# Diana

By Stephen Jeffreys

It is not the horror of landmines  
that is making a headline back home.  
Reports of the Princess'  
romance with Dodi Fayed...  
Speculations fueled by the  
arrival last night...  
Diana, Princess of Wales, has been  
formally separated from her husband,  
Prince Charles for  
nearly three years.

Diana!

- Diana!

- Diana!

Di!

Di!

- Diana, this way!

- Over here!

Over here, Di!

Looks like the check's in the post.

This way, Princess.

Over here!

Di!

Are you getting a divorce?

Di, are you getting a divorce?

Di, are you getting a divorce?

Thanks.

It's been a long week,  
you must all be very tired.

Go home.

And thank you.

Where would you like to supper,  
Your Royal Highness?

I don't want anything, everyone  
can go home. Thank you.

So yes I...

I did inflict on myself.

I didn't like myself.

I was ashamed that I couldn't  
cope with the pressures.

So, I just hurt my arms.

So I just hurt my arms  
and my legs.

There were 3 of us in this marriage.

So it's a bit crowded.

The most persistent criticism  
is that as the marriage broke down...  
You were unfaithful  
to your wife.  
That's a persistent criticism, is it?  
That's a persistent criticism, is it?  
And open your eyes.  
Would you like a pin?  
Hmm...  
It keeps coming back.  
That dream I told you about.  
Falling into darkness?  
It's not falling.  
It's being dropped.  
Someone's doing it to me.  
And take a breath.  
I think perhaps you're afraid  
of letting go.  
No.  
I hang on to things,  
like my marriage.  
You're a cancerian.  
You hang on to the idea of love.  
Cause you're so good  
at giving love.  
So you keep on giving.  
The hard part is receiving love.  
But if I can't receive it,  
I'm back where it started.  
And where is that?  
On the doorstep.  
A little girl waiting for  
her mother to return.  
Perhaps that little girl should finally  
stand up and walk into the garden.  
It's been 30 years.  
In your dream,  
who's pushing you?  
It's not the point, Oonagh.  
The point is...  
Will anyone catch me?  
Just use the same...  
Right then.  
I suppose it's too late

to back out now.  
It's fine, Wills. Just take  
care not to shoot any carcass.  
I'll see you next weekend.  
The one after.  
If that's what the palace  
have decided...  
No, it's fine with me.  
As long as you're happy.  
I miss you too.  
I'm at the opera.  
Having a great time.  
I love you.  
Bye, darling.  
There's something coming up.  
A nuclear submarine  
needs to be named.  
I've indicated to the palace  
you might be willing to do it.  
Perhaps you can indicate to the palace  
that I'd like to see my children.  
More than once every 5 weeks.  
The submarine, I think in the current  
situation it'll be sensible.  
A nuclear submarine?  
I want to help people.  
It's still possible  
you might be queen one day.  
Like it or not, you're going to have an  
army and navy who will be helping people...  
- By...  
- Shut up!  
Sorry, Patrick.  
Your Royal Highness,  
there's a call from Oonagh.  
She said it's urgent.  
Excuse me, intensive care?  
- Second floor on the right.  
- Thank you.  
He had a hemorrhage.  
It sometimes happens  
with bypass operations.  
Mrs. Toffollo.  
Doctor.

This is Diana.

Joseph's condition is still  
very serious.

I need your permission to  
take him back this afternoon.

Of course.

Do please look after him.

He is very precious.

He's going to be alright.

Yes.

That man knows what he's doing,  
don't you think?

- Are you going down?

- Yes.

Thanks, I was...

Just think Joseph's so much better.

Mr Toffollo is not on that floor.

Right.

Yes, I got lost and...

You know, went a bit wrong.

Actually, I didn't get lost.

I was snooping.

Hospitals fascinate me.

Are you being serious?

Yes.

When I visit hospitals,

I get excited.

I feel like I can make

a contribution.

Perhaps I can show you around.

I would adore that.

I don't know

how to contact you.

Well, I'm like most people.

I've got a mobile.

Actually, I'm not like most people.

I have 4.

One number would do.

And 11.00 an audience with His Grace,

The Archbishop of Canterbury.

- 13.00...

- Paul!

Lunch with Clyde James.

