# Things We Lost in the Fire

By Allan Loeb

- Dad?

- Yes.

The water is green.

No, it is fluorescent.

- How is it? Fluore...

- Fluorescent.

Fluorescent it means  
ignition from inside.

Am I then fluorescent?

Yes Dory, you are it.

THAT THAT PERDLMOS IN THE FIRE

Why does he/she call himself to sleep charmed?

Sedada affection is.

Not I know that that that  
word means, mom.

It means that she has taken  
pills to be able to sleep.

She lost their son, Harper.

Not there is nothing else painful  
in the entire world.

More than to lose your father?

Different...

... different.

- Mom's cousin comes.

- Yes, why?

Not I have spoken with  
her in almost ten years.

It is Brian's computer.

- Not I can go, you would rot...

- Ok, I understand it.

Who is Nicks290?.

Oh God, is a friend of Brian of the  
university. Now he/she does live in Michigan, what does he/she say?

He/she says How you believe that  
do new Sonix work?.

What do you believe of him?

He/she has a good rebound, but  
he/she needs something to jump.

Then he/she writes that.

Ok can make it.

- Shit

- What? What does it happen?

- I forgot to tell to somebody.

- To who?

Neal, can you take me to Rend?

Rend? Not you can call?.

No, he/she doesn't have telephone.

- Who doesn't have telephone affection?

- Can you take me?

- Non affection, we go.

- It is well, I have it, I will go.

He/she looks at the address book here

and it looks for Jerry Sunborne.

Who is Jerry Sunborne?

Who devils is Jerry Sunborne?

- Do you want to eat something?

- I am well.

Audrey is well.

- Could you give me one of those?

- Yes.

Thank you.

- My name is Howard Glassman.

- Jerry.

- Of where you know Brian?

- Crecimosjuntos.

Oh, me alone I live in this street

and I financed some of their treatments.

- Oh, no...

- I sit down it.

My wife.

A pleasure to know you, Jerry.

Oh, so you are smoking again.

- Hey

- Hello.

- David

- My name is Jerry.

- Are you Harper?.

- Yes.

Dory.

- Their father was my best friend.

- Why?

When I had your

age, last week.

You can always be young if you want it.

And Dory has that scar in the nose...

... because he/she was running and he/she thought that  
the glass door was open.

But it was closed.

Everybody knows that, Dory.

- You don't like mice, they scare you.

- Not they speak.

Yes, that is it they make.

Their suit is squeezed a little.

Oh, thank you, it was improving the view.

Comely to that cannot make this.

He/she practices.

- Hello.

- Hello, Jerry.

I sit down it a lot.

Thank you to come.

I am very grateful that you came.

Not it was very sure that you would make it.

Not there is problem.

I hated you.

I hated you during so many years.

- It is well

- I know it.

This seems so silly.

It was so loyal.

He/she didn't surrender, you know.

Most of people him ago,

but him not.

- I know it.

- Better I leave.

- No, I need you to stay.

Porfavor could be alone for a while.

- Sure.

- Alone a little.

- Sure.

Well.

Brian was some 6 years old and

we were in Cuntry Club,

he/she was swiming in the pool

and all that said was that...

... it had been made pis in the pool.

Everybody lost temper, Jude

Addison also and he/she told him/her...

What are you making?

He was urinating in the

pool the same as in their urinal.

At the end it was proud

of what had made,

he/she was not a bad boy,  
it was calm, you know.  
And I said...  
... I have forgotten the history.  
I said...  
Why... ? Be quiet.

**I said:**

He looked at me and he/she told me...  
Shit, I have forgotten what said,  
it was so comic, oh.

