# Drug Lord The Legend of Shorty

By Angus MacQueen

It is said that 20 men were sent there  
to build the tunnel.  
He came from Agua Prieta,  
in Sonora in northern Mexico  
Here was created a legend  
Just south of the border with Arizona,  
where all the gringos live  
They enjoy the goods  
we send there in our carriages  
There, south of the border,  
where we dig our tunnels  
popularly known tunnel  
for "Cocaine Alley"  
The best architects  
were involved in the construction  
The man behind the construction  
was a certain Chapo Guzmán  
Sadly for workers  
he paid never charged anyone salary  
Sadly for workers  
he paid never charged anyone salary  
I believe that Chapo Guzmán  
is the world's most dangerous criminal.  
Joaquín Guzmán Loera,  
also known as Chapo Guzmán-  
trying to keep away the  
most persistent police hunt ever.  
Chapo Guzmán has built up  
a powerful empire.  
So far as his drug reaches,  
that far extends his power.  
Joaquín Guzmán,  
known as El Chapo, or Shorty-  
being chased by the police  
in Mexico and the US  
since he escaped from prison in 2001.  
Even so, he has managed to build  
the biggest drug empire ever.  
With the British filmmaker  
Angus MacQueen-  
I have filmed the drug trade  
for over ten years.  
I have witnessed the terrible  
violence that had taken over my continent.

We have ifrgasatt  
everything we have been told about droghandeln-  
so we decided  
to do the impossible.  
We would find El Chapo Guzmn,  
the world's most wanted man.  
We started in Chicago, where El Chapos  
Sinaloakartell has its headquarters.  
He has been appointed  
as public enemy number one.  
The same epithet Al Capone got  
for more than 80 years ago.  
This man has most of the  
Americans never heard of.  
We use the same name  
as at Al Capone on the 1930s.  
It's the second time  
this has been necessary.  
So vicious and powerful  
is this man.  
Just in Chicago has over 90 percent  
of marijuana, cocaine, heroinet-  
methamphetamine and other synthetic  
drugs being sold out on gatorna-  
come here from Sinaolakartellen.  
El Chapo controls the cartel  
as a terrorist group.  
His many distributors in Chicago  
works as individual cells.  
We found a family that imported  
drugs from Mexico for several decades.  
Just like on the movie  
he came in a private aircraft.  
Turn right when you can, soon.  
It's all about family.  
We are still cowboys  
who takes care of our own.  
In principle, all dedicated to the same man.  
Most do it.  
How he manages  
to build up so much power?  
Ask him. I do not know.  
He's smart, a smart little bastard.  
I do not know how he manages to,

but he does it well.  
I take care of the logistics,  
I plan and find solutions.  
I'll get the keys, handles  
supplies... I'll take care of everything.  
It'll go simply to receive  
drug deliveries every day.  
It is not we who set the prices,  
they do.  
That depends on how much people buy,  
it could be several tons.  
The prices vary,  
but they put down there.  
It's like working  
for any business.  
It's the same thing.  
One employee  
to perform its task.  
It asks no questions,  
it takes is a handshake.  
You never know who you work for.  
He may not even exist,  
he might be just a myth.  
You have not been able to find him?  
Not even the world  
ablest officers find him.  
If you search on Google  
you can find him easily  
At the top on the list,  
the enemy number one  
For singletons, a man of rural family  
His mother's name was Consuelo Loera,  
and father Emilio  
His first wife Alejandrina  
gave him three sons - some say five  
Then he found three - or was  
the five - with Griselda Lpez Prez  
His third wife, Miss Sinaloa yourself,  
she called Emma Coronel  
They recently got  
a beautiful pair of twins  
at a hospital in Los Angeles  
I have to go through this.  
Take it easy.

