Welcome back to Seabrook, where belonging is everything. We're a strong, united and tight-knit community. And that's a good thing 'cause it wasn't always this way. There was a time when we had to protect ourselves. Legend has it that when the first settlers came to Seabrook, they found wild beasts with sharp claws lurking in the forest. Which sparked an epic battle. Seabrook settlers bravely fought off the monstrous attack. And discovered a powerful energy source. Realizing they discovered a precious resource, they safeguarded it from the beasts. They weren't going to let anyone steal their treasure. So they hid it. And the town prospered and grew rich by harnessing the precious energy source. Seabrook benefited greatly as it grew strong, happy, and unified. The beasts were a distant memory. Seabrook forgot monsters could be real. Until clearly, they were. A little lime soda mixed with a dash of industrial strength Seabrook energy... And boom! Zombies were created.
In a lot of ways,
Seabrook's moved on since then.
But it's hard to bury
your past.
Let's go, let's go, let's go!
Hey, I'm Zed.
And yup, still a zombie.
For zombies in Seabrook,
things are changing.
Every day is better
than the last.
Seabrook is getting rid of all
of its old anti-monster laws,
so now Zombietown is open
to everyone.
Come on!
Wait, wait, wait!
No, Zoey, wait for me!
Wait. Watch out!
And business is booming.
Hey, hey!
What's up, coach?
Oh, football off-season
has been good to me, Zed.
Invested in a Fro-Yo cart.
Little side hustle,
gonna go global,
gonna buy a car,
get some dress shirts,
go on vacation
without my great aunt Edna.
Though she loves
swimwear weather.
You know I might just
bring her along.
Cauliflower brains
mocha crunch, please.
You got it!
Seabrook has way more flavors
than just vanilla now.
I'll take a vanilla, coach.
What? I like vanilla.
In a couple days,
we're even tearing down
old Seabrook power
to build a new cheer pavilion.
And not to take too much credit
for all the positive changes,
but yeah, I did good.
It's hard to believe
there was a time
when people were afraid
of zombies.
Okay, let's triple check that.
Hey, Dad.
Hey, son.
First day as foreman
of the demo crew.
- Big day for zombie-kind.
- Yeah, you'll do great.
Just don't make any lame
zombie dad jokes.
But the workin' stiffs love 'em.
Go, Shrimpy! Go Shrimpy!
Cheer Camp!
Even more sparkly
than I dreamed.
Hi, I'm Addison, and this
is cheer camp,
a place where everyone belongs.
We're a unified squad and...
Split up.
Usually unified.
- Woo!
- Yay, Bucky!
That's cheer captain Bucky,
my cousin.
You've all heard the stories
of bloodthirsty monsters
who roam these woods,
feasting on innocent
cheerleaders.
Boo!
Well, those stories are just
silly make believe.
But you'd better believe
we're gonna break you down
and build you back up into peppy
little cheer machines like...
Lacey!
Stacey!
And our most recent Acey,
JC.
I'm Kevin.
...Right.
We changed my name to JC,
which I love by the way.
Long live the Aceys!
You three lead the veterans,
you're the A-team.
Addison, Bree, you take
the newbies.
You're the, uh, you're
the Z-team.
Hey, hey! Ho, ho!
This demolition
has got to go!
They can't tear it down, Zed.
Seabrook power hasn't worked
for years.
It's an important part of
zombie heritage.
This is progress, Eliza.
And now we can even
go to Prawn.
Prawn is like super-sized prom,
but Mighty Shrimp themed.
And, this is the first year
zombies can attend.
And it's gonna be epic.
I'm loud and proud to be
a zombie.
Sometimes too loud.
Soon, Z-band tech will get
so good
that zombies will blend
right in.
I dream of a day we ditch
our Z-bands
and let our
inner monsters roar.
Zombies, this is obviously
your first cheer camp.
Now, I'm not anti-change,
I'm just pro keeping things
the way they are,
because you don't mess
with success.
This week, the veterans
and the newbies will compete
for the Cheer Camp Cup
to see who is more
cheertastic!
The veterans have always
won the Cheer Camp Cup,
right Aceys?
Right!
We'll see about that.
To the cheer course!
Watch and learn, snowball.
Ah yes, my hair.
Still white,
still well-conditioned,
and still drawing fire
from the Aceys.
Addison,
get those pom-poms pumping.
Let's show 'em that we got this.
Yeah!
- Let's go!
- Come on, Z-team!
We're back here on the scene
and everyone's together
With zombies on the team
It's better than ever
Better than ever
Those moves won't
get the gold
Green hair is so whatever
Well, you'll never break
the mold
'Cause we're better
than ever
Better than ever
Tearing down
the power plant
You're welcome, Seabrook
I'm your man
To build the place
where everyone can cheer
I'm making Zombie-kind cool,
not feared
Making progress,
that sounds great
But what's the price
we have to pay?
Ready for a new day,
ready for a change
People, zombies,
everybody say
Hey, we got this
Teaming up to
make progress
Change the rules,
you can't stop this
Together we rise,
you know we got this
Hey, we got this
Teaming up to make progress
Change the rules
you can't stop this
Together we rise,
you know we got this
I wish that I could call
I hope you get my letters
Hope I get asked
to Prawn
And be better than ever
Better than ever
Oh Addison, my love's
gargargaza forever
− We pull the strings
− We run the show
'Cause we're
better than ever
Better than ever
Finally allowed
to go to Prawn
Gonna get our
ziga-ziga-zombie on
Counting down the days,  
I've been keeping track  
Kinda wishing Addison  
would write me back  
Imagine me taking  
her to the dance  
A human and a zombie,  
hand in hand  
Ready for a new day,  
ready for a change  
People, zombies,  
everybody say..  
Hey, we got this  
Teaming up to make  
progress  
Change the rules,  
you can't stop this  
Together we rise,  
you know we got this  
Hey  
We got this  
Teaming up to make  
progress  
Change the rules,  
you can't stop this  
Together we rise,  
you know we got this  
Hmmm...  
