# Rest for the Wicked

By Unknown

Hey, you're supposed to be asleep.  
What's the matter?  
The wicked is gonna get me.  
The wicked? She's out there. She  
eats children to stay young.  
I think the older kid has been teasing  
you, sweetie. I broke her window.  
Her window?  
If you threw a rock at the house, and break  
one of her window, the wicked will get you.  
So, you and Jenny went  
out with the older kids?  
You were supposed to  
stay at her house.  
It was just for a bit. Her  
sister had a car and we drove.  
And I didn't know it that far.  
I'm sorry, Mommy.  
Well, I remembered a story of the  
wicked from when I was a little girl.  
And I can tell you, we searched and  
searched that old house in the woods...  
And it was never a  
witch to be found.  
It was just a silly story  
to frighten little kids.  
Here.  
Now, I have to go concentrate on work.  
I have a big case tomorrow.  
So you, go to sleep.  
Mommy, help me! Mommy!  
Mommy! Amanda, that's enough.  
Amanda?  
Amanda?  
Amanda!

**OPEN HEARTH:**

**MISSING HIKERS:**

WICKED JUST A MYTH?

I wanna thank you all for coming. I  
know my dad would really appreciate.  
Quite a character, rather than miss him.  
Especially his grandson.

You believe or not, I think you  
all are gonna miss his magic.

I've always been a victim  
from time to time.

Before he died, he said something  
that I think he wanted me to pass on.

"God is the greatest  
magician of all. "

"Family, friend, and the  
love that bind some  
of us most in need.

That lasts forever. "

"That's not an illusion. "

Told you what, man. When I  
go, I wanna be cremated.

Of course, no way I'm  
gonna stuck in the box.

What's the difference  
if you dead?

I'm just saying, I don't wanna bugs and  
shit crawling over me chewing on my flesh.

Hey, guys.

That's cute. Hey, hello?

Guys! Excuse me.

Hey, Zack. What's going on?

Well, my grandpa just died.

He was old, wasn't he? Nice. Yeah.

Sucks to get old I guess.

But we're still going  
tomorrow night, right?

I My dad has to work

at hospital all night.  
And? I mean he has to babysit  
his retarded brother.  
Dad's freaked out about that girl  
dragged aside from a window...  
He thinks there's some child murders  
creeping the neighborhood or something.  
We go anyway. Come on man, you know my  
little brother. He's a dick in hotel.  
If I got caught drinking  
or anything else,  
dad's not gonna pay for school.  
I'll never get outta here.  
Thanks for coming. Keep your food  
then in kitchen, that'll be great.  
How are you doing, kiddo?  
It's delusion, isn't it?  
There's no up there. It makes you  
feel better when someone died.  
I don't know. I mean there's no  
fluffy clouds or winged angels.  
I think we go somewhere. I think we  
go somewhere that not so far away...  
that we still a part of  
those who still here.  
Come on. Grab something  
you can believe in.  
You'll be okay.  
Yeah...  
Abra cadabra, Grandpa.  
Oh, did you ever find out who ratted  
you out at the McDowel's party?  
Who else? Deputy dickhead Carl.  
Yeah. But you know the new girl, Julie?  
Oh yeah. Yeah, who doesn't?  
Dude, Jake was calling, said she got  
kicked out of her old school...  
'cause she had sex with  
her English teacher.  
Oh yeah? I heard she was, uh...  
Doing coke in the bathroom.  
Oh, whatever. Apparently she has noticed  
you hot stuff, and she wants to come.  
Where's that? Open Hearth.

