to the celebration for her newborn

I was busy with an order

Really?

Judging from her body, she's pregnant again

She is?

This village has prospered  
since the paper mill opened  
More and more visitors come here to buy paper  
Welcome, gentlemen  
You sell wine?  
You're lucky  
We make our own wine, "Thousand Springs"  
It may be rustic  
But it is as good as old wine  
Give me four pints  
Yes sir.  
Wait!  
Give me eight  
Eight pints of "Thousand Springs"  
Are you martial artists?  
On your way to the county town?  
I must tell you  
A few months ago  
a father and daughter duo of your trade  
passed through here  
They sold me some "Mighty Pills"  
I can attest that  
they were very potent!  
Sir, your wine  
This wine  
is also called "Fragrant Bottle"  
or "Drop at the Door"  
It tastes horrible  
Waiter  
Does this village have a general store?  
Yes  
It's across that way  
We're here for money  
Are you here to buy paper?  
We're here for money  
Do you have a letter of credit?  
We're here  
for the money  
Understood?  
Where's the money?  
Where's the money?  
You out me, idiot

"Robbery convict - Yan Dongsheng"

Your honor

Your honor

Xu, you seem flustered

What's the matter?

I discovered that

one of the dead men

is the top ten wanted criminal

Yan Dongsheng

Your honor must remember

Yan was the mastermind

behind countless heinous crimes

We brought him to justice

After being held for three days

he overpowered us

and escaped

You're saying that this Liu Jinxi

accidentally captured Yan Dongsheng?

Yes

Not only captured

but killed the criminal

Yes

It means the case was solved

in "My" jurisdiction

Good. Excellent!  
Make arrangements for me to meet this hero  
Not only meet  
but also thank him on behalf of the people  
and the county government  
Let's go  
Who is Liu Jinxi?  
Here, sir. Coming  
Countryman  
We've solved the case  
The dead man is  
Yan Dongsheng  
He's the notorious criminal  
responsible for countless murders  
Thanks to our hero  
Liu Jinxi  
Yan was brought to justice  
This is a blessing  
Jinxi wants to eat pears  
To the market he hurries  
here and there  
Time to core and pare the pears  
Quickly Jinxi, eat the pears  
He fights the thief, and peels his skin  
Ayu can't believe what she sees  
Tonight she will reward Jinxi  
Reward Jinxi  
July 1917, the 11th fortnight  
I was sent to Liu Village

**Crime Scene:**

**People involved:**

How could an unarmed paper maker  
defeat a trained killer like Yan Dongsheng?  
Do you know Liu Jinxi?  
Everyone knows everyone in this village  
Has he always lived here?  
Well, no  
No  
He moved here when he married Ayu  
he adopted the clan name, Liu  
His real family name was Gong  
Gong?

Fangzheng was only a few years old  
When his father left  
Ayu married Jinxi and gave birth to Xiaotian  
I once asked Jinxi  
Where are you from?  
He said, Gong Village  
He said he came from a family of butchers  
Butchers?  
Bloodshot eyes  
indicate a brain hemorrhage  
Yan received a heavy blow to the temple  
below which the vagus  
nerve serves a key function  
it regulates the heartbeat  
Traumatizing it can stop the heart  
To damage the Vagus Nerve...  
with a single blow to the temple  
requires extraordinary skills  
Only three fugitives killers are capable

**of such a thing:**

Fang Rishou  
He was once a war hero  
but was later discharged for violent behavior  
Became a gambling addict  
he squandered his fortune  
He set fire to the gambling den  
Dozens were killed  
He vanished afterwards  
Zhao Yiguang, also known as The Eye Collector  
He ambushed the Tai Fen Convoy  
The victims had their eyes gouged...  
and tongues removed  
It took them three days to die  
Bu yuan  
a psychopath famous for his knife skills  
He slit his victims veins  
and drained their blood  
He even threw their heads  
into boiling soup pots  
One afternoon  
he came to the tavern  
Wine, please  
Yes, sir