15.00 briefing here at KP

with doctors from Broadmol.  
On patient therapy.  
Thank you, Paul.  
And one last thing, ma'am.  
There's been a rumor,  
you've done an interview with BBC.  
Yes, don't worry about that,  
Patrick.  
Everything will be alright.  
This is the Reginald Wilson Ward,  
retains private rooms.  
The NHS is on this side.  
Basically we're about 50/50.  
Is your father a doctor?  
No, he runs the family business.  
He plants bottles.  
But I do have an uncle  
who's a heart surgeon.  
So you followed him.  
I follow no one.  
But yes, I admit.  
My uncle did help  
to set me on my path.  
Family can be useful.  
And bloody irritating.  
Perhaps I've been luckier with  
my family than you have.  
I don't know.  
I've got two families.  
How lucky is that?  
This is pretty much  
state of the art.  
How long a heart operation  
go on?  
Sometimes 8 to 9 hours.  
God, how do you keep going?  
You reach a place inside yourself  
where time has no meaning.  
You don't perform the operation...  
The operation performs you.  
I'd love to feel that.  
And when it's over...  
Reality is a bit flat.  
And you're very tired.

I bet.

This is the on-call accommodation.

You just crash here?

What do you eat?

There's a canteen on the ground floor, but it's not open late.

You can always pop around the corner for supper with me.

I'm serious.

The palace,

we stay open very late.

Sonya, are you sure this is the right stuff?

He's a heart surgeon, right?

He'd be a healthy eater.

I've got this.

Aren't they harder to cook?

You boil and drain, 8 minutes.

I'll do everything else, you just stuff it in the microwave.

Are you sure he's not married or something?

No, I've checked him out.

So what is it that you like about this man?

He doesn't treat me like a princess.

It's almost as if he doesn't know who I am.

Maybe he doesn't.

He might be very badly informed.

Can we be of an assistance, sir?

Yes.

Cheers.

Are you working tomorrow?

Not at the hospital.

I'm writing a paper from Monday morning, it's part of my thesis.

I have to be home by midnight.

How do you relax?

Doing such a stressful job?

I listen to jazz.

I'm not sure I like jazz.

You should go to Ronny Scott's.

I can't just go places,  
you know.  
It's not the same  
listening to records.  
Jazz is in the moment.  
You have to be there, it's improvise.  
Just like life.  
My life is completely  
regimented.  
You mean you're told where to go  
and who to shake hands with?  
Exactly.  
But within that framework,  
you improvise.  
You look at someone for a clue  
as how to start a conversation.  
And you let it flow from there.  
You improvise all the time.  
And if you can improvise...  
You like jazz.  
I've got to check  
on the supper.  
- Pretty hot stuff, eh?  
- What?  
You in the kitchen.  
Yes, hot stuff.  
You can say that.  
Hot stuff...  
So hearts can't actually  
be broken?  
A heart can receive a shock  
so violence it never recovers.  
Yes, but can they actually break?  
My colleagues might disagree...  
But I believe for instance that  
Maria Carlos died of a broken heart.  
You don't like my food.  
No.  
No, it's lovely.  
You're obviously very good.  
Come on.  
What kind of food  
do you really like?  
You couldn't make me

a hamburger, could you?  
I'm not sure you can  
actually make hamburgers.  
Oh dear.  
I could send out for one.  
Very good.  
Yes, I can see.  
Do you mind?  
No.  
I bet you give your  
patients lectures about that.  
- About what?  
- Smoking.  
Of course.  
But you don't lecture yourself.  
I'm not the patient,  
I'm the doctor.  
You still have to look  
after yourself.  
Tonight you turned down a  
healthy supper for fast food.  
You've drunk a fair amount of wine  
and now you're smoking.  
Is there anymore wine?  
Or have we run out?  
This is a palace,  
we don't run out.  
I didn't think  
you'd have a television.  
Of course, I love telly.  
What do you watch?  
Everything.  
Series and stuff.  
My favorite is Casualty.  
It was on tonight, so I videod it.  
What?  
They're defending too deep.  
Really?  
Come on, push up!  
Push up!  
See, that's what happens.  
You can't give Liverpool that much space  
to plan, they'll walk right through you.  
Who are the blue ones?

I don't think I should drive home.  
Well, the tube is still running.  
But if I leave my car here,  
it'll be sold for scrap.  
I was joking.  
I already called for a driver.  
The service here  
is rather good.  
We should really have horsedrawn  
carriages at the ready.  
The full Windsor experience.  
I'm used to horsedrawn carriages.  
I were driven to school in them.  
- Pakistan?  
- Yes.  
Freezing cold,  
huddled under blankets.  
My friends and I, we would breathe the  
cold air out and pretend we were smoking.  
That's where the bad  
habits started.  
I don't have any bad habits.  
How do I get out?  
The paratroopers are waiting  
for you outside.  
They drag you to the tower of London.  
Where the Prince of Wales will  
personally interrogate you.  
With his favorite set up of  
medieval torturing lines.  
Yes.  
Yes, I was going to ask  
about him.  
Don't you read the papers?  
Not those bits, sorry.  
I'm glad somebody doesn't.  
Charles and I  
live separate lives.  
So it's alright me coming here?  
More than alright.  
I'll call you soon,  
if you like.  
Yes.  
Yes, I would like that.

