# Raging Phoenix

By Sompope Vejchapipat

I'm busy

- Hi

- There will be a show tonight

- Ok, I will come

- Please be on time

Why? Did I do something wrong?

Why did you kick me out of the band?

Please explain! Why?

Explain

Why? I have never done

anything harmful to others

First, my mother abandoned me

And now, the band abandoned me

Can someone give me an answer?

My fate is to be lonely?

Why?

Ok, don't drink anymore

Hit me?

- Piss off

- Don't kill her

- Let me do it

- The boss said we cannot kill them

Stop, don't do that

I don't mean to do that

Where is that bitch?

Follow her!

Where is she?

Hi, it's Bikkamo

Run!

First, we must get their head down

and then kick

Come here, we don't bite

Are we scary?

Hey, you

- She's fast

- No, you're so slow

We have to be polite

with women

Yes, that's right

Can you please explain

what is happening?

Why am I here?

What happened?

Hey, say something

Are you mute?  
Hey, explain everything to me  
You come so late  
We've been waiting for you  
Do you come here to find us?  
Come here! Hurry up!  
We don't want to wait any more  
You can't fight a drunk, can you?  
Hitting you makes me so sleepy  
Sanim  
Those who ordered me were very careful  
- Where are they?  
- Inside  
If he didn't rescue you, you would  
look like them now  
Thank a lot  
We are so scared  
Some women were taken away  
That's a waste of alcohol  
- It's not good to drink alcohol  
- That's our source of energy  
- Please  
- I never heard anybody said like you  
So, what are you gonna do?  
Please, don't do that  
That's the last bottle  
All right, you want us to teach  
you some martial art, right?  
Sanim, let us teach her  
some skills, ok?  
Please don't stop us  
You are the one who brought trouble here  
- But...  
- Shut up!  
- That's what you want  
- This is our style of training  
- Tying me up is training me?  
- This is the drunken martial art  
Consider that you are  
always in disadvantages  
- Get used to this situation  
- This is our condition of teaching  
Let's begin the studying time  
- Wine

- Slipslop
- Sake
- Kirsch
- Rice alcohol
- Marc
- Maraschino
- Shrub

Ratafee

- That's why it's called the drunken martial art
- You have to try every kind of alcohol
- Remember all?
- What about this bottle?

No, no, please be careful

It's the friendship bottle

Only official members in the  
team can drink it

Its taste is very terrible

Not everyone can drink it

But don't worry! You don't  
have a chance to drink it

You mean I will never deserve  
to be an official member?

Hey, untie me

You must tie me up  
to train me, huh?

Do you know what you will study?

Understand why you need to know about alcohol?

This is the drunken martial art  
combining with traditional martial art

What are you thinking?

Want to hit me?

Are you training me  
or teaching me lessons?

You need to know about the  
importance of what you will study

- Because... - Because when studying something  
we must know what is it, what it's used for

Then, we can study it well

Am I right?

Good, if you want to study this kind of  
martial art, you must drink a lot of alcohol

- Drinking alcohol? - Yeah

- That's easy

Surprise?

Please get out of here  
What? Didn't I rescue  
a lot of women yesterday?  
What's the problem?  
I did something wrong, huh?  
I don't like your style  
of action  
So what? I'm successful anyway  
- Everything is fine  
- You don't understand, we must be a team  
- Please get out of here  
- I didn't do anything wrong  
I rescued a lot of women  
and that is false to you?  
Do you know that will bring  
danger to our team?  
Ok, get off me  
- Do you understand now?  
- Yeah  
Want me to go out of here?  
I will but I also take  
this with me as a souvenir  
Now who is the one that loses  
his temper?  
Hey, you should not be  
angry with him like that  
Deu, you don't know about him  
I'm sorry  
- What are you sitting here for?  
Follow her! - Yeah  
I'm so useless  
I can't do anything  
- What? - It's a drunk  
Look like he is very sad  
- Don't care about me  
- What's the problem with you?  
- So how is his fiancée now?  
- No one knows  
Like other women, she has  
disappeared since then  
Everyone here lost  
their folks  
Our only purpose is to  
destroy the kidnapping organization

That's funny as until now  
we haven't known where they are  
However, we always hope...  
one day, we will be successful  
It was my fault  
You want to throw it away, don't you?  
Don't do that  
Maybe it's better for me to  
forget sad memories  
She might me dead by now  
- So why do you always keep it by sour side?  
- Because it was a present I gave her  
Every time I see it  
I think of her  
So, that's why you had to  
keep it very carefully  
Thank you for saving me last time  
I'm very sorry about your wound  
Sanim, Keemuu, Keemha  
Sanim, Sanim  
Actually, when we first met you  
We used you  
Keemuu knew you had a special smell  
as the women who were kidnapped  
So, we used you as a bait  
Our purpose is to find  
their place  
- But everything is not as expected  
- That was your fault  
It's not necessary to  
bring her here  
I cannot stand there  
and see her dead  
- You are so kind  
- And always bring trouble to us  
- You brought her here  
- So, you will be the one to solve this problem  
You know what we are doing  
is very dangerous  
Then, I taught you some martial art  
and you learnt well  
Yet, your action shown  
no respect to our team  
What she did is so careless

and risky

- We can't let her stay here

- He's right

If this situation lasts, both she and  
we will be in danger

- So, what do we have to do?

