But I would not lose it.
Dear readers for most
You this column in his newspaper is my first one
In the future I will answer his questions, but
Today
I want to break my usual format and
Talk to him on the objective of the plans.
Not my plans with this column, but
My life plans.
As everybody we do it.
And as we hope our children to can
Do it by if same.
But to be honest with ourselves
The plans that do do not work as we wait
So instead of asking people
Young , such as they are your plans?
What do you plan to do with your life?
Maybe must tell them this
Plan to have a surprise.