Good night.  
Good night.  
Wonderful cooking.  
There's no one theme  
called jazz, right?  
So when he says he likes jazz...  
That's like saying,  
I like food.  
People who like different kinds  
of jazz come to blows.  
It's very weird,  
from an intense young man.  
He's so young.  
Right, so.  
Choose something, anything.  
Good, yeah.  
Stick it on.  
You have to sit and listen.  
You can't chatter through it,  
they're very hard on that.  
Sit.  
Sit and listen.  
Diana.  
Surprise.  
What are you doing here?  
I couldn't sleep.  
I thought I'd come to see  
if I could help.  
It's wonderful to see you, but  
I don't think that's a good idea.  
Right.  
So bugger off, basically.  
In the nicest possible way.  
That's alright,  
I'm good at that.  
Had a lot of practice.  
It's been mad in here.  
I was actually going  
to call you tomorrow.  
Stop it.  
Diana, just...  
You can't do this to me.  
Just one more, seriously.  
I know you.

News of the World.  
You've got a good memory.  
Yes, I remember the ones  
I don't like.  
And I don't do them many favors.  
Clive, I'll call you back.  
Clive, it's Diana.  
This is out of order.  
I come here to visit the  
terminally ill...  
People who need to someone  
to sit with them through the night.  
Yes, and I'm allow to do this  
in privacy.  
No there isn't going  
to be a divorce.  
Will you please  
follow the rules?  
Good.  
It's official, no more pictures.  
Good night.  
Shit.  
I do a job that requires me  
to be very focus.  
It's not going to be possible  
for you and I to go out together.  
To a restaurant anywhere, there would be  
millions of people swarming all over us.  
That maybe your life,  
but it can't be mine.  
That's pretty clear, then.  
I'm sorry,  
I think you're wonderful.  
If there was a way.  
I'd take it.  
Yes?  
Do I know you?  
I'm the girl you're  
gonna ask on a date.  
Beautiful.  
Gorgeous.  
You should have been  
here last week.  
Somebody should have been here

last week.  
We had bouncers on the door  
throwing people in.  
The boy turned up with 25 people,  
We offered him a partnership.  
Is the fucking mike on?  
Thank you, madam.  
It's always nice to meet someone who's been  
allowed out of the dark for the first time.  
But, now I'm delighted to introduce  
a young act...  
That's been making a big impression  
on the London scene.  
The Dwayne Johnson Quartet.  
Hello?  
Where are you?  
Don't apologize.  
Saving lives is a bit  
more important.  
You know how to show a girl  
a good time.  
Listen, Hasnat.  
I'd love to do that, but...  
The next few days are going to  
be a little bit tricky.  
No, I cant...  
Just, watch your TV.  
Thank you, sir.  
Cheers.  
Yes, I did inflict upon myself.  
I didn't like myself.  
I was ashamed that I couldn't  
cope with the pressures.  
What did you actually do?  
I just hurt my arms  
and my legs.  
Do you think Mrs Parker Bowles was a  
factor in the break down of your marriage?  
Well, there were 3 of us  
in this marriage.  
So it's a bit crowded.  
What evidence that you have that...  
Their relationship  
is continuing?

Although you were married?  
By the change in behavioral  
pattern in my husband...  
For all sort of reasons that  
a woman's instinct produces.  
You just know.  
Do you think  
you will ever be queen?  
I'd like to be queen of  
people's hearts.  
In people's hearts.  
And I don't see myself as  
being queen of this country.  
I don't think many people  
want me to be queen.  
Because they've decided that...  
I'm a non starter.  
Why do you think  
they've decided that?  
Because I do things differently.  
Cause I don't go by rule book.  
Cause I lead from the heart...  
Not the head, and all be it, that's  
what got me into trouble in my work.  
I understand that, but...  
Someone's gotta go out there  
and love people and show it.  
I sit here with hope  
cause there's a future I heard.  
A future for my husband,  
a future for myself.  
And the future for the monarchy.  
Your Royal Highness, thank you.  
That's not good, right?  
I suppose it does.  
So, what have we got?  
These are the transcripts of the  
LBC early morning phone-in.  
The women are very strong for you.  
The men about 50/50.  
Yes, I've analyzed the TV pundits,  
and that transcara...  
Please.  
Good morning, Patrick.