She needs a big  
strong guy like to keep her safe.  
Open Hearth?  
Really? Dude, what it is, works it  
out. / You're not scared, are you?  
Yeah, he is.  
What the fuck! What are  
you doing, shitbrain?  
Trimming the hedges, screw you!  
Hey, why don't you find  
your boy friend, then?  
I He's not my boyfriend.  
She's a dyke, remember? You know, Tracy, do  
you spoke your mind, you'd be speechless.  
Give me, give me that. How  
long you've been, uh...  
Trimming the hedges? I  
didn't hear anything.  
Yeah? I'll give you third eye If I  
ever found out what you did. Got it?  
Come on, man. Let her go, dude.  
What is she doing?  
So disrespectful...  
Local Historian Dies at Age 86 Leads  
are not apparent according to police.  
What's with the flamethrower?  
My grandpa's. Gave me  
all his magic stuff.  
What's this? A witch bottle.  
A what?  
It's supposed to ward  
off the witch's spell.  
Careful with it. It's fragile.  
Do you have any asshole bottles?  
Might work on your brother.  
Idiot! I'm sorry seriously.  
Hey, wanna make a fun prank call? Fun  
when we were like what? 10? Grow up!  
Look, I was forced to grow  
out when I was about 6. So,  
I'm gonna be a kid for as  
long as I can, all right?  
Any plans tomorrow night?  
My dad's working.

Yeah, so is your brother.  
Working something, anyway.  
If I say anything I'm dead. If you  
don't you're dead. Okay. God.  
He's going camping with Carter and Tracy  
and some girl named Julie. Open Hearth.  
Open Hearth? I heard that girl that was  
kidnapped the other night was up there.  
She broke a window. It's  
just a myth for suckers.  
Your grandpa believe in it. I He had  
done a lot of things that weren't real.  
"Season of the equinox, the  
witch besets her kill. "  
"One less soul the town to know,  
taken against their will. "  
Let's go up there. Take  
photos of your brother.  
Something we can blackmail him.  
He'll never bother you  
again, I promise.  
They have cars, we have bikes.  
We cut through the woods.  
I'm not interested. Whatever!  
Why don't you go ask them  
if you can hang out?  
I Please, a bunch  
of prissy snobs.  
Tell me if they ever make fun of you.  
Thanks, Doctor Freud. (Wrong pronunciation)  
They think I'm a lesbian, just because  
I don't wear prada or get a tit job.  
Are you?  
I'm not a lesbian, dick!  
Sam!  
By the way it's "Freud"!  
(correct pronunciation)  
So Jake, you enjoy your last  
day at the mother nature?  
You know you're missing  
Spring Equinox Festival.  
Yeah, but you know me, Bob.  
I'm not so good with people.  
The town is buzzing about

that missing Drake kid.  
Her mother claimed she was  
taken right from a window.  
You know what that means?  
You know, if they just  
tear down that stupid  
house, this whole witch  
legend, will die with it.  
Yeah, tell me about it.  
The police think the  
estranged father took  
her for the weekend.  
So listen... right in a couple of hours...  
You'll have...  
Bob?  
Bob?  
Bob!  
A piece of shit.  
Who's out there?  
Are you okay? You  
need some help?  
Jake? Jake, are you there?  
Yeah, Bob. I'm here.  
You all right, buddy?  
I've been out here too long. Way too long.  
I'm starting to hear things.  
Jake? Jake? You still there?  
There's steak for dinner in the freezer.  
Listen, I want you both to stay in tonight.  
Zack, anymore screw-ups, I'm not gonna pay  
for your community college next year.  
You with me? Are we clear?  
Dad, for the fourth time, we clear.  
I'll be back at noon tomorrow.  
I love you guys.  
I love you too.  
Keep the doors locked.  
Why don't milk it a little  
bit more, you pussy?  
At least I care grandpa died.  
I care, I just don't use it as a crutch.  
Fuck you!  
You're supposed to stay home! That  
little bitch told you, didn't she?

