# Forever and Ever

By Raymond To

In mermory of Chi Mo (1973-1996).  
Chi Mo suffered from haemophilia.  
His blood was contaminated  
from blood transfusion.  
Which caused him to suffer from AIDS.  
He died in the age of 23.

Brother

My beloved brother is so far away  
just after a mere four years  
But somehow, he always feels near  
Like a guardian angel  
I loved to sneak  
under his quilt during winter  
Feeling the warmth of his feet...  
...then fall asleep  
listening to his stories  
But one day, dad wouldn't let me  
into brother's bed  
That year, mom came back with brother  
from the hospital  
Mom was crying  
Since then, brother has  
his very own eating utensils...  
...from cup to toiletries  
He become reclusive  
Hello? Yes...  
Where else can I go?  
Dad... I regret...  
...not taking little Fu for holidays  
Yeah  
We never even played together  
It's my pleasure to present,  
the mother of Chi Mo  
Mrs. Tam Li Ming Chun  
Hello  
I feel a little nervous,  
standing before you  
Let's lighten the mood okay?  
Lets sing a little song  
Shall we?  
You all should know this one song  
Because this is...  
...the favourite song of my son Chi Mo  
Let the sunshine...

...show me my dreams  
Keep me warm when I'm Ionely  
Guide me across the ocean  
Make my dreams come true  
May this sunshine enter your heart  
Bringing you warmth and light  
Let this sunshine...  
...show me my dreams  
Keep me warm when I'm Ionely  
Die Hard?  
Hello, I'm Mrs. Tam  
Lemon squash, please  
- Anything else for you?  
- No  
Like to try...  
No one wants to eat here  
Excuse me  
You should stop smoking  
It's bad for you  
What else can I do?  
Be optimistic  
Optimistic?  
I'm so fine, happy, happy  
That's the spirit  
At least you can still say that  
That's the right attitude  
You are no ordinary housewife  
You think I'm Susie Homemaker? Die Hard?  
I can't tell what you're like  
over the phone  
Don't even know why I asked you out  
I seldom see others  
Miss Chan, the nurse told me...  
I don't care what Miss Chan  
or Dr. Cheung says...  
...something cocktail party...  
I don't want to listen anymore  
You mean cocktail therapy?  
Or world campaign  
It's Global Campaign Against Aids  
You've left out the word Aids  
You're scared to even mention Aids?  
Okay, tell me then  
I'm an HIV carrier

- Game over, I have no hope  
- Die Hard!  
Right, Die Hard, I'm dead  
Can you give up smoking?  
You thought...  
I'm a drug-addict didn't you?  
Seeing they pick it up so easily?  
No...  
I'm worried when I see you  
smoke so heavily  
Maybe you think I'm a prostitute?  
We usually call them...  
Whores?  
No, Commercial Sex Worker  
Commercial Sex Worker  
Sounds academic!  
Right, sort of professional  
People like you rarely call us  
especially women  
I really need... someone to talk to...  
I need a friend...  
I understand  
As long as you don't  
get upset or worked up  
...you will find someone  
Aren't we friends already?  
Aren't you the happy housewife?  
This was written by my son  
Chi...  
Chi Mo  
He's gone now  
Read it if you have time  
He died three years ago, but...  
I feel that he's near  
Fu, now you try  
On the count of 3, stand up!  
Okay?  
Okay, 1, 2, 3, stand up!  
If you don't move,  
your legs will go numb  
Don't you want to walk again?  
What if mom pretend to be Bouncing Man?  
Like this, 1, 2, 3...  
Okay?

Fu, be a good boy, 1, 2, 3...  
Here comes the Bouncing Man  
Fu, don't rely on  
this wheelchair anymore...  
Come on! Stand up!  
Please, be a good boy...  
Don't be like this or mom will get mad  
Come on...  
Fu!  
Fu, Uncle Wong is going to tell a story  
Over here  
- Your son?  
- Yes  
- You're Yung's mother?  
- Yes  
Cancer?  
No, hemophilia  
He was born with it  
Must be hard taking care of him all day  
Mrs. Tam  
Dr. Li says he'll be available  
in half an hour  
He wants to teach you how to inject  
coagulated blood medicine  
Thanks  
In future, you can handle...  
...minor injuries at home  
no need to bring him all the way  
here for treatment  
Good, very good  
- Don't panic  
- I'm not  
Try to smile  
- It's that one, right?  
- This one  
Fu...  
Don't be afraid...  
Sit down  
No... wrong!  
Wrong?  
Pull it out, try again  
Sorry...  
Don't cry...  
Fu is a good boy, okay...

