You got mail.

You.

But these changes are different for guys and girls guys are like microwave ovens right ladies are more like conventional ovens guys just need a few seconds like a microwave to get switched on while ladies typically need to preheat for a while

but do not be tempted anyone want to take a guess at what the boundary is there Chris marriage yes marriage exactly right

anyone know what the purpose is you have children

yeah exactly well a man and a woman received the sacrament of matrimony God calls on them to create children in His image any sex that happens outside of one man one woman in one marriage is against God's plan yeah

what about sex with yourself

well can you create life from sex with yourself no right so it's against God's plan and now for the Bible passages that back to south let's start with Galatians please so that was an interesting class yeah I didn't know masturbating with us then of course it is using cyber sex assistants probably why just wondering you're making me do one Titanic's after the gartheen choice is probably sin too just in case you were wondering that next I only heard you do that because I couldn't hear what Kate said when you ask for too much

mm-hmm which just happens to be before they make out and steal the car window at Kate's left hand against another room with this sheet.

Whoever therefore eats the bread or drinks the cup of the Lord in an unworthy manner will be guilty of

profaning the body and blood of the Lord
the body of Christ
the body of Christ in the body of Christ
amen.

You.
