Amityville Terror

By Amanda Barton

Babe, leave it!
Let's go!
We gotta go now!
Mommy.
It's not him, Faith.
Don't leave me, Mommy, please.
That's not our son.
God.
I don't wanna be alone.
Faith, come on.
Mommy, please.
Faith?
No!
Faith!
Faith!
No!

THE AMITYVILLE TERROR

I'm like 100% sure
we passed this road already.
Are you sure you're not lost?
No, I know where I'm going.
Feels like we're in
the middle of nowhere.
That's because we are in
the middle of nowhere, Hailey.
Even if we were in
the middle of nowhere,
which we're not by the
way, we're in it together,
and that's what counts.
Dad.
Well I for one
like the sentiment.
It's a big move, but
we are in it together.
Well yeah, just us and Shae.
Hey, your aunt Shae
needs us right now.
You never know.
You might like living with her.
Yeah, reformed
addicts are the best.
Hailey.
Listen, I know this is hard,

but it's not forever.
When the time is right, we'll
get our own place, I promise.
Great, no service.
I am in hell.
Give you some perspective.
Really, because from my
perspective, I see trees.
Look, another tree.
Look another tree.
Toddy Bear!
I missed you.
I missed you too.
You look great!
Thanks, so do you.
You look amazing.
Thank you.
Hi Jess.
Hi.
You made it, I'm so happy.
Hi Hailey.
How's it goin'?
You wearin' your
dad's clothes now?
That's awesome.
Welcome to the
not-so-big city, guys.
Also known as the
smallest town ever.
Yeah, we're quite far, far
away from pretty much anything.
Yeah, at night
you're gonna love it.
It's super zen underneath
the stars with the crickets.
I hate crickets.
Who hates crickets?
I do?
Come on, let's go, I wanna
show you inside the house.
How many times
do you think she says zen?
Don't
start, remember, zen.

Home sweet home, ladies.
It's really old.
It's called Victorian.
It's got nice cross-breezes.
Let me show you upstairs.
Come on.
I knew it.
All right guys, be really
careful with the railing.
It's super delicate,
and I broke one of them
by accident already.
Okay, so each bedroom is like
painted totally different,
like different kind of
wallpaper, different colors,
it's really cool.
This is my room.
It's a mess, shocker.
And then Hailey,
that's your room.
Flowers, awesome.
Well this is your room now.
So pick a color
and we'll paint it.
Surrounding
yourself by flowers
is actually really
good for your chi.
You should consider keepin' it.
And this is the master bedroom.
This is beautiful.
Okay, I'm gonna
check out the bathroom.
See ya, sport.
You did good.
This house is just amazing.
Yeah this is perfect
for us, yes, good job.
I knew you guys would like it.
I'll leave you to it.
I just hope her and
Hailey can get along.
I can definitely sense

something brewing there.
No, no, they're
gonna get along fine.
The problem is
they're so much alike.
They're both rebels
without a cause.
Okay I think for Hailey
it's called being a teenager.
But for Shae, I don't
know what that is.
You know, Shae's been
through a lot with Mom's death.
But I think having family
nearby is going to be
really good for her.
I agree.
And with this new job, we
can finally get back on track.
Which I'm very grateful for.
Me too.
Todd, not now.
What?
Come on, it's okay.
Hailey's outside.
Your sister is downstairs.
Shae does not care.
Well it's weird.
No it's not.
Todd, no I'm not in the mood.
You're never in
the mood, Jess.
I'm sorry.
It was a long drive.
I'm gonna go unpack.
Hey, so how
did you find this place?
Just responded to an ad.
The neighborhood
looked really nice,
and the house was really cheap
considering the
size of the place.
So I jumped on it.

I'm so surprised that
it was even available.
This house is fantastic.
My real estate
agent said something
about the local
economy being down.
People aren't moving.
Makes sense.
Well, their loss.
I think this place is fantastic.
And I absolutely
love the furniture.
When I saw those
baroque couches,
I was like where do I sign?
Baroque.
Did the family before here
leave their broke couch?
I guess so.
Nothing really matches.
It's called character.
Hey, do I have to go
to school right away?
Hey, yes, you have to
go to school right away.
Is there a specific reason
why you don't want to?
Come on Dad, think about it.
The semester's almost over.
I can start next semester.
I'll work extra hard, and
then it'll be a nice break.
Please?
Please?
Seriously?
You guys are way
too easy on her.
Seriously Shae?
You don't really
have a say here.
Excuse me Hailey.
You do not get to talk
to your aunt that way.