Don't panic...  
Done!  
Fu...  
Don't open it  
Let mom do it  
No  
You always hurt yourself  
Please, back me up here  
You'll stand by me, right?  
That's a goodboy  
Mom  
Does it hurt?  
You are my darling  
Mom knows you suffered a lot  
But it hurts me just as much  
But let me tell you,  
...hardship only makes you tougher...  
Will I grow up?  
Of course!  
...as long as you look after yourself  
And not play too rough with your friends  
or do stupid things...  
you'll grow up to be just fine  
If that's the case,  
I want a little brother...  
...one as cute as him  
Brother loves to write  
One day he wants to write a book  
But the year he entered university,  
he became very weak  
At night, I'd wake to find him  
trembling, almost as if...  
...his body doesn't  
belong to him anymore  
How I want to hold him...  
...but he won't let me  
fearing I have a wound  
I'd tell him not to worry  
because you're my brother  
What are you doing?  
Sorry, mom  
Louser, Professor and Sly are here  
Don't eat that, try this one  
Chicken wing, tongue-scorching hot!

Uncle, you're an expert cook  
It feels good  
Leaves a good after taste too!  
Sly!  
Louser, don't just sit there,  
come and help  
A nick name sticks with you  
wherever you go  
Professor, now that's a great nick  
What kind of Professor?  
Don't be rude in front of aunt  
Miser Fu gave me this nick  
You dare call him a miser!  
But he's a real miser  
It's not inherited, is it?  
On my birthday, when I was in F.5  
...he gave me lots of presents  
A cake, sports car, a yacht, Rolex...  
all drawn by hand!  
He's so cheap, he drew it  
on one sheet of paper  
Ted, what do you want for your birthday?  
But can you draw as well as my brother?  
Aunt, I have something for you  
Miser Fu's album  
How come?  
Don't know why, I feel that he's near  
Me too  
Luk Chi Keung  
I'm talking to you, Luk Chi Keung  
You're the only one who haven't  
handed in your homework  
Submit it now  
I haven't done it  
Mr. Tang will be pissed?  
I don't care  
What's the meaning of this?  
Mr. Tang will kill you!  
Here, review of Story of Helen Heller  
I've summarized it for you.  
Just have to write it up  
It'll help  
This book was my first choice  
But Mr. Tang says it suits you,

so I'll let you have it  
Asshole!  
Cripple!  
Asshole!  
You're nothing but an attention  
grabbing Cripple!  
A bloody teacher's pet!  
Shut up!  
You shut up!  
I can't help walking like this  
But you can help not being such a loser!  
I'm a loser! So what!  
I've repeated twice already  
This is my third.  
Expulsion can't be worst.  
You know something...  
Mind your own damn business!  
While you are deciding your Uni...  
I'm still trying to pass F.4  
and to find a job after I leave school  
I'm 3 years older than  
everyone in our grade  
It's pathetic  
You know what others call me?  
Gramps  
You hate me, don't you  
You don't have to say it  
You help me just to make  
yourself look good  
Well don't bother  
You're not Jesus Christ  
Don't drag religion into it?  
Listen...  
I know what I am doing  
Just want you to know,  
Luk Chi Keung, how lucky you are  
What the fuck!  
What the hell are you doing?  
Look  
Just like a Junkie  
Attention ladies and gentleman...  
Dotty the Drug-Addict!  
Hemophilia...  
Lymphatic gland

I've been in and out of hospital  
since I was a baby  
A non-stop experience, once a month  
You know how I get this limp?  
From all those damn injections  
You think I wear long-sleeves in summer  
just to be fashionable!  
Lagging behind in my studies...  
...seeing a hospital ward  
more often than a classroom  
I listen to lectures on tape  
like they're rock concerts!  
Don't have to come last you know  
But success doesn't come easy either  
You think you're get problems?  
There's an Uncle Wong in hospital  
He's been fighting  
bone cancer for 5 years  
He wrote this to me  
Money is important  
Yet money can't buy time, life...  
...health or dignity  
You've giving up without even a fight  
There used to be a kid called Yung  
Though he used a crutch  
...with it he could move like the wind  
His good friend ET...  
She wore a neck brace...  
...but alert as a cat  
They had a friend  
I want to be a bird, I want to fly  
Wait  
You'll get me in trouble!  
Told you not to enter male ward  
I'll be sent to special ward tomorrow  
ET will be leaving Earth very soon  
You won't die, E  
They'll cut off my hair,  
will you recognize me?  
Of course we will  
Lets play Rock, Paper, Scissors.  
Whoever wins can have this  
I'll treasure it  
Brother, come, quick