Here in this hall,  
up on these walls  
Picturing Addison  
beside me  
Then they will say  
we're all the same  
And they can see  
the life inside me  
Oh what's it gonna take,  
what's it gonna take  
What's it gonna take,  
what's it gonna take  
What's it gonna take?  
The last day of Cheer Camp,  
and our final challenge!  
Zombies, your unique squad
would have to crush
the course record to win.
So not happening.
Yeah, we are different,
Bucky,
but that's what makes
us stronger.
Za!
Way stronger!
Woo! Come on, Z-team.
Here we go!
  - Okay, we got this!
  - Let's go!
We got this!
We got this!
Whoa, ugh!
We got this!
Climb, climb, climb!
Whoa! Ugh!
Help me!
  - Ugh!
  - Almost there!
We got this!
Ready for a new day
Ready for a change
People, zombies,
everybody say!
Hey, we got this
Teaming up to
make progress
Change the rules,
you can't stop this
Together we rise,
you know we got this
Hey, we got this

you know we got this
Bye, Zed.
Z-team wins.
Aceys, disappointing.
You can't be scared to get those
jazz hands dirty.
Uh... Wha...
The Cheer Camp Cup is yours.
- Whoa.
- I'm glad you enjoyed it.
Now let's make this victory
about me.
I've decided to be school
president this year.
Now technically,
there's an election,
but come on.
Which means we'll need
a new cheer captain
while I rule the school.
Who's worthy to lead?
What do you mean?
It's me!
Me, me, me,
me, me, me, me, me!
No! No, no, no, no.
We... we need a captain that's
going to build a united squad.
Someone like Addison.
Thanks, Bree.
Being cheer captain has always
been my dream.
Addison! Addison!
Addison! Addison! Addison!
Cheer Camp's over and we're finally headed home.
I'm so excited to see, well, you know.
Yes! I got invited to Prawn!
Well, getting invited to Prawn sounds great, but Bonzo won't even look at me.
No invitation to Prawn for me, either.
Do you think Zed forgot about me?
No.
When do I throw the confetti?
You'll know.
Addison... will you...
Go to The Prawn!
With...
- Zed!
- Uh-oh!
Zed!
Hi!
Now!
Is everybody okay?
Nothing can happen to me, I'm way too important!
Everyone, stay calm.
Great leadership, Addie.
Very future cheer captain of you.
Zed!
Ah!
Who's there?
Zed?
Who's there?
Hello?
Can anybody hear me?
Zed?
Zed!
I missed you too.
There they are!
Zoey.
We're not alone.
We're surrounded by... werewolves.

Cool!
- What?
- Wolves?
- What wolves?
- Here wolves?
Were-wolves?
Nobody's gonna believe this.
Werewolves are real!
I always, always said the stories of monsters in the forest were real.
And no one believed me.
I thought werewolves were just myths.
Yeah, like cavities.
Those are real too?
Werewolves, ew.
I really hope my allergies don't act up.
Please can I have one?
I'm the only zombie in my class.
A werewolf friend would be great.
I'll feed him and walk him.
Yeah, werewolves ain't class pets, Zoey.
And they certainly ain't friendly.
I'm okay.
Aunt Missy, Uncle Dale.
The crash was horrible, but I protected Addison.
Anyone as courageous as me would've done the same.
Though not really, I am super brave.
Mom, Dad,
everything is fine.
It's not fine. There are werewolves circling us right now, waiting to attack.
Yeah, and I'm way too tasty.
I'm always looking like
a snack.
Somebody has to do something.
And someone will.
Hold my purse.
By order of city council,
effective immediately,
all anti-monster laws
are reinstated.
Mom, that is unfair!
- Zed, we need to talk.
- We do.
Even though you didn't write,
or answer any of my letters.
No, I wrote.
A lot.
The Aceys shredded
all of our letters.
Addison.
Will you make me
the luckiest zombie
and be my date to Prawn?
- No.
- Great! No?
Everyone's freaking out
about werewolves,
so the anti-monster laws are
in affect again, which means...
Zombies can't go to Prawn.
Ouch.
But we're going to fight this,
Zed.
Okay, so that's why
you said no?
Yeah.
Why are you smiling?
Because when you said no,
I thought you didn't
like me anymore.
But the only problem here
is a bunch of blood-thirsty
werewolves.
We can so fix that.
Attention all citizens.
Monster laws have
been reinstated.
All curfews will be
strictly enforced.
Attention all citizens.
Werewolves have been
sighted in the area.
Take cover immediately.
Keep children and pets inside.
Oh no, no, no, no, no, no, no.
We're closed.
For good.
Dreams of Fro-Yo success
melted away.
With monsters everywhere.
Look, I like zombies.
They like Fro-Yo.
But werewolves like human flesh.
Maybe with sprinkles.
Everybody likes sprinkles.
Just run.
High knees, run!
Attention all citizens.
Werewolves have been
sighted in the area.
Take cover immediately.
Keep children and pets inside.
They see one werewolf,
and we can't go to Prawn?
Okay, we have to fight this.
Protest.
Boycott.
Hunger strike!
Fine. Finish your sandwich,
but this is so unfair.
Warning,
werewolves have been sighted in the area.
- Take cover immediately.
- Zoey, come on home.
It's not safe out here with
these werewolves on the loose.
Just one sec.
Have you seen a werewolf?
I'm looking for a were-friend.
Silly kid, there's no such thing as werewolves.
But we heard it howl.
Maybe it was a hiker saying, "howl's it going?"
It was a werewolf.
My, what big eyes you have.
Zoey!
Come on.
He's back.
Wolves!
Over here!
Come gather!
What did you find out?
They saw you howling,
Willa.
So?
We're exposed.
Looks nothing like us, Wyatt.
We have way better hair than that.