Hey, let me tell you something.  
You say anything to anybody,  
and I'll post that picture  
that I get you jacking  
off in the bathroom.  
All over the internet.  
What picture? Are you not in the bathroom  
a couple nights ago, just... whacking it?  
Like you don't do it. Yeah,  
it's better than you do.  
Just inbreds like you  
with no friends. Pretty  
worth of it, it's all on Facebook.  
Okay?  
I wish it was you that died!  
Likewise.  
Likewise.  
Where'd you up to? Just  
coming home from my shrink.  
She said you can be a  
real asshole sometimes.  
I A shrink said that? Yup.  
She's right.  
It doesn't matter. We  
have plans tonight.  
Take your camera. I wanna  
blackmail his ass. Excellent.  
My mom's been drunk since this morning.  
So she won't even know.  
We'll grab some sleeping bags.  
We camp.  
Unless you're scared  
. / Scared of what?  
Hey, Samantha, how is it going?  
Hey, Carl.  
Come here.  
Roy Harlan said he saw you  
swiped a cigarette from  
his shop yesterday. It wasn't me.  
I don't smoke.  
Other kids just got it somehow, right?  
Leave her alone.  
Shut your smelly dickhole!  
Your mother's a drunk. And

nobody knows who your father is.  
You know what that means, right?  
It means when I finally  
nail your ass,  
they're gonna ship you out to a foster home  
just as far away from here as they can.  
We haven't forgotten about all those  
prank phone calls, shitsmirk.  
Paybacks are coming. Trust me.  
You consider mouthwash, Carl? I don't know  
what smells worse, your breath or your ass.  
I'm sorry about your grandpa.  
I liked him.  
He didn't like you.  
I got a picture you're  
smoking dope while on duty.  
That'll got you fired you know.  
That's bullshit. Isn't.  
See you around, fuckers. Mahoney!  
Button up your shirt.  
God, he's so weird.  
Let's get outta here.  
Damn, nice house.  
You thought I was kidding?  
Crazy.  
Sweet.  
I mean this just... just like  
Bruce Wayne mansion. I For real.  
Hopefully she shows  
us the "bat cave".  
Really? Grow up.  
She's gorgeous and loaded.  
Lucky ass. Hey, how are you?  
Good. / It's good to see you.  
Zack, you know Julie, right?  
Uh, we're in trigon.  
Are we?  
I should tell you.  
Hey, what's up? Thanks  
for inviting me.  
Yeah, anything, just sure then.  
Dude, her eyes are green. All right. Come  
on, we gotta sort shit up. / Whatever.  
Hey, hey, wanna switch girlfriend?

I told you. Come on.  
Well, speak of the devil.  
So, what's this "Open Hearth" thing anyway?  
I Oh, it's the name of the witch's house.  
Witch? Yeah, it's used  
to be thruth and dare.  
The trick was you had to get close  
enough to throw a rock at the house.  
If you hit the house without breaking  
any windows, then you would safe.  
And if you break a window?  
Then the wicked will get you.  
It's just bullshit, right?  
You know legend has it,  
that the witch and her  
cavern were burnt by with  
hunter back in the day...  
like, you know, a hundred  
years ago or something.  
Ladine Lorene. Yeah, that's right.  
Ladine Lorine. She survived.  
You wanna know how? Yeah.  
She eats kids. Yeah, she eats kids.  
She tears the limbs off.  
One by one. She start with their feet.  
And then she  
rips off their legs. And  
she rips off their arms.  
And she eats every part of the body.  
And she eats  
the little ones, you  
know, to keep her young.  
She eats the older ones  
to keep her strong.  
Then she eats the pretty  
ones, just like you...  
to keep her beautiful.  
That's ridiculous.  
"Season of the equinox the witch... " uh...  
"Besets her kill. ".  
Terima kasih. "One less  
soul the town to know"...  
"Taken against their will".  
Nice!