I suggest you show the  
tape to a lawyer.  
I offered to open up a formal  
dialogue, with Buck house.  
I begged you to give me  
a preview so we could  
build some firewall before  
the shelling began.  
You keep telling me everything's  
going to be alright.  
But it's not alright,  
it's all wrong.  
I've been trying to reopen doors  
and you've shut them.  
Personally, I have been place  
in an invidious position.  
I have no alternative but  
to offer my resignation.  
And since I haven't the faintest idea how  
to manage this that you have created...  
I would like that resignation to  
have an immediate effect.  
Well Patrick, you've been a rock.  
What will you do?  
Get a new rock.  
Hello?  
Yes, tell me what you thought.  
I see.  
Sonya, so what do you think?  
I'll call you back later.  
Everyone thinks I screwed up.  
I had to hit back.  
Hitting back is a short term tactic,  
what was your strategy?  
I don't think I do strategy.  
If your intention was to avoid a  
divorce, you've achieved the opposite.  
My parents divorced.  
I made a vow to myself never put  
my children through the same thing.  
So why would you do something  
so drastic?  
My boys need to see me happy.  
It's time.

I have to move on.  
So you didn't screw up.  
Because now you'll be free.  
Here, cover yourself  
with this blanket.  
And lie down in the back.  
That way the security guards don't  
know more about my life than I do.  
You've done this before?  
Mind your own business.  
Suspension's very low.  
Explosive device?  
Nah, too bulky.  
Looking about 8 kilos there.  
That'll be a Pakistani  
heart surgeon then.  
I think we fooled them.  
Were you alright in there?  
Breathing was impossible.  
Come on, that's just a detail.  
I love feeling your hand there.  
That day when I first saw you.  
So powerful.  
Don't think I've been so  
strucked by someone.  
What do you mean?  
It's like...  
Nothing could distract you.  
You're just doing your job  
without any sense of self.  
I'm a doctor.  
Yes, I know but...  
I can see how much love  
you put into it.  
Love is a garden.  
If you can't smell the fragrance,  
don't come into the garden of love.  
- Who said that?  
- Rumi.  
Persian poet.  
13th century.  
Garden of love.  
I like that.  
One year later.

What happened here?

She stepped on a mine.

She was pregnant.

Did she lose the baby?

Yes.

Cause of that problem.

She's Alena.

How old is she?

Seven.

She went out to fetch water

and stood on a landmine.

Her intestines were blown out  
of her body.

Ma'am...

A government minister at home  
reported you a loose cannon,  
for supporting this campaign.

Do you have any reaction?

I'm merely trying to highlight a problem  
that's going on all around the world.

It's been said though that you're aligning  
yourself with labor party policy.

Do you think that's wise?

Labor? I don't know what...

I don't know what  
you're talking about.

This is a humanitarian mission.

It's enough to make me burst  
into tears that...

Who said I'm a loose cannon?

Mr Wonderful, come in.

Mr Wonderful,  
this is Diana calling.

My darling, they're attacking you.

Somebody in the house  
is calling you...

A loose cannon, yes I know.

But did they print the pictures of the kids  
with all their arms and legs blown off?

No, they're making it looked  
like a routine hospital visit.

Bastards.

What shall I do?

Use your power.

You're the most famous woman  
in the world.  
You don't have to follow Royal Family  
Rules anymore. You're divorced.  
So think differently,  
improvise.  
Alright.  
Improvise.  
Clear.  
I have to do this by myself.  
If I go with you, it gives  
them a chance to belittle me.  
Okay, keep to the path,  
no veering left or right.  
Yeah?  
Alright.  
Good luck.  
What's all the fuss?  
They did this field already.  
An family worker was killed  
three months ago.  
Three weeks ago...  
That walk would've been impossible.  
I'd been blown up many times over.  
Soon, all this land  
can be farmed again.  
And children play in the fields.  
But clearance is a lengthy  
and hazzardous process.  
Humanity's only defense  
against landmines.  
Is to stop manufacturing...  
Thank you.  
Something's coming, fellas.  
Is it?  
Thank you Charlie.  
God, I miss you so much.  
My beautiful...  
I'm so proud of you.  
You did it.  
It's all down to you.  
No.  
Why do smokers always smoke  
after sex?

