Dhruva

By Shivgopal Krishna

1

The village of Jambapur

Changalarayadu!,

-What is it aunty?

Your wife is giving birth, take her to the hospital

- So who will tie this flagship?

Tell your leader to come tie it

If you say anything about my leader I will mix you with dirt

- You'll go to hell!

- Changal Rayudu our leader is coming

Huh? Our leader is coming?!

In this area who works hardest for our party?

- That guy running there, Changalarayadu

Hey Changalarayadu!

Come on here

- Ha!, our leader called my name!

What is this?

kissing peoples legs, you should

change this tradition

Meeting you in person is my honor, you also called my name

- stand up

Changalarayadu!

- Say mother

Your baby has turned in her stomach

How many times did I ask you to take her to the hospital?

But you are too busy saying Party Party

Why do you bring this upon us?

Look if anything happens to your wife I hope it happens to
your leader too!

My party followers should not go through this!

Take her in my car with a siren

The family members of the party are more important than
the party

Come on, come on, the baby will be born

Changalarayadu, its a baby boy!

Changalarayadu your son was born in the car of the party
leader. He's a lucky boy

- All because of you

Long live the city representative!

Why is it so busy dad?

The MLA is dead, so an opportunity for another member arised
whoever our leader chooses becomes the MLA

What man?

If you bring a mass amount of people I'd become scared?

Don't you have any sense?

I do not want to scare you but if you dont give me a seat
and give it to someone else then youll be scared

I am the leader of the party! I make the final decision...
who are you?

- Changalarayadu

which Changalarayadu?

- My son was born in your car

Vikarabad?

Yeah!

This is my son, he passed 10th grade as a top student

I came to bring you sweets

Shut up! Im burning up here and you bring sweets!?

Get out!

do not make a mistake in giving me a seat!

- Behind every decision I make there is a big reason.

Get lost with your reasoning. Only one reason!

- What is that?

Why are you raising your voice?

- It will raise if you give the seat to someone else

I'll kill both you and the other guy!

Making the people happy means you need to sell the
party. Otherwise sell your wife!

What are you saying

I'll kill you!

Changalarayadu please take this blame for me

- What?

You see if I go outside in this situation I know what they'll
do to me

The party will be lost without a leader

If you take this blame, the society will think you did it for
the sake of me.

They will believe it!

I'll give your son education

He will become a doctor, engineer with my money

I'll take care of your family

I am the leader of my party, please

Do not worry, sir

Dad, did you accept?

I accept

I will take the blame

Because kids get less punished in jail

You take that MLA seat

And be the representative then release me soon

It's your fault that I was born poor
But if I die poor, then its my fault
I won't let that happen

Do you accept?

Go outside and tell them the seat is my dads

Dad you go too

15 years later

We still have no news of KMR's businessmen's daughters.

Three girls have been kidnapped. Still no demands have been given. Everyone is worried about the health of the kids

The kidnapping numbers are high, is this a group work?

Or an international mafia?

Police investigations continue

Has he not come yet?

Who are you? Why are you taking us?

Do you know who I am? Guntha Malesh's wife.

- Sister

My dear, I do not know your parents but every time you call me sister sister

Do not be afraid sister, my husband will free you too

- Thank you sister

- Hello?

Hubby...

- Who's this?

Its me your wife, Vasundari

- Tell me

Someone took me and our son as hostage

- Kidnapped you?

Do not be afraid I'll send my brother to save you

What happened? You said I was your life, I was your spirit?

What happened to all those words? Are not you worried about me?

Ammalu! They took you hostage too?

- Ammalu?! Does that mean this is that girl?! I'll show you later

sister!

Call me that again and I'll peel your skin

When dad said ammalu I thought he meant a little girl not my future step mum

Brother!

- Younger brother

Who are you?

- Why? do not you want to see me?

What do you want?

From there you are half a kilometer away
to Kheirat Abadeh intersection
Turn right from there, a little ahead
Go left to the train station
There will be a general store called Anitta Shop
From there get me a 1 litre bottle of water, better be super cold
Why would you kidnap for a bottle of water??
-Yeah, along with the water, bring the four children you took hostage
Take the train to Williams
I tell you where to get off
As soon as we get off we will slice him to pieces
Put it on speaker
- Hello
Listen, at the next station get off with just the kids and
yourself
Damn! Let's go
Wait! There's two families of mine as hostages
Pull the chain once you leave the station and walk back
Why you squeezing the bottle?
Throw me the bottle
Where is my family?
- I dropped them off before
With your men in the same train as yours
Thanks to some anonymous student tips the police
arrested the kidnappers at the train station
The kids have returned safely to their families and
the police are thankful to the students
Dhruva make it 15 seconds today
Are you sure? - Yeah!
You've trained well hey?
Let's go
Last night's kidnap rescue video has gone viral on social
media
I thank the police and the government for saving my daughter
Seeing their reactions makes me feel so happy.
It's all because of you.
You gave us the motivation to do this.
Yea, no matter how hard it is I want to keep doing it
I feel proud!
We are like minded people and it worked out
Once we get assigned to our station we can proceed further
with the same spirit and bring a big change
- The day we decided to become police, we already became
the police that day

But let's not wait for the change, Let's be the change
Today I am very happy
Do you know what this is? A pharma industry revolution
Our government is negotiating with a foreign company
to get generic medications to India
If it happens, the price of a \$1000 medicine will now be \$10
No poor patient will die due to high medicine prices
Our pharmaceutical companies will be shutting down.
In the future our country will be without disease
Is it not great? Everyone clap!
You're thinking why is he telling us this so happily?
I am very angry!
If we do not stop this urgently, then we will close our
companies and become beggars.
- Listening to you is scary, please do something
To stop it we have to buy many people
Take them out, anyone who has sold medical seats blackmail
them
Otherwise you lose everything you have earned
And you cannot earn anymore
To prevent this problem
Generic medicine cannot come to India
One day my friend's father died in an accident and we took
him to the hospital for a post mortem
According to the rules, after 6 pm they cannot conduct a post
mortem so the whole night the corpse was left there
That day the family was very disturbed.
The rule is correct. In the old time there was no electricity so
it was not possible, but we still comply with the law
We have so many blind rules like this. Even little mobile apps
get updated but our government will not update
The incident that day had a big impact on me
That's fine
- Can I share something madam?
Yes Gautham
The reason for my social strength is because of Dhruva
He told me that the terrorist in Bombay was 18 years old
The Delhi gang rapers are no more than 17 years old
Not only them but all the robbers begin at around 17-18
A bad person to learn bad things does not look for a time to do
it but a good person for good work will look for the right
time
The words he told me impacted me a lot.
To do a good deed never requires a good time is what he

taught me and gave me this watch
Every second reminds me of Dhruvas words
That's why along with me I will keep this watch and Dhruva
Quiet please!
I know what you are doing at night going over the wall
Dhruva should come tonight to Park Hotel otherwise....
What is this new headache?
Who do you think sent this sms?
We all start in ten more days
If our superiors find out about this then the posting is out
Even if 40 people came out we can deal with it
But telling a higher officer .. I'm tense
Instead of magnifying the problem, what if we simply ignore
it?
We did not start this to stop half way through
He asked us to meet right? Let's see what he's going to
present
Ishika?
What do you think they are talking about so seriously?
Did she send the message?
- Yeah
What is the problem between you two?
- Ask yourself
Like my dad I wanted to become an IPS so I passed my civil
exams and went to Oosari for training
Before all of you, I met Dhruva
He's honking for you
Why are you straining yourself? Are you followin me??
- What?
If you see a beautiful girl does that mean you follow her?
If you follow me like that then....
I'll get her to marry you
- Ok for me!
He's come!
- 2 min
If you tell him to come then why won't he?
Get lost
She's not good, but you're good
Stop it! tell them the truth
Don't look at me like that guys
If it happened like that it would be good I said
Tell the truth
He's come up!
He must have taken it too seriously

