Then you're on your merry way
He won't go for it
This is my good mate Asif.
His uncle's a fruit & veg importer...
...who realised melons make a Io! more
money when they've got heroin in them
Now you listen to me, you fucker
Hackney police force is blessed
with many upstanding officers
This isn't one of them
Detective inspector Malcolm Priestly
The baddest pig in the pen
You do exactly as I tell you
Or you will spend the rest of
your life wishing you were dead
And then just because
you've pissed me off
I'll get nasty with that Amanda
I know you two are tight
You know
I'm beginning to suspect you of
being a fucking sausage jockey
You would not believe the nasty
fucks I could send round to her
And it would make you sick
to know what they would do
And I wouldn't stop there Asif
I'll go after your cousin
Your uncle
And all the rest of your fecal family
These are no idle threats boy
I promise
You will lose, at the very least,
one of your dirty little fingers...
...in the next ten minutes
If you don't send that fucking text!
Bravo nine-one, it's Wardour St, over
Was this guy dropped as a baby?
No it's...
...it's a street
It's called Wardour
Find someone to sign for it,

you gormless twat
What can I say about Jane'?
Equal opportunities employer of the year
Sirus you cunt
Why aren't you giving Bravo nine-one
that job on Wardour St?
I am
He thinks you're prejudiced
against him because he's a Paki
I thought he was from Syria
He's from Iran. His wife's from Syria
He's still a Paki
Ragweed, Jane
What?
Kebabs, not curry
Really nice shoes Jane.
Where did you get them?
You can fuck off, Sirus!
You should know all about Pakis
That mate of yours, Asif. He's a Paki
Afghan
I thought his name was Asif
It means he's from Afghanistan, Jane
I want you to have a nice buzz, boy,
but we can't have you going over can we
Find the number
Send the text
Sort yourself out
Or...
...don't...
...send the text
The pain will get worse
And you will die
All this can end Asif
If you don't use the right code
We will know
Yeah it's 25 Canada Square. Get a move
on, mate, he's really grumpy. Cheers
Over
Alright people, let's burn some
rubber and make some money
Jane, can you cover this for me'?
I've got to release the brown otter
You're fucking disgusting

Alright mate
Alright nigger!
Mm Tony t B
Welsh-Jamaican...
...entrepreneurs
Distributors of the finest
smack in the Valleys
It should be. They get it from me
We on for some dinner tonight?
Sweet, man. What time you
gonna be here? You flying?
Fuck that flying shit. I can't stand
airline food. Can be with you by 5
Whoa, I don't finish work till 7
I'm sure us country boys can
occupy ourselves in the big city
You just tell Amanda to get the
tea on as soon as we get there
Yeah, alright man. Ok
We is wanting 2 whole chickens
There's a right awful clucking
around these parts
No problem. I'll text you when I'm done

LEWIS:

Right you horrible fuckers.
We're gonna drop you on the estate
What you lovely boys are gonna do is
find out who wants what for tomorrow
Can we go with you?
Not this time
You ain't no player yet
Why didn't we send the text ourselves?
Then we'd be further along with all this
It's not just about
the sending of the text
It's about getting that dirty cunt
to accept being fucked
We are fucking him Terence
If he hadn't sent it himself
how could we rely on him?
I think we went too easy on him.
We could've removed a few teeth
Terence

We've got to keep him looking normal
Sirus will bolt
First sign of trouble
He's done it to me before
This time though
I'm gonna get him
He's not going to embarrass me again
I don't just want the Paki's gear
I want that fuck Sirus dead or down
They all went to Dave's house
Can you lot stop fucking yacking
just for one minute!
No, I'm gonna get a Pomeranian
Oh he's back now
Amanda's on line 2
Alright there, gents & lady
The plot-sheet has been
diligently taken by the lovely Jane
Give me 2 seconds
Hello babe
Not tonight, I've got B coming over
No, it'll be all done by about 11ish
11 will be
I've got to go, babe. I'm at work
Alright, I'll speak to you later. Bye
Sign here
You alright for a lift home?
All taken care of, Bill.
Don't worry about it
Ok
Don't get any ideas
You'll be being watched
even when you think you're not
Just to remind you
I will blow you away
in a fucking heartbeat
Deviate from what I tell you...
...and my own personal brand of hell
comes to everyone you give a fuck about
Plus a few randoms, for good measure
Get the fuck out
What's next, boss?
Leabridge Road
I want to be there when Sirus gets home