They're everywhere,  
but he's sprlst missing  
He pays millions  
to keep the underworld  
They have offered a reward  
- but too a penalty  
He instills fear and loyalty,  
a real businessman since young years  
Coke in your nose, the strainer in your arm  
He is the people's friend, he eludes law  
prosecutor and fans agree,  
and no contrast  
Chapo Guzmn is a true legend of  
the world's junkies at their feet  
Now it's clear enough,  
you got into everything.  
This, too...  
I started to unravel in Sinaloakartellen  
and had no idea what I was getting into.  
The tentacles  
extending throughout the world.  
It has hubs  
in Chicago and close to Montreal, Canada.  
Containers shipped  
to Hong Kong and then Australia-  
and provides the market where  
200000 kilos of cocaine.  
One kilogram can cost 18000  
in Los Angeles.  
Once in Australia  
profit margin is absolutely huge.  
The power structure is changing,  
but Chapo Guzmn is left as leader.  
Lebanon talks with Belize,  
which in turn talks to the cartel.  
All ingr the same criminal networks.  
This is from a crackdown in Mexico  
City then \$ 200 million were found.  
It woke people up.  
\$ 200 million?  
Yes, enormously.  
In an apartment in Mexico City,  
the walls, closets...  
Unimaginable sums

in US dollars.

Everything was profit at chemicals  
to methamphetamine production.

It acts

like any other undertaking helst-  
with the president, managers,  
Finance Department...

These companies serve tskilliga  
million for the Chapo Guzmn behalf.

You do not end up in Forbes Magazine  
without being a skilled entrepreneur.

We decided to follow the money  
back to Mexico and El Chapo.

We set off against grnsen-  
to find the one  
who we know have met him.

Is the line secure?

-Yes, It is.

I pick up the driver  
at 17 in the morning.

The first time we met El Flaco  
was four years ago.

He violates the smugglers golden  
rule not to use the goods himself.

In 20 years, he has driven the drug to the US  
during the one

they call El senors patronage.

It's El Senior who set the prices.

Some want to set their own prices. They  
say that El Senior can drag ate forest.

They think it's their goods.

But what happens to them?

First, they warned.

They are encouraged to take it easy  
and keep to El senors prices.

Second time they become of the goods.

The third time, they are killed.

El Flaco work

on the violent bakgatorna-  
just some kilometers  
from the border with California.

I have witnessed some

of the thousands of murders that take place here-  
in the battle for the world's

most lucrative smuggling routes.  
An American police officer said he was  
waiting to Tijuana tumbles together-  
all  
El Chapos tunnels under the city.  
El Flaco trust us-  
and tells the cartel  
we're looking for El Chapo.  
We become locked in a garage  
with a car and a lot of methamphetamine.  
A half kilogram of methamphetamine.  
It's clean.  
There should be treated one more time  
to crystallize.  
We'll bet it firmly  
to hide the smell.  
We take a bag to the  
precaution.  
It is worth about 5500 dollars.  
A half-kilo.  
Holy shit...  
\$ 5.500. it can feed many.  
Now junkies take it.  
We're receiving seven packets  
with three half-kilo packages.  
There you go, this will be the last.  
So...  
And then lead plate,  
which protects against x.  
It blocks the gamma ray, too.  
This car I have been lucky with,  
I've had it for six years now.  
There have been  
a lot of laps over the limit.  
It gets around 300 kg a year.  
Now we run over.  
There are many ways across the border  
submarines in the water, aircraft in the sky  
But no catapults or godstg  
'm going up against the tunnels deep in the mire  
Smuggle in the car - in jalapeokonserver  
Smuggle in the air - the whole 30 tons!  
Smuggle at sea -  
the submarine under the water

Or in underground tunnels -  
the genius Guzmán  
As you can see, the tunnel is lit and  
it shows that there is good ventilation.  
The fresh air supply is good.  
Smuggle in the car - in jalapeokonserven  
Smuggle in the air - the whole 30 tons!  
Smuggle at sea -  
the submarine under the water  
Or in underground tunnels  
- that genius Guzmán  
We have somebody at each vergng.  
With money  
can buy anyone.  
Jesus was the only one who was not  
for sale, but him crucified.  
The government protects him,  
he has so much money.  
If the reward is at five million,  
so he offers the double.  
It is better to be loyal  
than being a traitor.  
He has eyes everywhere.  
El Señor is omniscient - that God.  
He sees everything and knows everything.  
El Chapo may not even exist.  
If somebody said he died in Sinaloa for  
for six months then I'd believe it.  
He puts no money  
on to boast and on appear.  
Not at all.  
In Mexico raises El Chapos name  
fear and admiration.  
Let by those who met him  
dare say anything even about his past.  
The only one who had him in handcuffs  
dared invite us.  
El Chapo became known for allmheten-  
in connection with the spectacular  
the murder of the archbishop.  
Were it not for that, he would  
have been a criminal, among others.  
The Cardinal Posadas was murdered  
at the Guadalajara airport, 1993.

