# Hacksaw Ridge

By Robert Schenkkan

You have not heard? The Lord is the God that lasts forever, creator of the earth  
He will not fail to be.  
His understanding is not of men, that it is not.  
In strengthens the powerful, and increases the power of the weak.  
Even the use of force weak, men fall  
But those who hope in the Lord  
Su fuerza renewed.  
Expand their eagles like eagles, run and not faint.  
They will walk and not be afraid.  
Hold.  
Hold on, let's get you out of here.  
16 before  
Desmond  
Desmond  
What?  
Wait  
Pass me.  
Wait, I have something to tell you.  
What thing Al?  
A race to the top.  
Hey cheater.  
See you later.  
- Hey  
A hand?  
I have it  
Go stones.  
- No, leave it.  
What are they saying?  
Children, steer clear of the cliff, dumb kids, do not play there.  
Sanders are children, crazy like his father.  
They dug the corner on Main Street  
They put a sidewalk.  
No longer recognize now.  
And to you I no longer recognize you.  
With my work I recognize when I go walking  
It is as if he had died with you.  
As if we had never existed  
Well that's all I have for you today  
Block it with your right Desmond  
Alto me, you hear?  
Because they are fighting?  
- Since when they need a reason?  
Tom here ...

Very good enough, and they saw and possibly going to hit whoever wins Tom.

No!

God!

Tom! Wake up, you hear me?

What the hell have you done?

- You can not hear me.

I'll get some ice.

Remove the basket.

I got it.

Al, Al you hear me?

When you hear me?

Al?

Our father, heaven, earth.

What did you do?

I'll hit you now know

I heard son?

- Sixth Commandment, Thou shalt not kill.

Desmond!

- Tom just please, a second peace for the child.

He has had enough.

Very well fill it with kisses, tell him that the world is a soft and gentle place.

When it will be fine.

I could have killed him.

- If you could.

The killing is the worst of all

Taking the life of another person is most degrading in the world

Nothing hurts more than his heart.

What the hell's going on.

You do not walk unless I say walk.

What the fuck is what happens!

- Mind your own business

I hate it.

Mom.

Because he hates us so much?

No, he does not hate us.

He hates himself, sometimes

Your father did not used to be like

I wish they had known as before the war.

15 years later

Desmond we sound like?

Like a celestial choir of angels mom

Now, you know it's a sin to tell a lie especially in this place

Well I never said that angels sang

What's going on out, Desmond?

Get him.

-And.

We'll call an ambulance.

- There is no time

Joshua, wake up, fast.

You'll be fine, you'll be fine.

What do we have?

It seems an artery can have scissors? - Yes doctor.

Put some pressure on, you put this tourniquet?

- Yes doctor.

Good job, you may have saved the life of this boy.

Stay with us, you'll be fine.

Yes, stay with me, you'll be fine

Medical examination is there, here's to donate blood.

You're good?

Oh no, it's not mine, I'm fine, thanks for asking Miss.

What do you need?

- My belt.

I put it to the boy the accident, my pants are not well without it.

Well, I have not your belt. - Yes, I know Miss is there in the boy.

Ok, I'm here to take blood.

- I'll give you mine.

Ok.

See that room with us, I'll call.

That, that room.

He had already sounded before blood sir?

- Dawson

My friends call me Dawson but never in the first time.

I always wanted to be a doctor but

I did not have much school.

I'm like my father.

Someone will pick you up?

- No miss, walk back.

Where do you live?

- Four Miss Hill.

It's far.

- Five to six miles, but short in the woods.

Seven out there.

Must much to like the forest.

- Yeah right.

Ok, put pressure there.

You're good?

- Yes.

Where will you also dressed and handsome?

- I met someone yesterday

A woman named Dorothy in the hospital, I'll marry her.

God Does she know?

- Not yet but by learning.

Have you ever talked to a woman?

One that is not family?

Tell her.

- Well then, come and give your brother a big hug.

Take your dirty hands on me.

Wish me luck mom.

- Good luck.

Next, take a seat.

It has already donated blood before? - Yes Miss I've already done

You're the boy's belt.

- Desmond, if Miss.

Desmond Well, we can not take your blood two days.

That's fine because I want mine back

What about you? - My blood, I need it back.

Well not work that way, we can not only regresrtela.

Well you have to, since you sting me with that needle my heart beats very fast.

