
To his death.
- Is it Dr. Petersen?
- Yeah.
My office is on the way in,
I'll see you there. Excuse me!

Come on, let's go!
Replacing fluids very fast
Causes heart failure.
- I know.
- Yes? Very well.
- Are you a volunteer?
- I was invisible.
So assume
Your responsibility.
She was only the daughter of
The inspiration of them.
Less than invisible.
A tourist.
Ellen, come here.
Ellen?
Sometimes a face
It's just an illusion.
Yours instantly
It seemed to me that of the male child
who expected it to be ...
And stop listening to you
Damn house music.
.. instead of an invisible ...
... girl ... blonde.
Then he saw me.
Surprise.
Wren!
What are you still doing here?
I thought you left already.
Maybe I'm a masochist, but
I still want to be
Like my cousin-sister.
OMG...
Find me a gown.
Did you arrive today?
Yes.
It's been years since
The last time I exercised.
I came to see the doctor
Brown, but he's busy,
So I thought of
Help a little.
Welcome.
Thank you.

Finish disinfecting
the wounds.
It became too dangerous
For the Organization
Keep operations
Here in Monrovia.
I deeply regret it.
The LURD now
Controls the borders.
That's what I heard.
And there is no food either
nowhere.
We can not stay here.
I will take the group that
Is more vulnerable,
Identified by the
Unit of protection.
Let's follow the Exodus
Towards the border.
Ok no more
nothing. Quiet.
Red Hot Chili Peppers,
The best medicine.
The explosion of a mortar
So close to the hospital
indicated that Monrovia could fall
Under the rebels in weeks ...
Or even days.
While foreign doctors and
Refugees packed their things,
my young cousin
Ellen described me
2. 3. 4
the personalities of whom
They would accompany me in the exodus
to Sierra Leone.
A lovely man.
He came here when
His wife died.
Guess what it's called?
Sees it. The Doctor Love.
It is perfect.
Dr. Leon. Is
An incredible doctor.

We had to get it out
Of rural areas
to work
In the city.
You can say goodbye,
But I will stay.
There is no security in what
You take the road.
And if things
They get ugly
With someone from the UN for
I hopped on one of the helicopters.
Excuse me, ladies, my father has
Ask them to tell you that everything is ready.
Who are you?
Samuel Posas Palleh,
Son of the great
Moussa Palleh.
- Is your father the one over there?
- Yeah.
Let's move on!
Barber, come on, Jesus
is waiting!
Wait and wait.
Even you are waiting for you.
I'm sorry to hear that we're leaving,
But this became very insecure.
We will not have coverage any more
Beyond the banks of the river Kpo.
The driver has
A satellite phone.
They call me if something does not
It works out okay?
God and colonialism
Had awarded Liberia
a particular ugliness in
The nature of his war.
Heroic Adults
Killed or forced to flee.
Children stolen from their families
And forced to fight,
convinced by the myth
Of their own invincibility.
The unconvinced

Of his invincibility
courageously demanded a
Help we could no longer provide.
We were rewarded
By a sudden monsoon.
Until the very
Weather became invisible.
Get off! Get off!
Go Go!
- Medicines!
- NGOs! NGOs!
All to the cars!
To the cars!
Come on! Come on!
Is dead. They took
The satellite phone.
- We're alone.
- It's okay?
"It will soon be dark."
- Yeah.
I got a
Piece of shrapnel.
Well, take it all.
Take that, the big one.
- Let's move on.
- They can come back.
They could come back.
Come, come.
Take things.
- Take them.
Come on, children.
Go Go. Go for
The right, carefully.
I'm sorry to come in
These conditions.
I can go back
At another time.
What letters letters?
Sam, switch to green.
The road is near.
Doctor Love?
Where did you go?
Moussa, we have an angel
Wounded woman with machete.