Stop being such a worry-wolf, brother.
I only said "awoo"!
It's like saying "ciao"
or "aloha."
Or "I'll rip your throat out."
Anyway, who cares what they think?
It's a terrible town.
We have to find the Great Alpha.
If there even is a Great Alpha.
Willa, we saw her in the forest.
- She had the white hair.
- It was probably just the light.
She's real, and she's going to lead us to the moonstone.
And you know we don't have much time.
More and more of our pack are getting sick. Our necklaces are almost out of power. We need to find the moonstone. And when we do, we can recharge our necklaces and stay wolf strong for another 100 years. Okay. Even if the girl is the Great Alpha, how do we find her? I found this in the woods. It's hers. We'll track her down with our keen sense of smell. Says Seabrook High on it, so I thought we might just look there. Ugh! Okay, fine. We find the girl, and if she's the Great Alpha, she'll tell us where the moonstone is hidden. We go in the morning. We go tonight! Or tonight works. No one's catching me unless I want to be caught I'm dancing in the shadows Ain't no leash when I walk It's great to feel invincible It's great to feel alive My appetite's insatiable There's nowhere it can hide Our freedom isn't up to them - It's only up to us! - Us!
I'm the Alpha,
I'm the leader
- I'm the one to trust
- Trust!
Together we do
whatever it takes
We're in this pack
for life
We're wolves
We own the night
Oh we own what we own
Oh we own the night
Oh we own what we own
We own the night
The only thing that is worse
than our bark's our bite
Oh we own,
what we own
We own the night
I'm picking up the scent
- It seems we're on the right track
- Track!
The moonlight's
on the rooftops
- The wind is at our backs
- Backs!
We're living
in the shadows
- We're living for the chase
- Chase!
Our legacy is
in our sights
So let's pick up the pace
We're on a quest to find
the power that's inside of us
- Us!
- She's the Alpha, she's the leader
- She's the one to trust
- Trust!
Together we do
whatever it takes
We're in this pack
for life
We're wolves,
we own the night
Oh we own what we own
Oh we own the night
Oh we own what we own
We own the night
The only thing that is worse
than our bark's our bite
Oh we own what we own
We own the night
We own what we own
The night is our home
We own what we own
Wolves!
We own the night
Oh we own what we own
Oh we own the night
Oh we own what we own
We own the night
The only thing that is worse
than our bark's our bite
Oh we own what we own
We own the night
We'll hide here,
find the girl,
get our moonstone and leave
this awful place.
I wouldn't call it awful.
They got something
called Fro-Yo.
Yeah, you're right.
This town's the worst.
Hey, I guess I
will see you after tryouts.
Yeah, sure, awesome.
Hey, man, how are you...
I really thought we'd all be
at the Prawn together.
- I thought Seabrook could change.
- It did.
Believe me, I will find a way
to get us to the Prawn.
Or we could miss it together.
I'm not letting you miss
the Prawn.
If you can't go,  
I'm not going.  
Well, I like you too much  
not to let you go.  
Well, I like you too much  
to leave you behind.  
I am so not going.  
Ugh, you guys even fight  
like a perfect couple.  
How's it going, Eliza?  
You know, fighting injustice  
is keeping me busy.  
And looking good doing it,  
Zom-bae.  
I'm thinking the student  
president  
should get his own  
corner office.  
Let's see if we can move out  
the math department.  
- Write that down.  
- Done.  
Addison!  
Time to officially nominate me  
as president.  
Let's keep it understated,  
yet extravagant and flashy.  
Ooh, yeah.  
Make sure...  
Cheer could be so much  
more than  
just pom-pomming for Bucky.  
Uh, Addison?  
Once we're cheer captain,  
you are so off the team.  
And when I'm cheer captain,  
you'll be welcome to stay,  
because I'll be making cheer  
about bringing people together.  
That was awful trash talk.  
I know, right?  
You will never be  
cheer captain, freak.  
See ya.
I gotta find a way to get us to the Prawn.
We can crash it.
I mean, we can't make the rules, but we can break 'em.
Well, we can make the rules!
We just need the right leader.
Okay, are there any more nominees for president?
Just a reminder that being part of student council means that we get to hang.
Anybody, anybody want to hang?
Just... anyone want to hang out?
Anyone?
Oh, we could come up with our very own complicated high five.
That'd be fun, huh?
Like...
Oooh...
Go! Go! Go!
Hi!
Good job!
Okay.
Great news, we have a brilliant and cheer tested candidate running for president this year.
Me!
Bucky! Bucky! Bucky!
Bucky!
Bucky! Bucky! Bucky!
I'm running against Bucky for president, but I need to one-up his entrance.
The question is, how?
Bucky! Bucky! Bucky!
Woo!
Excuse me.
Zombie strong!
Hello, everyone.
My name is Zed, and I am running
for president.
Zed can't steal my spotlight.
What about the whole
anti-monster thingy?
Shh...
Anyone can run
for president, Bucky.
She actually has a point,
Mr. Bucky.
- What?!
- Yes.
A zombie president?
Ew!
As the first ever
zombie president,
I will allow zombies to go
to the Prawn,
I will take Addison
as my date,
and we will get our photo
on the Prawn wall of fame.
Maybe they'll rename the school
after me one day.
Zed Necrodopolous High.
Preferably before I graduate.
Okay.
If you vote for me, I will bring
you prosperity and awesomeness!
Zed! Zed!
- The Great Alpha's near.
- Focus.
Remember, we're fierce,
we're savage.
We're werewolves!
That's right, Wynter.
We're scared of nothing.
Except silver.
Yeah, silver.
And ticks.
And rabies.
Come on, if we're quiet,
we can be in and out of here
before they even know
we're here.
Ah, silver! Oh, pain!
I can take it.
No, I can't!
Nice grab.
Come on.
As your president,
I will make Seabrook a place
that embraces zombies and...
Werewolves?
Uh, no. Why would we want...