It is said that he knew of  
the government's involvement in the cartel.  
El Chapo was at the airport,  
but denies that he killed him.  
Before that felt  
hardly anybody to him.  
He ran out of there after  
the shooting, that was all.  
A reward at 15 million pesos  
or five million dollar  
go to the person who can provide  
information leading to gripande-  
by Joaquin Guzman Loera,  
also called "El Chapo".  
He disappeared in Mexico City.  
He showed up in Puebla,  
but then he disappeared again.  
He went up in the mountains of Chiapas,  
probably in Tuxtla Gutierrez-  
then he disappeared again,  
and appeared in Tapachula.  
He was arrested near a hotel,  
which we were informed.  
From there I picked him  
at the time he stepped off 727 employees  
so moved he did not flinch.  
El Chapo Guzman  
born April 4, 1957 in La Tuna, Sinaloa  
20 years in prison  
El Chapo was shown to the press.  
This is the only film  
that you know are on him.  
He showed no emotion.  
Could not read him,  
he revealed nothing.  
Why did you have?  
-I Did not.  
Why did you leave Guadalajara  
and gave you of Chiapas?  
What?  
Why did you choose Chiapas?  
I was in Guatemala.  
did you get to Chiapas?  
-Guatemala.

You were in Guadalajara, too.  
While he was in jail  
killed many of his rivaler-  
so he had a clear path to the top,  
although he sat behind bars.  
What is it in his personality  
that makes him so powerful?  
No betrayed him  
while he sat inside.  
Instead, he built  
an empire.  
Ten years later he was drug trafficking  
greatest leaders ever.  
Here we have his testimony.  
He has written over  
on every single page.  
El Chapo Guzman.  
For over 14 years, I have a lawyer  
brought the Church talan-  
in the question about the murder  
at the Cardinal Jess Posadas.  
Year 2000 we went there  
to interrogate him.  
The hearing did not take place  
in the usual interrogation room.  
We were referred to  
a private office with VIP service.  
We had got the time  
at 10 o'clock on the morning...  
... but could not start  
until at 23rd  
El Chapo explained quietly  
and sober for us:  
"I've had  
conjugal visit today."  
"After that, I had  
to put me in ngbastun" -  
"to unwind."  
"After that I took  
a short nap" -  
"to be able  
to receive you properly."  
Then I realized that it  
who decided at that stllet-

was El Chapo Guzman.  
He was head of the prison.  
I was worried.  
I was afraid that my frgor-  
'd El Chapo  
to regard me as their enemy.  
Are we crazy trying to find him?  
You seek you into the wolf's den.  
They do not know if you are only nyfikna-  
or if you  
come from some authority.  
You can be spies  
from other cartels.  
Clearly  
that it can cost your life.  
Three journalists I worked employees  
are some of the 60 who were killed here  
last rtiondet.  
Anabel Hernndez  
'm not going anywhere without a bodyguard.  
Good morning, I am looking for Lia Limon.  
My name is Anabel Hernndez.  
Anabel Hernndez, I am a journalist.  
From what organization?  
-I Freelancing. I am a writer.  
Thanks.  
Anabel has accused the authorities of  
to have helped El Chapo to power.  
Alltifrn prison liable to  
Mexico's last four presidents.  
The government's response was a death sentence.  
They promised that they would kill me.  
I've learned  
to live with it for two years now-  
that one day it will happen.  
I live that doomed.  
Mexico is one big swamp  
of korrruption-  
and from there the Chapo Guzmn risen.  
He was so mighty  
on the Puente Grande fngelset-  
that he took there all his family  
for Christmas.  
He had done for security prison