Yes rudeboy
We're just about to drop off
the end of the motorway
Well, if you insist on 4 wheels, mate.
Do you want to hear a wheelie?
You are crazy, man.
You get your shit together & hurry up
Don't want this to take all night.
Some of us got homes to go to
Relax. I'll be home in five
Make that three
Alright, later
We're gonna get this shit
and he out of here
Driving hack like stuck-up
law-abiding peeps
If I have to dump this car
I'll be right miffed
Better not be too late
I was hoping for a quick pint
before we get the lads round
There's lovely!
I didn't know you had a daughter
Well yes, I'm the grand mother now
The thing is, the phone is in the
living room, opposite your house
Ok. What would you like
me to help you with?
I was just wondering if
you and your wife could...
She's not back yet
Who's he talking to?
I don't know. A Chink
I haven't seen her before
It's my husband; he had a
heart operation last year
Ever since, I'm so worried for him, so...
...I was just wondering...
...if you G your wife could...
Yeah? Could what, Mrs Nishi?
If you could keep your
bedroom curtain closed...
...when you are...
...with your wife

Oh
Ok
Yeah
Sorry about that
Thank you. Bye bye
- We still good for tonight?
- Can I call you back?
Yeah, just don't leave it too long
Who watches the most TV?
Alright nigger!
Where are you?
Easy man. Right near the yard
We, came on over
Alright. Later
Hurry up Tony. We have to get a move on
2 more questions I'll be winning 5 pounds
You'll be costing us more than 5 pounds
if you don't get a wriggle on
It's not the money
It's the achievement
Who was Henry VIII's third wife?
That tart Martha from Swansea.
Now come on
I got it wrong
Sure we haven't got
time for another pint?
Finish that one quick
and we is out of here
Alright matey boy.
Jane mentioned you today
Who's Jane?
The BNPs we! dream
Never mind. We still on for tonight?
I got the farmers heading here right now
Yes, but I must ask if I can bring
the package to you directly
You alright?
I'm fine. My uncle insists
on it being done this way
Everything else is the same
Easy Terence. It's a good thing
He's being a good boy
We should have got his house bugged
He'd never have checked

He might have
For fuck's sake, I haven't
even put the shopping away
How long are they staying?
As long as they need to.
Think of the money, babe
How you doing, man?
I missed you man
Come on in
Yeah man! Everything crisp?
- Hello gorgeous
- Have a seat guys
Sirus, when's the food gonna be here?
Soon
And when's our boy gonna be here?
Imminently
Got a little thing me and
my man here can boot?
I'll sort you out a little taster
It's alright babe
Tea anyone? Coffee?
Tea would be lovely. White, 2 sugars
Tea please. 3 sugars
Coming right up, boys!
You've got a good girl there, you know
Help yourselves
Tea's up, boys
I'll be in the bedroom if you need me
Wahey!
If he needs me, not you
- 2 chicken curries
- Chicken Madras
Can we have some of that
bread with coconut in it?
Peshwari?
No, just bread with coconut in it
- Hey Asif
- Amanda
You're sweating, darling. You alright?
I'm fine
Is Sirus here?
Yeah, of course he is
Welsh contingent's here an' all
- Heyyy