Sorry sir we drank a little and talked big.
I mean look at my face and look at you.
Don't take it seriously mama, sorry I mean sir
Move aside
Do you know who we are? IPS trainees
For my physique do I look like an IPS sir?
I'm just accompanying them
Move the bike, otherwise I'll book you and throw you in jail
Ishika
Thats me
- Mr. Subramaniam?
My dad?
This is your home keys
Sir is busy in the campus and told me you were on this bus
so I could give you the keys
What will you say to my dad?
I know how hard you must have worked to qualify for IPS
You'll try to forget that hard work with friends
That's all right?
Have fun
Anyone decides on a character through what they see
But him, even though he saw us in the wrong situation he
understood correctly. Thats when I started liking him
Knowing that I was training with him and thinking of it
made me very excited. Along with this another excitement
Excuse me! Hello! Ishika, there is a race happening here
please move
Lift please
Please
- I really like racing, please
Fine
Among all these sounds only one sound is disturbing me
That is his heartbeat
Interesting, listening to his made me hear my own heartbeat
for the first time
Because of the race his heart is beating 150 times
Just by sitting with him my heart is beating 200 times
This is the best moment in my life
Enjoy your holiday my boy
- Thank you sir
Ishika
- Yes daddy
Meet my daughter, Ishika
- Hello

I know her

- You know her? Tell me what you know about her

I mean she's very intelligent

Shes beautiful, smart not all these descriptions...

- Is there more sir?

Not bragging because she is my girl but she is very orthodox.

These parties and pubs she doesnt know

I mean my daughter...

- Listen dad (with respect)

Did you hear that? She called me with respect

Of course she would sir, she's orthodox

Recently I asked about marriage. Tell me if you like anyone.

She said I'm your daughter, I will marry anyone you tell

me to

Tell me what really happened sir

Very smart boy,

- Just reverse everything I told you

Hi

- Hey, Hi

Nice view, no?

Did I disturb you?

Not at all

I think the trek got canceled?

- Due to the severe snowfall they postponed it to next week

Dhruva I want to tell you something

Everybody tries to impress me

But since I've met you

Everything is reversed

Dhruva you understand everything

Why do you not get this?

I think I'm in love with you

I do not know how to propose but if its a little weird

please adjust

I've told you what I am feeling

You said you don't know how to propose, but you proposed

your love this beautifully

Love!

Such a beautiful feeling

I know its worth too

But I'm not in a situation

to give it back

This whole "love" does not set with me

I mean I do not set with love

My mind and my focus is somewhere else

I like you
Do not change a friend, just stay the way you are
But do not bring this love topic again and disturb both of us
Just leave it
I hope you understood me
I knew if I could see him then my love would not stop
But I was scared if I disturbed him again he would become
even more distant
Despite the opposition of my dad
I discontinued my training and joined pharmacy
Hey guys want to get some tea?
- Why do you want us between you two?
What would there be between us two?
I don't know what there is between you two
but there is an SMS between us and if our superior finds
out then mmmm....
You guys understood very well. Very smart
Ohhh, Well, let's go guys
Is there no seat for me? Are you single here too?
Crazy fool
Ey why did you come here?
- Why did I come?
Actually from the words you told me that day I got very
inspired
After that day I've been studying for only six months with
no other distractions. The university gave me a gold medal
My dad was very proud seeing that and said this was all
thanks to Dhruva right? So he said go tell him thanks.
that's why I came
Tell me the truth
- I couldn't stop myself thats why I came
Are you going to follow me your whole life? Is there no end?
Yea there is no end
- How come he never told us about Ishika?
- If he didn't tell us then there must be a reason
Did they give all the medicines correctly?
- You worry too much, they gave the right medicines.
Aiyoo
Bro, it would be at least 10 ounces
How did you think I would take medicine without
a prescription?
- I do not know
Husband! Husband! Don't please don't. Don't hurt him
What happened?

- There is no pulse he is no more
Ishika, at the next signal there is a hospital take her
there. Go go
They brought their weapon in this paper
Hey Karan is on the line, while following them he lost them
Karan listen to me, that chain snatchers hood has my phone.
In your phone use find my friend app and follow my phone
location
Yes I found a signal
- We're going to follow you. Lets stay connected
They're going towards Golkonda neighbourhood, let's go
Ey turn around, where did this phone come from?
- Before when riding it felt like something hit me,
this must have been that.
Someone named Ishika is calling
- First turn that phone off man, give it to me
Dammit the signal dropped out
Dhruva, the last signal was given at the edge of the
Golkunda fort near the Bilal Birriani shop
Which gate?
- Western gate
So let's all meet at the eastern gate
- Ok
Boys, this colony is surrounded by the Golkunda Fort wall
It only has four entrances
Inside there are 14 streets and 500 homes.
They are 100% from here
We will search every street from all four corners.
We'll find them, let's go
Hey, hey, same poster
Dhruva, we saw the same poster
I think we are close to them
Dhruva, the snatchers are here and there are even more
of them inside
Who are you guys?
A persons life means nothing to you?
Good job brothers
All the chain snatching that happened in the last two
months of this village were done by us. Today while we
were doing the same thing, we had to kill someone
Yes Ishika
- Why did you turn off the phone?
The battery died. By the way how is she?
She's been crying a lot thinking about her husband.

They just gave her sedative

Where are you now?

- Ok let's talk later

Ay Dhruva, Dhruva, hello?

Gah crazy fool

Who's house is this?

- Don't worry man this is my best friends house

- WAIT!

Come inside with the right foot first

- Why man?

- Ey Punjab don't confuse him he put the right leg first.

You come mama

What is she doing here?

- Your physique and smart thinking do you think there is any relation?

There should be some romance in your body mama

the chicken is ready inside

Chill mama, come on, come on

Chill? Is this even your friends house?

I thought so... ay where are you

Oh! Have you come here itself? Come, hello,

meet my boyfriend!

No matter how much I hit him, he stays silent

Everytime I'm angry I take the knife out and stab him like this. What why you looking like that? If I didn't have this facility then with my anger I would stab you for real

Why did you bring me here?

- To sort your relationship today

I've given respect to his words and stayed distant. I can't take it anymore that's why I returned

When I came back you all jump the wall and go somewhere

And him he goes alone and meets people

- What?

Alone? We always go together

Why are you all shocked? Do you not know he is going alone?

I'm telling the truth. If you want ask him yourself

Is Ishika telling the truth?

- Without telling us you're going alone?

There is no "silence please" board here you can talk

I have a private life, I do not have to tell everyone about it

Dhruva

Show the home minister the new apartment blocks personally.

Do it carefully

- Ok sir

Dhruva what is he doing here?

What guys? You called me?

- Why are you asking so calmly?

- Can you not see anything?

Four days ago he murdered someone in front of our eyes
and we fought so hard to catch him

Today he came to the campus as if its his dads

The hand I am supposed to salute I used to hide my face

Somehow you behave as if nothing is going on

what's wrong with you?

Hello Ishika

I have to go, you guys coming?

- Is this a joke to you? We've been observing since
yesterday

Until you answer our questions we are not going anywhere

Yeah, until you tell us we will not go anywhere

The woman we admitted, Ram Swami's wife, attempted suicide

Why did you do this ma'm?

In front of my eyes they murdered my husband.

My testimony was not accepted by the court

He was wearing a helmet so they asked how I recognised him
and repented the case

Police, lawyers .. no one supported me

When justice won't be served why should I live?

That's why I thought of dying

Evidence that is good to come out of a court takes
40 years

With false documents he came out in four days

Even after all this, going back to our campus what can we
achieve?

Why are you not talking?

Why are you not responding to anything I ask?

When we ask where you go alone, there is no answer

You are observing everything but standing still like
a rock. Is there anything wrong with you?

You're right man, I'm crazy.