A villager has brought a woman for
The road with machete wounds.
Doctor, we need one.
Intravenous and anesthesia.
- All right.
- They took all the painkiller.
I have some lidocaine and
Ketamine in my backpack.
Well, bring everything.
what you have.
This way, Doctor Love.
Doctor Love, over here.
What's up?
Take care of your sisters,
We will be back soon.
Mount the canvas, no
I want it to get wet.
- Raise it.
- Agree.
Help me.
1, 2, 3 ...
- Gloves?
- Pull it up. Calm down, slow down.
Betadine?
- There is not.
I knew that whiskey
Was going to serve for something.
- Farber, put the catheter.
- Yes I'm going.
- Gloves?
- We do not have anything.
Taking. Hold
This, thank you.
Give me the whisky, give it to me.
What's up?
She's pregnant.
- We need supervision.
- And he's bleeding.
- Winnie! Come here!
- Yes, ma'am.
- I'm going, lady!
- Come quickly!
- Hold your leg.
- Try not to move your arm.

Raise it well.
There is no damage to the carotid artery.
The cranial sutures
overlap.
Baby's head is
Fully engaged.
- There are clots.
- There is detachment of the placenta.
Hold it tight.
Wait.
What are we doing?
I'll have a C-section.
- Are you going to make one here?
- Yeah.
Give him ketamine.
Listen to me.
Hey hey.
We will do our best
For you and the baby, okay?
It's okay?
You'll even be comfortable,
Because if you are strong,
Everything is going to be okay.
Administering ketamine.
Refugees.
Well, everyone,
I'm cutting
Hold this.
All right.
All right.
Okay, here we go.
- Well, do it.
- Suturing the neck.
- Wow, she's really in.
- Yeah.
Very stuck.
3. 4. 5
Try to maneuver more
Baby up, please.
Agree.
Winnie, get her up
Legs up high.
Yes, ma'am.
Bid.

- Yeah.
- Plus.
God, good.
- The head is out.
- Syringe.
The head is out.
All right.
Quick.
All right.
I have to turn the baby.
All right.
Come on, baby.
The baby is out.
Turn on the light
green. Thank you.
Already gone. How's it going?
Slow heart rate.
Leave me, leave me.
The baby is fine.
Calm down and rest.
What we would do with
The bottle of whiskey.
The sacrifices that
We do, right?
Are you kidding?
There is nothing
Sacred to you?
Everything is sacred to me.
All.
- Doctor?
- Yes?
Thank you in the
Name of Jesus.
In the name of Jesus?
I prefer your name and mine.
Listen, last night ...
I reacted exaggeratedly.
It's okay, it hurt to kiss me
Without brushing my teeth.
That is all.
My father came and went a lot.
What does that tell you?
That we have different
Experiences, that's all.

Y?
Nothing. Ok to share
Different experiences.
What about your mother?
He had an adventure.
Then another.
Perhaps my father
Traveled too.
After my father died,
My mother wrote to me.
He said he missed it.
I do not think so
Had called in years.
He told me...
That if I wanted a
Repetitive love,
Should be with
many men.
But if I wanted one
Infinite diversity
I had to stay with one.
What do you think?
Your father was
Long time away
I think like the kids

Spell LOVE is:

TIME / b
But I'm not a girl anymore.
- I have my war mask!
- I have my war mask!
Miguel's attentions
decreased my fear
To that terrifying place.
This place, in
That moment,
where children fed
With a mixture of
amphetamines and hallucinogens
were convinced
By their commanders
I eat the
Heart of the enemy
make them invisible

In combat.

I have it.

- All right.

- Do not stay there.

Refugee camp

Mano River, Sierra Leone / b

I will try to get in touch

With Paris by satellite phone.

- It's okay.

- Hears!

Another baby of Dr. Leon.

This is both.

- Doctor Leon.

- Where do I put my patient?

Medical NGOs are over there.

You will be

tent.

- Hello.

- Hello.

I'm the head of the project

Of Mdicos del Mundo.