After the greatest pleasure  
in life...  
It's only natural to reach out  
for the second greatest.  
You should give up, you of  
all people should know that.  
Some people are exempt.  
Bollocks.  
Some people lead a charmed  
life, and I'm one of them.  
Walter Walt 22 carats bollocks.  
And I lead a charmed life.  
No, I'm an expert  
and you're not.  
I'm an expert on everything.  
I know about fashion, polo,  
criminal psychology,  
the internal  
combustion engine...  
Rubbish.  
It's all part of my job.  
Embroidery...  
Nuclear submarines...  
Not an A level to my name,  
and I'm... What's that word...  
I'm an om... omnipast?  
Omniscient?  
Yes, I even knew that.  
I've seen and done everything,  
much more than you.  
You're just a specialist,  
and I'm...  
What's that word?  
Shut up.  
Multiple choice,  
is it dilettante, polymath...  
Or ectomorph?  
You're laughing at me.  
You can't even speak proper English.  
I don't have to,  
I'm not English.  
You're so smug.  
All you know about is football  
and jazz.

And...  
Saving people's lives.  
Saving lives.  
That wasn't on your list,  
Miss polymath.  
I knew it was polymath.  
Saving people's lives.  
Just delight to see that?  
D- Vib tabules.  
Charge.  
Shoot.  
Alright, everyone.  
Close them up.  
Thank you.  
Once again we are champions.  
Your patient today.  
How bad was he?  
He would've died tomorrow.  
Or maybe the day after.  
Now he'll have another 10 years.  
You have power over death.  
A doctor's triumphs are only temporary.  
I learn that from Victor Chang.  
The man you studied under  
in Sidney?  
Yes.  
He treated the whole patient, and  
without any ego with love, as you said.  
So what happened to him?  
6 years ago he was ambushed for  
money on his way to work.  
He refused to pay, so the guy  
shot Victor twice in the head.  
Where you are,  
death will find you.  
Even if you're in a house  
built up strong and whole.  
That's from the Qur-an.  
I studied Islam  
a few years ago.  
When I was preparing for a trip  
to Pakistan.  
See? I was getting ready for you  
before I even knew you.

Whose car is this?  
My butler's.  
- What's your butler driving?  
- My Audi.  
Lucky butler.  
Where are we going?  
To the very edge  
of the kingdom.  
Come on.  
Look at this.  
Now, be careful.  
You brought me to the end  
of the world.  
I'm going to Australia.  
Why are you running away from me?  
Victor Chang Institute  
is doing a fund raiser.  
I'm making the keynote speech.  
You're doing this for me.  
For us.  
The world is ours,  
this world and the world beyond.  
I never think about  
the world beyond.  
You sleep with a Qur-an  
at your bed side.  
Habit, hardly ever read it.  
I know you do.  
Islam is very important to me.  
To me it means, the constant  
rafimation of one's character.  
I believe in that.  
I've been reforming my character  
since I was seven.  
It's finally getting me somewhere.  
Your divorce has put things  
on a different footing.  
You mean with your family?  
Yes, a barrier has come down.  
Well, barriers coming down is good.  
Last one back to the car  
is a squash tomato.  
- Look.  
- What?

It has been said...  
That for evil to triumph...  
Good men must do nothing.  
Tonight, we give heartfelt thanks...  
At a good man.  
Dr Victor Chang.  
Did a great deal.  
And of that...  
We can all be thankful.  
As we look forward...  
To the future.  
Nice one.  
What are we gonna do?  
Our objective is to protect Hasnat.  
So we rubbish the story.  
But they'll find out eventually.  
Well, we're buying time.  
That's what we need, isn't it?  
Talk about putting 2 and 2 together,  
and making 5.  
Not a word, not a word of truth.  
Officially, I'm furious.  
It's upsetting for Wills and Harry.  
Unofficially?  
Well, to be honest.  
Richard, we're laughing  
ourselves silly over this.  
For God sake.  
What do I look like?  
One minute everyone's pointing at me because  
I'm sleeping with the Princess of Wales.  
Next thing she denies it,  
and I'm the hospital joke.  
I was just trying to protect you.  
Protect?  
I knew you'd be upset,  
that's why we rubbish the story.  
Rubbish?  
Yes, good choice of words.  
That's exactly what I felt like.  
You can't object to being on  
the front pages and then...  
Complain when I protect you from  
looking like Cassanova.