I'm sorry, I'm not the
crazy drunk in the family.

Hailey.

I'm not gonna be the
one that's passed out
in the front yard.

Now you're just
being a little brat!

You don't get to act like
you're such a good person
just because you're
finally sober!

Or are you?

Great!

This house sucks!

Crickets.

Nice shot, sport.

What's going on with you?

What do you mean?

I mean you were very rude
to your aunt Shae last night.

It's not like you.

Yeah, well she's a hypocrite.

And I hate that.

How is she a hypocrite?

She tries to

tell everyone else
how to live their life.

She can't even get
her own life right.

I get that, but you
have to understand.

Your aunt Shae, she's
been through a lot.

We need to be patient
with her, help her.

Isn't she supposed to
be able to help herself?

Isn't that what rehab's for?

Sweetheart, can
you do me a favor?

What?

Can you be the
bigger person here

so we can all get along?
It'd mean a lot to me.
Okay.
That's the Hailey I know.
I gotta go to work.
Bye, Dad.
You're good right?
Scouts honor.
This town sucks.
Let's go find some trees.
Woo!
That's a cool bike.
It's a Yamaha 125.
Yeah, you ride?
No, I'm just a big motorhead.
Sorry, who are you exactly?
I'm Hailey.
Who told you about this place?
Nobody, I just
heard the music.
So you took
that as an invitation.
Do you like Higher Flux?
Yeah, I actually
saw them in concert.
I'm so jealous.
What are you doing here?
I just moved here to Amityville.
Where in Amityville?
On Amity, right
where it dead ends.
So where'd you see them?
See who?
Higher Flux.
L.A.
That's cool.
Is that where you're from?
No, I moved here
from San Francisco.
Okay, well welcome.
Yeah, I think I'm gonna go.
Probably for the best.
Nice to meet you.
Yeah okay.

I guess I'll just
see you around.
See you around.
Miss McCallister.
Please, it's Delilah.
Delilah.
I guess you came for
the rest of the rent check.
Sorry, I've been
painting all day.
I'm really spaced out.
An artist.
It's more of a hobby really.
Sorry I planned on dropping
this off to you later today.
Hi.
You must be Jessica.
Jessica, this is Delilah.
She's the property
manager on the house.
Hi.
Just stopping by to
see how you're doing.
We love the place.
How's the garden?
I've actually
never had one before.
But the moment we moved in,
I had the sudden urge
to just planting...
Roses.
Yes, exactly.
I saw them outside.
They're gorgeous.
Thank you.
Your husband
and your daughter?
Where are they, I would
love to meet them.
Todd is at work, and Hailey,
she's probably out
exploring or something.
Pity.
Do take care of the house.

We will.
Between you and I, it's
my favorite property.
And don't let the
neighbors bother you.
Why do they throw a
lot of crazy parties?
No, they keep to themselves.
You're just not gonna
make any friends.
That's all right.
Well we have plenty of
drama in this family.
Remember it's a small town.
People like gossip.
Don't you worry.
What happens behind these
walls stays behind these walls.
I'm sure it will.
Hey.
-Hi.
-Can I help you?
Yeah I'm Todd Jacobson.
I'm here to see Mike.
Yeah, we've
been expecting you.
Cool.
Yeah I'm Karen,
nice to meet you.
Hi Karen.
Mike, Mike, hey.
I got Todd here for you.
What's up Mike?
Hey Todd, Mike Arkos.
Nice to finally meet you man.
Glad to have you on board.
Thank you.
This is beautiful.
What year is it?
1955 Imperial.
Fixing up for a friend of mine.
She's a beauty, isn't she?
Yeah, she's great.
How is everything else going?

Good man.
Happy you're here.
Now I can pay full
attention to the other shop.
Come on, let me show you around.
-Jesus you scared me.
-What?
I'm sorry.
Who's your new friend?
I found her while
I was planting roses.
Well she is extremely creepy.
-She's not creepy.
-No she's creepy.
She's just old and dirty.
Just like you.
You know what, I
bet some little girl
loved her very, very, very much.
No this isn't good.
The problem with
these old houses,
they have a big issue
with their plumbing.
I'm gonna go check the basement
for some drain cleaner.
Have fun with your new friend.
Hey Dad?
Down here.
This isn't
ominous or anything.
All basements
are ominous, honey.
That's why they're
underneath the house,
and not in the living room.
So much junk down here.
Who leaves this much
stuff when they move?
I don't know,
but it's basically
all cleaning supplies.
Cool.
Bingo.