- We will set up a play

...and end this. We will move to other  
place and don't care about her anymore

Keekwai is the fourth member in the team

His girlfriend was also a victim

He always acts decisively

and with no emotion

Enough, stop!

I'm sorry for cheating you

But what we are doing

is not suitable for you

We have no choice but

to do this

Please don't worry for us

and I'm sorry again

Why? My fate is to be lonely?

Hey

- You are still here?

- Where's Sanim?

That's not your business

- If I can defeat you, can you

let me see him? - Ok

So, can we have a fight?

You don't have the right to

decide my fate

I've just proved that my skill

is better than you

I will fight with them myself

I have to drink this awful alcohol?

Can we forget about this?

After drinking this, you will

be an official member in our team

Sorry about last time

- How long have you been joining the team?

- Some months before you

- I'm sorry about your girlfriend

- That's not your business

Mind your own business

- But now I'm a member of the team  
- I told you to mind you own business  
How many times did you  
fight against them?  
- Twice  
- Those were just their henchmen  
The leaders are not as simple as  
those you fought with  
Don't ever think  
this is an easy job  
- I don't...  
- One second of carelessness can cost you your life  
From now on, you'd better not  
do anything risky  
After the death of his girlfriend  
he became like that  
I see  
I was abandoned when I was young  
Maybe that's why I don't understand his feeling  
Your folk... they are not human  
They don't know what the feeling  
of losing a folk is like  
So, what was your feeling when  
you lost your fiancée?  
I didn't want to live anymore  
It was my fault  
That was not your fault  
Hey, what do you think  
after becoming a member in this team?  
Happier?  
A bit happier  
And I will be a lot better  
if all of you are straight to me  
It seems that you all don't get  
used to having a new member like me  
I know it was my fault  
but I understood  
And I only want to  
soon find out where they are  
Yeah, we all want  
- But no one of us is as stupid as you  
- Are you kidding me?  
They are a secret organization  
no one ever see the leader

You want to be a bait  
That's very dangerous  
They are very tricky  
not like others  
That's why until now we haven't  
known where they are

- Even their henchmen don't know about it?
- They only take the women to a place near here

So we guess there place  
is on this area

- It's near this beach?
- Yes
- Why do they kidnap those women?
- To research some kind of medicine

Even their henchmen  
don't know much about this

- They kidnap selectively
- Only some special women

Those women have  
a strange smell  
They only kidnap this kind of women  
We know that you are one of the  
women who has that strange smell  
So, that's why the last time  
we used you as a bait

- Unfortunately, they were just henchmen
- How do they know who has that smell?

They will know  
They have people everywhere  
If you have that strange smell  
they will find you

- You can't smell it - What?
- You must have a good nose to realize it

I can smell it! Ok, my girlfriend  
also had that fucking smell  
They kidnapped her in front of my face  
and I didn't know anything about it  
Then, I found her having been tortured  
to death near there  
No one make you do this  
because it's very risky  
Don't worry about me  
I volunteer to do this

- And you all will be there to

protect me, right? - Ok  
We need to start discuss the plan  
They often appear  
in a crowd of women  
- They act very quickly  
- They can kidnap you in a crowd  
They can be anyone  
Even the foreigners  
It's very difficult  
to realize them  
- Where's Deu? - Sanim are protecting her  
- Why are you here?  
- And why did they run?  
- Shit, we run into their trap  
Sanim is our last hope  
I hope he can follow them  
and find out where they are  
Show yourself! I know you want  
take revenge for your fiancée  
Sanim, Sanim, wake up, Sanim  
Shit, no sign of them  
Deu also disappeared  
How come this one is so stubborn?  
The medicine has no effect on her  
Do it one more time  
Those women's tear has a  
special kind of chemical substance  
It helps improve the health  
with an incredible effect  
This is our system of extracting  
In other words, it can be  
compared with ginseng  
One bottle can cost above  
one millions dollars  
Billionaires will spend a great  
deal of money on this divine medicine  
Maybe this is their place  
Hey, remember us?  
I'm fine  
Once coming here, you will have  
no way out  
This place will be your tomb  
Those girls lose their senses  
I know this girl is

your fiancée  
Give her to me  
No one can get out of here  
Mye  
Mye, Mye  
- Mye  
- Sanim  
- Mye  
- Sanim  
Mye  
Come on, Sanim  
Sanim, I can't hold any longer  
- Let me out  
- No  
- Please let me out  
- Never  
I would rather die  
than see you dead  
- I will let Mye out to save you  
- No, please save her  
Please hold on  
Our friends will come here to help us  
If she dies, I will die too  
Sanim, please come on  
Sanim!  
Sanim  
Sanim  
- Sanim  
- Everyone here also loses their folks  
Those who lost their folks  
could understand my feeling  
Sanim  
Sanim  
We did it  
Do you hear me?  
I saved your fiancée  
Sanim  
- Sanim  
- Who am I?  
What's my name?  
Where is this place?  
My name's Mye, right?  
Am I Mye?  
My name's Mye, right?

My name's Mye, right?

What happened to me?