It is time. Let's go.  
But, why doesn't it feel like a tradition?  
I mean, why we're the only ones doing it?  
Well, apparently 15 years  
ago some kid broke  
her window, and was  
never heard from again.  
Yeah, except he ran away to  
Florida or something. Dude,  
that's just what the cops  
want people to believe.  
Okay? What about those kids who  
were hiking from long way?  
What, 4 years ago? Right?  
No one found them.  
Yeah, well. They did searched the entire house.  
It was abandoned.  
So... That's all  
part of her magic.  
Come on, man. Do you  
really believe that?  
Listen, all I'm saying is, there is a  
reason that we should stop doing this.  
Whatever. Let's go.  
Road trip!  
Hey, what are you doing?  
Taking a picture. I'm  
just gonna put it on Facebook.  
Are you retarded?  
I'm not supposed to be up here!  
Stop it, okay?  
Don't post anything. I  
have a class to show up.  
Oh, this is so freaking sad. She's  
just like my little sister.  
I heard that she ran up with a bunch  
of kid, and someone hit the window.  
You're freaking me out. The cops went  
to checked it out, it was empty.  
Oh, don't listen to him. That house  
has freaking awesome mirrors.  
Oh my God, the creepiest thing, whenever we  
tried to get back, those windows are fixed.  
Have you ever done it? Oh, yeah.

We were 12.  
Zack backed out.  
I had excuses!  
Holy shit. I forgot that one.  
Show her your hand.  
Come on, don't be embarrassed about.  
Just show her.  
I wanna see it.  
Why is that? Well, my grandpa crashing the  
bowling ball trying to do some magic trick.  
I became his favorite  
prop all over the show.  
Great grandfather.  
Yeah. Right.  
Sammy?  
Sammy! Sammy!  
How much further? I think  
it's just ahead of us.  
You mean we're lost?  
We're not lost.  
We're in the middle of nowhere.  
You scared, aren't you? Come on.  
Come on. You wanna race?  
Come on.  
Speeder Point. Here it is.  
What do you think? There is no road  
from here to Open Hearth. So...  
Let's hike. It's just a few miles, right?  
You wanna hike tonight?  
Yeah, what are you, nervous? No. I just  
got the things in the dark I'd rather do.  
Oh, man. Check this out.  
Wow. Beautiful.  
I have probation. Probation.  
Are you sure? Yeah.  
I think that's cool.  
What's cool?  
I like a guy who doesn't  
fall for peer pressure.  
Just character. Or, you're  
being a total score.  
Come on. Try some.  
Ladies. Don't run away.  
So, what's up? So, are you

gonna sleep in the same tent?  
You're telling secrets already?  
Oh, my God.  
Okay, watch.  
That was good.  
Yeah, my grandpa was great at it. Everybody  
was given out silver dires in Christmas.  
You still have one. Yeah.  
He was really cool.  
Do you really think there is  
anything after we die? It has to be.  
You don't? Biological. It's like...  
Everything else.  
And when we die... we just...  
Just vapor. Energy.  
Just like this flame.  
And do you think trees are gonna have it?  
Only if they're good.  
Otherwise, they're  
right to the chipper.  
I'm sorry.  
I thought you were lesbian.  
Shut up.  
Have you ever done it?  
Done it, done it?  
No. Have you? No.  
Just the pine cone, all right?  
You're scared of  
everything, aren't you?  
Aren't we supposed to be friends?  
So?  
I just don't wanna go  
all the way, for now.  
Okay.  
For now.  
I'm not a lesbian.  
You're kidding.  
Open Hearth.  
Did you hear that? Hear what?  
That's what I mean. Quiet.  
All the bugs.  
All right. Let's get  
this over with.  
I wanna go back. Oh,

someone's scared.  
I'm fucking scared shitless.  
I don't... Just take it.  
I don't want it.  
Come on, Tracy. We're all on this together.  
I I don't want to.  
You did not drive me here  
for nothing, did you?  
I Yes. Okay, ready? Count it down.  
Okay.  
One, two, three!  
Oh, shit!  
Whose rock is that?  
We'll know soon enough.  
There's nothing to worry about.  
What? What the fuck!  
Guys! Guys!  
Guys, it was just the shadow of a tree.  
Yes, it was.  
Dude, I was pissed my pants.  
Jesus! Can we just go? I  
think we probably should.  
I think you're the one  
who broke the window.  
Damn it, you're a dick, Carter!  
We got a LOL. Ready? Yeah.  
Okay. Here we go.  
We're getting closer.  
Why do you say that?  
Do you think anyone  
actually died there?  
That's witch's stake.  
They burned her there.  
Oh my God. They're  
gonna hear us.  
Good.  
Well, it must've been hard moving so far  
before graduation. Yeah, that is a thought.  
Well, you could  
improve those here.  
So, hey. Why did you get  
kicked out of school?  
And you don't have  
to answer that.