Whatever you're saying to me I am not listening but looking
at the wrong happening behind you. That is my craziness

Look over there. A few moments ago a wreckless driver
struck another driver. To you all it looks like he is
giving money for the patients treatment

But to me he is giving money as a bribe to escape any

penalties. I am the only one who sees that, that is my
madness

After seeing one person released from all the guys we have
caught got you all so upset

You know all those 32 offenders we got?

they are all happily roaming around

Does that mean everything we have done up to now is a
waste?

I won't let even one inch go to waste

This is my world. No one but me comes here

If you tell me about your enemy, I will tell you who you
are

What is this? Don't we usually talk about our freinds?

- Yes if you tell me about your friends then I can tell
you about your character

And your enemies represent your capacity

Four days ago he was our enemy. The guy he killed, Ram
Swami was a social activist

I suspected that he wasn't killed just because of his
wife's necklace so that is why I put so much effort to
catch him. I realized that Irfan Ali is involved

No matter how many time we put that chain snatcher into
jail he will be released because of Ali

Our home minister and Ali planned on a big building
construction outside the city

That land belonged to the poor and Rama was fighting for
them so that is why he got killed

Without anyones suspicion they planned a chain snatch

The police were deceived and closed the case

Now tell me if he is our enemy or him?

Up to now the 32 criminals we caught I have had some
suspicion... with five hundred of my cases

full detailed analysis

Behind all of these thefts, kidnappings there are many
manipulated plans behind them

Remember the kids?

They were not kidnapped for money

Last month in a private hospital an incubator was short
circuited and 18 children were dead was in the news

They did not die because of this reason

Those kids were all born with diabetes. After giving them
their medicine like every normal day

but after 10 minutes all the children died

Being scared I went to tell the management but they

threatened me to stay silent and if the news got out the hospital will get a bad name

The medicine that was given to the nurse was not normal.

It was an untested drug

With that drug, 18 children died

If this came out then all of the big pharma company

misconducts will come out so the hospital said it was a short circuit

Dr. Rimacant wanted to report this incident but to keep him quiet they kidnapped his daughter

For no one to understand the cause of the kidnapping

three more children were taken along with his

Behind this medical mafia the man who runs it is

Dheeraj Chandra

Behind every small crime, there is a big organised crime

Behind every small crime how can you say that there is a big crime behind it?

- You ask how can I say something like this well I started noticing this since I was 15 years old

Everyone will read whatever is written and believe it all blindly. But I started reading in between the lines

Suddenly one day noticed the connection of the second page and the sixth page

Second page had an announcement about truck strikes

but the sixth page had auto rickshaw rates increasing

In another page if someone gave a party some funds

another page would have someone he knows has been released from jail

One page has the value of gold increased

Another page says the holiday deal extended by two days

One page has the news of a foreign coffee brand launch

And another page has the benefits of coffee to the heart

We do not care about businesses but it is that one business that will lead the news of everything in that paper

For their business the news papers print and we follow them blindly. You have to drink this water, have this medicine

study this only. A businessman decides all this

The fate of people may be run by a politician but the

person that writes the fate of that politician is a

businessman

All of these 500 crimes are for business

Behind these crimes are 15 people. To capture these 500

criminals there are 5000 police officers

But between these 15 people, there is not even 1 person to catch them. My goal is to get the biggest offender among these 15

If we get him thousands of crimes will be reduced

I must take this and make him my enemy

We will be given our postings in ten more days

Before that, I must choose my enemy

But how will you choose that enemy?

They are the 15 I told you about. They are all doing wrong but designed it in a way to get away with it so easily

And these are the worst of them. They are responsible for 80% of the crimes

Dheeraj Chandra, he has a monopoly in pharma medical crimes in the state he decides if a doctor can prescribe a drug
Jayanth Suri, he digs up land and uses natural resources to get money from the government

Irfan Ali, a criminal that supplies the criminals in the city. In addition, theft or murder and possession of land is all under his control

Of these three whoever is the bigger guilty I will find him and prove that he can be served justice too

Superb, Excellent, Brilliant

Once we get our postings we will all be split but if you ever need our help just make one phone call

- Thanks man

So when are you fixing your enemy?

This is Jayanth Suri, to stop the inspection in his granite quarry he is meeting the MLA, once I get the details of that then I'll make a decision

Whats the issue, all three of you came together?

What is this? kissing peoples legs, you should change this tradition. Let's go

Sir has given us the time to meet him at least now.

- Yea it has been over two months since we've met with sir

He is my son and it took me two months to meet him and I am a minister....

Hello sir

- Hello

Kana

- Dad, one moment, Preethi is waiting for me

Hello?

-Hello Preethi

Hello Darling

Dad and a few more people came, looks like I'll be late

so you have dinner

Oh No, I'm waiting for you

Get your phone to your dad

Say, Preethi

- What uncle, during dinner time you have meetings?

why can't you come home?

You're right my daughter eating is more important than the meeting. I'll give it back now

Kana

Sweetheart I told them to come. Small meeting, I'll join you soon.

- I'll be waiting for you

Bye

- love you

What she is saying is correct kana, you have to look after yourself too

- Ok daddy

Kana, our guys have all come to talk to you....

I have an important meeting to attend, you guys talk amongst each other. Right kana? Thank you Kana

You've been stuck in the lab for 2 months?

- There is a reason for that

We thought of finishing all our duties before you came back but it didn't happen

Angelina is saying she will come to India no matter what No matter how much I tell her she is not being convinced.

- I'll look after it

That Rama swami case got our guy locked up in Kashi jail and caused a big problem for us.

- I've already cleared that problem before in the lab

October 3rd is a very important day for us. Be ready. At least until then try not to create any new problems

Dheeraj, come with me

The Angelina matter should be carefully resolved and I'll tell you how to.

Ok sir

Hello, Hello

- Not bad, he is healthy

He is our lucky kid

We trialled it on 18 babies and this boy is the only one that survived

Wherever you brought him from, as it is put him back there.

Give his parents a reason

Every month check up on him. We can see if our formula has

been successful or not

Bye, I'll miss you, I'll miss you

What did sir tell you?

- October 3rd will go ahead as planned. Until it is complete he said to be careful

Hello doctor

Padmasri Siddharth Abhimanyu

Man of chemical miracles...

What happened man, you told us to come urgently?

I have chosen my enemy

Siddharth Abhimanyu? What? Scientist Siddhart?

I went to choose one of the three but I found a fourth who was their leader

To the outside world he may be a science genius, but in actuality he is a hardcore white collar criminal.

Basically he has these three beneath him and rules the entire crime world. The other day Siddharth was a chief guest and the CM attended it.

I knew there had to be a connection between them two

The chain snatcher who killed Rama Swami got caught and so that Siddharth would not get a problem from him, he killed him. He tattooed a religious symbol, stabbed his body and threw his corpse into one of his illegitimate sites. This caused a religious conflict, so that police investigations would be closed. In the end he used the corpse in his favour as well.

As a young scientist we find new things everyday. But that doesn't make it news. You know what makes the news? Today's poor people getting medicine that can help.

He created the conflict, then he claims to solve it and then he got the claps on stage.

October 3rd is a very important day for him. I will make it an unforgettable day for him.

That Siddharth Abhimanyu, his actual name is Yankana.

When he got out of jail he was a young kid. His dad gave him 4 guards and said go rule the streets.

He responded saying, "I didn't make you an MLA to bully street criminals, enrol me into a good university. Clear my criminal record. I have to study well!"

Dhruva, do you not think about anything else but Siddharth?

Tomorrow is swearing in ceremony. Day after is posting. What happens if you never meet Siddharth again? What will you do?

Both of us will definitely meet again.

Wherever there is money there will be heaps of crime.

Siddharth follows the money and I follow crime.

The equation is what will make us collide

- You're correct

Are you ready to shake hands with the enemy?

- What?

Tomorrow our swearing in chief guest is Siddharth
Siddharth Abhimanyu

We welcome our chief guest sir Siddharth Abhimanyu

He is a great scholar of science and has made great
contributions to the pharmacy side.

