# Age Of The Dragons

By McKay Daines

course I have heard of him / i  
like all hunters. / i  
It was the time that people  
still feared dragons. / i  
As a boy he learned to hunt,  
traps and snares be placed / i  
for himself and his sister alive. / i  
But then one day .../ i  
the beast came near Kinatra. / i  
An animal larger than any dragon  
I've ever seen. / i  
Altered in one go  
future of the young Ahab. / i  
When you see such a huge beast,  
would frighten even the bravest man. / i  
He challenged the beast with all his might / i  
and took him to ...  
again and again. / i  
How he escaped alive nobody knows. / i  
His face and body burned. / i  
Some say the dragon  
deliberately left him alive. / i  
Others say he has gone mad / i  
and his soul has lost that day. / i  
It was the story that made me Ahab  
incentive for this trip .../ i  
we beaches on Kovinstown  
this rainy evening. / i  
Fisherman?  
So you may call me.  
And the native name of your friend?  
Queequeg, his father was a great warrior.  
His name and his soul strains  
from great fighters.  
It is his face that tells a story.  
If he can handle a thousand devils.  
That he might, he has never  
gone sideways for a fight.  
He always has some on hand?  
Another round.  
- You're a good man?  
Well tell me about yourself.  
A wanderer an orphan,  
the blood began to boil inside me ...

so I figured it's time  
to move on.  
Ah, an adventurer.  
I guess I'm curious  
all things in the world.  
A poet!  
Why are you here looking for Ahab?  
I've heard that here  
can register ...  
to hunt dragons.  
Together with the hunters to work  
and for us to join Ahab.  
It's true ...  
the world is run by Dragon Oil.  
And the city is the marketplace  
for all traders.  
Why the cursed man?  
He is the best known of the dragon hunters.  
That's it ...  
that he is, my friend.  
Want to tell me,  
that you're a harpooner?  
Yes, that's me.  
Ballast for me!  
Is there any ballast, Mr. Starbuck?  
We are all ballast, Mr. Stubb.  
But to hunt together with Ahab ...  
you must answer to God.  
Then you have the best harpooner  
world.  
Are you sure  
you're a harpooner?  
He's just a fresh beginner.  
And you're a fat pig skinned  
should be for Easter.  
Calm down, Mr.. Floss.  
Let's see if he  
truth.  
A match.  
This is good enough.  
What do you, Mr.. Starbuck?  
Would you harpoon it, the dragon  
could throw?  
You're always worth the

Mr. betting. Stubb.  
Let's see how good your poor, boy.  
Let us pass.  
On the side I told you!  
The large white dragon Ahab's legend.  
Means you meet him dead.  
Except, of course, old Ahab.  
Mr. Starbuck, give the boy a harpoon.  
I already have one.  
A little small?  
Okay, Mr. Floss.  
Go my way.  
Can you beat that?  
Good shot.  
Well that's something you  
not see every day, Mr.. Stubb.  
True enough, Mr.. Starbuck.  
Well done.  
Tell me how this thing works.  
It makes the harpoon faster, and ...  
- It was just luck.  
How are you with a knife?  
- Enough!  
Whoever it may or not be?  
The child of the devil himself.  
- Go away drunk.  
This is Ahab's daughter, Rachel.  
Would you use it against me?  
- No.  
But if you want to register  
the team ...  
sign here!  
Rachel, I told you ...  
- Quiet, you're just an instructor ...  
remember that!  
You will compete as  
the rest of the group ...  
in an equal share of the profits.  
There are plenty of hunters ...  
but not many dare to take  
against dragons.  
The work is overrated.  
A toast to one hundred dragons for Piquat.  
Piquat ...

- Piquat, Piquat ...  
Rachel?  
He goes with me!  
Are you sure  
it's safe here?  
Believe me  
I do not need your protection.  
We were just leaving anyway.  
If that is Ahab's daughter.  
Or should I say, Ahab's whore?  
You see what scum  
nowadays you will find on the street.  
We were never good enough  
for you to hunt?  
Go back!  
Tastico, you were not even good enough  
the shit out of the vehicle.  
Stay out!  
Be at sunrise at the departure point,  
and party too much.  
Hey look it's that old man from the city.  
You're the one who needs salvation.  
I've seen the book signing.  
Have not you heard what I said,  
the writing of your souls?  
Maybe you have no soul.  
Let's go ...  
his thoughts are broken.  
You have not seen that old devil?  
Old devil?  
Have I not told  
how he was dragged to hell ...  
and dragged everyone  
on his path of revenge?  
His face, his soul,  
and torn skin forever.  
What's your name?  
- Elijah.  
And believe me, boy,  
but one man will survive,  
to Ahab's story to tell.  
But a man!  
Ah, the adventurers.  
So you show up?