Everything's creep
about this house.
Come on, let's go.
Why is it that color?
This is industrial strength.
It's really potent.
Actually stand back a bit there,
because if this
gets on your skin,
it'll burn you.
My God!
Why does it smell like that?
I don't know.
What's in this stuff?
Shae?
Shae?
I can't get it open.
Shae?
Shae?
Shae, open the door!
My skin is burning!
I'm bleeding!
Honey, I don't think
you're bleeding at all.
It's probably
just an acid trip.
Not now, Hailey!
I swear Todd, there is
something in the water.
And it was burning me.
It was burning my skin.
The drain cleaner!
You didn't check to see if
someone was taking a bath?
Because that's not how
plumbing works, Jess.
That's impossible.
I couldn't get up.
What are
you talking about?
I couldn't get up.
Don't touch me!
Get out!
I told you, it

can't be connected.
The drain cleaner,
it's impossible.
What else was it?
I don't know.
Maybe Hailey was right.
Maybe she took something.
Excuse me?
Took something?
Yeah, like...
Great!
Some acid or peyote.
Great, we're
living with a junkie.
You said she was
past all that, Todd!
We're not living
with a junkie, Jess.
I will keep an eye on her.
It's not a problem.
Listen, I get it,
she's your sister.
But I have to make sure that you
are not prioritizing your
sister over our daughter.
Jess, I would never do that.
Really, cause
you're doing it now.
What does that mean?
You gotta face it.
Your sister's a drug addict.
Our mother just died!
She had one freak
out episode Jessica!
Have a little compassion.
Yeah,
but you know what?
The way you handled that episode
seems like you've
done that before.
How I handled it?
I did everything I could!
What are you talking about?
You seem

pretty natural with it!
What?
Is this something
that you guys grew up with?
Did you do this when
you guys were kids?
What's going on?
You don't know
that she's on drugs.
She had one...
She was on something.
I know as much as you.
I don't know.
Still wear it like a tattoo
Feel like magic and voodoo?
How's she doin'?
She's calmed down.
I checked her skin; she's fine.
Well that's a relief.
Look Jess, I'm s...
I'm sorry.
Come here, come here, no.
Listen, I'm sorry.
I'm sorry too.
It's just, you know with all
this creepy and craziness.
Yeah, I know, I know, I know.
This is not the first
episode that she has had.
Why does
it even happen?
Honestly, I don't know.
It could be stress, trauma,
you know Mom's death
is a lot for Shae.
Morning sunshine.
Hi.
Have I told you how
proud I am of you?
Why?
Why, because you're brave.
You're going to a new school,
and that totally sucks.
But you're doing it,

and I'm proud of you.
At this point
I'll take any reason
to get out of this house.
Well, whatever motivates you.
It doesn't mean I
wanna go to school.
Look you don't
have to wanna go.
You just have to
do it, and you are.
So I'm proud of you.
Fine, I accept your pride.
Thank God!
I wasn't sure where I
was gonna put it today.
I'll see you later.
Bye.
No no no, wait wait wait.
Hailey, I made breakfast!
Hi.
Is this your ball?
Yeah.
What's your name?
Penny.
I'm Hailey.
I like your bike.
I don't get to ride bikes.
Yeah?
You wanna check it out?
I can't cross the line.
What line?
Did you meet Rachel?
Rachel?
My friend.
She lives in your house.
Did she move?
No.
Well just my family now.
Rachel's there too.
I haven't seen her.
Doesn't mean she's not there.
Yeah.
Scott Green, please report

to the principal's office.
Scott, please report to
the principal's office.
Hey.
Hey yourself.
You know, you didn't
have to disappear before.
You could've hung out.
Yeah, well your friends
weren't exactly inviting.
I don't know if I'd
exactly call them my friends.
Okay, well let me
make it up to you.
What are you doing after school?
I work.
My dad owns the tavern in town.
I help him out.
And after work?
It's a bar.
I get out kinda late.
Okay, then I guess
I'll just see you around.
Has anyone seen Mia today?
I think she has her
period, Mrs. Taylor.
Thank you Theresa
for the update.
But I don't think we need to
know Mia's personal business.
I just didn't wanna
be vague, Mrs. Taylor.
Moving on.
Let's start where we
left off yesterday.
Exercise seven.
Did you hear?
Mia fucked Tim Bradley
in the back of his car,
and he filmed the whole thing.
And it went viral.
Now she's never
leaving her room.
I heard Mia went to the