Behave yourself, sit and read here  
Okay? Be good  
Madam  
Children are not admitted in here  
You must be new here  
No one's available to babysit.  
He'll have to wait here  
He's used to this  
Nurse, I'm late already...  
Hello sweety  
Don't worry  
I'm fine, don't worry  
You have to be more careful than this  
Now you can't go to school for a month  
You'll have to repeat this year  
You always say God is testing me  
and makes me suffer  
Why doesn't God test other children,  
why only me?  
Because you're no ordinary child  
See, even mom can't answer your question  
This proves how special you are?  
Finish the soup  
Your brother's waiting.  
Have to take him to school now  
Mom  
I won't be naughty again  
Fu, with mom around  
You'll grow up in no time  
Because I'm no ordinary mother either  
Right?  
Very touching,  
I've read it many times already  
I really admire you. You're very...  
Strong  
Hey, you can be too  
Fu is... very... sincere  
...how shall I put it  
I really hope he can convince you  
Now I regret it  
We never encouraged him to write  
We only worried about his illness  
But the rascal kept winning prizes  
You going to smoke?

Can I?  
I've cut down already,  
just like you said  
I am now... how to put it?  
Waiting... to die?  
You're only HIV Positive  
You haven't gone full blown yet  
Plus, you still look great  
But when will I...  
Normally, the C-D4 cell reading...  
...ranges between 800 to 1200  
If it falls below 200,  
then there's trouble  
It means day by day I...  
That's why...  
...you must stay healthy  
and in good spirit  
Don't let the virus spread  
If there's a new drug one day...  
lf?  
No, WHEN there is  
But don't worry  
I've learnt Fu's theory  
You know him?  
Not personally  
Men still notice you  
What do you mean? You being sarcastic?  
No, I mean it  
Fion  
F... I... O... N  
Fion's my name  
And you?  
Mrs. Tam, Tam Li Ming Chun  
Fion, you thought of telling others...  
Never  
No way! They won't understand  
- How do you know...  
- They just won't  
Okay... take it easy  
Just don't tell... okay  
Excuse me, what time is it now?  
Time to get lost  
Bill, please  
We're leaving, thanks

Fu has a pseudonym, Chi Mo

**He told me:**

One which can't fly high, just like him  
You scared me half to death...  
You should get more rest  
Start again tomorrow  
Leave me alone  
Shall I make you ginseng tea?  
Don't worry, go to sleep  
Like father like son  
What?  
I say you're both alike  
Fu used to write late into the night...  
When I interrupted,  
he would lose his temper  
Now it's my turn  
Must be payback  
It's your fault  
You've disrupted my inspiration  
Why don't you use pen and paper.  
Computers isn't your thing  
Clumsy  
If Fu can do it, so can I  
I'm worried about you  
You know what worry is now?  
I know you've been blaming me  
No  
Yes  
If I could turn back time...  
...I would know what to do  
I would spend more time...  
...with our two sons  
I'd rather be poor and be with Fu  
so that he'd have 23 years of happiness  
Your son will understand  
He blames me more than you,  
look what he writes  
Narrow-minded  
Daddy, why don't you also start writing?  
You're crazy!  
Is our child in heaven now?  
Of course!  
Of course, where else can he go?

I want to hangout with them  
They get good grades, good at sports  
Snobby too. We're nothing  
Don't feel sorry for yourself  
Never give up...  
Thanks  
What are you doing? You crazy?  
Come on.  
Does it hurt?  
What do you think?  
I started self-injection  
when I was in F.2  
What about before that?  
Mom did it  
Dr. Lee, you have a boyfriend?  
Not trying to set me up  
with your teacher are you?  
Nah, only the head marker is good enough  
He's educated, has good taste...  
Okay, say no more  
Why? You've been busy at school?  
Lots of extra-curricular activities  
Why work so hard?  
Because I want to win  
At least the teachers care about me  
They're willing to stay behind to tutor  
That's good  
What's with the swelling?  
Basketball  
Didn't I write to your school  
...excusing you from P. E?  
Now you have to stay here a few days  
ET...  
No.3 bed of Intensive Care Unit  
calling Dr. Kwok  
I'm back  
I said...  
Fu is back  
Uncle Wong  
Back for holidays?  
I've said that already  
What do you mean?  
What do you mean?  
Don't want you to get Ionely