**He said:**

Not I do want to wet my bat and what?  
That is well.  
The era a little slowed  
when he/she was boy.  
No, I sit down it, but it was it.  
It was slow, you already know.  
Are we at home?  
Don't allow them to grow.  
Good.  
I will make something of pasta.  
Yvino,  
I will get dressed for the occasion,  
do you want that?  
When he/she returns.  
- No, not.  
- I have to make it.  
- Why?  
- It is their birthday.  
- And what?  
- Because I know it since he/she was boy.  
Every time that you will see scares me to it a lot.  
- You cannot return.  
- Not be so dramatic.  
He/she stops to be so frank.  
Audrey, is its birthday.  
Who does know how many more he/she will have?.  
Mom.  
- Jerry.  
- Hello.  
Happy Birthday.  
- Happy age.

- Happy age.  
- You are already an old one.

- Yes.

It happens.

- Is she well?

- Yes it is well.

He/she has a seat.

I am hungry. Do you want to eat something?

- Yes.

- Yes?

Let us leave.

- Something eats coffee...

- Strawberries.

- Strawberries?

- Yes.

- Let us look for some soup.

- OK.

I am happy with the work.

Not you said that you would discharge  
to the workers?

YAudrey is with another.

You have revised those  
messages in their cellular one?.

Not I have to make it.

You don't understand it, she shines so well,  
that it is not possible that  
alone he/she goes to bed with me.

Our neighbor is as Langdon Higgs,  
that mountaineer, drawee  
of beers, funny.

She is in love of Langdon Higgs.

Then you should have a

I hurt with the bad type.

The era the good one.

You still... ?

Yes.

You are still in the rotation, you don't believe.

You know, you can accept the good thing,  
but also the bad thing.

You have all that a man would want.

The good Brian accepts.

You have what I have never had...

- No, don't speak that yourself.

Brian, you are the only one true

does friend that I have left, know it?

Audrey was bothered because

did you come tonight?

No.

Yes.

Not I know why you don't want to see it another time.

Not I want to see anybody until

to be clean, it is for that reason.

Did the ascent of taxes affect you?

No, people will continue buying

while he/she has good legs.

Yes?

Jerry.

Maybe.

Who is?

The brother of Audrey Burke, Neal.

Do you open me the door, please?.

Yes.

Brian is dead.

It was murdered.

Somebody killed him.

It is dead.

Of what cono are you speaking to me?

It is dead.

Are you I jodiendo?

A type hit its wife and Brian...

What?

Brian is dead.

Their funeral one is today.

I am here to take you.

It will be better than non mejodieras.

Do you have a suit?

Yes, I have a suit.

What do you find chicken, Harper?.

Can you eat chicken, not?

The chicken is an animal,

dad, I don't eat animals.

- From when?

- Since it is murder.

Not more meat, affection.

Meat is murder.

Where you learned that?

I know some things,

all that I know the I read.

That is not true, the knowledge  
of the nature you learned it in...

- Dad.

- Yes.

I like the meat.

Me you that yes, he likes the meat,  
Harper. He will be bigger than you.

She eats broccoli.

Cgiste 60 dollars of the car, Brian?

No.

It is curious, because he/she had them  
in the ashtray and they are no longer.

I didn't catch them.

Your friend was in  
the car the other night?

He didn't take them.

Who?

- He would not make it.

- Who?

Why don't you wake up, Brian?

Awake.

To eat meat is a murder.

- Do you want to enter?.

- Yes, but I have to leave.

Oh, was very pleasant to go out with you.

You know that I appreciate it  
more than what you believe.

Seriously.

Happy Birthday.

It was good to see you.

It is well.

Not forget, don't forget that.

Not do forget what?

The food.

What?

You, pretty boy hear.

It was concerned that  
you had passed a bad while.

Not you will be seeing the film

Lifetime another time. No?

No, it is this commercial one that we have seen.

Are they crying for a commercial one?

Not you have idea of what you/they happen  
the seals babies in Alaska.