What can i help you with?

I brought refugees i expected

Use your satellite phone.

The International Committee

Rescue request

That we implement

The operations here.

Really?

What did you tell them?

The Committee approved it, so

I volunteered.

Our?

All of us.

All the team of doctors

Of the World that accompanies us.

It's okay.

Seem right.

So I was degraded

To general medicine.

- Are you okay with that?

- If I am fine.

Then we

We stay here

Agree.
You should get some sleep.
I am not tired.
Neither
He is tired then.
Are you a womanizer, Miguel?
I am not trying
Nothing here, Wren.
We have
Clinic in the field,
the first supplies
They arrived fast
using the
Transport of the UN.
We ask our
Own logistics
create a string
Sustainable supply.
There is something in the vicinity
Maybe I should not
Confused with fate.
Just four days before
Our arrival in Sierra Leone
was a doctor who
Did not practice medicine,
who had taken the
Relief in my father's NGO
from one
Office in Paris.
I am now
Reviving for the first time
his extraordinary life.
I knew about my adventures
Mother but, and those of my father?
Did a lover like
I was from Miguel?
The resistance and the beauty offered
By war refugees
inspired a
Intoxication of intimacy.

THIS IS A:

WORLD OF WOMEN / b
In this place

Plagued with war,
had he found peace?
Or I took advantage
Of Miguel's?
I want to see you when
I'm not in the store.
I know you're looking at me.
I feel your breath.
Are you there?
FOR WREN / b
You're killing yourself.
I just wanted to say goodbye.
Already...
To give you this back.
You do not want to know
That I wrote in the letter?
Do not.
Very good.
Make...
Whatever is in the letter.
Whatever.
I can not.
I can not, it's not ...
... something I can do.
I'm leaving then.
- What were you about to say?
- You can not say.
And what is in the
Letter can not be made.
Wren, I do not know if it's okay.
Say what I said in the letter.
So I do not know if I have
The permission to do so.
I noticed a time ago
How really was the truth.
What was the truth?
You never loved me.
Yes I loved you, Wren.
- Yes I love you!
- Ten years.
You show up after
Ten years, waiting for what?
I love you.
You love Me? Neither

You even know me!
Now I'm different!
That is what happens!
- Do not give a fucking step anymore!
- What? What?
What will you do?
Are you going to close yourself?
Sure that was me
Who forced you to close yourself?
Wow!
Is that what you learned to do?
Is that what you thought to do?
Are you strong enough to
Erase our failure?
For a second!
Wren. Wren, run away from you
Same, block you,
Nothing changes,
It will not make you happier.
Believe me, I know.
Wow, that's great.
Much better than me. Wren ...
Wren!
Do not destroy what we had,
We can not explain everything
With short phrases like:
"You never loved me".
No, do not fucking die, no.
You stay like those sheep
In their comfortable lives of
Beneficial fucking galas.
That's not you, Wren.
I know you, that's not you.
And if I was you
Changed, fuck me.
Do not let that happen.
That would be a great loss.
Fuck off.
Excuse me, ma'am, our
School is raising money
For an organization that ...
God bless her. In
The name of Jesus.
How was your day?

Name and mine?

Thank Mrs.

Boarding call for first

Class, flight Geneva - Cape Town.

We wish you a

Nice flight.

Flight time:

Minutes to Cape Town.

We arrived at

2:

I learned that Michael had been

Created by the state of child.

Orphan in transition

Spanish to democracy.

At that time was paid

A School of Medicine

getting the

Honors.

I found that growing

In a childhood like this,

saved him from the

Contradictions and hypocrisies

that we, who

We grew in comfort ...

We accept with

Very often.

Hello, Oom Pieter.

Mrs. Petersen!

- What a pleasure!

- Yeah.

- Is the key in the same place?

- Yeah, the same one that left her.

Thank you, Pieter.

Was the date wrong?

I was waiting for you

another week.