So you heard all those rumors.  
Some of them, yes.  
You wanna know what  
my big secret is?  
Because nobody knowing  
out what happened.  
But you have to promise  
to keep it between us.  
'Cause it's kinda embarrassing.  
Okay. My big secret is...  
that I don't have one.  
I would, I just moved. I mean...  
the same thing that  
happened since 8th grade  
when my dad got  
reassigning. / Seriously?  
Of course. You didn't sleep  
with your English teacher?  
And I don't do coke, and then  
punch my friend in the face.  
I can't even remember the other one.  
Wow, how boring.  
It is, isn't it? But, life is cute, isn't  
it, 'cause you joined the cold status.  
Yeaah! Oh God! Oh God!  
Oh God...  
That's my boy. It's  
fun to have it.  
Don't do that. You're gonna go in.  
You're gonna go in. Oh yeah?  
Did you hear that? What?  
You didn't hear that?  
It's just umm...  
It's something else.  
It's just the wind.  
That's not the witch, Zack.  
Do you wanna go swimming?  
I didn't bring a suite. So...  
I mean, unless you  
really think you melt.  
Julie? Julie!  
Did I scare you? Not cool. I thought  
it's pretty funny. No, it's not.  
Of course not, if we die.

It's close, right? Not as scary as everyone says. I think they're here. You're gonna do it? To hit the window? That's the point. Beside, how cool it be to see a witch. You do it. Crap. See? Total gip. It's just the wind. What wind? We have to leave. What's that? Let's go. Oh, shit. Go, go! What's wrong? I thought I heard something. Amanda? Zack! I'm sorry. Look at this. A teddy bear? Yeah. It wasn't here before. / What are you talking about? Carter! Tracy! What the fuck! Wake up! Look at this. Look. It's hers, I just found it. Julie, this could be anybody's. No, that's personalized teddy bear. My little sister has the same one. Pretty funny coincidence, don't you think? I Where did you find it? It was found it over there, but it wasn't there before. Well, obviously you just didn't see it. Or maybe someone came through here with that little girl. Hey, what are you doing? I'm calling the police. Look, I'm screwed if they came by figured that we're up here. Seriously? That little girl is missing, and you worried about getting into a trouble? I had reception area, what the hell. I Look

guys, I don't want rumors going around.  
My parents think that  
I'm staying at Tanya's.  
You guys are unbelievable!  
That little girl could be out  
there somewhere, so alive.  
We have to look. / In the  
middle of the night?  
Maybe she's right. What, really, lover boy?  
Or it's just your dick talking?  
Fuck you. Guys, I don't think it's a good  
idea to go marching up to the woods.  
If you are right, that girl's  
kidnapper could be out here.  
Fine. Then I go by myself.  
We're all go. Right?  
Where is she? I don't know.  
Take out your camera.  
Why? To document  
it, just in case.  
That's a good idea.  
You're on? Yeah, yeah. Hurry up, it's gonna  
die. / Hi, I'm Max Reese at Open Hearth.  
If you find this, burn that house down.  
The wicked is real!  
I broke a window. Then uh...  
Something came out of the house.  
Hairstrap from the picture.  
What was her name again?  
Amanda.  
This is creepy.  
Can we just go?  
Julie! Go get her!  
She's your date!  
Julie, what are you doing?  
It's empty. / No shit.  
Let's get outta here.  
No. That teddy bear didn't  
just get up there by itself.  
Someone kidnapped that girl.  
That's what kidnappers do. Listen  
you have to call the police.  
I don't want to get any trouble.  
Let's just get outta here. Come on.

Julie.

Did you hear that? No.

Well, it sounded like somebody's  
crying. / No, it didn't.