Just in time for stocks  
bring onboard.  
Starbuck! I want to rest.  
What is the story of your friend there?  
Especially ...  
I have known him a long time.  
How long you been hunting with this team?  
About eight years.  
We already have a lot of money.  
But again issued.  
I have been married three times.  
She left ...  
I left them all laughing.  
They asked me to come back ...  
but of course I did not.  
Have you ever fought with the white dragon ...  
where Ahab is all his life back?  
This beast is really bad!  
They say he brings death  
to the people. Really bad.  
The whole team has Ahab's murder  
the last time ...  
that she came face.  
When I signed.  
But no boy  
I'm never seen.  
And I pray God that I never do.  
It is better for you that old  
metal monster now bless ...  
because it will be your home for a while.  
Come on let's not hang around  
the rest on board.

I think you have feelings  
Lens damage.  
Tell us a story Mr. Stubb.  
You have all my stories  
heard, Mr. Starbuck.  
Not me.  
Well, I remember my first hunt.  
On a beautiful woman with ...  
No, you gave us that all too often told.  
Tell us a story dragon Rachel.  
Well ...  
Tell them about the fight with Vadamoica.  
Before I signed with Ahab  
I was first to measure a vehicle ...  
Vadamoica called.  
I was young.  
It was before the dragons,  
came to the woods and fields.  
When you first turn on your dragon spear  
to throw ...  
are you shaking with fear.  
You stand there ...  
and the weight of your  
harpoon feels like 40 pounds.  
You're shaking in your shoes  
and when you throw your spear  
it feels ...  
or your lungs explode.  
A man fought with me ...  
a good man.

You remember him  
or not Mr. Starbuck?  
Yes.  
Burning,  
in a flash by the breath of the dragon.  
His skin was roasted ...  
black and pink before our eyes.  
He shriveled down to his knees ...  
he was screaming for me  
throw throw ... he yelled.  
And with the power of Almighty God,  
I threw my spear at the beast.  
Hit him right here ...  
well embedded in his skin.  
He collapsed and was  
a final battle ...  
its wings.  
I heard a cry of joy  
right for us.  
I do not know where  
came from boys ...  
Despite his pain looked  
Whitman on to me ...  
and laughed.  
He had seen the pitch before he died.  
And that was the story of a dragon hunter.  
At Whitman.  
On Withman a fine man.  
Well, boy let me now first  
story ...  
of that beauty with thick ...  
Every night after Stubb's stories  
we went to bed / i  
safe in the belly of the vehicle. / i  
I wondered in what strange adventure  
I had arrived. / i  
what constituted for me ...  
in this journey. / i  
days of my life  
wasted by killing. / i  
that's what I hear from Ahab. / i  
running up and down on the deck at night. / i  
Always looking for the dragon who opjoeg. / i  
And then came the day that he knew

that he had to inspect our souls. / i  
Mr. Starbuck? Gather the team.  
Rachel get the drink.  
Tomorrow we will arrive on the battlefield.  
You will all be rich  
after this hunt.  
But listen to me!  
I will double the amount  
the first man ...  
that impales the white dragon.  
No, I triple the amount.  
Keep your eyes open and observe.  
- Captain?  
Was not the white dragon  
that you burned?  
Cripple you made?  
Yes. - Mr. Starbuck.  
You know all too well that  
the cursed beast it was.  
And I will hunt him about any hill.  
Even by hellfire  
that's what we need to do ...  
the white dragon detection impale ...  
He spits up black blood.  
Do you understand?  
- Yes. - Yes. - Yes.  
Captain, you know very well  
I dare my life.  
But I also came to hunt  
and rich. Not for Adventure.  
How many lives have your revenge  
whether or not cost?  
You do not reproach me.  
I did what I wanted  
and I do what I want.  
That damned beast has cluttered up  
with blind rage.  
To seek revenge on such a sample is crazy.  
Go ahead call me crazy ...  
I would still chase the sun  
he would offend me.  
Rachel bring the drinks!  
Drink and swear peer  
chase the white dragon ...