- Alright man
Hey, the main man's here
My friends
Someone is trying to kill us
Someone's trying to kill us!
This is not a joke!
The police, they are in a car outside
These men are coming for
the drugs & the money
What the fuck is that?
Tracking device
There are 2 policemen in a car outside
They do not intend to arrest anyone
They come only to steal & to kill
Are you being serious?
Sirus. It's Priestly
Oh fuck
Who the fuck is Priestly?
Oh fuck, I thought I got away from him
They are coming after you Sirus,
and they said they would hurt Amanda
Calm down for a minute
If this is serious
We might be able to
sort out your little problem
When he gets back from the doctor he
says he's got 4 different types of cancer
- He's riddled with it from the neck down
- Hang on
What's the spade doing?
Bag with the money in it?
Not that big
Fuck
Just chill now man
Keep the change
Maybe they're picking up the whole stash
Either way, I'm calling for backup
'NM, COW?
What are you going to tell them?
Not them
Curry's here lads
We're gonna need a lot more
than fucking curry
I think what we have in this bag

is gonna sort out your problem
Fucking hell
This is fucked
Fuck
Do I smell cu...?
What the fuck?
Er, yeah...
Amanda, you must go.
It's not safe for you here
Oh, it's not safe for me here?
With all these big strong
men waving guns about?
I've been thinking how much better
our living room would look...
...all full of guns!
Is that a fucking hand grenade!?
No, love, it's just a lighter that
looks like one. My mum gave it me
We're just taking a few precautions
What did you do?
Did you piss off the Israelis?
This is it, Sirius. I'm going
None of this shit better
be here when I get back
And to be quite honest,
I don't know if I am coming back
Amanda, let Pari take you
You can fuck off as well.
I thought you were alright
This tea's lovely
Shall we have her followed?
This is not the time to be
thinking about girlies, Terence
I was just thinking she might be useful
I've been saved.
The Lord protects me from temptation
I think I preferred you
when you were a nonce
Good evening Mr Priestly
How would you like to owe me nothing,
and have a little fun at the same time?
I would like that very much
Why don't you come round for a
cup of tea, and we can discuss?

There is no time for tea, you fuck
All of you, in the van, with all
your toys, on Leabridge Rd
Yes, Mr Priestly
What a cunt
What a cunt
Why do you talk to that man?
Why you talk to that man?
Because he's useful
Because he's useful
I wonder if he'll bring Boris along
Where's Boris?
Boris!
Sirus, you're going to straighten up,
and then we're going to war
Why don't we just do nothing,
and see what happens?
They are going to kill us.
That is what is going to happen
If they're doing this unofficially...
...they won't want to get too many
other people involved, will they?
Are you saying it's 4 against 2?
I am, plus...
...they probably don't know...
...that we know what they know
Pay attention Sirus!
This is what's gonna happen
You're gonna take that tracker
and draw them in
So if you know a place nice & quiet
We will lead them there
And then we will deal with the problem
Movement
Easy Terence
He's going ahead to the stash
We wait for the Ruskies
Hello Mr Cunt. This is Mr Boris
Gimme that. Stupid Chetnik
Hello Mr Priestly. I'm very sorry
for the language of my associate
What do you want us to do now?
I would like you to park up
outside 35 Manor Rd...

...so that you can keep an eye
on number 22 for me. Got that?
And where is this Manor Rd?
It's the road opposite where you are!
Now get a move on
Boris. Go. Drive!
Ok. We're in the road now
56...
42...
36...
30... stop!
Stop, you fucking idiot. Stop!
You villager, Boris!
Twat
That wasn't the most
subtle entrance, was it!
You see that house with the
black motorbike outside?
Yes, I can see
That's what you're to keep an eye on
Don't make any kind of move
until I say so. You understand?
Ok, Mr Priestly
I hate that cunt
I like cunt
Cunt is good
You are a fucking asshole.
You know that?
Arsehole is good too
I'm not sure about this...
Terence, why are we not moving?
God willing
You think he's gonna hold his nerve?
Don't worry about his nerve.
We're gonna hold that
He just might need a push
We can do that
Sirus doesn't realise how useful he is
She's not picking up
Ready Sirus?
No. Course I'm not ready
Sirus, you realise you can't actually
kill anyone with a handgun?
That's just television