You've blown our cover.  
It can be dealt with,  
I'm good at handling the press.  
Oh, magnificent.  
Now I'm clear on what you want.  
How could it not had been clear?  
I am a surgeon!  
I can't work with paparazzi  
sticking their cameras in my face.  
If you had to put up  
what I have to put up with...  
Exactly,  
I don't have to put up with it.  
And I don't want to put up with it.  
So what are you saying?  
I'm saying there's no future.  
The way your life is,  
the way my life is.  
It's pointless.  
Hallo, Dr Khan?  
How did you get this number?  
We would like to visit you  
at the office tomorrow.  
How did you get this number?  
Can you give me some...  
Sonya, it's me.  
I'm sorry, I know it's 3.30  
in the morning, but...  
Can you talk?  
I'll never be happy again.  
It's the end,  
I just know it is.  
I know it isn't.  
You haven't gone this far  
for nothing.  
Nobody goes this far  
for nothing.  
Come...  
Good morning, may I speak  
to Hasnat Khan please?  
He's in the Cardiac Surgical Unit.  
Please hold.  
Yes I'll hold.  
I'm sorry,

Dr Khan's not available.  
He's not available?  
What do you mean he's not in?  
He's in but not available?  
Morning, love. Can I have a word  
with Dr. Hasnat Khan, please?  
He's in the Surgical Unit.  
He's very busy now.  
Yes, but it's rather urgent.  
My name's Rita.  
Rita Johnson.  
Hasnat, it's me.  
Hasnat!  
Hasnat!  
Hasnat!  
I want to say this.  
Yes, I've been a mad bitch.  
Yes, I've been a stalker,  
and yes most of all...  
I put on a crummy Liverpool accent  
just to get your attention.  
But, I was provoked.  
I don't know what to say if I  
upset you, that was because...  
I don't know,  
I was trying to celebrate you...  
And protect you at the same time.  
Those two things got confused.  
But...  
I think I have a right to be confuse when  
I'm up against a gorgeous creature like you.  
Plus...  
I'm a Princess.  
And I get what I want.  
The people have spoken.  
I like the way Blair walks,  
like he's crossing a bridge.  
He's what this country needs.  
Yes it is.  
But I think we need to  
think about beyond this country.  
My work is here.  
Well, all you need to do  
is finish your PhD and then...

We could pretty much live anywhere.

- People...

- People have hearts everywhere.

- Yes, they do.

- Hearts that need repairing?

Exactly.

America...

Australia.

See my point?

If I could just get the boys away  
from here for some of the time...

Somewhere warm.

There's been a communication  
from my family.

Saying what?

Saying "you are 36, this is beyond the  
age when you're expected to marry".

Haven't you escaped all that?

The press coverage stirs things up.

The Phatan men is expected to marry a  
woman who will run an extended household.

A woman who will live with her  
husband's mother and family.

Someone from within the clan.

And what about you?

What are your feelings?

I want to save people's lives.

Hasnat, I asked about your feelings.

I love you.

But do you want us to be together  
in spite all of our problems?

Do you want to make this work?

Yes.

I do.

Then it's time

I meet your family.

Are you serious?

Uh um...

I think I should go there, and they  
can get a good look of how I really am.

Okay, then we'll go out there together.

Hasnat, we can't go together.

We'll be on the front page of  
every newspaper in the world.

I'll go alone.  
Doesn't matter how much you've  
charmed the rest of his family...  
But mother is the only  
one that counts.  
She's the key.  
Tough nut to crack.  
She's an educated woman.  
From a generation where such  
a thing is rare.  
I would say two things.  
Don't try to impress her.  
And don't imply you're as close to  
her son as you're obviously are.  
Diana, I'd like to introduce  
you to Hasnat's father, Rashid.  
- Welcome, my dear.  
- Hello.  
Now then, Diana...  
How good are you with names?  
Diana, this is Hasnat's mother,  
Naheed.  
Lovely to meet you.  
Thank you.  
Sir Cyril Radcliffe.  
An Englishman by that name?  
Is given 5 weeks to decide the  
fate of 90 million people.  
And who advises it?  
Mountbatten.  
Your former husband's  
favorite uncle.  
Muslims go one way,  
Hindus the other.  
6 billion people crossed  
the new border.  
Inevitably, there are crashes  
and massacres.  
One million people die.  
I was 16.  
And I can't forget that.  
I'm sorry.  
Yes, the English always say  
sorry so beautifully.

It's a power cut.

Come on Diana...

Ready?

That was fun.

Diana, I want you to meet Hasnat's  
grandmother, Nanny Appa.

Hello.

She says that you are  
a young lioness.

You must forgive me.

I can't help saying my piece  
about the British.

Now everyone please,  
try very hard to relax.

Say cheese.

Cheese!

God, it was magical. It was like a dream  
of how life should really be, children and...

Grown up and grandparents living  
together, one big family.

You know what your grandmother  
called me?

A young lioness.

She's right, as always.

Perhaps that's the future.

Being lions?

No.

Living abroad.

But that's impossible.