I did not call you for that

You will not change.

I was at the market.

My friend said:

Who came by car?

So I took provisions.
To prepare dinner.
I'm not hungry.
Does not matter.
I'll make dinner for
Eat with me
He left it again.
It's very dark here.
Three days of depression
it's too much.
Eat something.
I will do it.
Sarie, leave me alone.
Okay me
I'll be going in a minute.
You do not need to do that.
Sarie ...
You do not have to thank,
I waited. I already called Sarie.
Excuse me. Sarie!
Is here.
I'm sorry, Mrs. Petersen.
I asked her to wait
in the lobby.
Please, sir, come down.
This is not OK.
It's okay, Oom.
It's okay.
Let's move on.
I'll leave this here.
Come closer.
Closer.
Wren ...
That could be the last
Once we met ...
Do normal things.
How did you know
Would be here
I have my sources.
Yes I have them.
Here I go again.
Women are
Beaten and raped
While walking to the

Latrine in the dark.
This light will be very useful.
Does not solve all
Problems, but it helps.
We toast May 1
Join the party
The Lord says ...
"Let there be light."
Very good!
Who knows the chapters
Of the Genesis of the Bible?
The first chapter,
Who knows?
- Sam!
- Your!
Very good!
Why did not they get married?
- Do you want us to get married?
- Yeah.
I want that for you.
Life is hard, you need another
Person with whom to share it.
Very well, let me
See whom I choose.
It is not choosing someone.
It is to love it.
To love him.
What?
- You have no idea.
- I'm not here alone.
Someone else wants to see you.
OMG!
Ellen!
I did not know that yet
You were in the country
Hi.
What are you doing here?
Is Miguel with you?
You're good?
No I'm not. I already
I knew, I had better stay.
- I'm still here.
- I see, I see.
They're together, right?

That's what I heard.
Thank you for letting me
Made known
He told you we were
Together for a year,
Before you came
I should have
Known as well.
With some people it is the
Drug, with other alcohol ...
With Miguel are women.
- That is how...?
- You get over it, right?
I knew it, what I say is ...
I do not...
I did not realize.
I just thought you'd be the
Last person who ...
You would fall
Shit.
I hate myself.
It is what always happens.
You were perfect at
Yours, Miguel.
And your position is very clear:
"This is how I am,
take it or leave it."
I can only end up hating myself
Myself for accepting that.
Because I loved you so much.
- Do you want me to leave?
- Do not.
He lives his life.
Anyway...
I just came to say ...
Say positive in one
HIV test.
What?
He hoped that the second test
I would come out different, but then ...
Surprise!
Have they donated blood?
Have you analyzed
in the last weeks?

Do not.
I'll ... I'll give them a second.
All right. Ellen ...
How can I help you
somehow?
Do not you think you exposed yourself in the
And you will prick yourself with a needle?
I do not know. I do not know, but I think
That both should be examined.
Or we could go to bed,
That way we would be safe.
I want you to have it.
No, I do not.
I just do not want
To be alone with this.
It could be romantic.
I do not like
House music.
I know, I know.
What do you think, Wren?
I think that
I miss my dad.
I never told her that I loved her.
Never.
Amazing.
He did not even have that.
You told me that
Everything was sacred.
All.
That's what you said.
I remember now.
Beatrice!
Let me know about the
Results as soon as possible.
What are you thinking?
Wren?
Are you going to throw everything
Overboard?
Completely?
That is my girl.
That is my girl.
Girls, girls ...
I'm sleeping!
Our analyzes both

They came out negative.
And Ellen went to Paris.
It is being treated.
For what you count, you
I told Ellen that I loved her.
But...
Never...
I mentioned that I loved her
To her as I love you
To you.
I know i do not like you
Much at this time,
And I understand it, but
Maybe we could
Leave the camp one day
And drive somewhere.
Let's go for a walk!
Let's go for a walk!
Let's go for a walk!
Let's go for a walk!
God you
They are so annoying!
It's okay.
Listen to me.
I'll go, because you two
They want me to go, okay?
- Seriously?
- What?
"Pour my life on
A glass of paper. "
"The ashtray is full and
I'm spilling my guts. "
Listen out!
"I'm still a whore".
Pathetic, pathetic!
My God, he's trying
To confuse me
Believes that women and
Wars are my hero.
Wren, listen, Anthony
Wants to get to the other side.
Anthony!
I can feel a song,
Without it being my autobiography.