Sir, what are these?  
What?  
You don't know?  
They're amulets  
On the first day of spring  
men wear them on the left arm  
and women wear them on the right  
to ward off ghosts  
He claimed that  
his village didn't practice the same ritual  
His home village was in Lianzhou  
It left a deep impression on me  
Lianzhou  
Lianzhou have amulets too  
They do  
I hope there's not a problem  
Jinxi is a good man  
Leave it  
I don't like the smell of fish bladder  
Mrs. Tung said there's a potion  
I can take to prevent pregnancy  
It's mercury; it's poison  
It will harm your body  
What if I get pregnant?  
Then we'll have another baby  
You  
seem upset?  
No, I was just thinking  
about the two men that died  
But they were bad men  
Officials said they were going  
to rob a supply convoy nearby  
They were just passing through  
So  
Jinxi, you did good  
The detective may be a bit eccentric  
but he doesn't accept bribes  
so he must be a good man  
We should offer him a meal on the house  
Men are just sacks of stinking fluids  
with no redeeming qualities  
A good man?  
Good or bad, it's determined by our physiology  
The Ren-ying meridian controls hunger

His Ren-ying appears to be overdeveloped  
The short man was a born glutton  
Give me four pints  
Wait... Give me eight  
Wine impaired his Qi,  
A contributing factor to his cardiac arrest  
He died because his Ren-ying  
meridian betrayed him  
As for me  
my weakness is my Shanzhong meridian  
It controls emotions and gives us empathy  
My Shanzhong meridian is overdeveloped  
It makes me too empathetic;  
it almost cost me my life once  
I caught a young man  
who stole from his adoptive parents  
But I send him home  
I put humanity above the law  
I never imagined that he would poison our food  
Both his parents died  
I sustained internal injuries  
That's why I use two needles  
one in the Shanzhong  
to suppress my empathy  
the other in the Tientu  
to control the poison  
I treat my body  
and my personality flaws at the same time  
Since then  
"He" follows me around

**He says:**

you can't trust humanity  
Only physiology and the law don't lie  
It's you  
There's no door  
No need for doors here  
Looking for Jinxi?  
He's not home  
No  
I've come to see you  
I'll make you congee for your cough  
Please don't bother  
It's no trouble at all

No trouble at all  
Last night, the tavern keeper told me that  
Jinxi only joined the clan a few years ago  
His last name  
wasn't Liu originally?  
It was five years ago  
At that time  
I was pregnant with Xiaotian  
I asked for his name to be added  
in the clan records  
That's all  
Well then  
how did you two meet?  
It was a long time ago. I can barely remember  
On that day he was just passing through  
He told me he had a fight with his family  
And he'd run away  
He never talks about his family  
Unresolved conflicts?  
They can be resolved  
Did Jinxi know your former husband?  
No  
Did I...  
Say something wrong?  
That man abandoned us  
just like that  
He said, "I'll see you tonight"  
It turned out  
he'd been planning to leave  
He even took his favourite pillow with him  
He abandoned his wife and child  
Jinxi doesn't need to know  
such a man  
Sometimes  
Jinxi says to me  
I'll see you tonight  
I tell him not to use those words  
Not to say them  
On the subject of his family  
I'm afraid if I asked  
he might just disappear too  
First interrogation of the suspect  
July, 12th fortnight  
Describe your fight with Yan Dongsheng

I think  
it was like this  
I grabbed him like this  
Continue  
I held onto him  
I refused to let go  
then he spun me around  
You used leverage  
against Yan's brutal force  
No wonder Yan couldn't shake you  
How did Yan lose his ear?  
It was chaos  
I think  
the short man came at me  
from behind with a sword  
I ducked of course  
then I heard a scream  
I didn't know what was happening  
Are you saying  
Yes!  
They out one another  
Just like that  
How odd  
How did the short man die?  
I know!  
I saw it  
He ran from here to there  
He flew up there and BANG - he fell  
Then he died  
You let him throw you  
You used your hands to bounce back up  
then summoned Qi energy  
You were ready to kill  
You hit his Yunmen meridian  
It caused a blood clot  
blocking the blood flow  
to the coronary arteries  
resulting in cardiac arrest  
The tall man broke the door?  
And dragged me out here  
He pushed me into the pond  
and tried to drown me  
I fought for my life  
I fought for my life