What?
This'll be alright, won't it?
No it won't
This is for you, Sirius
You have to be careful where
you're pointing it, obviously
See here, that's the safety catch
See?
It's probably best if you keep it in
the 'on' position for the foreseeable
I'll just keep this one
as a backup then, yeah?
I don't think Amanda's gonna be pleased
if you go & blow your own cock off
What are you guys gonna be carrying?
Fuck me, have you had this on you
every time you've been here?
Well this is London innit. Dangerous
This place Asif'll lead us to,
is it fit for purpose?
He said it's Tilbury Docks
It's an abandoned warehouse
in the middle of nowhere
No one goes there
Tilbury. I like the sound of that.
Sounds Welsh
I can't believe we're just gonna
kill some police officers
With extreme prejudice
But don't worry. Bent coppers is
something we understand, back in Wales
Now I'm overflowing with confidence
That's the spirit, man
Sirius, we need a separate car. They're
expecting us all to arrive in this car
I know, I'm on it, mate.
She's just not picking up
What I?
Is that any way to speak
to your best customer?
I know your number.
What do you want?
I just called for the pleasure
of hearing your voice

Fuck off, Sirius!
I need a car
What do you expect me to do about it?
I was hoping you could get me one
What would I do that for?
I thought that was what
car companies did
Not for cunts like you.
What do you want a car for?
Oh come on, Jane, I need a car. Please
Kiss my arse!
I'm not having you take...
...one of my cars round the drug
haunts & brothels of East London
Your low opinion of me is really hurtful
Please, I need a car. Thomas Rd
Oh, fucking... 20 minutes
Now fuck off!
And don't be late tomorrow
Ok, so seriously...
What do I do when I get in the taxi?
I think we need to stick together.
Convoy kinda thing
How the fuck can anyone follow you
when you're driving at this speed!?
How about we drop you off, sit in the
shadows & follow at a safe distance?
Can you do that?
What you saying?
You having a dig at my driving?
Easy, Tony.
You won't even know we're there
When you go past... we will follow
Nice and easy. Right?
Just try and be a bit discreet
Otherwise there's no point
getting a separate vehicle
He is! He's having a go at my driving
I think what he's suggesting is that...
...perhaps you might drive in the manner
of a law-abiding member of the public
Yes Mr Priestly, we've seen 10 signs
for Tilbury. We're nearly there
Look there's Tilbury.

Everywhere I see fucking Tilbury!
Alright. There's the taxi.
Did anyone follow us?
M, thankfully
Due to my man's driving that
you were so quick to criticise
I think you can safely say
no one has been following us
Having a go at my driving,
though, wasn't he!
Right. Better get in the cab then
Got your shooters?
Kind of
I think you're gonna need a bag for that
Now... we have this from swimming
Cover that with a towel
Remember, when Mr Safety Catch is off...
...Mr Shotgun is not your friend
Alright, ok
You know what
Shall we have a quick boot first?
Small one, mind
I w'!
Is that your phone?
No
Mine plays Dam Busters
Is it your phone?
No
I have the William Tell Overture on mine
Oh, I think it might be mine
My arse is vibrating
Hello
Where on Thomas are you?
I've got this fucking car waiting
Tilbury Docks, please
Uh, M, er...
You do realise we don't actually
know where we are going
Ea\$Y
We just follow the car Sirius is in
Alright
But discreetly
Tilbury Dock, yeah?
Cheers mate