- It's universal.
- Thank you.
Snakes, snakes!
Come on. Come on,
come here please.
I want to kiss you.
Do you want to kiss her?
I want to kiss her.
I want to kiss you.
You are full of
Shit, did you know that?
Do you know what he wants to do?
All he wants is to kiss.
That is all.
My God, are you kidding?
My God, Miguel, bring it down.
window! It's not funny!
Come on! Is
Dangerous fuck
I thought you were a surgeon.
What?
Winnie?
Cover your eyes now.
Call the camp.
OMG! OMG!
I am a doctor. I am
A doctor, yes?
We are here to
Helping the wounded.
We are
Doctors Doctors.
Doctors of the World!
Doctors of the World!
Miguel...
Doctors of the World. All right...
- No no!
- US...
We came to help
To the wounded.
Do not! Do not!
Do not!
I had no strength.
Probably one of the
Was the one who did this.

The villagers must have
Have defended themselves.
- They left him behind.
- Over there! There!
Please help, doctor!
This way, this way!
Help, Doctor!
Here! Please,
doctor! Please, doctor!
Take them to the truck.
In the back.
- Are they all?
- Yes.
I'm going to close, okay?
Blood.
I've been ordering blood
For the last two weeks.
A syringe, for
favor. Please.
A syringe, yes.
We have a
Laxative, great.
How did it end here? Do you know others
Uses besides constipation?
Do not.
- Look.
- What happened?
Your body could not
More, you collapsed.
All right, it happens. I gave a sedative, are you okay?
1, 2, 3, 4, 5, 6 ...
Six.
We have enough blood only
For one of the patients.
Night will survive
only one. Agree?
All right...
Do you want to choose?
It's hard.
It's hard.
I'll decide, if you want.
Because if we share it,
Nobody will survive.
All right? One, Wren. One.

We should not even
To be here to begin with.
If you move, we abandon them
At the worst time.
No, we do not abandon anyone,
We use our game to attract
The attention on what happens here.
- We'll use the press.
- All right.
Will they stop the oil
In the Middle East
To come running
To West Africa?
Come on, Wren.
This...
This feels so useless.
Listen out.
We stay here
We're leaving,
Not because we think
We'll save the world, okay?
So when you talk about evacuating,
Do me a favor and say it's because of fear.
Yes? Or why
You want to bathe
Or why do you want
They bathe
Nothing happens.
Even if you manage to attract attention,
What happens next? What's up?
I never saw the oppressed become
In oppressors. Not one time.
Then why simply
We do not abandon everything.
- What?
- Let's leave everything.
Let's pack everything and let's go.
What are we doing here?
No, let's save this man,
That girl, this baby here, now.
Save them for what?
For what kind of world?
Yours.
Is that your solution?

Wren, there is no solution.
We do not have a solution.
For this? No, there is not.
Maybe I'm wrong and
Evolution is the solution.
But do you have the
Patience for that?
Do they need to evolve?
- You're a racist now?
- No no no! Hey hey!
I am not talking about them, but about the
Unconscious riches out there.
Do you think I do not know that?
- The Americans, the Europeans ...
- Yeah.
The rich.
Most people from
Here he is satisfied with little.
They leave their homes, their
Countries, to flee the war.
- They live their solution.
Is that living?
They must live,
That is the solution.
- Live?
- Yes, live.
Live?
They watch the ants climb.
And they dance, flirt,
They laugh with babies.
Yes, live.
How can they do it, because
It's the life that touched them, Wren.
Very brave, Miguel. That absolves you
To see beyond today.
The West can
Stop this
If it is implied
the best way.
I do not say that personally
I'm going to save the world.
I say I want to do everything
The possible to stop this.
Instead of playing to be God for a