until his death.  
Now drinking Harpo down managers.  
Well done, almost excellent.  
Now, Mr. Starbuck!  
It was Rachel who us  
led to the drakenhol. / i  
She had half a sense gift  
dragons to detect. / i  
It was my fear that I or one,  
Another way was to get under control. / i  
Fear freezes you ...  
paralysis of spirit and brains. / i  
I tried to find them but I  
never seen a dragon. / i  
Stubb!  
I got it.  
Hey, get.  
Throw throw now, what are you waiting for?  
Throw your harpoon.  
Step out and throw guy.  
Stubb, swim away!  
Starbuck get this off me.  
Ishmael throw!  
I grabbed him and go back Starbuck.  
Want my dirty bastard?  
Now you are against any animal cope.  
Aside.  
His pipe went out anyway.  
Goodbye best Stubb.  
He loved life.  
Laughing at life.  
You told me this  
the only answer ...  
at all strange.  
We hunted together in faraway countries wanted.  
He did not  
he loved hunting.  
Now he sits at the dinner  
together with the devil.  
I think we all eventually  
Rachel will do.  
Captain?  
- Come in, Mr.. Starbuck.  
How's the crew?

Mourning for the loss of Stubb.  
That is the risk of your profession Mr. Starbuck.  
You live your life as you want.  
Yes, but ...  
- You do it included with death.  
Is your lovely wife or daughter  
ever returned ...  
in order to console you?  
No, Captain.  
And they will not.  
So forget those memories  
the last battlefield.  
I've hunted all my life dragons.  
I know and can feel  
my hand that we are close.  
We can load up our car  
with fuel,  
and are back for spring.  
Not until we have completed  
the bigger things.  
He goes northward to the mountains to  
to get clogs.  
It moves faster  
than in other years.  
Centuries, as it feels for me.  
I'll show you where we  
have an appointment.  
You had to throw earlier.  
On Mr.. Stubb.  
He's right, I had  
overdue throw.  
You impaled by the dragon's heart  
Stubb's what it wants to remember.  
Does not he drink?  
- He prefers his pipe.  
He is at peace with his soul.  
You know each other already?  
Yes we have traveled the world together.  
Seen a lot.  
Mysterious and strange.  
But nothing is like today ...  
or as a woman, as you.  
Forgive me.  
I have too much to drink.

Hold on!  
And will I ever hear your story?  
My mother died at my birth.  
My father was slain when I was eight.  
For Ahab, Starbuck was my father's  
first measure.  
In the mountains they came  
the white dragon ...  
Ahab told me that my father,  
who first pitched.  
He threw a harpoon straight into the beast.  
Ahab has tried to save him.  
Harpoon Irish are heavy curses.  
Sorry! I did not know.  
Ahab has adopted me as his own.  
Since then he takes me along on every hunt.  
Ishmael, you hope that Ahab  
you do not see ...  
you seduced his daughter.  
- I'm sick of you!  
Oh fuck up!  
If you are not looking and your boyfriend  
is not there ...  
I will cut ...  
- Then I have something for you ...  
Ishmael quietly we sleep outside tonight.  
If you touch him I chop your head off.  
This is where we will find him.  
We will impale him and I will  
his mask back stabbing.  
I will then the white dragon  
his narrator are ...  
his teacher.  
I put my head into that.  
And this is my friend the harpoon ...  
I have the white dragon ...  
threw his skull.  
I have not slain this time  
I will not fail.  
Captain? They are too many years ...  
too many years and when you only  
but pursues ...  
The crew will come with me.  
- They swear their souls away ...

as dog food.  
Like you did, Mr.. Starbuck  
just like you did.  
Well, you're with me or against me?  
You do not fear  
for Mr. Starbuck.  
But Ahab ... you should watch out for Ahab.  
Rachel tell her that I  
will give a new direction.  
And so we left  
The hunting grounds Grijse windy / i  
the country and went into the Dragon-Slayers. / i  
We're being followed.  
I see him all day,  
when I am posting at night.  
It will be an individual's  
who hunt dragons.  
Have you already been in other countries?  
A couple of times with Ahab.  
You should be careful with Flask.  
Why?  
In the beginning, he  
harpooner us ...  
but the animals could not face.  
He hit him when he  
first had to throw ...  
Ahab wants him to forget it.  
Ahab hates cowards.  
He can not tolerate their fear.  
He left Flask remain as abstractor.  
He wants this thankless job because  
he is very close to Rachel.  
Now he wants a fight?  
- No, he already has one.  
I'm going for a piece and you're with me.  
There are visible dragons.  
They hunt in the woods.  
Starbucks says they are teasing you.  
I'll be sleepwalking.  
Yes. - Will it go up to something?  
Well, we know each other yet  
good enough. Not yet.  
Not yet? - What about you?  
I have no posse in my soul.

- Yes, you do.

How long have you let us send by Ahab?

If you have something different with women.

You have to admit that you love  
what to leave in the lurch.