I don't need your company  
Fu is back  
Fu  
Hey sexy!  
I miss you  
All yours  
Don't worry  
I won't give you any trouble  
Put these on  
- It hurts more and more  
- Where?  
Here  
The cancer is out of control? How come?  
Dr. Kwok tells me every time...  
Pretty good  
but I know I must die  
They bring a bunch of  
Medical students to prod me  
They only speak in English  
What do they say?  
Who knows?  
Still haven't found your mother?  
Where shall we go next?  
- Who knows?  
- Tai Hao Wan!  
Let's go!  
I want the seat for the disabled  
I've Octopus Card  
I'll go to the upper deck  
I'll be on the lower deck  
I want to be an astronaut  
I want... to be Tchaikovsky  
No, I want to skateboard!  
I want to ice skate!  
Auntie  
- It's for you  
- Thank you.  
Why didn't you tell me  
you were in hospital?  
You scared the hell out of me!  
What's the point? I still have to come  
What do you mean?  
You should spend more time  
with brother instead

You work so hard everyday  
I can quit that job any time  
I only took this job  
when your condition stablized  
Mom don't want to be left behind  
You're becoming more rebellious.  
Don't know what to do with you  
I just want to be ordinary  
Why did you work so hard to raise me up?  
Wouldn't it be better  
if I died at birth?  
Better than being like this  
Sorry, Mom, sorry...  
I know you've been blaming me  
But it's been hard on me too  
Sorry, I didn't mean it  
Since I gave birth to you...  
...your grandma has been blaming me  
Our relatives laugh at me, I don't care  
I've been taking you  
to hospital all these years  
and yet you still blame me?  
Mom, sorry...  
Stop apologizing, I haven't finished yet  
Okay, go ahead...  
I thought you have grown up already  
I don't have to look after you as much  
I was wrong  
I'll quit first thing tomorrow  
My 2 years are up anyway  
No way  
Even Jesus spent 3 years  
before he brought happiness to mankind  
My only hope is that  
you understand how I feel  
But doesn't look like you will  
Time's up, name a song now  
Name a song...  
A heart-broken mother  
wants to tell her son  
- Go ahead...  
- Listen...  
You mustn't give up,  
no matter what happens

Got it  
We're not afraid of the long road ahead  
We must plan ahead  
We mustn't be sad this moment  
for we are together  
The sky is bright  
as time goes by  
In a lonely place  
Take me to a new horizon  
Let the sunshine...  
Bone cancer  
How do I say it?  
I have bone cancer.  
Very good, again  
I have bone cancer. Thank you!  
No need  
Can you cure me, doctor? Please?  
Kill me, doctor?!  
Kill him?  
It's 'cure', not 'kill'!  
Cure!  
How do you say extract bone marrow?  
Let me think  
It's a medical term...  
Hi!  
We want to...  
Welcome you to our team  
I don't need pity  
especially yours  
Go away  
C'mon, don't be like this  
What do you want, Sly?  
- Let's have a competition?  
- In what?  
- The results in the mock exam  
- You're on  
It's not fair, he hasn't been to class  
Okay, in order to defeat this bastard  
we shall tutor him after school  
We'll see who gets the highest mark  
Do you dare? You can still back out  
I don't need pity,  
but friendship sounds good  
It's good you three are here

What is the term for  
extract bone marrow?  
Professor...  
How do you say bone marrow?  
Extract bone marrow  
By injecting a thick syringe  
into the spine  
...extract  
To put it simply, take out...  
Bone marrow...  
Take out the marrow of the bone.  
Something like that  
Doesn't that hurt?  
Like hell!  
Uncle Wong, they still extract bone  
marrow from you, even at this last stage?  
Sure  
So they can study  
Though I can't be cured  
I hope I can help people in the future  
Sorry to interrupt. I better go  
- Don't go, you're not interrupting...  
- Welcome...  
My husband, she's Fion  
They're all primary schoolmates of Fu  
They come and visit every month  
They're so kind  
Ho Bok Hong, nicknamed Professor  
I'm Chan Man Sum, call me Man  
I'm Luk Chi Keung  
...nicknamed Louser, hello  
Fion, I'm Lam Bo Fai  
...nicknamed... Sly  
You must be Chi Mo's brother  
Tam Siu Ted  
I read in his essays  
that you're like brothers  
He's 19 years old now  
Come and eat something  
- Sit down...  
- No, I'd better not bother  
Come on  
I like their company  
Livens up the place