They are so pretty, dad.  
Donate them a lot of money.  
There is a place in Internet  
to make the donations.  
It is well, Harper salt. It was.  
We see each other then.  
We see each other then.  
Charmed of knowing you.  
I will refresh.  
How was he?  
It is all jodido for their addiction.  
It is very jodido.  
He told me a thing...  
... that I was thinking  
while he/she returned to the house.  
He/she asked me if the taxes  
they had affected my business,  
that doesn't have relevance  
for Jerry and their world not?  
He/she could have read it in  
some place and to remember...  
... because he/she has relevance for me.  
I know that you think that I always give him/her  
and I give him/her and him alone he/she receives, but...  
... he is my friend, him you  
it worries for me and I understand it.  
He/she is my friend.  
I forgot to put him/her those  
switches to the lights.  
I will discharge to these types  
and I will hire some Poles.  
- Can you take to the children to swim tomorrow?  
- Yes.  
Will they put the head this time?  
That waits.  
If they don't make it the I push.  
Oh that would be well.  
I told to Jerry that you were  
putting to bed with Langdon Higgs.  
Did you tell him/her what?  
-Langdon Higgs?  
-He knows that he/she was joking.  
Why I would be  
putting to bed with Langdon Higgs?

I don't know it.  
If he/she will go to bed with somebody  
it would not be Langdon... Higgs.  
No? Why not?  
Because the not even speaks, it is for that reason.  
He will make it.  
The gun of water.  
The gun of water? Why?  
Because...  
Why the gun of water?  
Because you remind me to a cowboy.  
If Howard had a gun of  
he/she is flooded he/she remembered to a cowboy.  
Oh, yes.  
Not ask if you don't want to know.  
It shoots.  
Alone you make it.  
Do they need something?  
Non thank you Howard. Won't you take a bath?.  
He doesn't swim.  
OK.  
Who wears out 200 thousand dollars  
in a pool if he/she doesn't swim?  
It is well, it is enough.  
Maybe next time you attempt  
to build a mosque.  
That was amusing.  
I will return in a couple of hours.  
We go.  
Not I want.  
The difficult one is making  
so that they assist him, dad.  
Thank you doctor, but him  
the attention has been won.  
Dory is well, only attempt it.  
I already made it.  
No, you didn't make it.  
You owe enfrontartus fears.  
Everybody has to make it.  
OK, you are a man, you are almost 6 years old.  
It is time, we will make it.  
Not I have to make it,  
you cannot put under an obligation.  
Me yes I can put under an obligation.

Baby, joking.

- Am I joking?

- He are not?

Oh, yes. Were we joking not?

I leave you with mom. lr with your sister.

They come with mom. They come with mommy.

Your dad is a man very...

... abusive.

Hello.

He/she looks at what I have made with this.

I have bothered him completely.

I believe that it is well.

At some time you will give me

a honest answer,

or simply owners everything that makes.

It is, oh... I believe that it is... ugly.

Thank you.

It is uneven, without form, faded.

I have a lifetime and alone

an opportunity to finish it.

Now I have bothered him and

everything has been disorganized.

Oh that bad. He/she had listened

that you liked to live in the water.

Dad!

I promise that I will transform into a stone.

Dad!

I will be contained.

OK?

To control.

Don't move, is it well?

Hello, baby.

The history of the strawberry bores.

- You already finished it.

- Yes.

What you mean with

what does the strawberry bore?

I will return in a moment.

- Good-bye.

- Good-bye.

Oh, Dory.

You seem a puppy,

that it is alone.

What are you saying?

- Apologize.

- Mom.

It is amusing. Not he/she responds.

Are you Brian's lady Burke?

You don't tell me that you love him. Do you hear me?

Curse.

- Don't lie me.

- No.

- Not make that again.

- Hold.

- This is my wife.

- To my I don't care it.

Hold, it is everything.

Man breathes, it counts up to 10.

- Am I breathing it is well?

- It counts up to 10...

- 1, 2,

- Likewise.

... 3, 4.

Yes, hello.

I Am in Southwest and Alm,

I have a woman here that...

... it has been hit,

it is too wornout.

No.

I have 2 children.

I have a girl of 10

years and a 6 year-old boy.