Werewolves!
There she is!
Football team!
Defense, Z 24.
- Right!
- Let's go Mighty Shrimp!
Where's the moonstone,
white hair?
I think you've got
the wrong person.
Uh, Eliza?
What are you doing?
Let's smash our Z-bands
and zombie out.
We can use our strength
to fend them off.
We can't lose control.
We are not monsters.
Our razor sharp claws will gut
' em and splatter their blood.
Too much?
Wolves! On my command!
Willa.
We can't go to war
with the whole town.
We'll never find the moonstone
if they're on high alert.
I hate it when you're right.
Wolves, stand down.
Okay.
Sorry.
We werewolves so admire
your town,
and we just came here
to join your school.
What? They can't join
our school.
Technically the
Forbidden Forest
is within the school district.
So, welcome to Seabrook!
Zed for prez!
Vote Zed for prez,
because I'm a zombie,
not a zom-can't-be.
Okay, here's our platform.
We fight for zombie toppings
on pizza in the cafeteria.
-Right.
- Get Zombie tongue taught
as a second language.
- Good.
- And how to overthrow your oppressors after school club.
- Eliza.
- Sorry, right. Don't over promise.
But more importantly,
we allow zombies at Prawn.
Good luck, Mr. Future President.
Hey Zed, did you hear?
Addie's being tested
for captain,
and she gets to run
cheer practice tomorrow.
It's not a big deal.
Okay, it's huge.
A huge chance to fail!
If Addie aces this practice,
oh my gosh,
she's so going to be cheer
captain once Bucky wins.
He's so gonna win,
because you know, elections,
they're just like these
big old popularity contests.
And Bucky is super popular.
So... what?
Thanks, Bree.
I know it's weird
I'll only be cheer captain
if Bucky's president, but...
No, that just means
neither of us can lose,
because one of us is going
to get what we want.
And I can live with that.
Me too.
You'll do great, Zed.
Zed for prez!
Zed for prez!
Thank you.
Shish, boom.
Bucky Buchanan for president.
A vote for Bucky is a vote
for cheer-fection.
These sheep just let us in?
Baaaad idea.
We agreed to play nice.
Oh, this is me being nice.
Now let's find that moonstone.
With cheer fans in Bucky's camp,
and zombies and the football
team in mine,
the school's split right down
the middle.
Werewolves are the swing vote.
Wolves are key to winning
this election.
But you know winning over
the wolves is going to be hard.
Trust me, I got this.
We're going to win the wolves
votes, and more.
We just have to show them
how to fit in, like us.
Easy.
Okay, this is a little
bit weird.
Hey, that dog just ate
my homework!
Lies!
These history books
claim werewolves
attacked Seabrook settlers.
But they struck first
and stole our moonstone.
I'm sorry, I didn't know that.
There's a lot you don't know.
I know the alarm's going
to go off
if you don't check out
those books.
Our necklaces have a way
with electronics.
Useless.
None of these history books say
where the moonstone is hidden.
Win the wolves' vote,
win the election. Easy.
Hello wolves, allow me
to introduce myself.
I'm Zed, zombie, football star,
presidential hopeful.
...Okay.
When zombies first came
to Seabrook,
we were outsiders, too.
Which is why you need a great
president like Zed
to represent you.
We'd be honored if you guys
joined us.
Our pack is our pack.
We don't need anyone else,
so...
Who doesn't want more friends?
Underneath all that fluffy hair,
I bet you're a real softie.
I am a mean, mean werewolf,
kid.
I am tough and rough.
Aww, you said "ruff."
Like a sweet little puppy dog.
Ruff, ruff!
We are beasts of the forest,
we will never be tamed.
Oh boy.
Oh wow, that's great.
Oh wow.
Sorry.
We're nothing like you zombies.
You sort of are.
Your necklace is powered, right?
Kind of like an organic Z-band.
You're smarter than he looks.
Thanks.
That necklace keeps you
from fully wolfing out?
The opposite.
Our moonstones make us
our true werewolf selves.
So without it you'd be human?
No, we'd die.
We'd be nothing.
Imagine how alive you'd feel
if you didn't have to tamp
things down.
Hold back your true selves.
Actually, I've got this theory
that zombies might've evolved
beyond their need for Z-bands.
Z-bands are great.
They help you fit in.
And I think you guys would have
a much better time at Seabrook
if you just followed
in our footsteps.
Join a club,
play football.
I'll even teach you
how to tackle.
Just lighten up.
Be more like us.
Do it like
the zombies do
Brush your fangs
when you wake up
Comb your hair,
do your makeup
Sleep at night,
don't stay up
Do it like the zombies do
Don't stand out
when you're fitting in
When in doubt,
do the opposite
Don't listen to him
He's a hypocrite
Do it like the zombies do
All you've got to do
is give an inch
Then we gonna take it
to the top
Do it like the zombies do
When the moon is full, no howling
Don't run in the halls,
no growling
Let's go to the mall
start styling
Do it like the zombies do
Trim your claws,
ger a manicure
Cut your fangs,
leave it on the floor
Now wag your tail
like a Labrador
Do it like the zombies do
All you've got to do
is give an inch
Then we gonna take it
to the top
Do it like the zombies do
Don't stop
Do it
Stand up, stand up
Stand up straight and do
your homework
Smile a lot when
you network
Did I mention
no one gets hurt?
Do it like the zombies do
I hope you're open
to my advice
Oh, it's invaluable to us, right?
It sounds like this could be a paradise
Do it like the zombies do
Why should we change
They should be like us
Yeah
He may eat brains
but he's got no guts
He's gone insane,
yeah, he's acting nuts
Come on, we've got moves to bust
Waaaah
All you've got to do is give an inch
Then we gonna take it to the top
Do it like the zombies do
Don't stop
Do it like the zombies do
Oh!
Yeah, that went badly.
No way Zed is getting the wolf vote.
All right, what are our poll numbers?