Amity house on a dare.
But that was weeks ago and
no one's seen her since.
That's a lie
Sally, and you know it.
What are you
guys talking about?
Nothing, new girl.
Mind your own business.
Yeah, mind your
business, Dirt Bike.
That's not an insult.
Whatever, Failey.
Failey, you're doing it wrong.
Girls, what's
going on over here?
I tried to tell her to
be careful, Mrs. Taylor.
But she wouldn't listen.
All right, go get cleaned up.
She won't last long.
What happened to you?
Wet t-shirt contest.
Room Eight, you missed it?
Apparently.
I didn't get the memo.
Bummer.
Here.
It'll be like it never happened.
Okay.
Hello.
Hello?
Hey Shae?
Shae, I'm out in the garden.
So if the phone rings,
could you answer it?
Hey, how's
it goin' over there?
Hey Mike, it's goin'.
Yeah?
Yeah, I'm busy.
You okay?
You seem a little bit out of it.
Long night.

Actually, let me
ask you somethin'.
Have you ever heard of
drain cleaner backing up
and coming out of
another faucet?

No.

Sounds crazy right?
Technically impossible.
That's what I said.

Why?

My sister Shae was
taking a bath last night
and had this freak out episode.
And now my wife is convinced
that the drain cleaner
I poured into our sink somehow
came up through the tub.

Wait, Shae Jacobson?

Yeah.

That's your sister?

Yeah.

I used to date Shae
back in college for
about two years.

Shit.

You're that Mike!

Yeah, you must be Toddy Bear?

Toddy Bear.

Man I haven't heard
from Shae in years.

How did you guys
end up over here?

Well she was up here
for a while actually,
takin' care of our mom.
And she passed, and at
the time it made sense
for my family and her
to all move in together.

And she actually
found a great house
in the neighborhood.

Where?

Amity Way, at the
end of the cul-de-sac.
So how did you guys
come across that place?
She answered an ad.
Shae is doing all right?
Yeah, no she's fine.
She's a tough cookie.
So she bounced back.
Look, I gotta go.
I might drop by later
on to say hi to Shae.
Okay, yeah sounds good man.
Hey, I did the inventory,
and loaded the beers.
Can I go meet the guys?
Storage unit locked up?
Yeah.
Hey, Dad if you
need me to stay...
No it's all right, I got
Jones comin' in at eight.
You go on, get outta here.
I'll be back later.
How much later?
Be home by 10.
No excuses.
Yes sir.
Hey.
Hey.
I was just gonna
return your jacket.
Right, thank you.
How did you know I was here?
You said you worked
at your dad's bar.
There's only two in town.
And one of them's a strip club.
So I used my instincts.
Right, right.
Well I was jut about
to get outta here.
You want a ride?
Why not?

Well come on.

Woo!

That was awesome.

Man.

So you gonna tell
me why you feel the need
to carry that thing around?

My crossbow?

Yeah.

I mean, this is a
pretty safe neighborhood.
You can never be too careful.

It's a historical
fact that small towns
are breeding ground
for serial killers.

Who said that again?

History.

Right, of course.

You ever heard of a gun?

Too predictable.

You wanna try?

No, I'm good.

You ever actually shoot
anybody with that thing?

No, but I wouldn't
mind putting an arrow
through my aunt Shae's ass.

Okay, so you don't
like her obviously.

Nope, now I have
to live with her.

That sucks.

Yeah.

She's gone absolutely crazy.

She was in the
bathtub last night.

She started screaming,
crying, the whole nine yards.

She thought her sin
was burning off.

Burning off?

Yeah like acid
burning her skin off.

What?

Nothing, nothing.

Anyway, she went crazy and
it made my parents fight.

And so they got in to
this huge argument.

And it was, seriously what?

I shouldn't say anything.

Okay.

Something bad
happened in that house.

What happened?

A while back, this
kid, Jimmy Oberest,
he poured acid in the bathtub
and drowned his baby sister.
And then he killed his parents.