This is all a gag, isn't it?

What?

Carter placed that teddy bear out there.

You guys are just messing with me. Right?

Very funny, Julie. You got me.

Let's go. Come on.

Probably just the pipes.

Yeah, the pipes.

Julie.

We have to pin it  
and get down there.

Zack.

Zack, I found it.

You go look, Zack.

You go look. Seriously?

No, no. Okay. I'll go.

Just wait here.

Where did they go? Maybe  
they ran inside the house?

Oh, shit.

I think I heard something upstairs. What?

There's something in the house up there.

Are you serious? Yes.

Carter, look.

Hold this.

Okay. Somebody's down there.

Yes, yeah...

Flashlight. Here.

Oh my God! It's her.

I'll get her hold up.

Guess it'll be easy.

Good luck.

Okay. All right.

It's okay. It's okay.

It's okay.

Okay. Get your feet up. No, no, no.

It's okay.

I'm not gonna hurt you. Okay?

We'll get you outta here.

You ready to go?

Yeah? You're going to hold on this.  
I'll carry you out. Okay? Come on now.  
I'm right behind you. She's coming up.  
She's almost there.  
You got her? You got her?  
I got her.  
Okay. It's okay.  
No, no, no, no, no...  
No...  
Where are they?  
Zack, get us outta here!  
They're trying to get out. Wait, wait.  
It might not be them.  
But what if it is? I'm not  
going near that goddamn house.  
Fine. I am.  
Zack! I know! I know!  
Come on!  
Wait! We're running in circles.  
We need a plan.  
It's her? What about the  
dude that took her?  
He'll get coming after us.  
It's not a him.  
It's the witch.  
What? It's not a  
ghost story, Carter.  
Right over there is graveyard of  
camping shit, back down that house.  
Okay, she was in that cellar wrapped  
in some cocoon or something.  
It comes from the camp.  
Shit, my car!  
Listen. I'll bring him back. You're  
gonna stay with her. Keep her safe.  
Dude, my car is gone.  
Dude, everything is gone.  
You're just gonna leave us here?  
Can we go to the truck, please?  
There is no truck.  
Somebody stole it.  
She wants it. The girl. Are  
you believing this shit?  
It's real, Carter. We need to keep going.

We need to get outta here.  
How are we gonna do that, genius?  
It's 10 miles to the nearest town.  
What about that Ranger station? I mean,  
the one we saw on the way down here.  
I mean, they might have  
phone or something.  
That's still 4 miles away.  
You wanna wait here  
for the witch to get you?  
Cause she's coming.  
Carter, can we just go?  
All right. Witch or not,  
whoever took her, it is  
probably pissed off. So  
yeah, let's get outta here.  
Hey, wait a second.  
What? Well, look!  
What is that? It's Max's bike.  
I mean, he must just followed us up here.  
That little prick took the car!  
Without the keys, Carter?  
Max! Max! Shut up, dude.  
What is it?  
Look at this.  
Look at that. He's probably a half way  
home with shit stain on underwear.  
What if he were not? I'm gonna  
back to the house and find him.  
You could do it on your own. I'm  
not asking you, Carter. Am I?  
Zack. You can't go back there.  
Would you leave your  
little sister up here?  
Listen, I can't just do that. Just  
call the police and get her some help.  
Fuck it!  
Okay, can we just slow it down? Yeah, yeah.  
You do whatever you want.  
You don't have to be  
such an ass, okay?  
She's here. The wicked. Wait a minute.  
What? What did you say?  
She's already here. Who?