But I couldn't breathe underwater  
How did Yan die?  
It was you who dragged him into the pond  
Water resistance  
blunted the force of Yan's blows  
A direct blow to the Vagus Nerves  
would either kill the victim  
or leave him paralyzed for life  
It was a vicious blow  
you must have wanted Yan dead  
Liu Jinxi  
What kind of man are you?  
I was lucky  
Thank you for everything  
I'll see you tomorrow  
Tomorrow?  
You have more questions?  
I'll know very soon  
In recognition of Jinxi's heroism  
and contribution to the village  
the village has decided to  
sponsor Fangzheng's college studies  
and county examination fees  
If he does well in the examination  
we'll host a celebration ceremony  
and make all the arrangements  
Ayu  
Will Fangzheng be an adult this year?  
Yes, he's twelve  
After the rites  
he will receive new clothes  
and be considered an adult  
You and your husband have worked hard  
to raise your children  
When they grow up and succeed  
you will be proud parents  
It's the dream of all parents  
Thank you  
The House of Jinxi is surrounded  
by a water of jade  
I foresee a man of prominence  
Impossible!  
You're breathing more heavily than me  
For a martial artist like you

each breath should last at least ten counts

How else could you collect Qi

in your body's core?

Two counts

This can't be

Let me help you

it's heavy, sir!

No need, really

It's alright

It's heavy, sir

Help!

Jinxi, hang on! Don't move!

Help!

Help!

Given his weight and the height he fell

the branches should have broken

by the force of the impact

Density could also be a factor

If he could counter

the momentum of the fall

with an equal upward force

he might stop the fall

But his body is 800 times denser than air

Unless he can shift his body density at will?

He defied gravity with "Qinggong"

Are you alright?

If you hadn't come today

I wouldn't have fallen

It's karma

It was an accident

No

What I mean to say is

the fabric of existence

is composed of a myriad of karmic threads

Nothing exists in and of itself

everything is connected

For example

if I hadn't come to this village

I wouldn't have met Ayu

If her husband hadn't left

I wouldn't have married her?

If I hadn't gone to the store

I wouldn't have seen the criminals

and they wouldn't have died

Then you wouldn't have come here  
No one truly has free will  
When one man sins  
we all share his sin  
We are all accomplices  
Are you saying that a killer  
doesn't have free will when he kills?  
He was conditioned to the act  
And when he kills  
Because we're all part of that sin  
we're all accomplices?  
I wasn't thinking of killers  
I found no proof  
Then leave him alone  
He's a reformed man  
We're not here to reform criminals  
Then what's our purpose?  
To serve the law  
If the law doesn't help reform people  
What good is it?  
A true martial artist can control  
the flow of his Qi and his mental state  
He may appear to be a good man  
but he's still a killer  
Go to Lianzhou and dig around  
Once you get the information  
report back to me  
Baijiu  
Take care of yourself  
Don't forget your condition  
You can't actually fight  
What are you saying?  
He might be a trained killer  
you said so yourself  
You think  
he's going to silence me?  
Just be careful  
Have some more  
Where're your manners? We have a guest  
Have some more  
Have more  
Xu Baijiu  
Where are you from?  
Fuoheng, Chaozhou

It's not far  
I hear your hometown is in Lianzhou?  
It's so far away  
What brought you out here?  
You either love it here  
or hate where you come from  
Yes, I like it here  
Fuheng is close  
You must go home often?  
I hear the weather there is nice  
Well  
Since my father died  
and my mother remarried  
I seldom visit  
But I sometimes get homesick  
I heard that you left home ten years ago  
Don't you ever miss it?  
Ever thought about going back?  
No, I haven't  
Are you telling me that  
Xiaotian's never met his grandfather  
Eat up, the food is getting cold  
Fangzheng said  
that you owned a horse before  
It's rare for most families to own horses  
Don't you think?  
What kind of horse?  
Yes  
I had a horse once  
But my father killed it  
My father saw that I loved my horse  
so he killed it  
and fed me its flesh  
I ate it without knowing  
Then he said  
if I could stomach eating my horse  
I could face anything  
nothing could defeat me  
Would you go back to a place like that?  
Did it taste good?  
Not at all  
It's late  
Yes, it's late  
I could...