Shit.

It was a long time ago.

Nobody even really
talks about it anymore.

That's totally creepy.

Won't be taking a
bath any time soon.

I'm sorry, I shouldn't
have said anything.

No no no, I'm glad you did.

It's nice to just have
someone to talk to.

We should probably get going.

Okay.

Hello, hello, Shae?

Yeah

boy, did you find a chicken?

Hello?

Hello.

Shae?

Shae, it's me Mike.

Open up, we need to talk.

Shae?

Shae open up, it's me.

Hey, where's Delilah?

Screwin' around
in the kitchen.

Delilah.

Mike.

We have to talk.

Don't stop.

The people you moved
into Amity house,
Shae is a good friend of mine.

Shae I love her.

She's an artist.

Look, you have to
get them out of there.

Stop.

Just stop.

I don't tell you how
to run your business.

Don't tell me how to run mine.

It's not right.

You know it.

Well the house can't be empty.

As long as tenants pay, I
don't care who they are.

You're a sick bitch.

I love it when you
talk dirty to me.

Hey Mike!

It's like Vegas, baby.

Never bet against the house.

Shae?

Shae, Jess is makin'

dinner I just,

I'm sorry.

I didn't mean to interrupt you.

What do you want?

I don't want anything.

Jess is making dinner.

I was just wondering
if you wanted some.

I'm not hungry.

Okay.

Are you feelin' all right?

Do I look all right?

You look tired.

Well I feel perfect.

Wanna see what I'm working on?

No, no I'll wait
'til it's finished.
Well that was...
Yeah it was.
I...
Keep it.
I'll get it the next time.
Son, you know what time it is?
Dad, I'm sorry.
You're sorry, then you
know how late you are.
Get inside now.
What are you doing?
Your door was
open, so I just...
Put that down.
Do you like it?
Yeah, I mean the
colors are amazing.
I think you got a keeper.
Okay.
You know what I think?
I think you're just a puppet
that says whatever her
daddy wants her to say,
'cause she doesn't have
a personality of her own.
I think you act tough and cool
so you can hide who you really
are, forgettable, unloveable.
Why would you say that?
'Cause the truth is important.
I wish you would've died
instead of your brother.
He only pretends to love you.
Think about how happy
your father would be
if he had a son.
Hailey.
Hailey, are you okay?
Damnit.
Have you seen Todd?
Todd!
Fuck!

Shit!
Todd!
Stop the leak.
Todd, stop now!
Turn this thing off!
Todd, stop that, turn it off!
Todd, turn the welder off!
Stop, stop Todd!
Turn the welder off!
Todd!
You want a cigarette, Failey?
No.
You gonna tell on us?
Why would I stop you from
slowly killing yourselves?
Nobody knows when
they're gonna die, Failey.
I'd treasure this
moment if I were you.
Yeah,
tomorrow could be your last.
Maybe not.
I saw the way you looked
at my boyfriend, btdubs.
Sorry who's your boyfriend?
I think you know.
Watch your back, Failey, or
you'll find a knife in it.
Ladies?
Hailey.
What are you doing?
She slipped and fell.
Classic Hailey.
Hailey?
Yeah, fine.
He lived in my house.
I know it because my aunt Shae
found his medical
kit in her closet.
And in the picture, his
daughter's holding the same
doll that my mom found
buried in the garden.
Okay, so he lived there.

So what?
So there's no record
of him since 2004.
He doesn't exist Brett.
He's dead.
He died in my house.
His family died in
my house, I know it.
I can't prove it,
but I've seen him.
And then there's this music box,
and it plays at
really weird times.
Like it knows.
Do I sound crazy?
No, I don't think so.
I can't think
about this right now.
Yeah that's fine,
we'll just chill.
I haven't seen you
around here before.
What's your name?
Todd.
Todd, you must not
live around here.
Just drivin' through?
No I live here.
Lucky for me.
I'm married.
Didn't ask.
What about you,
your first concert?
I have never
been to a concert.
No way.
Are you serious?
Yeah.
Not a lot of bands come
through Amityville.
Right.
We should run away, escape
to civilization some time.
Go see a concert?