He's very lucky, the criminal he selected is the chief guest

- fate man, fate

Honourable minister, respected members of the academy,
ladies and gentlemen, and of course, the future of our
police force

Wherever I go, the first question I am asked is what is the
cause for my success

It's actually very simple, in your life take one idea. Let that
idea become your life

Think about it, all the very best

Jai Hind

Now I request all the medal winners to come forth

Rajith IPS, for specialisation in cyber security.

Next Dhruva IPS, he will receive an award from our honourable
home minister Mr Ravindra Reddy

Mr Dhruva has received this reward because of specialising
in managing activities involving all....

All the best

Dhruva has one more honour to receive. As a special award
for overall best probation of the batch which will be
presented by our honourable chief guest Siddharth Abhimanyu
I kindly request our honourable chief guest to come forward
and present this award to Dhruva

Congratulations

- Thank you sir

Berata, beautiful pistol

- I'm glad sir

You're welcome

Not for giving me the pistol, but because you gave it to me

- All the very best

You said to make an idea your life. I have an idea sir,
you are my idea and I will follow you

- Good luck

You are the best officers in the organized crime unit and
because of that I have selected you

Normally officers look for criminals after being posted but I have already found criminals and joined the force there is no time to get to know each other so you will just have to believe me

because I believe in you guys

- sure sir

October 3rd, there will be a big crime happening in our city.

Our first target is to decode this crime

These three are important members in our city but a big threat to our society

Follow them 24/7 and collect any evidence against them

- Sure sir

Good

Honest to god I don't know anything sir

Because of those three 600 crores is being sent to our Swiss bank because they are followers of us. We don't know anything else

On October 3rd all three of them are transferring 750 crores to our Mauritius bank. Because you are pressuring me I told you.

Thankyou

- This is a list of the major events on October 3rd

On the same day moharan devi and navarathri occur

The same day, the Minister has a meeting with a pharmaceutical company

What is the company name?

October 3rd is a very important day

- Important day

Angelina insists on coming to India

October 3rd they are going to kill this woman. Her name is Angelina, the CEO of a big pharmacy company in Switzerland And owns 60% of shares

To sign the generic drugs contract she has already begun her journey to India

October 3 is a great day for the country. Here are the details you asked for. If Angelina puts one signature then the generic drugs will be allowed

Then pharmaceutical companies can not do anything

If that happens, a drug that is worth 25,000 will be only 2,000. 500 rupee medicine will only be sold for 2 rupees. This has to happen sir

This deal will be stopped by the medical mafia

To stop this Siddharth must have already landed in Switzerland

Hi

Thirteen hundred and fifty crores, why is it sent to Switzerland?

I can't believe this. Because of patent rights in India, K827 cancer drug was being sold at a high price because it is such a high price and people cannot afford it a lot of poor people are dieing. I felt really sad seeing this. I want to break the price and get cheap drugs for the poor Do you know who this is?

- Siddharth, he is our companies Indian medical adviser When Siddharth is your advisor why does he not have any shares in your company?

No no, he tried convincing me to sell my 60% of the shares but I rejected that proposal

Thats it!

He transferred that much money to buy your 60% of the share The stage is set beautifully

Killing you here, with Marcus buying your shares making Siddharth the major vote which stops generic medicine coming to India. He planned it to happen all at once Do not worry, your safety is my responsibility

- Thank you

Tomorrow we have two tasks.

1. Prevent the money being transferred to the Swiss account For that to happen we need to arrest all three at the same time

2. Angelina has to attend the meeting safely

That generic medicine has to come to India. Every poor persons hope must rise!

Yes. Siddharth Abhimanyu. First time he is going to take a hit. He has to remember this

October 3rd

Boys every act according to my plan ok?

- Ok sir

Dhruva where are you?

- Right behind you

Sessi where are you?

- We are following your vehicle sir

Thank you for the moment and the opportunity. Good for our share in business as well as yours

Sir Irfan is opposite our car but nothing suspicious sir

- Without a reason he wont be there. Keep watching

Guys be alert

- Ya ok sir

Sir ahead of you the Rudra murgan festival is approaching

- What?

This was not their path

There is going to be a rumble here. During this killing the target is the plan

Nobody get out of the car

- Ok sir

Ishika, Ishika

Like taking a bus you made me come in this car. Did you think of shooting me directly and sending me to god?

Is this a time to joke?

Do you know how tense I was?

Not bad, you're at least a little worried

Who are you?

Angelina is fine sir, we have her in the hotel you assigned, everything is under control

- Good

Call from India?

What the hell has happened out there, have you been trying to kill me?

- I have done nothing wrong

Once my foot steps on Swiss soil, you are finished

- Please, w..w...wait

It's 10 o'clock now, you said she would have been dead by

9:

All my work here is done, I'm finished

- Marcus I'll take care of this. Just give me 5 minutes

Just 5 minutes

Why is no one answering their phones? What is happening there?

The law is doing its job kanna, they arrested all three

- Arrest?

Will you not tell me what is going on unless I ask? Without the money how will I complete this deal?

Are you under stress because of money? Tell me how much you need kanna. I'll transfer it

- First bail those three out

Abbas

- Yes sir

Your brothers important task was not completed

I'll finish it

That area is under Dhruva's control

Go straight then turn right

Don't stay here. Go back to the station. Come back when I call you

Yes Siddharth?

- I urgently need 1350 crores

1350 crores? Are you crazy? Asking as if I owe you something

- From your Lichtenstein account transfer it to my Geneva account

Why the hell should I pay you?

I have emailed you my bank details

Do you know who I am?

- With the email I have sent an attachment. Have a look at it then make a decision.

Attachment?

Okay, I'll send it

We welcome our honourable chief minister to attend the meet for generic medicine with Pixin company

The meeting will begin in 20 minutes. We told the CM that we are bringing Angelina now

- I'll bring her

She made a call to Swiss using my phone saying its urgent

- Why did you let her?

There is a chance to trace it

- Sorry sir

Come in

- Hello madam

I can not believe what's happening around me

You shouldn't have made that call, they can definitely trace you

- I know what am I supposed to do?

What is it Sathyam?

- Sir told me to bring this file

Ok

Angelina, Dhruva are finished

Good job

Yes Abbas? Better be some good news.

Angelina is closed and that ACP Dhruva I also got rid of

Excellent

By the time I arrive in India tomorrow all people involved in this should die

There is no people sir, only one person arrested those three and saved Angelina.

- only one?

Mrs. Angelina wanted to allow a cheaper price for the poor by bringing generic medicine to India through a contract

Mrs. Angelina was killed..

I'm very sorry for this death

Police investigations have begun to understand how this murder came about. For the time being the contract for these medicines have been halted

No matter what you do, do it carefully man. Be careful with Siddharth

I am not the one that should be careful, it is him that should be. Even though I took the bullet, he was hit even harder

After 20 years of hiding in the dark, It only took 2 days to bring him out into the open

Now it is him that must be careful

Yea... You will be cool. But someone is waiting outside and punishing herself by not coming in.

- Why punish? I am ok

Crazy fool, when will you understand

Give me the key

- Why did he discharge the driver?

He came back two days earlier than what he told me. I wonder what will happen

Kanna, I bailed Dheeraj Chandra and Jayanth Suri making sure they dont have an LLR on their record

F.I.R

- Some sort of R kanna

Why are you looking at me like that kanna?

I did what you told me to

- Did have you have lunch?

I did kanna

- Did you eat after asking me?

Sorry kanna

What sorry? Just because I told you to ask me before doing so doesnt mean you always ask me

- Don't get angry kanna

If I made decisions without asking you and it goes wrong it is worse than if I ask you and it goes wrong.

This is what you have told me since you were young

1. Any time you go out always hold your head up high
2. Even if it is funny no matter the situation never laugh out loud
3. Until you tell me I should not let anything slip.

That is when this world will respect me. That is what I have been following till now. If I need to change that it is hard

Do you not have any common sense?