to a hotel.  
They were there a whole week.  
The government is so korrumperad-  
that security prison,  
which is only meant for men...  
Puente Grande  
is no women's prison.  
Although it took the man into  
three female prisoners.  
Two guerrillas  
and a young woman named Zulema.  
The only thing she did was  
to rob an armored car.  
Later, asked this Zulema up  
on an interview with a news- papers  
where she described everything  
in a pink shimmer.  
She had met Chapo Guzmn,  
who had fallen in love with her.  
He had written love letters  
and everything was so romantic.  
After a while, it had  
not just been about six longer-  
but then shared the bed  
as a happily married couple.  
Zulema revealed what El Chapo  
had written in his letters to her.  
Honey... I dreamed about you last night.  
It was so real  
when I woke up...  
... it felt so beautiful inside.  
But at the same time I was sad  
because it was only a dream.  
I understand why she repressed  
how things really were at the prison.  
The truth was that when Chapo  
had tired on her,  
so he let her go around  
his companions at the prison.  
This girl was severely  
emotionally traumatized.  
Deputy Director wherein said  
that she seemed to have gone mad.  
She started to put himself in his cell...

... pull down her panties  
and parting her legs.  
She showed womb  
of all who passed by.  
She had become El Chapos dustbin.  
According to the doctors and the Commission  
Human rttigheter-  
she was forced to have an abortion  
with only one nurse on the scene.  
It happened twice at the prison.  
One time she almost bled to death.  
So passport romantic El Chapo  
Guzmn.  
Give me the stand.  
Have you found it?  
What's it say?  
"No one can die as long as it's being  
alive in someone else's heart."  
"You will always  
be in my heart."  
It seems to be well looked after.  
There's got to pay.  
Who pays?  
What happened to her?  
-She Found in his luggage on a car.  
She was tortured.  
-To Punish El Chapo.  
El Chapos rivals in the Zeta Cartel  
believed their romans-  
and kidnapped Zulema  
shortly after her release.  
Her body was found desecrated  
in the trunk on a car.  
She had been raped and got Z  
as the Zeta engraved on the body.  
Joaqun Guzmn left his cell  
and went to the garbage room.  
There were expecting a garbage truck at him.  
This is the way we think  
Chapo took from the cell in block three.  
The official version is  
that the cleaners had rkat Pass  
and pitied poor Chapo  
and helped him to escape.

On 19 January 2001  
It was then that  
El Chapo Guzmán slipped away  
The prison guards slept plain and simple  
None saw the cart with laundry  
In Sinaloa, the engine warm  
The King slipped away teams long arm  
The version  
has been repeated so many times  
that people believe in it now.  
But I guarantee you  
that somebody from myndigheten  
Maybe somebody skerhetsansvarig  
held up the gate and said:  
"You could give you by now, my lord."  
Last time he was seen was at a gas station  
Not far from his hometown  
He is free  
The King of chips and blinding white salt  
've checked out from his lyxanstalt  
A million or two is the price of freedom  
It'll keep his fill  
if it fattens his pig

On 19 January 2001  
That was when  
as El Chapo Guzmán slipped away  
In ten years he held to Culiacán,  
a city as legendary as he  
A dangerous sea,  
and he is the biggest fish  
Everything's on the menu  
if you stand on the counter  
In Culiacán are  
El Chapos Sinaloakartell-  
which provides the whole world with drugs.  
You do not know  
who work for VEM  
nor  
who killed whom or why.  
During the years here, we have learned  
not to trust anybody.  
Just like many other journalists  
we are offered the official rundown-  
to show that the government is taking the hunt

at Chapo and his cartel seriously.  
Cocaine, methamphetamine, heroin  
opium paste, marijuana seeds...  
This is an assault rifle  
for nrstrider-  
with armor-piercing additive.  
We have this car here  
because it's bulletproof.  
Here, there is room for arms,  
money and dope.  
This button let out  
trgas, to protect all here.  
Here, sit nozzle  
where the gas comes out.  
Mexican government is doing everything  
to find and imprison him.  
Chapo Guzm'n's on the run.  
He tries to avoid the biggest  
and most persistent pursuit...  
... ever.  
The hunt for him is unparalleled.  
It could end in three ways  
of Chapo Guzm'n.  
Either fngas in, and fngslas-  
or I'll kill him  
while he tries to get exemptions  
or I'll he be on his guard  
the rest of his life.  
We will never give up.  
With luck, he will  
sit in jail the rest of his life.  
The truth is that it is El Chapo  
and Sinaloakartellen that control in the standard  
with the help of money and fear.  
Here are governors accused  
to the eaten lunch with El Chapo.  
Politicians and police officers  
that really works for him.  
It even said  
that he used to go out to dinner.  
El Chapo lived in Culiacan  
before he was arrested 1993.  
It took a lot of persuasion  
to get the driver to drive there.