Ugh. That's awful.
We just gotta make sure you deliver a killer speech tomorrow, okay?
So the first step is...
More glossy publicity shots.
Yeah, I look a little human,
but that's only because people are lumping werewolves and zombies together.
I gotta show them that I'm nothing like those furballs.
I am so fired up to be running cheer practice.
Together, we can do anything.
Sorry, but this practice space
is for cheerleaders only.
Ha! Just try and get us
to leave.
Wynter.
Some respect.
No, I don't want you to leave.
I want you to stay.
Show us what you can do.
The cheer team is for everyone.
Five, six,
seven, eight!
Yeah. That scruffy, super
handsome, fine-smelling Wyatt
is really into Addison.
You know what?
They're just cheering.
And laughing.
That was so amazing.
You are all natural
cheerleaders.
But I'm sure she's just
convincing the wolves
to vote for me.
We wolves work well together.
But I'm not a wolf.
Hmm.
I'm not threatened.
Wynter?
Well done, Addison.
With werewolves on cheer,
this election is so in the bag.
Bucky, this is not
about politics.
I always just felt like cheer
could unite.
You are going to make
a great cheer captain.
I'm gonna be cheer captain!
I was thinking the team
could move beyond trophies
and we could start
an outreach program.
Whoa. Cheer is what
I say cheer's about.
And it's about winning.
Hi, I'm Bucky.
Vote for Bucky.
Hey, Bucky Buchanan
for president.
You are a leader, Addison.
But of something
a lot greater than cheer.
Zed!
Zed!
What's wrong?
Werewolves. They're not
interested in fitting in.
They're into cheer.
No, they're into you,
and you're into him... them.
What?
Why are you acting like this?
Do you know how hard it was
for zombies?
Now everything is just being
handed to the werewolves
- on a silver platter.
- Actually, they hate silver.
I'm trying to win an election
for my people, for you.
So we can go to Prawn,
so we can be accepted.
That's not being accepted.
That's being afraid to show
who you really are.
Says the girl who wore a wig
her whole life.
Yeah. I did.
Because I always felt
like an outsider.
And even though I might be
cheer captain, I still do.
You know I don't have
a place here!
Don't have a zombie crew.
I don't know what I am!
So excuse me for respecting
a pack of werewolves
who are proud of
who they are.
How do people
make it look easy
Are they happy or
just good at deceiving
I just want a bit of
that feeling for myself
I don't put the pressure
of soulmates
I just want somebody
who knows me
'Cause every now and then
I admit
I need a little
bit of help
I don't
feel like I belong
Anywhere, where,
where, where
How did things keep
going wrong
How did we get here,
here, here
The more I cover up
my flaws
The more they appear
I gotta find where
I belong
Ah, ah
I wish that I could feel
the way you do sometimes
Just stuck on the outside
While I'm in
here wondering
Why I had to make
it worse
You were already hurt
Don't want to be another
thing on your mind
I wish that I could make
a change
Instead of making
mistakes
Trying to hold you up
Instead I'm the one
pushing away
Just want to understand,
but every time I can't
And I don't know why
I don't feel like
I belong
Anywhere, where,
where, where
How did I get this
so wrong
To leave us right here,
here, here
The more I cover up
my flaws
The more they appear
I gotta find where
I belong
Ah, ah
Everywhere I go
Don't feel like home
Even my parents
they act like they know
Guess I have to leave
to finally see
If there's someone
out there
And they're just like me
Then I'll go
Yeah, I'll go
I don't feel like
I belong
Anywhere, where,
where, where
How did I get this
so wrong
To lead us right here,
here, here
The more I cover up
my flaws
The more they appear
I gotta find
where I belong
Ah, ah
I don't feel like,
I don't feel like
I don't feel like
I don't feel like
I don't feel like
Gotta find where
I belong
Zed?
Come with us.
What's so important?
You are.
Where are we going?
It's a wolf secret.
If we told you,
we'd have to kill you.
Too much, too much,
I knew it.
Sorry.
Welcome!
But not too welcome!
Are you okay?
My necklace is losing
its charge.
Every day, more and more
of our pack becomes sick
because their moonstones
lose their power.
All of our elders are too sick
to travel, which leaves...
...which leaves taking care of
the pack to us.
To me.
You'll be fine, Wynter.
I promise.
You'd better be right
about this.
We need to find
the moonstone soon.
Follow us, Addison.
Please.
You guys!
I have to go apologize
to Addison right now.
- Gruzah!
- Yeah I know, I want to see it too.
You know, ever since
football ended,
I've so missed watching you
get pummeled.
Attention citizens.
All curfews will be
strictly enforced.
Yeah, with the curfew
in effect,
it's gonna be nearly impossible
to get past the Z-patrol.
Hey guys!
And yet somehow
Bree just did.
Have you, have you guys
seen Addison?
She texted me for help,
but she's not home,
and she's not answering
her phone.
...Oh.
Hey, Bonzo.
You guys, focus!
Oh.
Addison needs help.
Okay, if her phone is on,
I can track her.
She's in the Forbidden Forest.
The wolves.
They kidnapped her.
You guys, we have
to help Addison.
The wolf den!
Wow.
It's okay to be impressed.
Our language.
Addison!
That means welcome.
Ostrich boots?
No, I think Addison meant
Polka dot unicorn?
Cool, where?
Oh, no. Sorry, um.
Uh...

Whoa, whoa, language.
There are were-pups around.
She needs to put a pebble
in the swear-wolf jar.
I am so sorry.

Enough.
This is not why we brought
her here.

Why am I here?
I believe you will lead us
to the moonstone.
I believe you're
the Great Alpha.
I believe you're
a werewolf.

What?!