Handful of lucky few.
Do you really think that
I need something for me
You do not know shit.
Be within me
Does not make me
You know, of course.
And i do not need
That they be like me,
If that was what you
You were talking about the bathroom.
I lived in Africa, I know
What they face,
And I'm not one of those who
He folds his arms and says,
"Damn it, there is no hope,"
Just to keep you company.
- You do not want to try?
- OMG.
Do not you want to keep me company,
At least a little
I need my
Carpet of prayer.
Forgive me.
You're here with us.
Thank you.
But you know you can
Go whenever you want
It is not until
you can not go away...
That you realize.
I really thought
That boy was going
To kill you today
I have to go and play
God, transfuse a patient.
Do not.
I will do it.
Wren ... me too
I was scared today.
Very good.
I need to know the blood
Of that man immediately.
- A +?

- Yes.

Well, it will take

The 6 bags.

Prepare for transfusion.

- What's up?

- You have to go.

- What's going on?

- We have to go.

We have to

cross the border.

It's bad. The rebels

They used many civilians.

For what?

Go Go!

We will give you the

Details later!

No, no, Winnie.

came back! Sam, come back!

It is dangerous for civilians,

you do not go! Come back!

"Stay with us, Moussa.

- People die, they need us all.

Is not safe. The men

They rape at night. We will go.

No, I am the Coordinator of

draft! I decide here!

- We're brave.

- No, Sam!

Wait, wait. A second, for

favor. Wren, what do you want to do?

We will not take the children.

We'll all go. If it

You decide, we walk back.

No, stop all!

Let's move on!

People die!

- Ride back.

- Go Go!

There was something precipitous

In what we did,

somewhat blinding in the

Addiction to the emergency ...

to allow us to

The children will accompany us ...

how confidently
Cross the border.
Miguel was not
The same ... and neither.
But together
They needed us.
And being needed ...
I was everything.
We started to work.
Let Farber handle it.
Dr. Petersen?
Yes I'm going!
Why do they have to
So many young people
... boys, with
Wounds on the chest?
They were used as shields
By the rebels.
I have to bring the book.
My name is ... Malesh Roe.
Where is my daughter Fatou?
Is she alive?
He wants to be with his daughter.
If we find it and find it
With life, we will operate it.
What did you say?
She wants to be with her daughter.
You want to live?
God decides that .
It does not depend on it.
He wants to be with his daughter.
That's what he said!
What? You can not do that.
- You can not do that!
- What is your daughter's name?
- Fatou ...
- Fatou? Fatou Roe?
Do not let the
Patients decide!
Beatrice ...
His daughter's name is Fatou
Roe. Look to see if she's alive.
- Now?
- Yes, now!

US...

... we will let ... Malesh?

Malesh ...

We will let Malesh

Meet with his daughter.

It's not right, Wren.

It is for pain.

For pain.

I will not let you suffer

In this operation,

He's going to die anyway.

Make it comfortable now! There!

Who leaves now?

We have to open the chest and find

The pulmonary hilum in one of 10 years.

Are you going to attend?

Sister, are all the

People of the village?

All the children you saw?

I'm looking for Fatou Roe.

Have you seen Fatou Roe?

Wren we need you,

are you coming?

I'm looking for a satellite phone. I have

They call and stop this today.

Are you going to stop all this? All right.

Wren, we need your

Help in now.

- Wren!

- We're not helping!

All right, pack. Go away, go!

Go away no more

Can you stand it!

Make your call!

And if your daughter is alive,

you'll take both

Enjoy the West.

Please, can you leave the

Ghost of your father today?