have a shower first  
Am I sleeping upstairs?  
I'll find my own way  
Please continue  
After years of killing  
the murderer's face becomes pale  
the eyes turn green  
even the air around the body grows cold  
Why aren't your eyes green?  
Thirsty?  
I'm thirsty  
Sons of the clan  
you've reached the age of adulthood  
From this day forth  
you must dress and conduct yourself as men  
Protect and serve the emperor  
Liu Kaitai  
Liu Fangzheng  
Liu Tianxiang  
With these clothes, you become a man  
Bow  
And again  
Offer incense  
You looked quite moved  
Were you?  
I've always wondered  
why you left home and changed your name  
What happened ten years ago?  
I needed a change  
I caught a young thief once  
I thought he would reform...  
and let him go home  
I never imagined that  
he would poison his own parents  
Tell me  
If he had run away and changed his name  
could he really have changed?  
I don't think so  
I was a convicted murderer  
I was in Lianzhou prison for ten years  
I was originally from Gong Village  
My father was a butcher  
another butcher borrowed money from us...  
but never paid us back

My father said  
men are no different from animals  
But this man is lower than an animal  
because he's greedy  
My father handed me his cleaver  
I hacked the man to death  
I felt nothing  
I suddenly froze  
I heard the man's son crying  
The child was still alive  
He was staring at me  
my father was wrong  
Humans are not animals  
A murder sentence should be  
more than ten years  
There was an amnesty ten years ago  
I knew I had to change  
I had to leave my hometown to live a new life  
I needed to be Liu Jinxi  
I almost succeeded  
Father, the market is open  
Please leave us alone  
Please!  
Father! We need to hurry!  
Xu Baijiu, you should come too!  
I'll be right there  
Hurry!  
Alright  
Let's go  
He's surrounded by an energy field?  
He's radiating Qi energy  
repelling even the flies  
He lied to you  
How could a common butcher develop  
such powerful Qi?  
Take this, I guarantee it won't out him  
You told me it wouldn't out?  
Pine trees are prickly  
Whoever dares to bully Liu Jinxi?  
Now you have to deal with me!  
You frown when you've done wrong  
Each new moon has two prongs  
Xu Baijiu, go away!  
No boat will ferry you along

Your letters will have no name  
Have you no shame?  
I've verified the facts  
There's no Gong Village in Lianzhou  
There were no butchers in Lianzhou  
with a last name Gong  
But ten years ago  
a butcher's family was massacred  
A butcher named Zhang  
borrowed money but didn't repay the loan  
Their flesh was used for savory bun filling  
and distributed to unsuspecting villagers  
The villagers said  
they had never tasted anything so delicious  
You must be familiar with the case  
Are you alright?  
I'm fine, Captain  
You'll get used to it in time  
Listen  
The 72 Demons are the last surviving Tanguts  
They used to be civilized, like us  
But after the massacre of 800,000 Tanguts  
The survivors became savages  
They ate raw meat and left their dead unburied  
Hunger for revenge  
is what keeps them alive  
I guess it's karma  
After this killing  
Tang Long, the second in command, went missing  
Liu Jinxi has lived here  
for exactly  
ten years, hasn't he?  
So he is Tang Long  
You disappeared for 10 years  
but you were never imprisoned  
You Killed the butcher's family  
You're not a butcher's son  
You were the 72 Demons second in command  
I must return to the county  
to get a warrant for his arrest!  
Xu Baijiu, where are you going?  
Are you leaving?  
Yes  
I suppose your work here is done?

You healed quickly  
The doctor said  
you nearly cut a major artery  
That would have killed me  
You were lucky  
Maybe you're lucky?  
I know a shortcut  
Let me lead the way  
Otherwise, you won't make it  
to Feng County by nightfall  
That would be a shame  
Few people know about this path  
I came across it by accident  
Will you close the case after you leave here?  
Yes  
I will  
You don't believe me?  
We part ways here  
Keep going straight  
After an hour  
you'll reach the main road  
Keep walking  
and you'll find Feng County  
What are you waiting for?  
Goodbye, then  
That road did lead to Feng County  
Why didn't he kill me?  
Xu Baijiu  
You've worked for me  
for ten years and still so naive?  
Captain, it's different this time  
I could lend you the men under my command  
but they're just a bunch of cowards and bums  
Hire some outlaws  
but using criminals to stop a criminal  
is playing with fire  
Xu Baijiu  
Just let it go  
Tang Long is not a wanted criminal  
why do you want a warrant?  
The 72 Demons are notorious outlaws  
And Tang Long is their second in command  
Where's the proof?  
Even if you bribe the judge for a warrant