Every time I think of you beats even faster

I had never heard that before, it's very corny.

- It is.

But how shy I am, I practiced all night.

It was not good?

- I did not say that.

What is the difference between an artery and a vein?

What are you talking about?

- The boy from the accident.

Spit blood arteries.

And veins?

bleed

I think you should practice your conversation boy and girl before coming

Probably yes.

I'll give you a book if you are interested.

About dating?

On blood.

Another medical question perhaps?

No, I was just thinking that you're the most beautiful thing I've ever seen

It must be because you see me in the dark

No, just're beautiful

You need to see where we go.  
Sorry, I did not think you care.  
No wonder.  
I thought you might like.  
It could be if you had requested.  
Viennese?  
Why did not you tell us anything?  
- Because I know they had said no, and I know that what I do is good  
And what about your command?  
Not kill in a war.  
It protects many guys who leave the church.  
There is a war, and need men, working in the newspaper did not save this  
country.  
It looks like a movie star  
My boy.  
Nice uniform, good hand.  
It reminds me of when is the uniform and went to France  
You remember?  
- Do not talk about - what?  
I'm just saying how good I looked in that uniform  
You guys all seemed to think that.  
Your mother I flirted with him  
Not so good when you have a hole in the front of your jacket  
A trigger input, on white.  
Arty was wounded in the back, with all its organs and intestines outside  
front  
Unpleasant everywhere  
She clung to his uniform for a moment  
He was lucky to be dead not to have seen his bloody uniform  
Get out of my sight.  
What are you? Part mountain goat?  
You're going to help Desmond? Or will you leave me stranded?  
I'll help you but it will cost you.  
- What.  
A kiss.  
That is pure blackmail.  
- If Miss so, but still it will be.  
Last step, I will hold you too.  
Wait.  
You're not going to slap me right? Why I'll fall and take you with me  
Kiss me and find out  
What?  
I must enlist  
I can not stay here while they're all going to fight for me.

If you can.

- I do not have to.

I'll be a doctor, I'll see how to save people not to kill

I have to go to work be late

Dorothy, Dorothy.

So you're going to ask me to marry you or what?

Well I still do not know'd want?

Well, I would not know unless you ask.

Well I'm asking you.

With all my heart, will you marry me?

So yes, yes I will.

When?

- When you have your first permit

But I'm still mad at you right now

- Yes, OK.

OK te amo.

Mom said you came to see here. - Yes.

These three were my best friends.

I grew up with them.

I got into trouble with them I chased girls with them.

I enlisted with them.

Half of them is there

covered in dirt and grass eaten by worms

I do not want to have to visit my children here.

Dad, me and enlistment in the army

I could not have done differently dad way.

All else is doing.

- Leave all other

Everyone else someone like ... The imbeciles who went us

You know, the soldiers will leave because they can do that, you can not.

You have to sit and pray and do it all

I mean look at you you're doing right now

You may not be able to live with yourself if you go

No, I can not myself if I do not.

I'll be a doctor, that will be my way of service.

And there you are solving everything, but believe that this war will resolve you?

Your ideas?

Well, I know it will be difficult

It will not be difficult, will be impossible.

You know, whatever you have put on the head will never get out of there does not work well

And if somehow survive do not know lucky you will not be giving thanks to God.

Come on boys in the legs, say goodbye to mom.  
I almost forgot, take, it's mine.  
Keep it right here where I am.  
I love you.  
Hey.  
-I'm sorry friend.  
Where are your keys  
You want to look under my bed?  
Look who's lost  
Sit here, good elecion the mountains and lake.  
I'm Fuller

- That's because no one here can read.  
Those testicles belong to a man who calls himself Holliwood  
It would seem that belong to a smaller type  
Hey, I just got these shoes

Well you married your cousin?  
Catch you.  
That's Smithy there, brings the gun in his back.

It's good reading.

I did Sergeant, Corporal Krasinski

You are part Indian, what tribe you belong son?

I am Polish.

- I think it must have Cherokee blood in you or Molowny

-No sir.

You're contradicting?

Your average ilk son of a bitch

- Sgt not.

Let me see your war cry of Indian child.

-I do not...

What's your spirit animal?

You're a snake in the clouds - No Sgt.

You are a sheep duck? - No sergeant

From now on I will call boss, as a sign of great respect for your people

- Thank you Sgt.

These mocking or so are my son.