Please.

Do you think you know who I am?

You do not know who I am.

Make it clear:

Someone tell me who I am.
More than another
Thing in the world.
I'd rather be told what to do,
Let me know who or what I am.
Well, I will not return to you
Say that, okay?
And I'm going to look ...
I'll think of many
Things to do.

Like:

"Work".
You're a little wonder.
Hears...
What?
I was thinking...
You still are
perfect for me.
Are you coming or are you leaving?
Ma'am, decide
Of a good time!
Wren ...
Wren, MSF wants
That we stay.
Wren, it's almost time
Of the curfew.
Very good.
We're leaving.
Why did not you marry?
Life is hard.
You need someone else
With whom to share it.
- You're good?
- Yes, and you?
They will see.
Daddy, are we leaving? Yes.
Yes, we're leaving.
Triage patients
They left a minute ago.
They just left.
Come on, fast, get on the
car. Put your head down!
Sam, get in!

Get down!
Silence!
This is a witch.
What are you, brother?
Is a doctor.
Do you have anything for us?
Princess, it's your toys.
- Move!
- Yes, move!
- What are they doing? What...?
- Wren, wait.
What are they doing?
Give me your watch, white.
You're a doctor too.
Why are you wearing my watch?
Did not you hear? For what
you want? Your time is over.
- Stop!
- Wait wait!
Funny doctor!
I have a gun, no
You are nothing doctor
Release the watch!
- Give me your shoes!
- Yes, give them!
- Give me the shoes!
- You too!
Well, the shoes.
- Give me your shoes!
- Give it to them!
I told you that I
You gave, white! Give them to me!
- Dad dad!
- Sam!
Sam, come back!
You, you.
- The Commander is calling you.
- Come here.
Come here, come.
- Sam! Sam!
- Here, come.
Put it there, put it there.
He is your father?
Answers? Always

You do what dad says
- You can not talk?
- He does not understand, he has problems.
Can not speak?
Listen out.
- I'll be your father and your mother.
- Please.
- Do not? So what do you live for?
- Please. Please no.
You're going to give me your
Son, okay?
Please. Please no.
Can you obey
Someone other than your father?
Do you think
Father is anyone?
Now you'll see.
No, no, no, stop!
Miguel? Miguel?
I will inform about
That I am witnessing!
Report what is
Witnessing, well.
Are you enjoying yourself?
You, hit your father.
Miguel?
Did you hear the Commander?
Does it stick to your father?
- You hit your father?
- Miguel?
- All right, Sam, do it.
- Did not you hear the Commander?
Do it!
Hit him hard!
Do it, Samuel!
- Damn, please, stop!
- Hit your father!
- Hit me.
- Leave him!
Stronger, stronger!
- Stronger!
- Stronger!
- Do it.
- Hit your father!

Stronger!

Stronger!

- Stronger! Stronger!

- Please stop.

Stronger!

Stronger!

Beat him!

Stronger!

Stronger!

- Leave him alone!

- Stronger!

- Do it! Do it!

- Stronger! Stronger!

- Hit your father!

- Hit hard!

Come on.

Take this.

- Take the damn rifle!

- Take it.

Take it, take it.

Take it!

- Look at me, take it.

- Shoot your father.

- Shoot him!

- Do it.

Disprale a tu padre!

- Disprale!

- Hazlo!

- No hagan eso, por favor!

- Hazlo, carajo!

- Disprale!

- Disprale a tu padre!

- Disprale!

- Disprale a tu padre!

- Djenlo en paz!

- Por el amor de Dios!

- Disprale!

- Disprale a tu padre!

- Disprale!

- Disprale a tu padre!

Hermoso hijo, te amo...

- No!

- Sam!

Qu carajo les pasa?