you're risking your life  
I'll report the judge!  
Nonsense!  
How much do you want?  
20 taels of silver  
What?  
Where will I find that?  
I only receive 4 taels a year!  
Business hours are over  
Come back to me  
when you have the money  
I never expected to need help  
from this person:  
My wife  
I'll pay you back  
Is business good?  
I'll burn incense for your father  
Don't bother  
I'm afraid father wouldn't like it  
Before he's passed away...  
he made it clear?  
What about you?  
You still blame me?  
Does it matter?  
Father was wrong to sell fake medicine  
But the medicine  
didn't cost any lives  
He got on his knees  
and begged for your mercy  
you wouldn't let go  
What did it feel like?  
It wasn't up to me  
It's the law  
He was only guilty of selling fake medicine  
he didn't need to kill himself  
I know  
you said it before  
You'll never forgive me  
you still don't understand  
Not forgiving  
you'd have to still care  
Is the law really more important  
than humanity?  
Captain

what has the world come to?  
Whatever the world has become  
you have no choice but to be part of it  
Tsu Kun, where're you taking me?  
Where's my reward?  
Whatever you have to say, tell Master yourself  
Are you saying  
Tang Long is in the village  
that you mentioned?  
Yes  
And  
he has two sons?  
Yes  
One is his  
One is from his wife's previous marriage  
Are you telling me this  
because you think I want information  
about Tang Long?  
Tsu Kun, what's going on?  
Answer me  
You didn't go to the 36 Constellations  
You didn't go to the Black Dragon Gang  
Instead, you came here  
Because you know  
we have a connection with Tang Long  
True?  
No  
Master... it's not  
It's not what you think  
Tsu Kun, help me  
Tsu Kun, help me  
Tell him  
who Tang Long is  
Tang Long...  
is the son of our Master  
You came here with the information  
so that I would kill my own son  
You  
How dare you!  
Tell me  
Should I kill Tang Long?  
Well?  
Should I kill him?  
None of you can match him

None of you can match Tang Long!  
Master wants to  
bring Tang Long back!  
Oma-miba-mihon  
Did you ever work the land?  
I did  
What are they reciting?  
They're praying for souls  
to be released from purgatory  
You see  
when you till the earth  
you can't avoid harming  
the small creatures in it  
Jinxi performed a brave deed  
by killing two criminals  
we make a record of Jinxi's great deed  
Jinxi is a man of integrity  
His bravery and kindness  
are a blessing to us  
and an example for our youth  
We will remember  
and be inspired  
Go down on your knees  
Kneel!  
I am Liu Jinxi  
Liu Jinxi?  
I am Liu Jinxi  
Tell the truth!  
Father!  
Who are you?  
This is a family matter?  
So shut up!  
Shut up!  
Be quiet!  
You deny you're Tang Long  
My house is on fire  
Help!  
I'm not going back  
You know that "He" wants you back  
He won't give up  
You are Tang Long  
You still are  
I'll get you some water  
The chief told us to shelter in the fortress

That's why I'm packing  
I've already packed your belongings  
Good  
What do you mean?  
I can't go with you  
So we're not going either  
We should  
we should leave  
it's useless  
How can you say that?  
Have some water  
Don't say that  
It's too late, do you understand  
Thanks for letting me be Liu Jinxi  
But I'm not Liu Jinxi  
Jinxi  
That day by the pond  
if the woman you met hadn't been me  
Would you have stayed?  
Sir, spare my children  
Kill me if you must! They're innocent  
Sir, I beg you  
Sir  
Please don't  
Sir  
Sir  
Sir  
I'm sorry  
What happened?  
It must be the 72 Demons  
It doesn't look good  
Even if we capture Tang Long  
the Demons might still ambush us  
Nothing will stop them  
we should just let them kill each other  
and return later  
What for, if he's dead?  
He'll receive a death sentence anyway  
Xu Baijiu, what do you really want?  
I must bring him to justice  
You promised never to return?  
Is this Tang Long?  
Tang Long of the 72 Demons  
They will come back