- I am sorry.

I have seen corncobs with better appearance

They make me want to take off an ear out.

You can upload your own weight?

- If Sgt.

Soldier

- Be sure to put away this man of strong winds

If Sgt.

Lift your foot

- Higher.

Everybody out, now.

Muvanse.

I said get moving.

I'm just putting my uniform sir.

- Perhaps I asked him soldier?

- I do not remember Sgt.

I think any man who takes pride in its natural state

Surely you enjoy the breeze outside.

Now move your parts, parts out.

Move on.

Shew an act of competition

I could teach them to tie a height

But they could save their asses up.

So I decide to keep

Cape Loup, this is the rabbit hole

The rabbit hole goes.

Climb up the tree behind him.

Very good,

Come on

Well Tex, do not hard to master.

Have you ever tied one Holliwood goat?

- No Sgt.

Have you ever seen the size of a goat?

Well, it would have been unnatural.

If you do not breathe you die.

Congratulations genius, just 50 feet fall and you've broken your neck.

Brilliant, cabo Vito Binelli

You fool yourself strangled

You are a fan of De Niro,

- No sergeant.

If you were American higher would be.

I hope we have here, one for each boob?

Stop doing Nuos, and begins to make brassiere

That's so funny soldier?

'I could not know sergeant  
Come on, we progress forward Misses  
I want to see some fire here, show me some hostility.  
Now down down we are going to leave to him.  
Come on, move down, let me see we  
I never said in twos effort going forward effort.  
Let they're waiting, let's move your ass.  
We will not surrender, we will try try.  
Hey, you're okay.?  
- If I am fine  
What's wrong with them? Someone took his energy we get moving  
Move your back to finish line  
Hard, hard, move your back towards the end.  
This is a personal gift from the government of the United States for each  
of you  
Standard Rifle United States Army  
30 caliber, semiautomatic shoulder weapon designed to  
Bring death and destruction to the enemy.  
This will be her lover, her Miss, his concubine.  
Perhaps the only thing in your life that really come to love  
Misses let's dance, take a lady.  
He has not put his soul in front, I do not want to get shot today.  
No matter how much you are tempted, put his gun next  
Bring attention.  
Problem out of corn.  
Was there no one of his size, or color is the problem?  
No Sgt.  
If you told me not had to carry a weapon.  
Come out people let me get this straight.  
Sorry Sgt.  
I can not touch a gun.  
What exactly is the problem?  
- No problem just a mistake.  
I told them that I said that when he entered ...  
- This is impossible  
Because it is impossible to know out?  
- No sir. For the United States Army does not make mistakes.  
There is a problem, you must be the problem.  
I just should not have been sent to the company's weapons.  
It is a seal sir.  
You have an objective awareness, and you join the army?  
Well no, no sir ...  
My conscience is cooperative  
You're kidding me Dawson?

- No sir I volunteer

I have no problem with using unorme and the flag and do my homework.

That's what I can not carry a gun, or take someone's life.

You do not kill, that is?

- Yes sir, that's

I can not kill in war.

That is this is nature at war

Yes sir.

It's okay.

You have any other request of the United States Army?

Is there anything else we can do to make you feel comfortable with us?

He does not want, work on Saturdays sir.

I believe in the sacredness of the seventh day, and Saturday is my holy day.

It allows me to work that day

I do not think that means a problem, if you sergeant?

Simplementedebemos ask the enemy who does not encroach on the Sabbath

Because the place needs a prayer.

Okay, now we leave that clear

Now let me tell my requests.

They are not as complicated as you are very simple

While in our company, under my command, you acatars my orders, period.

If I can not trust you here, I could not make it out.

I will put you in the first section eight, you can desecharte.

Pirdanse.

Gentlemen.

I want to know after Desmond Dawson

Cape does not believe in violence.

The practice no violence, not even like to touch a gun.

See Cape is a conscious objective

So I ask you, do not look for him to save them on the battlefield.

Because undoubtedly he will be busy fighting with his conscience

To help.

- Sergeant that's not true, Sergeant

You'd be!

I realize that some of you might have strong feelings about this

That's what we're fighting

Nuestrosderechos defend and protect

Our women and children.

Although the beliefs of the oacionar could die

So I hope that everyone in this company.

After Dawson give the respect it deserves

For the short time he will be with us.

I was clear?

- If Sgt.