Do I? No I don't. It is not in the list you told me. Should I add it?

Nana, even a sparrow has bigger brains than you
Wear your scarf
What is this? He hasn't even been posted for a week and
arrested all three of us
Thinking about it... Thanks to your dad's smart actions we
got out of jail
Because you told us so, we let him go. Otherwise we would
have killed him in the hospital
Do you know why he arrested you?
- No sir
Do you know why I went to Switzerland?
- No sir
he knows why
Does your brother Abbas know you three work for me?
- No
But he knows
First time, someone brought me out of the darkness.
A lifetime is not enough to discover even a tiny formula
But he was able to crack the Siddharth Abhimanyu formula
Someone as smart as him shouldn't be killed in a hospital
- What are you doing here?
I told him to come
- His name is dhruva
He has no parents, he is alone. Police is his passion.
Like your research lab, he has a lab as well
I have an idea sir. You are my idea, and I will follow you
- Congratulations
Up till now a lot of people have created problems for my
brain
Without giving them any respect as my enemy I defeated them
but this one is interesting. He made me think
To finish me, he studied all about my life
To whom I was born, where I grew up, what I studied,
my past, present, future plans all analysed
Tell me who your enemy is, I'll tell you who you are
Along with everything, he also collected this dad
How did he take this I wonder
- shocking and surprising
Aiyo kanna is unhappy
Tell me who he is kanna, I will get that area councillor
to cut off his electricity and water connections
Kanna his ration card and adhar card I will also cancel.
I will cancel his passport and make sure he cannot go to
Delhi

Brain kannna! Brain

- Imbecile

I will find out what his capacity is

Is it necessary to have another surgery doctor?

- Yes, sorry Mr. Dhruva, there's a small complication

A clot has formed in the place where you had surgery. I have to clear the clot

Doctor I need to be discharged today.

- Relax Mr. Dhruva, it is a very small surgery

You can leave tomorrow morning. If we leave it, it can become complicated.

- Please

Ok, doctor

what happened?

- what happened?

Siddharth

- What?

What are you saying?

- Siddharth came

Dhruva no one came

I saw him

- no one came

Sir what are you doing? I gave sedative, take him back

- please listen to me

- No I know Siddharth came

No one came, under sedative you are seeing things

- Trust me he came

No one came man

- I'm telling you he came, he saw me

Doctor Ram Mohan, this is a GPS tracking device. If you implant this into his body I can monitor him 24/7. Audio feed via satellite comes to me as well

With that I will know where he is, who he is seeing, what he is planning and what he is talking about at all times.

You just told us he was overseas, if he really came

why would he leave without killing you?

Just like how I knew where he was I didn't kill him, he must have a reason for not killing me as well

Ishika I asked for my car to come

- This is a car as well, it has a steering wheel too

Okay, let's go

Gautham went to Shamshabad with some urgent work. He told me to tell you.

- Yea I saw his message too. By the way thanks for everything

Keep saying it. As many thanks as you want. But between
lovers no thanks, no sorry

Hey darling

- We are not lovers right?

Uncle came. He's waiting for you

2 minutes

Is it hurting?

- I don't know it feels uneasy

The doctor said until the next dose of the medicine it will
be like that. Ok take rest I will go home and come back

No it's ok, you don't need to come back

- Why are you taking it off?

I have some work to do, I have to go

Do you have any sense? You just came and already say you
want to go?

- Ishika it is a very important matter. Start heading off

Will you always do what you want to?

What is so important?

While I was in hospital I received a call about Siddharth.

I investigated about a girl who was missing and thought
it would help me on October 3rd

but in that process I found that the girl was not missing,
she was raped and killed

Who's that girl

- scientist Akshara

I knew there had to be a different motive behind the
raping

so I asked her boyfriend Kamal about the incident

Your girlfriend was raped and murdered by four people

but you still don't know anything right?

Sir honest to god I don't know anything

While I was in hospital, he rang me

sorry sir, I lied the other day. I did not know who to trust.

I trust you. Akshara was my life.

She worked for Siddharth at Mother Teresa Institute as a
scientist. They unjustly raped and killed her. Before that
incident she gave me a SD card

In that card all of Siddharth's crimes were told by her.

I will give you the SD card. Please make sure he gets
punished sir.

Until I meet you do not tell anyone about this

I'm going to meet Kamal at his college now. If I get that SD
card then it is game over for Siddharth

The whole world thinks you're a good person. Please sir this

kind of medicine will bring all of the world to India and
beg us

You're wanting the whole world to come beg India

I want this Indian to be begged for
simple

- Does this not seem wrong to you?

Make yourself a wish, nothing is wrong with getting that
wish

I will not allow this to happen sir. I will reveal everything
about you. You are trying to stop generic medicine and tie
up with the Swiss company.

I will tell Angelina madam what you are really doing.

- I have a bad habit...

do not tell anyone and I will let you live.

I absolutely don't talk about these things

Even if you kill me I will make sure the world knows how
bad you are

Strange. I planned to know about him with the bug but he I
am learning about myself

He is reminding me of my mistakes. How stupid am I?

I thought the Akshara case was resolved

but I did not know she had a boyfriend. I couldnt find that
out

You made a mistake Siddharth!

Kanna you made a mistake?

- He is not my enemy, he is my employee.

Anything I don't know he is finding out and telling me while
taking his wage and being an informer.

We will see

- We will see

I will see

- You will see

Shall we have lunch?

The number you have dialled is switched off

Where is the SD card?

Hi Dhruva, whats up?

- Gautham you are in Shamshabad right?

Yea I am, why?

- are you in an important job?

No just a tiny robbery case but its ok tell me

- Ok listen

- Kamal wanted to give me a SD card which contains evidence
strongly against Siddharth

- We were supposed to meet 15 km from Shamshabad at CMR

college

Ok

- But when I call him, no response. I suspect something is wrong. Little help

Yea sure. Tell me what to do?

- If I leave from here and then he comes it will cause a problem. So 24/56 Bank st muduranagar is his address. You have to go and meet him personally.

Yep I'm close, I'm going right away

- Thanks

Call Abbas

Abbas, there is a police officer called Gautham coming to you he cannot find that SD card.

Yes sir

Ey there is police coming. Hurry up.

Why aren't you telling me when I ask? Where is the SD card? where is the SD card?

Go go

Sir

Give this to Dhruva sir no matter what please sir, please

I'll kill him. Give it. Give me the SD card.

Let him go

Give me the SD card otherwise I'll kill him

Don't do anything to him. I'll give it.

This is Akshara's last wish sir, don't give it sir.

please sir. Don't sir.

- Don't do anything to him

Go sir, please leave.

Don't do anything to him. Here I'm giving it

Hey, let him go

Yes Abbas

- The policeman escaped with the SD card. I will catch him no matter what

Dam it!

Dhruva

- Hey what happened? Why aren't you lifting your phone?

- Hold on Abbas

Sorry man, as you suspected things got out of hand here.

I couldn't save Kamal but I have the SD card.

Where do you want me to come

Towards Gacha Boli. I'll come in the opposite direction and get the SD card.

- Abbas towards Gacha Boli, I'll call you

Where is the card? Where is the SD card?

I won't tell you

- If I found you one kilometer ahead, I would have killed you in my chemical factory and mixed you in the chemicals

- this is my new factory that is going to open in a few months. with your death it will be opened

- This is only 0.0001 percent of the crimes I have committed

- In these 20 years I focused more on not feeling any guilt after my crimes than on my business

- I did not miss any details when committing crimes, where did that Dhruva come from?

Dhruva not only slipped past your details but he was born to destroy your whole network

- Hey, hey hey, don't praise him that much. I'll tell you his future so listen

- Everyone and everything around him I will push further away, play on his emotions, make him crazy and kill him

No chance. He has no other objectives other than to stop you I'm telling you now! Your time is ending. Your time is ending! Remember this!