Who's already here?  
What are you talking about?  
Shit.  
Tracy? Julie?  
Julie?  
What are you doing, Zack?  
Calm, they're not here. Let's go  
back and catch up with the others.  
She got Max.  
Where is he, Sammy? She hides him inside.  
Zack, we've gotta get him...  
Listen to me. Hey, when we travel back  
here, there's a county road nineteenth.  
There's a ranger station about a  
half... / We've gotta save him... Sammy!  
There's a phone there. I  
need you to call for help.  
Listen to me, shitbrain. I'm  
gonna get Max. Trust me.  
I need you to go. Go, Sammy.  
Go.  
I'm coming, Max!  
I want my mommy. It's okay, we...  
we have to keep going.  
Come on. Come on.  
Carl, you've gotta take a look at this.  
I No, thanks.  
I don't feel like to  
throwing up today.  
So the chinese call "The  
great wall of vagina".  
Have you been to China?  
That's the size the point.  
Just take a look at it.  
Is that legal?  
In what country?  
You pig. Button up your shirt.  
I'd like to "Mao  
Tse-Tongue" that.  
Baker County Sheriff Department?  
I, I need help. All right.  
My friend... my friend  
has been kidnapped.  
Listen. There's this woman she's... She has

my friends and she's going to kill them.  
Hey, Carl. Carl, this voice  
sounds familiar to you?  
She dragged him into the basement  
or something, I don't know.  
He's alive. Please.  
You've gotta help us.  
Samantha? Hey, great to hear from you.  
Sorry about your problem.  
We're gonna head over right now.  
Yeah, yeah. We're  
on our way to... That's a cop car.  
All right.  
Red roger. Squad's ready to run.  
Baker County Sheriff Department?  
Listen, don't hang up.  
Listen to me, you little fuck.  
We don't have time for this.  
You do realize, prank 911 phone  
call is federal of fence.  
Yes, you damn bitch. Which  
this time is not a joke.  
I Yeah. Well, good bye!  
Wait, Mahoney, wait!  
You know who this is, right?  
I admit to everything.  
I'm the one who use to make  
all these prank phone calls.  
Tell Carl, if he'll come and arrest me.  
Tell him, tell him...  
I'm gonna post that picture  
from getting eyed all  
over the internet. I  
swear to God I'll do it.  
Hey, you little shit! Kid, listen.  
This is all on tape.  
When you do show your face...  
...You're going to  
juvenile halt.  
Do you know what happens to  
deputy to get cought doing drugs?  
You're not gonna get a job  
working security in a graveyard.  
Too bad you didn't trace

this call, deputy dickhead.  
Get her location. Yo, Carl,  
she's fucking with you.  
She's fucking with you. Just let it go.  
Just let it go.  
Thank you, Debbie.  
Come here. Come on. Come on.  
Zack...  
Come on.  
Go!  
Come on!  
Hallway, let's go!  
Hallway, go!  
Max, let's go. Let's go!  
She won't let us out.  
There, upstairs. Come on.  
Ready? Come on.  
One, two, three.  
That's her. Go, go! One, two...  
Look at there! Come out here.  
Somewhere outta here. Who with? A witch.  
Halloween's up another 5 months.  
You don't understand, Carl.  
They're going to die!  
You don't understand. You have no idea how  
badly I wanted to bring you back brute.  
You're hurting me! Just a little bruises  
for a little girl who's very bad.  
They're at Open Hearth, Carl. I'm serious!  
I I'm not gonna like that, though.  
And I'm gonna enjoy watching you rot  
in juvenile halt... Carl, listen!  
All those stories about the  
wicked, they're all true.  
The witch, she... she's somewhere out there.  
She's going to kill them!  
You have the right  
to remain silent!  
Find another way! Find another way!  
God!  
Zack. Zack!  
Go, go, go, go! Go, Max!  
You all right in there?  
Go, go, go, go!