Dawsey you got there?

Do you know what that is?

- It seems a little small.

Half of the Bible for half a man.

Let SPICKY regrsale your Bible.

- I am not talking to you.

So you do not fight, you think you can be better than this?

- No.

If you were attacked?

Did you like that?

It says that you must put your other cheek is not it?

You see I do not think this is a matter of religion friends.

I think it's a matter of cowardice.

Simple and easy, is not Dawson?

You're a chicken is not it?

Come on, do something.

You see, I will give a free blow right there we go

Hit me, let Dawson

No?

What is this?

- Give me that!

It's quite a package.

Now this is the kind of package that deserves a real man.

Give me that Smithy

-Please

Please.

Please give it back Smithy

Please give it back Smithy

Hearing voices Dawson?

No sir

From what I understand have communication with God, is it?

Lord I'm not a crazy person

This is how you think it takes people like crazy?

I know I'm different, but not pretend to be someone I'm not, I am what I am.

It sounds lonely.

You are alone?

So do not hear voices?

- No sir, I pray to God

And I like to think he hears me, but it is not a conversation.

Since we're pretending to have at this time.

Faking out?

- Yes sir, I know you put me in section eight

For me out of the army but no, I will not  
I just believe in what I believe.  
Well, I'm trying to understand, it was God who told you you will not take a  
rifle?  
God says thou shalt not kill.  
That is one of the most important commandments  
Most people take it, You shall not commit murder.  
war are totally different circumstances  
And Jesus said, and give you a new commandment  
They love each other just as I love  
It is the real demon with whom we are fighting, sure as a good Christian  
can see that.  
I can see that, sir, that's why I joined.  
But sorry, I'll carry no weapons.  
Their religious beliefs are unique, but they do not entitled to dismissal  
As is supposed to maintain discipline with a man in my community?  
I do not know, but he is a conscious object capable of  
Play a role as a combat medic  
If you qualify in other areas where train.  
Maybe we can do to stop this idea.  
Well restrngelo the barrel and KP, if God throws you  
You will throw him hell.  
I want him out of here.  
Dawson tubaria is a disgrace, it is a pig pen.  
That was funny out?  
- No sir Did you shit on your head?  
- No sergeant  
What they can not recognize, it is that the unit is as weak as its weakest  
member.  
And if they do not learn this election, there will be this weekend passes.  
All will be in KP  
Now everyone ready for climbing 20 miles, come on!  
Come on!  
Put your feet well, you do not start feeling sorry for yourself  
It sickens me to feel sorry for themselves  
Still do not know what it means to be tired, we go forward until dusk.  
Hey, just, I'm trying to sleep.  
Get behind me, out.  
Why the hell are you still here?  
Above!  
Where is Dawson?  
This is not good for anyone.  
- It sure is not what I joined  
It is not because you joined.

It is the lives of each of the men here.  
And your son, it's time to give up on this.  
Ends, and you debstate and shut up.  
Okay, Dawson no shame in this.  
Let's move on.  
In fact I have my duties, I am now KP so ...  
I can not.  
Okay Dawson  
Cape Dawson  
You can identify the men who beat you?  
No Sgt.  
He is saying that you can not recognize those who beat you?  
I never said I was attacked Sgt.  
But what the fuck are you saying Dawson?  
You've left bruises while you slept?  
I, I sleep very hard.  
Very good.  
And when they leave this weekend I want to put a hat.  
I do not want to return well the cream.  
A little cream for Sgt.  
I have a show right now Smithy  
He's on sangento experience?  
You should ask your mom about that child.  
Following.  
Rest.  
Cape Dawson  
I'm afraid I can not authorize exit pass.  
This is full of not completed training.  
No sir, respectfully sir I did.  
Expected this three weeks ago, I'm going to marry.  
This afternoon.  
It says here that you're not qualified for the rifle.  
Well it not required to carry a rifle me Colonel ...  
The colonel said it should be allowed to work as a doctor.  
Whenever approved in all other areas of your workout  
And he has not qualified in testing the rifle out.  
Quite clear.  
Show me you know how to handle a rifle.  
And sign your departure.  
Soldier Cannon.  
- Mr.  
Give the soldier his gun.  
Do not touch that rifle sir.  
I'm not asking you out.