I actually wanna manage
my own band someday.
Well, you know more about
what you wanna do than I do.
My dad gets a lot
of credit for that.
Taught me everything I know.
How to be curious, ride a bike,
shoot arrows, play guitar.
You play guitar too?
You play guitar?
Yeah!
Yeah, that's awesome!
Yeah...
We should jam.
If I can remember how to play.
My mom was teaching
me before she died.
I didn't know
your mom was dead.
Yeah.
Sorry.
It happened when I was 13.
I'm just glad that I got
the chance to know her.
You know?
Yeah.
I actually had a little brother.
But he died when I
was really little.
He was just a baby.
I didn't know him at all.
You know it's funny.
A lot of time when
people find out
that I lost my mom, they
try to be sympathetic.
But I know that
for the most part
they don't get it.
It's just nice to meet
somebody who does.
Come on, let's go.
Where?

I think I might know
somebody who can help us.
Hi Brett, I was expecting you.
This is your room?
It's cool right?
Those are my solar crystals.
These ones absorb positive
energy, those deflect evil.
Deflect evil.
Yeah, keep out the bad energy.
What about that
one around your neck?
You told me it was
really powerful.
Yeah, it's an ancient
protection crystal.
It's been passed down
for several generations
in my family.
Can't part with it.
Well do you have anything
like that for Hailey?
She just moved to a new
place in Amityville,
and her aunt is kinda nuts.
Yeah, I have lots of
stones for new houses.
Hailey go into the bathroom
and grab the floral bag
in the third drawer.
Okay, I...
It's the second
door on the right.
What are you doing?
What do you mean?
That's the new girl that
just moved to the Amity house.
Yeah, how did you...
Word travels fast.
Not to mention, Theresa
is not a fan of hers.
Come on Jenny, she
really needs your help.
Of course she needs my help.

Everyone needs my help.
But I can't get
involved in this.
You have to go.
Hey, Jenny, is this it?
Exactly.
This is bloodstone.
It's known for its
protective qualities.
I think I'm gonna need
somethin' a little bigger.
It was nice to
meet you Hailey.
Thanks for coming over.
See you later Brett?
Hey baby.
Why didn't you
answer your phone?
I was here the whole
time, sweetheart.
I killed Mike today.
What?
I killed Mike.
What happened?
There was an accident.
Well accidents happen.
Not like this.
There was fire and it
just happened so quick.
And I saw the look in his eyes
right before he
right before he died.
I just wanna make
you feel better.
Todd, is that you?
Jess?
I had the strangest day today.
None of my roses wanted to live.
Nothing wants to live here.
Hey.
Hey.
Hey.
If I get involved in
this and people find out,

you know what's gonna happen.
Yeah, I know.
And there's no guarantee
it's gonna change the outcome.
Nobody, I mean nobody can know.
I get it.
Look Hailey is a good person.
She doesn't deserve this.
I have an idea.
That's the living room.
Kitchen's down
back through there.
And your bedroom?
It's upstairs.
This is it.
So you gonna rid the house
of evil spirits or something?
Can't get rid of the
evil, it's too powerful.
The best thing I can do
is create a safe place.
A safe place?
Somewhere you can
go if things get bad.
What do you mean by bad?
I mean bad.
What about my parents?
You can bring them with you.
This can be their
safe place too.
I'm gonna put these
around the room.
Whatever you do,
don't move them.
Can I get some water?
Yeah, yeah of course.
I'll grab you some.
Hey, how's it going?
The spell's complete.
I think you'll be okay.
Jenny!
Looks like someone
tried to help Failey
bite off more than she can chew.

You heard the
whispers and the rumors
When you rolled into town
You felt the evil
in the air outside
swirlin' round and round
I'm all emaciated glad you
made it through the front door
But chances are you might
not like what's in store
Pay no attention to the
voices you hear beyond the walls
Those iridescent
nasty windbag in your woo
And you don't wanna
see this other side of me
But can you see me
from a new point of view
See delusions and deja vu
Feels all broken and insulting
Feel wear it like a tattoo
Feel like magic and voodoo?
Hello.

Hi, I'm looking
for David Cranston.

Speaking.

Awesome, I was actually
calling about your brother,
Willis Cranston.

Who is this?

I actually moved
into the house
I think your brother
used to live in.

I found some of his
surgical supplies,
and I wanted to
return them to...

Well that's very kind of you.

But we haven't heard from
Willis for over a decade now.

Would you mind if
I ask what happened?
I wish I knew.

Once he moved to Amityville,
we never heard from him again.
I contacted the police who
said that the property manager
said that they'd handed in
the notice and moved on.