Will I...  
Don't worry  
Relax  
Your biggest problem is that  
you don't trust anyone  
Can't stay like this, you know?  
He's Louser?  
Chi Keung?  
Chi Keung  
Chi Keung, come here  
Come here  
Come and chat to Fion  
Come here, sit down  
Shit, my legs are numb  
Are you okay?  
Hello, you're Chi Mo's best friend?  
Yes  
How did he describe that period?  
A time of friendship  
Mind if ask you a question?  
Did Chi Mo have a girlfriend?  
It doesn't mention it in his essays  
I find that the ones describing love...  
...can't have been invented  
You're studying Chi Mo's work?  
I'm interested in Chi Mo  
Instead worry about... the living  
Sorry, this is mine  
No, this is mine, that is yours  
This is mine  
Sorry, they're mixed up  
Are you ill or something?  
You don't feel well?  
You can tell?  
No, I'm just asking  
I always make funny gestures  
when I get nervous  
I'm the nervous type  
I'm fine, thanks  
You haven't answered me,  
did Chi Mo have girlfriend?  
I don't know  
- What are you doing here?  
- Go away

- What is it?  
- Go  
You distributing Maths paper?  
- Leave once you have read it  
- Okay  
Okay, go away...  
My God!  
Jesus Christ!  
I passed, I passed!  
Okay, congratulations...  
Why are you holding the tree?  
Go away, now...  
Go away  
There's a response.  
You're not blind then  
Watch your mcuth  
You can't be stupid either  
If you were blind,  
I would have to tell you  
...that this is a tree, not a bus-stop  
I'm not waiting for a bus  
Okay, I know the answer to this one  
What answer?  
You're a psycho  
You're the devil  
I'm sure there're 3 sixes  
on your forehead  
or else you can't walk like this...  
Do you know how evil you are?  
If you're not a psycho  
...why are you here everyday  
at the same time?  
Why must I tell you?  
You think you're special?  
Just because you're in a good school,  
doesn't make you special  
I wonder why your school  
only takes girl students in F.6  
But let me tell you  
I'll get into your school in F.6  
I talked to her at last  
Very blunt, but I like that  
Then tell her directly  
Forget it

Not pitying yourself are we?  
Don't have to possess her to love her  
Oh no  
I must work harder  
I need to get to F.6  
It'll be bad if she joins  
our school and I get expelled  
I only want a pass in HKCEE  
Say, if there's only  
one vacancy left in F.6  
Either you enroll, or...  
That'll be bad!  
It'd be... catching butterflies...  
Many butterflies  
Mr. Universe!  
The year Fu was promoted to F.5  
the doctor asked us all in  
for blood tests  
Because some sufferers of hemophilia  
...had been transfused  
with contaminated blood  
...and got infected with Aids  
I kept praying...  
I hoped this wouldn't happen to Fu  
Hello? Who are you looking for?  
I want to die,  
I don't want to live anymore...  
Fion?  
Fion, is that you?  
- I don't want to live...  
- Fion!  
The report is out  
It shows HIV Positive  
It means Fu had been transfused  
with contaminated blood  
Even though he looks fine  
but if the virus is provoked  
it'll spread quickly  
When the immune system  
cannot suppress it anymore  
it'll start destroying the immune system  
and then we'll grow weaker and weaker  
When we're physically weak,  
we will get sick easily

Then, we'll be infected  
with all kinds of diseases  
This stage is what's known as  
full blown Aids  
Why does this disease  
spread so vigorously?  
As it has a long dormant period  
When one doesn't know  
he has been infected  
It's easy to spread  
the disease to others  
Fu...  
Fu, open the door  
Open the door, Fu  
- Fu  
- Fion!  
- Fion...  
- Fu, open the door...  
Fion, it's me  
Fu...  
How is she? Come in  
What's wrong?  
Fu, don't be like this  
Fu...  
Why did you look after me  
when I was small?  
Why didn't you just let me die?  
Why?  
Fu, don't be like this...  
Yes, you're suffering,  
but I'm suffering too  
Mom feels miserable, Fu  
Why did you give birth to me?  
You said I haven't had a good day...  
...Since I was born  
Then why did you  
bring me here to suffer?  
Where are you going?  
Let me die  
Dying won't solve anything, Fu  
I don't care, just let me die!  
Fu, please...  
I've always been good,  
never had casual sex

Never even had a girlfriend  
Why am I infected with Aids? Why...  
Fu, be good...  
You will say it's God's will  
I want to ask him too  
Why did he choose me...  
Why must god punish me  
and not others? Why?  
Mom  
Mom, blue is brother's favourite colour  
Ted  
Ted, this is a secret  
Don't tell anyone  
about your brother's illness  
Why not?  
Just don't  
Not even your friends  
Your brother will die  
once you tell others  
From now on, you mustn't use...  
...his toothbrush  
Neither must you eat the apple  
he has bitten, got it?  
Why not?  
This will harm him  
Will it kill him?  
Mom do understand you  
I feel so sad, I blame myself  
Don't you know how much you upset me  
every time you loose your temper?  
Sorry

