# Wort und Tat

By Unknown

Word and the act.

Documentary

**makers:**

Communists in Berlin.

Versailles.

Bourgeois.

Electioneering in Germany.

I have set myself a goal:

to sweep the 30 parties

out from Germany.

Otto Barun speaks.

Things wouldn't be normal,

if the Prussian people,

wouldn't see through

the national socialists

empty promises and hollow lies.

To the farmers the national socialist

promise to be free from debt and

better profitability.

But in the Boxheimer documents...

Found by the government of Hessen.

Are the orders for the violent

revolution days.

Theres said that all food

will be expropriated.

And that merchants and farmers

have to give it away for free.

And thus farmers who won't give their

outcome of work away...

will be shot!

After the national socialists

electoral victory.

The first and deepest

representative of the folk is...

the part, who is feeding the people

through the soil...

and through their fertility

ensure the existence of their

family and the nation.

Blood and soil.