Looks like you've been
having a heavy night
Look, I don't want
any vomiting in the car
I just had it all cleaned.
5 pounds extra, if vomiting
Amblin Wharf. Don't talk, just come
Where the fuck is Amblin Wharf?
Cedar Rd
Where?
What are you doing in Cedar Rd
at this time of the night?
Just family stuff
Family
Do you remember playing in the
poppy fields when we were 4 years old
Collecting the opium for my father?
I had no idea it was
turned into this powder...
...that people in big shining
cities would kill for
Then they came to Afghanistan to kill for
this dirty powder from a pretty flower
People here don't even know
what the flower looks like
...wife back in Pakistan, you know
I tell her to stay there.
No point coming here
Life is too hard here.
Why come to this place?
- How far is this place?
- Not very far
But she's still in Pakistan.
I'm finding girlfriend here now
And get plenty jooking here
I keep my jooking here & my wife
over there. That's the best way to do it
What's flocking'?
Jooking!
You know what 'jooking' is
You put it in, and you jooka jooka,
Jooka jooka, jooka jooka
What you shoot?
Man in car

What car?
You are just fucking wasted.
You are shooting at nothing
- The car
- What you smoke?
Smells like shit
Smack and weed
Why you waste good smack?
Give to me
Hello Mr Priestly.
We stopped for a little refreshment
Why the fuck are you shooting?
It's just Boris. He's a fucking Chetnik
He's blown the head off a taxi driver
There must be some mistake.
Boris couldn't blow his nose
There is no mistake. You've fucked up!
Get down there and hide that car
Yes, Mr Priestly
Fuck
Oh fuck
Little prick
Sirus! Stay the fuck down
They're fucking shooting at us!
Cover me!
2 guns!
Reloading!
Looks like we got here just in time
I've just been shot at
Tony. Cover me
Covering
Skirmish!
Popped your cherry have we, lad?
Fuck!
I think we got the one in the car
You just shot a policeman!
Those pigs were shooting at you first
Are you with us or against us?
You should be with us
I am... you know... with... you lot
That's it, just stick with us
Without giving them smoke signals!
Where the fuck's Asif?
I don't know. I'll call him

I've left my phone in the taxi
Use mine
Do you know his number?
Why would we need you
if we had his number?
Can't you remember his number?
My mind's gone a bit blank
Get your phone. We'll cover you
Cover me with what?
This ain't an American film!
Who even says that?
I don't think its current occupant...
...is gonna put up much in
the way of objections, is he?
Right. Ok. I'll... back in a minute
Oh fuck
Sirus, I have heard gunshots.
Who is shooting?
I'm fine, mate. Tickety boo.
Never been better
Who is shooting?
All sorts of people!
Come to the other side of the warehouse.
I will open the big doors. It's safe here
Ok, I'll just wander round
Let me know if I'm mincing.
I'm damn close to shitting myself
I'll bring the Welsh arm of Desert Storm
with me, shall I? We can all have tea
Tony. Go see if we got him
Why me? Let's send Sirus.
We'll cover him
Good idea. Off you go, Sirus
What was wrong with the first idea?
Go and have a look
Sirus, man. You've done precious
little so far. Go and have a look
He's moving
Let's go get the fucker
You are doing the manhandling
I'm not really the manhandling type
Move it!
I'll have that
Right. Get him out

What? Oh fuck!
Oh, fucking hell
Hello
Where the fuck are you?
I'm here, Mr Priestly
You're supposed to be by
the fucking taxi. Move it!
You want me to buy you a taxi?
Listen you Cossack cum. Get your
van full of fuck-ups down here now
Meet me by the white container
Don't drive by the front of the
warehouse. Don't let them see you
Yes of course, Mr Priestly
Who phoned?
Cunt
We go meet him by white
taxi he want me to buy
He said go to front of warehouse
Find a taxi for the cunt...
I drive. We kill
Hey!
Wait for me!
Boris! Oh fuck, I piss on leg.
Boris! Wait!
Hello
Who the fuck is that?
Ah, that'll be that
lucky-to-be-alive shit Sirius
Speaking
Is Terence alive?
Kind of
That's the caring & sharing over
Give me the money & gear
Huck off& we'll say no more
Why are you doing this?
This is not a matter
that's up for discussion
Time to get past the
illusion of choice, Sirius
Wanna die, pussy hole?
Go home to the Valleys
and put Sirius back on
Now, that thing ain't gonna happen