**You keep saying:**

I know you're suffering  
but compared to some...  
you're quite lucky  
At least you are goodlooking...  
At least you are handsome, right?  
Look at the other patients...  
...those who are unjustly biased against,  
aren't they worst off?  
But they won't die  
Fu  
If you're useless

what's the use of living long?  
No one knows how long you have  
Maybe there'll be miracle tomorrow,  
a new drug maybe  
You must cherish every single day  
I've raised you up till now  
have I ever given up?  
I'm quite optimistic.  
You're the only one that makes me cry  
Sometimes you make me so mad  
but have I ever blamed fate?  
There must be a reason  
God send you to be my son  
Fu  
When we meet God...  
...I don't want him to see us fighting  
What are you doing?  
Mom, close the door  
Sit down  
We can create our own miracle  
Miss Lam, the nurse, has just called  
...Yung is dead  
Yung asked me to give you this  
What is it?  
I keep writing about the hospital  
My view is really too narrow  
Very narrow...  
What about me...  
I don't even see the sky  
Once there was a team of brave warriors  
Who fought for their lives  
Their biggest enemy is the God of Death  
The warriors were cunning  
always quick to adapt  
never using the same move twice  
because the second time round...  
they will have another way to fight back  
Even flowers in a greenhouse...  
...sometimes die  
Life is like a flowers  
Even in the best circumstances...  
...there are still no guarantees  
Brother  
Life's not about long or short

...it's...  
...what you make of it  
...and whether it is meaningful  
If we can control life...  
...and live to the full  
...contribute to society  
then this is life  
Hey, coming...  
Coming  
Coming...  
Even romance has a price  
Your romance costs me an arm and leg  
Do you have money?  
For what?  
Forget it  
I have about nine thousand  
That's good!  
What're you going to do?  
I want to buy a camera  
I promised to take photos for the church  
I also want to learn hair dressing  
Grow your hair and be my model  
This money was gonna be  
your university fund  
I won't get to university anyway  
Let's wait and see  
We're buddies right?  
No matter how many hurdles ahead  
We will overcome them  
Don't ever be frustrated  
We'll be together always  
Herbal tea? \$5 for one  
- No  
- It's hot and fresh, nutritious too  
I am waiting for my son  
Come in!  
I'm waiting for someone  
- Will I interrupt you?  
- Come in first...  
- I'm waiting for someone  
- Come in first...  
I want to wait outside  
You're weird  
Hi beautiful, first time here?

Fu?  
Call me No. 6  
What are you doing here?  
Let me give you a new hair style...  
What are you up to?  
When did you learn hairdressing?  
Don't worry, I'm experienced  
My instructor  
- Hi  
- Hi  
- You sure about this?  
- Of course!  
This is the hairstyle  
designed by your son  
This!  
Forget it, no way...  
No...  
Mom  
There's one more thing  
What is it?  
City University has accepted me  
You want to go to University?  
Doctor says...  
- Now he...  
- This is his wish  
Well...  
Let him go for it.  
How much?  
Figure out a way.  
Go to sleep.  
Sleep  
Asleep now  
Shit, how can I sleep in this hairstyle  
I've won all these, pretty?  
Yes  
I must try to be a successful writer  
I want everyone to remember me  
Why?  
Let me see.  
Take a look.  
Poor thing!  
Why are your eyes red?  
An infection  
The virus is taking over me

Okay, enough already  
Last one, Sister  
Idiot  
I mean my sister  
I did ask her not to tell anyone  
but now the whole world knows it  
Everyone calls me a whore  
A dirty slut even  
Fion, take it easy  
My brother-in-law gives me shit everyday  
and all my nephews... fear me  
I have moved out  
I worry that my mother...  
...will come to my office  
and then all my colleagues will know  
Come to the church with me  
I know, you're trying convert me  
What's wrong with that?  
I need someone to love me  
Will there be people  
like that in church?  
Of course  
God loves us  
Right...  
Your son has fallen in love with a girl  
Ted?  
Impossible, he's just a kid  
I mean Chi Mo  
Brother has finally  
accepted that he has Aids  
...as a result of hemophilia  
He is now as active as before  
He takes part in lots of activities  
Every time he goes  
to the cinema or BBQ...  
...he brings me along  
Soon I found out his secret  
That girl is called Wendy Ching  
Everyone laughs...  
Fion thinks that  
this part can't be fictitious  
This girl does exist, right?  
Does she, Chi Keung?  
In fact, Fu wrote this article