Your time... Your time is ending

You're finished! Time.... time

Your time is ending!

Sir I checked his entire bike, I couldn't find that SD card Where did you hide the SD card? Where'd you hide it?

- I won't tell

where did you hide the SD card? Tell me!

- Abbas

Where is the SD card? Tell me!

I won't tell you

- Abbas he is not telling us

Using his phone we will message him and lure him here

Gautham!

Gautham!

Gautham!

Hey, hey, hey, leave him. Please

Gautham. Please leave him

Officer killed on the road after taking drugs and roaming around

This is more upsetting than his death

A guy like him, this kind of death. Cha!

Gautham died because of me. I made a big mistake by telling him to go there.

No one could have known about the SD card. I don't

understand how anyone could have found out

Ishika did you move that pin?

- Which pin?

- No I didn't, why?

That pin has been moved

If it wasn't me or you, who else would have moved it? Did someone come here? Or did Siddharth come himself? Ishika test the fingerprints on this pin

Hey Darling

- Hi

Hold this for a sec

If we had Siddharths fingerprints as a reference it would have been easier

Here, this gun case has Siddharths fingerprints

Are you sure?

- Of course he gave me this box that day

I have not touched it since that day. I was wearing gloves when I took it from him

Fingerprints have matched. Siddharth came.

If Siddharth came here then that means he has started to treat me specially.

- Why put a pin on this girl?

This is 2010 Miss India Naina right?

These are the event photos

Wait that is Preethi Sarogi right?

- Preethi Sarogi?

Yes, Siddharths girlfriend

How is the wine?

- Excellent

First placed Naina was with him in Switzerland, and Preethi is in a living relationship with him. Something is wrong

There has to be a connection between the event and him

Hey there is a link on conspiracy on events. Actually Preethi got more votes

but because Naina won there are a lot of comments against that decision.

As you said Miss Preethi Sarogi is miss India crown favourite

There is a good chance of her becoming miss world as well.

- No, she shouldn't become miss world and travel the world

She must think I am her world and depend on me. By the time we leave I must be in her heart. See who else can win this contest amongst the contestants

I found a girl with the qualities you asked, her name is

Naina

Make her the winner. The final round is about to start,
before it does tell her that her dad passed away

What? he died?

- He will die

In 30 minutes Irfan will kill her dad

Preethi will not have any flights to go to Hyderabad so
she will come in my private jet

Dhruva, what is this 8?

Siddharths downfall

Kamal, 25 Bell, he has the SD card

Sir your breakfast and also the det...

- Newspaper right? Put it there

Thankyou

Dhruva?

What is this? What happened? What is this blood?

- Leave it

If you tell me then I can help

Do not ask me anything, go from here.

Dhruva...

Ishika leave. I want to be alone

We are all here to help you. Even now without Siddharth
knowing I set an appointment at 4 to meet with Preethi.

We will find something for sure

- So what if we find anything? Huh? Tell me. What's the
benefit? Even that he will know in the next minute. He is
observing my every movement

Read this out

- Read it as it is written right?

Excuse me gentlemen

He killed Kamal. My Gautham is gone.

I don't know what I'm doing. Everyone that is close to me
he is taking away one by one

It hasn't finished yet

- What's left?

When you said you will choose an enemy to test your
capacity I felt very proud of you

You chose your enemy, but now you are obsessed with him
and losing yourself

That's why targeting Siddharth has now made you the
target. You think Siddharth is the only thing in your life
but he is easily surpassing people like you all the time

If you're like this then you can't do anything

- Yeah I can't!

Happy? I can't do anything
Leave me alone
go...go.... GO!
Is this even you?
Everybody loves your calmness. How did you give it up?
Think calmly, everything will come back
Otherwise, you will lose everything you have. I have plans
on marrying you and living a life with you. I am not telling
you because of that
I'm telling you because I want Dhruva to win
I have told you what needs to be told. After that it is up to
you
"Everybody loves your calmness. How did you give it up?"
"Think calmly, everything will come back"
"Otherwise, you will lose everything you have. I have plans
on marrying you and living a life with you. I am not telling
you because of that"
"I have told you what needs to be told. After that it
is up to you"
"Even now without Siddharth
knowing I set an appointment at 4 to meet with Preethi.
We will find something for sure"
Call Preethi
- Hey sweetheart
Shall we go out? I don't know maybe a drive or something
- what time?
Four o'clock?
I have a beauty parlour appointment
I'm going to come home now, I'll join you for lunch.
What do you say?
Ok darling, I'll see you then
- love you sweetheart
love you too darling
I'm going to kill Preethi
What? Preethi?
Please tell me anything with a lead kanna otherwise my
heart will stop
First time I saw her my heart skipped a beat. With a
brilliant plan she became mine. I think I love her dad.
But Preethi betrayed me
She lied to me and is going to meet Ishika. That is
betrayal right?
If its a lie you can send them to the naughty corner, scold
them but killing them? Please think about it kanna

- Excuse me a 1kg dark chocolate cake

Cake?

You are smart kanna.

- Anything special sir?

For someone special

Hello Ishika?

- Yep?

I have an important matter to tell you can you come over?

No I wont come. If there is anything tell me over the phone

- Why don't you come please?

What is this? Suddenly your tones changed? Am I speaking to Dhruva?

- Yes.. If you come you'll know

Okay, Im coming

Excellent. Dhruva is about to propose his love for Ishika.

That's why he told her to come over.

- Thats good news kanna

I am about to kill my love and he is about to fall in love.

He has to feel the pain of losing the girl you love

As soon as Dhruva says he loves Ishika, the next minute I will kill her

That pain he has to feel it too!

He does have to know... that's why

- Whenever I talk to you I get clarity. Thanks for the help I helped in planning the death of two people?

How did this happen?

Abbas where are you?

- Two minutes sir I'll be in position

Ishika has arrived sir

Sir, she is going inside

- Keep watching

I'll tell you when to kill her

Why did you call me?

tell me... tell me?

Sir I have a clear shot to the target

- hold

Tell me what's up

It's nothing. It's that IG's sons birthday. They invited us so I called you to go to the party

What are you saying? Is that why you called me over?

Sir shall I?

- Hold on

Ok

You talked so romantically before?

- Because you left angrily, I talked that way to cool you down

Tell me the truth

- What else is there? Why do you keep asking the same thing?

- If you do not want to come then don't

Because you talked that way I thought you were going to propose so I came with my hopes up

- Do you have any common sense?

- You always think about love. Do you not think of anything else? I don't even have any love for you

- It won't happen this lifetime. Leave me alone!

Why are you behaving like this? Instead of talking like this why not just kill me?

The biggest mistake in my life is to love you

- Abort

Any problem sir?

Do as I say

- Right sir

- lucky you

The words you say hurts me every moment...

"Siddharth planted a bug. He can hear everything.

I love you"

Hey how many times do I have to tell you, leave

Hey darling

- Hey sweetheart

How was your day?

- I have a feeling it's going to get better

"Even now without Siddharth knowing I set an appointment with Preethi at 4 o'clock"

Wait a moment

From here on do not try to help me by meeting Preethi or anyone else

because there is no benefit to me

- I didn't even call Preethi

you said hair appointment?

- I only said that to try and calm you down before

"I have called the doctor. He will come tomorrow morning to remove the bug. Until then let's celebrate love!"

Yes Ishika? No don't come I don't feel well. I'm going to Chillkgot temple

I'll talk to you after I return.

Kamal, I don't know if you'll get this or not. I don't know if you will see me alive again Kamal.

Find her! She will be around here somewhere

If you find her kill her!

Kamal they raped me!

You have to believe me Preethi. This is the report from miss India committee. They told you your dad had died before you went to the final round

The time then was 7:15. But the time your dad passed away

was at 7:

accident

He got you emotionally disturbed and to depend on him. He made Naina miss India in your place

and is now using her in his businesses

This is the FIR and post mortem report.