You can't stop me
There is nothing you can do...
...except look on as I take everything
You and whose army?
Oh, I've got an army
Not the most law-abiding, mind
You know, I can see you, right now
Nice sheepskin collar
You almost look pretty
Right. We move. Now.
Fuck
Clear
Fucking hell, man
Get the big rat-ta-tat gun!
We kill everybody!
We kill every motherfucker!!
Get all fucking bullets!!!
We kill all the motherfuckers!!!
Bastard!
Fuck
Get us in, Sirius
What's that?
(SWAG
Get down!
Who the fuck was that?
Maybe that was the army
Well, the van's kinda green!
Sirius, get that tucking door open
You ok?
- There is more shooting!
- Where have you been?
- What is he doing here?
- Not much
There's a dead guy in the van
I know. I saw you shoot him!
One of them was dead already. Junkies
We can't leave corpses lying about
Bring them in.
There is an elevator to the top floor
Oh brilliant! Everybody, grab a body!
Shut up
You take Mr Bleeding Policeman in.
Asif, give me the key
Me & Tony will have a tidy-up down here.

Then there will be words. Now move
Watch your step
I'm sorry
I did not mean for any of this to happen
It's just all a bit out of hand, mate
There
- What the fuck is she doing here?
- Sirius, come!
Fucking hell
You can't leave those 2 outside.
Go and get them
- I'm not going back out there
- Go and get them, Sirius!
Pari
Just what we need. More guns
Best not to leave this kind
of hardware lying about
I see you brought some friends
Grab the messy one
Ah fuck, really?
I think I'm gonna be sick
Where is my uncle?
What have you done with him?
You fucking pig!
Fucking sinner
Pari
What did you do to him!?
Yeah
He was a sinner, just like you
And the Lord judged him
And found him wanting
Hey! Asif, what the fuck are
you doing? We need him alive
He deserves death
Who the fuck is she?
Pari is with us.
I'm going to kill this man
We need him alive Asif
Do not shoot
Puck's sake, put the guns down
Stay back
Guys, it's Pari. It's alright.
Put the guns down
He killed my uncle. He deserves to die

That might be true, but
would you mind killing him later?
Put the fucking guns down!
We're all on the same team, yeah?
Listen to me, mate
Asif, put the gun down
Fucking hell
We cool, Missy?
Is anyone else coming to this party
that you neglected to tell me about?
- She's fine!
- True that
I presume you know how
to use that little thing?
I will kill anyone who tries to hurt
my family or take what is ours
Well, that's lovely
But let me be clear; nobody is
to kill anybody just yet, ok!?
Fucking hell, ok!
Good
Get these bumba klarts out of here
Move your arse!
Come on
Fucking darkies!
Where's the rest of it?
Asif. You've got some explaining to do
These fucks wouldn't
go to all this trouble...
...over what you have here
I don't know what you're talking...
Blood klart
It means there's a whole
lot more you ain't telling us
He doesn't know anything
I think he does
Sirus, even you ain't
worth killing over 2 kilos
We are prepared to be helpful
Isn't that right?
Tis right. We love to be useful
I think it would benefit all if we stayed
But we ain't going to
Asif?

Somehow they know
how much my uncle had
How much?
About 50 kilos
50 kilos!?
That's over a million
quids worth of gear
How much do you want?
We're taking all of it
In return for the saving of your lives
Me & Tony are gonna have a scout outside
Sirus
I think you should ask that tucker
about this so-called army
Can I leave you to do that?
I can ask him
With extreme prejudice
Don't go easy on him
Ok. Alright
Good
Back in a shake of a lamb's tail
I'm gonna call this Priestly
Don't be stupid
It's good to talk
- Sirus
- Shhh
Good evening
Good evening? For who, exactly?
Sirus, you little poof.
I'm looking at your niggers right now
Well I'm staring at your pal,
all tied up & bleeding
He's expendable
What do you mean?
This is your friend & colleague
He's a nonce & he's expendable
He won't even mind; he's a Christian!
So as that little threat
didn't work out, boy... my turn
I have the entire police
force at my disposal
I can find your Amanda
in a matter of minutes
So why don't you & your Paki chums