Turn up,
explain our history
Pull back the veil
of mystery
What's written on the cave
is prophecy
The Great Alpha
is our destiny
Show us the power
of chemistry
Lead us to the source
of our energy
No one knows
her identity
But she looks like you,
identically

This is how we're
living our lives
Living our lives
Living our lives

Yeah

Can you feel the call
to the wild
Call to the wild
The call to the wild

We are the call
We are the call
We are the call
to the wild
I see a real community
Unique, but you
have unity
You know who
you're supposed to be
Release to the rhythm
totally
I feel divine when
you're close to me
And you can feel it too,
or hopefully
Now look up and tell me
what you really see
A bunch of stray wolves
or a family?
This is how we're living
our lives
Living our lives
Living our lives,
yeah
Can you feel the call
to the wild
Call to the wild
The call to the wild
We are the call
We are the call
We are the call
to the wild
We are the call
We are the call
We are the call
to the wild
Hold up, before you do
Let me interrupt
She's a cheerleader,
not an Alpha
You're in the den
But you'll need to earn
my trust
Now show me what you got
If you're one of us
This is how we're living
our lives
It's how you're living..
Living our lives
Living our lives, yeah
Can you feel the call
to the wild
I can feel the..
The call to the wild
We are the call
We are the call
We are the call
to the wild
We are the call
We are the call
We are the call
to the wild
Addison!
Zed!
Don't make me
take this off!
You don't want to see me
zombie out.
Wolves!
Stay back!
No!
No, stop!
Zed! I want to be here!
What?
But... but you texted
"Help!"
I needed help on
the chemistry homework.
Didn't you see
the beaker emoji?
Oh... I do now.
By the way, I love
this new look.
New hairstylist?
Werewolves, they know hair.
And manicures.
Mmm-hmm.
They think I may be
a werewolf too.
What? How?
Maybe a grandparent.
My hair means something.
This could be my pack.
For centuries, this has been
set aside for the Great Alpha.
A fully charged moonstone
is priceless to us, Addison.
If you're truly one of us,
when you put it on,
you'll be transformed
into a werewolf.
Part of our pack, forever.
What? No!
Wait.
Can I think about it?
For a day.
Once you've joined us, you can
lead us to the hidden moonstone.
But she doesn't know
where it is.
What?
Yeah. The explosion came
from Seabrook Power.
They must be testing charges
for the demolition tomorrow.
Seabrook Power is the birthplace
of zombies.
A little lime soda mixed
with some mysterious energy,
and bang!
Zombies.
Nice story, but it doesn't
concern us.
But it does concern you,
Willa.
Seabrook Power was fueled
by a mysterious energy source.
That could be your moonstone,
right?
She found the moonstone.
She's amazing.
If she's right...
Wow.
We'll see you at school tomorrow, Addison. Okay. Tomorrow. Big day. If they destroy that building, it'll crush the moonstone underneath. We can't let that happen. - Addison can help. - Maybe once she's one of us. But until then, I lead this pack. We need to stop them from destroying the moonstone. Whatever it takes. So. New look? I like it. My new friends like it. Did you join a, um, rock band? It's election day, Seabrook! We have an assembly to hear from our presidential candidates, and it is going to be so good to see you all. - Addison? - Check her out! - She looks amazing! - Look what she's wearing! That is a fresh look! Whoa! Bad hair day? Bad hair life? I think it looks great. Yeah, not so much. Addison, if you ever expect to be cheer captain... Well, maybe I don't. Maybe cheer team isn't for me after all. Addison! I was up all night thinking. You're not a werewolf,
you can't be.  
But I love moonlight strolls.  
Yeah, you like sunsets too.  
That doesn't mean you're 
a vampire.  
- Zed...  
- Look.  
It's really hard being 
considered a monster.  
Trust me.  
All I've ever wanted 
is to find my pack.  
And now I finally have.  
When I see the wolves,  
I'm going to put this on.  
And I'm really sorry I can't 
make the debate,  
but I need to find the wolves.  
Good luck.  
Whoops, almost forgot.  
You'll do great, Zed.  
Are you ready for the debate?  
Come on, we're going 
to be late.  
You're going to prove 
to everyone 
that we're more than just...  
...Monsters.  
- Bucky made me look...  
- ...Scary.  
Attention, attention.  
This is an active 
demolition site.  
All personnel please 
evacuate immediately.  
Demolition is scheduled  

for 5:  
All right, we don't have 
much time.  
This is how we sabotage 
the demolition and stop them.  
It's my responsibility to make 
sure we're all safe.
We follow my lead.
It's a good plan, Willa.
What plan?
We're going after
the moonstone.
Top secret.
You can't tell anyone.
Bad wolf, bad wolf!
You're going after
the moonstone now?
It won't survive
the detonation.
Then let me join you.
I'm ready to become
a wolf.
If you really are one.
It's gone.
You lost it?
Do you know how precious
a moonstone necklace is?
If she was serious
about being a wolf,
if she was the Great Alpha,
she wouldn't have been
so careless.
No, I... I don't know how!
I...
Stay out of our amazing hair.
You got your speech?
Addison's necklace?
I took it.
I can't let her become
a werewolf.
I have to protect her.
All of this,
running for president,
it's all for her.
No, Zed.
This is bigger than that,
okay?
This is for you, for me,
for all zombies everywhere.
This is more important
than anything else.
Look, we'll deal
with this later, okay?
Just become president.
That's what zombies need.
Your first nominee for...
Running for president,
wearing the sequined
Mighty Shrimp uniform...
Three time MVP,
lean, mean, cheering machine...
And captain of our hearts...
Bucky!
Your other candidate of...
Why not?
Introducing our soon-to-be
first green-haired president
and repping a proud people,
Zed!
Hear him roar!
Um no, actually, we're not
going to roar.
No roaring.
Zed'll fight for you!
You know what, um,
I'm not going to fight.
'Cause, no, this isn't
a fight.
This is just a nice lil' cordial
debate we're having here today.
Good to hear, Zed.
Oh, did you see that?
That was a high-five.
No.
Are you ready to battle?