This is records of some of the crimes Siddharth has committed. Please do not trust him again

They are Aksharas parents. All the documents you require are in this folder

Akhshara was always thinking about her research. We did not think this would happen to her

Tomorrows meeting will announce generic medicines to not proceed in India and what we have now is enough by the CM I have faxed you all the appropriate details.

- I won't let it happen that way. Generic medicine will come to India

Preethi replace this file. This one favour will be enough.

Thanks

Ahhh car key... Dheeraj hang on a minute. Take dad into the press meet.

Tell me when the CM comes. I'll join you. This policy will give a great benefit to us

Hello Ravinder, it was a good thing we shadowed Abbas.

He is telling everyone that he raped Akshara and killed her then framed 4 other guys.

All this was told to me by Deepak. But when I call him he doesn't pick up and doesnt reply to my messages. I suspect something is wrong

I know that he caught Abbas in Nampalli but I don't know his exact location at the moment

I am going to play a small trick. I am going to call his brother Irfan using Siddharths voice and ask where Abbas is

In the mean time come to Nampali with our squad. We have to arrest Abbas today

Call Abbas

- Ay phone ringing

Call Irfan

Who's calling me at this time? Hello

- Where are you?

I'm working sir

- Where is Abbas?

He is in the Nampalli guest house sir

Dhruva is looking for Abbas to arrest him.

He is going to call you looking for Abbas details using my voice. Be careful with that ok?

I am a big cheat my self. Who is going to cheat me? I'll take care of it. Dont worry

Ravinder, there is no need to call Irfan.

Abbas is in the Mohinibad farmhouse. I found him by tracking his mobile. I am going there now. Come with our team

Call Irfan

As sir said someone is calling me. Hello?

- Where is your brother Nampalli or Mohinibad farmhouse?

Oi idiot. Do you think I will not recognise you if you do some mimicry?

I am Siddharth talking

Ahhh Siddharth. If you are Siddharth then why not act in movies. Why are you calling me?

Where is your brother man?

- I won't tell you

Call Dheeraj Chandra

Dheeraj I'm on my way. But I cannot attend the meeting. Bring dad outside for a second.

- Okay, sir

This is an important press meet. I prepared a speech for you

Read what I wrote as it is

- As it is right?

Dad

- Kanna

head up!

After that we forced ICP Gautham to take drugs and left him on the highway to get killed. I did it because Siddharth told me to

Minister Changalrayudu is going to speak about generic medicine

Hello to all

When I swore to become the minister, I swore to make the

country without diseases

Has this happened?

It has not. It will not and in future I will not let it

Ay what are you saying?

For the good of the nations Mrs. Angelina came with a good heart to bring generic medicines

the minister said we have to stop it because it is not good for the pharmaceutical business

In that moment a lot of money was made that day

because of this the MLA minority government became rich

before Mrs. Angelina died she signed a contract from the office of the minister to bring generic medicines.

For those ministers I have kept this document a secret

Do you know what you are doing

- Are you crazy?

Who told him to read this?

Why is everyone shouting at me? No... My son is very clever he always foresees everything

My son said that I would become the prime minister one day.

It seems like it's time

He has come lets go

- Abbas

Abbas, Abbas, Abbas

- I won't tell you anything

Abbas! Get up

- I won't tell you. Go!

What did you say to them? You have no control!

Hey Abbas, Abbas! Get up

- Tell me!

Abbas!

ey go, go, Go

Abbas. Will you come or not?

Ok... Shoot

They are coming man

I'll tell you the truth. Gautham was killed by the car

But I did not drive the car

Siddharth killed him

Shit! who killed him?

He was very important evidence

This better be good. Why did you call me that many times?

- Sir your dad is reading a different speech to what you prepared

he is revealing all the crimes. There will be a big punishment

He's reading a different one?

- Yes, all the reporters are watching

All the public are getting angry

Ok, before he says another word tell them he has a heart attack

Take him to the hospital and let me know

- Ok sir

I'm coming

This minority government will always....

- The speech you are reading is not your sons, it has been changed

Oh it has change... What its been changed??

- Microphone

Turn off the microphone

- Speak calmly, calmly

Dheeraj what should we do now?

Say you have a heart attack and need to go to the hospital

- Did my son say this?

- Yes

Everyone I apparently have a heart attack

- heart is on the other side

Someone call the ambulance

Ambulance, I do not know anything

I'll manage it

I gave this news about the generic medicine to

Changalrayudu to read out to everyone

Why he changed these words and said what he said? I don't know

I will definitely take action on him

We will pass the contract. From tomorrow generic medicine will come into the market

Perfect

Sir why did your father talk like that?

- This is what your father read

Kanna have you come? I have understood what a heart attack is now. I didn't think I would see you again

what is this? Do you just read whatever is there?

You're the one who said read it as it is Kanna

You're an ...

- Again he's started to blame me in English

I'm remembering a story

- Story? Please tell me kanna I'll relax a bit

Once in a village there was a king....

- I know this story! That king has 7 sons

- You tell me Kanna

He lost all trust in people

So one day he bought a monkey

he taught the monkey everything

and made him his bodyguard

and kept him there 24 hours a day as a watchman

- Ohhh is it??

One day while the king was sleeping a small mosquito came

The mosquito was disturbing the king

- aiyo

The monkey tried everything to get rid of the mosquito

but it still didn't go away. Then the mosquito went and

stood on the kings neck

The monkey got angry and got a big sword and with one swing

the monkey got the mosquito on the kings neck

The mosquito must have died?

What? Even with the sword the mosquito didn't die?

Oh, he did not die?

What is it kanna?

Your hands are very cold

Just now the CM called from the campus

He is threatening to make your father resign or they will

suspend him

Sir

- Yes Dhruva

A video of Siddharth killing Irfans brother, Abbas has

come out as evidence. I heard this from an informer

I will get that evidence by tonight. I have more evidence

against Siddharth

I need the support and formalities to arrest Siddharth sir

What? You want to arrest Siddharth Abhimanyu?

He's a scientist and on top of that a ministers son

Looks like you haven't heard the latest news

His own party is against him. If you don't believe me

you can check

- Are you sure?

Yes sir

Sir ACP Dhruva came to me with evidence against

Siddharth

He is telling me if the evidence is strong then take action

immediately

The CM wants you to meet him tonight with the evidence

- Sure sir

I'll get ready for the meeting

How did this happen? Abbas... Abbas

Irfan

- Sir, he killed me brother

I told you he would kill your brother

Tell me where he is I will kill him

- I'll take care of that but you need to do something first

Tell me sir

Kill my dad

You want me to kill your dad?

- He is going to drag us down with him. call me after

he is dead

Ok sir

Sir as you wished my driver killed your dad while coming

back from the hospital

Is he really dead? Have you checked?

- In front of my eyes he died

Namaste sir

What's the point in feeling bad now? You should have thought

about it earlier

Why did you do this to my dad sir?

- If I didn't you want me to laugh with him?

You want me to just sit and watch while he talks like

that? Because he is a party member I suspended him and left

him. If it was up to me I would have taken a bigger action

What's worse than this? You killed him sir?

What? Me killing your dad? Take them outside

- Sir you all heard he threatend in front of you he would

take a bigger action

What are you on about? Why would I kill your dad?

Has your dad really died?

What is this sir? You killed him and are asking if he is

dead? He said two bad things about you. That doesn't mean

you hire a truck and kill him

He burnt up and died.

- If someone said I did it does that mean you believe it?

Not anyone sir, the driver told me it was you

Why would I kill Changalarayadu? I made him an MLA, I made

him a minister. I didn't kill Changalarayadu

I know. I killed him myself

I heard you issued a warrant for my arrest?

- That is the talk from others

If they say it will you allow it? There are 57

representatives under you that are waiting for my word.

what are you going to do?

A warrant!?

- How did you kill your own dad?

Habit

You dont understand? 20 years ago you thought I went to prison for a murder you committed?