They are waiting to that

their father returns home.

Not I can scream.

I sit down it a lot.

What does it happen?

Jerry.

-Oh, I sit down it.

-He doesn't already live here.

It is well. You can me

to say where to find it.

Intente in clinical McKinley.

Ok Clinical McKinley.

- Hello.

- Hello.

What do you make here?

Not I know, alone I came to see how you were.

How good to see you.

Do you want coffee or does it dilute?

Yes.

We go.

- Then this it is a Clinic of Rehabilitation.

- Yes.

- You take metadona.

- No, not me.

Alone I help in the Clinic and them  
they give me a place where to stay.

When was the last time that you used it?

I was about using it after the one  
funeral, I had a relapse.

How are the children?

They are a disaster in the school...

... and Dory is having nightmares  
in those that their dad is the monster.

- Do you want more?

- No.

I leave.

For, Harper.

Not I am making anything.

For already, Harper.

Mom.

Harper!

For! Not they can give me a rest?!

All that I requested them this morning  
it was that they sat down here...

... and that they ate calm.

But they cannot even think in  
that. Don't laugh Dory, it is not amusing.

Mom.

Can I sleep with you?

Yes, we go.

Curse.

He/she hears, this it is the treatment.

It is well,

We had a fire in our garage.

The good news are that  
we begin to reconstruct it.

The bad news is that we never finish.

Then, now the only thing that there is  
it is a room with a bathroom.

You cannot stay here, Jerry.

You are crazy.

Why?

Because it is free.

Not I need charity, Audrey.

Who is offering charity?

I am me the one that needs help.

Not you realize the

that I am telling you?

You can move, to make comfortable and with the one  
time can obtain a work...

... and you can pay me the rent.

Why did Brian never mention you?

Because he/she was recovering  
of my addiction.

I hate my wife.

I mean, that it is their butacn.

I hate all that has to do with her.

He/she leaves to ponerfuriosa when  
discover that I gave you this shit.

It is well.

- Hello Dory.

- Hello.

Do you want to shake hands us?

Don't worry.

We have it.

Good work.

Yes?

It happens.

It is hour of eating.

Hour of eating?.

Yes, my mom told me

that he/she came to look for you.

My souls.

I have two souls.

An and two.

It is well, we go it stops there.

He is so fantastic.

Yes, it is so comic.

Yes.

We go, it happens.

Small, this it is Jerry.

- Jerry she is Emily.

- Hello Emily.

- And this he/she is Sara.

- Hello Sara.

Jerry is a good friend of the family  
that he/she will eat with us today, Ok?.

Who does want chicken?

- Me.

- Yes.

Chicken Jerry?.

No, I am vegetarian.

Are you it? Me also.

The meat is murder.

I like the chicken.

I will give you right now.

Seriously? I knew to a

boy that is very well.

It is very difficult in summer, I was

there and I was sure the whole time.

Of what?

He/she hears.

He/she Hears, Jerry.

Yes?

He/she used to run with Brian every morning.

Do you want go to run?.

I am smoking, Howard.

I will wait.

Howard, I don't run from the primary one.

We will run more or less for one hour,

then I bring you

managing or what is.

Alone we will go, do you know?

Not I know if he/she can make it.

We will run slowly.

- He/she waits, he/she waits, I am not able to...

- It is well.

It is it is our route.

I planned to change it, after...

... but...

... this it is our route.

Audrey...

... it doesn't accept of the reality.

Doesn't she have to look for a work?

Who did tell you that?

Brian was a great innovator.

You already know, he/she had everything thought, it created  
the opportunities, he/she knew with who to fight.

Its house, is Atlantic.

Do you know? Audrey one will never have  
that to worry for the money.

- Good morning.

- Hello.

Can you give me water?

Put your shoes here.

He/she closes the door.

Ok?.

We go.

It is well.

I need to sleep.

Not I am very sure of this.

We go, it trusts me.