just hand over his uncle's stash?
Listen. We can talk this out
Goodbye Sirius, you twat!
Oh fuck
Sirius called Priestly
He's gonna get Amanda
The best thing you can do for your girl
is find out what the fuck is going on
Him
You go and ask him
Now go, Sirius
Go!
...mercy shall follow me all the
days of my life. My cup overflows
Your only way out...
...is to let me go
Your only way out is to tell me who else
is out there and if he's got Amanda
Jesus fucking Christ,
I'll fucking kill you!
The Lord is my shepherd
I shall not want
Just tell me who else is
out there before I kill you!
You're not a killer
You're too much of a coward
Prick
My soul he doth restore...
...again
You're going to Hell, Sirius
You're going to Hell
Help me
Fucking help me
Which one looks the least dead?
- Him
- He's had an overdose
Good. Tie him to that chair
He ain't going nowhere
Shh, I know he's dead.
Just help him tie him up
Tony, help him
Alright, alright
Keep your hair on
I'm only keeping you

alive for information
Your Russian mate doesn't know anything.
He's no use to me
So in a moment, I'm gonna shoot him...
...unless you tell me exactly what
I want to fucking know, right now
There's nothing you can do to me
And the Lord will have mercy on his soul
Fine
Puck's sake! You couldn't help him?
I'm calming my nerves
- Is he ready?
- Yes
You just tied up a dead guy
Yeah. Distinctly lucking unhelpful
Last chance, Terence!
This is on you
- You can't scare me
- I'll kill him
You can't! scare me
Yeah?
The Lord will have mercy on his soul
Fine
Our Father who an in Heaven
Hallowed be thy name. Thy kingdom cum...
Can't you shut this fucker up'?'
I've had a right tit-full of his crap
He's crazy
...as we forgive those
who trespass against...
How the fuck's he gonna
tell us anything now?
He's going to write it down
There might be a problem.
He hasn't got any fingers
What do you mean?
He can't be a copper without fingers
What the fuck did you do that for?
I didn't know you would
shoot his tongue out!
There's no point keeping him now.
We'll finish him together
I'm not shooting anyone
You are either with us or against us

We're gonna finish this cunt now
Point your fucking gun at him
(Sn me scum oi 'A
One
Two
Three
Sirus man, sometimes you're such a twat
Right. We move
What did you find out?
Lord was his shepherd
Useless!
I want to go home
We have to go get this fucker.
Asif, can you use that weapon? Good
Sirus, you're the bait
What?
You go out there, draw him out,
then me & Tony will put him down
I'm not going out there
Don't worry. I'll cover you
Right, I will give this Priestly a tinkle
Don't worry, Del.
We'll get them back for Boris
But Mr Cunt
Boris only friend
There there
Pull yourself together
Sirus
No, it's the handsome one
What do you want, nigger?
That ain't playing nice
I thought we could come to
a deal in a civilised manner
Go on
We give you half the gear,
you let us walk away
You think you're in a
position to bargain?
Well I've got the gear and you want it
I kill you, chocolate face motherfuck
I cut off your balls & make you eat them
You motherfuck!!
I piss on your head,
I cut off your balls, cunt...