The house stands abandoned,  
there is no one who dares to buy it.  
It took some time before we found somebody  
who knew him well.  
Adolfo Salazar is something so rare  
as a retired kartellboss-  
and he is therefore willing  
to be interviewed.  
All my close friends are dead.  
Did they die of natural causes?  
No, hardly.  
They murdered them all.  
My boys...  
24 years...  
... and 31 years. No; 32.  
Nothing scares us anymore.  
People have become accustomed to death.  
If one son becomes mrdad-  
can send the other one  
of working for the killers.  
People have become completely callous.  
He called Chapo, but so terrible  
cards he's actually not.  
A friend invited me to  
to a wedding in Nogales.  
It's the only time  
I have eaten with him.  
Then he asked  
if I wanted to work for him.  
I was responsible for  
loading on flygplanen-  
and fly them across the mountains.  
I can very well in the mountains here.  
I do not think  
that so many people get to meet him.  
There are only two or three people per village  
who have direct contact with him.  
They may be engaged in  
some kind of business...  
So spread the money out.  
It's the same in the cities.  
Adolfo said he did not have any idea  
where El Chapo is now-  
but was sure he could

say we are looking for him.  
While we waited, we wanted to visit  
the mausoleum El Chapo bygg-  
ate his son Edgar, but nobody  
wanted to drive to get us there without permission.  
Edgar murdered at a parking lot  
of a rival cartel in 2008.  
When we got a warrant  
was the first sign PL  
that El Chapo knew  
that we sought him.  
Without permission  
we would not get to visit the city.  
We would not be able  
to approach kyrkogrden-  
without being stopped  
by the armed guards.  
But now they know that we come?  
-That They said anyway.  
Guard told us that we were  
the first outsider who dropped out.  
Then we hear a totally different  
versions of the murder of Edgar.  
The murder was apparently a mistake.  
El Chapos guys killed him  
by mistake at the shopping center in Culiacan.  
It feels like this mausoleum  
suggest on feelings of guilt in him.  
So he killed his own son?  
-His Gang did it.  
We were driven out from the grave  
of some relatives.  
Relatives of Griselda - mother.  
While we were filming the last thing we had to  
hear that El Chapos ex-wife Griselda-  
the boy's mother,  
did not want us there.  
Then we were told that she sent  
armed men and police after us.  
We went straight to the airport.  
Tell me, what we fled from?  
It's probably not the only ones  
who understand English here.  
We're actually

still in Culiacan.  
So we'll continue to be afraid?  
-Yes, Absolutely.  
Clearly Edgar dead  
is an open wound  
from El Chapo and his ex-wife.  
He felt totally destroyed  
and had great sorrow.  
El Flaco was with El Chapo  
When Edgar was murdered years in 2008.  
He came by helicopter.  
He said he was channeling  
anger of his son.  
"That's what I'm focusing on now."  
Where is Edgar's cross,  
it was here that he was murdered.  
It was very hard,  
everything became extremely messy.  
It was not about  
to kill people in hemlightet-  
but to behead them  
and then take on the blame.  
It was about power.  
Another cartel was accused  
officially mordet-  
and Culiacan  
turned into a war zone.  
Rival cartels had placed  
corpse with messages rebuilding  
that El Chapo  
and the government collaborated.  
It took more  
a trip to Culiacn-  
and secret meetings  
with kartellbossar-  
before we managed to  
take the next step towards El Chapo.  
Hello, sweetheart.  
The plane stands ready,  
we'll just go for a ride.  
We were warned  
to themselves take us up into the mountains.  
So we got to meet El Chino, who  
was playing the song on his life for us.