Qu carajo les pasa?
Hijo mo!
T...
T disparaste la bala.
Oye, Miguel! Miguel!
Miguel nos vamos!
Miguel!
Wren, entra al auto.
Wren?
Vamos!
Siempre recuerdo lo blancas
que eran sus camisas.
Las pequeas
camisas de Sam.
Cmo conseguia que
estuvieran siempre tan blancas?
Creo que slo tena una.
La lavaba l mismo.
Quiero que sepas que siempre te
he esperado aunque no lo quisiera.
Yo tambn te esper, Wren.
Nunca volviste.
Lo intent.
S, lo intent, es slo que...
Saba que no me quedara.
Entre nosotros y la guerra...
No s si habr un
"nosotros" sin guerra.
Dime que eso no es cierto.
No puedo.
T s?
No.
- Dime que no es cierto.
- No es cierto.
No es cierto.
Dmelo, dime
que no es cierto.
Es...
Una sola historia, Wren.
Qu historia te cuentas
a ti mismo ahora, Miguel?
Una en la que me pides que
regrese al campo contigo?
S, lo he pensando.

Pero...

- Pero sera demasiado pedir, no?

- S.

Sera injusto para m.

Muy injusto.

S.

Y t, cul

historia te cuentas?

La historia donde

me quedo aqu...

Y tenemos una...

...hermosa casa en

medio de la nada,

con hijos dando vueltas?

Donde t trabajas desde casa

y yo soy mdico de familia...

No.

Donde perteneces es all.

Al campo.

Pero ese es quien eres.

- S.

- Pero me atemoriza.

Muchsimo.

Ojal pudiera...

- Lo dese.

- Ojal yo...

Cuando era pequea, mi padre

a menudo estaba ausente.

Un da le pregunt:

"Pap qu es lo ms
inesperado que hayas visto?"

Me dijo que haba estado
en algn lugar de Cambodia.

En una isla...

Ayudando a los refugiados
a principios de los aos 70.

Era un joven mdico,
atendiendo a un anciano
sentado contra un rbol.

Le pregunt al hombre:

"Si pudiera tener lo que
quisiera, qu elegira?"

Mi padre supuso que
dira comida o dinero.

Pero el hombre contestó:
"Querra un libro cualquiera, de
literatura clásica francesa."
El hombre había sido
profesor de una universidad
hasta el día, el día
que fue desplazado.
Creo que vemos a los refugiados
como todo lo que han sido.
Como si no fuesen
como nosotros.
Pero son como nosotros.
Son obreros,
contadores, maestros,
albañiles, agricultores...
Tienen familias...
Y tienen sueños.
Sueños.
Una gran parte del mundo actual
ha sido apartada de sus sueños.
Las guerras atacan los sueños.
La pobreza ataca los sueños.
Las catástrofes naturales
atacan los sueños.
La enfermedad ataca los sueños.
Pero si creen en ellos,
más que en su dinero,
ellos alcanzarán sus sueños.
Y les diré por qué:
Porque los sueños
no son un lujo.
Como tampoco los refugiados
no son como nosotros.
Son iguales a nosotros.
Y como iguales, sus sueños
más que el aire mismo
es la más fundamental de
todas las necesidades humanas.

Querida Wren:

Todo lo que realmente
quiere decir es que...
S que te volver a ver.
No sé cuándo.

Buscar por
todo el desierto...
Y dir tu nombre.
Y ver tu rostro.
El rostro de la persona
que ms me am,
que me cont
entre los vivos...
...cuando yo no
poda hacerlo.
Un piloto norteamericano de 20
aos que trabajaba para la MSF,
evacuaba mujeres y nios de
una escuela durante los ataques.
Fueron abatidos.
Todos murieron.
Miguel estaba entre ellos.
Cuando pensaba en l
poda sentir mi estmago,
las hileras de
costillas bajo mi piel.
Yo exista de un modo diferente
a cuando no pensaba en l.
Antes de conocerle,
era una idea que tena.
Pero no exista realmente.
Recordaba quin era
yo al recordarle a l.