Well
That could have gone better
Fuck, fucker, fuck, piss!
Oh, Mr Cunt
You wanna kill them, eh, Del?
Kill them all for Boris?
I kill them all
I guess you'll be needing these then
What?
Keys to the warehouse
- Give me
- Easy now, Del boy
You need to get your head straight
I think maybe I'll hang on to them
Easy now, boy
You wake up a little now, yeah?
Do a bit of that charlie of yours
Pep up a bit
Oh, Mr Cunt
Before we go any further,
we have some unfinished business
What my man is referring to is
the whereabouts of the 50 kilos
Asif?
Only my uncle knew & now he is dead.
He never told me where it is
Bullshit
Tony, he doesn't know anything
Then why are we still fucking here!?
He doesn't know!
I reckon if I was Asif's uncle
I wouldn't tell him either
Let them take it
When we are all safe
Deal
We want to see it first
I will bring it. But you must wait here
There are things that belong to
my family. Things you cannot see
I must go alone
You've got one minute
What?
Pari?
Well now

This is nice, isn't it?
Nobody move except to...
lower your weapons
We ain't lowering shit
Tedious
So tedious
Delski here's a bit tetchy
Partly because
He's upset about his friend Boris
Partly because
He's a psycho
And partly because he's just shoved
half of Columbia up his nose. Point is...
...he could go off at any moment
If he hurts her, you will die
Well I wouldn't expect anything less
Asif, you little faggot
Want a light, Sirius?
No, I'm alright thanks
So polite
My little fucking sunflower you are
Watched you grow
What makes you think
I give a fuck about her?
You haven't done anything so far
So I don't think you will
I kill little girl
Cut chocolate face motherfuck
Kill hatty man
Fucking brains everywhere!
Control him!
Easy now, Del. Remember
Funeral for Boris
All the angels
Angels for Boris
Kill every fucker
Then little angels for my Boris
Angels
Now listen carefully
Me & Del & the young lady
are gonna get the gear; oh yes
I listened in for a bit
And you're all gonna stay here
Right here

Until we've gone
I'll drop the girl off somewhere
And I'm sure she'll give
one of you heroes a tinkle
Come on now, Del son
Nice and easy
Little angels
For Boris
Kill fuckers!
Oh and er...
If it's any consolation
I'll probably leave Del here
I think he likes you
Pari
Asif! Shut up and listen
Kill time, chocolate face motherfuckers!
Shit!
Sirus man
I am well impressed
Oh shit, I'm sorry mate
Pari?
He's getting away
Where are we going?
Sirus
So you're the fucking hero now, huh?
Not a step closer, Asif
You're not gonna wriggle out
of this one, you slippery cunt
You cannot escape
Put the gun down. I know it's empty
Come round here
Slowly
I'm disappointed in you, Asif
You're gonna bring me a car
And in exchange
I won't kill
The girl
Show some fucking enthusiasm
Asif, I'm being reasonable here
- You let her go, first
- No
I'm enjoying her company too much
See who your friends are now, eh Sirus?
Looks like...

...you're gonna die after all
Pari, get out of the van
Fucking whore!
Well well
Never borrow a gun from Sirius
Not very frightening now, is he?
Nice work there miss
Fucking wogs
Check out the mouth on him
Alright there, Sirius?
Yeah, skew Mo, mam
You done well, boyo

B:

What shall we do with him?
Leave him be, man
He's not going anywhere
Where's the gear?
Keep an eye on him Sirius
No way! This is crazy, Bl
What you gonna do, Sirius?
You little prick
I think our friend could use
a bit of pain-relief Tony
Right you are, B
How do you think we should give it him?
Apply liberally to all affected areas
It has worked out nice for all of us
But all good things must come to an end
Right then
Me & Tony gonna clean up around here.
So don't you worry about a thing
Asif. Pleasure doing business with you
That should hold you till next week
Whatever you've got there,
you've earned it
See, you did alright Sirius
Now get back to that girl of yours

LEWIS:

We should do this again
Sirius
- You alright to get home?
- Yeah

I am sorry for what happened today
Sorry about your uncle
I'll call you
So I'm Sims
And We had better days
I suppose you want a moral m the story
We don't ask me
Not a fucking word
You'd think after at! that
I'd give it up
Get out of the game
Did I, though'?
Did I fuck
I have learned one thing though
There's no place quite like Hackney
Welcome to Wales!