I take off and land as easy as getting  
I live life high in the blue  
Here I was born, here I go down  
I'm the pilot that everything looks  
I fill the tank on my Cessna Plane  
And fly towards the border another day  
Flight Routes are, as you know,  
conceived in order not to leave traces  
You take me never, a winged Latino  
I am the best pilot - El Chino  
What happens now?  
Do you have passports?  
-Yes, I have my passport here.  
They were filming for television.  
One's from London and one from Lima.  
They're going to fly a little.  
Do you want to be on television?  
Yes.  
I thought so!  
Thanks. See you, buddy.  
I will indemnify you later.  
why he stopped you?  
They're on their guard.  
They take care of us, as I said before.  
Look, the car looks suspicious.  
So here it is in Culiacan.  
He deserved it.  
No one is innocent,  
live here always dangerous.  
You take me never, a winged Latino  
I am the best pilot - El Chino  
Neither weapons or the threat of violence  
has scared us half as much,  
like sitting in the plane with El Chino  
without really knowing where we're going.  
Do you have fastened you?  
To understand who is El Chapo's  
gotta trip-  
to the "golden triangle".  
There will not be in the way that  
anywhere, there are cartels of land.  
The children who grow up where  
do not understand that drugs are prohibited.  
Their dads, using them

and grandfathers likas.  
The mayor, the police...  
Well, it can not be illegal.  
For more than 50 years ago was one  
of those kids El Chapo Guzman.  
Look there, that is where we will land.  
Here we are, gentlemen.  
That night we slept in the heart  
of the Golden Triangle.  
Angus was supervised by armed men  
who just speaking gringos on television.  
Our host was the local Sinaloabossen  
who owns the area around it.  
Set your questions, we'll get to see  
if I answer. There I decide.  
El Senor is important  
for many people.  
Yes, that's right.  
Why do you think he admired so?  
He admired  
for its ability as a leader.  
We who live here depend on him.  
His home in La Tuna  
lies not far from here.  
It takes only a few hours there.  
We're just minding our data.  
We have great respect for our managers.  
Can we hear that something is wrong  
'll solve it.  
There's never any rebellion.  
There's no point  
to rebel against El Senor.  
One or a couple of times  
there have craft  
somebody does not  
have wanted to obey El Senor.  
That was the end for them.  
If, for example freight products  
to border on his own hand  
and pay his own business...  
If you make it so you become alerted.  
Other time will be killed.  
He's a good friend.  
He treats everyone the same.

Children, the elderly...  
Everyone is treated equally,  
so it has always been.  
To him, everyone is equal.  
He treats all of this  
as part of his family.  
Everyone thinks highly of him.  
The children, too. They've known him since  
they were kids and he is kind to them.  
But he never forgets anything.  
He never forgets  
if anyone behaved badly towards him.  
Lunchtime El Chapos army,  
some of Mexico's most hunted men.  
It was served meat, beer and cocaine.  
Our identities were checked up  
on their speed internet.  
We know both of you  
that El Chapo is very close now.  
Why is he called El Chapo?  
His parents told him  
when he was little.  
He called Chapo  
because he was short.  
Their GLRD over there  
and ours here.  
We heard they called him Chapo,  
so then we did it, too.  
He has been kind to me,  
he's a good man.  
He sits ill on planes  
to Culiacan for treatment.  
He did this with my one son.  
He was in an accident  
and got's care in Culiacan.  
He did not want anything for it.  
He solves everything.  
Moreover, he  
never drunk much.  
He talked and danced with everyone,  
but never chose out a girl.  
He danced with one,  
then he went on to the next.  
Then he said goodbye and left.

