Fear X

By Nicolas Winding Refn
The wind stopped blowing.
The sun will heat a bit
and you should thaw the blood
if you stay outside long.
The sun will burn the cloud ceiling
and the thermometer will climb.
Not to 0 C
but it will still hotter.
Winter wheat will be higher than last year
and the course of pig
is on the rise.
The sun dispelling the clouds,
we can be optimistic.
According CaseTT,
man killed in the shooting at Witherspoon
was an agent of the DDA.

**But be cautious:**
Wildest rumors spoke
alien or Cuban spy!

There was a woman.
Her name was Caine.
Why did it take
it is there?
It was a shadow, I did not.
You have nothing to reproach yourself.
It was a threat to your life.
You knew, we all knew
and we agreed that it could happen,
and this from the beginning.
Innocent people are injured and killed every day.

So goes the world.
Yes, we talked about it,
ajamais but it prepared me
to reality.
I killed an innocent.
Do not lose sight of our goals
and our ideals.
The corrupt police is a cancer
that devours the heart and
the moral fabric of society.
Without law and order does not exist!
You did your duty.
It was a corrupt cop
and died.
But there are others.
Do not lose sight of that.
So what do we do?
There is perhaps only one.
Or together.
Let him speak.
I know this is hard for you.
But we have no choice.
I know.
I will do whatever is necessary.
Do you prefer one of us
caring for him?
Thank you.
It is I who am responsible.
Bar.
A moment.
You are Mr. Caine?

Nice to meet you, Mr. Caine.
Come inside.
Sit down.
Put yourself at ease.

Why do you believe that?
I was so informed.
Someone helps you, then?
Not really.
I need to know why
killed my wife.
It stops there?
You do not want to kill the assassin?
I'm not a murderer.
How do you know?

We had the hotel scrutinized.
There is no trace of crime.
No crime.
No corpse, Mr. Caine.
Nothing on either cameras.
We know what happened to you.
You can not rewrite...
the past.