No, all I have to admit  
is that you're really there for me.

Is that why you my  
wants to avenge father's death?

My father that she always wisdom  
and sadness do not go together.

Sadness but also counts.

Your father?

- Yes, he committed suicide ...  
when I was ten.

My mother went though  
they only could handle ...

but there are lesions that  
do not recover.

And?

I had to bury her  
and m`s older brother took me to his house.

But his wife do not like me.

So I crept away with the mine caravan.

And you filled your pockets with gold?

I found only empty dreams.

Until I met Queequeg,

He was the hunter of the caravan.

Everyone kept alive by

his skill with his spear.

He was my teacher.

And friend.

- And shared your hunting area?

Yes.

Well poet, what can you tell me  
on your travels?

The presence of negotiations  
drunks ...

fraud, deceit, murder and kidnapping ...

All that is behind the death.

You realize that, for death.

Love ... personal things

are the only ones worth something.

It is nice to receive interest

if you meet it.  
You'll encounter all Rachel.  
Pure as snow, but I felt this thing.  
Be on your guard.  
The mark of the beast.  
Ready Made before his crucifixion.  
I'm torn.  
You can see it all.  
The Sacrifice ...  
the shame ... the great white dragon.  
He just grabs and kills his own kind.  
But it's him or me.  
Starbuck see you now  
as I showed you on the map.  
Let us go back.  
There is an anger in some souls / i  
that goes so deep into the darkest fields, / i  
surrounded by death. / i  
They fly all over elusive creatures. / i  
Queequeg and I are trapped  
In Ahab's vengeance. / i  
It feels like we are trapped.  
We would have to go away.  
For Rachel.  
Your two up, now.  
Mr. Starbuck and I will  
our last trip plans ...  
through the mountain.  
You have until the morning, Rachel.  
How much?  
- Enough to keep the richest ...  
husband.  
Females ...  
It seems that at least thirty.  
Could be.  
We only have until the morning.  
Then we should go.  
Why? This is what we came.  
We can fill our packing space  
alone of this fold.  
Ahab has commissioned  
kill them all.  
You have them all slain Rachel?  
Mr. Hurry. Flask!

Starbuck!  
I said stop, Mr. Flask.  
Captain we have the necessary oil-Fitri.  
Look!  
Hey ...  
Did I not tell you.  
Did I not tell Mr. Starbuck?  
You did.  
Get on board. We must go.  
With all the oil-Fitri?  
Too late. We have to go right now.  
We must follow him to his nest.  
Queequeg? Queequeg?  
- It's a sign.  
I will die in a short time.  
Has everyone gone mad?  
We have not slain.  
The white dragon has come  
to tell me ...  
I'm a murderer ...  
and did nothing all slaughtered.  
I must die.  
We can not just go away.  
- Of course we can.  
It's silly to go away.  
Captain may have  
we think about it.  
You know what to do Mr. Starbuck.  
That's what we came and all  
animals have been slaughtered.  
It was the oil-Fitri.  
- Are you questioning my orders?  
So we have not slain?  
There is enough oil-Fitri by killing ...  
for the rest of your life rich.  
That is why we  
that journey.  
You think I will survive year after year ...  
dragging and struggling, and yes slaughter ...  
for the money or admit  
in negotiations?  
Do you think I want?  
You think I wear body  
knock on this barren land ...

For more than you are alive ...  
hollo me the attraction of death?  
After years I decided, despite  
the humiliation ...  
return to the marketplace ...  
to stay alive for another year.  
Before I got a chance so I  
the white dragon can kill.  
I will not be stopped  
my goal.  
I will stop you.  
How ... without your guard ...  
Where did he go?  
He's in a trance.  
He will not save you.  
I kind of already happened.  
They withdraw into themselves back ...  
if they violated their ancient habits.  
I will not tolerate mutiny.  
Make his arms together  
Mr. fixed. Starbuck ...  
and chain him to the back.  
Mr. Flask, grab the chains.  
With pleasure.  
Captain!  
- Rachel, no!  
Together we have come this far.  
This is the beast that killed your father.  
He teases us and challenge us.  
He knows we want to kill.  
Now you bring the vehicle in motion.  
Why? Why did you betray me?  
I loved you like a son.  
Beware of yourself old man!  
There is only one God, and  
a captain on this vehicle.  
You had to warn me!  
But I forgive you Rachel.  
Just as I am your father forgave.  
I told you that I get.  
Imprisoned, chained and  
at the rear of the vehicle.  
By some twisted fate  
a kind of retaliation.

To let me lead to forgiveness?

I do not know.