That's an order from your commander.  
Dawson holy God let this nonsense, and resignation.  
He refuses to do so and have no choice  
To ask for court martial.  
And you spend the rest of the war in a military prison.  
I can not sir.  
The more you want to wait dear?  
I think it has already been enough.  
Sorry, sometimes men have cold feet  
Some men could, but not my Desmond.  
You probably think I'm a bastard  
Who cares more rules than their men.  
May I?  
I believe in this book as much as any other man.  
But like any other man fights with my conscience but.  
What do you do when everything you value is under attack?  
I do not know sir.  
I can not answer these questions.  
But I also feel that my values are under attack.  
I do not know why.  
I do not care about your principles that the Japanese not  
When you see a wounded soldier or attack you?  
Hit him with your Bible?  
I am ready to give my life for my men.  
You do not always win just by giving your life.  
Look, you're here because I do not want to see you in a cell.  
Declare yourself guilty and have the mercy of the court, and you can go  
home to celebrate.  
Let the brave men win this war  
If I do not come, maybe her if  
I was not allowed to call you.  
I knew it was not your fault.  
What have you.  
I'm fine, it's fine just had a fight with the walls and lost.  
They will send you to prison Desmond  
There must be some other way.  
I do not know what could be.  
I have done everything I have asked me, except everything they've asked me.  
And I'm going to court because I do not kill.  
You tried, and nobody can say you did.  
But you'll be safe in prison.  
Perhaps no one - You can not take a girl and play around with it  
You do not have to do it, just open your way out.  
But I can not do that.

- This is pride, and foolishness.  
Do not confuse your will with the Lord.  
I am a proud fool.  
Maybe I am a proud and silly.  
But it will not hold me but I begin to believe what I believe.  
Less if you could live with me.  
I'll never be the man I want to do to your eyes.  
I fell in love with you.  
Because you're not like the others.  
I need you to.  
Do not think for a moment, you disappoint me  
I will love you, no matter what.  
I do not know what else to do.  
He loses no matter what.  
They want to plead guilty and disenroll from dishonorable.  
Otherwise it will refuse insurance to prison  
in any way be called a coward and can not live with that  
Thanks Dorothy, if you talk to the  
tell him we love him and we will pray for you two  
I will, thanks bye.  
I can help you sir?  
I want to talk to the general.  
No, without an appointment it would be impossible.  
And if you would be kind enough to tell that Colonel Thomas Dawson wants to  
talk to him?  
He is in a very important appointment.  
I peel off with him in France, he was my captain.  
Please Miss is vital.  
You end up in a moment, you are safe as if nothing had happened  
This is a hearing concerning after Desmond  
For disobeying direct orders of his commander of his commander in chief  
His defense Cape Hass  
Cabo Hass  
You want to submit a slogan of not guilty.  
I thought you wanted out some kind of deal agreed  
Yes sir, but changed his mind.  
Just like that, he wants to proceed with a court martial.  
Yes sir.  
Well then put your hand out.  
Forego.  
Your Honor, Corporal deploys its morality as if it were some kind of  
Badge of honor, he spends disobeying direct orders from their commanders.  
When the best of our young people are sacrificing their lives.  
You're good?

- and

They are still out? - Yes sir.

OK, take this in.

- I can not, strictly only military personnel.

Well, if you can not one of them will take you inside.

Not help, they are trying to involve him

There is only one question that military personnel need to make the accused.

You deny that disobeyed direct orders from Colonel?

Well, you did out?

- No sir I did not.

So because you are competing.

So why is it so important for you to deny a weapon to serve in a combat unit?

Since the Japanese attacked but Harbor, I took staff.

All he knew were angry, unaccommodating.

There were two men in my village.

Declared with biplane which committed suicide for being unable to serve.

I have a job in the firm and I could have taken but that's not right.

It is not right and that another man has to fight and die while I'm at home sitting safe

I need to serve.

I have the energy and passion to serve as a doctor, right in the middle with the other boys no less danger alone ...

While everyone else is taking life I will be saving her

With the world also turning into 1000 pieces.

I do not dislike put some pieces back again.

Sorry sir you are not permitted.

- No, you do not understand my son is the defendant

I understand sir, but is not allowed

- I have information.

Thus it is indicating that the church can not doubt so.

What the hell's going on outside.

And Djenlo.

This isa uniform war.

- What is Mr.

Lord need to show this with all respect.

- You're not miembrede the military, you can not be here sorry.

It is truly the way it works sir?