from his brother's viewpoint...  
...to describe a brother  
who is infected with Aids  
Which means you wrote about him  
Hang on... sorry  
That means he...  
He wrote... about you...  
Ah, I see...  
Right, I never thought of it this way  
Yeah, why doesn't he tell of straight?  
My brother always had a sense of humour  
Was he?  
He was joking with you?  
What do you think?  
Fu was only a teenager  
He looked tough  
...but no one knows...  
...what's in his mind  
Even Fu has moments of low esteem  
There were times  
when he couldn't face himself  
It must be sad for him...  
...seeing you grow up...  
...while he was withering away  
He wanted to look out for you  
...but you are much stronger than him  
He really cares about you  
You have become his superman  
...a continuation of his dream  
You understand?  
Only someone who has no hope  
can understand this feeling  
One must be brave to face oneself  
You...  
You must have seen Wendy Ching, right?  
Fu really had a girlfriend?  
I really want to know brother's taste  
Right, dare you not tell us?  
Madam, this is no police station  
Fu really had a girlfriend?  
No, I swore never to tell  
I'll beg God to forgive you  
Now tell me  
I didn't swear to God,

so I won't tell...  
Come on...  
Brother become more religious  
When he was a sophomore,  
his illness suddenly worsened  
He was in the final stage of Aids  
but Wendy Ching still  
cared for brother a lot  
During the last days,  
she held brother's hands...  
...and kept saying...  
Fung... don't die, don't leave me...  
You hear me, Fung?  
What a coincidence!  
You must be Chi Mo  
I've read your work, it's brilliant  
Thanks  
So we belong to the same church  
Don't give up, Tam  
Never say die!  
You came all the way  
just to tell me this?  
I've always thought of you as a friend  
Thanks  
Don't be like this  
You still have doubts about me?  
Never  
I'll be going to England soon  
I enrolled into  
British Royal Conservatory  
I'm leaving day after tomorrow,  
but I'll be back  
I'll see you when I come back  
- Don't give up  
- You too  
Try your best, work hard  
I'll play piano for you when I return  
Okay?  
Okay  
Goodbye  
My love...  
Daddy  
Daddy, something's happened to Fu  
I've been waiting here for two hours

but he hasn't shown up yet...  
Here he comes, it's okay now  
Where have you been? You scared me  
You're two hours late, you know?  
Sorry I forget  
But we agreed to meet here  
I forget where we were meeting  
You could have called me up  
you didn't...  
You forget my phone number?  
Why?  
You could have called back home  
You forget... our phone number also?  
You forget our phone number?  
You ask me out just to give me these?  
My photos  
There are many  
Many precious memories  
I will teach brother...  
...to send you a carnation  
every year on Mother's Day  
Mom, Happy Mother's Day  
Fu...  
But Mother's Day...  
is still a long way away  
I know  
but can I wait that long?  
This is 2, looks like a duck,  
doesn't it?  
Granny, one letter is missing  
Cloth is spelt, C-L-O-T-H  
and the last letter  
If you leave out the T, it becomes Clot  
- Yes...  
- Right?  
Now this is cloth  
Fu  
Are you free, Beautiful?  
Don't worry, I didn't...  
Fu...  
Fu  
You've known... for ages  
Yes, I learnt it when I was in F.5  
Bastard

So what if you knew?  
You think he'll be touched...  
...seeing you pity him...  
Think he likes that?  
He's not me, he's Tam Siu Fu  
He'd rather you laugh at him  
...than see you burst into tears  
Bastards, real bastards  
Auntie...  
His C-D4 reading has dropped to zero,  
his immune system has shut down  
It's a miracle he's still alive  
Remember to inform the university...  
We will  
Chi Keung  
As for the recreational centre,  
you must...  
We'll see to it  
He's taken up so many activities...  
I just don't know exactly...  
Really so urgent?  
Sorry  
But I must resign, because...  
there's really no time left  
Let me decide  
Give it one more month, okay?  
Sorry  
I must be with my son  
It's his last days  
Mom  
Can I do without bone marrow extraction?  
It hurts so much  
I know, but doctors fear you  
have an infection  
This'll be the last time  
I can take you home next week  
You mean doctor has given up  
Bullshit, doctor hasn't said anything  
Not bad  
I don't want to commit suicide anymore  
Right  
Just kill yourself  
if you want me to die before you  
No matter what happens in the future