Alone I know your friend for a moment.

Put this leg here.

Higher.

This way.

It turns off the light.

It is well, now...

... put your hand...

... in my ear and caress her.

Yes, likewise.

Too quick.

Too hard.

This way.

- This way?

- Yes.

Allow you to take.

No, I am not still awake.

You have to continue.

Alone for today, my thoughts  
they will be for my recovery.

Living a life

pleasant without using drugs.

Alone per today I will trust in  
somebody in Anonymous Alcoholics...

... that he/she believes in me and he/she wants  
to help me in my recovery.

Alone per today a true A.A.

I will be about finding one  
better perspective in my life.

Alone per today I won't be afraid,  
my thoughts will go to...

The shoes walk well.

How it is that a person you  
does addict return to the heroine?  
Seriously.

Yes.

Good, you have to be in the court  
and to be a very big error,  
you enter in a paranoia,  
you find the heroine and  
after that, wa, wa wa...

Are you a good lawyer, truth?

To who does he care who was?

He/she works for me.

Not I know the things  
main of your business.

Do you know my house, not?

We will make one

he/she interviews. You have the work.

Here you have.

Thank you.

- This is the room.

- Yes.

As you can see the doors  
they are decorated as the furniture,  
Ruth made the same thing.  
She will keep everything,  
you already know, including the house.

Then you do want to be impeded it?

Yes.

Not I could face my fears.

Not I am strong as you.

Strong as me?

He/she looks, you will have to make this test.

It is a regulation of the State of  
Washington, but don't get scared,  
I have it all low control.

Are you sure?

Yes

Yes.

- Sure?

- If.

Well.

I brought your clean clothes.

- If.

- Thank you.  
You are well.  
That is to say, better than when you arrived.  
Thank you, 39 days.  
How is the heroine?  
You have listened the expression  
'to be kissed for heaven's sake '?  
Because that is alone at the beginning.  
Everything that faces are to pursue.  
To pursue that feeling  
initial that you never recovered it.  
You can escape and if you drug yourself.  
But never as the first times.  
I want to escape.  
If.  
I want to know like he/she feels to escape.  
No, you didn't want.  
If, if he/she wanted.  
And it would pursue that  
feeling the whole day.  
And he/she would make it until it would not rot but.  
- Not you would rot.  
- If it would rot.  
Not you would rot.  
You are too strong, committed.  
I sit down it.  
I sit down that.  
This well.  
Let us play football.  
That I am not wet the head.  
Do you never put the head in the water?  
No.  
And the chin?  
We go.  
How's it going this ear?  
And the other one?  
The tip of the head.  
There you have, you put it  
complete in the head.  
The chin, the tip of  
the head, your two ears.  
That everything is, how does he/she feel?  
- Not you.  
- Make it and tell it to me.

You already made it, it is easy  
to make something that you already made.

Do you want to make it quick?

- If.

- At three o'clock.

Hello.

- All this well?

- If, it would rot...

If he/she enters, they come.

Sit down.

Sit down.

That made today,

I broke the heart.

What did I make?

You made that Dory put

the head under the water.

That was alone a trick.

He has 6.

Harper made it when alone taenia 3.

It was something that Brian tried,

I try that Dory made.

But he/she was not able to, and today's victory.

That Dory put the head

under the water it was not yours.

It was not supposed that your

you had that moment.

And he/she stops my to see you, it was as...

- How...

- I sit down it.

Harper not this.

The director has just called.

Not this in the school

now, and yesterday was not neither.

Not he/she has gone for two days,

but it was here last night.

I am becoming madwoman,

the cellular one doesn't respond.

I saw it be mounted in the one

bus this morning.

Stay here for if he/she returns.

lr to the school.

Harper.

He/she calls to your he/she suckles now

and tell him/her that these well.