But I know I hated Ahab.

I hated that fucking old man.

You take the second?

Look to the deck if we followed.

Yes, I have already told people  
seen going into a trance ...

just like this for days.

Ichmail, should not have done.

He had to expect.

Like Starbuck, Ahab wanted stabbing down.

Ahab will let him back inside.

The captain will let him back inside.

It's ...

It's just we do, Rachel.

Do you understand that?

- Ishmael, our spear throwing.

Ahab needs him.

Ishmael, you got to eat.

Ahab wants you all

not have out here.

I do not want you out here are.

Please talk with him once.

You can come along and inside  
discuss with him.

Rachel Starbuck he has slain.

Starbucks wanted to murder him.

Do not you understand?

- No, you do not understand.

This is Ahab's vehicle.

He responded in self-defense.

Rachel, I care about you.

If that is true you to come inside,  
and talk to the Captain.

There is no talk

with someone who's crazy.

Ahab? - What's going on?

- They steal the oil-Fitri.

Rachel?

Ishmael can come on board.

He has earned for itself.

Bring me my spear back.

Yes, sir.

Do you stay or leave us Queequeg?  
... It is time to decide.  
To decide what?  
You follow?  
An old man who damaged his  
fears chasing.  
Grab your share and leave.  
We stood in a field of carnage.  
Why did you let them out?  
You fucking psychopath. You've just  
slain more than I will ever do.  
I am a killer, I kill only  
what I needed.  
You know all too well.  
For I must now pay.  
I have offended the gods.  
Gods ... Gods.  
Sun moves by itself?  
Or is there anyone up there ...  
some god?  
Seems a star by itself ...  
or he is guided by some  
invisible power?  
How can one little heart beat by itself?  
How brains can think for themselves?  
In all those years Queequeg  
you that you have wondered.  
Like me.  
And who will want to try us.  
Where do murderers go Queequeg?  
Where? Damn.  
You're driven, I am passionate ...  
the fate of our own will.  
Therefore, we all suffer?  
Rachel?  
We must anchor here.  
Ishmael.  
Queequeg.  
Why are we stopping?  
- Furthermore, we can not.  
The rest we can walk.  
You must lower the anchors  
of the vehicle ... they are frozen.  
There.

I want you, I need you.  
You know. - I kill you!  
Nobody can hear us.  
You have to come with me as  
you give to Rachel.  
I know you do.  
He does not come along.  
Yes I must do.  
We must come face Tanis.  
You gotta help me this  
dragon hunt in his nest.  
I need you, Ishmael.  
Rachel needs you.  
We will never again get this chance.  
I've never been so close to ...  
to meet our father.  
You need me ... not protect Ishmael.  
I know.  
But I want to do this.  
For you.  
And so we followed Ahab. / i  
Climbing up to the dragon's nest. / i  
to the caves of death. / i  
Fiquay, followed us even though he  
he ran to meet his death. / i  
He was closer to something  
which he had ever believed / i  
that he would not survive. / i  
I know another entrance to the nest.  
Okay.  
Ishmael I can not go with you.  
I see.  
- I'll stay here.  
I pray for you.  
- I'll be right back.  
Monitor the roof.  
We need to lure him here.  
Rachel?  
Rachel?  
All those years you told me  
the dragon that killed my father ...  
while it was you!  
I thought he now  
to dust was gone.

Do not you dare lie to me  
that's your harpoon in his back.  
He was a coward.  
He deserved to die.  
I would accept and not cowardice.  
- So you killed him ...  
not surprising because he wanted to be like you?  
Where do murderers go Ahab?  
He ran, he would not himself  
under the eyes.  
Fearfulness. Can you not understand that, Rachel?  
That is why I return.  
I was ...  
I ran ...  
ICEM / i  
I ran away.  
She was still alive.  
But I was afraid  
and was a coward, ran away ...  
I can not ... escape the screams.  
I ... I can not ...  
like a coward.  
I ... will therefore always ...  
marked by him.  
You must understand that my  
have sacrificed life ...  
to avenge myself.  
I am closer than ever before.  
Rachel  
I almost had him stuck in a corner ...  
with your father.  
Go to hell.  
You just might kill you  
of your guilt free.  
Let's go!  
You can not just leave.  
Ishmael!  
No, no! Queequeg.  
Queequeg no, no.  
I'll kill you old man!  
Rachel.  
I saw before my eyes to how the Demon  
joined by his gods. / i  
Rachel was again released from his captivity / i

from his retaliatory action. / i  
All men were slain, as was said. / i  
Only one man survived. / i  
That's all I have to say. / i