We were told that the military  
often come here with Helicopter-  
and we were afraid  
to rka bad.  
Then they said they always warned  
three hours before.  
The soldiers here are calm,  
thank goodness.  
They come here sometimes,  
but they let us continue working.  
Then bothering us no more.  
They do their checks,  
then we'll continue.  
The enemy comes here sometimes.  
They killed my brother.  
So we do not carry weapons for no reason.  
Sometimes it feels like  
to have to do something to cope.  
If they kill my son or my brother  
I gotta give back.  
He is everywhere.  
In Mexico.  
-I Throughout Mexico.  
They say they are him on the tracks...  
... but he has places  
to hide on.  
It was awesome that he  
escaped from security prison.  
No one takes themselves out of there,  
but he did.  
Just like that.  
He escaped from those  
fucking gringo area that had him.  
These men smuggle cocaine  
and methamphetamine across the world-  
but heroin and marijuana as  
cultivated here brings in billions of dollars.  
So it all started,  
from oranges to greener crops  
The family was poor and tired  
after the grass trampled Association tribulations  
A lot of work, but barely anything SCREW  
No wonder that conscience is bent  
Unpaid wear, it can probably flinch

to save is to wipe maja  
Business is all I can  
It is they who have made me man  
I dropped out of school  
but hardly stupid  
I got enough of to sell fruit  
and began selling... something that gave fruit  
And before I even had time to react  
the company was suddenly  
so much more  
I have never left my Sinaloa  
My crops are pastoral  
And the whole world gets some  
of my products is illegal  
In every village, every city  
can you buy my powder and leaves  
I have 150.000 own agents,  
far more than all the presidents  
Since 2006, 50.000 dead  
will probably be more - it has been necessary  
All the leaders are eating out of my hand  
and no one can find me in this country  
It's the only language they understand  
and they give me everything they frmr  
I say that Pablo Escobar  
that those who do not want the silver...  
... get paid in the lead!  
It felt strange  
to fly over Mountains-  
on the hunt for El Chapo  
and his men  
now that we knew  
what was going on down there.  
We wondered which of the soldiers and  
their command who was working for the cartel.  
He is still free.  
While we are sitting here talking  
he goes free.  
He goes where he wants in Mexico.  
He's in the cities, in the mountains...  
He'll go on vacation...  
The police know where he is.  
It's clear that they know it.  
He's in Mexico.

The police can find him,  
they can do what they want.  
I can assure you  
that Chapo Guzmán-  
do not visit restaurants  
and enjoying themselves.  
Without leaving any details  
he lives more like Saddam Hussein.  
He's hiding in small hlor  
and constantly moving around-  
for fear of being found.  
It's going until we get him.  
-How Do you know?  
That I will not answer that.  
We know that, but I can  
do not say how we know it.  
Just when we would make contact again  
found the military a phone.  
On it were a movie  
at El Chapo who interrogated a man.  
He was bound  
with his pants pulled down.  
Where are all from Zacatecas?  
-In Los Mochis and Los Limones.  
You're lying,  
you said that they were in Mazatlan.  
They called to him.  
Who?  
-Emiliano And he you killed yesterday.  
Where the bastard boss?  
No, he received orders from the Colombian.  
Where is he?  
-I Los Mochis.  
Are all those bastards in Los Mochis?  
Well, I have to kill that bitch  
to scare them.  
Here we saw the brutal man  
we were looking for.  
We were constantly worried  
that someone else would get there.  
He is one of the world's  
most hunted brottslingar-  
drug lord Joaquin Guzmán,  
also known as El Chapo.

He's been on the run since he  
escaped from a high-risk prison 2001-  
by hiding the dirty laundry.  
Now it is rumored that Guzman may have  
been killed in a firefight in Guatemala.  
I was worried  
and called our contact person.  
He laughed  
and invited us at lunch.  
Not in Culiacan, but in the mountains.  
In La Tuna, where Guzmn himself lives.  
We do not know anybody  
who got to come here.  
To come here without permission  
is pure sjlv mordet-  
but if you have a warrant  
waving to the police until one.  
Will you already give you in?  
We're gonna go with Cristobal.  
Thank you.  
-Thanks Himself for the good food.  
God be with you.  
You too.  
Thanks for the visit.  
I call him Chapo, my son.  
Even as a boy  
he had big ambitions.  
I believed him.  
I remember he had  
an awful lot of notes.  
He counted them again and again  
and put them in great heaps.

**Then he said:**

"Save these for me, Mom."  
It was just colored paper,  
but they looked so real.  
He put them in great piles and ties on.  
"Save these for me, Mom."  
I have done.  
Ever since he was a kid  
has had great ambitions.  
He wanted to get something out of life.  
He gets blamed for everything.