My work, your boys.

Yes I know, my boys.

But...

Anything's possible, isn't it?

We just have to make it possible.

Yes.

Yes?

Yes.

Yes?

Yes.

All of us, if we're lucky,  
grow old.

But in the future, old people will make a  
much larger percentage of the population.

The old, and that will include me,

will be weak.

But we won't be ware. This will be  
the final battles of our lives.  
And we must fight them, by establishing a  
habit of respect for the older generation.  
And by keeping our own skills fresh,  
so that when we're in our 90s...  
We can still be active contributing  
members of our communities and families.  
Thank you.

Bravo.

Bravo...

- Professor.

- Please, call me Christian.

Christian.

Diana.

I want to tell you something  
confidential.

I'm very good at keeping secret  
except my own.

I'm in love with a heart surgeon.

He's still finishing  
his PhD, but...

I believe he's a man of genius.

What's his training?

He was a favorite pupil  
of Victor Chang.

He's now with Professor Yaku.

That's some reference.

I want to marry him.

But, he's a very private man.

We can't cope with England, so...

I'm thinking seriously  
about living abroad.

You want me to find him a job.

Yes.

It was my son, William...

Who suggested I should clear a  
load of clothes out of my closet.

And give the proceeds to the  
AIDS Crisis Trust Charity.

I hope you've all remembered your  
check books for the garage sale.

Sorry, auction.

And maybe some big laundry bags.  
So you can carry your clothes home.  
Now, I'm not gonna stay and  
watch here and embarrassed you.  
But please, be generous.  
Because there are so many people  
who need you...  
To be generous.  
Thank you.  
Hello?  
This is Diana,  
we've just landed.  
So tell me, how did it go?  
What?  
\$5,5 million?  
Yes!  
A written request for my CV from the  
world's most famous heart surgeon.  
To go with my job application.  
There's been a slight mistake.  
Did I apply for a job  
in Boston?  
Funny I don't remember it.  
Things have got ahead  
of themselves.  
Funnier still, I actually  
seemed to have got the job.  
We talked about living abroad.  
But we weren't really talking  
about living abroad.  
You're a wonderful doctor...  
I was simply using  
my connection.  
I don't want anything from you.  
I've worked long and hard  
to get myself a life...  
Don't go and reorganize it  
without asking.  
I was trying to find a way  
for us to be together...  
Someone has to do something.  
If you don't understand  
how I feel about my work...  
How can we be together?

Yes?

Boss, I don't know if you want this.

But...

They're not so bad,  
your security.

At least they've stopped  
making jokes about my car.

Thank you, Paul.

The big one supports Queen's  
parkranger, I never met anyone...

Who genuinely supported it.

Hasnat!

I can't seem to live  
without you.

And yet the complications of trying to find  
some way of actually living with you...

Is just beyond me.

But that's nothing.

You were trying to find your way.

I'm so sorry.

Good afternoon,

Queen's park rangers.

Sir...

Hasnat, Asslamualaikum.

Walaikumsalam.

Hasnat, we're all very proud  
of your achievement.

You're a brilliant doctor.

Shining light.

What did the family think  
of Diana?

The family loves Diana.

But it's a big question.

Should the most famous woman in  
the world become part of our family?

And what's the answer?

Hasnat, you've been blessed  
twice by God.

You have your calling as a doctor.

And a wonderful girlfriend.

But is it possible to have both?

I've known you since  
you were a child.

You're a private person.

Do you really think you can work as a doctor  
when you are so much in the public eye?  
On the other hand,  
if you were to marry Diana...  
It'll be a great thing for Pakistan,  
the whole Muslim world.  
What did my mother think?  
Your mother would never  
give her approval.  
Diana is a divorced woman  
and a Christian.  
In a long journey of life, from time  
to time, we come to a fork in the book.  
Hasnat, it is time for you  
to choose.  
You're making it sound so simple,.  
Life is simple.  
I love her so much.  
See you in 4 weeks!  
Bye mom!  
This must be the only park  
we haven't visited in London.  
We've done all the others.  
Well, clockwise  
or anti-clockwise?  
I don't mind.  
Long day.  
It was hard in the hospital.  
It gets dangerous.  
Dodging the food trolleys trying to finish  
their rounds before the ice cream melts.  
There's just one thing.  
I know we could find a way.  
So my trip to Lahore was a  
failure, I didn't win them over.  
It's not to do with winning  
them over, you can win anyone over.  
But your family don't want  
me to be your wife.  
That's no surprise.  
I've never once been accepted by a family,  
not my own, the one I married into...  
When I think of the word,  
I shudder.

