My grandfather always told me
Respect the trash man
He is as human as you are
Even if you live in the trash
You don't have to think
like a trash
If one day
he stop working
The city will disappear under
a mountains of trash
So respect
The Trash Man
And for me
I prefer to call him
"The Trashmaster"
We almost finish
Here
And they send your sight
Down
City Bank
Liberty
Must escape
Money
Damn you, "Nico," Where are you?
Do not wait for trash
Oh sorry Rhys
I am coming
Chinatown
Yalhzi
More units to
I want more of the units
Officers to support the City of Liberty
Street 21 Moore St.
I want more of the units
Officers to support the City of Liberty
Street 21 Moore St.
For the average person
I am the trash man
And for others
Such dead
I am from do not have to Igilloni
When the police fail in their work

New York
Nine million in the city
And 18 million
Around
Succeeding each other every day 35 tons
Of trash
But there are things that do not
Remember statistics
Thieves and drug dealers
And murderers and rapists
And this is
My field
When in possession of the Millennium
I fight against small to large
I lower my performance
Crime rates
This body
Rubbish received here
Then go to the Centre
Recycling
Pfdili remain grass
Green in Central Park
The hardest part about working
Is that when you return to headquarters
Likes to explain to your boss
Why are you late
And how to interpret the holes
Bullets
Which penetrated
Windows
And how do you explain the damage
That hit the car
Fire?
Theft?
Wrong place
At the wrong time
New York, when you sleep
I wake up
When you close Newark Oaenaha
Kept my eyes wide open
Because behind the image
And postcards
Upscale advertising
And lights in Times Square

Rules and
Facts
Are nothing
Totally different
These I and I
Waiting for more than an hour
Where you will
Leave a Restaurant
So when you receive
Of this letter call me
I reiterated this
Sostql my car
Do not try to contact me
Again, you fool
And I kid you dream of
To be a policeman
But not
Such
But such
Sweeper, which works
Often win a lot
Get well
For night work
Healthy and well
And risk premium of work
As I am poor because
Little to win it
To give a key to
Repair truck
Trash collection is
Special work
The Tokhozk
Injected contaminated
Or you may find
Paper lottery profitable
Long ago found a friend
Me a bomb
And, unfortunately, is no longer
Here to tell us about it
And love of his guards
Not an easy job, also
One day
I lost my mind
On the car of a person who was

Annoying girls in the club
The result is that I spent
Weeks in the hospital
Because the dreaded hole
Tires car
And a month after we settled the matter
In the same hospital
Villain was drunk to the point
In a coma
The objective of
Easy to me
In the ideal life
May go out of my car
Before shooting
And in the world
I hope
Wake up early
Got into the car and seven o'clock
And go through the bridge
To Otvady Hustle
In and out of
Half past seven
And I will have time
To drink coffee
And was eight
Out of the station
Smiling, the secretary
Ready to hear them say
Hello in your police
"Sir," Belek
Ideal world is
Who I am by police officers
Police entered the Tests
Three times
And deposited
Three times
And for this I
So now
Nicole "this man"
Can I call you Mr. Inspector?
Both O Reyes
Has failed
Well you must bring
At nine am

There are a lot of
Work today
Every day we collect
Tons of trash
And sometimes I wish not to find
Trash in the streets
But waste
Always come back
And with repetition
Get used to it
Korean full of trash
Purpose computers
Chinese and full of
Fish Koreandr
Star Pak and trash have
The smell of chocolate and coffee
Rubbish bins poor
I always find it full of
While the rich own
Be almost empty
And matrix
And Stomach
Certainly
The best smell
Trash prostitutes
And may tell you
Why
And unexpectedly for the day
I gather there will not be rubbish
Good truck
Please eat drink
At the expense of the shop
What the police did not tell him
I know the victim is
It is a dancer
Strip predecessor
As to how you know her?
Because I spend all
Night in the club
With three years
Past the
Last night was found
Another girl dead in the street
Near Times Square

And was stabbed to death
Such as the girl the previous night
And has put Policemen
Potential responsibility of a serial killer
"The first victim," Mary
Challenged in a garage nearby
And thrown like trash
In the street
In the morning the same day
Police found her car
The car has no bad
Place in this garage
Only cars
Sports
And powerful cars and luxury
Allowed to enter
Mary "left her home and"
Received its independence a car to a nightclub
And did not find a place awaited
The usual empty
I called her his friend
To learn that it will be delayed
And found the place too
The price for her car
And ran a returning
The nightclub across places
Would prefer not to go through
Beautiful girl like her
He then entered the club
To dance six hours
To win a few dollars
Exhausted, she returned to her car is
Aware that there is a strange followed
Met guard
Garage
Unfortunately he did not
Sees nothing
"When killed," Mary
Was waiting for his dinner
I called him and his client
Away to an old car
And rejection of the guard
To do so
And for a few dollars he gave me

Phone and address that the customer
And is the master live
In the neighborhood of the Hamptons
I asked her if it finds something
In the garage the previous night
Regretted, but did not see
Or hear anything
Girl stabbed two o'clock
Violently
So that the knife left
Effects on the ground
Killer strong and loves
To see them suffer
It is a time reference
At the club
Hello you
In hell
Entry of workers
Only
Office of the nightclub Triangle
List of dancers, and titles
Whoa
The dumping of trash
Only
After that I got
Addresses dancers
I end up with enough
To create a monitoring team
I asked my colleagues to
Watch houses girls
During their tours
Collect rubbish
And watching the house
And protect the girl
Carnaby
"Building" E
Some dancers are entering
And hard to find them
But in general viewing
Gone well
I will not again become
For trucks
So I make sure that girls
Amanat in their homes

Both
Both
As if the killer
Know that we are watching
It may not target
And killed a whore
And the next day
Vacated her room
And thrown their needs
To the street
Ready because
We collect
The girl worked in
Porn to
Get
University expenditure
And is a common point
With striptease dancers
They are ingratiating bodies
For money
The girl breaks my truck
"Is" Gracie Adams
I remember
Well
She asked me what I'm doing here
They think I'm killer
Her eyes a flood of liquefaction
While threatening me with a bat
I said that here to protect
Kalhars Profile
And I know that there are
Girls were killed
And I hesitate to nightclub
Fahadotha
And I told her I formed
Monitoring Group
But it seems that the murderer
Instead of the pattern of its objectives
She told me that a bitch
Former dancer
And that it had gathered enough
Money to leave nightclub
And complete the study are
Wanted to become a doctor

I know Okgelni
Each dancer and how they move
And apologized
Is not interested in
Has stopped dancing
And became director of the club
Wanted to change her life
And leave the old life
Trash is not in
Streets only
You can find
In the club also
And may be fatal
Between these bastards
This will not only killed
Baggage carried by
This thief
Cars miserable
This fierce Russian
But it's not fatal
May be
This person
I've saved two people
Of incident
, Killing three
A month later, both
Perhaps this humble
In the uniform
But after clarification
Simple
Can not be
Is the killer
Motorbike driver
Who entertain the same
In front of girls is
Suspect the best
Whoa
AUDITED eye will notice
Jacket person
Security
Such a person abroad
Or the rear