Ha, ha
It is my mission
We got a goal in mind
Save our tradition
That is the bottom line
We're always winnin'
Look how the trophies
shine
You're going down
Burying you back
underground
I'm the one who stands up
for the people
I embrace diversity
Treat everyone as equal
- Zed is thoughtful
- Thanks
- He's a natural born leader
- True
And if you think
about it
Bucky is neither
Yo, I will win this race
I'm a cheer rockstar
Mirrors love my face
Your ego made your
head so big
You can't see
You got no shot
to beat me
Ooooh!
I know ya hear me,
if ya with me stand up
No way you win if you go
against us
In pictures, we're
more glamorous
You wanna battle
with the best?
Good luck!
Let's go!
You need a leader who
looks out for the crowd
Then I'm winning
Someone that'll
make you proud
Then I'm winning
There through
the ups and downs
I'm winning
Let me hear
you scream it loud
I'm winning
I challenge an old
way of thinking
Yo, I know I'd be a much
better president
Tell 'em your reasons
I'm a real human
There's no danger in that
- They're real monsters
- Man!
What if they turn back?
We aren't monsters, man
We win the football games
We joined the cheer squad
Monsters wouldn't
do those things
We got a good attitude
Dude, you eat brains
If I did, you don't have one
so you'd be safe
Ohhh Zigna Do dinga
Badda do
Bidda ba dida bow
Deda Zaga dada
doo ahh
You're all weird
and strange
We are here for change
We need a president
who'll do whatever it takes
Look, we can go back
and forth
But in the end
it's fact
You're a monster and
you can't debate that
I know ya hear me
If ya with me
stand up
No way you win if you go
against us
I know we'll be victorious
- You wanna battle with the best, good luck
- Let's go!
- You need a leader who looks out for the crowd
- Then I'm winning
Someone that'll make you proud
Then I'm winning
There through the ups and downs
I'm winning
Let me hear you scream it loud
I'm winning
You wanna change Seabrook
Yeah, for the better
Aha! I knew it! How's it better to have zombies at Prawn?
Our dance game's strong
What?
Go, go, go, go,
go, go, go, go
Zombie tongue
at Seabrook's
Graba gaba Zigna
I think I'd make a fine President too
Thanks for the compliment
I think you'd like Zombie as a second language
It's an easy A
What's next, more zombie dates on calendar?
More holidays
Yay!
Whoa, whoa
And as an added perk
If I'm president
No more homework!
You need a leader who looks out for the crowd
Then I'm winning
Someone that'll make you proud
I'm winning
There through the ups and downs
I'm winning
Let me hear you scream it loud
I'm winning
You need a leader who looks out for the crowd
Then I'm winning
Someone that'll make you proud
I'm winning!
There through the ups and downs
I'm winning
Let me hear you scream
it loud
I'm winning
No!
Zed for prez!
Vote for me, because I swear
I'm no monster.
Oh no!
Addison's necklace is shutting
down your Z-band.
See! See! He's a monster!
Can't let them see me
as monster!
Breathe. Focus, okay?
You can control this.
You don't have to hide,
Zed.
I know you won't hurt me,
big guy.
But they don't!
Go on, throw it!
Zed, the necklace!
Remove it!
Zed, wait.
I lost the election.
Maybe.
Probably.
Yeah, you did.
Look, but the problem is
you lost yourself first.
We triggered the alarm,
hurry!
Wolves, freeze where you are!
Addie, are you okay?
I lost the necklace,
Bree.
I let the wolves down.
The Z-alarm?
Attention! Attention!
Monster activity
at Seabrook Power.
It's the werewolves.
We need to help them.
Bree, would you?
I will.
I'm in. Always.
We can't do this alone.
We need to rally the Z-team.
Right.
No. Actually, we're gonna
need everyone.
Aye-aye, captain.
- Come on!
- Okay.
You're trespassing,
werewolves!
How can we be trespassing
on our own land?
This is werewolf territory!
I don't know anything
about that.
We can take them.
Hear it getting louder
A call for revolution,
yeah
We came for what
was ours
It's time for restitution
We'll protect our own,
take back the stone
No human nature cannot
hold us down
Stranded at the bottom
But we're more than
a whisper
No, we'll never
be forgotten
Our blood's thicker
than silver, yeah
When worlds collide
it's do or die
So tell me, is it wrong
to stand your ground?
Hear us howl
All or nothing
Fangs are out
We ain't running
Hear us howl
It's all or nothing
Oooooooh
This is a declaration
Ooooooh
Of a new generation
It's now or never
We're in this together
We'll fight through
the highs and the lows
No we won't break
We're more than flesh
and bone
Arrest them!
Colloidal silver.
That'll tame these beasts.
Demo time.
Everybody clear out.
I failed you.
They'll destroy the moonstone.
They'll destroy us.
No!
Addison?
The world has gone crazy
And no one seems
to listen
Gotta step in
No more maybes
And stop the demolition
Is it hope or fear
look in the mirror
Everything we've built
is coming down
No more hesitation
It's time we start
to realize
With all this separation
Silence is
still taking sides
So use your voice
make a choice
And tell me are you standing
with the crowd?
Ooooooh
This is a declaration
Ooooooooh
Of a new generation
It's now or never
We're in this together
We'll fight through
the highs and the lows
No we won't break
We're more than flesh
and bone
We say no more bad blood
No more bad blood
Aaaaaaay
No way they can't
stop us
No they can't stop us
Aaaaaaay
We say no more bad blood
No more bad blood
Aaaaaaay
No way
They can't stop us
No they can't stop us
History changes
But we lost the pages
we wrote
When you lose direction
Can't see the reflection
You know
We came from the bottom
Then became the problem
Now everything's
out of control
So hey, are you with me?
Let's go!
Oooooooh
This is a declaration
Ooooooooh
Of a new generation
It's now or never
We're in this together
We'll fight through
the highs and the lows
Yeah!