My family haven't said that.  
But your mother won't give us  
her blessing.  
That dream that you had,  
sitting in a compound in a hall.  
Surrounded by children  
is impossible.  
Why?  
Because if I marry you...  
I have to marry the  
whole word as well.  
We can't simply be  
a man and a woman.  
But you must have known that  
from the start.  
When you fall in love, you just  
keep going despite the warning lights.  
So now you've had the best of what's  
on offer, you're just gonna clear off.  
That's not true.  
I've struggled to see how I could marry  
the most famous woman in the world.  
But I'll be giving up the  
very thing that defines me.  
I want to make it work.  
I can't stop loving you.  
They always say that  
when they're saying goodbye.  
I'm not saying goodbye.  
Expect Charles,  
I give him that.  
Don't bring him into it.  
Why not?  
You belong with him now.  
You're on the list, labelled  
"the past".  
Aren't you?  
I don't want to see it  
like that.  
Then why call me in the middle  
of the night, to this...  
God forsaken park...  
To get me my marching orders?  
It's a bit dramatic.

Dramatic?

Dramatic? My whole life has  
been dramatic.

It's been full of the sound of  
people shutting doors on me.

You say you love me,  
you'll always love me...

There's about 5 billion people on  
this planet who can say that.

But is there one...

Who can stay with me?

Is this fucking mike on?

I'm not saying it's over.

Yes you are,

you just can't say it.

I'm not saying it's the end.

Have the courage, go on say it!

I'm not saying it's the end.

Yes, it is!

Okay, I'll say it.

It's over!

Don't follow me!

Diana!

Boss, this won't take long.

People aren't happy with the way things  
have been going over the last few weeks.

Members of your staffs feel  
they've been exposed...

To situations that carry  
with them element of danger.

We'd like you to consider  
strategy.

There's a feeling there's  
no clear direction...

You should...

Also you've received an offer  
from Dodi Fayed.

To join him again.

This time just you.

Say yes.

So where are we going?

Sardinia.

Cala the Vulpe.

Fox Creek.

Very fond of foxes.

Why so?

They're like me.

We've all escaped from  
the Windsors.

Hello...

Jason Fraser, what's happening?

Where are you?

Here.

Where is here?

You know where are the foxes.

Work out, handsome.

Pronto.

I've got something big.

Can you be somewhere this moment?

- Morning.

- Morning.

You sleep well?

What's the matter?

What is she up to?

There's no time to get the  
Americans involved.

Oslo is the last conference,  
before they ought to retreat.

But America's signing will be huge.

There are too many  
sticking point.

There's basically only 3.

Exemption for the border  
between north and south Korea.

A delay in the treaty implementation,  
and the whole smart mines issue.

Smart mines?

They blow themselves up within  
7 years so the land are safe.

It meant redefining  
what a landmine is.

Stop the bus.

Your son?

Please kindly leave the message  
after the beep.

Hasnat it's me.

Hi it's me.

I really want you to call me.

I mean really really.  
Call me.  
Hello...  
Dodi.  
The falling dream  
I still get it.  
But it's different these days.  
How is the dream different?  
Well, I don't know.  
I suppose...  
I suppose it's...  
Something I enjoy now.  
I don't feel the need to  
be caught anymore.  
So maybe it's not falling.  
Maybe it's more like flying.  
When you first came to me, you told  
me your quest was a spiritual one.  
Well, we danced with it  
a few years.  
Now the road is clear.  
Your life is ahead of you.  
With your talent and power...  
You can do anything.  
Does it feel right for you to  
be going on this trip?  
Now that you feel differently.  
I gotta have a bit of fun,  
don't I?  
And the boys are away so...  
You're not going cause  
you feel lonely.  
Oonagh...  
Now that I've been loved...  
I don't feel lonely anymore.  
Yeah.  
Hello, Hunter.  
Where are you?  
Looking right at you.  
Did you get some more shots?  
Oh yeah, plenty.  
Good.  
Well that's enough now.  
I'll see you back in London.

Hi it's me.

I really want you to call me.

I mean really really.

Hi it's me.

I really want you to call me.

I mean really really...

Be ready...

Hello, Paul?

Yes, is he around?

Are you sure?

This is Diana, I can't take your call  
right now please leave a message.

Yes.

We don't know if Lady D  
was dead or not...

And we just know she's there...

In the old tunnel

Place de l'Alma in Paris.

From the poet Rumi...

Somewhere beyond right and  
wrong there is a garden...

I will meet you there.

Somewhere beyond right and  
wrong there is a garden...

I will meet you there.

I will meet you there.