Yeah in my anger I hit him against the table

a broken glass piece went into his neck

- that moment the glass went into him I decided to make my dad an MLA

I was fixed on going to jail but without dieing that dog still had some breath left. If he dies what I want would happen. So I killed him

I know how to make things mine. If they do not become mine I also know how to get out of it

What should I do now?

My dads successor should be one of my men. Generic medicine policy should be contracted by me

Anyone who has evidence against me you have to inform me.

You must also solute my dads ashes with a 21 gun shot ceremony

I got elected by the people because I told them I would do good

How can I betray them?

God cannot always do good as well. How much are we then?

My deepest condolences

No matter how many times evil wins, if good wins once that is enough

Positions

20 years ago when I saw you, I feared for this nation.

But 20 years later I saw him and am proud

Our country has the most diabetic patients in the world.

There is a plant in our sea that can cure this. With this it is cheap to create medicines for diabetics

In 6 months this will cure diabetes permanently. This is my hard work but Siddharth took this from me and is trying to sell it to other nations

If this happens then for at least 10 years this medicine will not be found for us

While the drug was in testing phase he sampled it and tried it on new borns. It killed 18 innocent babies

In a few moments they will kill me too

Kamal be careful

This is the only evidence for the crimes he has committed for all the crimes that he is accused of, Abbas has helped

him and this is a video confession

Dheeraj Chandra, Jayanth Suri and Irfan Ali are his allies and they are plundering the country. These are my detailed reports

Yes sir, we checked the reports. Whatever he said is true Mr. Siddharth you need to give an explanation for all these accusations by tomorrow otherwise you will be found guilty And the court issues you to be in jail for today. Mr. Dhruva take charge

Ok sir

Phone

- Excuse me sir

- It's ok

I'll be at the meeting tomorrow 5:30pm

You've arrested him, leave his encounter with us

We will kill him like the dog he is

then we will be in peace. We are not the ones to take revenge. It should be Gautham so lets send him to Gautham

We have also determined the place of his encounter. When you take him to the court tomorrow

instead of going to the court, divert to a different route. We will take care of the rest

Hey Siddharth, shall we talk for a few minutes without this mic, bug or technology?

Looks like the bug disturbed you heaps?

- A lot

Vijay 5 minutes

Let's talk about a deal

- Deal? I like deals

How much do you want? 100 crore?

200 crores?

Two hundred crores?

Whatever medicine you created and killed Akshara for, I have now made the patent rights under her name

In the end Akshara got what she deserved right?

- What she deserves?!

I discovered that formula. She doesn't even know what that formula is

Because she said something you changed the patents? I worked hard and discovered it

I know. She didn't say anything, I made it look like she did.

That medicine was discovered by Siddharth but he is looking to sell it and maximise profits for himself

I told him it is not correct. I argued with him. But he said I worked hard so it is my choice

I edited it from your discovery to her discovery

You discovered the formula but I made it look like she discovered the formula

Played Smartly. From what I have, you havent even taken 0.00001 percent

I don't think you understand your situation at the moment Siddharth.

Destroying a person in 8 ways and I destroyed you Keerthi, morality, money, power everything I have destroyed. Attack of the eight factions

All the reputation you earnt has gone with the trick I played in the Akshara clip that is number one. Have a look

He doesn't see women as equals. That idiot. He should die.

- If I see him I will hit him with my broom

I changed the patent rights and in the future you won't be recognized as a scientist. That is number 2

He is not a scientist. He is a bastard!

- He should have his certifications taken away

Everyone that was under your control from the MLA's to CM is no longer in your support. This is number 3. Power

Because he was sitting next to me at a function I casually talked to him. But do not connect me with him I do not want to associate with him.

This kind of guys should have as many cases against him as possible and put him in jail

Number 4, emotion. You wrongly made Preethi fall in love with you. I told her the truth and made her distant from you

Number 5. Your arrogance. No matter how many crimes you commit you were not scared. But with my first attack I made you scared.

You were scared. That is why you put a bug in me. You were scared of what I would do so you started following me.

Oh yea, what did you say before?

Two hundred crore? If you ask for ten rupees I need to sign approval

All your national and international accounts are frozen.

This is 6. Money.

If I suffocate you a little your smartness will be gone and you don't even know what you are doing and made a very big mistake.

That is number 7. Morality

"Sir as you wished my driver killed your dad on his way back from the hospital"

"Is he dead? Have you checked?"

- "confirmed. In front of my eyes he died"

In the 21 gun salute ceremony, you were wishing the ashes. Do you know whos they were? It was my friend IPS Gautham

Everybody there knew this was the case except you Monsters like you with past, present and future I have made sure you have none of it and cleansed the world of you

and now you're not even worth a hundred rupees

Now you are not even 0.00001 percent. You are zero

What is number eight? Is it death?

How did you design that?

Who am I to decide that? God will decide it. Of course, there are many people outside waiting to kill you because they fear what you will tell about them in court

There is no guarentee you will get to the court safely

But I can get you two life imprisonments instead of death

So you have no option. Except me

So what? Should we talk about that deal now?

I was thinking of killing him too. But I'm telling you now listen to me. He has to live.

What? He has to live?

- He killed Gautham

We chose Siddharth so that if we stop him we can stop hundreds of other criminals but if he stays alive and talks

thousands of criminals are destroyed

He is involved with national and international criminals.

We want them

For that kind of goal Gautham gave his life away.

If we go to kill the guy who killed Gautham then his death would be meaningless

Without thinking whether I am right or wrong please listen to me. Trust me please

This is a bulletproof jacket to save your life

It's really simple Siddharth. Your life and freedom I can give it back

the police department are scared of the biggest criminals but they are scared of you

Because all of their secrets and information are in

your hands

and I need it. Wear this bullet proof vest. Once you go outside my departments best shooter will shoot you but nothing will happen to you

All the people that want to kill you will think you're dead

With the governments support I can place you under witness protection program and keep you safe.

By helping the country and revealing the masks of all those criminals I am giving you this offer. Decision is yours

Give me 5 minutes

- sure

Kanna... How are you?

You made me come with police to save myself from you what will you achieve by killing everyone and being the only one left?

It is only true happiness when you live life together with everyone

If you don't know this then how are you smart?

All this time I listened to what you said. This one time listen to me kanna

As he said wear the vest. Wear the coat kanna

Today CM's, businessmen and crime gangs are worried what will be said in court

Good choice

Ranveer

- Yes Dhruva

Everything as per plan? Take positions

Will this cavilar vest take a sniper bullet?

- Do not worry Siddharth this is a type three ceramic layered vest

- specially for snipers

Let's see

Where he is standing is your mark

Once you get to the spot my sniper will shoot you

- Ranveer

I'm at the vantage point

Why did you not wear the bullet proof jacket?

the vest won't stop my death anyway

Now it's not me that needs the jacket, you need it

Siddharth get up!

Somebody call the ambulance

My love wanted to kill me. My enemy is trying to keep me alive

You played your downfall on me well.
Number 8 is death
Which is to happen no matter what
- Siddharth stay with me. Somebody call the ambulance
Why are you worried? Because I am going to die? or because
I didn't give you the evidence you asked for?
I gave what you asked for. I gave it.
Tell me how I gave it
This is not the right time to talk
- This is the only time I have. Think
Think about it
"it's not me that needs the jacket, you need it"
Bullet proof vest
You are the correct enemy for me. I gave you what you wanted.
Not for the people or the nation but for you... for you
arrests throughout India have begun starting in Andhra.
Businessmen and politicians all have been caught. This is
due to the documents Siddharth Abhimanyu provided
An emotion bigger than this excitement is still memorable
from the news I read
A 16 year old kid was being taken with handcuffs
That day I wondered why and how?
Since he began doing crimes I started analysing the news
Seeing everything that was happening around me should I
keep my mouth shut?
or should I take my finger out of my mouth to try and
solve the problem myself? That question I asked myself then
is the answer for my life today