If anybody get caught,  
they say he has been involved.  
If anything happens,  
blaming all on him.  
He is the authorities' scapegoat.  
They took very badly up  
when he ran away  
without alerting them.  
It was a crime, he killed  
not somebody to come out.  
He did not break up some doors  
and did no harm.  
None of the guards and no one else.  
That's why they are upset.  
Only one person can be arranged so  
we got to eat lunch with wife Guzmn.  
Two hours later we were running  
up the mountain to "Heaven".  
After he had ordered it.  
Where are we now?  
-PL Terrace.  
Here tend to El Senor eat breakfast.  
The kitchen is located there.  
As you can see it is very simple,  
after all.  
Despite what?  
He's tight.  
What happened?  
-Nothing, Really. They said...  
They just said  
he can not talk with us now.  
He said yes, but not now.  
It feels strange,  
because we feel his presence.  
They called him on the phone,  
so he's gotta be here somewhere.  
If he does not we'll go from here?  
-No, Then they would say that.  
Well, they would not keep on like this.  
It is not in their interest,  
we'll be back.  
It might give them trouble.  
So, I do not think.  
He's somewhere between

his birthplace and Culiacan.  
Yes, this is where he is most.  
Strange,  
it's the most obvious.  
Yes, and perhaps the safest.  
Over the next few months  
we were invited here two more times.  
Every time resolved El Chapo  
that he did not want to be filmed.  
The authorities claim  
that they've chased him for twelve years.  
We found him.  
Are you ready?  
-Yes.  
How did we catch him in 1993?  
Why, we succeeded then, but not now?  
I have no idea.  
For them, perhaps he is more useful  
as an ace up his sleeve.  
A wild card they can play out.  
For he will be well gripped people will  
not be satisfied with it.  
High-ranking people  
will be named.  
It can be about 30-40 executives,  
bank officers...  
Bde guys like active now  
and who are retired.  
Much will be revealed,  
and then collapse the house of cards together.  
After lnga nightly conversations with his  
closest we got a clear picture amortization  
that Mexican and US leadership  
have agreements with El Chapo.  
As we say in Latin America: ms vale  
malo conocido que malo por conocer.  
The evil one knows  
better than the one you do not know.  
It is neither the US or Mexico  
authorities he's fleeing.  
El Chapo is on the run  
away enemy cartels.  
The authorities fear he is not,  
to those he owns.

If they try to justify it here-  
to say that the United States has sheltered  
Sinaloakartellen of strategic reasons-  
they've created  
a real monster.  
Thousands of Mexicans die every day.  
?? Girls, women, young men, fathers...  
Honest and integrity of people die  
because of this.  
Because no one is willing to  
hunt on this criminal.  
He was called the Saviour,  
a savior for their group  
He knew what he did,  
he stuck Never  
They told him to lay low,  
so low that one can  
They told him to lay low,  
so low that one can  
We are all part of a game  
We are all part of a game  
We are all part of a game  
We are all part of a game  
Sinaloakartellen, Tijuana Cartel  
Jurezkartellen,  
the family from Michoacan  
Gulfkartellen, Zeta cartel  
Together we stand united in our struggle  
He was trying to pull his gun  
and then everything goes ate woods  
And now they shoot back...  
Lie flat on the floor, baby.  
Shall we sing a song?  
We sing... Now I know!  
Where the raindrops  
turned into chocolate  
Here, I would like huh '  
Do you need chocolate?  
-Yes!  
Then I would gape and...  
Lie flat on the floor!  
I said to my son:  
"You gotta be able to forgive everything."  
God has taught us that whoever does not

forgive myself never frltas.  
You have to forgive. God knows everything.  
He sees all that is right  
and all that is wrong.  
Better judges are not.  
Do you think he  
is going to be arrested?  
When they do not  
have the benefit of him more.  
Is everything as it was  
Have hope flown and gone  
Nixon declared already -71  
and we listened then  
The war rages still in the south,  
no one cares anyway  
One way or differently  
the people's ideals on shame  
Among the Mexican mountains  
people always muddle its way