No we won't break
We're more than flesh
and bone
You gotta stop the demolition,
Dad.
I know how hard you worked
to get this job.
But if it's gonna hurt
the werewolves,
you have to stop it.
You're right.
And Addison's right.
Shut it down.
Stop the detonation.
Tomorrow, when it's safe,
we'll find what
you're looking for.
But right now,
you can all go home.
Yes!
Hey.
We did it, we stopped
the demo!
What's wrong?
Addison.
I'm gonna lose the election,
which means I can't take
you to Prawn.
That's okay, Zed.
We cannot go to
the Prawn together.
He found it!
Thank you.
- What?
- I took it.
I stole it when
you weren't looking.
I thought I lost it.
- I questioned myself.
- Addison, I'm sorry.
I was afraid that if you turned
into a wolf, I'd lose you.
You don't get to make
that choice for me!
But a werewolf?
I finally find where
I belong,
and you try to steal that
from me?
Why would I ever go to the Prawn
with you after what you did?
Am I?
You're beautiful, Addie,
but the same beautiful
that you've always been.
She's not a werewolf.
Oh my gosh, boss, boss!
We got a problem!
- What?
- The remote shorted out,
and now the detonation
timer's running.
Well, shut it off!
I can't.
No, no!
What have they done?
Addison?
The center of Zombie and
Werewolf culture is in rubble,
and I still don't have a pack.
Attention, everyone.
This is your new president,
Bucky reminding you
that the Prawn
is tomorrow night.
As you know,
with the anti-monster laws
still in place,
this is a human only event.
They were wrong to destroy
Seabrook power,
and I was wrong about
werewolves.
You have every right to fight
for who you are.
Yeah, but what are we now, zombie?
You're fierce, proud werewolves.
Yeah, they think we're monsters.
We are monsters.
Thank you, sir.
After you.
What's that?
It's zombies!
And werewolves.
In formal wear?
They look good.
You guys can't be here.
There are laws against this.
Bad laws are meant to be broken.
And monsters don't follow the rules.
Zombies are a part of Seabrook, Bucky.
And we deserve to be here.
We're a part of Seabrook, too.
The originals, in fact.
Someone's gotta stop you.
Welcome to Prawn.
Bonzo!
Yes. I'll go to Prawn with you!
Addison.
I had no right to take your necklace to stop you from becoming a werewolf.
I couldn't handle the fact that you might be a monster, 'cause I couldn't accept the fact that I am one.
I thought everything would make sense if I was a werewolf, but I'm not.
And I don't even know if I'm a cheerleader.
You're a leader, Addison.
You make others belong.
At camp, at cheer practice.
You're the one protesting
for what's right.
You bring people together.
You're from the
perfect paradise
Oh
And I'm living on
the darker side
Ooh, I had a feeling
if you got to know me
Right from the start
you caught my eye
And something inside me
came to life
Ooh, I've got a feeling
Now you really know me
Someday
This could be,
this could be ordinary
Someday
Could we be something
extraordinary
You and me side by side
Out in the broad daylight
If they laugh,
we'll say
We're going to be someday
Someday, someday
We're gonna be someday
Someday, someday
We're gonna be someday
This way!
You're supposed to protect
your president!
The energy from the moonstone
must've created the fault line.
What?
If we follow this crack,
it may lead us to the moonstone.
So it's only buried
and not destroyed.
We have to get to it.
Quickly, while we still can.
It's this way.
I see the light.
It's coming
from Seabrook Power.
Here it is!
We have to move it out of here.
Legend says that together,
our pack can move the stone.
All of us, lift!
It's too heavy.
There's not enough of us.
Then maybe you need to expand
your pack.
Addison?
We came here to help.
Come on, everyone.
We got this!
Right.
Hurry, before it's too late!
Together lift!
Chamber's collapsed.
We can't carry the moonstone
through.
Your Z-band,
it's still broken.
Zed, take it off.
Lift the slab.
Okay, Zed, you can
do this.
I'm not ready. What if
I can't control it?
Oh!
Zed, you have to.
Yes!
Come on, you can do this.
Oh, no!
Zed!
Zed! Are you okay?
Yeah.
I'm me.
We crushed it!
We nailed it!
We so rock! Yes!
Too much?
Perfect.
We did it.
Say "brains."
Brains!
We're getting our first zombie
on the Prawn wall of fame.
Hey, you said that perfectly.
Bonzo's got an ear
for languages.
We are all different,
baby
But that's what I like
We're separate
but we're together
Like stars in the sky
We've got a good thing
going on
Yeah
Nobody has to feel alone,
oh yeah
One of us chased the day
And one of us faced
the night
And all of us paved
the way
To where we all
are tonight
Turned around
And now we've found
That we are now
All
One for all
Used to be divided
One for all
And now we're all united
One for all
This party ain't private
One for all
Everyone's invited
One for all
No wristband required
One for all
Get hype, get excited
One for all, one for all
One for all,
one for all
There's something here
that's magic
Let's dance until dawn
The feeling is automatic
It's where we belong
We're so unique,
we're not the same
Yeah
And that's what gives us
all our strength
One of us chased the day
And one of us faced
the night
And all of us paved
the way
To where we all
are tonight
Turned around
And now we've found
All
We have got to bring
it on, on
Watch me shake it like
a pom-pom
Yeah, shake it, shake it,
shake it, shake it
Shake it like a pom-pom
Yeah, get sick, get ill
Lean back with
the zombie tilt
Hey, with a zombie tilt
Yeah, with a zombie tilt
New kids on
the new block
Werewolves do
the moon walk
Do the ooooh, do the ooooh
One for all
Used to be divided
One for all
Now we're all united
One for all
This party ain't private
One for all
Everyone's invited
- One for all
- No wristband required
One for all
Get hype, get excited
One for all, one for all
One for all,
one for all
Who wants pizza?
One for all
One for all
One for all
One for all
One for all
One for all
One for all
Weird.