If, he/she already finishes.  
You call it right now, young boy.  
How did you know where it was?  
Your potato counted me.  
You know...  
You can marry with my he/she suckles  
and her serious happy again.  
And we could be a family.  
- That never happened.  
- Why?  
Because serious as if my  
better friend never existed.  
But the if it existed.  
And I believe that it is for that reason.  
But if it cares because  
I will never be as the one.  
But you know that, I approved the test.  
- Really?  
- If.  
- Good work.  
- Thank you.  
You go and tell him/her.  
No, tell him/her your.  
There is one day a year in  
that the theater of the park,  
... it puts a movie in  
white and black every day.  
And Brian used to not go to the one  
I work and to take to Harper,  
... and they played jockey and they saw  
one of these movies.  
For that reason I found to  
Ms. Hitchcock.  
How did you know about the movies?  
Brian told me.  
And how devils the wise ones and me not?  
Not him you.  
Maybe the wise one that if you him  
he/she said, you would not allow it to make it.  
Porfavor doesn't take it with her.  
Not it is their blame.  
What does it happen?  
This not this working, Jerry.  
Those are my children.

And I don't need that your neither nobody  
but he/she tells me as raising them.

That him you.

It picks up your things and veto.

Veto.

For.

This is not exactly, it doesn't stop my.

But with Harper and Dory.

If, this being selfish.

Jdete.

Somebody but? Who does continue? Kelly.

Hello my name is Kelly and I am addicted.

Hello Kelly.

I am very angry and frustrated today,

... because there is a woman in the center  
of rehabilitation where I work.

Their name is Katherine and he/she is 96 years old.

She has always had much  
energy and it has been optimistic.

Always smiling and you him

I diagnose cancer recently.

But it is of the one that works  
slow, he/she takes 20 years.

And he/she didn't want them to tell him/her,  
which is the difference?

She will die from age, not of cancer.

But they told it to him and now  
this sad one the whole day,

... alone he/she sleeps, he/she cries.

Alone I believe that they should have him/her  
said, I will return later.

Thank You Kelly.

Those that want pray  
the sentence of serenity.

Will you sell them to buy drugs?

Pardon?

Will you sell them to buy drugs?

Why don't you sleep?

I had a nightmare.

Good me also.

Don't take you those,  
return them, that is bad.

Return them.

Return them.

- Ok.

- Not it is good.

Ok ok

Of what was your nightmare?

I woke up in the room of my he/she suckles.

And it was not there, he/she had left.

Go down to see where it was and I woke up.

Alone it was a dream.

Not it is real.

She always sits down

with me until I fall asleep.

He/she takes each game, each

day like a new challenge.

Jerry goes ajuagarfootball.

Jerry left, the one will return to the drugs.

Not it will return to the drugs,

why do you think that?

It was for my, because I was

to watch the old movies?

I promise you that never him

I will make again, allow it to return.

Affection.

Anything made, he/she made that the he/she left.

He will return, already truth.

And the one will be well, he/she is an adult.

Believe me, we go you give me the ball.

Hello my name is Jerry and I am addicted.

Hello Jerry.

I take 89 days I clean.

My mind this but white.

And I believe that it becomes better,  
every day a little but.

But I want to speak  
of a dream that I have.

It always begins with me  
stealing the cutleries.

Then, I will sell it  
to a type that he/she knew.  
That taenia a service  
of sale of food.  
And with that money it was accustomed to  
to buy the drug that he/she wanted.  
And the not this.  
So I go to all the places.  
But for some reason there is not nobody.  
All Seattle this dry one.  
And then I sit down as that a fear.  
I am afraid,  
... and I begin to run.  
And it rains, it is made at night,  
... and I am in my apartment.  
And I revolve it looking for something  
that I can have hidden.  
And I believe that I am convulsing.  
And I find a globe  
hidden in my suitcase.  
It accepts the well.  
And then there am.  
With a drug bag in a hand,  
... and the money for  
the next one in the other one.  
And I sit down completely in peace.  
And I wake up.  
A little every day, a little.  
A little every day.  
A little every day.  
Thank you.