To be honest it
was very strange.

He would never just have
left without telling me.
It doesn't make any sense.

Who was the property
manager at the time?

McCallister,
Delilah McCallister.

Well well.

Honey, you know
trespassing is illegal.

Put the files down.

I will cut out your
heart and eat it.

How does somebody just
fall out of a closed window?

I don't know, Jess.

And our neighbors just stood
around like nothing happened?

Hailey?

Dad, Dad I just went to
Delilah McCallister's house
and I found all of this
information about past renters.

There's been hundreds.

Dad, hundreds!

Okay Hailey, slow down.

What are you talking about?

Since the '70s,

people have been moving
in and out of our house.

They never stay longer
than three months.

I'm willing to bet
they're all missing.

Okay Hailey, this is crazy.

Why don't you just

come home and...
Dad, you need to
get Mom and Shae,
and you need to get
out of the house.
Okay, I'm at the police station.
Hailey, Hailey?
Lost her.
Dad?
Dad?
I just, I don't think that
we should be here anymore Todd.
I'm serious.
We're gonna wait for
Hailey to come home.
We will leave first
thing in the morning.
I'm gonna go talk to Shae okay?
I'm gonna start packing.
Hey.
Brett?
Thank God, are you okay?
Yeah I'm fine.
I heard about Jenny.
Look I am so sorry.
Brett I think I know what's
happening with my house.
Hailey hold on.
Delilah is
moving people in there
and killing them.
It's not Delilah.
I mean it is, kind of.
Do you remember what I told
you about Jimmy Oberest?
Yeah he drowned his
sister in a bathtub
with acid and killed his family.
Hailey, Jimmy and his entire
family were into black magic.
They believed if they made
these human sacrifices
that they'd be
granted eternal life.

They killed people.
Lots of people.
Whatever they did, it was like
they opened a portal
to hell or something.
What's Delilah's connection?
Delilah was
Jimmy's baby sister.
What?
Not the
one he drowned.
She had pneumonia.
She was in a hospital during
the time of the murders.
My God, I'm at
the police station.
And they're putting
Jenny's body in a trunk.
Look there's so much more.
I need to tell you in person.
Look, I gotta go.
I'll meet you at the
cabin in an hour okay?
Todd?
Todd what's wrong?
Todd?
Todd let me out!
Todd I can't open the door!
Todd?
Todd?
Todd?
Todd!
Bad choice Brett.
Bravo, I see you found
your family's new home.
Do you like it?
It's super cozy.
Why are you doing this to me?
I'm doing you a favor.
You were marked
for death anyway.
And trust me, this stuff is
better than the alternative.
How was I marked for death?

Nobody who lives in the
Amity house comes out alive.
And if we don't feed the house
and keep the spirits happy,
it comes for us.
No one with a choice wants that.
Right girls?
Sorry Theresa, but
your possessed house
is about to get real hungry.
Holy shit, T, you know
how she felt about her face!
You know Hailey, you and
I could've been friends.
We have a lot in common.
No, Theresa, we have
absolutely nothing in common!
I disagree!
We both loved Brett didn't we?
Why'd you have to go and
steal my boyfriend, Hailey?
You have to ruin everything
you selfish bitch!
Brett was never
your boyfriend!
Yeah?
Well now he'll never be yours!
My God, no!
No no no no no no no no!
Please please please
please please.
Shae!
Hailey.
Hailey.
Hailey.
You can't hide from me.
Hailey!
It's vacant and
available immediately.
Thank you so much for
showing us your house, Delilah.
We're looking for a nice
home to raise our family in.
I'm gonna have a

brother or sister.
That's right, we're
trying for another.
Well that's wonderful
because we have three bedrooms.
It's exactly what
we're lookin' for.
Yeah.
I think we'll take it.
Girl you got that hold on me
I say hey you
got your hold on me
And I find the clouds cooler
I can meet you
in the stratosphere
I'm feelin' warm and
fuzzy late at night
Expedition back to earth
I start to question
my self-worth
So I start beggin'
for one more dose
Of course
I said hey girl, you
got that hold on me
I said hey girl, you
got your hold on me
As we cruise among the stars
The sun and moon
don't seen that far
At hyper speed
we blast away yeah
But as our rocket fuel was out
You say farewell
and then breathe while
Gravitational pull
pulls me, pulls me
I said hey girl, yeah