Let's wait nearby  
let them kill each other  
No, we should all stay  
Stay if you want to  
We're leaving  
We'll return for the corpses  
The other day in the forest  
why didn't you kill me?  
You promised never to return  
And you believed me?  
I did  
Ayu told me something

**She said:**

Xu Baijiu is a good man  
He just doesn't know it  
There is no such thing  
Good men don't exist  
The human body is amazing, it can trick you  
I want to use your body to trick them  
Tang Long  
You must die  
There are three stages of death  
the brink, the degeneration  
and the final death  
in the first stage, we appear dead  
Most people will be fooled  
I want you to enter this first stage  
you'll be in a coma  
Most people can't tell the difference  
He's dead?  
But to trick the 72 demons  
you need to enter  
the more dangerous second stage  
When the demons arrive  
I'll press the Vagus Nerve in your neck  
to induce the degeneration stage  
your breathing and pulse will stop  
you'll show no signs of life  
you'll lose all sensation  
You can stay in this condition up  
to 15 minutes  
if I fail to revive you in time  
you will truly be dead!

We're taking Tang Long's body to the court  
Step aside!  
You drove Tang Long to his death!  
Duo-a...  
nuo-zi-die  
The dead will not return  
come back  
come back  
The soul will return...  
The soul will return...  
Which one of you is Tang Long's son?  
Tell me, which one of you is Tang Long's son?  
His name is Xiaotian  
He's four years old  
Tang Long used this hand to kill  
I'm returning this murderous arm to the clan  
I'm done with the 72 Demons  
You choose a woman and a child  
over your own home?  
Our brother Tang Long  
is dead  
Our brother Tang Long is dead!  
Our brother Tang Long is dead!  
You still need to tell the Master  
He's waiting for you at home  
Very nice  
Sing again, grandfather loves it  
Altogether, the thumb,  
index and middle finger  
sing an opera for the little sister  
Grandfather loves to hear children sing  
middle finger,  
sing an opera for the little sister  
Very nice  
You should sing for grandfather every day  
Father  
What happened?  
I'm no longer with the 72 Demons  
Everyone has arrived  
Everyone is here  
When your father was little  
he looked just like me  
especially when he was angry  
My splitting image

Even if he got lost  
people would send him back to me  
Don't you agree?  
Why do you nod?  
Look at him now  
He doesn't look like me anymore  
But my grandson does  
much more than he ever did  
The beans are good  
Xiaotian  
Have some beanie  
Beanie beanie, yummy yummy  
Eat beanie or be skinny  
I didn't tell you to sing  
Beanie beanie, yummy yummy  
Eat beanie or be skinny  
I didn't tell you to sing  
Beanie beanie, yummy yummy  
Eat beanie or be skinny  
I didn't tell you to sing  
I beg you, please  
Please stop, I beg you  
Stop  
Children must do as they're told  
When your father was little  
he hated it when I was away  
Once he stripped the leaves  
from the tree in front of the house  
I asked him what happened  
He said  
I once promised him  
when all the leaves had fallen  
I would return  
That's why he stripped all the leaves off  
Then he said  
the leaves were long gone  
but why were you still not back?  
In the end, I burned the tree down  
I hated it...  
for disappointing my son  
Bastard!  
After that  
Every time I go out  
my son made me take him with me

He said  
Now the tree is gone  
how will you come home?  
I've cut off my arm for you  
We're not related anymore  
I will let you go  
I'm a fair man  
When one leaves  
another takes his place  
Your blood is mine  
His blood is mine too  
Your blood  
It is not the blood of a Tangut anymore!  
Your blood is vile!  
The world has abandoned us Tanguts  
How could you forget?  
How could you raise a family  
like you're one of them?  
You are a traitor?  
There's a needle in his heel  
We need another one!  
You were given to me by God  
But he let you betray me  
Don't blame me  
For killing you!  
This investigation is now closed  
October 1917, 18th fortnight  
Xiaotian  
More rice or more soup?  
Soup  
Eat slowly  
Jinxi  
I'll see you tonight