I'll always be with you  
Even...  
...if I become really ugly  
...or throw tantrums,  
or don't recognize you...  
...will you hate me?  
Don't bullshit  
You're my baby, I can never hate you  
- You know?  
- Yes, I know  
- You understand?  
- Yes, I understand  
Mom will stay with you  
till the very end...  
I'll never abandon you  
Don't worry, I won't get angry  
like when I was small  
I haven't done this for ages  
You can do it  
You found the vein yet?  
Fu, how do you feel? Alright?  
I'm okay  
How's your appetite?  
It's fine  
Did you watch TV after dinner?  
- I watched porn videos  
- Very good  
- What!?  
- Yes  
Does your mother know?  
Of course, we all watched it together  
We call it dessert  
Dessert?  
Thank you so much, mom  
Don't flatter yourself  
How can you say such a thing...  
...as watching porn videos?  
Just giving him shit  
Instead, you got me in trouble  
It was so embarrassing  
in front of Dr. Kwok  
He's such a prick  
So full of shit  
Mom

I don't blame God anymore  
God has always been with me  
I now see his miracle  
I used to think a miracle is a cure  
...but I never saw that  
his plan for me...  
...was to be a writer  
Now I have lots of readers  
The publisher told me that  
I've changed many people's lives...  
...by helping them understand Aids  
In future they...  
This is the miracle  
I did it  
Fu...  
Mom, though it was very hard...  
Mom...  
I made it  
Fu...  
Take it  
Fu  
Why don't you call me Sexy?  
I'm prettier  
I'm prettier...  
No, I am...  
He's smart  
What if...  
...blink this eye if I'm prettier  
blink the other if she's prettier  
Don't blink both eyes though  
- Who is prettier?  
- This eye...  
This eye...  
Look, he blinks that eye  
No, he's blinking both  
He blinks both eyes  
Fu  
Fu, don't be afraid  
Don't be ashamed  
Chin up  
Son, be proud  
In fact...  
Fu, everyone runs out of time  
but always have dignity

Son, lift your head high  
Stare at them if they stare at you  
That's it  
I'm useless...  
I'm weak...  
I'm not worthy of you  
Fu, rest in peace  
I know you care about mom and brother  
I promise you I'll look after mom...  
and brother  
I love you  
Son...  
Hello, congratulations  
Auntie  
- Hello, Auntie!  
- Hello!  
Auntie, take your time  
Okay...  
- Congratulations  
- Thanks for coming...  
Remember our dinner next week  
Hello...  
- Thanks for coming  
- May I have your autograph  
You want an autograph too?  
Sure, I want a big one  
Go serve the guests  
Okay, help yourselves  
Congratulations  
It's brilliant  
Thanks...  
- Congratulations  
- Thanks...  
- It's finally published  
- Thank you all  
- You're welcome  
- Excuse me, may I have your autograph?  
- You want one too?  
- Sure  
You want to follow Fu's footsteps?  
What do you mean?  
No?  
You want to do all the things he did...  
...all the things he liked

Because you loved him and still do  
You think so?  
Yes, till the end of time  
It's forever and ever, Miss  
Same difference  
You think I'm torturing myself?  
Of course not, I'm happy and content  
Really?  
Don't worry, I'm not lying  
It's my character...  
I managed to raise Fu  
Even though I miss him heaps  
but I'm quietly confident  
I wrote this book  
to finish what he started  
not because I don't want to move on  
She's here  
Who?  
The girl Fu fell in love with  
Really?  
The one in pink?  
- Hello  
- Hello  
So you're Fu's mother  
Yes, you must be Wendy Ching?  
No, I'm Fanny  
Ah, I see...  
Excuse me... how are you?  
Congratulations, Auntie  
Thanks, good to see you again  
Same here  
Tell Dad to come here  
You've just returned from abroad?  
I've been in England for 4 years  
I promised to play piano for him  
when I return  
but I didn't expect...  
Well, you can still play the piano now  
He can hear  
Let me introduce, this is Fu's father  
Nice to meet you  
- She is...  
- Wendy Ching?  
Fanny

Right, Fanny  
Nice to meet you  
Likewise  
You want to play piano? Go ahead  
Sorry  
Tell her  
What?  
Go and tell her Fu loved her  
No way  
Why no way? I'll tell her!  
Are you okay?  
I'm fine  
Thanks  
Everything's okay now  
I am HIV Positive  
that means I'm a carrier  
For Fu's sake, no need to say it  
File closed  
Done  
This book...  
...is a continuation of my son's work...  
Chi Mo's work  
While I still miss him a lot...  
I hope that everyone...  
...from all walks of life  
who have fallen to Aids  
no matter what problems you face...  
...or how overwhelming they seem  
Please think of Chi Mo  
Don't ever give up  
...hang on to your dreams  
Treasure every moment  
and everyone...  
I think Aids  
is not a monster. Prejudice is  
If we are more...  
...understanding, then...  
...prejudice will disappear...  
Ever since childhood...  
...I never wanted to disappoint mom  
Sometimes when I see her upset  
...I become upset  
I love you, Mom