She's coming, come on!  
Zack! Zack!  
Anyone there, help!  
Come on! Help us! Come on,  
what's wrong with you?  
They did it. We're okay, Amanda.  
What the hell happened down here?  
You guys all right?  
No! No! No! No! Max!  
Max, Max. It's me, Max!  
It's me. Zack!  
To the tree. Come on.  
We've gotta break her spells.  
How?  
I don't know. Wait a second.  
Grandpa always talked about  
witches and shit, right?  
Yeah. / I mean, I never believed  
in these, but you did.  
Grandpa never said anything to you?  
Nothing ever help.  
All right, listen to me. She can't  
move in place at once, right?  
I don't know, she can  
do fucking anything.  
Listen to me. This is  
what we're gonna do. When  
it's quiet, you follow that  
road to Speeder Point.  
No, we've gotta to stay together. We  
can't stay together, Max. Listen to me.  
We stay together, she's  
going to get us both.  
I'm fucking afraid, Zack. Listen, dont' be.  
Grandpa's watching over us, right? Right?  
He is, Max. And you  
should believe that, Max.  
That's all. Remember when  
it gets quiet. Just go.  
You can do this. You can do this,  
we're almost home. We're almost home.  
Zack! Come on, you stupid bitch!  
Come here!  
Turn around, you dick! Everything you

say can and will be used against you.  
Just take a look, that's all I'm asking.  
Just drive up there.  
I'm not wasting my time. So,  
shut your fucking mouth.  
Unit 221, Base, over.  
This is Carl, what is it?  
You're not gonna believe this. Julie  
Ramm found Amanda Drake, alive.  
And on top of that, we got a  
dead ranger near Speeder Point.  
He was found with his  
throat ripped open.  
What am I gonna do, Carl?  
Mahoney, I'll get  
it back to you.  
I swear to God, it's not a joke, Carl.  
Please...  
Mahoney, meet me at  
the Open Hearth.  
Yo, Carl. What the hell is going on here?  
Stay here. Watch the truck.  
Baker County Sheriff Department.  
Anyone here?  
Base, 221.  
Investigating Open  
Hearth property about a  
half miles south of Speeder Point.  
Stand by.  
Stand forth, 221.  
What is going on here? Why are we out here?  
It is late and I wanna go home.  
Mahoney.  
Mahoney.  
Please, look.  
Oh, fuck!  
Carl, get your ass up here.  
Mahoney?  
Carl.  
Dispatch 221. There is nothing here.  
Copy that.  
That kid got me again.  
Carl?  
Max! Max, please. Get up. Get up.

Please... I can't...  
She poisoned me.  
You have to. Come on.  
Shit. Mahoney? Mahoney?  
Base, 221. Officer down.  
Please respond immediately...  
Come on, Max!  
Just leave me. No way.  
Zack!  
Come on. Come on.  
She's in the hallway. We're  
never gonna get pass her.  
Witch bottles? What?  
Like the one grandpa gave me. The only  
way to ward off the witch's spell.  
What do you do with it? Put  
something of yourself in it.  
Uh... hair, nail clipping, blood, anything.  
The repelling spell.  
Then why would she had it?  
She's using them too.  
That's how she stayed safe.  
They protect her.  
It's gonna be more powerful  
than hair, right? / At this  
point, I'll take a crap in it,  
if it worked. Just hurry!  
Give me your hand.  
It worked! Come on!  
We've gotta stop her!  
Let's go!  
It's not working.  
Max... witch's burn.  
Max.  
Abra cadabra, you ugly bitch!  
Zack? Julie. It's okay.  
It's all right.  
Have you seen Carter?  
And the witch, Zack?  
Dad.  
Dad... This is Julie.  
You guys absolutely sure  
there's someone in that house?  
Yeah. We set her on fire. We

trapped her in the cellar.  
Well, there's no other  
bodies in that house.  
There's nothing.  
That means she got away.  
No, she didn't get away.  
I have a 10 mile radius  
set-up and block around here.  
If there's anybody out there,  
she won't get far. Trust me.  
House and mirrors.  
Even if the festival  
continued with a good news,  
that 7 year old Amanda  
Drake is recovering...  
And has been upgraded  
to fair condition,  
...we are hearing that the suspect has still  
not been found and remains at large.  
The house where it all  
took place, of course, has  
been a piece of local  
folklore for generations.  
Bit local kids insisting  
the legend is true.  
And that Ladine Lorene...  
...Is in fact, a witch. And  
still very much alive.  
It seems awhile new generations of children  
are being frighten into believing,  
...that the wicked is just  
outside their window.
